Enclosed for your information are two Xerox copies of a memorandum dated March 4, 1964, prepared by the New York Office of this Bureau relating to a letter dated February 10, 1964, which was addressed to the Attorney General by Mecislovas Razgaitis, 1220 Bushwick Avenue, Brooklyn, New York. The letter, the contents of which are set forth in the enclosed memorandum, was furnished to this Bureau by the Attorney General's office on February 12, 1964.

Mr. Razgaitis, in his letter to the Attorney General, stated that he had come in contact with Lee Harvey Oswald in New York City in 1960. Inquiry to date has indicated, however, that Oswald was in the Soviet Union in 1960. In addition, your attention is directed to paragraph 2 of page 3 of the enclosed memorandum which advises that on being interviewed Mr. Razgaitis became emotionally upset and it was necessary for Agents of this Bureau to calm him in order to continue the interview.

In view of the above information, no further action is contemplated by this Bureau in this matter. Copies of the enclosed memorandum are being furnished to the Attorney General and to the United States Secret Service.

Sincerely yours,

J. EDGAR HOOVER

Dear Mr. Hoover:

On March 12, 1964, the Commission will hear the testimony of bus driver, Cecil J. McWatters, and cab driver, William Wayne Whaley. In connection with this testimony, the Commission would like to receive, not later than March 11, the following documents:

1. The manifest for cab driver William Wayne Whaley for November 22, 1963, which should be in the possession of the city transportation company, 610 South Akard in Dallas. A copy of this was made available by the personnel manager, E. E. Potts, in an interview on November 29 with SA's Henry J. Oliver and Louis M. Kelley. See report of Robert Gemberling, November 30, page 352.

2. Cab driver Whaley was apparently driving cab number 36 according to page 348 of said Gemberling report. We would like a photograph of said cab.

3. Bus driver McWatters is employed by the Dallas Transit Company and, according to an interview on November 22 with SA's Bardwell D. Odum and Alfred C. Ellington (page 346, Gemberling, November 30), was assigned to the Munger bus, run number 1213. We would like to have the bus company provide on a map of Dallas

11 MAR 13 1964

ORIGINAL FILED IN

the route of said bus. In addition, we would like to have marked the points of transfer from said bus to another bus route with the other bus routes also noted on said map. In addition, we would like one of your agents to interview an appropriate official of the bus company to ascertain whether or not bus transfers are assigned to a particular bus driver according to numerical sequence as shown on the face of the various transfers, and, if so, we would like to have all records pertaining to the transfer numbers assigned to bus driver McWatters on the afternoon of November 22, 1963. In addition, in said interview, we would like to verify whether or not the punches used by the bus drivers for punching transfers are individually distinctive as to punch marks so that a given punch mark can be readily identifiable as belonging to a particular bus driver. Finally, we would like to have a picture of the outside and also two pictures of the inside of the bus McWatters was driving on the afternoon of November 22. One of the inside pictures should be taken from the rear of the bus with the camera aimed toward the front and the second picture should be taken from the front of the bus with the camera aimed toward the rear.

Sincerely,

J. Lee Rankin
General Counsel

REC-O-READING ROOM
MAR 10 1 00 PM '64

Dear Mr. Rankin:

Reference is made to your letter dated March 6, 1964, which was received over the weekend, advising that the Commission will hear testimony of bus driver Cecil J. McWatters and cab driver William Wayne Whaley on March 12, 1964. Your letter then comments that in view of this you desire certain items of information no later than March 11, 1964.

Our Dallas Office has been instructed to handle the requests contained in your letter and they will be completed as soon as possible. The short time allotted within which to obtain the information desired in your letter may prevent this Bureau from meeting the deadline which you set.

In order for this Bureau to render the complete assistance to the President's Commission which we would like to give, it would be helpful if the requests could be sent to this Bureau in sufficient time to properly handle them. We will extend every effort to carry out your desires and your assistance is requested in giving us as much advance notice as possible.

The foregoing confirms the conversation had with Mr. Howard Willens of your office on March 9, 1964.

Sincerely yours,

J. Edgar Hoover

February 24, 1964

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

This morning Mr. Jones Harris, who resides at 242 East 43d Street, New York, N.Y., appeared at the Commission with his attorney, Arnold R. Krakower, Esq., of 19 E. 53d Street, New York, N.Y. They brought with them several items of photographic material, including the enclosed 13 photographs. Mr. Harris tells us that 12 of them are reproductions of a portion of the 13th picture by either a micro or macro method of photography.

As you will see, the blow-ups of the individual in the doorway do bear some resemblance to Lee Harvey Oswald as he is depicted in other available photographs.

For your information, the photographer who made these blow-ups for Mr. Harris is Bernard Hoffman, located on the fourth floor of 76 Madison Avenue, New York, N.Y.

Mr. Harris advises us that a print used in connection with the publication of substantially the same picture in an issue of the Saturday Evening Post following the assassination is the photographic base most suitable for a beginning point in this type work. However, his claim is he was unable to obtain it and therefore used the enclosed.

The foregoing is being brought to your attention for whatever use you deem appropriate in connection with your identification of the individual depicted in the picture, who is immediately adjacent to the doorway of the Texas School Book Depository Building, and which you have already undertaken.

ENCLOSURE

NOT RECORDED
100 MAR 12 1964

FEB 26 1964

EXP. PROC.

On an entirely different subject, and in connection with the matter you have previously investigated and reported at page 7 of your Bureau memorandum, dated December 13, 1963, entitled "Hoaxes, False Reports, & Irresponsible Reporting," Mr. Harris advises that Robert L. Deschon, a Milwaukee newspaper reporter who writes for the MILWAUKEE JOURNAL, was the source of a rumor which had come to his attention, through another, in substance alleging that Oswald's name appeared on a guest register maintained at an establishment called the "Fox and Hounds" located at the northern end of Lake Huberta in the vicinity of Milwaukee. Harris further advises that inquiry by him, among others, leads him to believe that the restaurant is owned by one or more of four brothers named Fazio who reportedly have underworld-type connections.

Harris further advises that upon learning this information he began corresponding with Deschon and is still doing so, and accordingly, prefers not to be identified as having disclosed Deschon's name. Harris claims that Deschon is convinced that there is something to the rumor because of the reaction of some part of the restaurant's personnel among whom he has conducted inquiry.

This material is being furnished to you for your additional information and for your use in conducting an interview of Deschon, if you agree one should be conducted.

Thank you for your continuing cooperation in the work of this Commission.

Sincerely,

J. Lee Rankin

Dear Mr. Rankin:

Reference is made to your letter dated February 24, 1964, relating to information furnished by Mr. Jones Harris of New York.

Enclosed are two copies each of the following items:

1. Communication dated March 3, 1964, at Dallas, Texas, relating to a photograph which appeared in "The Saturday Evening Post."
2. Composite photograph of Mr. Billy Nolan Lovelady consisting of three photographs taken by an Agent of our Dallas, Texas, Office on February 29, 1964.
3. Communication dated February 29, 1964, at Milwaukee, Wisconsin, concerning the interview of Mr. Robert L. Dishon.

The photograph transmitted with your letter of February 24, 1964, depicted the Presidential limousine as it passed the Texas School Book Depository Building and an individual reportedly bearing a resemblance to Lee Harvey Oswald is observed in the doorway of the building. The number "(DN2)" as well as the legend "DALLAS, TEX., NOV. 22--KENNEDY SHOT IN DALLAS" appears on this photograph. You will note on page one of the enclosed communication dated March 3, 1964, reference is made to the Associated Press enlarging a photograph similarly designated "(DN2)". The enclosed composite photographs of Mr. Lovelady are furnished for your assistance.

Dear Mr. Rankin:

On March 2, 1964, a confidential source who has furnished reliable information in the past advised that he was in contact with Marina Oswald on that date. According to this source, Marina Oswald stated that her attorney, Mr. William A. McKenzie, had told her that James Martin wanted to tell the President's Commission "what happened in Washington" but that Chief Justice Warren did not want to hear about it stating that such incident did not pertain to the case before the Commission and Martin was requested by Chief Justice Warren to remain silent about it. Marina did not further elaborate to our source and it is, of course, not known whether this information is accurate.

The above is furnished for your information.

PURPOSE

To advise you of the results of the interview conducted by the President's Commission of Baltimore Agents James W. Sibert and Francis X. O'Neill, Jr., on 3/12/64, by Commission Staff Member Arlen Specter.

DETAILS

Mr. Arlen Specter conducted this interrogation as a joint interview of both Agents. He exhibited an extremely friendly attitude and expressed admiration for the job the FBI is doing in this investigation. It was not practicable to take notes, however, this is being set out from the recorded recollection of these Agents shortly after the termination of the interview. It will be noted that while Mr. Specter was questioning Agents he had before him at the time Dallas report dated 12/10/63 of SA Robert P. Gemberling which contained the interview report forms and other information submitted by the Agents being interviewed.

The following is an account of the interview in question and answer form.

Question: State exactly what you did on the night of November 22, 1963, and what your instructions were in connection with this incident?

Answer: We met the Presidential aircraft, accompanied the body in the motorcade, and following arrival at the Navy Medical Training Center, witnessed the autopsy. We were instructed solely and specifically to obtain any bullets which might have been in the President's body and take them to the FBI Laboratory. This was our purpose for being present at the autopsy.

Question: What position did you occupy in the motorcade?

Answer: We were seated in the third car of the motorcade.

NOT RECORDED
199 MAR 19 1964

PERS. REC. UNIT

Question: What was the time of the preparation for the autopsy at the hospital?

Answer: Approximately 7:17 p. m.

Question: What time did the autopsy begin?

Answer: Approximately 8:15 p. m.

Question: What time did the autopsy end?

Answer: We do not recall.

Question: Could it have been between 12:00 midnight and 1:00a. m. ?

Answer: Yes.

Question: What time did Lieutenant Colonel Finck arrive? (Finck is an Army medical doctor assigned to the Armed Forces Institute of Pathology.)

Answer: We do not recall, however, it was after the autopsy was in progress.

Question: What time did Agent Sibert call Agent Killian at the FBI Laboratory?

Answer: Some time between 11:00 p. m., and 12:00 midnight.

Question: Did you call Agent Killian prior to or after the wound was discovered in the President's back?

Answer: After this wound was discovered.

Question: Did you observe probing done by medical examiners using the finger in the back wound and by whom was the probing done?

Answer: Yes, probing done by Commander Hume.

Question: What was the reaction of the examiners upon being notified that a bullet had been found on a stretcher used at Dallas?

Answer: Commander Hume stated that this accounted for no bullet being located which had entered the back region and that it was entirely possible that the bullet had worked its way back out of the point of entry while cardiac massage was being performed at the Dallas hospital.

Question: Prior to SA Sibert's calling the FBI Laboratory did either Dr. Hume or Dr. Finck express an opinion as to whether the bullet wound in the back was a point of entry or a point of exit?

Answer: We can recall no such discussion.

Question: What was the size of the autopsy room?

Answer: We cannot state the dimensions of this room.

Question: Was it wider than this room?

Answer: It would appear to be.

Question: How close were you to the autopsy?

Answer: As close as necessary to observe the proceedings.

Question: I note that you delivered two pieces of metal to the FBI Laboratory removed from the President's body and that the chief pathologist advised that approximately forty particles and smudges were evident from X-rays.

Question: Were any additional particles removed?

Answer: Not to our knowledge. Only the two were removed in our presence by Dr. Hume and later placed in a small jar.

Question: Were you present at all times during the autopsy?

Answer: At all times one or both Agents were present in the autopsy room.

Question: Did you make any notes during the course of the evening?

Answer: Yes.

Question: Do you still have them?

Answer: No.

Question: What happened to them?

Answer: After dictating and comparing the dictation with the notes, they were destroyed.

Question: I note that you spoke to Secret Service Agents Kellerman and Greer on the night of the autopsy, 11/22/63, and again on 11/27/63. Is this correct?

Answer: Yes, however, conversations with these Agents on the night of the autopsy were not formal interviews but remarks voluntarily made by these individuals and were subsequently recorded by us from recollection. The interviews conducted on 11/27/63 were formal interviews conducted at the Secret Service offices located in the White House.

Question: I notice that on 11/22/63, Mr. Kellerman stated that the President said, "Get me to a hospital." Is anything which is in quotation marks the exact words that Mr. Kellerman used on that night?

Answer: Yes.

Question: I also note that on 11/22/63, Agent Greer of the Secret Service is quoted as stating that he "floored" the limousine following the police escort to the hospital. Was "floored" his exact wording?

Answer: Yes.

Question: Did Greer and Kellerman appear to retain their composure on 11/22/63?

Answer: Yes.

Question: How long have you gentlemen been with the FBI?

Answer: Sibert almost 13 years and O'Neill approximately 10 years.

Question: I note that on the interview with Agent Kellerman conducted on 11/27/63, no mention is made of his remark that the President was overheard to say, "Get me to a hospital." Is it because he did not say so on the 27th?

Answer: Yes, however, it will be noted that Mr. Kellerman advised on 11/27/63 that he had had a chance since 11/22/63 to think and try to reconstruct the entire activities of that day and the statements which he furnished on 11/27/63 in a formal interview were his best recollection of the exact wording used.

Memorandum to Mr. Belmont

This was the end of the formal question and answer interrogation. SA's Sibert and O'Neill advised that it was not possible under the circums tances to take notes and that they have attempted to reconstruct the questions and answers from best recollection.

UNITED STATES GOVERNMENT

Memorandum

TO : MR. CONRAD DATE: 3/12/64

FROM : R. H. JEVONS

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
11/22/63, DALLAS, TEXAS

On the morning of March 11, 1964, SA Cortlandt Cunningham of the Laboratory personally delivered to the President's Commission 12 items of evidence in accordance with the request contained in Mr. Rankin's letter of March 4, 1964. In response to requests of Commission staff members Oswald's rifle was dismantled and then reassembled in their presence. At that time Chief Justice Earl Warren inquired whether Mr. Cunningham could reassemble Oswald's rifle before the Commission, using only a dime as a tool, in order to make this possibility a matter of record for the Commission. It is noted that we have previously advised the Commission by letter that the rifle could be assembled with a screw driver, a dime or similar item.

Following coordination through your office with Mr. Belmont, Mr. Cunningham was sworn in before Mr. Warren and briefly testified to the ease with which this weapon may be dismantled and reassembled as well as to the type of instrument needed for its reassembly. Mr. Cunningham then reassembled the C 14 rifle before the Commission using a dime as a screw driver.

Also during the time the above material was being delivered, Mr. Warren observed a February 21, 1964, copy of Life Magazine and this copy of Life Magazine had a cover photograph of Lee Harvey Oswald holding a rifle. He pointed out the photograph to Special Agents Charles L. Killion and Cortlandt Cunningham and advised that someone representing the interests of Oswald had stated that the rifle in the photograph does not appear to be identical to the assassination rifle. This person claimed that the top of the stock of the rifle in the photograph appears straight its full length, whereas the stock of the assassination rifle is curved in the area of the comb. Mr. Warren commented that the area of the stock in the photograph in Life Magazine is somewhat shadowed and indistinct.

Mr. Warren did not make any requests of the Bureau relative to the above comments.

Memorandum to Mr. Conrad
RE: ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY
11/22/63, DALLAS, TEXAS
62-109060

For your information, the picture on the February 21, 1964, issue of Life Magazine is the same photograph as our exhibit D-20 except for retouching that has been added to enhance the detail for publication. Such retouching of photographs is a common practice in photoengraving to intensify highlight areas and separate shadow details. There has been a highlight retouched along the stock of the rifle in the Life Magazine reproduction of the D-20 picture. This retouched highlight does not follow the actual contour of the stock of the rifle. There is also evidence of retouching in other areas of the picture on the rifle and around the head and shoulders of Oswald.

Delivery of the items of evidence to the Commission on March 11, has been confirmed by appropriate letter to the Commission. It is further noted for record purposes that Mr. Cunningham brought back with him from the Commission evidence items C-14, C-10, and C-10a, which were returned by the Commission.

RECOMMENDATION:

In anticipation of a request from the President's Commission and in connection with the field's current effort to ascertain the source of the picture appearing in the afore-mentioned copy of Life Magazine, it is recommended that the field be instructed to determine whether the photograph was retouched by Life Magazine or retouched before Life Magazine obtained it.

ADDENDUM RDR:bhg 3/13/64

In connection with the cover photograph appearing on the 2/21/64 issue of "Life" magazine which shows Oswald carrying rifle and wearing a pistol, the following is pointed out:

This Bureau has never inferred or advised the Commission that the rifle Oswald is shown holding is the same as the rifle used in the assassination of President Kennedy. This may logically be inferred; however, we have never in fact stated this since it is not possible through examination of the photograph to locate sufficient characteristics to state it is one and the same rifle. Our investigation to date has also failed to disclose information wherein Oswald's wife or close associates can state this is in fact the same rifle. Therefore, determining whether "Life" has retouched the photograph appearing on the cover of the above issue does not appear pertinent to our investigation. The President's Commission, as noted above, has been furnished a copy of this photograph and in the absence of a specific request, it is not felt any further action should be taken in this matter.

As you are aware, based on a President's Commission request, we have been endeavoring to establish the source of these photographs which have received fairly wide publication since the publication of the above issue of "Life." Our investigation in this particular matter discloses that numerous copies of this photograph were available in the Dallas Police Department and that no system of control was established. It is known that many of these photographs are missing. This information has been furnished to the President's Commission.

Memorandum

TO : Mr. Belmont

FROM : A. Rosen

DATE: 3/12/64

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, 11/22/63
AT DALLAS, TEXAS

Special Agent James W. Sibert and Francis X. O'Neill, Jr., both of the Baltimore Office assigned to the Hyattsville Resident Agency, appeared at the President's Commission today and were interviewed by the Commission Staff Member Arlen Specter. Specter complimented the Bureau on the investigation which had been made, indicated he was preparing for a detailed Commission hearing relative to the medical reports covering the autopsy of President Kennedy at the U. S. Naval Hospital, Bethesda, Maryland, and that he desired to better inform himself of the exact conditions which existed concerning the Agents being present during the autopsy.

Briefly stated, the questioning followed in detail the information set out in the FD-302 Interview Forms prepared by the Agents. A detailed memorandum is attached setting forth the questions and answers that took place as best recalled by the Agents, it being noted they were not able to take detailed notes during the interview..

PRESIDENT'S COMMISSION
ASSASSINATION OF PRESIDENT KENNEDY

Mr. Howard Willens telephonically advised today that the Commission would appreciate arrangements being made for Special Agents James W. Selbert and Francis X. O'Neill, Jr., to be available in the offices of the President's Commission at 10:00 a.m. March 12, 1964.

Mr. Willens advised that these two Agents had been at the U. S. Naval Hospital, Bethesda, Maryland, on Friday evening, Nov. 22, 1963, when the President's body had been taken to the hospital for a complete autopsy. These Agents remained at the hospital and eventually received whatever fragments of bullets which were removed from the President's body and brought them to the Laboratory for examination.

Mr. Willens requested that when the Agents arrive at the Commission they ask for Mr. Specter of the Commission staff.

ACTION TAKEN:

ASAC George Hall of the Baltimore Office was advised of the request of the President's Commission and he stated Agents Selbert and O'Neill would be at the Commission as requested. Mr. Willens has been advised that these Agents will be available in accordance with his request. The Baltimore Agents are being instructed to stop in Mr. Rosen's office to discuss their appearance before the President's Commission prior to the interview with Mr. Specter.

Memorandum

TO : Mr. Belmont

DATE: March 6, 1964

FROM : A. Rosen

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
11-22-63
DALLAS, TEXAS

Mr. J. Lee Rankin, General Counsel of the President's Commission, by letter dated 3-4-64 advised that in connection with the proposed examination of two witnesses by the Commission on 3-11-64 the Commission would like to have a number of exhibits available. Concerning the exhibits, this request has been referred to the Laboratory and these items will be delivered to the Commission prior to March 11 in accordance with whatever arrangements the Commission desires.

Item four in Mr. Rankin's letter refers to a number of articles of clothing, including the trousers that were worn by Oswald at the time of his arrest. The trousers worn by Oswald when he was arrested were the same trousers he was wearing when he was killed by Jack Ruby. These trousers are, at the present time, in the custody of the Dallas, Texas, Police Department, and are the same trousers which were brought from Dallas to Washington, D. C., by an Agent of the Dallas Office and remained in Washington, D. C., from Sunday through Thursday while Marina Oswald was testifying.

We also made available to the President's Commission color photographs of these trousers. Mr. Howard Willens, of the President's Commission, was telephonically advised on 3-5-64 of the foregoing information concerning the trousers and the fact that the Jack Ruby trial is now in progress in Dallas. Consequently, it would appear desirable for the Commission, if they desire these trousers, to make arrangements for the trousers to be turned over to the Commission. Mr. Willens stated for the time being the Bureau should disregard this request concerning the trousers and they would try to get along with the color photographs unless other requests were made.

62 109040

Items five, six and eight of Mr. Rankin's letter call for very extensive drawings, photographing and other requests which are of the time-consuming nature.

78 MAR 18 1964

Memo to Mr. Belmont from A. Rosen
Re: Assassination of President Kennedy

The Dallas Office has been telephonically furnished the requests. They were told to review the requests immediately, determine what information could be obtained without difficulty, whether the Dallas Office could handle the remaining requests, or whether it would be necessary to have expert craftsman assistance in preparing the material desired. The Dallas Office was told to give consideration, if necessary, to having the drawings, etc., made on a commercial basis or whether they desired to have assistants from the Exhibits Section of the Bureau. Dallas will make recommendations concerning this matter on 3/6/64, bearing in mind the necessity for handling these requests at the earliest possible date.

In the absence of Mr. Rankin, Mr. Howard Willens of the President's Commission was contacted concerning the extensive requests contained in the 3/4/64 letter from Mr. Rankin. Mr. Willens was advised that their letter of 3/4/64 was received in the Bureau 3/5/64, the Dallas Office had been requested to comply with the desires of the Commission, but due to the nature of the extensive requests we could not guarantee that the requests of the Commission could be complied with by 3/11/64. Mr. Willens stated that with regard to the request for the first-floor plat of the Texas School Book Depository Building which they requested to have by 3/9/64, they would appreciate receiving it no later than 3/10/64 if this was possible. He desired to be advised as soon as practical how long it would take for the information set forth in the 3/4/64 letter to be obtained. Mr. Willens was advised that he would be given an approximate date when these requests could be complied with as soon as possible.

ACTION:

There is attached a letter to Mr. Rankin confirming the conversation with Mr. Willens.

ADDENDUM JRM:mpd 3/6/64:

SAC Shanklin called today and advised the Dallas Office did not have personnel who were qualified to handle the drawings and other items requested by Mr. Rankin. He requested that the Bureau send Inspector Gauthier of the Exhibits Section, as well as a qualified photographer, to assist the Dallas Office in carrying out the requests. Inspector Gauthier has been advised of this request and is making the necessary preparations to go to Dallas immediately.

RECOMMENDATION: It is recommended that Inspector Gauthier immediately proceed to Dallas and take with him whatever help he needs in carrying out the requestsof Mr. Rankin and that a qualified photographer also be sent to Dallas.

Mr. Belmont 3/6/64

A. Rosen

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
11/22/63
DALLAS, TEXAS

PURPOSE:

To recommend the attached letter be sent to the President's Commission to further clarify information in its letter dated 2/24/64.

DETAILS:

Mr. Rankin, President's Commission, by letter 2/24/64 advised Mr. [redacted] of New York City appeared at the Commission and brought with him several photographic enlargements of a section of one photograph depicting the Presidential motorcade passing the Texas School Book Depository Building. Mr. [redacted] believed the figure of an individual standing in the doorway of this building was identical with Lee Harvey Oswald. The pictures were brought to our attention for whatever action we deemed appropriate and will be retained.

The second item in Mr. Rankin's letter related to a previously resolved allegation that Lee Harvey Oswald's name appeared on a guest register of the "Fox and Hounds" restaurant, Hubertus, Wisconsin. [redacted] states upon learning of this rumor (apparently through the press) he corresponded with one Robert L. Dishon, a reporter for the "Milwaukee Journal" and Dishon felt there was "something to the rumor".

Memorandum to Mr. Belmont
RE: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY

Mr. Rankin stated he was furnishing this to us for our information and for use in conducting an interview of Dishon "if you agree one should be conducted."

BACKGROUND:

No information identifiable with Mr. [redacted] or Robert L. Dishon could be located in Bureau files.

The photograph identified by Mr. [redacted] as resembling Oswald was investigated previously and was in the process of being reported by Dallas. Although Commission did not make a specific request, Dallas was instructed to furnish a letterhead memorandum for the Commission, establishing this individual is Billy Nolan Lovelady, an employee of the Texas School Book Depository Building. The Commission is being furnished enlargements of Lovelady's photograph which shows his resemblance to Oswald.

With regard to the alleged signature of Oswald on the register of "Fox and Hounds," the Commission, in addition to our memorandum dated 12/13/63 entitled "Hoaxes, False Reports and Irresponsible Reporting" was furnished the report of SA Richard C. Thompson dated 12/2/63 at Milwaukee which fully sets out our thorough investigation of this matter. Our investigation clearly disclosed the signature was not written by Oswald; and that on 11/30/63 we received an anonymous telephone call indicating that one man of a party of 3 couples had inscribed the name of Lee Oswald on the register.

Although the Commission did not make a specific request, Milwaukee was instructed to interview Dishon to insure every logical aspect of this matter is run out. Dishon was merely suspicious of the manager who was not cooperating with him in his unofficial inquiries and Dishon felt this lack of cooperation was an indication the manager was "hiding something significant." Dishon could furnish no information of value.

ACTION:

That the attached letter be sent to the President's Commission furnishing it with the results of our inquiries.

OPTIONAL FORM NO. 10

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: March 6, 1964

FROM : A. Rosen

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY;
11/22/63; DALLAS, TEXAS

This is to advise that a request has been received from the President's Commission concerning the rifle utilized in the assassination. The Commission requested information regarding the manufacturer, serial number, and other related information concerning the shipment of this rifle and similar weapons to the United States and subsequently sold through United States distributors.

The Commission's request necessitates that inquiry be conducted by Legat, Rome, of Italian munition industries. In this respect, the Laboratory has furnished photographs of the rifle revealing various identifying marks and serial number, including a physical description of the weapon.

RECOMMENDATIONS:

If approved, the attached memorandum with photographic enclosures be forwarded to Legat, Rome, requesting investigation be handled immediately.

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
United States Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

In connection with the proposed examination of Buell Wesley Frazier and Linnie Mae Randle by the Commission on March 11, we would like to have the following exhibits available:

1. The wrapping paper in the shape of a large bag which is marked Q10 in an FBI laboratory report dated November 23 addressed to the Dallas Chief of Police, lab file number PC-78243BX, D-436461AX. Also, we would like to have the "paper and tape sample from Shipping Department, Texas Public School Book Depository," referred to in said FBI laboratory report as K2. In addition, we would like to have the replica paper sack which was used in connection with an interview of Linnie Mae Randle on December 1 by FBI Special Agents Bardwell D. Odum and Gibbon A. McNeely, a resume of said interview appearing at pages 298-299 of the report of Special Agent Robert Gemberling dated December 10. This replica sack was also used by Odum and McNeely in an interview on December 1 with Buell Wesley Frazier appearing at pages 294-297 of said Gemberling report of December 10.

2. We would also like to have available the rifle, Exhibit K1. It may be necessary to have the rifle stripped down.

3. For these witnesses, as well as for other witnesses, it would be helpful to have available another Mannlicher-Carcano 6.5 mm. rifle of the same type known as Exhibit K1. It is not necessary that this be available on March 11, but we would like to have this as soon as possible.

62-(110)(10)
NOT RECORDED
199 MAR 10 1964

EXP. PROC.
MAR 5 1964

10 MAR 13 1964

4. We would like to have three items of Oswald's clothing for possible identification by Mrs. Randle and Buell Wesley Frazier. One of these would be the jacket that was subsequently found in the Texas School Book Depository Building. Another, would be the so-called rust colored sport shirt with a hole in the right sleeve referred to at page 304 of the aforementioned Gemberling report. In addition, we would like to have the shirt and trousers worn by Oswald at the time of his arrest, together with all trousers found at the residence on North Beckley at the time of the search, and the jacket with the zipper found near the Tippit shooting.

5. We would like to have a plat of the immediate locale in Irving, Texas, which would show the Paine residence, the Randle-Frazier residence, and the surrounding lots and streets across which Oswald may have walked. We suggest that if this land has been platted, there should be a plat available at the County Court House, that would show the size and dimensions of the lots and on this plat it could be superimposed to scale the outlines of the improvements. In particular, we are concerned with showing the Randle-Frazier house and carport as accurately as possible, including a location of windows.

6. We would like a photograph of the Irving, Texas, area which would show the Randle-Frazier house and carport with windows and also have shots taken from the viewpoint of a person looking out of these windows or coming out of the door along the path or route followed by Oswald on the morning of November 22. According to the interview with Mrs. Randle appearing on pages 288-289 of said Gemberling report, she saw Oswald walking diagonally from Fifth Street in a northeasterly direction, across Westbrook Street toward the back of her house while she was standing at her sink looking out the window. She says she opened the back door a slight bit to see what he was doing, and saw him go to the far side of her brother's car which was parked just north of the carport and headed in an easterly direction toward Westbrook Street and saw Oswald open the right rear door of the car. To double-check the credibility and accuracy of her testimony, we would like to have these plats be made so as to show accurately these reference points so that we can verify whether or not a person with such a line of vision would be able to see what Mrs. Randle states in her interviews. Also, if there are any photographs of the Frazier car, we would like these available.

7. We would also like to have the application for driver's license for Oswald, together with the application for employment with the photographic concern to be used to examine the witness Frazier.

8. We would like to have a plat available of the Texas School Book Depository Building with particular reference to the employee parking lot where Frazier parked his car on that morning and the entry way used by Oswald which Frazier described as "the first door in the back of the Depository Building," and also any other entry ways from this area together with a plat of the first floor so that Frazier can describe and show the course he took upon entering into the building. We would also like to have pictures of the exterior and interior of the building at this point. We would like to make sure that the first floor plat is available to us not later than March 9. In addition, as soon as possible, but not necessarily by March 9, could you please furnish us with complete floor plans of the first, second, third, fourth, fifth, sixth and seventh floors of the Texas School Book Depository Building. Could you please indicate on these plans the location of the employees' lunch rooms, dressing room, and soft drink dispenser, and the location and position, when found, of (1) the three spent 6.5 mm cartridge cases, (2) the C 14 rifle, (3) the C 10 wrapping-paper bag, (4) any "Ten Rolling Readers" cartons found in the area immediately adjacent to the crime scene, (5) the clipboard referred to at page 381 of SA Gemberling's Report dated December 10, 1963, (6) the blue jacket referred to at page 209 of SA Gemberling's Report dated December 23, 1963, and (7) the finger and palm prints of Lee Harvey Oswald found on the cartons at the crime scene. In the case of any finger and palm prints, could you please indicate the finger or palm which left the print and the direction in which the finger or palm pointed. Also, could you please indicate where "Ten Rolling Readers" cartons were generally stored.

Sincerely,

J. Lee Rankin

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

With reference to your letter of March 4, 1964, wherein you requested a number of exhibits and other desired information in connection with the proposed examination of Buell Wesley Frazier and Linnie Mae Randle, the following will confirm conversation with Mr. Howard Willens of your office.

In Item four on page two of the referenced letter, mention was made of trousers worn by Oswald at the time of his arrest. Mr. Willens was advised that the trousers in question were also worn by Oswald at the time he was killed by Jack Ruby, that these trousers are in the possession of the Dallas, Texas, Police Department and these trousers are the same trousers that were brought from Dallas to Washington, D. C., and kept in Washington, D. C., by an Agent of our Dallas Office while Marina Oswald was being questioned by the President's Commission. He was advised that color photographs of the trousers were made available to the Commission and that in view of the fact that the Jack Ruby trial is now in progress, it would appear desirable that, if the trousers were necessary for the Commission, appropriate arrangements should be made with Dallas authorities by the President's Commission. Mr. Willens advised that the request concerning the trousers should be disregarded at this time.

Mr. Willens was advised in connection with Items five, six and eight of your letter that these requests appear to be very extensive in nature and could possibly require considerable time to obtain the desired information. He was

Honorable J. Lee Rankin

advised that in view of the fact that these requests were not received until March 5, 1964, it was possible the information would not be available by March 11, 1964; however, our Dallas Office has been requested to comply with the requests as fast as possible. Mr. Willens advised that the President's Commission would appreciate it if the first-floor plat of the Texas School Book Depository Building, which had been requested to be available by March 9, 1964, could be made available no later than March 10, 1964. Delivered 3/9/64 J.S.B.m. (typed)

In view of the extensive nature of the requests, you will be advised as soon as possible the approximate date the FBI can complete the various requests contained in your letter. With reference to the items mentioned in paragraphs one, two and three, they will be delivered to the President's Commission on the morning of March 11, 1964, at 9:00 a.m. If you desire other arrangements, please advise.

Sincerely yours,

J. Edgar Hoover

Willens advised material will not be available prior to March 16. JSBm.

the Commission had assigned an exhibit number. These exhibits resulted from physical evidence which this Bureau furnished to the Commission and which we had collected during our investigation of the Oswald, Jack Ruby and Assassination of the President cases.

The telephonic advice referred to herein resulted from conversation between Commission Attorney Eisenberg and Mr. W. D. Griffith of the Laboratory on 2/27/64.

March 13, 1964

BY COURIER SERVICE

1 - Mr. Sullivan
1 - Mr. Lenihan 645 RB

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to my letter of March 6, 1964, concerning Clarence Daniel Smelley, who advised our Birmingham, Alabama, Office that in 1962 he and an associate, whom he declined to identify, gave $20,000 to a Nashville, Tennessee, juror on behalf of James Riddle Hoffa, President of the Teamsters Union, and were present in Washington, D. C., in 1963 when Hoffa gave "contracts" to Lee Harvey Oswald to kill President Kennedy and the Attorney General.

On March 6, 1964, Smelley was served by Special Agents of our Birmingham Office with a subpoena duces tecum issued by a Federal grand jury at Nashville, which called for his appearance before that body at 9:00 A.M., March 9, 1964. The subpoena also called for the production at that time of tape recordings which Smelley had exhibited to our Agents and which he said contained conversations with James Riddle Hoffa and others.

Smelley failed to appear before the Federal grand jury and an order for the arrest of Smelley for criminal contempt was filed by Federal District Judge William E. Miller, Nashville, on the afternoon of March 9, 1964. The order also directed the seizure of the objects which Smelley was ordered to produce.

On March 10, 1964, Special Agents of our Birmingham Office placed Smelley under arrest and seized the mentioned tapes. Smelley was permitted to play a sampling of the tapes, which proved to be recordings of radio programs.

FBI
COURIER SVC.
11:60 AM
MAR 13 1964
COMM.-FBI

62-109090-
NOT RECORDED
MAR 17 1964

MAR 13 5 05 PM '64

Honorable J. Lee Rankin

On March 11, 1964, Smelley furnished a signed statement in which he admitted he did not have any information or evidence with respect to jury tampering by Hoffa or any knowledge of the above-mentioned "contracts" between Hoffa and Oswald. Smelley also admitted that he did not have tape recordings of conversations involving Hoffa which related to these matters. Smelley said he had furnished false information on these points because of his opposition to Hoffa and his concern that Hoffa would not be convicted in the Chattanooga, Tennessee, jury tampering trial.

At a hearing in the chambers of Federal Judge William E. Miller, Nashville, on March 11, 1964, James L. Roberts, a former Assistant U. S. Attorney in Nashville, was appointed to represent Smelley. The court ordered that the tapes which had been seized from Smelley be turned over to the Clerk of the Court under seal and that Roberts listen to the tapes and thereafter report to the court. The court also ordered that no representative of the Government should listen to the tapes or make recordings thereof at this time.

Judge Miller ordered that Smelley be admitted to the Veterans Administration Hospital, Birmingham, Alabama, for a period of observation in order that a determination can be made as to his mental condition.

Any further developments of interest to your Commission will be brought to your attention.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Rankin:

There are enclosed for your information copies of three articles appearing in the French newspaper "L'Express" dated February 20, February 27, and March 5, 1964. There are also enclosed translations of the articles made by this Bureau.

For your further information, there is enclosed a memorandum setting forth a summary of information appearing in the files of this Bureau concerning Thomas Gittings Buchanan, Jr., the author of the above articles.

It has been reported to this Bureau that the author, Mr. Buchanan, has previously met with a representative of the President's Commission.

Upon removal of the classified enclosure this document becomes unclassified.

Sincerely yours,

THOMAS GITTINGS BUCHANAN, JR.

[redacted]

Background

Confidential

Buchanan was born March 14, 1919, at Baltimore, Maryland. He graduated from Lawrenceville School, Lawrenceville, New Jersey, in 1935. He attended Yale University for one year in 1936 and 1937 and attended George Washington University for one year in 1939 and 1940. He served in the United States Army from 1942 to 1945 and held the rank of Captain at the time of his discharge. He is married to the former Harriet Patterson and has two children.

Buchanan was employed as a reporter by the "Washington Evening Star" newspaper from 1943 to 1948. When an official of this newspaper confronted Buchanan with the allegation that he was a Communist Party (CP) member, Buchanan readily admitted his CP membership. This resulted in his dismissal from this newspaper. He then became affiliated with the Civil Rights Congress (CRC) and served this organization as National Legislative Director from 1949 to 1950. He was a registered lobbyist for the CRC during 1949. The CRC has been cited as subversive pursuant to Executive Order 10450. He later held various positions in private industry in the Baltimore, Maryland, area.

[redacted]

CP and Related Activities

Buchanan reportedly espoused the doctrines of Marxism at approximately age 15. In executing a Personal History Statement for the United States Army in December,

Thomas Gittings Buchanan, Jr.

1942, he listed his political affiliation as "communist." In this statement he also admitted having been affiliated with the Friends of the Abraham Lincoln Brigade in 1938. The Friends of the Abraham Lincoln Brigade was a communist front.

Buchanan joined the Youth Club of the CP at Washington, D. C., in 1948. During a radio interview conducted by a representative of Station WWJ in Detroit, Michigan, in 1949, Buchanan went into considerable detail regarding his reasons for becoming a CP member. He held numerous positions of leadership within the CP in Washington, D. C., during 1949 and 1950. He was reported to have contributed articles to "The Worker," a communist newspaper, in 1950. He transferred his CP membership to Baltimore, Maryland, and was identified as a member of the CP at Baltimore in 1953.

He was reported in attendance at a meeting attended by CP leaders at Baltimore in 1954. He was extremely active in and attended numerous meetings of the Civil Rights Congress (CRC) in Baltimore during 1954. In 1951 and 1955 he was active in the Freedom of the Press Committee at Baltimore, an organization dominated and controlled by the CP. During interviews with FBI Agents in 1952 and 1953, Buchanan readily admitted CP membership. During an interview in August, 1956, he stated that he was no longer a CP member but would not elaborate on reasons for quitting the CP, stating only that he had lost interest. Investigation subsequent to 1953 did not uncover any significant CP or related activities on his part.

NOTE:

~~Classified~~ "Confidential" as it contains information reported by confidential informants and sources which, if disclosed, could possibly identify these sources. Buchanan's name is included in the Reserve Index.

Washington, D. C. 20535

Dear Mr. Hoover:

Thank you for your letter of March 3, 1964 in connection with the investigation of the Liberty Distributing Company, 328 South Jefferson Street, Chicago, Illinois, a trade style of Jack Ruby.

The report which you forwarded dated February 26, 1964 by Dennis W. Shanahan indicates that the tenants at 328 South Jefferson have generally been engaged in the printing trade and allied fields. The enclosed copyright registration indicates that printing for the Liberty Distributing Company was done by the Shelby Printing Company, Chicago, Illinois. This Commission would appreciate your conducting a further investigation into the activities of Jack Rubenstein aka Jack Ruby based on the enclosed registration.

Since we have relatively slight amounts of information concerning Ruby's life from January 1940 to May 1943, the Commission would appreciate your regarding any persons found to have known Ruby as a result of the above inquiry as possibly having specific information concerning his life in general, including his friends, specific businesses or occupations he may have been engaged in, his sexual relationships, and any underworld connections or illicit activities in which he or his friends were known to engage.

Reairtel 2/26/64.

Enclosed herewith are two copies of a letter from the President's Commission dated March 16, 1964, requesting investigation into the activities of Jack Ruby on the basis of a copyright registration, two copies of which are also enclosed.

As indicated by the Commission, they desire that we develop additional information regarding Ruby's life during the period January, 1940, to May, 1940. Any persons interviewed in connection with this inquiry relating to the Liberty Distributing Company who were acquainted with Ruby during the period January 1940, to May, 1940, should be thoroughly interviewed for all available background information they can furnish relating to Ruby, his friends, associates, and occupations, and any persons identified by them as having known him during this period should also be interviewed.

Submit results by letterhead memorandum suitable for dissemination within seven days of receipt of this communication.

NOTE:

The President's Commission by letter 2/12/64 requested that we determine if any papers were maintained by the State of Illinois or any political subdivisions thereof concerning the Liberty Distributing Company which was reportedly operated by Ruby in 1942 in Chicago. No record of the company could be located and investigation at the address of the company could not locate anyone familiar with the Liberty Distributing Company or Jack Ruby. The Commission by letter 3/16/64 enclosed a copyright registration indicating that the Shelby Printing Company did printing for the Liberty Distributing Company in 1942 and requested investigation on the basis of information in the copyright registration.

Dear Mr. Hoover:

Thank you for your letter dated March 4, 1964, referring to correspondence relating to the possible relationship between Doctor Borrell Navarro and Horacio Duran Navarro, the husband of Silvia Duran.

In view of the results of your investigation and your most recent interview of Diaz Verson, the Commission does not desire that your Bureau further explore the possibility of the relationship referred to in the first paragraph of this letter.

Thank you for your continued cooperation in the work of this Commission.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to my letter dated March 10, 1964, relating to information in the press indicating Mr. James Richard Worrell would testify before the President's Commission. In this letter you were advised that as a result of this publicity Mr. James Elbert Romack contacted our Dallas Office and took exception to the statements attributed to Mr. Worrell in the press. Referenced letter advised when the results of interviews with Mr. Romack and two other individuals were received you would be furnished the details.

Enclosed for your assistance are two copies of a self-explanatory communication from our Dallas Office dated March 13, 1964, incorporating the results of interviews with Mr. Romack, Mr. George W. Rackley, Sr., and Mr. Samuel Mack Pate.

No further action is being taken in this matter.

Sincerely yours,

NOTE:

Worrell, age 20, was quoted in the press as stating he heard "four" shots and while running from the assassination scene observed a man "dart" out the back doorway of the Texas School Book Depository Building. Worrell subsequently furnished testimony to this effect before the Commission according to the press. It is to be noted the Commission did not advise us of the contemplated testimony or the actual testimony of Worrell. Bulet 3/10/64 advised the Commission Dallas had received information from Romack that he and two others were at the rear of the above building and saw no one leave. Commission was advised when Romack and the two other individuals were thoroughly interviewed the results would be furnished. Enclosed letterhead memorandum reiterates statements made by Romack and he is substantially corroborated by the two other men. Our investigation has established only three shots were fired. The furnishing of this information to the Commission completes our committment in this particular matter. Worrell has been previously interviewed by the Bureau and furnished the same information as set out above. This information has been previously furnished to the Commission.

DATE: 2-25-64

FROM : M. A. Jones

SUBJECT: PRESIDENT'S COMMISSION ON THE ASSASSINATION OF PRESIDENT KENNEDY

On February 24, 1964, SA Hanning contacted Frank McNamara, Director, House Committee on Un-American Activities (HCUA). While talking with him, McNamara furnished Hanning a copy of the first page of the February 12, 1964, issue of "Tocsin" (attached). This is an anticommunist newspaper published weekly in Oakland, California. The feature story on the front page of this paper is headlined "Red-Fronter in Death Probe." The story then relates that Norman Redlich, a Professor at New York University Law School, is acting as Assistant Counsel on the Warren Commission staff and then goes on to list Redlich's left-wing affiliations. McNamara advised that they have quite a bit of information on Redlich in the files of HCUA, and that Chairman Willis was quite concerned and went to the Warren Commission concerning Redlich's appointment as an Assistant Counsel on the Commission. McNamara did not know the individual that Chairman Willis contacted, however, he stated that Chairman Willis was assured that all members of the Commission were "cleared" by the FBI. Hanning advised McNamara that he undoubtedly knew the FBI did not issue clearances or clear anyone.

A review of Bureau files reflects that in brief Redlich was a subscriber to the "National Guardian" in 1953 (cited by HCUA). He has since 1955 been active as a sponsor and/or speaker of the Emergency Civil Liberties Committee and the National Committee to Abolish the HCUA. Both of these groups have been cited by HCUA as communist front groups. He has been associated with Harry Magdoff of the Silvermaster case and represented the latter when he was subpoenaed to appear before the HCUA. Magdoff was uncooperative with the Committee.

Actually, on December 22, 1963, a confidential informant of the New York Office advised us that Redlich was working with the President's Commission. It was recommended and approved that a letterhead memorandum concerning Redlich be furnished to J. Lee Rankin by Inspector James R. Malley. Such a memorandum dated December 31, 1963, was furnished to Rankin by Inspector Malley on 1-3-64 (copy attached).

MAR 11 1964

In late January, 1964, we received a Standard Form 86 (Security Investigation Data for Sensitive Position) from the Civil Service Commission on Redlich for processing under Executive Order 10450 (Federal Employee Security Program). While the form

Enclosures
1 - Mr. Belmont

DGH:bsp

lists General Services Administration (GSA) as the employing agency we know Redlich was with the President's Commission and that GSA was acting solely as a "house-keeping unit" for the Commission. It was recommended and approved that since a summary on Redlich had previously been made available to Rankin and GSA, the Standard Form 86 be returned to the Civil Service Commission advising them that the President's Commission and GSA were already in possession of pertinent information from our files and that we contemplated no investigation in the absence of a request.

RECOMMENDATION:

That you (Mr. DeLoach) personally take this matter up with Chairman Willis of HCUA on a confidential basis and brief him on the details set forth above.

December 31, 1963

NORMAN REDLICH

On December 22, 1963, a confidential source who has furnished reliable information in the past advised that Professor Norman Redlich, New York University expert on Constitutional Law, was working with the committee headed by Chief Justice Earl Warren to investigate the assassination of President John F. Kennedy. [redacted]

In August of 1953 another confidential source who has furnished reliable information in the past advised that Norman Redlich was a subscriber to the "National Guardian" at that time. [redacted] (100-364246-43)

The "National Guardian" of April 25, 1955, contains an item stating that Norman Redlich took part in a forum sponsored by the Emergency Civil Liberties Committee on April 16, 1955. Professor Redlich spoke on the Fifth Amendment, tracing its historical development and describing the official distortion of it, which automatically made an inference of guilt from its use.

The "Washington Post and Times Herald" of January 2, 1961, listed Norman Redlich, Professor of Law, as one of many prominent signers of a recent petition to the House of the 87th Congress to eliminate the House Committee on Un-American Activities as a Standing Committee. (61-7582-A)

In March of 1961 a third confidential source who has furnished reliable information in the past advised that Professor Norman Redlich of New York University was one of the speakers at a meeting sponsored by the Emergency Civil Liberties Committee on February 24, 1961. He called for an organized reaction by the people against recent Supreme Court decisions as the most effective way to bring about a change in the attitude of the Court. (100-364246-57) (John Leroy Kraus [illegible] source)

Norman Rodlich

In December of 1961 a fourth confidential source who has furnished reliable information in the past related that Norman Rodlich was one of the speakers at a rally at Manhattan Center, New York City, on December 6, 1961, sponsored by the New York Council to Abolish the House Un-American Activities Committee. [redacted] NYairtel 12/26/6 to Norman Rodlich)

"The Worker" of December 10, 1962, an east coast communist newspaper, contains an article entitled "Notables Denounce Attack on the Peace Movement." The article stated that more than 50 prominent Americans declared in a statement to the House Committee on Un-American Activities "Freedom of ideas has always been a national necessity. In the name of democracy and survival we ask you to cancel the proposed investigation into the peace movement." The list of signers included Norman Rodlich, Professor, New York University Law School.

(62-107350-A)

In October, 1963, a fifth confidential source who has furnished reliable information in the past advised that the name Norman Rodlich appeared on a list of sponsors of the National Committee to Abolish the House Un-American Activities Committee. [redacted] 100-433447-995)

A sixth confidential source who has furnished reliable information in the past advised in 1957 that during that year Norman Rodlich was associated in a business way with Harry Magdoff and was highly regarded by Magdoff. [redacted] 62-103661-14)

A seventh confidential source who has furnished reliable information in the past stated that in May of 1961 Magdoff selected Rodlich to represent him as counsel in Magdoff's appearance before the House Committee on Un-American Activities in hearings concerning the Fund for Social Analysis of which organization Magdoff was President. Records of the hearings before the House Committee on Un-American Activities show that Magdoff appeared on May 31, 1961, in answer to a subpoena accompanied by his counsel, Norman Rodlich. Magdoff stated his name, his address and his occupation as a financial consultant. However, when asked to produce the documents which had been called for in the subpoena, Magdoff claimed he did not bring any since he had no such documents. When asked to state whether his signature appeared on a statement

[redacted] 100-364246-97)

[redacted]

of the Fund for Social Analysis naming the officers of the organization, he declined to answer on the grounds of the First and Fifth Amendments. He made the same reply to numerous other questions asked him by counsel for the House Committee. These questions included whether he had been a member of the Communist Party, who the officers were of the Fund for Social Analysis, to whom awards were made by the Fund for Social Analysis and the source of income of the Fund for Social Analysis.

In July, 1948, Elizabeth Terrill Bentley, a confessed former espionage agent, testified before the House Committee on Un-American Activities that Harry Magdoff was a member of the Soviet espionage group headed by Victor Perlo and was active in Washington, D. C., in the early 1940's.

NOTE:

This memorandum is classified "Confidential" since it contains information from informants of continuing value which information if divulged could compromise those informants.

See memorandum Bland to W. C. Sullivan, dated 12/31/63, captioned "Norman Rodlich, Security Matter - C," IDH:cad/scp.

1. APPENDIX

NATIONAL COMMITTEE TO ABOLISH
THE HOUSE UN-AMERICAN ACTIVITIES COMMITTEE

The "Guide to Subversive Organizations and Publications" issued December 1, 1961, by the Committee on Un-American Activities, U. S. House of Representatives, page 113, contains the following citation regarding the National Committee to Abolish the Un-American Activities Committee (NCAUAC).

"Cited as a 'new organization' set up in the summer of 1960 to lead and direct the Communist Party's 'Operation Abolition' campaign. Seven of the national leaders of this group have been identified as Communists.

(Committee on Un-American Activities, House Report 1278 on the Truth About the Film 'Operation Abolition,' Part 1, October 3, 1961, p. 5.)"

A source has advised that the NCAUAC changed its name on March 3, 1962, to include the word "House" in its name, thereby becoming known as the National Committee to Abolish the House Un-American Activities Committee.

1.

APPENDIX

"NATIONAL GUARDIAN"

The "Guide to Subversive Organizations and Publications," revised and published as of December 1, 1961, prepared and released by the Committee on Un-American Activities, United States House of Representatives, Washington, D.C., contains the following concerning the "National Guardian":

"National Guardian

"1. 'established by the American Labor Party in 1947 as a "progressive" weekly * * *. Although it denies having any affiliation with the Communist Party, it has manifested itself from the beginning as a virtual official propaganda arm of Soviet Russia.' (Committee on Un-American Activities, Report, Trial by Treason: The National Committee to Secure Justice for the ROSENBERGS and MORTON SOBELL, August 25, 1956, p. 12.)"

[redacted]

1. APPENDIX

NEW YORK COUNCIL TO ABOLISH
THE HOUSE UN-AMERICAN ACTIVITIES
COMMITTEE

On March 9, 1961, a source advised that the New York Council To Abolish the Un-American Activities Committee (NYCAUAC), 150 West 34th Street, New York City, New York, was formed at a meeting held in New York City on November 17, 1960. This organization was founded principally through the efforts of FRANK WILKINSON, Field Representative of the National Committee To Abolish the Un-American Activities Committee (NCAUAC).

A second source advised on September 17, 1952, that FRANK WILKINSON was a Communist Party member as of September, 1952.

A third source furnished on September 14, 1961, a copy of resolutions of the New York Council to Abolish the House Un-American Activities Committee (NYCAHUAC) which were adopted by the NYCAHUAC. One such resolution affirmed the intention to continue to work for the abolition of the House Committee on Un-American Activities (HCUA) and to continue its efforts to broaden the participation in this fight. Another resolution accepted as a modus vivendi the suggestion of the Field Representative of the "National Committee to Abolish the HCUA" (NCAHUAC) namely that local abolition committees may identify and co-ordinate their efforts as closely as they desire with NCAHUAC, still maintaining their autonomy for as flexible and independent a program as possible.

Various sources have advised during March, 1962, that Communist Party (CP) members in the New York City area have been solicited to support activities of the NYCAHUAC during attendance at CP club meetings.

On May 6, 1963, the first source advised that the NYCAHUAC continues to function from its office at 150 West 34th Street, New York City, New York.

[redacted]

APPENDIX

THE FUND FOR SOCIAL ANALYSIS

A source advised in November, 1957, that the Fund for Social Analysis (FSA), formerly known as the Foundation for Marxist Studies (FMS), was established in New York City in November, 1957.

Another source advised on November 2, 1961, that the officers of the FSA are: HARRY MAGDOFF -- President; IRVING KAPLAN -- Treasurer; and ANNETTE T. RUBINSTEIN -- Secretary.

In July, 1948, ELIZABETH TERRILL BENTLEY, a confessed former espionage agent, testified before the Committee on Un-American Activities of the United States House of Representatives that HARRY MAGDOFF was a member of the Soviet espionage group that was headed by VICTOR PERLO and was active in Washington, D.C., in the early 1940's. BENTLEY also testified that IRVING KAPLAN paid dues to the PERLO group, and submitted information to the Silvermaster espionage group which also operated in Washington, D.C., in the early 1940's.

A third source advised in March, 1946, that ANNETTE RUBINSTEIN was a member of the Jefferson Club of the Communist Party (CP) in 1946.

An announcement issued by FSA in April, 1960, stated FSA is an informal organization of individuals interested in aiding Marxist research and offers grants-in-aid for studies of problems posed by Marxist theory and its application. The address of FSA was listed as Room 2800, 165 Broadway, New York 6, New York.

On November 7, 1961, a fourth source advised that the FSA receives mail at Room 2810, 165 Broadway, New York 6, New York.

APPENDIX

THE FUND FOR SOCIAL ANALYSIS (CONT'D)

Information from the second source may not be made public without the usual proceeding following the issuance of a subpoena duces tecum. The person to be subpoenaed is Miss SARA T. MALLOY, Vice President, Amalgamated Bank of New York, 11-15 Union Square, New York City, New York.

APPENDIX

EMERGENCY CIVIL LIBERTIES COMMITTEE

The "Guide to Subversive Organizations and Publications," revised and published as of December 1, 1961, prepared and released by the Committee on Un-American Activities, United States House of Representatives, Washington, D.C., contains the following concerning the Emergency Civil Liberties Committee:

"Emergency Civil Liberties Committee

"1. 'The Emergency Civil Liberties Committee is an organization with headquarters in New York, whose avowed purpose is to abolish the House Committee on Un-American Activities and discredit the FBI. * * * The committee finds that the Emergency Civil Liberties Committee, established in 1951, although representing itself as a non-Communist group, actually operates as a front for the Communist Party. It has repeatedly assisted, by means of funds and legal aid, Communists involved in Smith Act violations and similar legal proceedings. One of its chief activities has been and still is the dissemination of voluminous Communist propaganda material.'

'FRANK WILKINSON was called as a witness when he appeared in Atlanta as a representative of the Emergency Civil Liberties Committee to propagandize against the Committee on Un-American Activities and to protest its hearings. In 1956 WILKINSON was identified as a Communist Party member by a former FBI undercover agent within the party. Summoned at that time to answer the allegation, his reply to all questions was, "I am answering no questions of this committee." This also became his stock reply to questions when he appeared during the Atlanta hearings. * * * WILKINSON has since been convicted of contempt of Congress and sentenced to one year in jail.'

[redacted]

2

APPENDIX

EMERGENCY CIVIL LIBERTIES COMMITTEE (CONT'D)

'Disputing the non-Communist claim of the organization, the committee finds that a number of other individuals connected with the ECLC also have been identified under oath as Communists.
* * *'
(Committee on Un-American Activities, Annual Report for 1958, House Report 187, March 9, 1959, pp. 34 and 35.)

'To defend the cases of Communist lawbreakers, fronts have been devised making special appeals in behalf of civil liberties and reaching out far beyond the confines of the Communist Party itself. Among these organizations are the * * * Emergency Civil Liberties Committee. When the Communist Party itself is under fire these fronts offer a bulwark of protection.'
(Internal Security Subcommittee of the Senate Judiciary Committee, Handbook for Americans, S. Doc. 117, April 23, 1956, p. 91.)"

Dear Mr. Hoover:

Thank you for your letter of March 6, 1964.

Enclosed you will find the "yellow legal cap yellow sheet" Commission Exhibit 110, for appropriate use in conducting the handwriting analysis requested in item number four of my letter dated March 3, 1964.

In the latter letter the Elsbeth Street address was intended to read Dallas rather than Fort Worth.

Thank you for your continuing cooperation in the work of this Commission.

Sincerely,

J. Lee Rankin

Dear Mr. Rankin:

Reference is made to your letters dated March 3, 1964, and March 11, 1964, and to the letter from this Bureau dated March 6, 1964, concerning the "yellow legal cap yellow sheet," Commission Exhibit 110.

On March 11, 1964, a copy of the Commission Exhibit 110 was displayed to George Bouhe and he identified this item as a lesson in English which he had given to Marina Oswald. Bouhe stated that the Russian handwriting appearing on this item is his and that the English handwriting is that of Marina Oswald. Handwriting specimens were obtained from George Bouhe and it has been concluded through handwriting analysis that the Russian handwriting contained on Commission Exhibit 110 was written by George Bouhe. This exhibit is enclosed.

Additional investigation requested in your letter of March 3, 1964, is being conducted and results will be furnished to you as soon as completed.

Sincerely yours,

J. Edgar Hoover

Honorable J. Lee Rankin

NOTE:

The Commission's letter of 3/3/64 advised that Marina Oswald had testified that handwriting appearing on Commission Exhibit 110 was that of Bouhe and that the English handwriting was hers. The Commission requested that handwriting analysis be made to verify Marina's testimony. The handwriting analysis was conducted by Supervisor Cadigan. Other investigation requested by the Commission based on Marina Oswald's testimony is (1) locate two thick books on history of U. S. carefully read by Oswald while residing on Elsbeth Street, Dallas, (2) conduct additional investigation vicinity of Love Field, Dallas, to determine possible location of site where Oswald may have practiced with rifle according to Marina, and (3) ascertain origin and ownership of 15-power telescope and hunting knife furnished to Commission. These three items are being afforded preferred and continuous attention. The Commission's request was for an examination to confirm or refute the alleged fact that the Russian words were written by Bouhe. No question was raised as to the authenticity of the English by Marina Oswald.

Mr. Belmont 3/18/64

A. Rosen

JACK L. RUBY, aka
LEE HARVEY OSWALD, aka - VICTIM
CIVIL RIGHTS

Mr. Howard Willens of the President's Commission called today and advised that he and another attorney would be arriving in Dallas, Texas, at approximately 12 noon on March 19, and would be joined by additional attorneys over the weekend, the purpose of this trip being to take depositions with reference to events which transpired at the Dallas Police Department garage.

In this connection Mr. Willens inquired as to whether it would be possible to have shipped to Dallas the three-dimensional mockup exhibit which had been prepared by the Exhibits Section which is now located at the President's Commission office. He advised that if this could be done they would like to have the exhibit shipped to Dallas and delivered to the office of the U. S. Attorney, Barefoot Sanders, where it will remain during the period that depositions are being taken.

Arrangements have been made with the Exhibits Section to pick up the exhibit at the Commission's office and for it to be shipped in accordance with the above request.

Let to Honorable J. Lee Rankin

NOTE:

On 3/10/64 the letter from Edna Adams, 1610 Taylor Street, Amarillo, Texas, addressed to "The Governor of Texas, Executive Mansion, Austin, Texas," was furnished to the San Antonio Office.

The letter in substance claims Governor Connally of Texas is "godless" and claims Connally was boasting "how he got one President killed." Writer claims President Kennedy would have been alive today if he had not been forced to Texas because of the "politicking" of Johnson and Connally." The writer in substance claimed a trap was used by the Texas Governor and President Johnson to draw former President Kennedy to Texas. Bureau files are negative regarding the writer and dissemination is being made to Secret Service by the Bureau.

Dear Mr. Rankin:

Reference is made to your letter dated March 3, 1964, requesting a transcript of all radio transmissions from local and state police capable of being received in Dallas, Texas, from November 22, 1963, to November 24, 1963.

For your information our Dallas Office has advised the Texas State Police transcript has been obtained. The Dallas Police Department is in the process of compiling the desired information and contemplates having this material completed by March 19, 1964. The Dallas County Sheriff's Office will be unable to commence this project until March 19, 1964, in view of the recent trial of Jack L. Ruby, but expects to have the desired information available by March 25, 1964.

This matter is being followed on a daily basis by our Dallas Office and when all of the desired material is obtained, it will be promptly furnished to you.

TO : Mr. Belmont

DATE: March 17, 1964

FROM : A. Rosen

SUBJECT: PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT

While discussing other matters with J. Lee Rankin of the President's Commission on March 16, 1964, Mr. Rankin brought up the matter of an independent examination of the rifle slug which was found on the stretcher which President Kennedy's body was on in Dallas, as well as bullet fragments found in the President's body during the autopsy at the U. S. Naval Hospital at Bethesda.

Mr. Rankin advised the Commission certainly relied on the examination conducted by the Bureau Laboratory; however, there was strong feeling in the Commission that an independent examination would be advantageous because of the fact that the Bureau had conducted the principal investigation into the assassination of the President as well as having handled the Laboratory examinations. Mr. Rankin advised he was aware of the possibility of a difference of opinion on the part of an outside examiner but nevertheless they felt this independent examination necessary. He indicated he would request the Bureau to handle the delivery of the rifle, bullet and bullet fragments to an independent examiner.

Mr. Rankin was advised that a letter had been prepared by the Bureau and sent to the Commission on March 13, concerning this matter, expressing the Bureau's views concerning this procedure. Mr. Rankin advised he had not seen the letter as yet; however, it was the desire of the Chief Justice for the Bureau to maintain as much control over items of an evidentiary nature as possible to make certain they were not lost. It was suggested to Mr. Rankin that prior to making any final decision as to the procedure to be utilized he might desire to review the Bureau's letter which thoroughly outlined the Bureau's position and Mr. Rankin advised he would do so. The Bureau's position as outlined in the letter of March 13, is that any material to be examined by an independent examiner should be delivered to the Commission by the Bureau and the Commission make all necessary arrangements for handling the delivery of the material to the independent examiner.

Memo to Mr. Belmont from A. Rosen
Re: Assassination of the President

In a separate interview

Mr. Willens stated that probably the first of next week or shortly thereafter teams of attorneys assigned to the Commission staff would be going to Dallas, Texas, to take depositions from a number of witnesses regarding various aspects of the over-all investigation. He advised situations may arise where the Commission representatives would need assistance from our Dallas Office and inquired as to the names of individuals who could be contacted by members of the Commission staff. Mr. Willens was furnished the names of the SAC and ASAC and was told that any requests of the Dallas Office should be handled through them. Appropriate instructions are being issued to the Dallas Office relative to handling contacts by representatives of the Commission staff with the Dallas Office.

The foregoing is submitted for information.

I want any requests made of our Dallas office to be first cleared here.

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20535

Dear Mr. Hoover:

Re: Assassination of President Kennedy

As of December 27, 1963, the FBI Laboratory advised that the paper bag marked Q-10 was not the same type of paper as was used in specimen K-52. Q-10 is identified as the brown wrapping paper in the shape of a long bag which was found near the window from which the shots were fired. K-52 is a replica paper sack made from paper and tape available in the shipping room of the Texas School Book Depository. The report states "it was determined that the paper and tape used for specimen K-52 is different from the paper and tape used for the Q-10 paper bag that was previously submitted in this case." (Gemberling, 1/7/64, "FBI Laboratory Examinations," page 47.)

To the contrary, the supplemental report of the FBI, dated January 13, 1964, at page 4, says

> "The FBI Laboratory examined the brown wrapping paper in the shape of a long bag which was found near the window from which the shots were fired. It was determined that the wrapping paper and the three-inch manila tape used to construct the bag were the same as that used by the Texas School Book Depository." — K2 (D-1)

We are in doubt. Please submit a report in writing from the laboratory as to the tests made and the conclusions drawn.

Sincerely yours,

Letter 3/19/64

MAR 19 3 47 PM '64
REC'D-READING ROOM
F B I

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter of March 12, 1964, concerning the paper bag marked Q 10, identified as brown wrapping paper in the shape of a long bag which was found near the window from which the shots were fired. Your letter refers to paper examinations described in the report of Special Agent Gemberling, January 7, 1964, page 47, and in a supplemental report of this Bureau dated January 13, 1964.

It is pointed out that these two reports relate respectively to the examinations of two different known samples of material, one of which was found to be similar to the material of the bag, Q 10, and the other different, as noted in your letter and as set forth below. Both of these known samples of material, together with the original paper bag, Q 10, were delivered to representatives of the Commission on March 11, 1964, as shown in this Bureau's letter of March 12, 1964.

On the one hand, a supplemental FBI report dated January 13, 1964, covers a comparison of the paper bag, Q 10, with a known sample of paper and tape obtained from the first floor of the Texas School Book Depository on November 22, 1963, and designated as K 2. As stated in this report, the paper and tape used to construct the bag, Q 10, were found to be similar to the known sample materials from the Texas School Book Depository, (K 2). The result of this comparison is also set forth on page 165 of the report of Special Agent Gemberling dated November 30, 1963, a copy of which has previously been furnished to the Commission. (Bulet to Hon. J. Lee Rankin 12/20/63 RDR:mlt)

On the other hand, the report of Special Agent Gemberling dated January 7, 1964, refers to a specimen designated as K 52, a replica sack

ORIGINAL FILED IN

105-82555
JCC:em/dmg
(10)

MAIL ROOM ☐ TELETYPE UNIT ☐

Rogge 5730

made by Special Agents of this Bureau at the Texas School Book Depository on December 1, 1963, from paper and tape available in the shipping room of the Texas School Book Depository. As stated in this report the paper and tape used to construct the bag, Q 10, were found to be different from the paper and tape comprising specimen K 52.

Accordingly, the results are correctly reported in each instance, and there is no conflict between the report of Special Agent Gemberling of January 7, 1964, and FBI supplemental report dated January 13, 1964, since they relate to different materials.

In response to your inquiry as to whether the brown wrapping paper sack was the same color as paper used in the shipping department of the Texas School Book Depository, you are advised that the brown wrapping paper sack, Q 10, was similar in color to the paper used in the shipping department and designated as K 52; however, under ultraviolet fluorescence, both the tape and the paper comprising K 52 were markedly different in appearance from the sack, Q 10. In the case of the other known sample, K 2, from the same building, K 2 not only was similar in color to Q 10, but likewise was similar in appearance under ultraviolet fluorescence, as well as in microscopic and all other observable physical characteristics.

With reference to your inquiry as to whether the sack, Q 10, changed color when treated for fingerprints by the Dallas Police Department, you are advised that the sack, Q 10, did not change appreciably in color when treated for fingerprints by the Dallas Police Department, since a dusting powder was apparently used. After the paper sack, Q 10, was chemically treated for fingerprints by this Bureau there was an appreciable change in the color of the paper resulting from the chemical treatment.

Regarding your request for an opinion as to the source of the paper used to make the brown paper bag, Q 10, as noted above, paper similar to that in Q 10 was available on November 22, 1963, in the Texas School Book Depository (represented by specimen K 2) and, accordingly, the bag, Q 10, could have been made from the materials available in the Texas School Book Depository. However, the paper and tape used to make the paper bag, Q 10, do not contain any watermarks or other significant identifying features to indicate uniquely the actual source of the paper used. Accordingly, since paper and tape of this type are widely used for packaging purposes, similar material could undoubtedly have been obtained from many paper dealers, or from other users.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Rankin:

Reference is made to your letter dated March 12, 1964, requesting photographs of the component items of certain groups of exhibits, as well as translations of certain of these items.

Pursuant to your request, there are enclosed herewith photographs of the component items requested, as well as the desired translations. It is noted that photographs and translations, where necessary, for Items 232 through 240 are being forwarded rather than for Items 233 through 238 as requested in your letter, in accordance with telephonic advice of Mr. Melvin Eisenberg of your staff.

There is attached a list identifying the photographs and translations being forwarded.

Dear Mr. Rankin:

Reference is made to your letter dated March 6, 1964, requesting various items relating to the testimony of bus driver Cecil J. McWatters and cab driver William Wayne Whaley, before the President's Commission.

Enclosed per your request are two copies each of the following documents:

1. Results of interview of Mr. V. C. Snider, Schedule Department, Dallas Transit System, dated March 10, 1964, setting out details concerning "Munger Bus Run Number 1213," with details relating to transfer points.

2. Results of interview of Mr. F. F. Yates, Division Superintendent, Dallas Transit System, dated March 10, 1964, including details regarding the issuance of bus transfers and the distinctive punches issued to drivers.

3. Results of interviews of Mr. J. E. Cook, Foreman, Dallas Transit System Garage, dated March 10, 1964.

4. Results of interview of Mr. J. T. Murry, Superintendent of Maintenance, Dallas Transit System, dated March 10, 1964.

5. Results of interview of Mr. C. W. Eltrich, City Transportation Company, dated March 10, 1964.

6. Bound volume bearing the caption, "Bus and Taxi Exhibits," which contains the following items:

a. Seven photographic views of Dallas Transit System bus number 433.

D-154 { b. Dallas Transit System route map disclosing transfer points.

c. Transfer slip number 4451.

d. Seating arrangement for bus number 433.

e. Four photographic views of City Transportation Company cab number 36.

f. Driver's manifest dated November 22, 1963, for cab number 36.

The enclosed material complies with the request in your letter dated March 6, 1964.

Sincerely yours,

Enclosures (12)

NOTE:

Commission by referenced letter requested the above information to be furnished no later than 3/11/64 to assist in the testimony of McWatters and Whaley. The Commission was advised by Bureau letter 3/10/64 that its failure to afford us sufficient time to obtain the above information might prevent us from meeting the above deadline. It was pointed out that we desire to render complete assistance at all times; however, it would be helpful if they would submit their requests in sufficient time to give them proper handling. This matter was handled by the Bureau in the most expeditious manner possible. The enclosed material completely satisfies the request made in the Commission's 3/6/64 letter.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to my letter to you dated February 26, 1964, concerning Oswald's alleged attempted suicide, particularly concerning a scar or scars on his left wrist as evidence of this alleged suicide attempt.

Enclosed are two copies of a memorandum dated March 4, 1964, at Dallas, Texas, containing information about the alleged suicide attempt. Enclosed also are two copies of a memorandum dated March 18, 1964, together with its attachments consisting of one set of photographic slides (27 slides) and two sets of photographic prints (27 prints in each set) of 27 pictures made at the time of the autopsy of Oswald's body.

There are also enclosed two copies of a memorandum dated March 16, 1964, at Dallas, Texas, containing information pertaining to photographs made at Parkland Memorial Hospital of Oswald while he was in surgery. You will note that the film has not been developed and was impounded by the hospital. The hospital Administrator has said this film would be produced upon receipt of a subpoena duces tecum. This is being furnished for your information in this matter and no further action is being taken.

Further information developed concerning the alleged suicide attempt will be furnished to you as it is received.

Sincerely yours,

HONORABLE J. LEE RANKIN

NOTE:

We mentioned in referenced letter that we were still investigating the alleged suicide attempt. The memorandum of 3-4-64 includes info from the autopsy report of Oswald and particularly the comments of the examining physician as he looked at Oswald's left wrist. The 27 photographs were made of Oswald's body at the time of the autopsy and two of them show his left wrist.

The impounded undeveloped film at Parkland Memorial Hospital consists of nine rolls of 35 mm film. The man who took the pictures does not know how many pictures were actually taken.

Dear Mr. Rankin:

An eight millimeter Keystone motion picture camera belonging to Mrs. Marie Muchmore is in the possession of the FBI Laboratory. This camera was used to take some motion pictures of the assassination that have been previously viewed by the Commission. Mrs. Muchmore has requested that her camera be returned to her by the middle of April, 1964, inasmuch as she has promised the camera to her brother who is going to Europe.

You are requested to advise this Bureau whether this camera can now be returned to Mrs. Muchmore. If you determine that the camera cannot be returned to Mrs. Muchmore, please advise what arrangements should be made with her.

Sincerely yours,

J. Edgar Hoover

200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated March 13, 1964, concerning the reasons for the opinion that holes in the clothing of President Kennedy were either "entrance holes" or "exit holes."

The hole in the back of the coat and the hole in the back of the shirt were in general, circular in shape and the ends of the torn threads around the holes were bent inward. These characteristics are typical of bullet entrance holes.

The hole in the front of the shirt was a ragged slitlike hole and the ends of the torn threads around the hole were bent outward. These characteristics are typical of an exit hole for a projectile.

A small elongated nick was present in the left side of the knot of the tie. This nick may have been caused by the projectile after it passed through the front of the shirt. No additional observations relative to the nick could be made due to the characteristics of the nick.

Sincerely yours,

J. Edgar Hoover

MAR 18 1964

Mr. J. Edgar Hoover
Director, Federal Bureau
of Investigation
Department of Justice
Washington, D. C.

Dear Mr. Hoover:

The U.S. Secret Service has in its possession the windshield which was on the Presidential limousine when the assassination of President Kennedy occurred. This windshield was brought to the Commission's offices on Monday, March 9, 1964, and was used in connection with the testimony of several Secret Service Agents. It has been returned to the Secret Service.

On this windshield, within a red circle, is a marking which was apparently caused by a hard object hitting the windshield. At this point, the windshield appears to be smooth on both sides. We would like your Bureau to examine this windshield to determine whether the object which caused this defect in the glass came from in front of the vehicle or behind the vehicle.

Could you make the necessary arrangements with the Secret Service for the transfer of the windshield. We have advised the Secret Service of this request to your Bureau.

Sincerely,

J. Lee Rankin

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated March 18, 1964, in which it was requested that an examination be conducted to determine whether a marking on the windshield from the Presidential limousine was caused by an object striking the glass from in front of the vehicle or behind the vehicle.

The windshield has been obtained from the U. S. Secret Service and examined. It is laminated safety glass which consists of two pieces of glass bonded together by a plastic interlayer.

The windshield has been struck by an object at the point at which the cracks in the glass join. This point is within the area circled in red on the windshield. The cracks, which radiate from this point, are present only in the outer layer of glass. Minute fragments of glass are missing from the outside surface of the outer layer of glass at the confluence of the cracks. In addition, scrapings, Item C17, were obtained from the inside surface of the windshield in the immediate area of the point of impact and these scrapings were identified as lead.

1 - Dallas (with copy of incoming)
ADDENDUM FOR DALLAS: A separate Laboratory report relative to the examination of the windshield is being submitted to your office.

105-82555
CLK:KO (5)

Honorable J. Lee Rankin

When laminated glass is struck, the piece of glass opposite the side of impact is put into a state of tension which results in cracks in the glass opposite the side of impact. These cracks radiate from the point of impact.

It was therefore concluded that the cracks resulted from the windshield having been struck from the inside; that is, from the rear of the vehicle.

Sincerely yours,

J. Edgar Hoover

MAR 18 1

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
United States Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

Reference is made to my letter to you of February 12, 1964 requesting information on the travel of Lee Harvey Oswald from Mexico City to Nuevo Laredo on or about October 2, 1963 and to your replies dated February 14 and March 6, 1964, the latter enclosing copies of the passenger manifest of the bus purportedly taken by Oswald and the reports of the investigations in connection therewith.

After review of the copies of the manifest and the two reports of investigation, we believe that further investigation is necessary to clarify, and possibly resolve, the questions raised in my letter of February 12, 1964. We believe it is necessary to make additional efforts to determine whether Oswald was in fact a passenger on Transportes Frontera Bus #340. Accordingly, we request that the following investigation be initiated:

1. An effort should be made to locate all of the passengers listed on the manifest, whether their destination was Monterrey or Nuevo Laredo and whether or not their names can be confirmed from the records of the Mexican Immigration Office at Nuevo Laredo. Once located, each passenger should of course be asked if he can identify Oswald, but, failing this, he should at least be asked if he can remember whether one of the passengers on the bus was an American of non-Spanish descent. This last question may be important because Oswald's name appears to be the only non-Spanish name on the entire passenger manifest.

ORIGINAL FILED IN

6 Xerox made
2 cc Dallas
by 3/24/64.
Letter to Commission
3/24/03 JFC, Jr.

MAR 25 1964

NOT RECORDED
126 MAR 26 1964

2. All pertinent records of the United States Immigration Service, as well as the Mexican Immigration Service, at Laredo (or Nuevo Laredo) should be searched for the names of the passengers on the bus other than Oswald who are listed as having had a destination of Laredo. The search of American records should include the records of smallpox vaccinations, issuance of form "I-94's" and all other entry and departure documents which could reasonably relate to persons entering the United States from Mexico on or about October 3, 1963, the day upon which the bus was scheduled to arrive at Laredo.

3. An effort should be made to establish, by handwriting analysis or by re-interview of the Mexican ticketing officials, if practical, whether the name, "Oswld," on the passenger manifest was written by someone other than the person who wrote the names of the other passengers on the list or at least whether the person who wrote "Oswld" did not write most of the other entries on the list.

4. The reverse side of the passenger manifest contains some mathematical calculations. If their significance can be established we may be able to shed further light on whether Oswald was ever issued a ticket. In particular, if the price of the tickets involved could be ascertained, both in pesos and in dollars, perhaps this would explain the computations. In the event that your investigation indicates that Oswald was not a passenger on the bus, we desire that you conduct appropriate investigation to ascertain whether Oswald crossed the border into the United States in an automobile and, if so, the identity of the owner of the car and any passengers who accompanied Oswald.

The entire Mexican aspect of this investigation is one of particular interest to the Commission. In addition to the above investigation, we are also very interested in your continuing attempts to locate and question other guests at the Hotel del Comercio on the same floor as Oswald. It is very likely that representatives of the Commission will be

going to Mexico in the near future on this matter. For that reason we would appreciate your efforts to expedite this investigation.

Thank you for your assistance.

Sincerely,

J. Lee Rankin

Dear Mr. Hoover:

The following persons bear a close physical resemblance to and appear to have been mistaken for Lee Harvey Oswald:

Robert Ahler, (FBI file DL100-10461 and DL44-1639),

Lee Harris, (FBI file SA[illegible]-67), and

Dudley Lee Ferrell, 10150 San Lorenzo, Dallas, Texas, (FBI file 89-43).

In order to help resolve positive identifications of Oswald in improbable places, this Commission would appreciate your providing three copies of appropriate photographs of the above individuals together with a personal history of each including a general account of their activities and whereabouts between September 26, 1963 and January 1, 1964, a detailed statement of their activities on November 21 and 22, 1963, and inquiry into their acquaintanceship with Lee Harvey Oswald, Jack Ruby, employees or friends of Jack Ruby, business enterprises of Jack Ruby, and persons engaged in pro-Castro or anti-Castro activities. The foregoing pictures and reports will be needed by us no later than March 27, 1964.

Sincerely,

Washington, D. C. 20002

Dear Mr. Rankin:

Reference is made to Mr. Malley's telephonic discussion with you on March 20, 1964, and his personal conversation with you on March 23, 1964, concerning your letter of March 18, 1964, which requested certain investigation regarding Robert Ahler, Lee Harris, and Dudley Lee Ferrell in order to help resolve positive identifications of Oswald in improbable places.

It is noted that Mrs. Estelle Jackson, who brought Robert Ahler's name to our attention, stated that Ahler in no way resembles Lee Harvey Oswald, and she furnished no information indicating that Ahler had any knowledge of Oswald, Jack L. Ruby, or the assassination of President Kennedy. The interview with Mrs. Jackson appears on pages 45 and 46 of the report of Special Agent Manning C. Clements made at Dallas, Texas, dated December 31, 1963, in the case entitled "Jack L. Ruby; Lee Harvey Oswald - Victim, Civil Rights." The same interview is also recorded in an identical manner on pages 257 and 258 of the report of Special Agent Robert P. Gemberling made at Dallas, Texas, dated December 23, 1963, in the case entitled "Lee Harvey Oswald, Internal Security - R - Cuba."

SECRET-DISSEMINATION RESTRICTED
MEC'D

FBI
MAR 24 4 37 PM '64
REC'D-READING ROOM

ORIGINAL FILED IN 2711

Honorable J. Lee Rankin

Miss Estella Garza, who furnished information that Lee Harris resembled Oswald, stated that she saw and talked to Harris on November 29, 1963, and he therefore could not be identical to Oswald. She furnished no information indicating that Harris had any knowledge concerning Oswald, Ruby, or the assassination of President Kennedy. The interview with Miss Garza appears on pages 36 and 37 of the report of Special Agent John H. Kenny made at San Antonio, Texas, dated December 4, 1963, in the case entitled "Lee Harvey Oswald, Internal Security - R."

With regard to Dudley Lee Ferrell, it is noted that it was alleged Oswald had been seen at the Dock Ford Motor Company, New Braunfels, Texas, on November 14, 1963. The company's records indicated that this individual was D. L. Ferrell, Dallas, Texas. Upon interview, Dudley Lee Ferrell, a supervisory employee of the Dallas Post Office, advised that he had been at the Dock Ford Motor Company on November 14, 1963. Information concerning this matter including the interview with Mr. Ferrell appears on pages 543 through 545 of the report of Special Agent Robert P. Gemberling made at Dallas, Texas, dated December 10, 1963, in the case entitled "Lee Harvey Oswald, Internal Security - R."

In accordance with your discussion with Mr. Malley on March 23, 1964, no investigation will be conducted regarding the above items unless an additional request is received from the Commission.

Sincerely yours,

J. Edgar Hoover

NOTE: The letter from the Commission, received 3-19-64, requested extensive investigation of three individuals because they allegedly bear a resemblance to Oswald. We immediately reviewed the files and determined that these individuals have already been eliminated as having any connection with the case and no further investigation appears warranted. This was telephonically discussed with Rankin on Friday, 3-20-64, who said he wanted to review the request before discussing it personally. On 3-23-64 it was personally discussed with Rankin who agreed the investigation should not be conducted at this time.

UNITED STATES GOVERNMENT

Memorandum

TO : MR. CALLAHAN DATE: 3-24-64

FROM : L. J. GAUTHIER

SUBJECT: PRESIDENT'S COMMISSION
ASSASSINATION OF PRESIDENT KENNEDY
VISUAL AIDS

Mr. J. R. Malley spoke to me about a call he received from Mr. Howard Willens, President's Commission, on 3-23-64, concerning the preparation of visual aids. He asked that I discuss the call directly with Willens.

Willens advised that the visual-aids prepared by the FBI are constantly a great help to Commission members, staff attorneys and witnesses. He mentioned how additional copies of the brochures would facilitate the work of the Commission. He stated that they had originally requested one copy of the brochures dealing with the Texas School Book Depository, the Paine-Randle Homes and the bus and taxi exhibits and that they received two copies. He realizes that a request now for additional copies of the above-mentioned brochures might interfere with the early completion of the brochure dealing with the killing of Officer Tippit. According to Willens, the Commission has subpoenaed eyewitnesses to the Tippit killing to give testimony on 3-26-64, and visual aids depicting this incident are urgently needed at that time. Originally the Commission asked for these visual aids by 4-1-64.

Mr. Willens understands that in order for the FBI to adequately fulfill its responsibilities to the Commission for the preparation of time-consuming visual aids, it will be necessary that firm delivery dates be known and further that sufficient copies of each exhibit be requested to facilitate the work of the Commission.

March 24, 1964

By Courier Service

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated March 16, 1964, in which you requested a report of the results of the examination by the FBI of the President's automobile.

On the morning of November 23, 1963, a detailed search of the President's automobile was conducted at the White House Garage in Washington, D. C., by Laboratory personnel. This search was conducted for the purpose of locating any bullets or bullet fragments for examination. Three small metal fragments, Item Q16, were found on the rear floor carpet of the automobile. Metallic residues, Item Q17, were observed on the inside surface of the windshield at the cracked area and these residues were removed. It was subsequently determined by spectrographic analysis and was reported that the three metal fragments and metallic residues were similar in composition to the lead of the core of the bullet fragment, Item Q2, which had previously been found on the front seat cushion by the Secret Service.

62-109090

A dented area was located on the inside surface of the windshield chrome molding, at the top near the center, which was possibly produced by a bullet or bullet fragment.

Your request for a verbal description of the assassination scene and a contour map of the immediate area is being handled by separate letter.

Sincerely yours,

J. Edgar Hoover

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Enclosed for your information are two copies each of two photographs of a $5 Federal Reserve Note, Serial Number L 21731500 C, Series 1950 C, which was found in the receipts of the Yuma Greyhound Club, Yuma, Arizona, on the morning of March 8, 1964.

Mr. Clifford B. Allore, manager of the above club, advised the $5 Federal Reserve Note had been received at one of the pari mutuel betting windows on the evening of either March 6, or March 7, 1964. During the morning of March 8, 1964, while his clerks were checking the betting receipts one of them turned this note over to him inasmuch as it contained notations which the clerk thought might have some connection with the assassination of President Kennedy.

Mr. Allore stated it would be impossible to determine which betting window had received the note, pointing out there are twenty-four such windows and that on the evenings of March 6, and March 7, 1964, there were in excess of 2000 persons present at the track.

ENCLOSURE

This note was furnished to a representative of this Bureau at Yuma, Arizona, on March 8, 1964, and forwarded to our office in Phoenix, Arizona. It was immediately transmitted to the FBI Laboratory in Washington, D. C.

The writing and hand printing on the $5 note were searched through our anonymous letter file and no identification was effected. The writing and hand printing were

1 - Mr. C. D. DeLoach
1 - Mr. W. C. Sullivan
1 - Mr. I. W. Conrad
1 - Mr. R. E. Lenihan
1 - Mr. J. C. Cadigan

Honorable J. Lee Rankin

compared with the known handwriting and hand printing of Lee Harvey Oswald and it was concluded that Oswald did not prepare the writing on the note.

The wording appearing on the face of this note is as follows: On the left side, "Johnson for Pres. Kill Kennedy at Dallas." The "J" in the name "Johnson" is a printed letter on the note itself. To the right side of the printed "J" is the printed number "12" and immediately following the number "12" is the handwritten word "shots." Below the printed number "12" on the lower left corner of the note is the word "o'clock." Around the portrait of Lincoln in the center of the note is the wording "Use a British Rifle Shoot at Dallas Texas." On the right side of the note is the wording "Shoot twice to be sure." On the back of the note is the wording "Shoot between the eyes in parade Kill Kennedy dead."

The underlined words cannot be definitely determined but represent the most likely possibilities.

The above information is being made available to the United States Secret Service in Washington, D. C.

The $5 note is being retained by our Laboratory and will be returned to Mr. Allore, in accordance with his request, when no longer required. No further action is being taken in this matter in the absence of a specific request to the contrary from you.

Sincerely yours,

J. Edgar Hoover

Enclosures (4)

LET TO HONORABLE J. LEE RANKIN

NOTE:

For details see FD-302 submitted by Phoenix dated 3/10/64; C. D. DeLoach to Mr. Mohr memo dated 3/12/64, captioned, "Greyhound Park, Yuma, Arizona, $5 Bill Located 3/7/64; Assassination of President Kennedy," REW:amr; as well as W. D. Griffith to Mr. Conrad memo dated 3/18/64, captioned "Assassination of John Fitzgerald Kennedy, Dallas, Texas, 11/22/63, Miscellaneous - Information Concerning," JCC:fa.

In view of the circumstances under which this note was made available to the Phoenix Office and the fact that the writing appearing on the note cannot be identified in the Bureau's anonymous letter file which makes it impractical at this time to conduct active investigation to locate the individual responsible for placing the writing on the note and unless in receipt of a specific request to the contrary from the President's Commission, no further action is contemplated. The note will be returned to Mr. Allore when the President's Commission terminates its inquiry into the assassination and providing a request to the contrary is not received.

U. S. Secret Service is being advised separately.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 3/25/64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY,
11/22/63, DALLAS, TEXAS

As a matter of information, SA Cortlandt Cunningham delivered to the President's Commission on 3/17/64, the C14 assassination rifle.* At the time of delivery, the scope which is mounted on the rifle was in the same condition as when it was received originally from the Dallas Police Department.

On 3/24/64, SA Robert A. Frazier, while in a pretestimony conference at the President's Commission, observed that the field of view in the scope had been greatly reduced due to the possible loosening of one of the lens in the scope. Mr. Frazier immediately brought this to the attention of Mr. Melvin Eisenberg, a member of the staff, and Mr. Eisenberg was advised that this condition occurred subsequent to the rifle's delivery to the Commission. Eisenberg acknowledged this possibility.

UNITED STATES GOVERNMENT

Memorandum

TO: Mr. Belmont

FROM: A. Rosen

DATE: 3/25/64

SUBJECT: THE PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT

ASAC Kyle Clark of Dallas telephonically advised he had just received a request from a member of the President's Commission now operating in Dallas to interview one John Martin, Superintendent of Safety, U. S. Post Office, Dallas. Martin apparently contacted the U. S. Attorney's office in Dallas where the Commission staff is operating from and indicated he had some information relating to his observations on the day of the assassination. Martin alleged he had never been interviewed. According to ASAC Clark, the staff member requested the FBI interview Martin and furnish the staff in Dallas with a copy of the results of the interview.

Martin was previously contacted on 12/3/63 by an Agent of our Dallas Office in connection with some movie film Martin took of the assassination scene. Martin stated he had already turned this film over to a representative of "Life" magazine. At this time Martin furnished no additional information or gave any indication he had any additional information relating to the assassination.

Subsequent inquiry made by us has established Martin's film was of absolutely no use to our investigation. The results of our contact with Martin are set forth in reports previously furnished to the President's Commission.

ASAC Clark stated that Martin, like many others, is apparently now "recalling" pertinent facts in view of the presence of staff members of the Commission in Dallas.

RECORDED
MAR 30 1964

ACTION:

In view of the request Dallas was instructed to interview Martin for full details regarding his alleged pertinent data and to apprise him of the fact he had been previously contacted by our office.

RECOMMENDATIONS:

That a copy of the results of the interview of Martin be furnished to the Commission staff in Dallas since this information will be subsequently reported and disseminated to the Commission here in Washington, and that Dallas be advised.

NOTE:

The Commission by letter 2-12-64 requested that we obtain copies of medical records of Fanny Rubinstein, mother of Jack Ruby, available at Elgin State Hospital, Elgin, Illinois. This was done and results submitted to Commission 2-18-64. One portion of the records submitted set forth a column listing certain institutions which appeared to be references. The Commission requested that we identify the institutions and obtain any records on Ruby's family available at these institutions. All institutions listed were identified and records available were obtained and are being forwarded to the Commission.

Dear Mr. Rankin:

Reference is made to your letter dated March 12, 1964, concerning an article written by Mr. Bob Considine which appeared in the February 23, 1964, issue of the "New York Journal-American."

Enclosed for your assistance are two copies of a self-explanatory communication from our Dallas, Texas, Office dated March 23, 1964.

This concludes our inquiries into this matter.

Sincerely yours,

NOTE:

Commission, by referenced letter, referred to above item wherein one Warren Reynolds, a witness to Oswald's shooting of Dallas police officer J. D. Tippit, was in turn shot by an intruder in his auto concern. Dallas PD suspect, Darrell Wayne Garner, was absolved from involvement in the shooting of Reynolds "primarily" because of the testimony of Betty (Mooney) MacDonald, allegedly a stripper at Jack Ruby's Carousel Club. Subsequently, MacDonald is reported to have hung herself. The Commission requested "a full report." Purpose of Commission's request is not known; however, Reynolds was witness to Tippit shooting. Reynolds is recovering. Investigation by our Dallas Office through the Dallas PD substantially corroborates Considine's story with the exception his story is somewhat sensationalized. Based on our investigation MacDonald was never employed by Jack Ruby and there is no apparent connection with this matter and our investigation.

Dear Mr. Rankin:

Receipt of your letter of March 11, 1964, requesting photographs of Curtis LaVerne Crafard and information available regarding the current whereabouts of Crafard is herewith acknowledged. The photographs were furnished to the Commission on March 20, 1964.

Curtis LaVerne Crafard appeared as a defense witness in the trial of Jack L. Ruby at Dallas, Texas, on March 12, 1964. Investigation determined that Crafard stayed at the Dallas City Mission on the nights of March 10, 11, and 12, 1964, but was then turned away because he had overstayed the maximum allowable time at the Mission and because he appeared to be in a drunken condition. Crafard spent the night of March 14, 1964, at a fourth-rate hotel in the downtown area of Dallas.

Samuel David Ruby, brother of Jack Ruby, on March 19, 1964, advised that he had learned through his sister, Eva Grant, that Crafard had slept at the Big D Copa Night Club, formerly the Carousel Club, which is now closed. Crafard departed Dallas, Texas, at 9:00 a.m. on March 18, 1964, stating that he was hitchhiking to Dallas, Oregon, where he could be located at 1219 Birch Street. He said that he might not arrive in Dallas, Oregon, for about two months as he did not wish to reach Oregon until warm weather.

MAR 26 4 32 PM '64
RECD-READING ROOM
FBI

55 MAR 27

Honorable J. Lee Rankin

Mrs. Hugh Crafford, 1219 Birch Street, Dallas, Oregon, advised on March 17, 1964, that she had last heard from her son, Curtis, around March 10, 1964, when she received a letter from him requesting that his W-2 (income tax) Withholding Statement be sent to him in care of his sister, Cora Belle Ingersoll, 307 East Seventh Street, Clare, Michigan. She forwarded the requested statement and has not heard from Curtis since that time.

Mrs. Cora Belle Ingersoll was interviewed at Clare, Michigan, on March 16, 1964, and advised that she saw Curtis LaVerne Crafard when he left Clare, Michigan, on March 5, 1964, hitchhiking. He indicated that he was en route to Dallas, Texas.

We will continue to maintain contact with Crafard's relatives and to conduct appropriate investigation in an effort to locate Curtis LaVerne Crafard. You will be promptly advised when his specific whereabouts are determined.

Sincerely yours,

J. Edgar Hoover

NOTE:

The Commission by letter 3/11/64 requested that we furnish photographs of Crafard and information that the Bureau might have as to his whereabouts inasmuch as they expect to subpoena Crafard sometime after 3/23/64. The photographs were furnished directly to the Commission on 3/20/64. Crafard, who is a drifter, is hitchhiking between Dallas, Texas, and Dallas, Oregon. We have contacted and placed stops with all relatives, all offices en route, the Identification Division, and other logical stops in an effort to locate Crafard. It is noted Crafard's original name was Craford and when interviewed he stated that when he entered the Army they spelled his name Crafard and he has retained that spelling ever since. Other members of his family use the original spelling. The President's Commission is aware of this difference as they received a copy of the report reflecting the interview with Crafard.

Dear Mr. Rankin:

You are referred to my letter to you of February 26, 1964, regarding coverage of the public appearances of Mark Lane and Marguerite Oswald.

Enclosed for your information are several items regarding Lane's appearance recently in Philadelphia, Pennsylvania:

(1) Four reels of tape recording of Lane's remarks on the evening of March 11, 1964, at the Ethical Society Hall, South Rittenhouse Square, Philadelphia. These reels were made by this Bureau from reels furnished us by Radio Station WHIL in Philadelphia. 62-109040

NOT RECORDED
199 MAR 30 1964

(2) Two copies of a [illegible] from our Philadelphia Office dated March 13, 1964, regarding the above-mentioned meeting at which Lane spoke. Your attention is called to information on page five of this communication indicating that Lane stated he had spoken on the afternoon of March 11, 1964, at Haverford College, Haverford, Pennsylvania. This Bureau is unable to furnish you with recordings of this talk; however, you will also note on page five that Lane indicated he had spoken to the students at Haverford College from the same speech he had read to the audience on the evening of March 11, 1964.

(3) One reel of tape recording of Lane's appearance on Radio Station WFMI, Philadelphia, on March 12, 1964.

The following items are enclosed regarding the appearance of Lane at Amherst College, Amherst, Massachusetts:

(1) Four reels of tape recording of Lane's talk at Amherst College on March 12, 1964, which were made available to this Bureau through the confidential cooperation of Dr. Calvin H. Plimpton, President of Amherst College.

(2) Two copies of a communication from our Boston Office dated March 18, 1964, regarding Lane's appearance at Amherst College.

Also enclosed are two reels of tape recording of a speech by Lane which was broadcast by Radio Station KPFA, Berkeley, California, on the afternoon of March 15, 1964. For your information this speech was originally given by Lane at California Hall, San Francisco, on February 8, 1964, and a recording of it was broadcast on March 15, 1964. A communication from our San Francisco Office regarding the previous appearance by Lane on February 8, 1964, was forwarded to you by my letter of March 3, 1964.

In addition, there are enclosed two copies of a communication from our Los Angeles Office dated March 16, 1964, setting forth information received concerning Lane.

Upon removal of the classified enclosure, this letter becomes unclassified.

Sincerely yours,

E. Edgar Hoover

Enclosures - 17

NOTE:

For President's Commission request, we are covering Lane's appearances. Material being sent by this letter received

CONFIDENTIAL

Honorable J. Lee Rankin

NOTE CONTINUED:

in Philadelphia letter 3/17/64, Boston airtels 3/18/64, and Los Angeles airtel 3/16/64 all captioned "Lee Harvey Oswald, IS - R - Cuba," and San Francisco airtel 3/18/64 captioned "Mark Lane, Sd - C." Letter to the Commission being classified "Confidential" since data set forth in letterhead memorandum from Los Angeles is from informants of continuing value in security investigations who, if identified, could be compromised and thus result in injury to the national defense.

Recording of Lane's appearance at Haverford College on afternoon of 3/11/64 not obtained due to the fact that [redacted] established source of the Philadelphia Office associated with [redacted] advised that a misunderstanding occurred between him and the Radio Station at Haverford College regarding tape recording of Lane's talk. [redacted] advised that both he and the Haverford College Radio Station believed the other would record Lane's talk and as a result neither did. A confidential source advised that Lane indicated he had given the same speech at Haverford College that he gave at the Ethical Society Hall on the night of 3/12/64, a recording of which is being furnished to the Commission by this letter. Lane's appearances at Philadelphia, Amherst, and his talk broadcast in San Francisco continues to follow the line of his thinking that he does not see how Oswald could have killed President Kennedy citing information from so-called witnesses who claim that the assassination shots came from in front of the car and the doctors' report at the Dallas Hospital that President Kennedy had been shot from the front. Lane also continues to state that he has "serious doubts" about the investigation currently being conducted by the Dallas Police Department, the FBI, the Secret Service and the Warren Commission. Lane also complains that the Warren Commission is holding the hearing behind closed doors and that the manner in which the Commission is hearing facts in the case is contrary to the traditions of American jurisprudence.

UNITED STATES GOVERNMENT

TO : Mr. Belmont

DATE: March 24, 1964

FROM : A. Rosen

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, NOVEMBER 22, 1963
DALLAS, TEXAS

Teletype from Dallas dated March 20, 1964, set forth information indicating that members of the President's Commission staff were in Dallas and were going to interview a number of the employees of the Texas School Book Depository Building. Teletype also mentioned a number of interviews were being conducted by the FBI and that based on a contact by the Dallas Office with Mr. Howard Willens of the President's Commission, who was also in Dallas at the time, had indicated that there was no duplication of effort.

By way of background the President's Commission by letter dated March 13, 1964, requested that a signed statement be obtained from each person known to have been in the Texas School Book Depository Building on November 22, 1963, and they outlined exactly what information they desired covered in the signed statement.

The matter of duplication of effort was taken up with J. Lee Rankin on the evening of March 23, 1964, and Mr. Rankin immediately called Mr. Howard Willens into his office for this discussion. It was pointed out to Mr. Rankin and Mr. Willens that we had received the Commission's request on March 16, 1964, to contact all employees of the Texas School Book Depository Building and take signed statements covering certain requested items and that on Friday, March 20, 1964, members of the Commission's staff were at the Texas School Book Depository Building interviewing individuals that had been or were being interviewed by Bureau personnel. It was pointed out that if the members of the Commission's staff were going to be interviewing some of the same people that we were interviewing, this appeared to be a waste of time and that we would like to hold up any additional interviews on the part of the Bureau and let the staff attorneys handle these interviews.

Mr. Rankin advised that he did not understand the work going on in Dallas to be a duplication of effort, but he certainly did not want any duplication of effort and asked Mr. Willens to explain exactly what was going on.

- Mr. Sullivan
Belmont

62-109090

ORIGINAL FILED IN 62-109090

72 APR 3

Memorandum to Mr. Belmont
RE: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

Mr. Willens advised he was thoroughly acquainted with the letter of March 18, 1964, that had been sent to the Bureau requesting all employees of the Texas School Book Depository Building interviewed and signed statements obtained. He stated that there had been five interviews at the Texas School Book Depository Building by the Commission staff members. He advised the purpose of these interviews was in connection with their appearance before the President's Commission for a hearing in Washington, D. C. and that the interviews made by the staff members did not cover the information that the Bureau had been requested to obtain in the form of signed statements. He stated the staff members covered information set forth in prior interviews with these individuals. He advised that there was absolutely no duplication of effort in this instance, but stated he understood why this impression might have been deducted in that Bureau employees and staff members were interviewing at the same location and the same date. It was pointed out to Mr. Rankin that this matter had been called to our attention by Mr. Roy S. Truly, the warehouse superintendent of the Texas School Book Depository Building and that he obviously felt there was duplication and that was why he called to the Bureau's attention the interviews of his employees by the Commission staff members. Mr. Rankin stated that he regretted the interviews were taking place simultaneously, but he wished to assure that there had been no duplication and that he was doing everything possible to see there was no duplication of effort. He commented that he was well aware of the tremendous amount of work the Bureau had been doing and that he certainly did not want a duplication of effort.

Mr. Rankin then inquired as to the status of the interviews of the employees of the Texas School Book Depository Building by the Bureau and he was advised this matter was being handled as rapidly as possible and results would be furnished to him upon completion. In this connection the Dallas Office will have these interviews completed later today or early tomorrow morning and expect to have the results in the mail on the evening of March 25, 1964.

Foregoing submitted for information.

Dear Mr. Rankin:

Reference is made to your letter dated March 18, 1964, relating to the testimony of Mr. Mark Lane before the President's Commission. Mr. Lane alleged that a week prior to the assassination a meeting took place at the Carousel Club which was attended by Mr. Bernard Weissman, Dallas Police Officer J. D. Tippit and Mr. Jack Ruby.

Enclosed for your assistance are two copies of a communication from our Dallas, Texas, Office dated March 24, 1964, setting out the results of our inquiries into this allegation. The information contained in the enclosed communication was compiled from a review of investigation previously conducted by this Bureau and incorporated in investigative reports, all of which have been furnished to the President's Commission. The specific information relating to the individuals referred to in the enclosed communication came from the below listed reports as indicated.

1. Report of Special Agent Manning C. Clements dated November 30, 1963, at Dallas captioned, "Jack L. Ruby aka; Lee Harvey Oswald aka (deceased) - Victim, Civil Rights."

Mrs. Eva L. Grant
Mr. Stanley F. Kaufman

This concludes our inquiries into this particular allegation.

Sincerely yours,

Enclosures (2)

NOTE: In the above referenced Commission letter Lane allegedly identified Ruby as the third member at this meeting before the Commission's executive session. Lane is also reported to have stated he was endeavoring to obtain from his "source" permission to reveal the name of the source to the Commission. However, the Commission indicated Lane had not recontacted them with regard to the identity of this source and that they were to communicate with him to establish whether he was in a position to reveal the name of the source. The enclosed information based on our investigation to date, discloses that no information has been developed by this Bureau indicating that such a meeting ever took place or that such a meeting was ever likely. This

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 3/24/64

FROM : Mr. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY, 11/22/63, DALLAS, TEXAS

Special Agent Robert A. Frazier, Firearms Unit, FBI Laboratory, conferred with Mr. Melvin Eisenberg, an Attorney of the President's Commission, on March 24, 1964. This conference was held at Mr. Eisenberg's request at the Commission's Office. The conference began at 10:30 a.m. and ended at 3:30 p.m.

Mr. Eisenberg will be responsible for soliciting testimony of the firearms examiners before the Commission beginning on March 31, 1964. He desired to go over the firearms' testimony prior to the appearance of the examiners before the Commission. Mr. Frazier and Mr. Eisenberg discussed the assassination rifle, C14, as to its mechanism, origin, significance of manufacturer's marks on it and as to its accuracy and speed at which it could be fired. The characteristics of the telescopic sight were discussed as well as the quality and origin of the ammunition used in the assassination. With reference to the ammunition, Mr. Eisenberg was interested in bullet trajectory, muzzle energy and muzzle velocity. In connection with all of the above matters, Mr. Eisenberg was particularly interested in determining whether or not the firearms examiner who testified before the Commission would have in his possession at that time his original notes and any charts, photographs or diagrams necessary to his testimony. Mr. Frazier assured him that such would be the case, since this is the procedure invariably followed by the examiners in the FBI Laboratory and that the notes would be complete in every respect so that any questions the Commissioners may have in connection with the firearms identification, ballistics accuracy tests or other matters in their field of operations could be answered.

SUBJECT: PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT

At 2:20 p. m. today, in the absence of Mr. Malley, SA Scatterday took a call from Mr. Howard Willens of the President's Commission. Willens stated that he had another "unreasonable" request to make. He stated he would like to have delivered within the hour, if possible, the six bullets from Oswald's revolver which he identified as C 51 through C 54, C 137 and C 138.

This request was relayed by SA Scatterday to Assistant Director Conrad who checked and advised these were unfired cartridges and they would be furnished to the Commission immediately.

At 3:00 p. m. SA Scatterday advised Mr. Willens that the exhibits were en route to him.

Dear Mr. Hoover:

A light gray jacket with zipper (Commission Document # 162; FBI # C-60) was found on Jefferson Street, Dallas, November 22, 1963. It bears laundry mark 30030 (Commission Document # 5, page 352) on the collar of the jacket. Will you please have this laundry mark checked with Dallas laundries for the purpose of identifying the owner of the jacket. It has been identified by certain witnesses as the jacket of Oswald, but we would prefer a more exact identification.

Sincerely,

B I

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

On March 25, 1964, Mr. Burt Griffin of your staff telephonically advised a representative of our Dallas Office that he had interviewed Sergeant P. T. Dean of the Dallas Police Department the previous night. Dean reportedly stated he had a call from a Ralph Simpson, Victoria, British Columbia. Simpson advised that he had photographs of the assassination and wanted to know what to do with them. Dean reportedly instructed Simpson to forward the film to the President's Commission, but Simpson indicated he did not desire to do that and would send the film directly to Dean.

Mr. Griffin requested that if the Bureau does not have this film, immediate contact be made with Simpson for interview to determine the circumstances surrounding his taking the film.

On March 25, 1964, Sergeant Patrick T. Dean, Patrol Division, Dallas Police Department, advised that on March 24, 1964, at about 4:45 a.m., a collect call was received at City Hall (Dallas Police Department) from Ralph Simpson, Victoria, British Columbia. The call was accepted when it was learned that Simpson allegedly had information concerning the assassination of President Kennedy.

Simpson advised Sergeant Dean he was in Dallas on November 22, 1963, and took pictures of the President's car at the time he was shot. He believed he got the Texas School Book Depository in the background. According to Sergeant Dean, Simpson described his camera as an expensive one with a wide angle scope

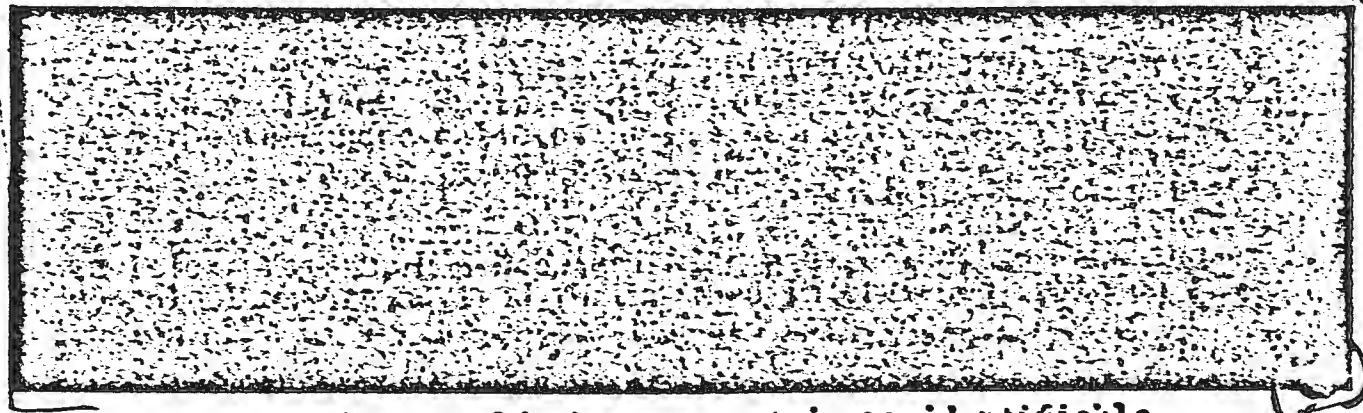
lens." Simpson claimed he had not developed the film and did not know exactly what was depicted in the photographs. Simpson stated he had been talking to his attorney, Batter (phonetic), and that Batter had instructed him to contact the Dallas Police Department.

According to Sergeant Dean, he told Simpson that he should contact the President's Commission and send the pictures to them. Simpson claimed he did not want to contact the President's Commission and that he would send the film air mail to Sergeant Dean on March 25, 1964.

Sergeant Dean had the call traced and determined that it was placed from telephone number 384-3780, listed to R. H. W. Suele, 1141 Caledonia Street, Victoria, British Columbia.



The files of this Bureau contain no identifiable reference to Ralph Henry William Suele.

The above is submitted for your information and no further action is contemplated.

Sincerely yours,

J. Edgar Hoover

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 3/26/64

FROM : J. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY, DALLAS, TEXAS, 11/22/63

As you will recall the Dallas Office recently submitted the three bullets from Officer J. D. Tippit's body which had been obtained from the Dallas Police Department. The Laboratory has completed the examination of these bullets and the results are set forth below. The President's Commission is being advised of the results by letter and is being furnished photographs of the bullets. The Dallas Police Department is being furnished a report of the results. The Dallas Office is being given a teletype report as well as a copy of report to Dallas Police Department along with photographs of the evidence.

The three bullets are .38 Special bullets which had been fired from a barrel rifled with five lands and grooves, right twist. A portion of the surface of each bullet is mutilated; however, microscopic marks remain on these bullets for comparison purposes. The bullets were compared with each other and with test bullets obtained from Oswald's revolver. No conclusion could be reached as to whether or not these bullets were fired from the same weapon or whether or not they were fired from Oswald's revolver. In addition, it was found that even consecutive .38 Special bullets test fired from the C15 revolver could not be identified with each other. In this connection, it should be noted that the barrel of C15 was designed for .38 S & W bullets and, therefore, it is slightly larger in diameter than barrels designed for .38 Special bullets. Firing of undersized bullets could cause erratic passage of the bullets down the barrel, resulting in individual microscopic characteristics which are not consistent. The barrel of the weapon could also be changing due to the accumulation of lead in the barrel or to wear.

NO APR 1 1964

Memorandum to Mr. Conrad
Re: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, DALLAS, TEXAS,
11/22/63
62-109060

That one or both of the above conditions existed is apparent from the fact that consecutive .38 Special test bullets obtained from the C15 revolver could not be identified with each other.

Smith and Wesson revolvers such as Oswald's revolver are among the weapons producing general rifling characteristics of the type found on the three bullets.

The lead alloy in the Winchester-Western copper-coated bullets (2 of the 3 submitted bullets) and the Western copper-coated bullets loaded into some of the cartridges obtained from Oswald's revolver, Oswald's pocket and the U. S. Secret Service were found by spectrographic examination to have the same elements. Also, the lead alloy in the Remington-Peters bullet (the third bullet) was found to have the same elements as the lead alloy in the Remington-Peters bullets comprising the remainder of the afore-mentioned cartridges.

The three bullets are being furnished the President's Commission at its request so that the Commission may have them examined by an outside source per the previous request of Mr. Melvin Eisenberg.

ACTION:

Dear Mr. Rankin:

Reference is made to your letter dated March 26, 1964, concerning a conversation with Mr. Sebastian F. Latona of this Bureau relating to nineteen identifiable latent fingerprints and six identifiable latent palm prints found on cartons near the sixth floor window of the Texas School Book Depository Building.

For your information, employees of the Texas School Book Depository Building were not fingerprinted or palm printed by this Bureau, the United States Secret Service or the Dallas Police Department. Mr. Roy S. Truly, warehouse superintendent, Texas School Book Depository Building, advised to his knowledge employees were never fingerprinted.

Based on available descriptive data on persons known to have been in the Texas School Book Depository Building on November 22, 1963, a check was made of the files of the Identification Division, Federal Bureau of Investigation. Based on these descriptions, fingerprints were located for the following persons who may be identical with employees of the Texas School Book Depository Building:

1. Haddon Spurgeon Aiken
2. Jack Charles Cason
3. Barron Caster
4. Jack Edwin Dougherty

11. Joe B. Molina
12. Edward Shields
13. Joyce Maurine Stansbery
14. Roy Sanson Truly
15. Lloyd R. Viles
16. Troy Eugene West

No palm prints of the above individuals are available in the files of the Identification Division, Federal Bureau of Investigation. The fingerprints of the above individuals were checked against the afore-mentioned nineteen identifiable latent fingerprints and no identification was effected.

This concludes our inquiry into this particular matter.

Sincerely yours,

NOTE:

Commission in above letter requested we determine as far as possible without taking new fingerprints whether any of above latents made by persons employed in the Texas Schoold Book Depository Building (TSBD) on 11-22-63. Commission requested reply by 3-31-64. Dallas advised SAIC Forrest V. Sorrels, U. S. Secret Service, Dallas Office, and Lt. Carl Day, Crime Laboratory, Dallas Police Department, advised employees of TSBD not fingerprinted We did not fingerprint employees. Based on some 70 signed statements obtained from individuals at TSBD on 11-22-63, by Dallas in connection with another Commission request, a name check was made by Ident with above indicated results.

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
11/22/63
DALLAS, TEXAS

PURPOSE:

To recommend the attached letter be sent to the President's Commission in response to its requests dated 3/6/64 and 3/12/64 and to supplement information furnished the Commission by Bureau letter 3/12/64.

BACKGROUND:

Mr. Rankin of the Commission by letter 2/21/64 stated Representative Gerald R. Ford (R-Mich.) had requested he ascertain how the press got hold of the photograph of Lee Harvey Oswald carrying the rifle and wearing the pistol. Inquiries by our Dallas Office indicate the source of this photograph was the Dallas Police Department who made numerous copies and did not control the dissemination. It was further established that "Life" purchased the rights to the photograph for $5000 through Marina Oswald's former business manager James Herbert Martin. This photograph has received wide circulation nationally and internationally. The Bureau by letter dated 3/12/64 furnished the Commission with the results of our investigation up to that time.

During the above investigation the Bureau received two additional letters from the Commission dated 3/6/64 and 3/12/64 requesting additional investigation regarding this

photograph. The first letter requested investigation of allegations made during the Commission testimony of James Herbert Martin that the photograph was obtained by "Life" and "The Detroit Free Press" through a "leak in the Commission." The latter letter requested we obtain a copy of the photograph used by these publications apparently so the Commission could establish whether there was, in fact, a "leak" within the Commission.

Based on our investigation it would appear all of the photographs emanated from the Dallas Police Department and the Commission did not "leak" the photograph. Mr. Eugene Roberts, a reporter for "The Detroit Free Press," will not furnish us the identity of his source and the assistant managing editor of "The Detroit Free Press" advised our Detroit Office he did not desire to expend the effort necessary to locate the photograph unless he knew the reasons the Commission desired the photograph since it was obvious to him the Commission should have a copy of the same photograph used by his newspaper and that it would have no evidentiary value to the Commission.

Officials of "Life" say they obtained the photograph from "an enterprising young man in the Dallas Police Department" and they do not have the photograph which they originally purchased since it has been returned to their original source. The results of Bureau investigation are being enclosed with the letter to the Commission.

RECOMMENDATION:

That the attached letter with enclosed investigation from our Detroit, Dallas and New York Offices be transmitted to the Commission.

NOTE TRANSMIT

OSWALD FILE

MR. TROTTER 3-23-64

C. S. Voelker

PRESIDENTIAL COMMISSION
ASSASSINATION OF PRESIDENT KENNEDY

Eisenberg (?)

Mr. Milton Eisingberg of the Presidential Commission Staff visited the Identification Division 3-23-64. The writer and the Supervisor of the Latent Fingerprint Section, Mr. Sebastian F. Latona, reviewed with him the latent fingerprint work in this case. Mr. Eisingberg indicated that testimony would be required before the Commission on April 1st or 2nd and he would like charts of the two latent impressions found on the paper wrapper: charts of the lift of the one latent from the gun barrel and charts of the three latent impressions from the cardboard cartons. He would like these charts to be completed by Friday, March 27, 1964, so that he might review them in detail with Mr. Latona who made the original examinations.

Mr. Eisingberg further explained that the Commission had decided that in matters involving expert testimony two independent experts would be asked for their opinion. In this case the Commission has selected the New York City Police Department as the second expert agency to testify in latent fingerprint matters. He inquired what arrangements could be made to have the material furnished the New York City Police Department. Mr. Eisingberg was advised that since this additional testimony should be completely independent the best means would be to furnish photographs of the latent impressions and known fingerprint and palm prints of Oswald for transmittal to which ever department he intended to contact concerning their views. Mr. Eisingberg agreed that this arrangement would be satisfactory.

RECOMMENDATIONS:

1. That we proceed with preparing requested charts and make available Mr. Latona for testimony at the Commission's request.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 3-12-64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY; 11-22-63
DALLAS, TEXAS

By arrangement through Inspector J. R. Malley, Mr. Howard Willens of the President's Commission telephoned on 3-11-64, to arrange for representatives of the Commission to microscopically view the bullet and cartridge case evidence involved in the assassination of President Kennedy.

In accordance with the above arrangement, Mr. Melvin Eisenberg and Mr. David Belin came to the Laboratory on the afternoon of 3-11-64 to view the evidence. Preliminary to viewing the evidence, it was explained to them that the interpretation of bullet and cartridge case examinations depended upon a detailed and searching analysis and correlation of all microscopic phenomena appearing on the bullet or cartridge case by an expert in the field of firearms identification. Very little could be accomplished by a layman making a casual observation other than see the complexity of the examination. It was apparent that one of the objectives of the visit was to determine the best manner in which to present the firearms identification information to the members of the Commission. After observing several items of evidence under a microscope, both Eisenberg and Belin commented that it was indeed a very complex subject for a layman and stated that very little could be gained for members of the Commission to view the evidence in this manner.

During the course of the discussion, Mr. Eisenberg indicated that it was the Commission's understanding that in addition to the one bullet submitted to the Bureau from the body of Officer J. D. Tippit (shot to death by Oswald), other bullets had been recovered from the body of Officer Tippit. Eisenberg requested that, if possible, the Bureau arrange to obtain any such additional bullets from the local authorities and that such bullets be compared with Oswald's revolver. In this regard, Dallas has advised that immediately subsequent to the shooting, an offer of Laboratory assistance to the local authorities was extended by the Dallas Office in this local murder of Tippit.

ORIGINAL FILED IN 62-109060-2763

Mr. Jevons to Mr. Conrad
RE: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
11/22/63, DALLAS, TEXAS

One bullet, several cartridge cases, and Oswald's revolver were subsequently submitted for such examination. The cartridge cases recovered near the scene of the shooting were identified with Oswald's revolver; however, because of mutilation, the bullet was not susceptible of identification. The Commission now desires that similar examination be made of any other bullets from Tippit's body which may be in the custody of local authorities. Eisenberg was advised that necessary action would be taken to explore the possibility of securing these bullets from local authorities on behalf of the Commission. Eisenberg indicated that this request would be confirmed in writing.

During the further course of the discussion, Mr. Belin advised that inasmuch as it appeared that almost all of the investigation in this matter had been conducted by the FBI, and since the firearms identification was crucial to the case, the Commission felt that there was merit in having the firearms evidence examined by some other organization and was considering making such a request. Under any other circumstances a comment of this kind would have been the basis for an immediate discontinuance of FBI Laboratory cooperation and service; however, Belin was merely advised in this instance that any decision as to such a course of action, of course, was strictly up to the Commission. We did, however, point out that, as the Commission has previously been advised by letter, the firearms identifications in this case had been performed independently by several of our top firearms examiners and that these examiners had independently arrived at the same conclusions of identification.

At the conclusion of the visit, Mr. Eisenberg advised that the Commission was also contemplating asking for official testimony of the FBI firearms expert before the Commission, as well as similar testimony from other FBI experts involved in the handwriting, the fabric and the powder residue examinations of the evidence in this case. He indicated that such testimony would probably be required during the week beginning March 23, 1964, or alternatively beginning March 30, 1964.

On the following day, March 12, 1964, during a continuation of the conferences, Mr. Eisenberg advised that the Commission had now definitely decided that they wished to have an independent examination of the firearms evidence and he advised that Mr. Rankin had instructed him to request the FBI to deliver the firearms evidence to Mr. Ronald Simmons, Weapons System Division, Fort Meade, Maryland, for this purpose on a date to be specified by the Commission in the near future. Eisenberg did not raise the subject of possible outside independent examinations of the other evidence in the case, but if the Commission follows the same theory that it is necessary for independent examinations to be made, they will undoubtedly extend their request to additional evidence in the future, such as the handwriting and the fabric examinations.

Mr. Jevons to Mr. Conrad
RE: ASSASINATION OF PRESIDENT JOHN F. KENNEDY
11/22/63, DALLAS, TEXAS

The question of whether an independent re-examination is to be made is one for the Commission to decide, and apparently the Commission has decided that they desire an independent examination, on the theory that they want a finding independent of the FBI. While we are, of course, mindful of the Director's instructions that we are to comply completely with all the Commission requests, it is respectfully suggested that in a situation of this type the Bureau will prefer to have the evidence delivered to the Commission and let the Commission then arrange all details of any such independent re-examination, including delivery to the independent agency. This would then preserve the independent nature of any such re-examinations throughout and would completely eliminate the possibility of any future allegation that the FBI exerted influence on the independent examiner selected by the Commission.

ACTION:

(1) Dallas has been requested by teletype to obtain any additional bullets from Tippitt's body which may be available and forward them to the Bureau for examination on behalf of the Commission.

(2) It is our feeling that it is undesirable for this Bureau to act as the transmission belt in delivering any evidence to outside examiners pursuant to the Commission's request. A proposed letter setting forth these views is attached.

UNITED STATES GOVERNMENT

Memorandum

1 - Belmont
1 - Mohr
1 - DeLoach
1 - Rosen

TO : W. C. Sullivan

DATE: March 25, 1964

1 - Malley
1 - Sullivan
1 - Coakley
1 - Branigan
1 - Lenihan
1 - J. M. Sizoo

FROM : W. A. Branigan

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Reference is made to memorandum from Mr. Branigan to Mr. Sullivan dated 3/16/64 captioned as above which sets forth an analysis of articles on the assassination of President John F. Kennedy and Lee Harvey Oswald by Thomas Gittings Buchanan, Jr., recently appearing in the Paris newspaper, "L'Express." Referenced memorandum advised that Buchanan worked for the "Washington Evening Star" as a reporter from 1946 to 1948 when he admitted Communist Party (CP) membership to an official of that paper and was dismissed. Buchanan admitted CP membership to Bureau Agents in 1952 and 1953, but in 1956 claimed that he had left the CP. His name is carried on the Reserve Index.

An article by Buchanan in the March 12, 1964, issue of "L'Express" has been received from Legal Attache Paris and translated and reviewed. The article, entitled "Oswald and the FBI," deals with what other irresponsible individuals and newspapers have alleged: namely, that Oswald was an informant for the FBI and/or the Central Intelligence Agency (CIA).

Buchanan bases his speculation of Oswald's alleged relationship with the FBI on Oswald's employment with the Texas School Book Depository, Dallas, Texas, reasoning from an inaccurate and false premise that the Depository is "under the jurisdiction of the Dallas Government." Actually the Depository is a private concern which receives and dispenses books to schools and other customers. Buchanan claims that it would have been impossible for Oswald, known for his prior defection to the Soviet Union and his public activities as a "Marxist" in behalf of Castro, to have been "hired by the City (of Dallas) administration," since Dallas is "the most anticommunist city in the most anticommunist State." Buchanan alleges that Oswald could not have worked a single month for the city unless "a personage in a rather high position" had advised the Depository that despite the stories about Oswald, "We would like for him to work in your employ." The implication is, of course, that the Bureau was interested in having Oswald hired.

193

Buchanan states that the FBI not only "shadowed" Oswald, but also attempted to utilize him as indicated by Buchanan's unsubstantiated charge that Oswald was distributing Fair Play for Cuba Committee literature for the FBI in New Orleans in the Summer of 1963. Buchanan points to other so-called "evidence" of Oswald's association with the FBI, including, (1) the note Oswald possessed with the name of Special Agent James P. Hosty (Dallas Office), the Dallas Office address and telephone number, and Hosty's Government car license number; (2) the stories appearing in the "Philadelphia Inquirer" of December 8, 1963, and the "Houston Post" of January 1, 1964, apparently based on the unfounded statements which we believe came from Assistant District Attorney William Alexander of Dallas County, Texas, that Oswald was being recruited by the FBI and/or CIA; and (3) the mistaken belief expressed by Carlos Bringuier, member of the anti-Castro exile community in New Orleans, that Oswald was being used by the FBI and/or CIA to check on the anti-Castro exiles.

Buchanan, following the line of communist propaganda, blames the Bureau for having knowledge of Oswald's background and activities and for not placing his name on the list of persons to be placed under surveillance in the course of President Kennedy's visit to Dallas.

Buchanan also states that the FBI was not the only Federal agency interested in Oswald. He states that organizations, such as CIA, were also interested in him. Buchanan bases this claim on the fact that Oswald applied for a passport on June 24, 1963, in New Orleans and received it on June 25, 1963, the following day. According to Buchanan, with Oswald's known subversive background, it is impossible to explain how he received the passport so rapidly without intervention by a Government organization, which he implies could have been CIA. Buchanan also implies that financial support by the United States Government would have been necessary for Oswald's proposed return to the Soviet Union and for his trip to Mexico in the Fall of 1963, inasmuch as he had very little money.

There has been much unfounded speculation printed in both the communist and noncommunist press concerning Oswald's relationship with the FBI and/or CIA. Buchanan's article "Oswald and the FBI" consists of a rehash of previous news reports concerning the assassination, previous false reports on Oswald's alleged status with the FBI and/or CIA, as well as the practice of drawing inferences that are not warranted. In view of the fact that Buchanan is utilizing previously publicized material regarding Oswald's alleged association with the FBI and/or CIA and has presented no new basis for the charge, he will not be interviewed. However, his future articles in "L'Express" will

be obtained, translated and reviewed. A copy of the March 12, 1964, article by Buchanan and two copies of a translation thereof are being furnished the President's Commission by attached letter. In the future copies of the future articles and translations will also be furnished.

RECOMMENDATION:

That the attached letter to the President's Commission be approved.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 3/30/64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63; DALLAS, TEXAS

In my memorandum of 3/20/64, I advised that Mr. Eisenberg of the Commission's staff stated that he was making arrangements to turn the firearms evidence over to a Mr. Ronald Simmons, Weapon Systems Division, Defense Department, Aberdeen, Maryland, for re-examination.

Recently, during the course of a conversation on another matter, Eisenberg mentioned that Simmons was to determine the accuracy of the assassination weapon by a technique of firing the weapon a number of times from a stable rest and from the resulting target pattern determine the relative accuracy of the weapon when fired by different people of varying abilities. This appears to be primarily a statistical problem which the Weapon Systems Division should be in a position to do. There is no information in Bufiles identifiable with Ronald Simmons.

Also at this time, Mr. Eisenberg advised that Joseph D. Nicol, Superintendent, Criminal Identification and Investigation, Illinois Department of Public Safety, Springfield, Illinois (previously reported 3/23/64) was only to handle the firearms identification aspects. According to Bufiles, Joseph D. Nicol was appointed Superintendent by Governor Otto Kerner on 8/25/61. Bufiles also show that Nicol has been a faculty member at the Michigan State University since 1957 where he taught criminalistics in the School of Police Administration. Previously, he had established and directed the crime detection laboratories in Pittsburgh and Allegheny County, Pennsylvania and in Miami, Florida for the Dade County Sheriff's Office. From 1941 through 1951, it is reported that Nicol did microanalysis, instrumental analysis, firearms identification and comparative micrography for the Chicago Police Department Scientific Crime Detection Laboratory with two years' absence while serving in the U. S. Navy during World War II. A news item (3/23/63) reported that Nicol advised that most of the equipment, personnel and facilities of the present State Criminal Identification and Investigation Bureau in Springfield, Illinois, will be moved to a new building in Joliet, Illinois.

ACTION: For information.

Dear Mr. Hoover:

We would very much appreciate it if you would:

(1) Provide us with the report on the examination conducted by the FBI on the President's automobile on November 23, 1963.

(2) Provide us with a verbal description of the assassination scene, indicating the width of the streets and sidewalks, the angles of the streets, theheights of the buildings at the intersection of Elm and Houston Streets in Dallas, and a general verbal description of Dealey Plaza. This description should reflect the declining angle on Elm Street. To accomplish that we would also appreciate it if you could provide us with a contour map of the immediate area.

NOTE: The Commission on 3-18-64 in letter to the Director requested a report of the examination conducted by the FBI on the President's automobile on November 23, 1963. This was handled by the FBI Laboratory on 3-23-64. The second request contained in this letter involved a verbal description of the assassination site together with a request to be provided with a contour map of this area. The material required to comply with this request had to be obtained by Gauthier while in Dallas and also additional information developed by Agents on 3-23-64.

MAR 26 1964

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D.C. 20535

Dear Mr. Hoover:

Cecil J. McWatters, a bus driver employed by the Dallas Transit Company, testified before the Commission on Thursday, March 12, 1964.

He stated that on November 23, 1963, he had identified a number 2 man in the line-up at the Dallas police station as a man who had been on his bus on November 22, 1963. He now advises us that he was mistaken, that the young man he was thinking of is a "teen-ager" named Milton Jones. Mr. McWatters has seen this boy on the Marsalis bus several times since the date of November 22, 1963. The boy gets off the bus, which goes south on Marsalis, in the vicinity of Brownley. He lives within two blocks of the bus line, attends school half days, and has a part-time job.

The Commission would appreciate your conducting an appropriate investigation to identify and interview the person described by Mr. McWatters.

Sincerely,

J. Lee Rankin

Memorandum

TO : Mr. Conrad

DATE: 3/27/64

FROM : W. D. Griffith

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Today a letter dated 3/26/64 was received from The Commission requesting translation of "enclosed letter and questions from Paul Sites to Marina Oswald." There were no enclosures received with this letter and pursuant to Mr. Belmont's request I contacted Mr. Eisenberg at The Commission today and advised the enclosures were not received. He stated he would look into the matter immediately.

At the time of this call Mr. Eisenberg requested that the Laboratory expert who had examined the paper bag believed to have been used by Oswald in transporting the rifle from his home in Irving, Texas, to the Texas School Book Depository should be at The Commission at 1:30 P. M., Monday, 3/30/64 for discussion concerning his examination. The expert who handled this examination is SA James C. Cadigan and Mr. Eisenberg was advised that Cadigan would be at The Commission at the time requested.

Mr. Eisenberg also requested that three color sketches prepared by Government pathologists depicting the course and direction of the bullets that struck the President be delivered to The Commission before 1:00 P. M., Monday, 3/30/64. He requested that color photographs of these original exhibits also be delivered to The Commission at that time. I assured him this would be done.

RECOMMENDATION: None. This is for information.

Memorandum

TO : Mr. Conrad

DATE: 3/27/64

FROM : W. D. Griffith

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
REQUEST OF THE PRESIDENT'S COMMISSION

Mr. Melvin Eisenberg of The President's Commission called SA Shaneyfelt today and inquired about the approximate time between the first and third shots as obtained from Laboratory examination of the motion picture film and as a result of reviews made of the film by members of the Commission and representatives of the FBI and Secret Service. SA Shaneyfelt advised Mr. Eisenberg that the initial Laboratory report stated that the elapsed time between the first and third shots was approximately 5 to 6 seconds.

Mr. Eisenberg stated that SA Frazier of the FBI Laboratory was making some studies for him and needed an approximate time figure to use in these studies. He asked that SA Shaneyfelt have SA Frazier use 5.555 seconds in any calculations he makes regarding the elapsed time between the first and third shots. Mr. Eisenberg realizes there is a 1/2 second leeway on each side of this figure.

2-109010 SA Frazier was given this information.

RECOMMENDATION: For information only.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated March 3, 1964, which requested that certain investigations be conducted by this Bureau based on the Commission's review of the testimony of Marina Oswald before the Commission. Item number six in your letter concerned a "15 power telescope" (which is identical to our Evidence Item Number C-75) and a "hunting knife with a 4-5 inch blade" (which is identical to our Evidence Item Number B-5) and you requested efforts be made to determine whether these two items belong to the Paines and, if not, an attempt be made to trace their origin and ownership.

This telescope bears the identifying information "15X Telescope Wollensak Rochester U.S.A." On March 11, 1964, a photograph of this telescope was shown to Michael Ralph Paine and he stated it belongs to him.

This knife is 8¾ inches in over-all length and has a four-inch blade. The blade bears the stamped inscription "Imperial Prov. R.I. USA." A small figure representing a crown appears over the second "i" in the word "Imperial." It has a black and gold striped handle and it is contained in a sheath.

On March 11, 1964, Michael Ralph Paine and Ruth Paine were shown a photograph of this knife and both stated it is not their property and added that they could not recall ever having seen it. Both stated they did not know to whom this knife belongs.

REC'D-READING ROOM
ORIGINAL FILED IN

Honorable J. Lee Rankin

Mr. Joseph R. Fazzano, Corporation Secretary and Officer in Charge of Sales, Imperial Knife Company, Incorporated, Imperial Place, Providence, Rhode Island, was shown a photograph of this hunting knife and was provided with an oral description of it. On the basis of this information he advised that this knife is a product of his company, identical to Imperial Stock Item Number H-36 DS and he made available a sample of that knife. From a comparison of the two knives it has been determined that the Evidence Item Number D-5 knife was manufactured by the Imperial Knife Company. This conclusion is based on an identification of the manufacturer's stamping appearing on the blade. These two knives are identical with respect to over-all length, blade length, manufacturer's inscription and construction characteristics. The sheaths are identical in construction and composition.

Mr. Fazzano advised that the H-36 DS knife retails for $1 and these particular knives are distributed to jobbers throughout the United States. Retail outlets served by the jobbers include hardware, drug, tobacco, grocery and automobile supply stores, as well as supermarkets. He pointed out that this knife is normally produced with a black and silver striped handle, but that during the period from August to November, 1963, it was made with a black and gold striped handle. More than 50,000 of this particular type of knife, with black and gold striped handle, were produced and distributed throughout the United States. Fazzano stated that since these knives do not bear a serial number or other individual identifying markings, there would be no way to trace a particular knife to a purchaser through a retail outlet or jobber.

In view of this information no further action with respect to this knife will be taken by this Bureau in the absence of an additional request from you.

Additional investigation requested in your letter of March 3, 1964, is being conducted and the results will be furnished to you.

Sincerely yours,

J. Edgar Hoover

Note:

The Commission's letter requested investigation concerning 6 items. This completes our inquiry concerning four of those items. The remaining two items are (1) locate two thick books on history of U. S. read by Oswald while residing on Elsbeth Street, Dallas, and (2) conduct additional investi-

Pursuant to prior Bureau approval, arrangements were made with the Atomic Energy Commission (AEC) to examine the paraffin casts from Lee Harvey Oswald by neutron activation analyses. The work was conducted at the Oak Ridge National Laboratories, Research Reactor Site, Oak Ridge, Tennessee. This installation is operated for AEC by Union Carbide Corporation on a contract basis. The Union Carbide personnel at Oak Ridge who worked with the FBI examiners on this matter were Dr. Frank F. Dyer and Mr. Joel F. Emery. Administrative details for these examinations were handled by Mr. William S. Lyon of the Union Carbide Corporation.

These analyses were made to determine if the paraffin casts from Oswald which were made, chemically treated and washed by the Dallas law enforcement authorities bear any primer deposits from the rifle cartridge cases found in the Texas School Book Depository Building following the President's assassination.

As a result of these examinations, the deposits found on the paraffin casts from the hands and cheek of Oswald could not be specifically associated with the rifle cartridges. Elements (barium and antimony) were found on the casts; however, these same elements were found in powder residues from both the above rifle cartridge cases and from the revolver cartridge cases which were fired from Oswald's revolver reportedly between the time of the assassination and the time of apprehension.

No characteristic elements were found by neutron activation analyses which could be used to distinguish the rifle from the revolver cartridges.

SOVIET SECTION

Mr. Jevons to Mr. Conrad
Re: LEE HARVEY OSWALD
IS - R

In view of the fact that the paraffin casts were not made until after the reported firing and handling of the fired revolver, no significance could be attached to the residues found on the casts other than the conclusion that barium and antimony in these residues are present in amounts greater than would be expected to be found on the hands of an individual who has not recently fired a weapon or handled a fired weapon.

A Laboratory report is being furnished to the Dallas Office and a letter setting forth these results is also being furnished the President's Commission.

ACTION:

Dear Mr. Rankin:

Reference is made to my letter dated January 10, 1964, advising that arrangements were made with the Atomic Energy Commission to process by nuclear analytical techniques items relating to the assassination of President Kennedy.

The paraffin casts from Lee Harvey Oswald were examined by neutron activation analyses at the Oak Ridge National Laboratories, Research Reactor Site, Oak Ridge, Tennessee.

These analyses were made to determine if the paraffin casts from Oswald which were made, chemically treated and washed by the Dallas law enforcement authorities, bear any primer deposits from the rifle cartridge cases found in the Texas School Book Depository Building following the President's assassination.

As a result of these examinations, the deposits found on the paraffin casts from the hands and cheek of Oswald could not be specifically associated with the rifle cartridges. Elements (barium and antimony) were found on the casts; however, these same elements were found in residues both from the above rifle cartridge cases and

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
11/22/63
DALLAS, TEXAS

PURPOSE:

That the following information concerning Glenn T. Carthron, Jr., be furnished to the Attorney General and the President's Commission. Carthron made allegations based on a "voice from God" that James Riddle Hoffa "triggered" the assassination of President Kennedy by obtaining $1,500,000 from the Teamsters Pension Fund and paying this amount to Jack Ruby who procured the services of Lee Harvey Oswald to carry out the assassination. Investigation continuing and dissemination is being made to the Attorney General and the President's Commission.

BACKGROUND:

Mr. Robert Hickey, former Departmental attorney, reported he received information from Robert Cleary, an executive with Weaver Brothers, Inc., Washington, D. C., that an old Army friend of Cleary's named Glenn T. Carthron, Jr., had related a fantastic story concerning Hoffa taking $1,500,000 from the Teamsters Pension Fund and paying it to Jack Ruby who procured the services of Lee Harvey Oswald to assassinate President Kennedy. Carthron sought Cleary's assistance to arrange an interview with the Attorney General to relate this story. Washington Field Office interviewed Cleary, Mr. Edwin W. Hanger and Mr. William C. Lord, the latter two are associated with the American Security and Trust Company, all of whom are former associates of Carthron.

Memorandum to Mr. Belmont
RE: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY

These gentlemen related similar stories which in substance was Carthron while in Philadelphia, Pennsylvania, residing at a hotel stated a light came through the transom and a voice spoke to him saying that Hoffa triggered the assassination and "I am God." Carthron was reported to say there was a bomb in his car while in Philadelphia and he then left his automobile and proceeded to Washington by bus. Carthron was described as highly excitable, very nervous and Hanger advised Carthron appears to have a mental problem. Mr. Cleary advised Carthron wanted him to make an appointment with the Attorney General to obtain permission to charge Hoffa with the murder of President Kennedy and if he did not receive permission he was going to order a submachine gun and "shoot Hoffa's head off." Cleary said he feels Carthron is a violent person and was possibly in the same category as Jack Ruby who would take the law into his own hands to revenge the Presidents assassination, contending that Hoffa bears the responsibility for it.

OBSERVATIONS:

It appears Carthron is a violent mentally disturbed person. Leads are currently outstanding to locate and interview Carthron to determine if his allegations have a basis. Bureau files reveal no record concerning Glenn T. Carthron, Jr. Bureau files reveal a case entitled "Unknown Subject; Theft of Government Owned Property Issued in the Name of Glenn T. Carthron, U. S. Treasury Department, Alcohol and Tobacco Tax Unit." This file does not indicate whether there is any relationship involved.

RECOMMENDATION:

If approved, the attached letter to the Attorney General and a letter to the President's Commission with enclosures be forwarded indicating additional investigation is being conducted to resolve this matter.

SUBJECT: LET FREEDOM RING COMMITTEE
POST OFFICE BOX 645
SARASOTA, FLORIDA

On 3-18-64 representatives of our Newark Office listened to a recording by dialing a phone registered to Dr. Forster G. Ruhl in Summit, New Jersey. The recording commenced with the phrase "Let Freedom Ring," and concluded with a request for funds to be sent to the Eye Opener, Box 645, Sarasota, Florida" (the same address for the captioned organization). The recording charged: 1. That Fidel Castro threatened to break relations with Mexico if Mexican authorities attempted to investigate Oswald. 2. Jack Ruby is reported to have been in Havana, Cuba. 3. Oswald's apartment was close to Ruby. 4. Congressman Boggs has an interesting communist front record. Minutes after the assassination, Boggs, Walter Reuther and Earl Warren appeared on radio and TV and denounced the John Birch Society. 5. The American people will probably never know how much they owe to the Federal Bureau of Investigation. There are rumors afoot that the Warren Commission, which is a brazen usurpation of the investigative powers of Congress, will attempt to turn the investigation into a smear of the Federal Bureau of Investigation and its Director, J. Edgar Hoover.

On 3-22-64 an Agent of the New York Office advised that a telephone, YU 7-4343, listed to Mrs. Frank C. Tobin, Staten Island, New York, had a recorded message in the form of a letter to the Director of the FBI. The message alleged that if Earl Warren is assassinated, he will be assassinated by a communist and for further proof of this refer to the assassination of President Kennedy by a communist. The message stated that Warren is worth more to the communist cause dead than alive as the communists always murder their friends when it will serve a useful prupose. The recording asked that Director Hoover help keep Warren alive so that he can be impeached.

62-10K10988

5 APR 8 1964

OBSERVATIONS:

The recordings obviously emanate with the Let Freedom Ring Committee of which William Campbell Douglass is chairman. The recording emanating in New Jersey adds nothing new to our investi-

WAB:hrt

ORIGINAL FILED IN

1 SEC 3

MEMORANDUM FOR MR. BELMONT
RE: LET FREEDOM RING

gation of Lee Harvey Oswald and the allegations are some truth and unconfirmed rumors. The allegation that there are rumors that the Warren Commission will attempt to turn the investigation into a smear of the FBI and its Director, J. Edgar Hoover, is, of course, designed to solicit public support by using the names of the Director and the FBI for the Let Freedom Ring Committee.

The recording emanating in Staten Island concerning the assassination of Chief Justice Earl Warren is but a repetition of an open letter, a copy of which has previously been received and analyzed by the Bureau.

William Campbell Douglass is described as an irresponsible person with propensities for making unfounded statements. In a speech in Tampa, Florida, early in March, 1964, he reportedly stated that when Let Freedom Ring was being organized in Sarasota, the "Sarasota Herald Tribune" reported that he was being investigated by the FBI. According to Douglass, the FBI did investigate but actually the investigation was directed toward the "Sarasota Herald Tribune" and the FBI let it be known that they did not appreciate criticism of patriotic organizations. It has been previously recommended and approved that Douglass not be contacted concerning the statements made by him in the speech. In the same vein, it would not appear to be in the best interests of the Bureau to interview the New Jersey and Staten Island representatives of Let Freedom Ring since quite obviously they would use such contact to promote their own interests.

ACTION:

There is no basis here for investigating the Let Freedom Ring Committee or its representatives and it is inadvisable for the Bureau to contact them concerning their activities.

The allegations concerning Oswald are not new and would be of no interest to the President's Commission. The allegations re Chief Justice Warren cannot be interpreted as a personal threat to him and, therefore, there is no need to make any dissemination to him.

THIS SERIAL HAS BEEN REFERRED TO ANOTHER AGENCY AND IS IN A PENDING STATUS:

FILE NO. 62-109090

NO. OF PAGES 1

SECTION NO.

1

CIA

REFERRAL

[redacted]

reviewed them and that they contained nothing of any significance regarding the investigation of Lee Harvey Oswald. One letter, written about June 5 at New Orleans by Marina, indicates that Lee Oswald wanted to send Marina back to Russia. She said she recalled sometime in the latter part of March, 1963, Marina told her Lee wanted to send her back to Russia. She said the tone of conversation and the letter indicated to her that Lee did not intend to return to Russia himself. At that time she declined to make these letters available because they contained a great deal of personal talk regarding personal difficulties both in the marriage of Mr. and Mrs. Paine and in the marriage of Lee Harvey and Marina Oswald. She stated that she did not desire that the contents of these letters be made public and if she furnishes them to the Commission, it will be with the understanding that they are not to be made public.

On 3-31-64 when she was contacted, Mrs. Paine advised that when she appeared before the President's Commission, she was required to turn the letters over to the Commission in whose possession they now remain. In addition, the letters were read into evidence as part of her testimony. Mrs. Paine recalled that prior to her appearance before the President's Commission she had exhibited these letters to Isaac Don Levine who she understood could read the Russian language.

According to SAC Shanklin, Marina Oswald was contacted 3-31-64 and she advised that she has not signed any contract with Levine to write a book nor has she authorized him to write about her. Marina stated that she has talked to Levine on several occasions about her own background and the background of Lee Harvey Oswald but she has entered into no agreement with Levine to write any articles.

On 3-31-64 [redacted] was contacted by Agents of the New York Office and she advised that the letters referred to by her were, according to her understanding, presently in the possession of the President's Commission but these letters had been exhibited to Isaac Don Levine by Mrs. Paine. According to [redacted] it is her understanding that Levine is preparing an article for "Readers Digest."

[redacted]

MEMORANDUM FOR MR. SULLIVAN
RE: LEE HARVEY OSWALD

It will be noted that Isaac Don Levine appears in "Who's Who in America." He is a writer, born in Russia in 1892. He collaborated with General Walter Krivitsky, a Soviet defector, who was later found mysteriously dead in a hotel room in Washington in the late 30's. Levine's most recent book "The Mind of an Assassin," was published in 1959 and dealt with the murder of Leon Trotsky. We have had previous contact with Levine and he maintains a residence in Waldorf, Maryland.

ACTION:

In view of the above, it is recommended that we advise the President's Commission of the circumstances of our interview with Mrs. Paine on 3-6 and the circumstances of our interview with her on 3-31-64 when she advised that she had turned the letters over to the President's Commission. The Commission should also be advised that Mrs. Paine has admitted showing these letters to Isaac Don Levine and of the fact that we have an allegation that Levine, who is writing a book concerning Lee Harvey Oswald, allegedly had access to letters, the existence of which had never been made known to any U.S. Government authorities.

The letter should then point out that if the Commission has been furnished these letters as stated by Mrs. Paine, we would appreciate receiving copies of them if they contain data of interest to our investigation.

Attached is a suitable letter to the Commission in line with the above.

CIVIL RIGHTS

The President's Commission by letter dated March 30, 1964, has requested that we interview the companions of Marguerite Vea Riegler mentioned in her interview of November 25, 1963, (report of SA Clements dated November 30, 1963, page 67) with respect to the events described by Miss Riegler in that interview together with any other information that they may have concerning Lee Harvey Oswald and Jack Ruby and persons associated with them.

Immediately upon receipt; locate and interview the companions of Miss Riegler as requested by the Commission. Any additional logical inquiry indicated in the interviews which would shed light on this matter should also be conducted.

Submit results of interviews by airtel enclosing appropriate interview report forms (FD-302's) within five days of receipt of this communication in order that they may be appropriately disseminated to the President's Commission. The interview report forms should also be included in your next report.

MH/ras
(4)

NOTE: Miss Riegler, a student at SMU, Dallas, Texas, on 11/25/63 advised that she was at Phil's Delicatessen, Dallas, Texas, on the night of November 22, 1963, in the company of R. Silverman, Bill Nichols, Dennis Martin, and Bob Sindelor, who are also students at SMU. She observed a man in the delicatessen who she, on 11/25/63, identified as Ruby after having seen his photograph on television. Our investigation has established that Ruby was in Phil's Delicatessen on the night of 11/22/63 where he bought the sandwiches which he later furnished to the employees of the Dallas Radio Station.

April 2, 1964

By Courier Service

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

In accordance with the request on March 30, 1964, of Mr. Melvin Eisenberg, paraffin tests were conducted with the assassination rifle, C14, by the FBI Laboratory.

The paraffin test consists of pouring warm paraffin over the hand or cheek, peeling the paraffin cast off and testing the inner surface of the paraffin for the presence of any gunpowder residues. The reagents used in this test, however, are not specific for only gunpowder residues and will react positively with most oxidizing agents. Oxidizing agents that will react are also present in such common substances as fertilizer, urine, tobacco and others, as well as gunpowder residues. In prior experiments conducted by the FBI Laboratory, it has been found that the paraffin test is unreliable as to whether a person recently fired a weapon, since in some instances, positive reactions were obtained on casts from the hands of persons who had not fired weapons and no reactions were obtained on casts from the hands of persons who had fired weapons.

Before conducting the tests with the assassination rifle, control paraffin tests of the right cheek and both hands were conducted on a Laboratory examiner who had thoroughly washed his face and hands and who had not recently fired a weapon. The paraffin casts were then treated with diphenylbenzidine, a sensitive reagent for the detection of most oxidizing agents. Numerous positive reactions were noted on the casts of both hands.

105-82555

NOTE: The above results and limitations of the examinations were set forth in memorandum Jevons to Conrad 3/31/64. Above request made orally.

and no reactions were noted on the cheek cast. It is pointed out that warm paraffin can remove the foreign matter that is present on the skin or in the pores.

The assassination rifle was then rapid-fired three times by the same man on which the control tests were made. Paraffin casts of the examiner's right cheek and both hands were then prepared. These paraffin casts were also treated with diphenylbenzidine and there were no reactions.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Rankin:

Reference is made to my letter dated March 16, 1964, which advised that the Internal Revenue Service had been unable to locate the Federal income tax returns filed by Ruth Hyde Paine and Michael Ralph Paine for the period 1955 to date.

On March 31, 1964, the Internal Revenue Service advised this Bureau that the joint income tax returns filed by these two individuals for the years 1959 through 1962 had been located in the Boston, Massachusetts, District of Internal Revenue Service, but that the returns for the years 1955 through 1958 could not be located. According to the Internal Revenue Service a check has been made of the Internal Revenue Service Districts in which the Paines are known to have resided.

There is enclosed for your information one copy each of the income tax returns for these two individuals for the years 1959 through 1962.

This material was obtained through liaison arrangements with the Internal Revenue Service and it is suggested that you contact that Service in the event it is desired to publicize this material in the future.

Sincerely yours,
J. Edgar Hoover

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

By letter dated March 27, 1964, you were advised of the results of the Laboratory examinations of three bullets from Officer J. D. Tippit's body, C251, C252 and C253. This letter also made reference to the first bullet received, C13, as having been removed from Tippit's body.

The Laboratory examinations on these items showed that three of the bullets were Winchester-Western type copper-coated bullets and one was a Remington-Peters type lead bullet. The Dallas Police Department recovered four .38 Special cartridge cases in connection with the shooting of Officer Tippit. Two of these .38 Special cartridge cases are of Western manufacture and two are of Remington-Peters manufacture. The fact that three Winchester-Western bullets were recovered and only two Western cartridge cases were recovered was called to Mr. Melvin Eisenberg's attention. On March 30, 1964, Mr. Eisenberg requested that the Dallas Police Department be contacted to determine whether any additional cartridge cases had been recovered.

On March 30, 1964, Lieutenant Carl Day, Dallas Police Department, advised the Dallas Office of this Bureau that all of the cartridge cases and bullets recovered had been previously submitted to the FBI. These are the ones that have previously been turned over to the Commission by this Bureau.

Dear Mr. Hoover:

In connection with its review of arrangements for safeguarding the President, the Commission would appreciate being furnished any materials which have not already been furnished, in the following categories:

a. Any written description, which existed at the time of the assassination, of criteria employed in determining what information coming to the attention of the Bureau should be furnished to the Secret Service.

b. Any written description, which existed at the time of the assassination, of the procedures employed in carrying out liaison with the Secret Service in connection with safeguarding the President.

c. Any memorandum or study of the matters covered in a or b above, which has been prepared since the assassination, including any consideration of any change in such criteria or procedures.

To the extent that written materials do not now exist with respect to these matters, it would be of great assistance to the Commission if a written report or reports thereon could be prepared and made available.

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63; DALLAS, TEXAS

As a matter of record, Mr. Melvin Eisenberg of the staff of the President's Commission orally requested that a diagram be prepared showing the angle of fire of the assassination weapon at the times that the President was shot. This diagram was prepared in accordance with the information supplied by Mr. Eisenberg. Mr. Eisenberg requested that this chart be delivered by SA Robert A. Frazier who was to testify before the Commission this morning. A copy of this diagram is attached hereto to be filed as a matter of record. It is to be noted that no distances or angles are given on this chart since Eisenberg requested that it be prepared in this way.

There are also attached hereto for record purposes, two ~~Xerox~~ copies of photographs requested by Mr. Eisenberg. One copy shows the breech face and firing pin of C15, Oswald's revolver and used in the murder of Officer J. D. Tippit. Mr. Eisenberg requested this to demonstrate the markings on the base of a cartridge case fired in this weapon. The other copy shows two bullets, C252 and C253, removed from Tippit's body and one bullet of Remington-Peters manufacture and one bullet of Western manufacture to show the gross similarities between two questioned bullets and those of known manufacture. The photograph of these bullets was requested by Eisenberg for the purpose of demonstration before the Commission during the testimony of SA Cortlandt B. Cunningham who is scheduled to testify the morning of 4/1/64.

RE: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY,
NOVEMBER 22, 1963, DALLAS, TEXAS
MISCELLANEOUS - INFORMATION CONCERNING

"The Dallas Morning News" of March 31, 1964, carries an article captioned "Leaks From Warren Probe Arouse Public Speculation".

This article states that the first week of the Warren Commission investigation in Dallas provided little more than speculation to the public. The article stated that the majority of witnesses interviewed have been Dallas policemen who witnessed the OSWALD slaying and that many of these officers were previously interviewed by trained investigators -- members of the FBI, the Secret Service and fellow officers.

The article states that when asked about "duplication", persons close to the investigation reply that the Warren Commission agents are compiling trial-like testimony as opposed to written statements.

The above-mentioned article is being furnished to the Bureau for its information.

Leaks From Warren Probe Arouse Public Speculation

By JOHN GEDDIE

The first week of the Warren Commission investigation in Dallas provided little more than speculation to the public.

A few facts, however, leaked through closed doors of the commission rooms.

And many of the facts have contributed to more speculation.

When the team of attorneys arrived, they indicated that investigation would primarily concern the assassination of President Kennedy and the murder of Patrolman J. D. Tippit. They did not mention the murder of Lee Oswald, which was witnessed by millions on television.

But the majority of witnesses interviewed have been Dallas policemen who witnessed the Oswald slaying. Many of these officers were previously interviewed by trained investigators — members of the FBI, the Secret Service and fellow officers.

They also have filed reports to the district attorney and a few testified at the Jack Ruby murder trial.

When asked about "duplication," persons close to the investigation reply that the Warren Commission agents—attorneys picked from private practice—are compiling trial-like testimony as opposed to written statements.

This is necessary, they say, to provide a complete history of the three days in November. And they add, although Oswald is dead, the finished Washington report will provide a trial-of-sorts, complete with a question-and-answer transcript.

Heavy interest in the Oswald shooting also is indicated by the City Hall basement mockup set up behind locked doors at the Federal Building. The replica of the shooting scene, flown in from Washington, is used by officers when they give testimony.

The City Hall shooting site is only a few blocks from the Federal Building. But the mockup, owned by the FBI, apparently is used to allow interviews in private.

The number of persons interviewed indicates the investigation may end well before the estimated "three or four weeks." If not, many more than the estimated "40 or 50" persons likely will be interviewed. Almost that number already have given sworn testimony.

Thus far the other half of the heavy emphasis of interviewing has been at Parkland Hospital. Dozens of doctors, nurses, orderlies and other employes have been interviewed.

The attorneys, who work at the office of U.S. Dist. Atty. Barefoot Sanders, toiled until almost midnight Thursday. During the day they meet witnesses in private. The daily list of persons interviewed is issued by Sanders.

Many of the names are well known as murder trial witnesses or police officers. Others turn out to be parking lot attendants or hospital workers. Others cannot be checked.

It is these unknown witnesses who may provide the only new evidence in the much-investigated events.

Friday's single witness was Huey Reeves. Reserve officers H. B. Holly, A. M. Criss, G. E. Worley, K. G. Croy and A. R. Brock made statements Thursday night.

The Attorney General

Director, FBI

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS

Mr. Robert Hickey, attorney, Washington, D. C., and formerly an attorney in the Criminal Division, on March 24, 1964, said he had been contacted by a friend, Mr. Robert Cleary, Assistant to the Vice President in Charge of the Insurance Department, Weaver Brothers, Inc., Washington, D. C., concerning an old Army friend of Cleary's named Glenn T. Carthron, Jr. According to Mr. Hickey, Cleary related a story in which Carthron alleged James Riddle Hoffa was responsible for the assassination of President Kennedy.

On March 25, 1964, Mr. Robert Cleary was interviewed by Special Agents of this Bureau at which time he stated he had become acquainted with Mr. Glenn T. Carthron, Jr., and Mr. Edwin W. Hanger while serving in the Armed Forces. Mr. Cleary explained on March 19, 1964, he had received a call from Mr. Hanger advising that Glenn T. Carthron, Jr. wanted to see him. At a subsequent luncheon Carthron alleged James Riddle Hoffa "triggered" the assassination of President John F. Kennedy by taking $1,500,000 from the Teamsters Pension Fund and paying it to Jack Ruby to "take care" of the assassination. According to Carthron, Ruby then hired Lee Harvey Oswald to carry out the assassination. Carthron wanted Cleary to make arrangements for him to meet you so that Carthron could obtain permission to charge Hoffa with the murder of President Kennedy. Mr. Cleary said Carthron indicated if he did not obtain such permission he was going to order a submachine gun and "shoot Hoffa's Head off." In addition, Carthron was reported to have said when he left the hotel in Philadelphia, Pennsylvania, there was a bomb in his car and he took a bus to Washington, D. C.

NOTE: See memorandum A. Rosen to Mr. Belmont, KMR:vhm, dated 4/1/64 captioned, "Assassination of President John F. Kennedy, 11/22/63, Dallas,

The Attorney General

Our Agents also interviewed Mr. Edwin W. Hanger, Assistant Chief Clerk, American Security and Trust Company, and Mr. William C. Lord, Assistant Credit Manager, American Security and Trust Company, Washington, D. C., both of whom were former associates of Carthron. These gentlemen furnished substantially the same story. They commented Carthron had related that while in a hotel room in Philadelphia, Pennsylvania, a light came through the transom of his hotel room and a "voice" spoke to him saying, "Hoffa triggered the assassination" and the "voice" said, "I am God." Carthron was described as highly excitable and nervous and Mr. Hanger advised it was his personal opinion Carthron had a mental problem..

Mr. Cleary also stated, based on his previous association with Carthron it was his opinion Carthron tended to be a "violent person." Mr. Cleary also stated Carthron was possibly in the same category as a person like Jack Ruby who would take the law into his own hands to revenge the President's assassination, contending that Hoffa bears the responsibility for it.

On March 30, 1964, Mr. Robert Cleary telephonically advised that he had received a telephone call from Glenn T. Carthron, Jr. on the same day. Mr. Cleary stated Carthron said he was calling from a downtown Washington, D. C. department store and that he had just arrived from Salisbury, Maryland. In addition, Carthron made the statement he had been arrested over the week end by the Wicomico, Maryland, Police Department and was given a psychiatric examination. In addition, according to Carthron, the police found a gun in the glove compartment of his automobile but he claimed the Constitution gave him the right to bear arms.

Mr. Cleary said Carthron related that he was fired from his job at Salisbury, Maryland, but had bought a building at 833 West Main Street, Salisbury, Maryland, from which he would compete with his former employer. Carthron wanted to refinance his Savannah, Georgia, home to obtain working capital and wanted Mr. Cleary to recommend a lawyer who would represent him in the event he was arrested. Carthron also inquired of Mr. Cleary whether Mr. Cleary had made any progress in obtaining an appointment with someone in the Justice Department for him.

Mr. Cleary advised that Carthron wanted an appointment with him but he told Carthron that he had other plans. Carthron

The Attorney General

did not indicate where he would stay in Washington, D. C., or where he would go after he concluded his conversation with Mr. Cleary.

This is being furnished to you in the event Carthron attempts to contact you. In addition, this information is being furnished to the President's Commission. Agents of this Bureau are continuing active investigation to locate and interview Carthron and the results of this interview will be furnished when received.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated March 16, 1964, requesting a signed statement be obtained from each person known to have been in the Texas School Book Depository Building on November 22, 1963.

Enclosed for your assistance are two copies each of 73 signed statements obtained from those individuals known to have been in the Texas School Book Depository Building on November 22, 1963. Every effort was made to comply with your request that six specific items be incorporated in each statement; however, in many instances the individual furnishing the statement was unaware of the address of persons referred to therein and this information, of necessity, had to be omitted.

Statements were not obtained from the following three Texas School Book Depository Building employees as they were absent from work on November 22, 1963:

Mrs. Joseph A. (Vickie) Davis
Mr. Franklin Kaiser
Mrs. James L. (Dottie) Lovelady

NOT RECORDED
19 APR 6 1964

This complies with your request and no further action is being taken in this matter.

Sincerely yours,

NOTE:

This complies with the Commission's request. Dallas has advised that all individuals furnishing signed statements had been previously interviewed, the statements contain no pertinent information which has not been previously reported, and no discrepancies were noted in the enclosed statements. The Commission in its letter requested the following six items should be reflected in the statements: 1. His name, address, age and race. 2. Where he was at the time the President was shot? 3. Was he alone or with someone else; if with someone else, the name and address of that person? 4. If he saw Lee Harvey Oswald at that time? 5. If at any time that morning he saw any person in the building who was a stranger to him? (This item should not be included in statements of those who were not employees in the Depository.) 6. The time that he left the Texas School Book Depository Building in the afternoon of November 22, 1963. Every effort was made to comply with the Commission's request.

Dear Mr. Hoover:

We have been informed by Mr. Sebastian F. Latona that the cartons found near the sixth floor window of the TSBD building at which the assassin apparently stood, bore nineteen identifiable latent fingerprints and six identifiable latent palmprints, in addition to the prints of Oswald. Could you please determine, as far as may be possible without the taking of new fingerprints, whether any of these latent prints were made by persons employed in the TSBD building on November 22, 1963.

We would appreciate it if you could furnish us with this information by March 31, 1964.

Sincerely,

J. Lee Rankin

Memorandum

TO : Mr. Conrad

DATE: 3/27/64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY; 11/22/63
DALLAS, TEXAS

Mr. Melvin Eisenberg, a member of the staff of The President's Commission, telephoned on the afternoon of 3/26/64, and inquired as to whether or not we had finished the Laboratory examinations of the bullets and cartridge cases involved in the murder of Officer J. D. Tippit (Officer Tippit was reportedly shot by Oswald.). My memorandum of 3/26/64, covered the results of these examinations.

Mr. Eisenberg was advised that the firearms examinations and the qualitative analysis (analysis for presence of chemical elements) of the bullet alloys had been completed; however, a quantitative analysis (determination of percentages of the chemical elements) had not been finished. Eisenberg replied that he did not desire the quantitative analysis of the alloys at this time; however, if this aspect proved to be of probative value, he would later request that this be done. The Commission was advised of results of the examinations by letter of 3/27/64.

Dear Mr. Rankin:

Reference is made to your letter of March 12, 1964, in which you requested various photographs and plats in connection with the shooting of Patrolman J. D. Tippit, Dallas Police Department, on November 22, 1963.

Enclosed are four copies of a brochure captioned, "Killing of Dallas Patrolman J. D. Tippit," and your attention is directed to the Table of Contents which lists the various items you requested.

In addition, enclosed are three copies each of five memoranda containing results of interviews with Mr. W. W. Scoggins, Mrs. Helen Markham, Mr. Ted Callaway, Mrs. Barbara Jeanette Davis and Mrs. Virginia Davis, who observed Lee Harvey Oswald during and subsequent to the shooting of Patrolman J. D. Tippit. Also enclosed are three copies of a memorandum containing results of an interview with Captain Glen D. King, Dallas Police Department, who furnished photographs taken November 22, 1963, at the scene where Patrolman Tippit was killed.

Three copies each of two memoranda are furnished setting forth the time necessary to walk from the washateria at 323 East Ninth Street to the northwest corner of the intersection at East Tenth and Patton Streets, Dallas, Texas, and pertinent data concerning aerial photographs of this area.

With the submission of these items your request of March 12, 1964, is completed.

NOTE:

By letter dated 3/12/64 the President's Commission advised that during the week of 4/6/64 the Commission would hear testimony from several witnesses regarding the shooting of Patrolman J. D. Tippit. The Commission requested various photos and plats of the entire area. The brochure prepared by Mr. Gauthier fulfills all the requests of the Commission and FD 302s reveal results of interviews in connection with the brochure. The request is completed and it is noted the Commission advanced their date to 3/26/64 in regard to interviews of various witnesses.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Rosen

DATE: March 27, 1964

FROM : J. R. Malley

SUBJECT: PRESIDENT'S COMMISSION

At 5:25 p.m., this date, in the absence of Inspector Malley, SA George H. Scatterday received a telephone call from Mr. Jenner of the President's Commission.

Mr. Jenner stated that he had some photographs of exhibits in connection with the testimony of Mrs. Paine and would appreciate having a duplicate set of the photographs made for Commission use. Jenner stated the photographs which he desires duplicated are of correspondence in Russian, a diary and an address book.

Mr. Jenner stated that he would have this material delivered, and it was suggested that he have it delivered directly to the Laboratory with a request outlining exactly what he wanted done. Jenner indicated there was no rush on this matter, that he would have the photographs delivered to the Laboratory on Monday, 3-30-64, and would appreciate the material with the duplicate set of photographs returned to him during next week.

FROM: MR. BRANIGAN

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

On 3-3-64 Mr. Jerry O'Leary of the "Washington Evening Star" called advising that Thomas Gittings Buchanan, Jr., was writing scurrilous stories about Lee Harvey Oswald in a Paris newspaper, "L'Express." Articles primarily deal with the claim by Buchanan that Oswald was an informant of the FBI.

In a memorandum from Mr. DeLoach to Mr. Mohr 3-12-64 Mr. Jay Iselin of "Newsweek" magazine reported his contact with Buchanan here in Washington, D. C. Buchanan, according to Iselin, had spoken to Deputy Attorney General Katzenbach and with a representative of the Warren Commission.

The Legal Attache has forwarded copies of the "L'Express" newspaper issues of 2-20, 2-27 and 3-5-64. The articles published to date do not bear out that Buchanan claimed Lee Harvey Oswald was an informant of the FBI. However, that this is still a possibility appears in the fact that the issue of 3-5-64 contains a statement that the article for the following week would be "How Oswald was Recruited."

A review of the translations of the newspaper stories discloses that Buchanan alleges that Oswald was not the actual assassin of President Kennedy but was one of a group of conspirators which included members of the Dallas Police Department as well as Jack Ruby. The author, Buchanan, arrives at these conclusions based on his interpretation of news reports concerning the nature and amount of evidence in the investigation of the assassination. Following the line of Mark Lane and the communist press, Buchanan concludes that there were four shots fired from different directions and that the real assassin fired from a position on the bridge in front of the President's motorcade.

Buchanan was employed as a reporter by the "Washington Evening Star" from 1946-48. When an official of this newspaper confronted him with the allegation that he, Buchanan, was a Communist Party (CP) member, Buchanan readily admitted CP membership

WJB:hnt
(11)
1 cs. 3-17-64

SOVIET SECTION

MEMORANDUM FOR MR. SULLIVAN
RE: LEE HARVEY OSWALD

and as a result was dismissed from the newspaper. Buchanan had formerly joined the CP in Washington, D. C., in 1948. He reportedly had espoused the doctrines of Marxism at age 15. He declared his political affiliation to be "communist" in 1942. He was extremely active in CP and related activities in the Washington, D. C., and Baltimore, Maryland, areas until approximately 1955. During interview with Bureau Agents in 1952 and 1953, he unhesitatingly admitted being a CP member. During interview in August, 1956, he claimed he quit the CP because he had lost interest. Our investigation has not uncovered any significant subversive activities on his part subsequent to 1956. His name is included in the Reserve Index.

ACTION:

1. Since the published articles by Buchanan thus far received do not contain the allegation that Oswald was an informant of the FBI, we have no basis for confronting him at this time. If the future articles contain this allegation, we will have Buchanan located and interviewed to confront him.

2. Buchanan's stories are based on his review of news articles both true and false which appeared in the public press. This being so, there is no reason to interview him concerning his theories, particularly since it has been reported that he has met with a representative of the President's Commission (Howard Willens).

3. We have already furnished the U.S. Information Agency at their request with copies of the investigative reports concerning Buchanan so that that Agency can discredit and weaken the impact of the above-mentioned articles abroad.

↓
VEL

MEMORANDUM FOR MR. SULLIVAN
RE: LEE HARVEY OSWALD

4. While Buchanan may have already met with a representative of the President's Commission, it is nonetheless believed that the Commission would be interested in the articles as they appeared in "L'Express" as well as background of their author. There is attached a letter to the President's Commission enclosing the articles as they appeared in the newspaper together with a summary of our investigation of Buchanan.

UNITED STATES GOVERNMENT

Memorandum

TO : MR. I. W. CONRAD

DATE: 3/3/64

FROM : MR. C. F. DOWNING

SUBJECT:

Commission letter of 2/28/64, in commenting upon a translation of a foreign language notebook, stated that the translation previously furnished by the Bureau simply reported that it was such a notebook and did not translate the actual words. The Director commented, "Here again we have grossly mishandled the original request. Why?"

In response to the Director's inquiry, the following information is set forth. Commission letter of 2/21/64, is one of a continuing series of letters from the Commission requesting translation of numerous foreign language items. Upon checking the 2/21/64, request against the record of translated items previously furnished to the Commission by the Bureau, it was apparent that the Commission had not even taken the trouble to determine what already had been furnished, since several of the 26 items requested in the 2/21/64 letter were included in an earlier list of more than 50 items, translations of which had been furnished previously by Bureau letter of February 1, 1964. Accordingly, in order to avoid unnecessary duplication of work, Bureau letter of 2/26/64, furnishing the requested translations, pointed out that certain of these translations had been previously sent to the Commission. Among these was the notebook in question, identified as Item B-6.

In providing translations of the various foreign language material encountered in this case, an area of judgment necessarily enters at times, since several of the items are bulky books of one kind or another, other items consist of longhand copies of published poems, etc. However, our translator and supervisory personnel have given in the past and will continue to give the utmost care in complying with the Commission's requests as they are understood.

62-109060

NOT RECORDED

Contrary to the statement in the Commission's letter of 2/28/64, the translation furnished under date of 2/1/64 did, in fact, translate a representative sampling (although not all) of the actual words, and was considered to be a proper response in the absence of a request for a verbatim translation. It is now apparent that a verbatim translation of each and every word is desired and this is being furnished under cover of the attached letter. It is noted that the foreign language material is merely a vocabulary drill.

ACTION:

Proposed letter to Commission attached for approval.

SEE NOTE PAGE FOUR

NOT RECORDED
193 APR 2 1964

Honorable J. Lee Rankin

(1) Records of the Leslie Welding Company, Incorporated, 11241 West Melrose Street, Franklin Park, Illinois, and its branch office in Fort Worth, Texas

a. Application for employment dated July 13, 1962
b. Undated letter to Company's branch office, Fort Worth, Texas
c. Eleven time punch cards showing employment from July 21, 1962, to October 3, 1962
d. Thirteen payroll vouchers
e. Thirteen payroll checks

Mr. Werner Geisler, Comptroller, Leslie Welding Company, Incorporated, 11241 West Melrose Street, Franklin Park, Illinois, advised the original payroll checks received by Oswald were obtained by the Secret Service in November, 1963, and have not been returned to the Company. It was necessary to contact the Secret Service and make copies from their copies of these checks, as the originals could not be located. If these items are not sufficiently legible, you may desire to make inquiry of the Secret Service in this matter.

(2) Records of Jaggars-Chiles-Stovall, Incorporated, Dallas, Texas

a. Twenty-six checks issued to Lee Oswald
b. Employment identification questionnaire
c. Form D-3 (163)
d. 1962 U. S. Individual Income Tax Return Form 1040A
e. Employee's Withholding Exemption Certificate Form W-4 (Revised July, 1960) dated October 12, 1963
f. Time records showing dates and hours worked

In reviewing these records the following is noted.

1. The card following the card dated December 4 (Tuesday), 1962, is dated November 5 (Wednesday), 1962. This is an apparent bookkeeping error as this card should have been dated December 5 (Wednesday), 1962, as a card dated November 5, 1962, which was a Monday, is accounted for.

Honorable J. Lee Rankin

2. The card dated January 4 (Monday), 1963, that precedes card dated February 5 (Tuesday), 1963, is also an apparent error as this card should have been dated February 4, 1963, as January 4, 1963, previously accounted for, was a Friday.

3. The record following 2-11 (Monday), 1963, is dated 12-2 (Tuesday), 1963. This would indicate the numbers 2-12 were transposed, it being noted Oswald did not work on December 2, 1962.

4. It is further noted two cards are dated March 25 (Monday), 1963, and March 25 (Tuesday), 1963. This is also considered a bookkeeping error in that the card dated March 25 (Tuesday), 1963, should have been dated March 26, 1963, as there is no card for this date.

(3) Records of the Texas School Book Depository, Dallas, Texas

a. Regarding method of payment it is noted the Texas School Book Depository does not utilize a time clock or device to record times of arrival and departure. Employees are paid in cash and are not required to sign receipts.

b. Application for employment dated October 15, 1963

c. Employee's Withholding Exemption Certificate Form W-4 dated October 16, 1963

d. Payroll record sheets indicating days and hours worked by employees including Oswald.
It is noted the record covering the week ending November 22, 1963, lists Lee Harvey Oswald's name as Leslie Oswald. Mr. H. C. Aiken, who is in charge of the payroll records, has advised that carrying the first name of Oswald as Leslie was purely an error on his part when he recorded Oswald's name on the payroll records and that his name should have been listed as Lee Oswald.

(4) William B. Reily and Company, Incorporated, New Orleans, Louisiana

a. Eleven payroll checks

Honorable J. Lee Rankin

(3) Eleven state warrants for unemployment compensation totaling $999, issued by the State Comptroller of Public Accounts, Austin, Texas. All unemployment compensation checks issued to Lee Harvey Oswald, even while he was residing in New Orleans, Louisiana, were issued by the State Comptroller of Public Accounts, Austin, Texas.

Sincerely yours,

J. Edgar Hoover

Enclosures (536)

NOTE:

The Commission's letter dated March 6, 1964, was received March 9, 1964. Bufairtel 3-10-64 to Dallas and New Orleans instructed information requested by the Commission be obtained. Dallas airtel 3-13-64 to Bureau with cc to Chicago instructed home office of Leslie Welding Co. in Franklin Park, Ill., be contacted for necessary information. Chicago airtel 3-19-64 furnished partial information and advised checks were obtained by the Secret Service in November, 1963, and have not been returned. Bureau liaison, through contacts with Secret Service Headquarters, obtained copies of checks issued by the Leslie Welding Co. to Oswald. The enclosed material completely satifies the request made in the Commission's 3-6-64 letter.

UNITED STATES GOVERNMENT

Memorandum

TO : J. A. CALLAHAN DATE: 3-27-64

FROM : L. J. GAUTHIER

SUBJECT: PRESIDENT'S COMMISSION
ASSASSINATION OF PRESIDENT KENNEDY
VISUAL AIDS

By letter dated March 18, 1964, the President's Commission requested that the Bureau provide a verbal description of the assassination site in Dallas. The attached exhibits provide a verbal and pictorial description of Dealey Plaza, Dallas, Texas, which was the scene of the assassination of President Kennedy on 11-22-63. Information copies attached for your use.

RECOMMENDATION:

That the attached letter and exhibits be approved and forwarded to the President's Commission.

Department of Justice
Washington, D. C.

Dear Mr. Hoover:

As you know, members of the Commission staff have been conferring during the past several weeks with experts from the Federal Bureau of Investigation. The Commission has requested that FBI experts in the fields of firearms identification, fingerprint identification, handwriting analysis and other specialties involved in this investigation be called before the Commission to testify.

If their schedules permit, we would appreciate having the following representatives of the FBI available to testify on the designated dates:

Tuesday, March 31, 9 a.m. - Mr. Robert A. Frazier
Tuesday, March 31, 2 p.m. - Mr. Cortlant B. Cunningham
Thursday, April 2, 9 a.m. - Mr. Sebastian F. Latona
Friday, April 3, 9 a.m. - Mr. Paul Stombaugh
Friday, April 3, 2 p.m. - An expert to testify regarding the Bureau examination of the paper bag marked Q 10, the sample and tape designated as K 2, and the replica sack designated as K 52.

NOT RECORDED
109 APR 6 1964

58 APR 8 1964

At a later date we expect to call a handwriting expert from the FBI to testify before the Commission regarding his conclusions on certain items of evidence developed in the course of this investigation. I expect that this will be done during the week of April 13, 1964, and I shall be in touch with you shortly regarding a specific date and time.

Thank you for your cooperation.

Sincerely,

J. Lee Rankin

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

The remaining three bullets from Officer J. D. Tippit's body were recently received from the Dallas Police Department and have been designated as C251, C252 and C253 in the Laboratory for identification purposes. These three bullets have been examined in the Laboratory and the results of the examinations are set forth below.

The C251 bullet is a caliber .38 Special copper-coated lead bullet of Winchester-Western manufacture. This bullet weighs 154.1 grains and was fired from a barrel rifled with five lands and grooves, right twist.

The C252 bullet is a caliber .38 Special lead bullet of Remington-Peters manufacture. This bullet weighs 154.8 grains. It was fired from a barrel rifled with five lands and grooves, right twist.

BY COURIER SVC. MAR COMM-FBI

The C253 bullet is a copper-coated lead bullet of Winchester-Western manufacture. This bullet weighs 155.7 grains and was fired from a barrel rifled with five lands and grooves, right twist.

A portion of the surface of each bullet, C251, C252 and C253, is mutilated; however, microscopic marks remain on these bullets for comparison purposes. The C251, C252 and C253 bullets were compared with each other and with test bullets obtained from Oswald's revolver, C15, the 38 Special Smith and Wesson revolver, Serial No. V510210, Assembly No. 65248.

NOTE: See memo 3/26/64, R. H. Jevons to Mr. Conrad re: ASSASSINATION OF PRESIDENT

ORIGINAL FILED IN

Honorable J. Lee Rankin

No conclusion could be reached as to whether or not C251 through C253 were fired from the same weapon or whether or not they were fired from C15. In addition, it was found that even consecutive .38 Special bullets test fired from the C15 revolver could not be identified with each other. In this connection, it should be noted that the barrel of C15 was designed for .38 S & W bullets and, therefore, it is slightly larger in diameter than barrels designed for .38 Special bullets. Firing of undersized bullets could cause erratic passage of the bullets down the barrel, resulting in individual microscopic characteristics which are not consistent. The barrel of the weapon could also be changing due to the accumulation of lead in the barrel or to wear. That one or both of the above conditions existed is apparent from the fact that consecutive .38 Special test bullets obtained from the C15 revolver could not be identified with each other.

Smith and Wesson revolvers such as C15 are among the weapons producing general rifling characteristics of the type found on C251, C252 and C253.

The lead alloy of the C251, C253 and C13 (the first bullet submitted by the Dallas Police Department in the Tippit case) Winchester-Western copper-coated bullets was spectrographically examined. This lead alloy was found to be qualitatively similar in composition to the lead alloy of the Western copper-coated bullets in the C51, C52, C55, C56, C57, C58, C59 and C137 cartridges. It is noted that these cartridges were among those obtained from the C15 revolver, Lee Harvey Oswald's pocket and the U. S. Secret Service.

The lead alloy comprising the C252 Remington-Peters bullet was spectrographically examined and found to be qualitatively similar in composition to the lead alloy comprising the Remington-Peters bullets in the C53, C54 and C138 cartridges, the remaining cartridges from the above sources.

There are attached photographs of the three bullets.

Sincerely yours,

J. Edgar Hoover

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

In response to your letter of March 24, 1964, the written materials which you requested are being forwarded with this communication.

With respect to a written description, existing at the time of the assassination, of criteria employed in determining what information coming to the attention of the Bureau should be furnished to the Secret Service, there are enclosed pertinent excerpts from the "Manual of Instructions" and the "FBI Handbook" which constitute instructions to FBI personnel. The Manual is in the possession of all Bureau officials and supervisory officials in our field divisions. Attachment one is a complete copy of Section 83K of the "Manual of Instructions" dealing with the handling of threats against the President, members of his immediate family, and others protected by the Secret Service. This material is exactly as it appeared in the Manual at the time of the assassination. The "FBI Handbook" is in the possession of every FBI Special Agent and contains a summary of the material appearing in the "Manual of Instructions." Attachment two is a complete copy of Part III, Chapter 63, 1.D., from the "FBI Handbook" as it appeared at the time of the assassination. It is noted that this material is substantially the same as that appearing in the Manual of Instructions."

These instructions have resulted in the day-to-day dissemination to the Secret Service of information received by the Bureau regarding threats to the safety of the President.

ENCLOSURE

RECD-READING ROOM MAR 31 5 49 PM '64

ORIGINAL FILED IN 62-109090-2809

Honorable J. Lee Rankin

For example, following announcement of the intention of President Kennedy to visit Tampa, Florida, in November, 1963, our local office was able to inform the Secret Service concerning plans made by the Ku Klux Klan in Florida to picket the President and to engage in organized activities which could have resulted in violence. In addition, Cuban anti-Castro groups in Florida planned public activities in connection with the President's visit concerning which we were able to inform the Secret Service. That agency indicated, following the President's visit, that the information we had furnished to them was undoubtedly responsible for the successful completion of the President's trip to the Tampa area.

FBI Field Offices throughout the United States furnish Bureau Headquarters information by teletype for immediate dissemination to the Secret Service whenever there is any indication of activities of interest to that service, not only in connection with the President's travel but also in connection with his residence, as the White House is a frequent target for group picketing. In addition to data indicating specific activity in the President's vicinity we have, for a number of years, kept the Secret Service fully informed concerning the activities of certain groups such as the Nationalist Party of Puerto Rico and the Nation of Islam, the membership of which has either discussed or indicated a possibility of physical action against Government authority.

Attachment three is a complete copy of Section 83I. of the "Manual of Instructions" dealing with the reporting to the Secret Service of information concerning the counterfeiting of United States coins, notes, and other obligations and securities of the Government. This matter is mentioned in the "FBI Handbook" by inclusion in a tabulation of matters within the jurisdiction of other Government departments and agencies in which Secret Service is designated as the agency to receive information concerning counterfeiting. The "Classification 55" appearing in the Manual is a reference to the means by which various matters are assigned numerical classification numbers for assistance in filing and indexing. The references to counterfeiting in the Manual and the Handbook, which existed prior to the assassination, remain unchanged as of March 27, 1964.

Honorable J. Lee Rankin

With respect to a written description, existing at the time of the assassination, of the procedures employed in carrying out liaison with the Secret Service in connection with safeguarding the President, attachment four is a complete copy of Section 102D. of the "Manual of Instructions" as it appeared at the time of the assassination. This section has remained unchanged and still appears in the Manual as of March 27, 1964. Liaison with the Secret Service in Dallas, Texas, was in effect pursuant to this policy prior to the assassination and, in anticipation of the visit of President Kennedy to that city, resulted in the discussion with and dissemination to the Secret Service there concerning which you have previously been informed. Our Dallas Office notified Secret Service on October 30, 1963, concerning an individual who had allegedly stated that if President Kennedy made a trip to Texas a "reception" was planned for him. We also furnished the Secret Service background information and a photograph of this individual, Norman Lee Elkins. On November 21, 1963, our Dallas Office notified the Secret Service of leaflets being distributed in Dallas containing criticism of President Kennedy's policies. On the same date our Dallas Office notified the Secret Service regarding picket signs being printed for use in picketing President Kennedy on the following day. On the evening of November 20, 1963, an Agent of our Dallas Office advised the head of the Dallas Secret Service Office that the FBI would do anything within its authority to be of assistance in connection with the President's visit and would continue to promptly furnish any pertinent information which might be received. Our Agent was thanked for this offer of cooperation and told that the Secret Service had no specific request to make of the FBI at that time.

In addition to liaison at the field level, a very close liaison relationship has been maintained for a number of years between the headquarters of the Secret Service and this Bureau. A Liaison Supervisor from Bureau Headquarters visits Secret Service Headquarters on a nearly daily basis to insure prompt handling of Secret Service requests and immediate attention to any problems which may arise. This Liaison Supervisor has on a number of occasions, at the request of the White House and the Secret Service, accompanied the President and his official party on trips outside the United States in order to coordinate and disseminate current data cabled to him from FBI Headquarters bearing on the safety of the President and other matters considered to be of special interest.

Honorable J. Lee Rankin

Through our Liaison representatives abroad the FBI has established friendly relationships with the principal officials of many foreign police and law enforcement agencies. In connection with Presidential trips to the countries in which those agencies are located, the FBI Liaison representative has been able to smooth the way for the Secret Service by introducing them to our contacts and assisting in establishing the cooperation which is so necessary to the President's security abroad. Between 1955 and 1963 a Bureau Liaison representative accompanied the Presidential Party on seventeen such trips, visiting a total of thirty-two countries. Whenever we learn of the President's intention to travel outside of the United States, we immediately alert all Bureau Field Offices and Liaison representatives abroad. A Bureau Supervisor is assigned the responsibility for coordinating the information which may be received and arrangements are made for the Liaison Supervisor traveling with the Presidential Party to be furnished this information by cable for passage to the Secret Service. Following the visit of President Kennedy to Costa Rica in March, 1963, Secret Service Chief James J. Rowley addressed a special letter of commendation to one of our offices expressing appreciation for their cooperation in checking 400 names through their files in connection with the Costa Rica visit.

The Secret Service is now submitting a large number of names to us for checking through our files in connection with travel by the President within the United States. For example, we checked 1025 names, including 800 hotel employees, in connection with the President's visit to St. Louis, Missouri, on February 14, 1964. On forty-eight hour's notice we reviewed more than 1900 files. Whenever we learn of the President's intention to travel within the United States, we immediately inform pertinent FBI Field Offices in order that they may be particularly alert to information bearing on the President's security.

Since the assassination, we have reiterated procedures already in effect and have realerted all of our field offices and Liaison representatives abroad. Thecurrent instructions are enclosed as attachments five and six. Considering the possibility of mental aberration on the part of any of our more than 190 million United States residents, it is manifestly impossible to pinpoint all potential risks to the President.

Honorable J. Lee Rankin

In the absence of an actual threat to the President or of activity directed against his security, however, we have attempted to delineate, within practical limits, the categories of persons coming to our attention which might be inimical to the safety of the President even though those persons have made no overt threat. These criteria are set forth in the current instructions, which were prepared on December 26, 1963.

Attachment seven is an instruction which was sent to all FBI Field Offices on December 19, 1963. This requested that the Secret Service be furnished specific information concerning possible violence in connection with bombing, racial and similar matters for its use in determining possible danger spots with respect to the safety of the President.

Attachment eight is a copy of a letter to all SACs (Special Agents in Charge of our local field offices) dated February 19, 1964, advising them that they may be called upon by the Secret Service to provide personnel to assist in protection of the President and issuing specific instructions with regard to such requests. This communication was occasioned by the fact that the Secret Service, on a number of occasions since the assassination, has asked the FBI to provide Agent personnel as indicated in the attachment and as no such request had been made prior to the assassination, it was deemed advisable to alert all our field offices concerning this activity. It is noted that since November 25, 1963, the FBI, at the request of Secret Service, has furnished a total of 139 Special Agents to that agency on a total of sixteen dates.

In response to your inquiry as to recommendations for possible improvement in any aspect of Presidential protection, after careful consideration of this problem, our suggestions were made available to the Secret Service on November 30, 1963. Inasmuch as the protection of the President is the primary responsibility of that agency, it is suggested that you consult with the Secret Service relative thereto.

I have withheld editorial comments concerning the attached materials to a bare minimum as I consider that they speak for themselves.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Hoover:

In connection with its review of arrangements for safeguarding the President, the Commission would appreciate being furnished any materials which have not already been furnished, in the following categories:

a. Any written description, which existed at the time of the assassination, of criteria employed in determining what information coming to the attention of the Bureau should be furnished to the Secret Service.

b. Any written description, which existed at the time of the assassination, of the procedures employed in carrying out liaison with the Secret Service in connection with safeguarding the President.

c. Any memorandum or study of the matters covered in a or b above, which has been prepared since the assassination, including any consideration of any change in such criteria or procedures.

To the extent that written materials do not now exist with respect to these matters, it would be of great assistance to the Commission if a written report or reports thereon could be prepared and made available.

Dear Mr. Hoover:

I would appreciate your assistance in securing for the use of the Commission copies of records pertaining to Lee Harvey Oswald's employment with the below-listed companies. These records should include any time clock or other daily attendance records.

Leslie Welding Co., Inc.
Fort Worth, Texas
(Employed July to October 1962)

Jaggars-Chiles-Stovall, Inc.
Dallas, Texas
(Employed October 1962 to April 1963)

Texas School Book Depository
Dallas, Texas
(Employed October 1963 to November 1963)

In addition, I would appreciate receiving photostatic copies showing both sides of all paychecks received by Lee Harvey Oswald from any of the above companies and the William B. Reily Company, New Orleans. Also, all unemployment checks issued him either in Louisiana or Texas.

Thank you for your assistance.

Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated March 18, 1964, dealing with the delivery to Oswald's post office box in New Orleans of his unemployment insurance check from the Texas Employment Commission.

In this regard there are enclosed two copies each of memoranda dated March 21 and March 25, 1964, and report of Special Agent Edwin Dalrymple dated March 24, 1964, at Houston, Texas. The enclosed documents are responsive to your requests in letter of reference.

The investigation requested in your letter dated March 23, 1964, touching on Oswald's post office box in New Orleans and his visit on September 24, 1963, to the Louisiana Employment Commission is under way and results thereof will be furnished to you when received.

Honorable J. Lee Rankin

NCB:

By letter 3-18-64 Commission asked for further investigation in effort to fix with as much certainty as possible the earliest date and time that Oswald's unemployment check mailed from Austin, Texas, 9-23 could have been delivered to him in New Orleans. The investigation reported in the enclosures which have been read and approved by Messrs. Belmont and Malley conclusively establishes that the earliest the check could have been deposited in Oswald's post office box was 8:30 a.m. September 25. This establishes that he did not leave New Orleans on his Mexico trip prior to morning of 9-25 for he cashed the check in New Orleans sometime after 8:00 a.m. 9-25 when the grocery store where it was cashed opened.

Dear Mr. Rankin:

Reference is made to your letter of March 24, 1964, and advice from Mr. Melvin Eisenberg of your staff to Special Agent William D. Griffith of this Bureau on March 30, 1964.

In your letter of March 24, 1964, you request an additional photograph of Item D-35 together with information concerning any additional items of evidence numbered above D-72. Transmitted herewith are additional photographs of exhibits comprising Item D-35.

With reference to other items of evidence numbered above D-72, as Mr. Eisenberg was advised on March 30, 1964, photographs of such items have been or will be furnished to you along with a documentation pertaining to each such photograph.

Note: Additional photograph of D-35 enclosed is of items obtained from Oswald at time of his arrest, namely, key, ring, identification bracelet, leather belt, bus transfer and police department property receipt. The Commission's request for photographs of evidence items above D-72 is being handled by established procedure, namely, that photographs of the exhibit items are furnished to Dallas and Dallas attaches the photographs to the investigative report or letterhead memorandum to which they pertain. Domestic Intelligence Division then disseminates. It is believed undesirable to furnish inventories of assigned exhibit numbers or photographs to The Commission before the investigation to which such items pertain has been completed. SA W. D. Griffith discussed instant request with Mr. Eisenberg on 3/24/64 at which time Mr. Eisenberg advised the Commission had received numerous photographs from the Bureau subsequent to submission of this letter and Eisenberg is pleased with the manner of dissemination. He was specifically questioned as to whether our procedure of documenting each photograph satisfies instant request for photographs and inventories. He stated that it does.

Enclosed for New Orleans are one copy of self-explanatory letter from the President's Commission dated 3-26-64, a copy of pages 209 through 213 of report of SA Robert Gemberling dated 11-30-63 at Dallas and three photographs comprising documents listed as Exhibit D-22 which are referred to in the Commission's 3-26-64 letter.

Enclosed for San Antonio are copy of Commission's 3-26-64 letter and aforementioned pages from SA Gemberling's 11-30-64 report. For Dallas there is enclosed a copy of Commission's 3-26-64 letter.

New Orleans immediately conduct the investigation requested in Commission's 3-26-64 letter. Note that the Commission is concerned with the possibility that Oswald may have appeared at the Louisiana Employment Commission on September 24 in an effort to pick up his unemployment check. From facts developed concerning the mailing of this check by the Texas Employment Commission at Austin, Texas, on 9-23-63, it appears reasonably conclusive that the check could not have been delivered to Oswald prior to the morning of September 25.

In connection with the photograph of the perforated card (apparently an application for a post office box), endeavor to ascertain if this card was actually mailed or whether Oswald executed it at the post office when applying for the box. New Orleans ascertain if anything is imprinted or written on the back of the perforated

ORIGINAL FILED IN

post office box application card. If there is anything of possible pertinence on the back of this card, endeavor to photograph same or otherwise comment that reverse side is blank.

In connection with the Commission's efforts to determine the earliest and latest times at which Oswald could have left New Orleans for Mexico, note that Oswald was definitely placed in Houston boarding the Continental Trailways bus at approximately 2:00 a.m. on the morning of 9-26-63. In attempting to fix the latest time at which Oswald could have left New Orleans, New Orleans set forth brief statement as to latest available air travel on September 25 between New Orleans and Houston which would have enabled Oswald to have made aforementioned connection with the Continental Trailways bus at Houston. In attempting to fix the earliest time at which Oswald could have left New Orleans for Mexico set forth brief statement of known facts concerning the delivery to Oswald in New Orleans at either his post office box or at the Louisiana Employment Commission of his unemployment check which he cashed at the Winn-Dixie store sometime between 4:00 p.m. September 24 and 4:00 p.m. of September 25. In addition New Orleans set forth brief statement concerning negative checks made at New Orleans of all bus, air and rail facilities which could have been utilized by Oswald during his trip from New Orleans to Houston.

The photographs of the change of address card and post office box application are forwarded to New Orleans to expedite the inquiry as the postmarks do not reproduce well on Xerox. Accordingly, these photographs are to be returned to the Bureau by New Orleans.

San Antonio recontact the Texas Employment Commission at Austin in an effort to determine the exact address to which Oswald's unemployment check was mailed to him on September 23. Inquire specifically if Oswald's unemployment checks were mailed to his post office box or to him in care of the Louisiana Employment Commission. San Antonio airtel results to Bureau and New Orleans. New Orleans and San Antonio submit results in letterhead memorandum suitable for dissemination. Note that while the President's Commission refers to the Texas Unemployment Commission, the organization to which the Commission refers should properly be reported as the Texas Employment Commission.

NOTE:

On 3-18-64 Commission asked for further inquiry in effort to definitely fix the time and date of receipt in New Orleans of Oswald's unemployment check which was mailed to him from Austin on late afternoon September 23. It has been conclusively established that this check could not have been received and processed by postal authorities in New Orleans for delivery to Oswald prior to 5:30 a.m.

NOTE CONTINUED:

on the morning of September 25. We are in process of disseminating this information to Commission. They now point out that as Oswald appeared at the Louisiana Employment Commission on September 24, there is possibility that he went there to pick up his check and they ask that we determine the purpose of Oswald's several visits to the Louisiana Commission including his visit of September 24. They also ask the significance of some postmarks on the post office box application and a change of address form, the latter bearing dates September 25, 11:00 a.m. and September 26.

MAR 26 1964

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20535

Dear Mr. Hoover:

By letter of March 18, we asked that the Bureau make certain inquiries for the Commission as to the hour of the day when Lee Harvey Oswald's check from the Texas Unemployment Commission might have been delivered by the postal authorities in New Orleans, Louisiana, on or about September 24 or 25, 1963. Since that letter was forwarded to you some new evidence has come to light which relates to the same problem, and we believe that the investigation in connection with this new evidence might conveniently be carried on as part of the previously requested investigation.

Federal Bureau of Investigation Exhibit No. D-22 includes, among other things, a notice of change of mailing address signed by Lee Harvey Oswald. The notice bears a stamped mark of 11:00 a.m., September 25, 1963, on the reverse side, and on the front side there is a stamped mark of September 26, 1963. The Commission is interested in ascertaining the earliest and the latest times at which this card could have been deposited in a mail box in the City of New Orleans, bearing the marks as indicated, and we are also interested in the significance, if any, of the fact that there are two marks indicating different times on the same card.

FBI Exhibit No. D-22 also includes a perforated card, which has been torn along the perforated edge, for use in assigning and terminating a post office box. This card bears two postal marks, one dated June 11, 1963, and the other apparently dated October 3, 1963, although it is scarcely legible. The Commission would like to know the significance of the latter postmark, especially its significance as to when Lee Harvey Oswald could have deposited the card in the mail or handed it in personally at the post office, and where this probably occurred.

MAR 27 1964

ORIGINAL FILED IN

Pertinent to this same problem are pages 212-213 of the report of Special Agent Gemberling, dated November 30, 1963. This portion of the report states that Lee Harvey Oswald appeared at the Louisiana Employment Commission regularly, at weekly intervals, throughout August and September 1963, and that the last such appearance was on September 24, 1963. It does not appear exactly what Oswald did during these appearances. If he picked up the checks which were being sent to him from the Texas Unemployment Commission at the Louisiana Employment Commission, then there seems to be a conflict between this fact and the facts established by the Report of Special Agent Callender of December 12, 1963, pages 14-16, and the Report of Special Agent Kemmy of December 12, 1963, pages 24-25. These two reports seem to establish that Oswald's last check did not even arrive in the New Orleans railway station until 5:30 p.m. on September 24, presumably too late for delivery to the Employment Commission that same day. The Commission would appreciate the Bureau's looking further into the whole matter of what Oswald did on his weekly appearances at the Louisiana Employment Commission, and if discrepancies appear between this evidence and the evidence in connection with the timing of the mailing of Oswald's check from Texas, we would like the Bureau to attempt to resolve such discrepancies.

The purpose of the questions posed in this letter and in the aforementioned letter of March 18, 1964, is to determine the earliest and the latest times at which Lee Harvey Oswald could have left New Orleans for Mexico. We would therefore like the Bureau to carry on any investigation that it may deem useful for this purpose, based upon any additional facts that might come to light in connection with the investigation requested in this letter.

Sincerely,

J. Lee Rankin

J. Lee Rankin
General Counsel

UNITED STATES GOVERNMENT

Memorandum

TO: MR. LENIHAN

DATE: 3-25-64

FROM: MR. BRANIGAN

SUBJECT: LEE HARVEY OSWALD
IS - R - CUBA

The President's Commission had previously requested that we obtain photographs of the payroll records covering Lee Harvey Oswald when he worked for the Texas School Book Depository. These photographs were received and it was observed that the record covering the employment of Oswald for the week ending 11-22-63 showed his name as Leslie Oswald.

I contacted ASAC Clark 3-25-64, called this to his attention, and requested that they determine from the proper official of the Texas School Book Depository why Oswald's first name was shown as Leslie.

ASAC Clark subsequently called to advise that Mr. H. S. Aiken, who is in charge of the payroll records for the Texas School Book Depository, advised today that carrying the first name of Oswald as Leslie was purely an error on his part when he recorded the name on the payroll records. He did not observe the error until the records were turned over to the FBI and at that time he did not want to make any change in the records.

This explanation will be incorporated in the letter transmitting the records to the President's Commission. DL advised that they would include this explanation in their next investigative report on the Oswald case.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

There are enclosed for your information two copies of the report dated March 11, 1964, at Dallas, Texas, concerning Lee Harvey Oswald. This report encompasses investigation conducted concerning Albert Osborne, who is also known as John Howard Bowen. This individual has been identified as the person who sat next to Lee Harvey Oswald on the bus trip leaving Nuevo Laredo, Mexico, on September 26, 1963, and arriving in Mexico City, Mexico, on September 27, 1963. Osborne has admitted being a passenger on this bus; however, he denies that the individual sitting next to him was Lee Harvey Oswald. He claims that the person was a Mexican. As indicated in the attached report, other English-speaking passengers aboard that bus have identified Oswald as being a passenger and Osborne as the individual sitting next to him.

During our investigation we have established that Osborne entered the United States in 1914 and adopted the identity of John Howard Bowen in 1916 to aid himself in obtaining American citizenship, which he never did obtain. Although he has repeatedly lied to us during the course of our interviews with him, our investigation has not established any connection between him and Oswald or developed any subversive data relating to Osborne/Bowen. We did learn, however, that he has received contributions for his mission in Mexico in the name of Bowen. These contributions have been mailed to him in Laredo, Texas, and the mail later forwarded to him in Mexico.

NOTE: See memo Branigan to Sullivan 3-26-64 re "Lee Harvey Oswald; IS-R-Cuba" WDS:mhw. The attached report has been read by Mr. Belmont and Mr. Malley.

Honorable J. Lee Rankin

As indicated in the attached report, Marina Oswald, when interviewed on February 24, 1964, advised she had never heard of Osborne/Bowen and that Lee Harvey Oswald took the above trip to Mexico alone. She was unable to identify a picture of Osborne/Bowen.

In view of the foregoing, no further investigation is being conducted concerning Osborne's background, unless a specific request is received from you. However, we suggest that you may desire to subpoena Osborne and place him under oath.

In view of the possible violations he has incurred in regard to United States naturalization and postal laws, we are advising the Immigration and Naturalization Service and the Chief Postal Inspector accordingly and are furnishing each a copy of the attached report.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Rankin:

Reference is made to your letter dated February 21, 1964, wherein you request certain information relating to the 6.5 millimeter Mannlicher-Carcano Italian military rifle, and to your request to obtain the originals or photographic copies of all documents relating to this rifle.

With regard to your request in paragraph one, the following is submitted:

The rifle, K1, was correctly described previously by the Federal Bureau of Investigation Laboratory as a 6.5 millimeter Mannlicher-Carcano Italian military rifle, Model 91/33, Serial Number C2766. Micrometer measurements of the interior of the barrel of the rifle were made. The bore diameter is 6.50 millimeters(.253 inches).

In paragraph two you request sharper reproductions of exhibit numbers 15 and 18 appearing in Volume I of the Book of Exhibits furnished by this Bureau. Efforts were made to obtain sharper reproductions, and two enlarged photographic copies of each of the above exhibits are enclosed for your assistance. It should be noted these photographs were made from the microfiln record maintained by Klein's Sporting Goods. The original records from which the film was made have been destroyed.

62-109060-1-22

ORIGINAL FILED IN

Honorable J. Lee Rankin

(a) The weight of the rifle with sling is 8 pounds; without the sling 7 pounds 11½ ounces.

(b) The length of the rifle is 40.2 inches.

(c) The length of the longest component, which is the stock, when disassembled is 34.8 inches.

(d) (i) The average time required to disassemble the rifle is 1½ minutes.
(ii) The average time required to assemble the rifle is 2½ minutes.

(e) The tools required to assemble or disassemble the rifle would include a screwdriver, fingernail file, coin (dime), or some similar object.

(f) The Dallas Police Department, when searching Lee Harvey Oswald's residence at 1026 North Beckley, Dallas, Texas, on November 23, 1963, obtained a fingernail file and a screwdriver, and it is considered these items would normally be located at any residence. These objects would also be generally available at the Paine residence in Irving, Texas, or at the Texas School Book Depository Building.

(g) The fired cartridge cases are ejected from the Kl rifle at various angles and distances depending upon the speed at which the bolt is operated and upon the position of the rifle at the time of extraction. This is a condition which exists with all bolt action rifles. Two series of tests were conducted. In one test, the barrel was held horizontally at the time of ejection. In the second test, the barrel was held at a 45-degree downward angle. In both tests, the ejection port was 32 inches above the floor.

In the horizontal barrel test, the ejected cartridge cases struck the floor between 59 inches and 101 inches from the ejection port. The angle

between the line of sight and the point of impact varied from 80 degrees to 97 degrees. All of the cartridge cases landed in a 47-inch diameter circle, the center of which was located 80 degrees from the ejection port on a line 90 degrees to the right of the line of sight.

In the test conducted with the barrel depressed at a 45-degree downward angle, the cartridge cases struck the floor between 55 inches and 115 inches from the ejection port. The angle between the line of sight and the point of impact varied from 64 degrees to 95 degrees. All of the cartridge cases landed in a 65-inch diameter circle, the center of which was located 85 inches from the ejection port on a line 80 degrees to the right of the line of sight.

These angles were measured clockwise from the line of sight with vertices at the ejection port.

It is pointed out that after striking the floor the cartridge cases ricocheted in a very erratic pattern both as to distance and direction some traveling as much as 10 feet beyond the point of impact.

In compliance with the requests set out in paragraph five, enclosed are two photographic copies of repair tag number 18374 which was obtained from the Irving Sport Shop, Irving, Texas. In addition, the following information is submitted:

(a) Your attention is invited to our letter dated March 18, 1964, which was in partial reply to your letter dated March 3, 1964, relating to the testimony of Marina Oswald. Specifically, item number two of your letter dated March 3, 1964, requested we endeavor to confirm or negate the apparent fact that the telescope was attached to the rifle when it was shipped to Dallas, Texas. The information enclosed with our letter

dated March 18, 1964, would appear to comply with instant request. No further inquiry on this particular item is being made, unless a specific request to the contrary is received from you.

(b) From an examination of the K1 rifle, no indication was found that the telescopic sight was remounted. Its position on the rifle, the mounting screws and the screw holes show no evidence of having been altered. It cannot be determined whether or not the telescope tube has been shifted in its mount since shifting the tube would leave no marks or other evidence of adjustment.

(c) Our investigation has disclosed only one other family by the name of Oswald residing in the area of Irving, Texas; namely, Mr. Jerry A. Oswald, his wife, and two children.

(d) Mr. Jerry A. Oswald, as well as other persons having the last name of Oswald residing in Dallas and vicinity, were interviewed and all advised they had not taken a rifle to the Irving Sport Shop to have a teloscopic sight mounted. The results of our investigation into this particular matter are recorded on pages 654 through 656 in the report of Special Agent Robert P. Gemberling at Dallas, dated December 23, 1963, captioned, "Lee Harvey Oswald, Internal Security - Russia - Cuba."

(e and f) According to Mr. Charles William Greener, owner of the Irving Sport Shop, the Irving Furniture Company, now defunct, and formerly operated by Mrs. Edith Whitworth, was located one block west of the Irving Sport Shop, on the north side of Irving Boulevard.

Your request to obtain the originals or photographic copies of all documents relating to the K1 rifle, as well as the rifle shipped to Aldens of Chicago, bearing Serial Number 2766, is still being vigorously pursued by this Bureau. For your information, seven of our continental offices are involved in this project including investigation in Canada. This material is being assembled as received for easy reference, and when all of the documents are obtained, you will be furnished the requested material.

Sincerely yours,

Enclosures (6)

NOTE TO SAC, DALLAS:

LEE HARVEY OSWALD, AKA.,
IS - C - CUBA

You will be furnished under separate cover photographic copies of the documents received by the FBI Laboratory, which have been furnished appropriate identification numbers where necessary. When all documents requested by the President's Commission have been received, the information relating to them, and any necessary explanatory notations, should be incorporated in an appropriate letterhead memorandum and submitted with two copies of each photograph to the Bureau for dissemination to the President's Commission. This matter should continue to receive your close attention so that this matter can be promptly handled. Insure all aspects of the Commission's request are complied with.

NOTE:

The Commission, in addition to the above technical data, requested the originals or photographic copies of all documents relating to the above weapon. This would include purchase order invoices, shipping documents, bills of lading, receipts, sales records, inventory records, of companies business firms. It has been very extensive in nature, and certain difficulties in obtaining this information is beyond our control. This matter continue to be followed closely at the Bureau, and when all the requested material is received, the President's Commission will be promptly advised.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont DATE: 3/26/64

FROM : A. Rosen

SUBJECT: PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT

At 9:20 a.m. this morning, in the absence of Inspector Malley, SA Scatterday received a telephone call from Mr. Howard Willens of the President's Commission with regard to the material requested by the Commission in connection with the killing of Officer Tippit, as pointed out in memorandum from Mr. Gauthier to Mr. Callahan on 3/24/64. The Commission had originally requested this material by April 1, and subsequently requested it to be delivered to the Commission by 9:00 a.m. on March 26, 1964.

The purpose of Mr. Willens' call was to ascertain when he would receive the Tippit material which he had requested by 9:00 a.m. this date. He was advised the matter would be checked on and he would be called back. A check with the messenger service reveals this material was delivered at 6:35 p.m. on the evening of 3/25/64 and was receipted for by Mr. Willens' secretary, Adele Lippard.

Scatterday tried to contact Mr. Willens at 9:30 a.m. to point out the fact that this material had been delivered to the Commission on the evening of March 25, at 6:35. Mr. Willens' secretary advised he was temporarily out of his office. Word was left for Willens to call as soon as he returned. As of 11:00 a.m. he has not returned the call. When he does call it will be pointed out to him that the material which he requested was in his office last night.

Memorandum

TO : MR. TROTTER DATE: 4-1-64

FROM : C. S. Voelker CSV

SUBJECT: PRESIDENTIAL COMMISSION
ASSASSINATION OF PRESIDENT KENNEDY

Rememo C. S. Voelker to Mr. Trotter 3-30-64.

In accordance with prior approval, on 3-27-64 Supervisor Sebastian F. Latona of the Latent Fingerprint Section, Identification Division, and Mr. Milton Eisenberg, Staff Member of the Presidential Commission, reviewed the expert testimony concerning fingerprint and palm print identifications which is to be given before the Commission. Mr. Latona is scheduled to appear before the Commission at 9:00 a.m. on Thursday, 4-2-64.

On 4-1-64 Mr. Eisenberg telephonically contacted the writer and requested that the four cardboard cartons which were found near the sixth floor window of the Texas School Book Depository Building be turned over to him in order that they would be available for his further review and presentation to the Commission. Mr. Latona delivered the four cartons to Mr. Eisenberg's office and obtained a receipt for them. As stated before, he is prepared to testify before the Commission on 4-2-64.

RECOMMENDATION:

The attached letter to the Presidential Commission confirming the request and delivery of the four cardboard cartons be approved.

Dear Mr. Hoover:

By letter of March 2, 1964 you confirmed that at the oral request of Mr. W. David Slawson on March 21, 1964, certain items of evidence were delivered to Mr. Slawson. I forwarded your letter to Mr. Slawson and he has informed me that the items were in fact received by him but that an apparent typographical error has been made.

The list of items, as transcribed by your office, includes item numbers "D 5 and D 32." Actually, Mr. Slawson received item numbers "B 5 and B 32." Item B 5 is a notebook and item B 32 is a letter written by Oswald.

Sincerely,

SIGNED

Washington, D. C. 20002

Dear Mr. Rankin:

Reference is made to your letter dated March 13, 1964, concerning the Duo-lens Imperial Reflex camera which was furnished to this Bureau by Robert Oswald on February 24, 1964, and identified by Marina Oswald as the camera with which she took the photographs of Lee Harvey Oswald holding a rifle and wearing a pistol. Your letter set forth four requests concerning this camera.

It was determined that one of the photographs in Commission Exhibit 133 was exposed in the Duo-lens Imperial Reflex camera identified by Marina Oswald as the camera with which she took the photographs of Lee Harvey Oswald holding a rifle and wearing a pistol. This examination was based on the original camera negative that is included in FBI Exhibit B-5. The photograph identified is the one in which Oswald is holding the rifle in his right hand. The other photograph in Commission Exhibit 133 could not be identified with the Imperial camera because such an examination is based on the original negative and the original negative of this photograph is not available for such a comparison.

The Ansco flash attachment in Item 379 does not fit the Duo-lens Imperial Reflex camera.

Dear Mr. Hoover:

Thank you for your letter of February 28, 1964, relating to a Duo-lens Imperial reflex camera furnished to your office by Robert Oswald on February 24 and identified by Marina Oswald as the camera with which she took the photographs of Lee Oswald holding a rifle and wearing a pistol. In regard to this camera: (1) Is it possible to determine, independently of Marina's statement, whether the photographs in question were taken through it? If so, could you please make such a determination? (2) Does the Ansco flash attachment in Item 379 fit this camera? (3) Why wasn't the camera picked up by the Dallas Police from Ruth Paine's residence, under what circumstances did Robert take the camera from that residence, and why did Robert wait until February 24 to come forward with it? (4) Could you please assign an item number to, and furnish us with a photograph of, the camera.

Dear Mr. Hoover:

Thank you for your letter of March 26, 1964, enclosing four copies of the brochure captioned "Killing of Dallas Patrolman J. D. Tippit" and accompaning memoranda furnished to the Commission in response to our letter of March 12, 1964.

I would like to take this opportunity to express our special gratitude to Mr. Leo J. Gauthier and his assistants for the exhibits they have prepared in connection with the work of this Commission. These exhibits reflect a high degree of industry and skill. Moreover, I know that Mr. Gauthier has been very cooperative in extending himself and his staff to meet the deadlines fixed by the Commission. These exhibits have been extremely useful in enabling witnesses called before this Commission to testify with greater detail and precision than would otherwise have been the case.

Sincerely,

J. Lee Rankin

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 3/20/64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63; DALLAS, TEXAS

In my memorandum of 3/12/64, I advised that during a discussion with representatives of the President's Commission, they advised that the Commission was contemplating having the firearms evidence in this matter examined by some other organization.

Today during the course of the prearranged conference with our firearms examiners, Mr. Melvin Eisenberg of the Commission stated that they contemplated using the testimony concerning the firearms evidence on or about 3/30/64. In this regard, he stated that the only testimony required on this date would be that concerning the assassination rifle, the identification of the bullet from the stretcher and the two bullet fragments recovered from the President's limousine and the significance of the diphenylamine tests on paraffin casts taken of Oswald's hands and face by the Dallas Police Department. Also, he desired testimony concerning the general characteristics of the bullet recovered from the residence of General Walker, which bullet was found in the Laboratory to have the same general rifling characteristics as test specimens from the assassination rifle, and the auditory effect of a bullet passing near an observer. As a matter of experience, two sounds will be heard by an observer close to the passage of a bullet, first the "crack" of the bullet passing and secondly, the sound of the report from the gun. This latter testimony would be pertinent to the fact that some observers reported hearing a number of shots fired during the assassination. He advised that the testimony concerning the remaining firearms evidence would be taken by deposition or before him and a court recorder at some time in the near future. This latter evidence includes the evidence received in the murder of Officer J. D. Tippit.

[illegible] REC. UNIT

Memorandum to Mr. Conrad
Re: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY; 11/22/63;
DALLAS, TEXAS
62-109060

During the course of the above discussion, Mr. Eisenberg stated that he would like to have the firearms evidence in our possession and pertaining to the assassination delivered to his office Saturday, 3/21/64, so that he could make arrangements to have it delivered to Mr. Ronald Simmons, Weapons System Division of the Defense Department at Aberdeen, Maryland, for re-examination. Mr. Eisenberg advised that he would request that the remaining firearms evidence be delivered to his office at a later time for the same purpose. This indicates that the Commission is complying with the Bureau's position that the evidence be delivered by the FBI to the Commission rather than directly to the outside expert.

As you will recall, a tiny tuft of fibers was found adhering to the butt of the assassination rifle that matched the fabric composing the shirt worn by Oswald on the date of the assassination. Various fibers were also found in the paper bag found in the Texas Book Depository Building that matched the blanket reportedly having belonged to Oswald. Also, body and pubic hairs were found in the blanket that matched hair specimens from Oswald. Mr. Eisenberg says that the Commission expects to use testimony on this subject on or about 4/1/64.

(CHARGES PHS NOT STAMPED ARE UNCLASSIFIED)

At 5:20 p.m., March 22, 1964, SA Donald L. Mason, New York Office, telephonically contacted the Bureau and talked to SA R. H. Egan.

[redacted]

YU 7-4343 is listed to Mrs. Frank C. Tobin, 126 Justine Avenue, Staten Island, New York.

According to SA Mason, this telephone has a recorded message in the form of a letter to the Director of the FBI to the effect that if Earl Warren is assassinated, he will be assassinated by a communist and for further proof of this refer to the assassination of President Kennedy by a communist. Said Warren worth more to the communist cause dead than alive as the communists always murder their friends when it will serve a useful purpose. Recording asks that Mr. Hoover help keep Mr. Warren alive as "we" want him removed the American way - by impeachment. The recording ends with the message that for more information send $1 to Eye Opener, Box 142, Staten Island, New York. Bureau files contain no identifiable pertinent information concerning Mrs. Tobin or Eye Opener.

ACTION:

New York Office is sending in the entire message, as well as additional information that can be developed concerning this telephone number which appears to change its recorded message periodically. Mr. Warren is being advised of the above information by Liaison.

TO : MR. TROTTER DATE: 3-30-64

FROM : C. S. Voelker

SUBJECT: PRESIDENTIAL COMMISSION
ASSASSINATION OF PRESIDENT KENNEDY

Rememo A. K. Bowles to Mr. Trotter 3-26-64.

The Director has previously approved making available to the Presidential Commission expert testimony concerning fingerprint and palm print identifications which relate to the assassination of President Kennedy. On 3-27-64 Supervisor Sebastian F. Latona of the Latent Fingerprint Section reviewed the charts which had been prepared with Mr. Milton Eisenberg, staff member of the Presidential Commission, in the presence of the writer. Following this we turned over to him photographic copies of the latent impressions which had been developed and copies of known fingerprints and palm prints of Oswald. He indicated these photographs would be made available to the New York City Police Department who were also being asked by the Commission for their opinion.

Mr. Eisenberg requested Supervisor Latona be made available at 9:00 a.m. Thursday, 4-2-64, with the necessary materials so as to be able to testify before the Commission at that time. Mr. Latona will comply.

UNITED STATES DEPARTMENT OF JUSTICE

FEDERAL BUREAU OF INVESTIGATION
Newark, New Jersey
March 20, 1964

In Reply, Please Refer to File No.

THE EYE OPENER
BOX 645
SARASOTA, FLORIDA

On March 18, 1964, [redacted] Short Hills, New Jersey, telephonically contacted the Newark Office of the Federal Bureau of Investigation to advise that people were being asked to call telephone number CR 3-0369 and listen to a recording. [redacted] stated that this recording pertains to the investigation of the assassination of President John F. Kennedy. She also stated that she had ascertained that the record is being paid for by Dr. Ruhl, 57 Drum Hill Drive, Summit, New Jersey.

The 1962 Summit city directory reflects that Forster G. Ruhl, Physician, has offices at 151 Summit Avenue and resides at 57 Drum Hill Drive, Summit.

On March 6, 1964, [redacted] Elizabeth, New Jersey, advised that recently when he received mail from Dr. Ruhl, some of the envelopes contained various printed comments, one of which was a stamped notation "Let Freedom Ring! Each week call CR 3-0369, Code 201."

Following is a transcription of the recording obtained by dialing CR 3-0369:

"Let freedom ring. We are told that Lee Oswald and Jack Ruby acted independently. They were just poor victims of an atmosphere of hate and in need of a mental health clinic. But before the Warren Commission completely obscures the facts, let's look at some interesting points:

"Fidel Castro threatened to break off relations with Mexico if Mexican authorities attempted to investigate Oswald's activities in their country.

THE EYE OPENER

"Jack Ruby, who was supposed to have acted through blind emotion, is reported to have been in Havana, Cuba, last year.

"Lee Oswald's apartment was close to Ruby's, and Oswald was headed in the direction of Ruby's apartment when he encountered Officer Tippit.

"Also of interest is the fact that Congressman Hal Boggs, an extreme left winger who is on the Warren Investigating Committee, has an interesting communist front record. Just minutes after the assassination, Boggs, Walter Reuther, and a red-wing black bird, Earl Warren, miraculously appeared on radio and TV and denounced the John Birch Society and other anticommunist groups, even though Oswald proudly announced that he was a communist.

"The American people will probably never know how much they owe to the Federal Bureau of Investigation. There are rumors afoot that the Warren Commission, which is a brazen usurpation of the investigative power of Congress, will attempt to turn the investigation into a smear of the Federal Bureau of Investigation and its director, J. Edgar Hoover.

"If you have not received the Let Freedom Ring assassination series - one of the first unhypocritical reports of the tragedy and the eye opening highly documented SPX research report, send one dollar to The Eye Opener, Box 645, Sarasota, Florida."

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Dear Mr. Rankin:

Reference is made to your letter dated March 17, 1964, regarding the allegation that Jimmy McCurley was acquainted with Lee Harvey Oswald during the period the latter lived in New Orleans and the allegation that Oswald dated Connie Francis, the recording artist, in that city. You requested that this Bureau conduct an appropriate investigation to determine the validity of the alleged facts.

For your information, we received a letter from Mr. Herbert J. Miller, Jr., Assistant Attorney General, Criminal Division, Department of Justice, Washington, D. C., dated March 11, 1964, enclosing a letter the Department of Justice received from Mr. A. Frank Grimsley, Jr., dated March 9, 1964. Mr. Grimsley's letter set out the same allegations which are contained in your letter of reference. We have noted that Mr. Miller, in his letter to this Bureau dated March 11, 1964, indicated he was making available to Mr. Willens of the Commission a copy of Mr. Grimsley's letter.

We have initiated appropriate investigation to determine the validity of the alleged facts in this particular matter. Results of our inquiries will be promptly furnished to the Commission upon receipt.

Sincerely yours,

J. Edgar Hoover

Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20530

Dear Mr. Hoover:

The Commission is in possession of information it is in no position to evaluate to the effect that a Tom Callahan of Baton Rouge, Louisiana, claims to have recently spoken to a Jimmy McCurley, who supposedly is President of the "Baton Rouge Connie Francis Fan Club." According to the information, McCurley was acquainted with Lee Harvey Oswald during the period the latter lived in New Orleans, and claims that Oswald dated Connie Francis, the recording artist, in that city.

The Commission has asked me to request that your Bureau conduct an appropriate investigation to determine the validity of the alleged facts.

Thank you for your continued cooperation in the work of this Commission.

Sincerely,

J. Lee Rankin

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: March 24, 1964

FROM : A. Rosen

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY; 11/22/63;
DALLAS, TEXAS

Referenced memorandum dated 3/20/64 from Jevons to Conrad set forth information concerning testimony relating to firearms evidence and the fact that firearms evidence was to be made available to the President's Commission on March 21, 1964, in order that an independent examination could be made of the firearms evidence.

This matter was discussed with J. Lee Rankin, General Counsel, President's Commission, in the early evening of March 23, 1964. Mr. Rankin was advised that in view of the action taken by the Commission concerning the firearms evidence, it was obvious the Commission does not have confidence in the FBI Laboratory, and that in view of the independent examinations being requested, it would appear desirable for the Commission to have whatever examination they desire from independent experts made and for the Bureau to step out of the picture from the standpoint of laboratory examinations. It was pointed out to Mr. Rankin that our Laboratory was greatly burdened with a large volume of work and that if the examinations that we made were not going to be accepted, it would appear that there would be no reason for our Laboratory experts to be tied up on these examinations in utilizing the time it requires to furnish testimony concerning matters where independent examinations are being made.

Mr. Rankin immediately replied that he certainly desired to correct any impression that the Bureau may have received that anyone connected with the President's Commission had a lack of confidence in the examinations made by the Bureau Laboratory. He stated that there had been a tremendous amount of pressure from various sources on the Commission for accepting the work being performed by the Bureau and not subjecting it to any independent examination. He also commented that the Bureau had performed a tremendous amount of investigative activity at the Commission's request and that there was likewise considerable pressure on the Commission to have independent examinations made concerning the findings made available by the FBI. Mr. Rankin

ORIGINAL FILED IN

Memorandum to Mr. Belmont
RE: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY; 11/22/63;
DALLAS, TEXAS

advised he had personally been completely opposed to any independent investigation by any outside investigators and that he had taken a strong stand that any investigation conducted should be handled by Government agencies unless it was found that the Commission could not obtain the results they desired. He stated thus far there had been no difficulties encountered with the FBI or any other Government agency relative to investigations and he did not anticipate there would be any. He stated he sincerely hoped he would be able to keep the members of the Commission agreeable to Government agencies handling investigative matters without any investigations on the part of outside investigators. Mr. Rankin was advised that his comments concerning investigative matters were appreciated but this did not change the picture relative to what appeared to be a lack of confidence in the Laboratory examinations. Mr. Rankin again stated that there was no lack of confidence and that the Commission relied completely on the thoroughness of the FBI Laboratory examiners, which he considered to be the best in the country. He stated because of the pressure that had been brought, the members of the Commission had made the decision to have the independent examinations. He stated emphatically that the Commission would insist that the Bureau Laboratory men be available to furnish testimony concerning matters examined by the Laboratory.

During the discussion, it was ascertained from Mr. Rankin that the Commission members had indicated they will probably desire independent examination concerning handwriting and fingerprint examinations. He gave no indication what items he was referring to or when such a request would be made.

Throughout the discussion Mr. Rankin seemed to be a little disturbed over the Bureau pointing out to him that the Commission obviously lacked confidence in our Laboratory and he repeatedly commented that the independent examinations of evidence were being made at the instructions of the seven members of the Commission. He gave no indication, however, whether this was the desire of certain members of the Commission and others were going along, or whether the Commission was in full agreement concerning this matter.

The foregoing is submitted for information.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

In accordance with the verbal request of Mr. Melvin Eisenberg of The President's Commission and with prior approval, SAs Henry B. Heiberger and John F. Gallagher met with Mr. Eisenberg on 3/26/64, to discuss spectrographic examinations conducted on materials relating to the assassination of President Kennedy.

SA Heiberger discussed the spectrographic comparison examinations which he conducted in the Laboratory. SA Heiberger advised that the lead alloy of the bullet recovered from the attempted shooting of General Walker was different from the lead alloy of a large bullet fragment recovered from the car in which President Kennedy was shot. SA Gallagher advised Mr. Eisenberg the spectrographic examinations of the bullet fragments recovered from the wound in President Kennedy's head and from the vehicle in which President Kennedy was riding at the time of his assassination were composed of the same chemical elements.

As reported in my memorandum of March 17, 1964 (Jevons to Conrad, LEE HARVEY OSWALD, IS - R), SA Gallagher discussed with Mr. Eisenberg the neutron activation analyses of the paraffin casts from Oswald. This technique you will recall revealed deposits on the casts characteristic of powder residues. However, it was not possible to distinguish the powder residues of the rifle cartridges from the powder residues of the revolver cartridges. It was in connection with this examination that Mr. Eisenberg then discussed with SA Gallagher a letter of Dr. Paul C. Aebersold, Director, Division of Isotopes Development, Atomic Energy Commission, to Assistant Attorney General Herbert J. Miller, which was dated December 11, 1963, and subsequently forwarded to The Commission. He read from this letter the following:

Memorandum to Mr. Conrad
Re: ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY,
11/22/63, DALLAS, TEXAS
62-109060

> "We would hope soon to have more details on whether the method (neutron activation analyses) will give useful information to distinguish between smoke deposits from revolvers and those from rifles--by meas of their distribution on the body of the person firing them and by the levels of antimony and barium (and perhaps other elements) deposited."

Mr. Eisenberg then asked if more detailed background was available at this date. It was pointed out by SA Gallagher that Dr. Aebersold's letter was written prior to the actual activation analyses examinations of Oswald's casts. No elements were found during these tests to distinguish between rifle and revolver deposits. Mr. Gallagher further pointed out that the data in the present instance were further complicated by Oswald's firing of the revolver subsequent to the firing of the rifle and by the fact that the casts have been chemically treated and washed prior to receipt for neutron activation analyses. Nothing has come to our attention and to our knowledge nothing has been done subsequent to these examinations which would assist further in the interpretation of the data obtained from the activation analyses of the paraffin casts from Oswald.

ACTION: None, for information.

J. Edgar Hoover, Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C. 20535

Dear Mr. Hoover:

As you know, one of the most important matters being considered by this Commission is the extent to which various federal law enforcement agencies knew of the activities of Lee Harvey Oswald before the assassination of President Kennedy. In the course of its inquiry in this regard, the Commission has obtained from each of the agencies concerned a great deal of information.

The FBI has been most cooperative in furnishing its formal reports on Oswald, and in responding by letter or memorandum to certain questions that have arisen from time to time. The Commission has a number of specific questions regarding these FBI materials; for convenience, the questions are set forth in an attachment to this letter. Although some of the questions are, in form, susceptible of a simple affirmative or negative response, the Commission would appreciate instead a reasoned response to each question, in reasonable detail, and with such substantiating materials as seem appropriate.

On behalf of the Commission I wish to thank you and your representatives for your continued assistance to the work of the Commission.

Sincerely,

62-109090-

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: March 26, 1964

FROM : A. Rosen

SUBJECT: THE PRESIDENT's COMMISSION
ASSASSINATION OF THE PRESIDENT

Mr. J. Lee Rankin of the President's Commission contacted the Bureau and, in the absence of Malley, spoke with Supervisor Rogge. He asked Rogge if it would be convenient for him to be at his office at 2:00 p.m. to pick up a letter which he desired to hand deliver to the Bureau.

Rankin, in delivering the letter, stated that he wanted to point out that he was asking that the letter be personally delivered because if the Bureau had any observations concerning it he would appreciate being called and he would give any of our observations immediate consideration. Rogge stated that Mr. Rankin was most laudatory in his comments and attitude of the Director and the Bureau.

It is noted that the attached letter transmits questions developed as a result of a close examination by the Commission staff of material which has been furnished by the FBI. Rankin indicated that the Commission has reviewed material which has been furnished by other Governmental agencies and that the Bureau, as well as the other agencies, was being requested to submit answers to various questions being submitted by the Commission. The Commission feels that these questions might be raised at a later date and desired these answers for the record.

It is also noted that Mr. Rankin's letter dated March 26, 1964, expresses the Commission's thanks to the Director for the assistance rendered.

The questions relate primarily to the activities of Oswald prior to the assassination and are presently being reviewed so that appropriate answers can be prepared.

SEND REC. UNIT

Questions for Federal Bureau of Investigation

1. Was there any FBI interest in Oswald before the April, 1960 FBI interviews of Mrs. Marguerite Oswald and Robert Oswald? If so, what was the nature and extent of the interest? What initiated the April, 1960 questioning of Mrs. Oswald and Robert Oswald?

2. At page 31 of the FBI Report on the Investigation of the Assassination of President Kennedy, it is stated that:

> "An FBI investigation of Oswald had been instituted on May 31, 1962, so that the FBI would be notified of his re-entry by Immigration authorities. The purpose of this investigation was to determine if Oswald had been recruited by a Soviet intelligence service."

What was the nature of the FBI's investigation prior to May 31, 1962? Why was the investigation to determine if Oswald had been recruited by Soviet intelligence not instituted earlier, since his plans to return to the United States were known much earlier than May 31, 1962. (According to the report of SA Fain of July 3, 1961, page 10, the files of the State Department Passport Office were reviewed on May 9, 1961, and revealed Oswald's correspondence with the U.S. Embassy in Moscow regarding his desire to return to the United States.)

3. Since the State Department advised the FBI on June 4, 1962 of Oswald's scheduled return, why did the FBI apparently wait until June 22, nine days after arrival, to check on his arrival? Why did the FBI not interview Oswald upon his arrival?

4. Did the FBI learn of Oswald's return to Fort Worth from his sister-in-law, Mrs. Robert Oswald (who advised on June 26, 1962 that he had arrived in Fort Worth on June 14), or was this information developed independently, and if so, in what way? Was Oswald placed under surveillance upon his arrival in New York, or was the first FBI contact the interview with him on June 26, 1962?

5. What was the FBI evaluation of Oswald as a result of the June 26, 1962 interview?

6. Why was Oswald interviewed so soon thereafter on August 14, 1962? What was the FBI evaluation of Oswald as a result of this interview? Where was this interview held, how long did it take, and was there anything remarkable about Oswald's demeanor during the course of the interview?

AAPC

7. The Retail Merchants' Credit Association of Fort Worth has stated that the FBI inquired about Oswald on February 27, 1961, and again on February 7, 1963. If these inquiries took place, why are they not mentioned in the FBI reports for the period involved?

8. The report of SA Hosty of September 10, 1963 contains the following item:

> "On April 21, 1963 Dallas confidential informant T-2 advised that LEE H. OSWALD of Dallas, Texas, was in contact with the Fair Play for Cuba Committee in New York City at which time he advised that he passed out pamphlets for the Fair Play for Cuba Committee. According to T-2, OSWALD had a plackard around his neck reading, 'Hands Off Cuba Viva Fidel'."

Is this information correct as of the date indicated, and does it describe activities which occurred before Oswald's move to New Orleans?

9. How and when did the FBI learn of Oswald's move to New Orleans?

10. What prompted the New Orleans FBI Office inquiry into Oswald's activities, which inquiry appears to have begun at least as early as June 26, 1963? (See report of SA Kaack, October 31, 1963, page 3.)

11. Why are items about Oswald's residence and employment in New Orleans set forth in almost identical form in the report of SA Hosty of the Dallas FBI Office (September 10, 1963) and the report of SA Kaack of the New Orleans FBI Office (October 31, 1963)? Why is there no other mention in the Hosty report of information set forth in the Kaack report under dates earlier than the date of the Hosty report, and in several instances under dates earlier than the items about residence and employment that appeared in both reports?

12. Did SA Quigley, who interviewed Oswald at the New Orleans jail, or SA Kaack, who prepared a report on Oswald, review earlier FBI reports on Oswald? Were they aware that, contrary to his statement, Oswald had not lived with his mother following discharge from the Marine Corps, but rather had gone to Russia? Were they aware that, contrary to his statement, his wife's maiden name was not "Prossa", and that they had not married in Fort Worth but in Russia?

13. The information about Oswald's residence and employment in New Orleans is also substantially duplicated in the report of SA De Brueys of October 25, 1963 on the Fair Play for Cuba Committee -- New Orleans Division. Why, however, is Mrs. Oswald described only as

"his wife" in the Hosty and Knack report entries concerning residence information given by Mrs. Jessie Garner, while the De Brueys report identifies her more specifically as "his wife, Marina Nikolaevna Oswald" in the same reference to Mrs. Garner's statement? Was either SA Quigley or SA Knack aware of this indication that Mrs. Oswald's maiden name was not "Prosa"?

14. What was the FBI reaction to the advice obtained on August 30, 1963 from Mr. Bill Stuckey that Oswald had told him he had worked and been married in Russia as contrasted with his inconsistent statements to SA Quigley on August 10?

15. The report of SA Quigley of October 31, 1963 states that on August 22, 1963 Radio Station WDSU made available a transcript of the radio broadcast in which Oswald participated on August 21, 1963. Why does the report of SA De Brueys of October 25, 1963 not include this item, but state instead that on September 12, 1963 a confidential informant made available a transcript of the same radio broadcast?

16. The report of SA Knack of October 31, 1963 states that on October 1, 1963 a confidential informant who was acquainted with some phases of Communist Party activities in New Orleans, advised that Oswald was unknown to him. Why does this item not appear in the report of SA De Brueys, which instead includes a similar reference to a statement by a confidential informant made on October 15, 1963, that the informant did not know of Oswald or his wife? Why does this item not appear in the Knack report?

17. The De Brueys report of October 25, 1963 states that on October 7, 1963 a confidential informant advised that P.O. Box 30016 did not exist in the New Orleans area, and on the same date inquiry at the New Orleans Retailers' Credit Bureau failed to turn up any record of an A. J. Hidell. Why do these items not appear in the report of SA Knack of October 31, 1963?

18. When did the FBI first obtain from the New Orleans Police Department the list of Russian names and telephone numbers which had been obtained from Oswald's wallet at the time of his arrest? If this information was retained by the New Orleans Police Department but not made available until after the assassination, has the FBI received any explanation for this delay?

19. How did the FBI evaluate Oswald's voluntary request to be interviewed by the FBI in New Orleans, particularly in view of the attitude he displayed at earlier interviews?

20. What was the FBI evaluation of Oswald as a result of the August 10, 1963 interview? What was the FBI evaluation of the Fair Play for Cuba Committee during the summer of 1963, and of Oswald's work for it?

21. Why did the FBI Investigation Division furnish an identification record to the New Orleans FBI Office consisting of a description of the two occasions on which the FBI had received Oswald's fingerprints: first, upon his entry into the Marine Corps; second, upon his arrest in New Orleans? Why was this information furnished under FBI number 327 925 D, and not under Oswald's FBI Bureau File Number which is 105-82555?

22. The FBI Report on the Investigation of the Assassination of President Kennedy, page 39, states that in October, 1963, an investigation was initiated to ascertain the whereabouts of the Oswalds, following advice from a rental agent that they had vacated their apartment and that Mrs. Oswald and their child had departed in a station wagon with Texas registration. What was the reason for this investigation to ascertain Oswald's whereabouts?

23. What was the FBI reaction to the CIA report of October 10, regarding Oswald's visit to the Soviet Embassy in Mexico City? Why did the FBI not request additional information or follow-up information by the CIA? What was the FBI evaluation of Oswald in view of the CIA report?

24. Was the FBI aware of Oswald's application on June 24, 1963 for a passport, or the issuance of a passport on June 25, 1963? Why did the FBI not request that the Passport Office of the Department of State include Oswald on a list which would have resulted in advice to the FBI of any application for a passport?

25. What prompted the FBI efforts to locate Oswald on October 18 in Fort Worth, or Robert Oswald on October 19 in Fort Worth (before receiving advice on October 25, 1963, that Oswald had given the New Orleans Post Office a forwarding address in Irving, Texas)?

26. Why did the FBI make three attempts within eight days (October 29 - November 5, 1963) to locate Oswald? After being advised of his place of employment by Mrs. Paine, did the FBI attempt to locate him through that lead? Were any further efforts made between November 5 and November 22 to locate Oswald, and if not, why not?

SECRET

27. Did SA Hosty interview Marina Oswald and Mrs. Paine alone on November 1, 1963, or was he accompanied by another agent or agents? At what time of day did SA Hosty conduct the interview on November 1, 1963, and did he receive any advice regarding the time when Oswald was expected to visit Mrs. Paine's house that day, or when he might be there on another day?

[redacted]

29. Did SA Hosty state to anyone on November 22, 1963 that Oswald had contacted two known subversive agents about 15 days before the assassination, but that the entire information was Top Secret? If so, to what did SA Hosty refer?

30. When and for what reason were pages 279 through 283 of the report of SA Gemberling of February 11, 1964 prepared (setting forth the entries in Oswald's address book which had not been included in the report of SA Gemberling of December 23, 1963)?

UNITED STATES GOVERNMENT

Memorandum

TO : W. C. Sullivan

FROM : W. A. Branigan

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

~~SECRET~~

DATE: 3-27-64

1 - Belmont
1 - Mohr
1 - Conrad
1 - DeLoach
1 - Rosen
1 - Sullivan
1 - Malley
1 - Branigan
1 - Lenihan

Re memorandum Mr. Rosen to Mr. Belmont dated March 26, 1964, entitled "The President's Commission; Assassination of the President" reporting that a letter had been furnished to the Bureau by Mr. Rankin requesting the Bureau submit answers to various questions submitted by the Commission. The Commission feels that these questions might be raised at a later date and desired these answers for the record.

The Domestic Intelligence Division has carefully reviewed Mr. Rankin's letter and noted that the Commission have asked to be furnished the answers to 30 specific questions dealing with this Bureau's handling of the Lee Harvey Oswald investigation. Set forth below is a concise breakdown of the specific areas of interest to the Commission in this particular inquiry:

(1) FBI Handling of the Oswald Case Prior to Oswald's Return to the U. S. June 13, 1962. The Commission notes that in our report on the assassination of President Kennedy, we indicated FBI investigation of Oswald had been instituted on May 31, 1962, so that FBI would be notified of Oswald's re-entry by Immigration authorities. Commission desires to know nature of our investigation prior to May 31, 1962, inasmuch as Bureau had received information from State Department records that Oswald planned to return to U. S. much earlier than May 31, 1962.

(2) FBI Handling of Oswald Case Immediately Following Oswald's Return From Russia. Commission noted Oswald returned to U. S. June 13, 1962, but was not interviewed by FBI until June 26, 1962. Commission desires to know why FBI did not interview Oswald immediately upon his arrival in U. S. June 13, 1962.

(3) FBI Analyses of Oswald Following Our Interviews With Him on June 26, 1962, and August 16, 1962 (correct date of interview August 10, 1962). Commission also desires to be furnished FBI reaction to the CIA report of August 10, 1963, regarding Oswald's visit to the Soviet Embassy, Mexico City, Mexico. Commission asked what was the FBI evaluation of Oswald in view of this CIA report.

105-82555

REL:pdb

~~SECRET~~

NOT RECORDED
199 APR 17 1964

APR 13 1964

(4) FBI Techniques in Covering Oswald's Activities in U. S. Commission particularly desires to know how we learned of Oswald's return to Fort Worth, Texas, after Oswald returned to U. S. on June 13, 1962. Commission desires to know whether Oswald was placed under surveillance upon his arrival in New York and desires to know how we developed certain information in this investigation and in what way. Commission also desires to know why the FBI Identification Division carries Oswald's file as 327925D while main case file on Oswald is 105-82555.

(5) FBI Reporting Procedures in Handling Oswald Investigation. Commission makes reference to numerous reports which have been submitted to the Commission and notes that certain reports duplicate information carried in other reports but at same time omit certain data that is carried in another report submitted for the same period involved. Commission noted the credit check in Fort Worth on 2-27-61 and 2-7-63 re Oswald had not been reported in our reports for the period involved.

[redacted]

Commission also requested to be advised whether SA Hosty stated to anyone on November 22, 1963, that Oswald had contacted two known subversive agents about 15 days before the assassination but that the entire information was Top Secret. The Commission stated that if Hosty made such statement, to what did SA Hosty refer. Commission again raised question as to why entry in Oswald's address book involving SA Hosty was not set out in the December 23, 1963, Dallas report dealing in part with Oswald's address book. Our answer to this particular inquiry has been furnished to the Commission previously by separate communication and apparently has not been correlated within the Commission.

SECRET

ACTION:

Each of 30 individual questions posed by the Commission regarding FBI handling of the Oswald case is being very carefully analyzed. In some instances it will be necessary to contact the New Orleans and Dallas Offices to get the answers from the Agent in the field who handled the investigation involved in a specific question. This matter is being given expeditious attention in order that a prompt reply can be furnished the Commission regarding its inquiries in this particular matter.

SECRET

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 3/30/64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY, 11/22/63, DALLAS, TEXAS

As a matter of record, on 3/30/64, Mr. Melvin Eisenberg, a member of the President's Commission, had item C15, Oswald's revolver, returned to the Laboratory. The delivery of this item to the Commission was appropriately confirmed by letter to Mr. J. Lee Rankin, General Counsel of The President's Commission.

Mr. Eisenberg, during a pretestimony conference with SA Cortlandt Cunningham on 3/30/64, stated that he would like the FBI Laboratory to conduct paraffin tests using diphenylbenzidine with the C14 assassination rifle prior to SA Robert A. Frazier's testimony on 3/31/64. He was advised that these tests would be conducted. Prior tests of this nature were conducted in the Laboratory using the technique of neutron activation (memorandum 3/17/64, Jevons to Conrad). Mr. Eisenberg requested the above test as a matter of record since there had been considerable publicity in regard to this matter.

Mr. Eisenberg also asked Mr. Cunningham to have the Dallas Office of the FBI contact the Dallas Police Department in an effort to locate any additional cartridge cases found by the Dallas Police Department during the investigation of Officer J. D. Tippit's murder. It is pointed out that the Laboratory has received four bullets alleged to have been removed from the body of Officer Tippit. Three of these bullets were manufactured by Winchester-Western and one of the bullets was manufactured by Remington-Peters. The four cartridge cases found near the scene of the shooting by the Dallas Police Department were found to consist of two Remington-Peters and two Western cartridge cases. Therefore, a Remington-Peters bullet and a Western cartridge case were apparently not recovered.

Memorandum to Mr. Conrad
Re: ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY,
11/22/63, DALLAS, TEXAS
62-109060

FBI Dallas has telephonically advised that Lieutenant Carl Day of the Dallas Police Department stated today that all cartridge cases recovered by the Police Department have been turned over to the Bureau. These, of course, are the ones described above. This information is being furnished the Commission by letter. Lieutenant Day also advised that it is very possible that a bullet or casing to Oswald's revolver was not found as such cartridge cases recovered were found by individuals in the area and turned over to the Dallas Police Department.

It is to be noted that the Tippit murder case is strictly a local one under the jurisdiction of the Dallas Police Department.

ACTION: None, for information.

Washington, D. C.

Dear Mr. Rankin:

You are referred to a letter to this Bureau from the Central Intelligence Agency (CIA) dated February 14, 1964, classified "Secret," a copy of which was designated for you.

In this letter the CIA stated that Marina Oswald's denials to this Bureau of knowledge of Oswald's alleged attempted suicide on October 21, 1959, are not considered adequate to verify or refute the notation which appears in Oswald's diary. The CIA, therefore, has requested that this Bureau develop other information pertinent to the attempted suicide.

In addition to asking this Bureau to supply observations and reports from police, ambulance or other which relate to evidence of a scar or scars on Oswald's left wrist, the CIA recommended a direct examination be made by a qualified surgeon of Oswald's left wrist and that photographs of [illegible] other surfaces of that wrist be made in the event the surgeon's examination had no other acceptable evidence in this matter.

This Bureau is now collecting information on the alleged attempted suicide as requested in paragraph [illegible] of the referenced letter from the CIA. However, this [illegible] action for the examination and examination of Oswald's body requested in paragraph five of the CIA's letter [illegible] instructions

Dear Mr. Rankin:

Reference is made to our letter dated April 6, 1964, summarizing recent developments in our investigation of the activities of Lee Harvey Oswald in Mexico.

In this connection, there are enclosed two copies of a memorandum dated April 7, 1964, to each of which are attached seven photographs which have been designated as Exhibit D-202. The results of our interview of Herbert Francis Voorhees, who is referred to on page 19 of the enclosed memorandum, will be furnished to you by separate communication.

Our investigation of the activities of Lee Harvey Oswald in Mexico is continuing and results thereof will be furnished to you as received.

Upon removal of the classified enclosures, this letter may be regarded as unclassified.

Sincerely yours,

J. Edgar Hoover

NOTE:

Classified "Confidential" as Legat, Mexico City, has so classified its letterhead to protect Bureau's operations abroad. Investigation reported by Legat was conducted by Bureau personnel rather than through established sources. Enclosure is a 33-page letterhead dealing with travel of Oswald on 10/2-3/63 from Mexico City to Dallas, Texas. Enclosure establishes, with reasonable certainty, that Oswald, traveling as H. O. Lee, left Mexico by bus of the Transportes Del Norte line and traveled on to Dallas by Greyhound from Laredo. Messrs. Belmont and Malley have approved the enclosed letterhead.

APR 15 1964

Honorable J. Lee Rankin

NOTE CONTINUED:

and "Mark Lane, SI - C."

Lane continues his efforts to cast doubt on Oswald's guilt in the assassination of President Kennedy. He claims that the paraffin test of Oswald's cheeks shows that Oswald could not have fired a rifle on the day in question. He claims that he has a witness stating that Oswald was not the individual who killed the Dallas police officer Tippit. He claims also the first shot fired at the President came from in front of his motorcade; and that while the doctors at Parkland Hospital, Dallas, said the wound in the throat of President Kennedy was an entrance-type wound, after they were "brainwashed" by Secret Service agents the doctors said the wound was an exit type. Lane was critical of the FBI and its alleged response to the question as to how Oswald could have entered the building on the motorcade route carrying a rifle three feet long and wrapped in a small piece of brown paper. Lane claims the Bureau answered this question by stating we are not permitted to "move into the area of political nonconformity" and that our jurisdiction involved security matters. Lane claims this does not accurately "portray what they are doing." Lane also implies a coverup in the inquiry into the assassination of President Kennedy by the Bureau, the Dallas Police Department, the District Attorney's Office and the United States Secret Service, and complains that the Warren Commission contains racists and that all basic rights have been denied Oswald by the Commission. The Bureau has formally advised the President's Commission of Lane's statement in Los Angeles that he was to take a European trip on April 1, 1964.

Dear Mr. Rankin:

Your attention is called to the report of Special Agent Darrel B. Currie of this Bureau dated November 24, 1963, at Boston, Massachusetts, entitled "Assassination of President John F. Kennedy, November 22, 1963, Dallas, Texas." The report of Special Agent Currie sets out results of this Bureau's interview with Miss Priscilla Mary Post Johnson, free-lance journalist, who interviewed Lee Harvey Oswald in November, 1959, in Moscow, USSR.

I would like to bring to your attention, in the event such information is not already known to the Commission, that the April, 1964, issue of "Harper's" magazine contains an article entitled "Oswald in Moscow" by Priscilla Johnson.

Sincerely yours,

J. Edgar Hoover

APR 14 1964

NOTE: Priscilla Johnson is a journalist who interviewed Oswald shortly after he arrived in Moscow. At that time, Miss Johnson was in Moscow as a correspondent for the North American Newspaper Alliance. The information she furnished to us in connection with her interview with Oswald in Moscow is very similar to the information she now reports in "Harper's" magazine.

Dear Mr. Rankin:

Enclosed are two copies of a memorandum dated April 6, 1964, at Dallas, Texas, concerning Lee Harvey Oswald.

You will observe that the memorandum contains the comments of Marina Oswald concerning the individuals she had listed in her address book (Commission Exhibit 104). In reviewing the enclosed memorandum, you will observe that the spelling of the names and addresses as furnished by Marina Oswald on pages three, four and five of the memorandum differs in some instances from the spelling of the names and addresses as they are set out on pages two and three. The spelling of the names and addresses on pages two and three is that of the person who first translated the names and addresses from the notebook.

Copies of the enclosed memorandum and photographs of the address book have been furnished to the Central Intelligence Agency with the request that it review its files and conduct such additional inquiry as deemed appropriate to obtain further identification of these Russians.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Rankin:

Your attention is directed to the report of Special Agent Robert P. Gemberling dated November 30, 1963, page 35, which sets forth the results of an interview with Jean Hill who was present with Mary Ann Moorman in Dallas, Texas, on November 22, 1963, when President Kennedy was assassinated.

Subsequent to this interview Mr. Mark Lane, a New York attorney, at a meeting sponsored by the "National Guardian" in New York City on February 18, 1964, entitled "An Inquiry Into The Oswald Case," played a tape recording of a telephone conversation with one Miss Hill who claimed to have heard four to six shots at the time of the assassination of President Kennedy.

Enclosed for your information are four copies of a memorandum dated March 18, 1964, captioned, "Lee Harvey Oswald," which contains the results of a reinterview with Mrs. Jean Lollis Hill who resides at 9402 Bluffcreek, Dallas, Texas.

This Bureau is currently conducting additional investigation endeavoring to identify an individual observed by Mrs. Hill running west away from the Texas School Book Depository Building following the shooting.

When the results of this investigation are received, they will be furnished to you.

NOTE:

A meeting was held on 2/18/64 at the town hall in New York City sponsored by the "National Guardian" where Mark Lane, voluntary defense attorney for Lee Harvey Oswald, criticized investigation conducted by the FBI and Secret Service. He played a tape recording of a telephone conversation made 2/18/64 with Mrs. Hill. Dallas was instructed by airtel 3/9/64 to identify and interview Mrs. Hill. Dallas did locate and identify Mrs. Hill and submitted results of interview. However, in her interview she commented she observed a white man wearing a brown raincoat and hat running away from the Texas School Book Depository Building in the direction of the railroad tracks. She described him as a man of average height and heavy build, and she did not get a good look at him, does not know who he was and never saw him again. Bureau files do not reveal the identity of this individual or whether he has been previously identified and interviewed. To fully resolve this, Dallas has been instructed to conduct appropriate inquiries however, the results of Mrs. Hill's re-interview are being furnished to the Commission indicating additional investigation is being conducted in this matter.

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

When contacted on March 6, 1964, by Agents of this Bureau concerning items she possessed relating to the investigation of Lee Harvey Oswald, Mrs. Ruth Paine advised that she had the following material:

1. Four letters written to her by Marina Oswald when the latter resided in New Orleans, Louisiana, in the Spring and Summer of 1963

2. Two short notes written to her by Marina Oswald while Marina and Lee Harvey Oswald resided at 214 West Neely Street, Dallas, Texas, in the Spring of 1963

3. A short note written to Marina Oswald by Mrs. Paine but never delivered

According to Mrs. Paine, the letters and notes, which were written in the Russian language, contained nothing of significance regarding the investigation of Lee Harvey Oswald. She recalled that one of Marina Oswald's letters indicated that Oswald wanted to send his wife back to the Soviet Union but that he would not return with her.

She stated that she did not desire to make the letters and notes public. In addition, she advised that if she were to furnish them to the President's Commission, it would be with the understanding that they would not be made public.

Honorable J. Lee Rankin

During an interview with Agents of this Bureau on March 31, 1964, Mrs. Paine stated that she had been required to furnish the letters and notes to the President's Commission and that they had been made part of her testimony. Mrs. Paine also reported that she had exhibited the letters and notes to Isaac Don Levine, a writer, prior to her appearance before the President's Commission.

For your information, this Bureau has received an allegation that Mrs. Paine had given Levine five letters which had been written by Lee Harvey Oswald and which have never been made available to United States Government authorities; further, that Levine has been collecting material for a book concerning Lee Harvey Oswald which is scheduled to be published in April, 1964. This Bureau would appreciate receiving copies of the letters and notes reportedly furnished to you by Mrs. Paine if they contain data of interest to our investigation.

Sincerely yours,

Dear Mr. Rankin:

Reference is made to your letter dated March 20, 1964, concerning allegations in the press that one or more shots fired at the Presidential limousine came from the vicinity of the triple overpass toward which the limousine was headed.

This Bureau has conducted numerous interviews with persons known to have been in the vicinity of the triple overpass at the time of President Kennedy's assassination. Many of these interviews have been previously incorporated in investigative reports furnished to you.

The following is a listing of interviews previously conducted and furnished to you of individuals on or near the triple overpass on November 22, 1963, with specific reference to reports wherein this information is recorded.

Report of Special Agent Robert P. Gemberling dated November 30, 1963, at Dallas, Texas, captioned, "Lee Harvey Oswald; Assassination of President John Fitzgerald Kennedy, 11/22/63, Dallas, Texas, Assaulting Federal Officer."

As of March 17, 1964, our Dallas Office interviewed nine additional individuals who were in this vicinity and on March 24, 1964, and March 25, 1964, the last three interviews of persons known to be in this area on November 22, 1963, were conducted. The results of these interviews are being incorporated in an investigative report by our Dallas Office which will be furnished to you at an early date.

Honorable J. Lee Rankin

All of the persons interviewed in connection with this matter were specifically asked if they had observed any suspicious actions and for the identification of other individuals who may have observed pertinent activity in this area.

In view of the above no further action is being taken in this matter.

Sincerely yours,

NOTE: Commission by letter 3/20/64 made reference to numerous allegations appearing in the press that President Kennedy was shot from the triple overpass. This speculation was probably prompted by statements issued by several doctors affording President Kennedy emergency treatment at Parkland Memorial Hospital in Dallas, to the effect the President had a hole in the front of his throat. This statement was pounced upon by some journalists as inferring this was a bullet entry hole, which is not the case.

The Commission requested we interview all persons in the vicinity of triple overpass insuring that certain specific questions were asked. Since we have interviewed all persons known to have been in this vicinity and each has been exhaustively questioned, no further action appears warranted. Dallas has advised the additional interviews conducted as indicated in the above letter will be set out in the next report submitted which report will subsequently be sent to the President's Commission.

MAR 20 1964

Mr. J. Edgar Hoover
Director, Federal Bureau
of Investigation
Department of Justice
Washington, D. C.

Dear Mr. Hoover:

As you know, among the many allegations appearing in the press has been the assertion that one or more of the shots fired at the Presidential limousine came from the vicinity of the triple overpass toward which the car was headed.

We would like your Bureau to interview all those persons who were in the vicinity of the triple overpass and the adjoining railroad tracks. These interviews should include not only their recollections of the shooting itself but also their recollections as to who else they saw in the vicinity and whether there were any actions of a suspicious nature after the shooting such as running away, sudden departure by auto, etc. The Commission feels that a thorough investigation of the triple overpass area is of extreme importance in view of the wide circulation received by the stories mentioned above.

Sincerely,

62-109090-39

Re: Lee Harvey Oswald
Internal Security - Russia - Cuba

On March 31, 1964, an individual who requested that his identity not be divulged, but who has furnished reliable information in the past, furnished the following information, regarding letters sent to Ruth Payne by Oswald.

During her recent testimony before the Warren Commission, Ruth Payne furnished the Warren Commission five letters not heretofore furnished to the commission or to any governmental agency. Payne furnished these letters to the commission during the course of her recent testimony at the suggestion of Isaac Don Levine.

The source advised that Payne brought the letters to Washington, DC and prior to furnishing them to the commission, she made them available to Isaac Don Levine, who, according to the source, had photographs made of the letters. It is the informant's belief that Levine will probably use the letters in connection with material he is working on for a forthcoming book regarding Lee Oswald. Informant stated that Levine told Ruth Payne that the commission should have the benefit of all available information regarding Oswald.

It was informant's impression that the letters are probably unimportant from a political standpoint, but possibly give an insight into Oswald's personality. The informant had nothing specific to corroborate this impression.

The informant concluded by stating that there is no specific information available to the informant regarding the contents of the five letters that Mrs. Payne furnished to the Warren Commission and which have been made available to Isaac Don Levine.

Memorandum

MR. W. C. SULLIVAN

DATE: April 8, 1964

FROM: MR. D. E. MOORE

cc Mr. Belmont
Mr. Conrad
Mr. Sullivan
Mr. Malley
Mr. Branigan
Mr. Lenihan

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA

105-82555-306 7

This memorandum records requests made of our New Orleans Office by representatives of the President's Commission in connection with inquiries they are conducting in New Orleans.

SAC Maynor, New Orleans, in his call to you today advised that James Leibler and Albert Jenner of the Commission had made inquiry concerning available information about Jean Andrews, a New Orleans attorney who reportedly was contacted by Oswald. SAC Maynor advised that the representatives of the Commission did not have available with them material which had previously been forwarded to the Commission and were interested in obtaining details of our inquiries into this matter. After checking and determining that the interest previously developed by the New Orleans Office and been reported to the Commission, SAC Maynor advised that it would be desirable to advise the Commission representatives of the information previously developed.

Subsequently this afternoon SAC Sylvester, New Orleans, called and stated that Mr. Jenner had spoken with Mr. [illegible] and stated that in connection with [illegible] made concerning information furnished by [illegible] the New Orleans Office that these items had actually appeared [illegible] and that he would like to have a [illegible] concerning these items. Mr. Sylvester advised that the items were furnished to the Commission by letters of 4-2-64 and 4-3-64 and that he would leave a memorandum with [illegible] which contained the items which were furnished. The material is set forth on pages 31 and 32 of this report.

I advised SAC Sylvester that Special Agent Bardwell's report was sent to the Commission and there was no objection to discussing with the Commission representatives of the information previously developed by the New Orleans in this matter.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to my letters of March 6 and 13, 1964, concerning Clarence Daniel Smelley, who advised our Birmingham, Alabama, Office that in 1962 he and an associate, whom he declined to identify, gave $20,000 to a Nashville, Tennessee, juror on behalf of James Riddle Hoffa, President of the Teamsters Union, and were present in Washington, D. C., in September, 1963, when Hoffa gave "contracts" to Lee Harvey Oswald to kill President Kennedy and the Attorney General.

My letter of March 13, 1964, advised of the arrest of Smelley and the seizure of tapes which he claimed were recordings of conversations of Hoffa and others relating to this matter. The tapes were played and proved to be recordings of radio programs, some of which were broadcast after the issuance on March 6, 1964, of a subpoena for the production of the tapes.

Smelley was reinterviewed on March 25, 1964, and stated that he knew of the existence of a tape or tapes of conversations between Hoffa and Lee Harvey Oswald concerning the assassination of President Kennedy. He declined to identify the individual who possessed this tape or tapes but claimed that he could procure the tapes and would cooperate with the FBI in that regard. He cannot or will not reconcile inconsistencies in the statements he has made regarding the existence of and contents of the tapes.

SEE NOTE PAGE TWO

FBI

Honorable J. Lee Rankin

Enclosed herewith is one copy of a memorandum incorporating the results of an examination of Smelley conducted at the Veterans Administration Hospital, Birmingham, during the period March 12 to 24, 1964.

The examination by the Veterans Administration Hospital had been ordered on March 11, 1964, by Federal Judge William E. Miller, Nashville, Tennessee, in order that a determination could be made as to Smelley's mental condition.

Any further developments of interest to your Commission will be brought to your attention.

Sincerely yours,

J. Edgar Hoover

Enclosure

NOTE: As a matter of further background, Smelley failed to respond to a subpoena duces tecum served by our Agents and calling for his appearance before a Federal grand jury at Nashville, Tennessee, on 3/9/64. An order for Smelley's arrest and the seizure of the tapes in his possession was issued by the Federal Court at Nashville and the Birmingham Office accordingly arrested Smelley and seized the tapes. On 3/11/64, Smelley furnished a signed statement admitting he had no knowledge of "contacts" between Hoffa and Oswald.

Copy of the memorandum which is enclosed with this letter was furnished to Assistant Attorney General Miller by 0-6-D, 4/3/64.

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20535

Dear Mr. Hoover:

As I informed Mr. Malley on Friday, the Commission has requested that members of the Commission staff travel to Mexico City to consult with appropriate officials regarding the investigation of Lee Harvey Oswald's activities in Mexico during the period from September 26, 1963 to October 3, 1963.

It is currently planned that the trip will be made by Mr. Howard P. Willens of the Department of Justice and Messrs. William T. Coleman and W. David Slawson of the Commission staff. I have instructed these lawyers to do the following on behalf of the Commission: (1) To inform themselves fully regarding the nature and extent of the investigative effort made on this matter by representatives of American agencies abroad; (2) To become informed with as much detail as possible regarding the investigative effort made subsequent to the assassination by the responsible Mexican agencies; and (3) To consult with the appropriate United States and Mexican officials as to what further investigation, if any, should be initiated.

As I explained to Mr. Malley, the Commission desires to work closely with your representatives in Mexico City and to consult with them regarding these matters. I would appreciate your cooperation in assisting these representatives of the Commission in whatever way possible during their assignment in Mexico City.

Sincerely,

J. Lee Rankin

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Following oral advice to Mr. Malley on Friday, 4/3/64, Mr. Rankin, General Counsel of the President's Commission, has written under date 4/6/64 to advise of plans of the Commission to send two of its members, Messrs. William T. Coleman and W. David Slawson, and Mr. Howard P. Willens of the Department of Justice to Mexico. These men are to inquire concerning the nature and extent of investigative effort in the Oswald case of American agencies in Mexico, to inquire as to the investigative effort made by responsible Mexican agencies and to consult with appropriate United States and Mexican officials to determine what further investigation, if any, should be initiated. Mr. Rankin's letter states that the Commission desires to work closely with our representatives in Mexico City and to consult with them on the above matters. He asks for our cooperation in assisting the Commission's representatives during their assignment in Mexico.

Concerning the Commission's expressed intention to inquire concerning the nature and extent of investigation of American agencies in Mexico, we have furnished to the Commission numerous memoranda concerning work performed by the Legal Attache (Legat). Most recent information furnished the Commission was 4/6/64 letter summarizing recent developments which succeeded in determining that Oswald left Mexico alone by bus on which he traveled from Mexico City to Nuevo Laredo and then on to Dallas on 10/2-3/63. We have also furnished the Commission much information concerning investigation by agencies of the Mexican Government. Additional material in these areas is being currently received from the Legat and is being forwarded to the Commission.

Concerning Commission's expressed intention to consult with Mexican officials, we feel arrangements for the Commission's representatives to meet with the Mexicans should be worked out with the American Ambassador as this realm is properly within the purview of the responsibilities of the State Department.

105-82555-XX
NOT RECORDED
199 APR 13 1964

RECOMMENDATION:

1. Attached for approval is letter to Mr. Rankin advising him that we have heretofore furnished the Commission with much information concerning our investigation and the investigation of the Mexicans; that

Enclosures 4-8-64
105-82555
JCS:klw

further investigation is under way, the results of which will be promptly furnished and that whenever initiation of inquiry appears necessary or logical to the proper completion of the investigation in Mexico same has been and will continue to be initiated. The letter informs Mr. Rankin that our staff in Mexico will be available for assistance on a consultation basis concerning investigation undertaken by us; however, arrangements for contact of Mexican officials by the Commission's staff should be handled through the American Ambassador.

2. There is attached for approval a cablegram to the Legat, Mexico City, advising him of the Commission's letter and instructing: (1) that Legat is to cooperate with the Commission's representatives on a consultation basis in discussing nature and extent of our investigation in Mexico; (2) that no investigation is to be initiated at the specific request of the Commission's representatives without clearing with the Bureau; and (3) that any requests by the Commission's representatives to be put in touch with Mexican officials should be referred to the American Ambassador.

APR 7 5 13 PM '64
FBI
REC'D-HEADING ROOM

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated March 31, 1964, concerning interview of Mr. and Mrs. John B. McFarland, passengers on the same buses on which Lee Harvey Oswald traveled from Houston, Texas, to Mexico City on September 26-27, 1963.

7 1 APR - 9
COMM-FBI

When the McFarlands were interviewed on December 12, 1963, they explained that they left Jackson, Mississippi, by Continental Trailways Bus at approximately 2 p.m. on September 25, 1963, en route to Mexico City. They said they first met Oswald when he boarded the Continental Trailways Bus on which they were traveling at Houston, Texas, at approximately 3 a.m., September 26, 1963. The Continental Trailways Bus, boarded by Oswald on the early morning of September 26, 1963, arrived at Laredo, Texas, on the afternoon of September 26, 1963, in time to make connections with the Red Arrow Bus on which Oswald and the McFarlands traveled to Mexico City.

Mr. and Mrs. McFarland related that Oswald told them he left New Orleans at approximately the same time that the McFarlands departed from Jackson, Mississippi.

They said that upon disembarking from the Red Arrow Bus at Mexico City sometime between 9 and 10 a.m., September 27, 1963, Oswald left the bus station alone and they did not see him again. They said that Oswald collected baggage as he left the bus in Mexico City but they did not see his baggage.

JCS:pa:pah
(9)

(SEE NOTE PAGE TWO)

APR 14 1964

ORIGINAL FILED IN

Honorable J. Lee Rankin

They further recalled that Oswald sat behind them on the Red Arrow Bus and next to an elderly male who claimed to be 80 years of age, but who appeared to them to be approximately 60. This male claimed to have resided in Cuernavaca, Mexico, and in Tennessee. This individual claimed to be a retired schoolteacher who taught in India and Arabia and said that he was writing a book on the Lisbon earthquake of 1775.

Further information concerning subsequent revelations of Dr. and Mrs. McFarland is set forth on page 35 of Dallas report in the Oswald case dated March 11, 1964.

The foregoing and the material previously furnished to you concerning interviews of Dr. and Mrs. McFarland comprise all of the material touching on these interviews in the possession of headquarters of this Bureau. We are communicating with our source abroad in this regard and you will be advised if further details concerning interviews of the McFarlands are available. If so, such material will be furnished to you.

Sincerely yours,

J. Edgar Hoover

NOTE: The McFarlands were fellow passengers of Oswald on buses from Houston to Mexico City 9/20-27/63. We summarized first interview of McFarlands in which they identified Oswald as a passenger on both buses in a 12/23/63 letterhead. The interview was conducted by source of Legat in Liverpool, England. Subsequently, McFarlands were reinterviewed at which time they identified the elderly male who sat next to Oswald on Mexican bus as Albert Osborne, which interview was reported in Dallas 3/11 report. Incoming asks if we have a more detailed report of the 12/12 interview of McFarlands in England. We are checking with Legat, London, to see if further details are available. It is not believed necessary to reinterview McFarlands and Commission has not asked this.

The President's Commission, by letter 3-26-64, forwarded 30 questions to which they requested a reasoned response in reasonable detail and with such substantiating materials as seem appropriate. There is attached a letter addressed to Mr. Rankin forwarding the answers to the questions raised by the Commission.

Pursuant to the Director's observations, we have included all the answers in one letter. Heretofore, we included the answers to questions 25, 28 and 29 in a separate letter which was classified "Secret."

[redacted]

The SAC, New Orleans, has advised that he has reviewed the material with the Agents of that office and there are no changes suggested.

SAC, Dallas, observed that inquiries of the Retail Merchants' Credit Association, Fort Worth, Texas, were originally made under the name Marina Oswald but that the answer as proposed by the Bureau is factual and complete. SAC, Dallas, recommended that the phrase "prior to the assassination" be added to the answer to question 27 showing that SA James P. Hosty had not interviewed Marina Oswald 11-1-63 or at any other time prior to the assassination. This has been incorporated in the reply.

ACTION:

There is attached a letter to Mr. Rankin together with a 15-page attachment which, if you approve, should be forwarded to the President's Commission.

Dear Mr. Rankin:

On March 30, 1964, Mr. Melvin Eisenberg of your staff orally requested Special Agent James C. Cadigan of this Bureau to determine if the known paper sample and the known tape sample, both designated as FBI Exhibit D-1, and the paper and tape used to make the replica paper bag, Commission Exhibit 364, both came from the same roll; to determine if the room or rooms from which D-1 and Commission Exhibit 364 were obtained had any special designation or room number, and did Lee Harvey Oswald have legitimate access to such space.

The Dallas Office of this Bureau has advised that both D-1 and Commission Exhibit 364 were obtained from the same roll, which is on the main floor of the Texas School Book Depository Building, and the whole main floor is designated as the "shipping room." Lee Harvey Oswald had legitimate access to this space.

UNITED STATES GOVERNMENT

Memorandum

TO : MR. TROTTER

DATE: 4-2-64

FROM : S. F. Latona

SUBJECT: LEE HARVEY OSWALD, AKA;
ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
11-22-63, DALLAS, TEXAS

LATENT PRINT TESTIMONY BEFORE PRESIDENT'S COMMISSION

This morning, 4-2-64, at 9:00 o'clock, I appeared before the Commission and testified that a latent fingerprint and a latent palm print I developed on a piece of brown wrapping paper, believed to have been used to take the murder weapon into the building from which the shots were fired, were the left index fingerprint and right palm print of Lee Harvey Oswald.

Testimony was also given that a latent palm print found on the underside of the barrel of the murder weapon was the right palm print of Oswald. This latent palm print was developed by the Dallas Police Department.

Further testimony was given that a latent palm print and a latent finger developed by FBI Identification Division on a cardboard box found in the room from which the shots were fired were prints of Oswald and that a latent palm print developed by Dallas Police Department on another box from same room was also identified as right palm print of Oswald.

During my testimony, the Commission requested a copy of the Marine Corps fingerprint card of Oswald from our files and a copy of the fingerprint card of Oswald we received from Dallas Police Department showing he was dead. The Commission also requested an illustration depicting the various ridge characteristics which fingerprint experts use in comparing fingerprints and palm prints. The Commission desires these items be furnished by Monday, 4-6-64. This will be done.

Entered into evidence and retained by the Commission were six chart enlargements illustrating the identifications, photographs of fingerprints and palm prints of Oswald, and photographs of the latent prints identified. The Commission also retained the four cardboard boxes found in the room from which the shots were fired, the latent palm print lifted from underside of gun (developed by Dallas PD), a piece of cardboard

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: 4/2/64

FROM : A. Rosen

SUBJECT: PRESIDENT'S COMMISSION
ASSASSINATION OF PRESIDENT KENNEDY

By letter dated April 1, 1964, Mr. J. Lee Rankin of the President's Commission advised that Mr. Samuel A. Stern, a member of the supervisory staff of the President's Commission, would be in Dallas, Texas, on April 8 or 9, 1964, and would appreciate Agents Manning Clements and James Bookhout being available at the U. S. Attorney's office in order that he might take depositions or affidavits from these Agents covering events which occurred during the course of the arrest and detention of Lee Harvey Oswald. Mr. Rankin advised that appropriate arrangements would be made through SAC Shanklin at Dallas to set an exact time for the interviews. Mr. Rankin also advised that if during the course of the interviews with Agents Clements and Bookhout it seemed to Mr. Stern advisable to take depositions from other Agents in the Dallas Office, he hoped it would be satisfactory for appropriate arrangements to be made with Mr. Shanklin.

Special Agents Clements and Bookhout were sent to the Dallas Police Department on the afternoon of November 22, 1963, the day the President was killed, by SAC Shanklin, in order that they would know what events transpired so that the Bureau would be fully prepared to handle the situation if the Bureau became involved in the investigation. Agents Clements and Bookhout did during the afternoon sit in on interviews with Oswald. Consequently, they would be logical persons that the Commission would desire to have testimony from or to take depositions from relative to their knowledge of what transpired for the Commission's official records.

The contents of Mr. Rankin's letter were made available by telephone to the Dallas Office today and a copy of the letter is being furnished Dallas. ASAC Clark was advised that the Agents should be made available in accordance with the request and they should be thoroughly prepared to answer any questions concerning the actual investigation or interviews they conducted. However, their remarks must be confined to the facts developed during their interviews and they were not to answer any questions where they were asked for their personal opinions or impressions or beliefs concerning certain things that might be propounded by Mr. Stern or any other member of the Commission's staff. It was emphasized

Mr. Sullivan

NOT RECORDED
199 APR 7 1964

FILED IN

that the Agents' remarks must be confined to knowledge they gained from interviews and investigations. ASAC Clark stated that he fully understood these instructions and they would be complied with completely.

ASAC Clark was advised that we had recently received a rather detailed letter from Mr. Rankin's office asking thirty specific questions concerning the Bureau's investigation of Oswald and that the Dallas Office would be furnished a copy of this letter along with the Bureau's answer to Mr. Rankin's office.

Current Request Received by Dallas Office from Commission Staff Members

ASAC Clark advised in connection with the foregoing he had received a telephone call from Mr. Wesley James Liebler, a Commission staff member, requesting that the Agents who conducted investigation at the Irving Sport Shop be available in the Dallas Office as he, Liebler, desired to talk to these Agents. When questioned as to exactly what he wanted, Liebler stated he had interviewed two employees of the Irving Sport Shop, a Mr. Greener and a Mr. Ryder, noting that Ryder was the individual who had made up a work ticket covering work on a gun, which ticket was made out to one _____ Oswald. Liebler stated he wanted an opportunity to talk to the Agents who had conducted the interviews with these employees and others at the Irving Sport Shop, no names given, in order to "kind of get their evaluation or impression of the situation." Liebler then stated he desired to know whether the Agents thought these individuals were lying or telling the truth. In response to this request ASAC Clark advised Liebler that the Agents had no personal opinion or evaluation concerning the information they had received during their interviews, that all material obtained during the interviews had been reduced to writing and had been furnished in investigative reports to the President's Commission. Liebler was told that in view of this there did not appear to be any reason for him to interview the Agents involved. Mr. Liebler then commented he realized the Agents would not have any personal opinions and that while he still desired to talk to them to get such opinions he fully understood the Bureau's position in this matter and would forget his request.

The Dallas Office has advised the investigation conducted to determine whether the work ticket made out to one _____ Oswald was actually Lee Harvey Oswald did not substantiate that it actually was Lee Harvey Oswald. Concerning

the interview with Ryder, the Dallas Office advised he was first interviewed by Bureau Agents on November 23, 1963, prior to the publicity which occurred in the newspapers on November 26. Because of additional information received and telephone calls concerning Ryder having knowledge of Oswald, he was subsequently interviewed on several occasions.

Liebler advised he was returning to Washington, D. C. today and would appreciate the Dallas Office making available to Bureau headquarters a chronology covering the interview with Employee Ryder of the Irving Sport Center showing the date of the interview as compared with the date when newspaper stories appeared relative to Oswald possibly having work performed on his gun at the Irving Sport Center. The Dallas Office is preparing the chronology requested and will furnish it to the Bureau.

ACTION:

Upon receipt of the chronology requested by Liebler it will be made available to the President's Commission.

By separate communication Mr. Rankin is being advised that Agents Clements and Bookhout will be available for interview on April 8 or 9, 1964.

Mr. Evans 4/3/64

W. V. Cleveland

NORMAN REDLICH
PRESIDENT'S COMMISSION ON THE
ASSASSINATION OF PRESIDENT KENNEDY
SECURITY OF GOVERNMENT EMPLOYEES

J. Lee Rankin, General Counsel, President's Commission on the Assassination of President Kennedy by letter dated 3/30/64 requested Bureau to furnish basic facts and supporting data for the House Committee on Un-American Activities' (HCUA) determination that the Emergency Civil Liberties Committee (ECLC) is a communist front organization. The ECLC is cited in the Guide to Subversive Organizations and Publications, December 1, 1961, edition, prepared by HCUA, as a communist front with the avowed purpose of abolishing the HCUA and discrediting the FBI.

Bureau is currently conducting investigation concerning Redlich under Federal Employees Security Program at the request of the Commission based on Redlich's affiliation with certain alleged communist front organizations, one of which is the ECLC. Bureau in addition has a pending investigation on the ECLC as a communist front organization and copies of investigative reports are being furnished the Department on a continuing basis. Corliss Lamont is Chairman of ECLC and Clark Foreman is Director and both have been identified as Communist Party members by Budenz and both of their names are included in the Security Index.

Since the characterization of the ECLC as a communist front organization was determination of HCUA, it is not within the Bureau's prerogatives to question or comment upon the basis for HCUA's conclusion. In view of Redlich's position on this Commission and his admitted affiliations with the ECLC, which is dedicated to abolish HCUA, it is quite possible this may be a move on the part of Redlich to obtain information concerning the ECLC through his position on the Commission. Based on this request, there is an indication that the Commission is planning to question HCUA's citation of the ECLC and in view of this fact, the Bureau should not become involved in a possible "dogfight" between the Commission and HCUA.

SUBJECT: LEE HARVEY OSWALD
IS - R - CUBA

On April 2, 1964, SAC H. Maynor of the New Orleans Office called with the following information.

A telephone call was received from Attorney Leo W. Rousselle, representing his client, Mrs. Edward Boudreaux, 831 Pauline Street, New Orleans.

Mrs. Boudreaux had advised her attorney that she received a letter from the Warren Commission to inform her that she would be interviewed in New Orleans by Commission Attorney Liebel (ph) on April 6, 1964. (The Commission employs an attorney by the name of Wesley James Liebeler).

Mrs. Boudreaux had previously been interviewed by the Bureau, at which time she advised that a Mrs. Oswald had previously lived at 831 Pauline Street with her young son, about five years old, and a Mrs. Roach, who took care of the boy. According to Mrs. Boudreaux, Mrs. Roach, who is now dead, moved out because the boy would get mad and throw his toy guns at her. Mrs. Roach said he was a bad child.

OBSERVATION:

We noted that some of the attorneys of the President's Commission have been in Dallas, Texas, and it now appears they may be interviewing persons in the New Orleans territory. SAC Maynor advised that he would follow the same instructions previously given to our Dallas Office. In the event a request was received from one of the attorneys, it should be cleared with the Bureau before any action is taken.

ACTION:

None. This is for information.

Dear Mr. Rankin:

In accordance with the oral request of Mr. Melvin Eisenberg of your staff, the following items of evidence relating to the assassination of President Kennedy were delivered to him on the morning of April 2, 1964:

A piece of cardboard bearing a latent palm print developed on a box found in the Texas School Book Depository Building, Dallas, Texas

One piece of brown wrapping paper bearing latent prints found in the Texas School Book Depository Building

One lift of a latent palm print alleged to be from the underside of the murder weapon

It is noted that four cardboard boxes were previously turned over to Mr. Eisenberg on April 1, 1964.

The above items were introduced into evidence on April 2, 1964, during the course of the testimony of Mr. S. F. Latona of the Identification Division.

Dear Mr. Rankin:

Reference is made to my letter to you dated March 20, 1964, requesting that you advise this Bureau whether or not the camera furnished by Mrs. Marie Muchmore can be returned. It was pointed out that Mrs. Muchmore has requested the return of her camera by the middle of April, 1964, inasmuch as she has promised the camera to her brother who is going to Europe.

Since we will need to advise Mrs. Muchmore regarding your decision, a prompt reply would be appreciated.

Sincerely yours,

J. Edgar Hoover

TRANSLATION OF UNKNOWN PHRASE

Commission Exhibit 116

Illegible phrase contained on last page of the University of Chicago Spanish-English, English-Spanish Dictionary.

On the assumption that the last two penciled lines on the last page of this dictionary may be Spanish, it appears that the first word could be "YO," the second word either "SOPA" or "SOPLE" and the third word "EL." The fourth word is not readable from a Spanish aspect.

YO = I
SOPA = SOUP
SOPLE = I BLEW
EL = THE

On the assumption that the questioned phrase is written in Russian and English using a combination of Latin and Cyrillic script, it is possible that the first word could be "YO," "20," or "70." The second word could be Russian for "SS gum," "SS sulfur," or "SAMA." The third word could be the Russian word "and." The last word in this phrase could possibly be the Russian word "letters" or the Russian name "Nina."

EXCLUSIVE

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 4/1/64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63; DALLAS, TEXAS

On 3/31/64 SA Robert A. Frazier, Firearms Unit, FBI Laboratory, testified before the President's Commission on the assassination of President Kennedy, beginning at 9:10 a.m., and ending at 4:20 p.m. Various members of the Commission were present at different times during the day. Chief Justice Earl Warren was present for approximately one hour. Mr. John Jay McCloy, Chairman, Advisory Committee, Arms Control and Disarmament Agency, was present for most of the testimony and Representative Hale Boggs (Democrat - Louisiana) was present for a short time. The testimony given concerned the firearms aspect of the assassination, especially the identification of the fatal bullets and cartridge cases with Oswald's rifle and the results of the Laboratory examination of the bullet recovered from retired General Edwin A. Walker's residence (Oswald is alleged to have fired this bullet on 4/10/63. While the bullet was extremely mutilated and lacked identifying markings, it was found to bear rifling characteristics of the type produced by the assassination rifle and was similar to the type of ammunition used in the assassination.).

The testimony went smoothly and several individuals were very complimentary in their remarks concerning Mr. Frazier's presentation, commenting both to Mr. Frazier and later to Mr. Melvin Eisenberg, Staff Attorney, who elicited the testimony.

Commissioner McCloy advised SA Frazier that it may be necessary for him to reappear to testify concerning the bullet holes in President Kennedy's clothes and concerning the examination of the President's limousine, but this would be at a later date. He stated that SA Cortlandt Cunningham was

PERS. REC. UNIT

Memorandum to Mr. Conrad
Re: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63; DALLAS, TEXAS
62-109060

scheduled to appear to testify on 4/1/64, concerning the firearms evidence recovered in connection with the shooting of Dallas Police Officer J. D. Tippit by Oswald. It is expected that SA Cunningham will also testify concerning the paraffin tests performed in the FBI Laboratory insofar as the manner in which these tests were conducted and as to the results of the treatment of certain of the paraffin casts with diphenylbenzidine, as outlined in my memorandum dated 3/31/64.

Details of Mr. Frazier's testimony are set forth on the attached pages.

ACTION:

For information.

DETAILS OF TESTIMONY

Mr. Melvin Eisenberg, Commission Staff Attorney, elicited the testimony from Mr. Frazier concerning the physical characteristics of the assassination rifle, the characteristics of the ammunition for it, the identification of this rifle with the complete bullet and the two bullet jacket fragments and the three cartridge cases recovered on the sixth floor of the Texas School Book Depository Building.

SA Frazier pointed out in response to questions in connection with the bullet examination, that we had received one complete bullet (from a stretcher) and two bullet jacket fragments (from the Presidential limousine). The two jacket fragments consist of the nose portion of a bullet and the base portion of a bullet. There is nothing which would permit determining whether they originated from one or from two bullets.

The distances and directions cartridge cases are ejected from the assassination rifle were included in the testimony as were the results of the chronograph tests conducted to determine the velocity of bullets fired from the assassination rifle. (The average velocity was 2165 feet per second.)

Commissioners Warren and McCloy were particularly interested in discussing the amount of sighting lead necessary to hit a moving target. A diagram was furnished by Mr. Frazier illustrating this lead. It is of interest to note that during the time of flight of the bullet to the car (approximately one tenth of a second for the first shot which, according to the Commission, was fired from a distance of 175 feet) the President's limousine would move a distance of approximately 1 1/2 feet. This assumes the limousine was traveling at 11 miles per hour which is the speed furnished to us by the Commission. The car would move approximately 2 feet during the flight of the last bullet which was fired from a distance of 265 feet. (Distance furnished by the Commission.) Since the limousine was moving away from the assassin and at a slight downhill angle, it would be necessary to shoot only approximately 6 inches over the intended point of bullet impact for both distances to compensate for the car's movement.

Enclosure

62-109090—

ENCLOSURE

Various exhibits were introduced as Commission exhibits during Mr. Frazier's testimony and detailed testimony was given concerning these exhibits. The Commission particularly showed interest in the photomicrographs illustrating the identifications of the bullet and two bullet fragments and the identifications of the three cartridge cases with Oswald's rifle.

Considerable testimony was given concerning the speed-accuracy trials conducted with the assassination rifle by FBI Laboratory examiners. Summarizing this testimony: Nine separate tests were conducted, each consisting of three shots. The time required for firing three shots was recorded. The tests were conducted at 45 feet, 75 feet and 300 feet and resulted in the conclusion that three accurately aimed shots could be fired from this rifle by a person familiar with it in less than 5.5 seconds. In the tests conducted by the Laboratory three-shot targets were fired in 4.6 and 4.8 seconds, considerably less than the 5.5 second figure furnished by the Commission as the probable time interval between the first and last shots. It should be noted that our long-range tests were conducted at 300 feet on the specific instructions of Mr. Melvin Eisenberg, since the actual distances at which the fatal shots were fired has never been ascertained to a certainty.

Photomicrographs of the identifications, diagrams of the cartridge case ejection patterns, a diagram illustrating the relative sighting lead necessary due to the movement of the vehicle and various evidence exhibits were entered during Mr. Frazier's testimony. The evidence exhibits consisted of the test bullets and cartridge cases from the assassination rifle. A sulfur cast of the barrel of the assassination rifle, which was made in the Laboratory to facilitate micrometer measurements of the rifling characteristics, and a diagram showing the internal mechanism of a telescopic sight were also introduced. (A copy of this diagram is attached for record purposes.) Similar diagrams are available in public source material. This latter diagram was prepared to assist the Commission in understanding the procedure for changing the crosshair position in "sighting in" the rifle.

The bullet recovered from retired General Edwin A. Walker's residence was also introduced. This bullet was found to bear rifling characteristics of the type produced by the assassination rifle and to be similar to 6.5 mm Western ammunition of the type used in the assassination. Due to extreme mutilation it lacked marks of the type necessary for identification purposes.

A duplicate of the assassination rifle, which was secured by our Chicago Office, from Klein's Sporting Goods, Chicago, was also introduced. The purpose of the introduction of this rifle was to show its similarity to Oswald's rifle and the manner in which Klein's Sporting Goods had the telescopic sight mounted.

Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter of March 24, 1964, concerning the laundry mark "30030," which appears in the gray jacket identified by certain witnesses as the jacket of Lee Harvey Oswald.

For your information, there are approximately 325 laundries and dry cleaners listed in the Greater Dallas area. To date a survey of logical establishments in the area near 1026 North Beckley, Dallas, the Oak Cliff area of Dallas, and in Irving, Texas, has failed to identify this laundry mark. In addition, appropriate investigation is also being conducted to determine whether the laundry mark can be identified in New Orleans, Louisiana.

When the results of this investigation are received, the information will be promptly furnished to the President's Commission.

Sincerely yours,

1 - Mr. Jevons

Dear Mr. Hoover:

Information provided this Commission by the Internal Revenue Service indicates that on November 1, 1963, Earl Ruby made a telephone call from Detroit, Michigan to the Triangle Manufacturing Company, Oshkosh, Wisconsin on behalf of Jack Ruby. Please advise us of any information in your files concerning that company and its officers together with any other information you may have indicating any connections between persons associated with that company and subversive activities, illegal armament sales, or other organized criminal endeavors. Please also advise us how long the appropriate telephone company in Oshkosh plans to retain long distance call records for the period September 26, 1963 to January 1, 1964.

This Commission has also been informed that a Mr. A. Hillenbrandt residing in East Rochester, New York, until approximately July 15, 1963, appears to have had numerous non-business telephone contacts with Earl Ruby from January 1, 1963 until he moved to the Detroit area in mid-July 1963 as an employee of Earl Ruby. Please provide any information available to you concerning Mr. Hillenbrandt, with particular emphasis on possible subversive activities, illegal armament sales, or other organized criminal endeavors. Also please indicate the earliest existing long distance telephone records of the appropriate telephone company serving East Rochester and how long those records will be retained.

Sincerely,

J. Lee Rankin
General Counsel

Dear Mr. Rankin:

Reference is made to your letter dated April 1, 1964, requesting this Bureau to make inquiries concerning advertisements which appeared in the personal column of the "Dallas Morning News" on October 15, 16 and 17, 1963.

For your information, we have determined that identical newspaper advertisements appeared in the personal columns of both the "Dallas Morning News" and the "Dallas Times Herald" on October 15, 16 and 17, 1963. We were informed that these advertisements were placed by Mr. Robert Dent, Assistant Manager, Capri Theatre, Dallas, Texas, with the authorization of Marion T. Hudgins, Manager of the Capri Theatre. Marion T. Hudgins informed the Dallas Office that he authorized these advertisements to promote the movie, "The Running Man," starring actress Lee Remick.

The advertisements in question which appeared in both newspapers read as follows:

October 15, 1963 - "Running Man - Please call me please! Please! Lee."

October 16, 1963 - "I want running man. Please call me. Lee."

October 17, 1963 - "I've just got to see the running man. Please call me. Lee."

Dear Mr. Rankin:

Reference is made to your letter dated April 6, 1964, concerning the intention of the Commission to dispatch its representatives to Mexico City for the purpose of conducting inquiry into the investigative effort made in Mexico concerning Lee Harvey Oswald.

We have heretofore furnished to you considerable material dealing with our investigative efforts in Mexico and the investigation conducted there by responsible Mexican agencies. The most recent communication in this regard is our letter dated April 6, 1964, summarizing recent developments with particular reference to the means of transportation utilized by Oswald in departing from Mexico on October 3, 1963. Additional material concerning recent developments is in preparation and will be furnished to you in detail in the near future. Such inquiry as appears to be logical and necessary to the proper completion of our investigation in Mexico has been initiated and the results thereof will likewise be furnished to you. We will continue to undertake such investigation in Mexico as appears to be necessary. In short, the results of all of our investigative efforts in Mexico will be furnished to you prior to the completion of our investigation of this case.

EARL CONRAD

Earl Conrad was born December 17, 1903, at Auburn, New York, as Earl Cohen. Conrad has claimed that he has not used the name Cohen for many years although he has never legally changed his name to Conrad. He is a free-lance writer currently residing at 25 Indian Road, New York City. In the past he has been reported as working for a number of newspapers in New York State and Connecticut.

Louis F. Budenz, self-admitted former official of the Communist Party, United States of America (USA), advised in 1950 that he received information during the early 1940s that Conrad was a member of the Communist Party, USA. Budenz stated he had received this information from Benjamin J. Davis and Jack Stachel, both long-time Communist Party functionaries.

Conrad has been associated in the past with a number of organizations designated as subversive by the Attorney General of the United States and the "Guide to Subversive Organizations and Publications," published December 1, 1961, by the Committee on Un-American Activities, United States House of Representatives, Washington, D. C.

Conrad's associations with such organizations include:

In 1944 and 1945 Conrad was listed as an instructor or guest lecturer of the George Washington Carver School of New York City.

In 1947 Conrad was listed as the leader for entertainment at a celebration of an international women's day sponsored by the Congress of American Women.

In 1947 Conrad was listed as a speaker at the Jefferson School of Social Science in New York City.

[redacted]

[redacted]

[redacted]

EARL CONRAD

In a news release of the "National Guardian" dated September 10, 1948, it was announced that Conrad's work would appear in that publication in the future.

In 1949 Conrad wrote a tribute to Communist Party, USA, functionary Benjamin J. Davis in behalf of Davis' campaign for re-election as a city councilman in New York City. Conrad was listed as a sponsor of a committee seeking the re-election of Davis.

Conrad joined the International Worker's Order in 1945 along with his wife Alyse and was listed as a member of that organization in 1950.

In 1950 Conrad spoke at a meeting in Madison Square Garden in New York City which was sponsored by the Civil Rights Congress. In addition, in the early 1950s Conrad was involved in other activities in behalf of the Civil Rights Congress.

In 1952 Conrad was known to be a subscriber to "The Worker," an east coast communist newspaper.

Conrad in his writing career has authored several books in the past including "Harriet Tubman, Negro Soldier and Abolitionist," an account of a well-known figure in American Negro history; "Scottsboro Boy," which he co-authored with Haywood Patterson, one of the defendants in the widely publicized Scottsboro case in Alabama in the 1930s; and "The Public School Scandal," an attack on public education in this country as controlled by American businessmen.

Dear Mr. Rankin:

Enclosed for your information are two copies each of photographic enlargements of eight photographs furnished by Mr. Harry Schneider of Southfield, Michigan. Mr. Schneider advised he had received the photographs from his son-in-law, Mr. Edward C. Foley of Dallas, Texas.

In addition, there are enclosed for your assistance two copies each of two communications, one dated March 17, 1964, at Detroit, Michigan, and the other dated March 26, 1964, at Dallas, Texas. These communications relate to the photographs furnished by Mr. Schneider. The enclosed photographs are numbered on the reverse side to correspond with the numerical sequence set out in the communication dated March 26, 1964, at Dallas, Texas.

The photographs furnished by Mr. Schneider have been returned to him in accordance with his request. No further action is being taken in this matter.

Sincerely yours,

62-109060

NOTE FOR SACS DETROIT AND DALLAS:

ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY,
11/22/63,
DALLAS, TEXAS; MISCELLANEOUS - INFORMATION CONCERNING

ReDEairtel to the Bureau and Dallas dated 3-17-64, and Dallas airtel to the Bureau and Detroit dated 3-26-64 relating to eight color photographs furnished by Mr. Harry Schneider of Southfield, Michigan, and identified by his son-in-law, Mr. Edward C. Foley of Dallas, Texas.

Enclosed for Detroit are the original eight color photographs furnished by Mr. Schneider for return to him per his request. Detroit handle.

Enclosed for Detroit and Dallas are eight enlarged photographic copies of the above photographs similarly numbered for the completion of your files. No further action is indicated and none is requested. Bureau has retained copies.

Detroit and Dallas are reminded since the photographs and the above letterhead memoranda have been furnished to the President's Commission, this material need not be incorporated in subsequent report.

NOTE:

Detroit by airtel dated 3-17-64 advised Sam Krone, drugstore operator of Monroe, Michigan, advised our Detroit Office he had observed certain photographs in the possession of Mr. Schneider. Schneider furnished these photographs which depict various scenes of President Kennedy's presence in Dallas on 11/22/63, as well as some miscellaneous pictures. Schneider stated he obtained photographs from his son-in-law, "Cort" Foley. Foley stated he is employed as plant manager at the Color Photo, Inc., Dallas, Texas, and he obtained photographs, which were "extra" from customer orders and sent pictures to his father-in-law. Foley has no idea who took original pictures, and he has no way to establish ownership. Inasmuch as photographs relate to President Kennedy, it is felt we should furnish them to the Commission for whatever action they desire. Review of pictures at Bureau fail to disclose any information of value to our investigation. Enclosed herewith for completion of Bureau files is one set of above-mentioned enlargements and eight negatives from which these enlargements were made similarly numbered.

April 6, 1964

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

The purpose of this letter is to summarize recent developments dealing with Oswald's trip to Mexico in September and October, 1963.

We have determined that the passenger list for the bus trip of the Transportes del Norte departing from Mexico City at 8:30 a.m. October 2, 1963, which arrived at Laredo, Texas, at approximately 2 a.m. October 3, 1963, contains an entry showing that Seat Number 12 was assigned to "Chihuahuenses." It has been determined that this entry refers to a travel agency, namely, the Agencia Viajes Transportes Chihuahuenses. At the above agency, a record was located of a reservation for Seat 12 on the above-described Transportes del Norte bus and it was determined that an International Exchange Order was issued therefor to one H. O. Lee. The International Exchange Order Number 43599 was issued to H. O. Lee on October 1, 1963, for transportation by the Greyhound line from Laredo to Dallas, Texas.

The above transaction at the travel agency was handled by Rolando Barrios who recognized his handwriting and signatures on the ticket Exchange Order and who confirmed that he would normally write the name H. O. Lee, if he had taken this name as it appears on Oswald's tourist card, namely, "Lee, Harvey Oswald." Barrios stated that at the time Oswald's photograph appeared in the press he had the strong impression that he had known Oswald; however,

105-82555
JCS:cgw
(9)

APR 10 1964

SEE NOTE PAGE 5

DECLASSIFIED BY 2040

he was unable to definitely affirm that he sold the bus tickets to Oswald. The tickets pertaining to the portion of the travel of H. O. Lee from Mexico City to Monterrey and from Monterrey to Laredo, Texas, have been obtained and are being forwarded for latent fingerprint examination. We have also located at the Greyhound Corporation, San Francisco, California, the International Exchange Order issued to H. O. Lee in Mexico City on October 1, 1963, for one-way transportation from Laredo to Dallas, Texas, via San Antonio, and the Greyhound bus ticket which was issued to H. O. Lee at Laredo, Texas, on October 3, 1963, under terms of the International Exchange Order. The Exchange Order and the Greyhound ticket are likewise to be processed for latent fingerprints.

As set forth on page 4 of the San Antonio report in the Oswald case dated December 9, 1963, the connecting Greyhound bus to carry passengers to Dallas from the Transportes del Norte bus which arrived at the Greyhound terminal at 2 a.m. October 3, 1963, was the Greyhound bus departing Laredo at 3 a.m. October 3, 1963. This bus was due to arrive at Dallas, Texas, at 2:20 p.m. October 3, 1963. This schedule coincides with information which has been developed at the YMCA and at the Texas Employment Commission Office in Dallas which places Oswald in Dallas prior to 4:30 p.m. October 3, 1963. Had Oswald traveled from Mexico City to Dallas via the Transportes Frontera bus that left Mexico City at 1 p.m. October 2, 1963, on which the name "Oswld" was manifested and had he continued his travel to Dallas by bus connecting with the Frontera Line, he could not have been in Dallas prior to 7 p.m. on October 3, 1963.

It has been determined that the Transportes del Norte trip from Mexico City to Laredo on October 2 - 3, 1963, necessitated a change of buses at Monterrey. We have located one Anastasio Ruiz Meza who was a passenger on the bus from Monterrey to Laredo. He recalled a young American on this bus who experienced difficulty with the Mexican Immigration inspector at the immigration check point, Kilometer 26. After considering the circumstances of his trip Ruiz Meza identified profile photographs of Oswald

as the young American who was taken off the bus at Kilometer 26. He said he recalled noting Oswald's presence the first time at the Transportes del Norte bus terminal restaurant in Monterrey during a waiting period between buses. He recalled Oswald was wearing a short-sleeved light-colored sport shirt and no coat. He believed Oswald occupied a seat to the rear of the bus after the change in Monterrey. His last recollection of Oswald was when they boarded the bus at Nuevo Laredo to cross the border after a short stop there.

Ruiz Meza recalled a retired Mexican Army captain and his wife who were traveling to Dallas. This individual has been identified as Jose Barriga Bernal, a resident of Mexico City. Barriga Bernal and his wife are in the process of being interviewed.

In addition, we have to date located 3 other passengers aboard the Transportes del Norte buses on October 2 - 3, 1963, between Mexico City and Laredo who, while unable to identify Oswald as a passenger on these buses, speak of a young American male aboard the buses whose appearance fits the general description of Oswald and whose attire coincides with the recollection of Ruiz Meza. Two of these fellow passengers recalled the young American experienced difficulty with the Mexican Immigration inspector at Kilometer 26. Efforts are under way to identify and interview all of the passengers on the Transportes del Norte and Greyhound buses on which H. O. Lee traveled on indicated dates. In addition, personnel of the bus companies performing duties in connection with the trip in question are being interviewed.

In connection with the entry on the Mexican Immigration Form FM-11 showing Oswald to have been traveling by "auto" when he departed from Nuevo Laredo October 3, 1963, we have compared all of the entries on the FM-11s for departures from Nuevo Laredo on October 3, 1963, with the tourist cards of the individuals involved. We find that none of the tourist cards of the 79 individuals traveling on FM-5 and FM-8 travel documents contain any information as to means of travel on departure. Against this we find

F

Honorable J. Lee Rankin

there are numerous instances on the FM-11 record in which the means of transportation of the traveler was indicated on departure. As in the case of Oswald there were 6 entries on the FM-11 recording means of travel on departure as by "auto" against which there was no information on the tourist card of means of travel either on entering or departure. Accordingly we find that the entry on the FM-11 showing Oswald to have left on October 3, 1963, by "auto" was not unique to Oswald's travel. Numerous errors have been found in the FM-11 records made at Nuevo Laredo on October 3, 1963. Our analysis of these records is in preparation and same will be furnished to you when received.

Employees at the Hotel Del Comercio and 6 guests who were at the Hotel during the period of Oswald's residence there have been interviewed without developing any new information of pertinence. Investigation to identify and interview other guests at the Hotel during the pertinent period is in progress.

Concerning the silver-colored bracelet Oswald gave to his wife on his return from Mexico and the colored post cards depicting scenes in Mexico which items are described in the Dallas December 23, 1963, report in the Oswald case, through confidential sources abroad, 303 jewelry and tourist-type gift shops in Mexico have been canvassed with negative results. It is the opinion of our sources that the bracelet in question which bears a stamped impression that it was made in Japan would not likely be handled by a retailer in Mexico City since the import tax on such an article would make it difficult to sell at a profit. The post cards in question were manufactured by a large manufacturer of post cards in Mexico and are sold throughout Mexico City in such great numbers and through such numerous outlets that according to a confidential source it would not be feasible to attempt to determine where Oswald might have purchased them.

The results of the inquiry summarized herein will be furnished to you in detail in the near future.

Sincerely yours,

John Edgar Hoover

Washington, D. C.

Dear Mr. Rankin:

This will acknowledge receipt of your letter dated March 30, 1964, which enclosed copies of correspondence addressed to Congressman Gerald R. Ford by Mr. Francis J. McNamara of the House Committee on Un-American Activities. It is noted that you desired this Bureau to have this information in connection with a full field investigation being conducted concerning Mr. Norman Redlich.

With regard to your request that you be furnished the basic facts and supporting data for the House Committee on Un-American Activities' determination that the Emergency Civil Liberties Committee is a communist front organization, this action was taken by the House Committee on Un-American Activities and this Bureau did not participate in its findings.

However, I can state that, since its inception in October, 1951, the Emergency Civil Liberties Committee has consistently rendered aid and support to the communist movement in the United States. Such aid and support has been in the form of mass rallies, literature, speeches by the organization's officials and legal aid regarding issues in which the Communist Party has been interested. The Emergency Civil Liberties Committee has filed amicus curiae briefs on behalf of the Party and its leaders who were convicted under

Honorable J. Lee Rankin

the Smith Act of 1940. In turn, the Communist Party has given aid and support to the Emergency Civil Liberties Committee and its various functions and programs. The Party urges its members to attend and support meetings and affairs of the Emergency Civil Liberties Committee. The Party has rendered financial support to the Emergency Civil Liberties Committee by purchasing large amounts of tickets to Emergency Civil Liberties Committee functions. The communist press over the years has publicized the activities of the organization and its affairs. Also, Party members and officials have spoken at various meetings of the Emergency Civil Liberties Committee. Various officials of Emergency Civil Liberties Committee, past and present, have been identified in the past as Communist Party members.

Sincerely yours,

NOTE:

See cover memo Cleveland to Evans, same caption, dated 4/3/64, KVH:tjm.

This communication is classified "Confidential" as it contains information developed through our investigation of the Emergency Civil Liberties Committee and the Communist Party, USA. The unauthorized disclosure of that information could be prejudicial to the defense interests of the country.

LEE HARVEY OSWALD, AKA.
IS - R.- CUBA

ReDLairtel 4-2-64 captioned, "Assassination of President John Fitzgerald Kennedy, 11-22-63, Dallas Texas, Miscellaneous, Information Concerning" relating to the interview of John Martin, Jr., Superintendent of Safety, U. S. Post Office, Dallas, Texas.

With regard to the individuals referred to by Martin, reportedly members of the "Dallas Cinema Associates Corporation," it is essential that these individuals, if not already interviewed, be interviewed, particularly if they have any knowledge whatsoever regarding the assassination of President Kennedy. It is pointed out any of these individuals who allegedly took photographs of the Presidential motorcade would appear to be logical individuals for interview. The results of these interviews should be incorporated with the interviews of Martin in the next report submitted by you under the Oswald caption.

You should also make efforts to review the film allegedly being produced by this corporation to determine if it has any pertinence to the inquiry being conducted by the President's Commission. If so, appropriate copy should be obtained and submitted to the Bureau for review and possible dissemination to the Commission.

62-109090-

NOTE:

On 3-25-64, ASAC Kyle Clark of Dallas advised he received a request from a member of President's Commission staff then operating in Dallas, to interview Martin, who allegedly had information concerning assassination. Martin alleged he had never been interviewed. Dallas was given authority to interview Martin and to furnish a copy of the results to the Commission staff in Dallas.

Martin had been previously contacted on 12-3-63 by our Dallas Office, and at that time furnished no information of value. Martin during current interview on 3-31-64 stated he and group of others formed a corporation to produce and sell a movie, significant portions of which, taken by various members of corporation on 11-22-63. This appears to be a business venture capitalizing on fortuitous location of these individuals on fateful day. Since these individuals reported to have taken photographs of President's motorcade, it is felt they should be interviewed and to review film taken by them. The results of Martin's, other interviews, and related investigation will be reported by Dallas and disseminated to the Commission.

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63; DALLAS, TEXAS

On 4/3/64, SA Paul M. Stombaugh, Hairs and Fibers Unit, FBI Laboratory, testified before the President's Commission on the assassination of President Kennedy, beginning at 9:05 a.m. and ending at 12:20 p.m. Chief Justice Earl Warren was present from 9:05 a.m., until 10:00 a.m. at which time he left for duties at the Supreme Court. At 10:00 a.m., Mr. Allen Dulles replaced Mr. Warren and remained until the completion of SA Stombaugh's testimony. Mr. Melvin Eisenberg was also present and elicited the testimony.

The testimony concerned the receipt in the Laboratory of the blanket from Mrs. Paine's garage, the assassination rifle, homemade paper bag found near the rifle and the shirt Oswald was wearing at the time of the apprehension and subsequent examinations for hairs and fibers.

With regard to the blanket (in which the assassination rifle may have been wrapped) the Commission was interested in knowing how the blanket was folded when received. This was demonstrated through the use of a small piece of paper taken to the hearing and folded in a similar manner to that which the blanket had been folded. At the time of the examination of the blanket in the Laboratory, a small "hump" approximately 10" in length was observed and noted. Inasmuch as the length of this "hump" approximated the length and size of the telescopic sight of the rifle, the approximate location of this hump was noted on the paper used in the demonstration, although the "hump" could not definitely be attributed to the sight or to any other part of the gun. The blanket also had a metal safety pin attached to one end and a short length of twine had been tied to this end. A small safety pin was inserted into the paper at the approximate location of the larger pin as it had appeared in the blanket. The Commission was also interested in the type of knots used in tying the twine around the blanket and this was demonstrated with a separate piece of twine. The knots actually used on the blanket were a granny knot (very common) and a double bowknot (the type used in tying shoe laces). The paper, safety pin and twine were then entered into evidence. A folded paper similar to that introduced into evidence during the testimony is attached for record.

CLOSURE

Memorandum to Mr. Conrad
Re: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63; DALLAS, TEXAS
62-109060

The Commission was then interested in the various hairs found adhering to the blanket. Testimony was given regarding the fact that limb hairs and pubic hairs found on the blanket matched those of Oswald in all observable microscopic characteristics. The Commission was shown, through the use of previously prepared charts, how the Laboratory determined the origin of hairs as to race, and the microscopic characteristics present in the hairs removed from the blanket. Photomicrographs were then shown of these hairs as compared with known hairs from Oswald. It was pointed out to the Commission that the Laboratory could not state definitely that the hairs originated from Oswald to the exclusion of all other Caucasian persons inasmuch as hairs do not exhibit enough individual microscopic characteristics to permit this to be done.

The homemade bag (paper bag) was introduced and testimony given regarding how a single brown viscose fiber and several light green fibers matched similar fibers found in the composition of the blanket and the conclusion that these fibers could have originated from this blanket. A previously prepared chart was used to demonstrate the differences that exist among woolen, cotton and viscose fibers of which the blanket was composed. With regard to the remaining contents of the debris removed from this bag, which consisted of a small particle of wax and a minute fragment of woody material, it was pointed out that the wax was examined and compared spectrographically with a large quantity of wax found adhering to the front of Oswald's shirt and found to be dissimilar. The woody material was too limited in size for identification purposes.

Testimony was then brought out regarding the small tuft of cotton fibers found adhering to a jagged edge on the butt plate of the rifle. A description of these fibers was given regarding their type and colors and the fact that they were compared with the cotton fibers composing Oswald's shirt and found to match microscopically. Color photomicrographs were used to show these comparisons wherein the conclusion was reached that these fibers could have originated from Oswald's shirt. Mr. Eisenberg attempted to obtain mathematical probabilities from SA Stombaugh as to two persons having identical hair or of fibers originating from a particular shirt to the exclusion of all other shirts. SA Stombaugh stated that such probabilities could not be determined in view of the numerous unknown factors which exist in such cases.

The charts prepared by SA Stombaugh, photographs of which were attached to my memorandum of 4/2/64, were all entered into evidence. Upon completion of his testimony, SA Stombaugh was complimented upon his testimony by Mr. Dulles and thanked for his appearance before the Commission.

ACTION: For information.

DIRECTOR, FBI 4/8/64

SAC, NEW YORK

EARL WARREN
CHIEF JUSTICE
U.S. SUPREME COURT
INFORMATION CONCERNING
(SECURITY)

On 4/6/64, [redacted] Chappaqua, New York, telephonically contacted the White Plains Resident Agency of the New York Office and advised that she had written a letter a week ago registered mail to President JOHNSON to the effect that she had received information from a "reliable source" that EARL WARREN, Supreme Court Justice, was a Communist. She stated that she was inquiring as to why she has not received a reply to her letter. She was informed that if her letter had been received by this Bureau she would have received an acknowledgment and would have been contacted.

She related that the information she had received concerning Chief Justice WARREN was from one [redacted] a member of the Westchester County Young Republican Club, who is an employee of IBM. She said that [redacted] a conservative Republican in her estimation said he voted Democratic in the 1948 Presidential election because he considered EARL WARREN, Republican Vice Presidential candidate to be a Communist. She said that [redacted] did not indicate any basis for this statement. [redacted] said she was alarmed and upset by [redacted] statement in view of WARREN's high government position and his present additional authority on the commission inquiring into the assassination of President KENNEDY. In fact, she said this matter so disturbed her that she plans to consult a psychiatrist.

New York indices reflect no identifiable information concerning [redacted] or [redacted] UACB no further action will be taken on this matter.

RE: LEE HARVEY OSWALD, aka.
IS - R - CUBA

On April 8, 1964, Mr. JOE BALL, attorney for the President's Commission, now in Dallas, Texas, telephonically contacted SAC J. GORDON SHANKLIN and stated he would like to take a deposition from SA NAT A. PINKSTON with reference to his interview of FRANKI KAISER concerning the clip board used by OSWALD at Texas School Book Depository. This interview is reflected on page 381 of the report of SA ROBERT P. GEMBERLING dated December 10, 1963, at Dallas, Texas.

Mr. BALL stated this deposition was necessary since neither Mr. ROY S. TRULY, Warehouse Superintendent, Texas School Book Depository, nor Mr. KAISER remembered what was on the clip board. It should be noted that the clip board was obtained from Mr. KAISER on March 10, 1964, and is identified as Exhibit D-155, copies of which will be submitted in the Dallas report now being prepared.

Inasmuch as this request appears to be in line with the instructions issued by the Bureau with respect to agents being interviewed by members of the Commission, SA NAT A. PINKSTON will appear April 9, 1964, and the Bureau will be advised of the results.

MISCELLANEOUS - INFORMATION CONCERNING

Depositions of SA MANNING C. CLEMENTS taken this date from 10:15 A.M. to 11:00 A.M., and of SA JAMES W. BOOKHOUT from 11:00 A.M. to 1:20 P.M., both by SAMUEL A. STERN, representing President's Commission. Oath administered, and question and answer statement recorded by stenographer with Stenotype machine.

Agents were advised at termination of depositions they would have the privilege, if they desired, of reviewing and signing the typed depositions, or of waiving the privilege. Agents advised they would desire to read the depositions. They were informed that they would be advised when the depositions had been typed.

Preliminary questions to both agents were as follows: Name, address, employment, length of service, length of service in Dallas, whether agents had any assignments on morning of November 22, 1963, concerned with visit of President to Dallas, whereabouts at time of shooting.

SA CLEMENTS deposed he was instructed by SAC to proceed to office of Chief of Police, Dallas, to establish liaison with Chief's office and inform of the availability of services of FBI; that he heard of killing of Officer J. D.

TIPPIT and subsequent arrest of OSWALD coincidental with receipt of such information by police radio in office of chief; that name OSWALD was previously unknown to him. SA CLEMENTS deposed he remained in liaison capacity throughout afternoon and evening, did not see OSWALD brought to police station; that at approximately 10:00 P.M. he conferred with SA BOOKHOUT and, upon learning that physical description and background data of OSWALD had not been recorded in previous interviews by other law enforcement officers he, with knowledge and the consent of Captain J. W. FRITZ, Homicide Bureau, Dallas Police Department, interrogated OSWALD. SA CLEMENTS deposed that OSWALD was handcuffed, hands in front of him, guarded by two Dallas Police officers at time of interview, that questions were asked and responses received as indicated in FD-302, that is, descriptive data, names and addresses of relatives, present and past residences, present and past occupations; that OSWALD declined to explain possession of fictitious Selective Service card in name of HIDELL; that upon being asked as to present occupation, OSWALD commented as recorded in paragraph four, page one of the FD-302, page 92, report of SA ROBERT P. GEMBERLING dated November 30, 1963, at Dallas. SA CLEMENTS deposed that total interview lasted approximately thirty-five minutes with approximately fifteen-minute interruption, at which time OSWALD was understood to have been taken out of room for a line-up. In further answers to direct questions, SA CLEMENTS deposed that he observed a bruise or discoloration near one of OSWALD's eyes and minor scratches on face; that OSWALD made no complaint of any physical suffering or discomfort, that he appeared physically and mentally alert on the basis of his responses. SA CLEMENTS continued that he saw OSWALD subsequently when OSWALD was being removed from office of Homicide Bureau to basement of City Hall for press conference, that he saw OSWALD in the press conference room where an estimated fifty or more persons were congregated; that he did not see OSWALD thereafter. SA CLEMENTS, in answer to direct question, answered "no" when asked if he served as a conduit of any information from FBI files to the Police Department relative to OSWALD.

DL 89-43

SA BOOKHOUT additionally testified to the following in answer to direct questions:

Immediately proceeded Dallas PD on authority SAC and maintained liaison at Homicide & Robbery Bureau. Observed OSWALD arrive at Homicide & Robbery Bureau in custody police officers. Only marks observed on OSWALD were bump over one eye and scratch on forehead. This was first time Agent had ever seen OSWALD. Participated with SA JAMES P. HOSTY, JR., and officers, Homicide and Robbery Bureau, Dallas PD, in interview of OSWALD, 11/22/63. Testified in substance to information set forth in FD-302 of LEE HARVEY OSWALD by SA'S JAMES P. HOSTY, JR., and JAMES W. BOOKHOUT, 11/22/63, at Dallas. No indication that SA HOSTY had ever interviewed OSWALD before. Observed first Dallas PD line-up for OSWALD, 11/22/63. Testified in substance to information set forth in 302's of SA JAMES W. BOOKHOUT, 11/23/63, at Dallas.

STERN stated that in this phase of the President's Commission inquiry it would not be necessary to call in additional Agents.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont DATE: 4/6/64

FROM : A. Rosen

SUBJECT: JACK L. RUBY;
LEE HARVEY OSWALD - VICTIM
CIVIL RIGHTS

Mr. Burt Griffin of the President's Commission staff called on April 3, 1964, and stated that testimony was to be taken from Curtis LaVerne Crafard on April 3, 1964. He referred to the report of Special Agent Manning C. Clements dated 11/30/63 and mentioned a number of items that the Commission desired to have available when Crafard's testimony is taken. He referred to notebooks, papers and other material that Ruby had in his possession or in his automobile at the time he was arrested by Dallas authorities. He mentioned specifically items 24, page 726; 29, page 728; 30, page 729; 31, page 730; and 34, page 731. Griffin was also interested in the item referred to as "six telephone reminders" on page 736, and a small notebook mentioned on page 738, which information was set forth on pages 739 and 740 from the notebook.

Mr. Griffin stated he understood it was a possibility that some of the material being sought had been utilized in the Jack Ruby trial in Dallas. He was told that in the event the material in question had been utilized in the Ruby trial or had any connection with the Ruby case and was in the possession of the Dallas authorities it would not appear proper for the Bureau to be handling this request to obtain this material in view of the fact that an appeal had been filed in the Ruby case. Griffin was told that, consequently, if the President's Commission desired such material, they should make arrangements through the Dallas authorities to obtain whatever material they desired.

Mr. Griffin advised that he had been in Dallas recently and had tried to locate this material but there seemed to be some confusion as to where the material was actually located. He requested the Bureau to make a determination as to where the material actually was in order that appropriate action could be taken by the Commission to obtain same.

NOT RECORDED
APR 7 1964

The Dallas Office checked into this matter and was unable through the District Attorney's Office or the Dallas Police Department to locate all of the items in question. It was determined that Ruby's notebook was actually in the possession of the Dallas District Attorney. In making this inquiry the Dallas

- Mr. Conrad

Memo to Mr. Belmont from A. Rosen
Re: Jack L. Ruby

Attorney was advised that the President's Commission was interested in knowing the location of the material in order that they could contact whatever authorities were necessary in order to obtain same. The District Attorney advised our Dallas Office that he didn't know where all of the material was and if he did have it he did not know whether he would or would not make it available to the President's Commission inasmuch as he was afraid it would not be returned.

Mr. Rankin was advised of the fact that the Dallas authorities did not know the exact location of all the material in question and of the comments made by the District Attorney. He was also advised that in view of the appeal which was pending, the Bureau did not desire to make any contact with the local authorities to actually obtain this material.

On April 7, Mr. Griffin called and inquired as to whether the Bureau had photographs of the material in question. A subsequent check revealed that we did have photographs of the Ruby notebook but that photographs were not available of all the material in question. (In this connection the Dallas Office used this material to obtain sufficient information for our reports and there was no opportunity to photograph all of this material, it being noted that the State was maintaining close custody of these items for possible use in the trial of Ruby.)

By letter dated April 7, 1964, the Bureau transmitted to the President's Commission photographs of the material contained in Ruby's notebook and the six telephone reminder cards.

Today Mr. Griffin called and stated that the President's Commission intended to contact the District Attorney and any other Dallas authorities who might have the material in question. He asked whether or not the Dallas Office would obtain photographs of this material if suitable arrangements were made with the Dallas authorities. Mr. Griffin was advised that if such arrangements were made by the President's Commission, photographs would be made of the material in question. In the event suitable arrangements are worked out, Griffin will advise the Bureau and appropriate instructions will be issued to Dallas.

Submitted for information.

SUBJECT: PROTECTION OF THE PRESIDENT

By letter 3/24/64 the "Warren Commission" requested, among other things, any recommendations we might care to make regarding possible improvements in any aspect of presidential protection. Our response to the Commission noted that after careful consideration of this problem, our suggestions had been made available to the Secret Service on November 30, 1963 and that inasmuch as the protection of the President is the primary responsibility of that agency, it was suggested that the Commission consult with the Secret Service relative to its inquiry.

On 4/1/64 Liaison Supervisor Bartlett informed Secret Service Chief Rowley regarding the Commission's inquiry and our reply. Rowley expressed his appreciation for our action in advising him of this development.

ACTION:

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C. 20002

Dear Mr. Rankin:

In response to your letter of March 3, 1964, a thorough search was made of all FBI records. Copies of all of the records located wherein mention is made of Ruby prior to November 23, 1963, have been prepared and are being forwarded to you. These copies are verbatim copies of the original source material with the exception of those instances therein it was necessary to conceal the identity of a confidential source. The items enclosed are listed below as follows:

Item 1. Information indicating that in March, 1962, Ruby was the owner of the Carousel Club. This information was developed in connection with a survey of crime conditions in the Dallas Division.

Item 2. Information obtained from a confidential source during the course of an investigation concerning Ralph Eugene Young which related to a possible violation of the Atomic Energy Act. The investigation was conducted in 1950.

ORIGINAL FILED IN

Item 3. Information furnished by Bunny Breen, whose true name is Eileen Curry, which was obtained on March 18, 1956. This information was the basis for the statement in the report of Special Agent Manning C. Clements at Dallas dated November 30, 1963, page 155, that Jack Ruby was known to be an associate of Eileen Curry.

Item 4. Information obtained from Lieutenant Jack Revill, Dallas Police Department, on July 9, 1959, wherein Jack Ruby is set forth as operator of the Vegas Club.

Item 5. Information obtained from a confidential source on September 7, 1961, with reference to one Bethel Kramer's obtaining a job at Jack Ruby's Carousel Club.

Item 6. An interview with Jean Bostick on September 25, 1961.

Item 7. An interview with Mrs. Sue Brown on November 13, 1962.

Item 8. Information submitted by Special Agent Ralph J. Miles concerning his observation of Ruby on August 11, 1953, and information furnished to him by Vincent Lee of the American Guild of Variety Artists.

Item 9. Information obtained from a confidential source on May 31, 1961, wherein Ruby is referred to as the owner of the Carousel Club.

Item 10. The description of Jack L. Ruby which was obtained when he was contacted by Special Agent Charles W. Flynn on March 11, 1959.

As you were previously advised in my letter of February 27, 1964, Ruby was contacted by an Agent of the Dallas Office on March 11, 1959, in view of his position as a night club operator who might have knowledge of the criminal element. He was advised of the Bureau's jurisdiction in criminal matters and he expressed a willingness to furnish information. He was subsequently contacted by an Agent on April 23, June 5 and 18, July 7 and 31, August 6 and 31, and October 2, 1959. He did not furnish any information and further contacts with him were discontinued.

Honorable J. Lee Rankin

These contacts were recorded only by date along with notations indicating Ruby had not furnished any information. There is no information recorded that was furnished by Ruby in connection with any of these contacts. Ruby was never paid any money and he was never, at any time, an informant of this Bureau.

As you will note, the information pertaining strictly to Ruby was excerpted from the above-listed items and furnished to you in the report of Special Agent Manning C. Clements at Dallas dated November 30, 1963. As the items basically contain information pertaining to other unrelated investigative matters much of which was furnished to this Bureau in confidence, it is requested that the President's Commission continue to maintain this information in the same confidence that it was initially furnished.

Sincerely yours,

J. Edgar Hoover

Enclosures (10)

Item 1

In connection with a survey of crime conditions in the Dallas Division of the FBI in March, 1962, it was established that there were three burlesque houses located in downtown Dallas; however, there was no information any of these were frequented by any known criminal element. They were night clubs catering to tourists, mostly, and featured "strip-tease" dancers and exorbitant prices for food, beer, wine and setups. They were as follows:

Theater Lounge, 1328 Jackson, operated by Barney Weinstein;

Abe's Colony Club, 1322½ Commerce, operated by Abe Weinstein;

The Carousel, 1312½ Commerce, operated by Jack Ruby.

ENCLOSURE

~~ENCLOSURE~~ 11-1180

Item 2

During the course of an investigation concerning Ralph Eugene Young, which related to a possible violation of the Atomic Energy Act, the following interview was conducted wherein Jack Ruby was mentioned:

A confidential source exhibited the records of the Ambassador Hotel which reflected that Ralph E. Young, 3110 North Clybourn, Chicago, Illinois, was registered in apartment 321. His registration card under remarks reflected that he was connected with the John E. Vahl Engineering Company and Dean Products Company. He had registered at said hotel on August 27, 1950.

The source stated that Young had been brought to Dallas along with E. M. Piper, Fred H. Ruic, Charles Campbell, Donald Henry Hans, Leo Stukus, and Pat Henry Boothe by L. A. Robinson, 4051 LaPorte Avenue, Chicago, Illinois, who was a representative of the John E. Vahl Company. It was the source's understanding that these individuals had been brought to Dallas by Robinson for employment with the Chance Vought Aircraft Company.

The source advised that Piper was a very close associate of Young's and in fact had roomed with Young at the hotel for some time. He stated that none of the above-mentioned individuals with the exception of Young was still registered with the hotel.

The source found a forwarding address for Fred H. Ruic dated September 17, 1950, which reflected he was presently residing in Apartment A, 2112 St. Malo, Dallas, Texas.

The source advised that Joyce Chillman was registered in room 307 and he subsequently reported that she checked out at 2:30 p.m., on October 3, 1950, with H. C. Black. Black's registration card reflected he had registered at said hotel on October 1, 1950, and gave his address as 772 South Los Angeles Street, Los Angeles, California.

62-109060

ENCLOSURE

ENCLOSURE 62-24016-1180

At the time Skillman left the hotel she gave the assistant manager of the hotel an envelope containing a handwritten note which was addressed to Young. A copy of said note and the original envelope containing same which was addressed to Young are being maintained by the Dallas Division.

Said note is as follows:

"Ralph, the company is Utah Leavell Construction Company, Los Alamos, New Mexico. Hopkins can be reached at: White Electric, Haskell Avenue, Dallas. I am going to Oklahoma City. Will arrive Santa Fe Sunday night. Will call or write you further information.

/s/ Joyce"

The back of the letter contained the following:

"Did not get to talk to Hopkins so if you call him don't mention any connection with me. Will send all information as quickly as obtained."

The source furnished the following telephone calls from Young's room 321 for September 25 through October 3, 1950. Listings for the telephone numbers were obtained from another confidential source.

HA-3654 - Silver Spur, 1717 South Erway (billing to Norman Miller and Jack Ruby)

LO-2841 - Barba Carden, 4113 Hyer, Apartment 26. (It is to be noted that this call was to the original informant in instant matter and was dated October 3, 1950, which substantiates the allegation of informant that she was called by Ralph E. Young on the morning of October 3, 1950, from Room 321, Ambassador Hotel.)

TE-6103 - (from room 207), L. G. White Electric Company, 2405 North Haskell.

TE-5687 - Hotel Carlton, 4103 Gaston.

The source recalled that Young has associated in the past with Ruth Baker, who is an employee of the Sanger Department Store, Shoe Department in the Village Shopping Center.

Item 3

In connection with certain information concerning James Breen which was forwarded to our Dallas Office from our Los Angeles Office by communication dated March 20, 1956, the following interview with Danny Breen, whose true name is Eileen Curry, is set forth.

On March 13, 1956, Danny Breen, presently known as Carol Connor, requested the Los Angeles Office to have Special Agent Ambrose K. Lay call her collect at Davis 74734, Dallas, Texas. She had been interviewed twice for information she might furnish in the case entitled "Unknown Subject, Abraham Davidian - Victim. Obstruction of Justice." She was acting as was James Breen as informants for the Federal Narcotics Bureau and the Los Angeles Police Department Vice Squad. She indicated she had formerly been with Stanley Adams, a subject in this case. Danny, at that time, was operating a house of prostitution in Los Angeles on a call girl basis. She furnished no information of particular significance. James Breen was interviewed two or three times as a possible prospective confidential source, but both were constantly in trouble with local authorities and contact could not be maintained with them. Danny, on March 13, 1956, advised she and James had jumped a local bond on narcotics charges about the first of the year and gone to Dallas. James was driving a cab for the City Transportation Company, and she was apparently operating in some branch of the prostitution racket. Danny was told by James he had made connection with large narcotics setup operating between Mexico, Texas and the East. James made several trips and returned. He left about three weeks ago and has not returned. He purposely did not give details so she could not get into trouble. He took his clothes about three weeks ago and said he was going on another trip. She heard later that he had left her but heard also from a [illegible] named Schott this was not true and that James had contacted him and asked him to look out for her if she got into any trouble. She believes James made connections with the narcotics ring through a former associate from Soledad Prison where James served time. In some fashion James got the cabs to operate through Jack Ruby of Dallas. Several days ago, one Jack (last name unknown) of Houston came to see Danny with one Gordon Winter

62-10117-

44-24016-1180

of Houston, a friend of hers and James. Jack told her that James was trying to hijack a 300 to 400 thousand load of narcotics from Mexico and was going to try to go with another distribution setup. Jack questioned her as to whether she had information regarding James' whereabouts and threatened her if she was withholding information about James. Also, he stated his life would not be worth anything if he was trying to double-cross the group. Danny fears James has been killed or kidnapped and wanted to talk to someone she could trust.

Item 4

In connection with a survey of gambling activities in the Dallas Division, the following information wherein Jack Ruby is mentioned was obtained.

On July 9, 1959, Lieutenant Jack Revill, Criminal Intelligence Section, Dallas Police Department, furnished the following:

On April 2, 1959, the Dallas Police Department received a letter from the Oklahoma City Police Department that Sidney Siedband, FBI number 773803, a Dallas gambler, had been arrested in Oklahoma City and in his possession were a large number of telephone numbers of Dallas and Fort Worth contacts. The Oklahoma City Police Department requested the Dallas Police Department to identify the Dallas contacts. They were identified as follows:

Al Meadows, FBI number 850823, phone FL 77350, at 2403 Inwood, Dallas, gambler and ex-convict;

Oscar Colquitt Swain, also known as "Cotton," FBI number 402723, phone TA 45779, 2203 N. Carroll, Dallas, gambler and ex-convict;

Isadore "Izzy" Miller, FBI number 2010014, phone EM 82933, 8309 Beauregard, gambler;

Lewis Joseph McMillie, also known as Lewis Joseph Martin, Lewis Joseph Chapman, Lewis Olney, FBI number 4404004, NI 20748, 3207 Raleigh, Dallas, gambler and murderer;

Jessie Ray McPherson, Dallas Police Department number 20310, TA 31078, gambler;

Billy Ray Grimes, FBI number 3077364, phone FR 10503, gambler in Dallas and Arlington, Texas;

John D. Burns, also known as "J. D.", FBI number 3045377, phones EM 40282, EV 14118, AN 21060, 6135 Parkdale, Dallas, gambler;

62-109090

ENCLOSURE

44-24016-1-E6

Elmer Ray Coleman, Dallas Police Department number 29433, phone RI 71793, co-owner of Turf Bar, 1515 Commerce Street, Dallas, with

Johnnie Eli Stone, FBI number 245126, both gamblers and cafe operators.

Other persons listed as contacts of Siedband but not fully identified by the Dallas Police Department are the following:

Johnny Marshall, phone LA 26331, 3223 Cole, operator of Shreveport, Louisiana, gambling house;

Jack Keller, phone DA 44574, 1001 Waterford, owner of Keller's Drive In, on Samuel's Boulevard, known associate of numerous gamblers;

Freddie Merrill, phone DA 12856, 7177 Fisher Road, operates gambling house with E. T. "Chick" Flournoy, Rockwall, Texas, gambler;

Margie Moore, resides in Y.W.C.A., known associate of Dallas gamblers;

Jack Ruby, phone LA 24243, operator of Vegas Club, 3503 Oak Lawn;

Kristian Day Kristofferson, FBI number 3222224A, phone TA 15773, 5926 Winton Street, Dallas, Dallas gambler.

There was a phone number MA 42000, Fort Worth, which was ascertained to be a gambling house at 2221 Jacksboro Highway, Fort Worth, operated by Fay Kirkwood and Lewis Joseph McMillie.

There was a notation in subject's possession showing contact with E. H. "Boston" Smith, at phone Clearview 2-1294, Toledo, Texas; Jim Healey at the Cipango Club, Dallas, and Dallas bail bondsmen, Smith and Stovall, 106 South Record, Dallas.

Lieutenant Revill stated all or most of the above persons are known gamblers or connected with gambling activities.

Item 5

There is set forth as follows an interview with a confidential source of the Dallas Office wherein Jack Ruby was mentioned.

On September 7, 1961, a confidential source was contacted by Special Agents Richard E. Harrison and Robert P. Gemberling at Room 214, Dallas Hotel, Dallas, Texas. The source refused to talk with Agents out of the presence of a girl friend, Helen Agnew, stating that Helen knew everything she did.

The source stated she had come to Dallas on September 5, 1961, from Shreveport, Louisiana, in her 1959 Corvette bearing Louisiana license plates, number unknown, accompanied by Helen Agnew who, she stated, uses the name Helen Archfield, and a girl by the name of Bethel "Babs" Kramer or Cramer.

The source stated she owns the Hi Lo Bar, 1900 East Texas Street, Bossier City, Louisiana, and the Little Hangar Bar, 2404 Barksdale Boulevard, Bossier City, Louisiana. She stated she has a mother who lives in Shreveport and a son in school there.

The source stated that Helen Agnew, who described herself as a white female, born December 1, 1941, at Omaha, Nebraska, 5 feet 2 inches, 111 pounds, green eyes, blond hair, was working at the Little Hangar Bar, and that Bethel Kramer had been working at Joe's Studio Steak House at Bossier City, Louisiana, as a waitress and was going to work for her, but she ascertained Kramer was not 18 years of age and for this reason she and her girl friend, Helen Agnew, did not desire to have her living or associating with them at Bossier City, Louisiana.

The source stated she and Helen Agnew had brought Bethel to Dallas in an effort to obtain a job for her as they did not want her with them at Bossier City because the source stated she and "her girls" always share everything. She stated she obtained a job for Bethel through Jack Ruby as a stripper at Ruby's Carousel Club. She stated that Bethel would be staying with the Carousel bartender and his wife.

62-109076

[illegible]

She described Bethol merely as a white female who would be 13 years of age on December 21, 1961, who had been in reform school, had had an illegitimate child and was "a big liar." The source stated she understands Jack Ruby is going to obtain identification for Bethol reflecting she is 21 years of age.

This information was made known on September 3, 1961, to Detective Morris Brumley, Special Service Bureau, Dallas Police Department, Dallas, Texas.

The source stated that she was returning to Shreveport, Louisiana, on the evening of September 7, 1961, and would likely return to Detroit, Michigan, in about a week. She stated the purpose of her trip from Shreveport, Louisiana, to Dallas was to try and buy some "hot furs" for she and "her girls" but that she had not been able to make any contacts. She indicated that she had assisted the FBI in Detroit, had operated houses of prostitution in Detroit, and that she had only been arrested on one occasion and this arrest did not result in a conviction. She denied that her operations at Bossier City, Louisiana, represented the operation of a house of prostitution and stated she was considered a reputable citizen in Greenwood, Louisiana, where she has a home run by a housekeeper.

The source stated that she had no information at this time that would be of interest to the FBI except that she considered Merle Kimbley, who runs Sak's, Bossier City, a pimp and stated that he has advertised in Dallas newspapers for waitresses offering $175.00 per week.

Item 6

There is set forth as follows an interview with Joan Bostick on September 25, 1961, wherein Jack Ruby was mentioned.

On September 25, 1961, Joan Bostick, cashier, Carousel Club, 1312 Commerce Street, telephone number RI 7-2367, home address 117 North Adams, no home phone, Dallas, Texas, telephonically advised that "Babs" Axenfield (Bethel Kramer) was presently residing with her and Harvey Bostick, bartender at the Carousel Club, at 117 North Adams.

Joan Bostick stated that a person named Jimmy Myers told her on September 24 that the FBI was looking for "Babs" Axenfield. Bostick stated that she did not want to have anyone living with her if she was wanted and wished to report "Babs" location. Bostick stated that "Babs" is presently employed by Jack Ruby, owner of the Carousel Club, as a waitress. "Babs" has been employed there for approximately two weeks.

Bostick was advised that the FBI was not looking for Axenfield at the present time, but that we might receive a request to locate her at any time.

Item 7:

There is set forth as follows an interview with Mrs. Sue Brown on November 13, 1962, wherein it was mentioned that a brother of Eva Grant at that time owned and operated the Carousel Night Club in Dallas.

On November 13, 1962, Mrs. Sue Brown, 5810 Phillips, Dallas, Texas, telephone number Taylor 4-2025, advised Special Agent W. Marlan Brown that Eva Grant operates the Vegas Club in Dallas. She said that she had received information from her sister that Eva Grant was formerly connected with the Al Capone Gang in Chicago, Illinois. Mrs. Brown stated that a brother of Eva Grant currently owns and operates the Carousel Night Club in Dallas. She stated that recently she had been with Eva Grant, who formerly operated the Singapore Night Club in Dallas, and stayed overnight with her on one occasion. She subsequently learned that Eva Grant reported that a diamond in one of her rings was missing and as a consequence she was one of the suspects in the alleged theft of this diamond. A Dallas detective with the Burglary and Theft Bureau contacted her and questioned her concerning the missing diamond, she stated, and requested that she take a lie detector test. She stated that she was willing to take this test but upon talking to her attorney she was told by him that tests of this kind were inconclusive and advised her not to take such a test. She advised that Eva Grant spent sometime in Chicago where her family still resides and had also lived on the East Coast. She has been in Dallas for about two or three years, the last time becoming involved during the war years in the illegal sale of sugar stamps which led to the conviction of a man named Jones who was associated with her.

She described Eva Grant as follows:

Race:	White
Sex:	Female
Age:	52 or 53
Weight:	145-150
Height:	5'7"
Eyes:	Brown
Hair:	Dark red
Complexion:	Fair
Remarks:	Very attractive appearance but loud and crude in speech

ENCLOSURE

ENCLOSURE

Item 3

On August 11, 1960, Special Agent Ralph J. Miles chanced to be in the office of Vincent Lee, Branch Manager, American Guild of Variety Artists, 1313 Live Oak Street, Dallas, Texas, on official business. An individual later identified by Mr. Lee as Jack Ruby, operator of the Silver Spur, 1717 South Ervay Street, Dallas, Texas, came blustering into Lee's office. Ruby demanded of Lee that Lee supply Ruby with some "girls" to put on entertainment at his Silver Spur. Lee told Ruby that Ruby would have to put up a cash bond to guarantee the girls' salary whereupon Ruby began to curse Lee, claiming that he was short on money and that Lee did not make his, Ruby's, competitors put up such a cash bond. Lee maintained that he still could not furnish girl entertainers to Ruby unless Ruby put up some cash at which time Ruby arose and in a threatening tone of voice asked Lee: "Do you want to know whether or not I'm packing a gun?", and "What are you trying to do, be a tough guy in Dallas? Well, I'm just as tough as they come" or words to that effect.

After Ruby stormed out of Lee's office, cursing all the while, Lee confidentially advised Special Agent Miles that Ruby considered himself a very tough Dallas character and was an associate of Joe Bonds, operator of the Sho Bar Club, who was also a "tough" character who bore a grudge against Lee because Lee one time attempted to collect a $700.00 bad check Bonds had given a girl entertainer at which time either Bonds or one of his henchmen had struck Lee across the forehead with a pistol. Lee continued that both Ruby and Bonds always carried concealed pistols and were in constant association with James Robert Todd, better known as Jack Todd, FBI number [redacted], Dallas Police Department number 22235, a well-known Dallas safe-cracker. Lee informed that Ruby, Bonds and Todd, together with other hoodlums and safe-crackers, whose identities were unknown to Lee, usually hung around Sue's Used Car Lot, 3400 Live Oak, Dallas, Texas.

(1) (WFO)

[redacted]

Item 9

On May 31, 1961, a confidential source was interviewed and advised that she suspects Betty Crosby, the girl friend of the owner of the Holiday Bar, 1212A Main Street, Dallas, and who also is the day bartender at that bar, is practicing prostitution or lining up other girls for dates of prostitution. She stated that Betty is constantly on the telephone at the Holiday Bar during the day, both making calls and receiving calls. She stated that Betty has telephone number AD 8-4030 (listed to E. C. Tanner, 305 Dover Drive, Richardson). She stated that the owner of the Holiday Bar, Cliff Runsaker, supposedly has a ranch in Oklahoma and that Betty frequently makes several trips a week, stating she is going to Oklahoma with Cliff Runsaker. She stated that Betty Crosby recently bought a new house in Richardson, Texas, and drives a late model blue colored automobile, make unknown. She stated that the Holiday Bar bank account is maintained at the First National Bank, Dallas, Texas. She stated that Betty has a sister, Rosemary Drever, who is married to a Buddy Drever. Rosemary's home telephone number is AD 8-1895 (listed to Lois Jetty, 320 Vista Vista, Richardson). She stated that Rosemary formerly worked at the Congini Bar on Commerce Street and later at Victor's Lounge on Commerce Street across from the Statler Hilton Hotel.

The source stated that Jack Ruby is the owner of the Carousel Club located at Commerce and Field Streets and that he formerly operated the Roundup Club on South Ervay Street and at one time ran the Vegas Club on Oak Lawn. She stated that she knows Jack Ruby and that he is "no good." She stated that he will not permit a girl to work for him unless she is intimate with him.

The source stated she is acquainted with the lady called "Zola" who is the bartender at the Zoo Bar on Commerce Street and who appears to be the boss over the other girls employed as waitresses there. She stated that Zola has recently mentioned to her that she would like her to come to work there. The source stated she had no

ENCLOSURE

62-109060)

ENCLOSURE

specific information that would indicate that any of the waitresses at the Coo Dar were prostituting or that Zola was steering customers to the waitresses for dates of prostitution. She stated Bob Russell is the owner of the Coo Dar. She stated Zola was formerly married to one Joe Slayton who owns the Cabana Room on Commerce Street which has recently been made into a private club.

The source stated that Penny Pennington, 5803 Gaston, Dallas, Texas, who is approximately 35 or 37 years of age, has two girls who rent apartments at her address and fill dates of prostitution with male tenants she has at that location. She stated she has heard that Pennington gets part of the proceeds received by these girls. She stated she does not know who these girls are or where they come from but that Pennington drives a late model white Cadillac.

The source advised that a lady in her late 30's by the name of Faye Dandridge is manager of Fay's Drive In Liquor Store at 4201 Main Street. She stated she understands Faye has a list of girls who will accept dates with men and she believes it is possible these girls charge the men a fee. She stated she has heard conversation that Faye is in her late 30's and has made the remark: "If you are going to go out, you might as well go first class" and that she has allegedly told other girls if they are interested in going out with men to the finer places she can fix them up. She stated that this liquor store is located near the It'll Do Club on Main Street and that Faye supposedly frequents the It'll Do Club approaching male individuals to find out if they would like to have her obtain a date for them.

Item 10

Jack L. Ruby was contacted by Special Agent Charles W. Flynn on March 11, 1959, at which time the following description of Jack L. Ruby was obtained through observation of the Agent and this interview. No additional information was furnished by Ruby.

Name:	Jack Ruby, also known as Jack Leon Ruby, Jack Rubenstein
Race:	White
Sex:	Male
Born:	March 25, 1911, Chicago, Illinois
Height:	5'9"
Weight:	194
Build	Heavy
Hair:	Brown
Eyes:	Brown
Complexion:	Medium
Fingerprint classification:	19 L 9 U OIM 7 K 1 U OII C, fingerprinted Dallas, Texas, Police Department, their number 36696, charged with investigation violation State Liquor Law (returned from FBI Identification Division, August 6, 1959, revealed no previous fingerprint record nor FBI number assigned).
Credit information:	Ruby is shown to have been on file with Dallas Credit Bureau since September, 1959, and has an unsatisfactory credit rating.

Dear Mr. Rankin:

Reference is made to your letter dated March 16, 1964, requesting certain photographs in the possession of Mr. Edward Rocco, 1050 North Laurel Avenue, Hollywood, California, which depict a person who might be Lee Harvey Oswald as well as any other photographs Mr. Rocco may have taken during his visits to the Carousel Club including a photograph of Mr. Rocco. Pursuant to your request, I am enclosing the following photographs:

1. Four copies of a photograph showing various patrons of the Carousel Club. The individual (marked by arrow) according to Mr. Rocco was thought to look like Lee Harvey Oswald by Mr. Jerry A. Freeman, a photographer of "The Dallas-Picayune," New Orleans, Louisiana. It is noted that in the report of Special Agent Thomas G. Clements dated January 17, 1964, at Dallas, (page 24) Mr. Friedman advised that he had no actual basis for his statement to Rocco as Oswald was never known to him and his statement was intended only as conversation and was by no means intended as an identification. This photograph was made by Mr. Rocco on November 5 or 6, 1963, at the Carousel Club and was obtained from him on December 23, 1963.

2. Four copies of a photograph of Mr. Edward Rocco, 1050 North Laurel Avenue, Hollywood, California.

Sincerely,

3. Four copies each of 13 photographs which were purchased by "Life" magazine from Mr. Edward Rocco and made available by Time, Incorporated, New York City, New York, on March 26, 1964.

4. Four copies each of 13 photographs (marked obscene) taken by Mr. Rocco at the Carousel Club, Dallas, Texas. The quoted notations set forth on the backs of the photographs were handwritten pencilled notations on the originals and were apparently placed there by Mr. Rocco. The originals have been returned to Mr. Rocco at his request.

Sincerely yours,

J. Edgar Hoover

Enclosures (124)

NOTE: By letter dated 3-16-64 the Commission requested certain photographs in possession of Mr. Edward Rocco, a free-lance photographer, Hollywood, California, which were taken by Rocco at the Carousel Club, Dallas, Texas. Rocco was interviewed while visiting his father-in-law at Dallas, Texas, on 12-26-63 at which time he advised that he was acquainted with Ruby and that on or about November 5 or 6, 1963, he visited the Carousel Club for six or seven consecutive nights in connection with his efforts to do a profile story on the club. He took numerous pictures in the Carousel Club. On 12-23-63 Rocco advised that while in New Orleans, Louisiana, a short time ago, a photographer with "The Times-Picayune" in New Orleans, a Mr. Terry Friedman, told him that one of the individuals in the photograph looked like Oswald to him. Friedman was subsequently interviewed by us and advised he had no factual basis for a statement to Rocco as Oswald was never known to him and his statement was only intended as conversation and was by no means intended as an identification. Agents of the Dallas Office who had observed Oswald advised the individual in photograph not identical to Oswald.

NOTE:

In accordance with the request of the President's Commission, we are covering the public appearances of Mrs. Marguerite Oswald and Mark Lane. In her 3/18/64 appearance on Radio Station WHIO, Dayton, Ohio, Mrs. Oswald continued to state that she feels that President Kennedy was shot from the overpass directly in front of the motorcade and that her son was a Government agent because he was not under surveillance in spite of his known Marxist views and prior defection to the Soviet Union. She also indicated that she would not believe the President's Commission if they do, in fact, find that her son, Lee Harvey Oswald, was the assassin. The material re WHIO appearance of Mrs. Oswald received in Clairtel 3/20/64 captioned "Lee Harvey Oswald, aka, IS - R - Cuba."

Cincinnati, Ohio
March 26, 1964

RE: TELEPHONE INTERVIEW WITH
MRS. MARGUERITE OSWALD,
RADIO STATION WHIO,
DAYTON, OHIO, MARCH 19, 1964

On March 19, 1964, a telephone interview was conducted by Mr. Phil Donahue, Radio Station WHIO, Dayton, Ohio, on the program called "Conversation Piece." The interview was with Mrs. Marguerite Oswald, mother of Lee Harvey Oswald, and was by long-distance telephone with Mrs. Oswald at Little Rock, Arkansas. Also in the interview were listeners to WHIO who telephoned their questions to be answered by Mrs. Oswald.

The interviewer introduced his guest as Mrs. Marguerite Oswald, mother of the accused presidential assassin, and stated she was participating in the program by way of long-distance telephone from Little Rock, Arkansas. He stated that she would answer questions put to her by the listeners of "Conversation Piece" at telephone number 253-8866.

She was asked by the interviewer for some of the reasons she was offering to support her assertion that her son did not kill President Kennedy.

Mrs. Oswald stated she knew Lee Harvey Oswald is innocent of this terrible tragedy. She stated she believes he was an agent of his government and that he was framed for the assassination of the President. She said he was supposed to be a Marxist and known defector. He was in Dallas at that particular time and was offered a job at the Book Depository three days prior to the motorcade. The route of the motorcade was changed to pass by the Book Depository. Lee did not get the job himself; he was offered the job. He was out of work at that time. She indicated everything points to the fact that this boy's past record of his defection to Russia and his views on Marxism would be a perfect setup for an assassin

of the President. She stated she believes that this is what happened and believes that her son was meant to be killed at the Book Depository, but this failed for some reason or other and he was able to get away. She thinks that officer Tippet was not killed by Lee Harvey Oswald. She thinks the assassins are still at large. She advanced the supposition that if Lee was framed and he was supposed to be killed in the building, then someone else would have to be killed in order for Lee to be arrested and then be killed himself. She believes that Jack Ruby only came into the case as a paid killer in order to shut Lee up.

When questioned by a listener as to why Lee did not have psychiatric care, she stated she did not know and was never informed that Lee should have psychiatric treatment. She explained his truancy in New York and that he was placed in a children's home by a judge. He was there about six to seven weeks. She denied having fled from New York because she did not want Lee to have psychiatric treatment, stating that she remained in New York for 11 months after this. She stated that she did not know Lee had psychiatric treatment, but would assume he had psychiatric treatment at the children's home as it was possible that the children there were given tests of some sort.

In answer to a question, she stated she believes it was normal for her son to defect to Russia because she believes he was an agent of the United States Government, and that he was sent to Russia as a defector and went there as a United States Government Agent.

With regard to a quotation by her in "U. S. News and World Report" in February, that President Johnson was in the White House through the actions of her son, she claimed that this was a misquotation.

She indicated she had received no information that her son was an agent of the United States from the United States Government.

She stated she believes President Kennedy was shot from the overpass directly in front of the motorcade, and not

from the Book Depository.

She described her family as an average American family and a very patriotic family, in answer to a question indicating she had not discharged her duty as a good mother. She described her son as a brilliant boy, and stated the press is becoming a little more sympathetic toward her.

She stated that someone could have put Lee's rifle in the window of the Book Depository, and that a photograph taken at the time of the shooting shows the car had passed the window of the Book Depository, making it impossible for anyone to shoot at this car from that window.

She indicated that she believed her son was a Government agent because he was not under surveillance and that he was framed because of his Marxist views and because of his defection. She indicated that perhaps the person who framed him did not know he was a Government agent and he was found to be one only after being framed.

With regard to the shot at General Walker, she explained that if her son was an agent, he might become involved in a threat on General Walker's life, and, in his note to his wife, was telling his wife he might be arrested. If this did happen, she, as a Russian citizen, should get in touch with the Russian Embassy.

She stated she believes that more than one person was involved in the assassination. She admitted that her son could have been the one who had killed the President, but that she does not think so. She stated the car had bullet shatters on the left hand side which was not facing the Book Depository, and this car was immediately sent to be renovated. She questioned why this evidence was taken away.

She refused to speak for the opinions of any other members of her family, stating that Lee's brothers did not have the information concerning him that she has..

She stated she doubted if she would believe the Warren Commission if they find Lee was the assassin. She indicated she thinks someone in the Government that wanted President Kennedy out of the way used her boy.

NOTE:

Phairtel 3/25/64 captioned "Lee Harvey Oswald" furnished LHM quoting newspaper article in "Main Line Times," Ardmore, Pennsylvania, newspaper reporting Lane's comments at Haverford College on 3/11/64. Lane in his talk as reported continues to claim that Oswald is being prejudged as guilty of assassinating President Kennedy, that President Kennedy was shot first from the front, and that the FBI found "no prints" on Oswald's rifle (which is false since the latent impression obtained by the DL PD on the rifle was identified by the Identification Division as the right palm of Oswald). Previous info re Lane's appearances in the PH area were furnished to the President's Commission by letter 3/27/64.

NOTE:

The President's Commission by letter on 3/11/64 requested that we furnish any available information regarding the whereabouts of Crafard inasmuch as they expected to subpoena him. Crafard, who is a drifter and itinerant worker, was employed as a handy man by Ruby at the time of the assassination. We have conducted extensive investigation to locate Crafard for the Commission through contacts with his relatives and known associates. Mr. Hubert of the Commission was telephonically advised of Crafard's whereabouts on 4/3/64 at which time Hubert stated that the Commission was issuing a subpoena today, 4/3/64, to be sent air mail, special delivery, to the U. S. Marshall covering Dallas, Oregon, who will in turn serve the subpoena. Crafard spells his name different from other members of his family. The Commission is aware of this.

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Mr. Melvin Eisenberg, Commission Staff Member, and Mr. Sebastian F. Latona of this Bureau, have previously reviewed testimony concerning fingerprint and palm print identifications which relate to the assassination of President Kennedy.

On April 1, 1964, Mr. Eisenberg requested that four cardboard cartons found near the sixth floor window of the Texas School Book Depository Building, Dallas, Texas, be delivered to his office. Mr. Latona personally made delivery of these cartons on April 1, 1964, and obtained a receipt for them.

Dear Mr. Rankin:

Reference is made to a letter dated March 27, 1964, from Mr. Albert E. Jenner, Jr., of your staff, requesting one photopicture duplicate of a group of documents (exhibits) which consists of sixty photographs.

Mr. Melvin Eisenberg, of your staff, advised telephonically on April 2, 1964, that in the interest of expediting the requested copies, Xerox copies of the sixty photographs would be adequate since additional photographic copies of each exhibit submitted with Mr. Jenner's letter are currently available in the files of the Commission.

Transmitted herewith is one Xerox copy of each of the sixty photographs submitted. The sixty photographs submitted are also transmitted herewith.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Rankin:

Reference is made to your letter of March 20, 1964, requesting advice as to whether the paper bag found on the sixth floor of the Texas School Book Depository Building (Commission Exhibit 142) might have originated in either of Oswald's two previous places of employment which were the Jaggars-Chiles-Stovall Company and the William B. Reily Company.

A sample of paper was obtained from the Jaggars-Chiles-Stovall Company, Dallas, Texas, and was designated as FBI Exhibit D-194. Samples of paper and three-inch Manila gummed tape were obtained from the William B. Reily Company, New Orleans, Louisiana, and were designated as FBI Exhibit D-193. The papers and gummed tape comprising Exhibits D-193 and D-195 were found to be different from the paper and gummed tape of Commission Exhibit 142.

The Jaggars-Chiles-Stovall Company has advised that the company has had no three-inch gummed tape on the premises in the last several years. It is noted that the gummed tape on Commission Exhibit 142 is three inches wide.

The paper sample D-194 was obtained from the Jaggars-Chiles-Stovall Company on March 24, 1964, and the company advised that the paper which was being used during March and April 1963 during the time of employment of Oswald had been used up.

The paper and tape sample D-193 was obtained on March 20, 1964, from the William B. Reily Company and the company

ORIGINAL FILED IN

NOTE TO SACS OKLAHOMA CITY AND DALLAS:

Re OC airtel 3/13/64 furnishing Bureau a clipping from the "Oklahoma City Times," setting out the exploits of Mrs. Martin.

Enclosed for the information of Oklahoma City and Dallas is a recent communication received by the Director apparently from Mrs. Martin which is self-explanatory. For your information, the President's Commission has been furnished extensive background on Mrs. Martin including the fact we had unsatisfactory dealings with her in the past.

NOTE:

Shirley Martin, has been characterized as a "bright nut", and is well known to the Bureau due to the fact she has written numerous offensive and insulting communications to the Bureau. Since the assassination she has engaged in her own investigation of the events.

Full details concerning her background have been furnished in the past in the following memoranda:

D. C. Morrell to Mr. DeLoach dated 2/17/64 captioned, "Mrs. Mark E. Martin, aka Mrs. Shirley Martin, Box 566, Hominy, Oklahoma," JH:dll.
A. Rosen to Mr. Belmont dated 2/25/64 captioned, "Assassination of President John F. Kennedy, 11/22/63, Dallas, Texas," RDR:vhm.
A. Rosen to Mr. Belmont dated 3/19/64 captioned, "Assassination of President John F. Kennedy, 11/22/63, Dallas, Texas," RDR:map.

The attached communication is critical of the FBI and affixed responsibilities onthe Director which of course are completely unjust. This communication does not contain a written signature but appears to have been authored and mailed by Mrs. Martin. We have not acknowledged this letter as well as several other communications from her. It is not felt we should dignify her insulting observations and comments or encourage her obvious efforts to engage in a literary argument.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: April 2, 1964

FROM : R. H. Jevons

SUBJECT: Assassination of President John F. Kennedy; 11/22/63; Dallas, Texas

As a matter of record, Mr. Melvin Eisenberg of the staff the President's Commission orally requested of Special Agent Paul M. ombaugh that he prepare microphotographs, in color, showing the croscopic comparisons of the cotton fibers removed from the butt plate the rifle used in the assassination with the cotton fibers comprising wald's shirt. Mr. Eisenberg also requested that a chart be made owing the differences that exist among woolen, cotton, and viscose bers. (The blanket Oswald used to cover the rifle is composed of ese fibers.)

He also requested that charts be prepared to show the fferent characteristics used in making hair comparisons as well as icrophotographs of Oswald's pubic and limb hairs and microphotographs owing the matches of these hairs with pubic and limb hairs found on he blanket.

Mr. Eisenberg requested that these photographs and charts e brought by Mr. Stombaugh to aid in his testimony before the committee on the morning of April 3, 1964.

Copies of the requested photographs and photographs of the harts are attached hereto for record purposes.

ACTION: For information.

Dear Mr. Rankin:

In connection with coverage of the public appearances of Mark Lane, this Bureau has determined that on March 25, 1964, Lane received a United States passport for travel in Europe and that his departure was scheduled for April 1, 1964.

There are enclosed two copies of a communication dated March 30, 1964, at Washington, D. C., setting forth information furnished United States Department of State by Lane in his passport application.

You will note in paragraph two on page one of the enclosed communication that Lane advised he would attend a convention of the International Association of Democratic Lawyers. This association, which is reportedly holding a congress at Budapest, Hungary, from March 30, 1964, to April 3, 1964, has been cited as an international communist front organization on page 88 of the "Guide to Subversive Organizations and Publications," revised and published December 1, 1961, by the Committee on Un-American Activities, United States House of Representatives, Washington, D. C.

This material is being furnished to advise you of Lane's plans for travel abroad and to assist you in the event you desire to arrange coverage of Lane in the foreign countries to which he travels.

RE: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY

You should endeavor to describe the documents in a logical sequence so as to make a chronological story from the point of origin to the ultimate consignee. Each of the rifles involved should be handled under separate headings and abbreviations should be avoided if possible or adequately described.

Attached for your assistance are xerox copies of pertinent communications received from receiving offices which transmitted documents requested by the Commission. To each xerox copy is attached photographic copies of the documents submitted with the communication along with its Laboratory assigned "D" number. The Laboratory is maintaining the originals of all documents where same have been submitted. Two additional photographic copies of the documents furnished are being retained by the Bureau for dissemination to the Commission along with your letterhead memorandum when this matter is completely resolved.

Photographic copies of exhibits D 102, D 103 and accompanying explanations submitted with Dallas airtel 3/23/64 captioned, "Lee Harvey Oswald, aka. IS - R - Cuba" are not being returned since you have copies of these exhibits. Two copies are available for the Commission.

Exhibits D 17, D 18, D 19, D 77 and J 1 referred to in your airtel 3/5/64 in the above caption have been previously furnished to the Commission and need not be duplicated at this time. Appropriate reference to these exhibits where necessary must be made in your letterhead memorandum to complete the sequence of events.

In your above airtel dated 3/5/64 on page one it is indicated Mr. Charles W. Greener, owner of the Irving Sports Shop, requested that "tag repair" #18374 be returned to him. For your information the original of this tag is being retained by the Laboratory for possible future use of the Commission. Dallas should make appropriate note of Mr. Greener's request so this matter can be followed in an effort to comply with his request when the Commission's investigation is concluded.

Chicago airtel 3/24/64 in the above caption, DWS:gmf.

D 201 — Delivery receipt from Eastern Express Company.

Any break in sequence of the above numbers was necessitated by the receipt of other evidence not related to this particular Commission request.

Receiving offices are reminded to press this vigorously so the Commission's request can be complied with at the earliest possible time.

NOTE:

Commission by letter 2/21/64 requested certain information as well as the original or photographic copies of all documents relating to the assassination rifle and another rifle bearing a similar serial number without a prefix "C". The technical data requested was furnished to the Commission by letter dated 3/27/64. The other request is very extensive in nature and requires the obtaining of purchase orders, invoices, shipping documents, bills of lading, receipts, etc. of some eight business firms. Certain difficulties have been encountered beyond our control in obtaining this material and some seven Bureau offices are involved in this endeavor. The enclosed material is being furnished to Dallas so that an appropriate, intelligible memorandum can be prepared for use by the Commission inasmuch as many of the documents furnished require considerable explanation. This matter continues to be closely followed at the Bureau and when the necessary material and letterhead memorandum from Dallas are received the Commission will be appropriately notified. The Commission has been advised of the extensive nature of its request and the fact that numerous Bureau offices are engaged in this endeavor.

April 9, 1964

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
~~The President's Commission~~
200 Maryland Avenue, Northeast
Washington, D. C. 20002

Dear Mr. Rankin:

Mr. Burt Griffin of the President's Commission on April 8, 1964, furnished to this Bureau three items of the personal property of Curtis LaVerne Crafard and requested that we make photographic copies of the items for the President's Commission.

The items were photographed on April 8, 1964, and the originals returned to you by special messenger on April 9, 1964.

I am enclosing herewith three copies each of the photographs of a discharge paper of Curtis LaVerne Crafard, three copies each of two photographs of a subpoena issued to Curtis L. Crafard, and three copies each of eleven photographs of a leather-bound memoranda book. The photographs of the memoranda book are numbered with the letter A to identify the front cover and numbers one through ten to identify each page of the book which contained writing as taken in consecutive order.

Sincerely yours,

APR 10 1964

FROM : W. D. Griffith

SUBJECT: LEE HARVEY OSWALD, aka
IS - R - CUBA

On 4-3-64 Special Agent James C. Mulligan testified before The President's Commission concerning the results of paper examinations in this case. His testimony lasted approximately 1½ hours.

Mr. Allen W. Dulles was the only member of the Commission present during the testimony. The testimony was, in essence, that the paper and Manila tape used to make the paper sack found on the sixth floor of the Texas School Book Depository Building (TSBD) designated Q10 in this case and Commission Exhibit 142 were the same in all observable physical characteristics as the paper and tape sample obtained 11-22-63 at the TSBD, Laboratory Exhibit D-1, Commission Exhibit 677, and these two exhibits were different from the paper and Manila tape used to make the replica paper bag on 12-1-63 at the TSBD, Laboratory Exhibit K52, Commission Exhibit 364. The significance of this testimony is that the materials comprising Q10 (the paper bag believed used by Oswald to conceal the assassination rifle) are similar to material (Samples D-1) available to Oswald in the Texas School Book Depository Building, and could have come from that source.

The ultraviolet light box used in the Laboratory was taken to the Commission Hearing Room at the request of Mr. Eisenberg and used to demonstrate the similarity under ultraviolet light of the Q10 paper sack and the D-1 known sample and the difference between these two and the K52 paper sample. Both Mr. Dulles and Mr. Eisenberg made their own comparisons and agreed with SA Cadigan's testimony in this regard.

A microphotograph of the surface of Q10 and K2 illustrating the similarity was also shown to Mr. Dulles and marked as Commission Exhibit 678. A copy of this microphotograph is attached.

PRESIDENT'S COMMISSION ON THE
ASSASSINATION OF PRESIDENT KENNEDY

Attached is letter from J. Lee Rankin, General Counsel, President's Commission, requesting Special Agents Manning Clements and James Bookhout be available at the U. S. Attorney's Office, Dallas, for interview by Mr. Samuel A. Stern of the President's Commission staff on April 8 or 9, 1964. This will confirm telephone conversation with you 4-2-64, concerning this matter.

Mr. Rankin is being advised that Agents Clements and Bookhout will be available on April 8 or 9, when desired. He is also being advised that in the event developments occur which make it advisable for Mr. Stern to take depositions of other Agents in the Dallas Office that this will be permissible. In this connection you should, of course, ascertain the nature of the material to be covered with the Agents and be guided accordingly as to whether or not the requests of Mr. Stern or other representatives of the Commission are appropriate.

Agents should answer any questions concerning investigative activity and results of investigation but should not give personal opinions as this is not their function.

NOTE: Agents Clements and Bookhout were at the Dallas Police Department on 11-22-63, at the time Lee Harvey Oswald was brought into the PD having been sent there by SAC Shanklin. Oral instructions were issued to the Dallas Office relative to proper procedure for Agents to follow when being contacted by Mr. Stern or any other representative of the President's Commission. This is covered in memorandum Rosen to Belmont 4-2-64.

REC UNIT

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: 3/16/64

FROM : A. Rosen

SUBJECT: PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT

Mr. J. Lee Rankin, while being contacted today on other matters, advised that he had been confined to his home for the past several days due to illness.

Mr. Rankin stated he learned of several instances wherein letters had been sent to the Bureau making what he termed unreasonable requests in that a considerable amount of work was requested and sufficient time was not allowed for the Bureau to handle these items. Rankin was calling these situations to the attention of his staff and indicated he would try to see that all additional requests made of the Bureau were reasonable insofar as the time element was concerned.

Mr. Rankin advised that as is typical of most attorneys, they would complete their own work in sufficient time to handle the presentation of matters to the Commission and to question witnesses who would be brought before the Commission but did not give any consideration to the fact that third parties, such as the Bureau, might be involved in winding up matters which were necessary for the proper questioning of witnesses.

Mr. Rankin specifically mentioned the request for maps, diagrams, photographs and items of this nature, which were time consuming in nature, and that such items should be requested and presented to the Bureau to handle considerably in advance of the date they were desired.

REC-31

In view of the opportunity presented by Mr. Rankin, it was mentioned to him that several such items had been requested wherein representatives at Bureau headquarters had been sent to Dallas to carry out requests and after returning from finishing one request, the Bureau had then received an additional request requiring the services of specially qualified men from Bureau headquarters. It was mentioned to Mr. Rankin that if there were to be a number of such requests and they could be anticipated in advance, it would be most helpful for such requests to be made immediately so that all of these requests could be handled as expeditiously as possible and eliminate the necessity for men traveling back and forth between Washington and Dallas.

Memorandum to Mr. Belmont
RE: PRESIDENT'S COMMISSION

Mr. Rankin indicated he would look into this matter and see if the staff could not make arrangements for all such requests to be furnished to the Bureau immediately so that they would be fully aware of all requests and work out the details as best suited to the Bureau rather than having last-minute requests coming in on a piecemeal basis.

During the discussion with Mr. Rankin, he commented the original request to the Bureau had been to get the basic facts and submit a report in the shortest possible time, which request had been complied with by the Bureau in a very expedite and excellent manner. Mr. Rankin stated with the establishment of the President's Commission an entirely different situation came into existence. He advised a large staff of attorneys has been obtained who had been given the specific assignment of reviewing all the material available from the Bureau as well as any other sources to try and develop all possible facts concerning the President's assassination. He stated with regard to the Bureau's reports these attorneys were able to sit down without any interference and very tediously examine these reports in most minute detail trying to pick out any situations which could possibly need future investigation or clarification. He advised that while a number of letters had been directed to the Bureau indicating additional investigation was desired, there was no intention of being critical if any way of the Bureau's work; that he and other members of the staff felt that the Bureau had done an excellent job of investigating the over-all situation and he intended to direct a letter to the Bureau at some time in the near future when he felt the time was proper, so indicating the Commission's pleasure with the excellent cooperation that the Bureau had afforded the President's Commission in handling their over-all problem.

ACTION

Mr. J. Lee Rankin of the President's Commission, while discussing other matters on April 3, 1964, stated that the members of the President's Commission that had been present during the past few days listening to testimony given by Bureau personnel were extremely complimentary concerning the testimony of the various experts from the Bureau. Mr. Rankin stated that he would appreciate the Director being advised of the very favorable impression the Bureau experts made and that Chief Justice Earl Warren had made favorable comments and had asked Mr. Rankin to make known to the Director his feelings concerning the Bureau experts' testimony.

Mr. Rankin commented that as soon as all of the Bureau experts had completed their testimony before the Commission he intends to direct a letter to the Bureau commenting on each one of the individuals that testified. The individuals that have testified thus far are the following: SA Robert A. Frazier, SA Cortlandt Cunningham, SA Paul Stombaugh, SA James C. Cadigan, all assigned to the Laboratory, and Sebastian F. Latona assigned to the Identification Division. Mr. Rankin advised that the testimony of the Bureau personnel was far superior to testimony received from anyone else that has appeared before the Commission, each of the Bureau employees testified with complete confidence and their testimony was given in such a manner that any possible doubt that anyone had, had been completely removed by the Bureau experts' testimony.

Mr. Rankin mentioned that in those instances where outside Laboratory examinations had been made these individuals had corroborated the testimony of the Bureau personnel and that for the Commission's record he felt that a good purpose had been achieved.

in having the outside testimony. He reiterated his previous statements that there had never been any lack of confidence in examinations made by the Bureau but the outside testimony corroborating the Bureau's testimony would place the Commission in a more favorable position as far as the permanent record of the Commission is concerned.

ACTION:

For information.

I place no credence in any complimentary remarks made by Warren nor the Commission as they were looking for FBI "goats" & hoping to find some evil. they try to get "angles"

April 14, 1964

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C. 20002

Dear Mr. Rankin:

A confidential source of this Bureau has advised that Melvin M. Belli, former attorney of Jack L. Ruby, directed a letter to Ruby dated March 21, 1964, in which Mr. Belli acknowledged Ruby's letter asking him to withdraw as counsel. Mr. Belli commented in his letter concerning the record for reversal which had been built up and specifically mentioned the court's denial of the motion to change venue.

The source also advised that Joe H. Tonahill, one of Ruby's defense attorneys, on March 13, 1964, directed a letter to Ruby in which he commented on the many reversible errors in the case and said he earnestly believed the appellate court will reverse Ruby's conviction. He said the biggest error was the failure of the court to transfer the case from Dallas County.

Mr. Tonahill said that next in importance were the statements of Officers Archer, Lewillon, Ting, Leavelle, and Dean, of the Dallas Police Department, which statements were admitted by the court over defense objection. According to Mr. Tonahill, these statements served to indicate intent, malice, and premeditation on the part of Ruby. The statement of Officer Dean was the strongest against Ruby. Mr. Tonahill said, of course, "We deny, you know, that the statements

ORIGINAL FILED IN

were made by you (Ruby). The testimony of McMillon was completely destroyed, McMillon having testified to many certain things, whereas, photographs showed McMillon was not looking in the direction of Oswald at the time he was shot.

Mr. Tonahill's letter continued by stating that, without the testimony of the officers as to statements allegedly made by Ruby at the time of and immediately following the shooting, the District Attorney would at best have a case of murder without malice. "Of course, our testimony would completely contradict that." The penalty for murder without malice is from two to five years. "We can reverse the case and get a change of venue from the appellate court," and the statements of the police officers will not be admissible as res gestae.

Mr. Tonahill said that, should Ruby enter a plea of guilty, he would, undoubtedly, get credit for the time he spent in jail and should not have to serve over a year, considering time off for good behavior, under a maximum sentence of five years. A second trial would likely take less than a week and a jury would find Ruby not guilty, because the approach would be somewhat different in the next trial. "Also, Jack, even if you entered a plea and commenced to serve out that short sentence, you would get the treatment you need during that time."

The above is furnished to you for your information in view of its relationship to the appeal and possible retrial of Jack L. Ruby.

Sincerely yours,

J. Edgar Hoover

Note continued.
Sheriff Decker of the Dallas County Sheriff's Office, who is also in charge of the county jail, has been routinely censoring Ruby's mail as he is a prisoner. He is not censoring Ruby's mail at the request of the FBI. In view of the FBI's investigation of Ruby, Decker has voluntarily furnished information of interest to the Bureau's investigation and we have been furnishing the information to the President's Commission. We should not in this instance be placed in a position of receiving information regarding Ruby without furnishing it to the Commission.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 4/3/64

FROM : R. E. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY, DALLAS, TEXAS; 11/22/63

On 3/31/64, SA Robert L. Frazier, Firearms Unit, FBI Laboratory, testified before the President's Commission on the assassination of President Kennedy. On 4/1/64, SA Cortlandt Cunningham testified before the Commission. Numerous exhibits were introduced during SA Frazier's testimony concerning the identification of Oswald's rifle with bullets and cartridge cases recovered at the scene of the assassination. Other exhibits and diagrams were used to illustrate various aspects of his testimony.

During SA Frazier's testimony, Mr. Melvin Eisenberg, Commission staff attorney, requested the Commission be permitted to use portions of SA Frazier's notes so that a permanent record could be available of items which either were not subject to accurate verbal description of which were detailed notes containing reference material which would have required overly lengthy testimony. Exact copies of this material are retained in the Bureau's records.

In order that a record might be available as to the identity of the exhibits used, there is attached a list of all exhibits with a description of each. Copies of the exhibits have previously been made a matter of record except items 6, 7, 9, 11, 12 and 13. Copies or copies of photographs of 6, 7, 9, 12 and 13 are attached. A duplicate of the sulfur cast, number 11, is retained in the Bureau's records. It will be noted that 14 and 31 on the attached list are test bullets and cartridge cases of which we have photomicrographs as a matter of record.

The exhibits used to illustrate SA Cunningham's testimony concerning the shooting of Dallas Police Officer J. D. Tippit, numbers 24 through 30, 32 and 33, have all been made a matter of record.

ACTION: For information.

UNITED STATES GOVERNMENT

Memorandum

TO: MR. CALLAHAN

DATE: 4-7-64

FROM: L. J. GAUTHIER

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
REQUEST OF THE PRESIDENT'S COMMISSION
VISUAL AIDS

Commission Attorney Melvin Eisenberg called and stated that the Commission had tentatively scheduled a conference for 10:30 AM, 4-14-64, at the Commission's office for the purpose of re-enacting the shooting sequence on the scale model of the assassination site. He requested that I be present to assist the staff in the use of the scale model to re-enact the views of those present concerning the approximate location of the assassin's shots.

Mr. Eisenberg mentioned that he had also requested the presence of Special Agent Shaneyfelt who has conducted extensive tests on three movie cameras used in filming the shooting sequence. Also scheduled to be present according to Eisenberg will be two doctors who he stated were experts in the field of "wound ballistics" to form conclusions concerning muscular reaction of the human body to gunfire under a given set of circumstances and to be available to reply to questions the Commission staff is interested in developing concerning the wounds inflicted on the President and Governor Connally. Mr. Eisenberg feels that the doctors can possibly give some medical insight concerning the time required for a bullet to penetrate certain parts of the body and any divergent path likely to occur when a bullet comes in contact with bone structure.

The purpose of my presence will be to re-enact on the scale model certain findings made by the experts present. My participation will be limited to following the instructions of the Commission with regard to fixing the approximate location of each shot. 62-109090 -

Mr. Eisenberg was advised that I would be present at the Commission's office as scheduled and that facilities to project the movies will be made available by the Bureau.

RECOMMENDATION:

None; for information only.

Inspector Malley will be present.

TO: DIRECTOR, FBI

FROM: SAC, DALLAS (80-New)

SUBJECT: LARRY GROVE
DALLAS MORNING NEWS
DALLAS, TEXAS
RESEARCH (CRIME RECORDS)
BUDED 4/8/64

Re Bureau airtel to Dallas, 3/30/64.

On 4/3/64, I contacted [redacted] Managing Editor of the "Dallas Morning News", an SAC contact. I explained to him the purpose of my contact and then advised him that the FBI was conducting an investigation concerning LEE HARVEY OSWALD prior to the assassination on the basis of his attempted defection to the Soviets and that we were interested in whether he was being used by the Soviets in any espionage undertaking in this country, since he had indicated through his actions and statements that he advocated principles contrary to the best interest of the United States.

It was pointed out to [redacted] that OSWALD's background and activities fully justified our action concerning him, but the data we had gave absolutely no clue indicating he was a potential assassin.

[redacted] was further advised that in the absence of justifiable information, it would be highly inappropriate for us to furnish information on persons to local authorities or the Secret Service which might result in the detention or questioning of such persons. It was also pointed out that we had to draw a very careful line between what information may properly be disseminated and unwarranted dissemination in violation of the rights of the individual.

25 APR 6 1964

Approved: _____ Sent _____ M Per _____

ORIGINAL FILED IN

DL 80-New

I explained to [redacted] that the full facts surrounding Agent HOSTY's name being in OSWALD's notebook had been furnished to the President's Commission. I also advised him that OSWALD had never been an informant of the FBI.

[redacted] was very appreciative of the information furnished. He stated he was a great admirer of the Director and the Bureau, and he felt his newspaper had consistently been one of the strongest supporters of the Director. He stated he well appreciated our position, but that he did feel that the President's Commission, by not making public its findings, was putting the Bureau in a somewhat bad position. He stated the longer the Commission took to make a public report, the more speculation there was concerning: Was there any connection between OSWALD and RUBY, was there a plot, and was OSWALD actually the assassin? He said this was not a question which was bothering him, but that the general public would indulge in such speculation until the final report was made.

[redacted] stated that LARRY GROVE had come to the "Dallas Morning News" from radio and TV station WBAP in Fort Worth, and prior to that time, he lived in Oklahoma. He regularly writes a column for the "Dallas Morning News" known as "Poor Larry's Almanac", which is a general column dealing with current human interest items of the day. GROVE is not a police reporter.

[redacted] considers him a good, loyal American citizen and a fairly good reporter. KRUEGER noted that GROVE was much more liberal in his views than the newspaper is. [redacted] then stated that he would call in GROVE and in my presence explain to him exactly the FBI's position, which he did.

GROVE stated that he certainly did not want to be critical of the Bureau, but that his comments concerning the Bureau in the article published in "Quill" magazine had been publicized in other papers. He stated he now appreciated the Bureau's position in this matter, but he also stated that he felt the public should have some report as to our position. It was pointed out to him that the full facts had been given to the President's Commission.

The entire meeting was handled in a very pleasant, cordial manner.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Enclosed is a list identifying nine reports and two memoranda setting forth the results of our investigation concerning George and Jeanne De Mohrenschildt. Two copies of each of those communications are also enclosed.

Your attention is directed to the enclosed report of Special Agent Harry E. Whidbee dated March 18, 1964, at Los Angeles, California. Pages 13 and 14 of this report set forth information received on March 11, 1964, from LA T-4, a reputable businessman who was acquainted with George De Mohrenschildt from about 1942 to 1950.

LA T-4 was contacted on March 11, 1964, by an Agent of this Bureau in Santa Barbara, California. However, the interview was not completed at the request of LA T-4 as he stated he was exhausted from travel and work and requested deferment of further interview until his return to Dallas, Texas.

On March 17, 1964, LA T-4 was recontacted by an Agent of this Bureau, at which time he requested that the information previously furnished by him on March 11, 1964, not be disseminated outside this Bureau or, if disseminated, that his identity as the source be concealed. LA T-4 stated he feared he might be the subject of a possible suit for slander by the De Mohrenschildts, "knowing what kind of people they are," if the information furnished by him and his identity ever came to their attention. He further stated he had no

Honorable J. Lee Rankin

firsthand information in support of the remarks made during the March 11, 1964, interview and consequently did not desire the information to be disseminated outside the Federal Bureau of Investigation, nor did he wish to make any additional remarks concerning George De Mohrenschildt except under proper subpoena or on the basis of complete assurance it would not be disseminated outside the Federal Bureau of Investigation. No such assurance was given LA T-4 and he furnished no further information.

On March 20, 1964, LA T-4 contacted our Dallas Office and advised that after thinking it over and consulting his attorney, he wanted to volunteer to furnish any information he has to the Federal Bureau of Investigation if his information might result in action, or would be of positive assistance in the Lee Harvey Oswald and George De Mohrenschildt investigations. He stated, however, he did not want to be further interviewed if our investigations were merely going to be a "historical document" compiled by the President's Commission.

In the event you desire to subpoena LA T-4 to appear before the Commission, it is requested that this Bureau be advised so that LA T-4 may be made cognizant of your request.

This Bureau will continue to furnish you copies of communications in duplicate as additional investigation is completed.

[redacted]

Sincerely yours,

J. Edgar Hoover

Enclosures (23)

[redacted]

[redacted]

[redacted]

NCTR:

We are investigating the De Mohrenschildts at the request of the President's Commission. The above-mentioned communications have been reviewed by the supervisor, Mr. Malley and Mr. Belmont. These communications consist of 77 pages. Four of the enclosed reports have attached informant reliability memoranda; however, in order to avoid confusion with the Commission, these are not being considered as separate enclosures but rather as integral parts of the respective reports.

[redacted]

LA T-4 originally advised that one of DeMohrenschildt's brothers was at one time close to Adolf Hitler, but was later executed by the Hitler regime. He said that DeMohrenschildt had strong pro-communist convictions and in his mind DeMohrenschildt was entirely capable of communist conspiratorial activity, but that he considers him intellectually shallow and incapable of originating or executing a complicated scheme. During subsequent interviews LA T-4 refused to elaborate or substantiate these statements and declined to furnish further information.

ARTICLE BY LARRY GROVE

BACKGROUND:

In my memorandum to you dated 3-30-64, I pointed out that the above-captioned article by Larry Grove, who was described as an award-winning reporter with the "Dallas Morning News, was accepted for publication in the "Quill," the official publication of Sigma Delta Chi. In explaining some of the facts surrounding the killing of President Kennedy, Mr. Grove made erroneous statements regarding the FBI's responsibilities and duties. Since we knew nothing about Grove, it was recommended and approved that SAC, Dallas, contact [redacted] of the "Dallas Morning News." Since [redacted] is an SAC Contact of the Dallas Office and has been very friendly and cooperative with them, SAC Shanklin, by airtel dated 3-30-64, was instructed to contact [redacted] get a discreet line on Grove, and through [redacted] endeavor to set Grove straight.

By airtel dated 4-6-64, SAC, Dallas, advised that he had contacted [redacted] and furnished him the correct information concerning the erroneous statements made by Larry Grove. [redacted] stated he was a great admirer of the Director and the Bureau and was appreciative of the information furnished to him. Although he understood our position, he felt that the President's Commission, by not making public its findings, was putting the Bureau in a somewhat bad position. He noted that the longer it took the Commission to make its report public, the more speculation there was among the general public regarding any possible connection between Oswald and Ruby.

[redacted] advised that he considers Larry Grove a loyal American citizen and a fairly good reporter who had come to the "Dallas Morning News" from radio and television station WBAP. Grove has a column in the "Dallas Morning News" known as "Poor Larry's Almanac," dealing with current human interest items of the day. In the presence of the SAC, [redacted] explained the FBI's position to Larry Grove who stated that he certainly did not want to be critical of the Bureau. Grove fully appreciated our position but noted that he felt the public should have some report as to our position. It was pointed out to him that the full facts surrounding the assassination of President Kennedy and the killing of Oswald have been given to the President's Commission.

RECOMMENDATION:

For information.

1 - Mr. DeLoach

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: 4/8/64

FROM : A. Rosen

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - R - CUBA

Memo from Wannall to Sullivan dated 4/1/64 set forth information concerning a letter from J. Lee Rankin dated 3/26/64 which requested information in Bufiles concerning four Cuban organizations, all of which had been extensively investigated by the FBI.

This matter was taken up with Mr. Rankin on 4/3/64, at which time he was advised that the Bureau had conducted extensive investigation concerning the four Cuban organizations and there was a total of 280 reports and memoranda available concerning these organizations. He was asked whether or not the President's Commission desired this voluminous material or whether the Commission would prefer a brief summary memorandum which would cover the questions asked by the Commission.

Mr. Rankin advised he would check into this further and would let the Bureau know what action he desired. He stated he certainly did not want the Bureau taking the time to prepare a summary if, in fact, the Commission desired the reports. At the time of this discussion Mr. Rankin was shown the March 26, 1964, letter that he had sent to the Bureau and he stated he would retain the Commission's letter and would either return it to the Bureau or direct a new letter to the Bureau.

Today, while telephonically talking to Mr. Rankin at his New York office, the question was raised with Mr. Rankin as to whether a decision had been made concerning the submission of reports to the Commission or whether they desired a summary memorandum. Mr. Rankin stated he had presented this matter to members of his staff. They were told to make up their minds what they wanted and discuss it with him and apparently no decision had been reached as yet. He stated the Bureau should disregard this request until he officially advised what action he desired to take.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter of April 1, 1964, wherein you advised that Mr. Samuel A. Stern of your staff, would be in Dallas and desired to have available Special Agents Manning Clements and James Bookhout on April 8 or 9, 1964.

In accordance with your request, our Dallas Office has been instructed to have the above-named Agents available and Mr. Stern is requested to contact Special Agent in Charge Gordon Shanklin upon his arrival in Dallas in order to set a convenient time for his interviews with them.

If in the course of his interviews with Agents Clements and Bookhout items arise which make it advisable, in Mr. Stern's opinion, to take depositions from other Agents, this will be permissible and should be arranged through Mr. Shanklin in order that appropriate arrangements can be made.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Hoover:

Mr. Samuel A. Stern, a member of the advisory staff of the President's Commission, has been authorized by the Commission to travel to Dallas to take the depositions or affidavits of several persons, including federal law enforcement officers who were present during events which occurred in the course of the detention of Lee Harvey Oswald. In this connection, Mr. Stern has been authorized to take the depositions or affidavits of such members of the Dallas office of the FBI as seem appropriate, including particularly Special Agents Manning Clements and James Bookhout.

The Commission would greatly appreciate your making available Agents Clements and Bookhout at the office of the United States Attorney, Dallas, Texas, on April 8 or April 9, 1964. If you approve, Mr. Stern will communicate with Special Agent in Charge Shanklin upon his arrival in Dallas, to set a precise time convenient as far as possible for the agents involved. If in the course of his interviews with agents Bookhout and Clements, it seems to Mr. Stern advisable to take the depositions of other agents in the Dallas FBI office, I trust it will be satisfactory with you for Mr. Stern to make appropriate arrangements with Mr. Shanklin.

The general subject matter of the depositions or affidavits will be to inquire of what facts the agents may know concerning the arrest and detention of Lee Harvey Oswald.

62-109090-1225

Thank you for your continued cooperation in the work of the Commission.

Dear Mr. Hoover:

In connection with its investigation of Lee Harvey Oswald's Marine career, the Commission is interested in taking the testimony of one Kerry W. Thornley.

The report of Agents Chlager and Kennedy of November 27, 1963, indicates that at that time Mr. Thornley resided at 1824 Dauphine Street, New Orleans, Louisiana. It appears, however, that he is no longer there.

It would be helpful to the work of the Commission if you would locate Mr. Thornley and inform us of his present address - and telephone number, if he has one - so that we can contact him and take his testimony.

Thank you for your cooperation in this matter.

Sincerely,

J. Lee Rankin

Memorandum

TO : Mr. Mohr DATE: 4-24-64

FROM : C. D. DeLoach

SUBJECT: WILLIAM MANCHESTER
AUTHOR OF BOOK REGARDING
ASSASSINATION OF PRESIDENT KENNEDY

My memorandum of 3-31-64 indicated that Mrs. Jacqueline Kennedy had invited captioned individual to do a book concerning the six days surrounding the assassination of the President. This book will be published in 1968 or 1969. Referenced memorandum reported that Ed Guthman of the Department was most anxious for the Director to meet with Mr. Manchester concerning the book. Guthman promised that no questions would be asked concerning the FBI investigation of the assassination.

The Director indicated that he would not meet with Manchester in view of the false allegations mentioned by Deputy Attorney General Katzenbach to the Warren Commission indicating that information had been "leaked" by the FBI concerning our investigation of the assassination. The Director indicated that Manchester should see me.

Guthman's office called again on 4-21-64 and asked that I see Manchester at 3:30 p.m. on 4-22-64. Upon seeing Manchester, he advised me that he was primarily interested in the activities of the Director immediately following the assassination of the President. I told Manchester that the Director of course was the first one to advise the Attorney General that his brother, the President, had been shot and that the Director later advised that his brother was dead. Manchester told me that he knew this to be a fact and that he had visited the Attorney General's home and the swimming pool where the Attorney General had been standing at the time the Director had called him. He pointed out however that he desired to obtain this information from the Director rather than from an assistant.

162-109090
NOT RECORDED

Manchester told me that he was having some difficulty in obtaining the information that he wanted. He mentioned that most people felt that nothing could be given to him until after the report of the Warren Commission had been issued. I told Manchester I thought that for the most part this would certainly be true for the FBI inasmuch as we were the agency appointed by the President to be chiefly responsible for the investigation of both the assassination and the murder of Oswald. Manchester told me that his questions actually would not involve the FBI investigation of this case. He stated that even if this were true he still felt that answers should be given to his questions inasmuch as his book would not be published for 4 or 5 years following the issuance of the Commission report.

ORIGINAL FILED IN

DeLoach to Mohr memo
RE: William Manchester
Author of Book Regarding
Assassination of President Kennedy

I told Manchester that I felt certain he could understand our position in being reluctant to give him specific facts concerning our investigation, particularly inasmuch as a Departmental official had seen fit to allege to the Warren Commission that the FBI was "leaking" information. I told Manchester that this allegation had of course been false. However, the fact still remained that the FBI did not want to be placed in the position of releasing information prior to the issuance of the Commission report.

Manchester stated that although he could understand our viewpoint he would still like to talk to the Director concerning the Director's specific activities immediately following the assassination. I asked Manchester what he had in mind. He stated it would be far better if we furnish him a great deal of information and then let him later pose specific questions in order to round out the information. I told him this seemed to be the cart pulling the horse inasmuch as we would first want to know what he had in mind and before we went to a great deal of work. I told him regardless of what he desired he would still have to realize that no information concerning our investigation could be released until after the issuance of the Commission report.

Manchester asked if the allegation were true that the FBI had known that Oswald was in Dallas, Texas, and at the Texas Book Depository at the time of the assassination of the President. I answered in the affirmative. however, explained at great length the fact that Oswald was not a violent-type person and there had been no reason to notify Secret Service of his presence. I also explained to Manchester the cooperation which had existed for many years between the FBI and Secret Service and of the fact that we constantly informed Secret Service of threats made against the President.

Manchester told me that he was having considerable difficulty in getting any information from Secret Service. He stated that this organization has been criticized so severely and its personnel are so heartbroken over the tragedy that they are reluctant to talk about the assassination.

In leaving, Manchester told me that he would be in town for approximately three months living in a rented apartment. He stated that sometime during this three months he would appreciate having a visit with the Director. I told him that the Director's schedule was quite filled, however, we would be in touch with him if the Director had an opportunity to see him. I also told him that rather than wait for an appointment he might desire to write out his questions and give them to me. I reminded him, however, that it was doubtful that we could be of any assistance to him until after issuance of the Commission report.

The meeting with Manchester was on a cordial and pleasant basis, however, he fully understands our position. Bufiles reflect that our relations with him in the past have been most cordial. He does appear, however, to be somewhat of a dreamy non-specific type of individual.

ACTION: None at this time.

Dear Mr. Rankin:

We have received from our Dallas Office two sixteen millimeter motion picture films relating to the events in Dallas on November 22, 1963.

One of the rolls of film was taken by Thomas P. Alyea, WFAA-TV newsman, and contained photographs taken outside the Texas School Book Depository Building immediately after the assassination, as well as photographs taken inside the building during the search for the assassin, the finding of the rifle in its original position and the dusting of the rifle for fingerprints by the Dallas Police Department.

The other film is a composite of film strips obtained from numerous Dallas citizens that were taken on November 22, 1963, depicting the President's visit to Dallas and related events. This film is a black and white copy of a sixteen millimeter color film which is being offered for sale by the Dallas Cinema Associates Corporation of Dallas, Texas.

These films are available for viewing if you desire.

Sincerely yours,

J. Edgar Hoover

MISCELLANEOUS - INFORMATION CONCERNING
ALCOHOL, TOBACCO & TAX UNIT

On 4/17/64, FRANK L. ELLSWORTH, Special Agent, ATTU, Dallas, while being contacted on another matter, advised SA RICHARD L. WIEHL that several nights ago he was interviewed at his residence by an investigator from the President's Commission whose name he did not know but whom he characterized as being the same individual who had become involved in difficulty during an interview with a Dallas police officer. This is believed to be BURT GRIFFIN. ELLSWORTH stated the Commission investigator was accompanied by a Secret Service Agent, name unknown.

ELLSWORTH advised the general questioning by the Commission investigator was concernin Cubans and gun activities with which Cubans were connected in the Dallas area. Subsequent to this questioning, the Commission investigator inquired as to what ELLSWORTH knew about FBI Agents JAMES P. HOSTY, Jr., and SA WIEHL. ELLSWORTH stated he inquired as to what connection this had into the inquiry into the assassination at which time ELLSWORTH stated he received a most evasive answer.

62-109090

Thereafter, the Commission investigator asked ELLSWORTH about the relations with the FBI and whether there had been any instances where the FBI had withheld information which should have been disseminated.

Dear Mr. Hoover:

Throughout the course of the investigation conducted by this Commission into the assassination of President Kennedy, your Bureau has been most helpful in forwarding to us information concerning the activities of Lee Harvey Oswald.

The Commission would like to know whether your Bureau possesses any information not hitherto disclosed to this Commission concerning the association of Lee Harvey Oswald with any Communist or subversive organizations or individuals either in the United States or abroad, or with any criminals or criminal groups either in the United States or abroad.

The Commission is most anxious to be assured that it possesses the full extent of your Bureau's knowledge and information concerning the aforementioned associations of Lee Harvey Oswald.

DATE: April 30, 1964

FROM : A. Rosen

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY-R-CUBA

With reference to the three Agents that have been requested to confer with commission staff members on May 4, prior to taking their testimony on May 5, Mr. Samuel Stern advised Malley today that there would be no objections to his being present during the conferences with the Agents. Malley will therefore be with the Agents Monday during their conferences with the commission staff members.

Mr. Stern also advised that when other Government personnel have testified before the commission, the commission has permitted officials of the agency to be present during the testimony and that if the Bureau desired, it could have any Bureau representative it desired present during the official testimony. In view of this, Malley will sit in on the official testimony being taken from the Agents on Tuesday, May 5.

The foregoing is submitted for information.

ReBuairtel to Dallas, 4/6/64.

On 4/10/64, Mr. EDDIE BARKER, News Manager, KLRD-TV and Radio Stations, Dallas, Texas, advised he had obtained a copy of the 16 mm color film which is being offered for sale by the Dallas Cinema Associates Corporation of Dallas, Texas, and he would have a black and white 16 mm copy of this film made and furnish the same to the FBI.

BARKER related this corporation had obtained film strips from numerous Dallas citizens which were taken on 11/22/63, depicting President JOHN F. KENNEDY's visit to Dallas, Texas. BARKER advised the film also has scenes taken at the Dallas City Building, but does not contain any film taken inside the building of film depicting RUBY shooting LEE HARVEY OSWALD.

A review of this film by the Dallas Office of the FBI reveals that the film does not have scenes of the assassination of President KENNEDY or film showing the shooting of LEE HARVEY OSWALD.

62-109090

Enclosed herewith for the FBI Laboratory is a 16 mm black and white copy of the film which was furnished to the Dallas Office of the FBI by EDDIE BARKER, of KLRD-TV & Radio. This film is being furnished to the Bureau for review and possible dissemination to the President's Commission. This film need not be returned.

April 27, 1964

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

The "Dallas Morning News," Dallas, Texas had an article in its April 24, 1964, edition entitled "FBI Knew Oswald Capable of Act, Reports Indicate." The article, written by Hugh Aynesworth reported that "A source close to the Warren Commission told The Dallas News Thursday that the commission has testimony from Dallas police that an FBI agent told them moments after the arrest and identification of Lee Harvey Oswald on Nov. 22, that 'we knew he was capable of assassinating the president, but we didn't dream he would do it.'" A copy of the article in question is attached for the information of the Commission.

There is enclosed for the Commission an affidavit executed by Special Agent James P. Hosty, Jr., wherein Special Agent Hosty explains the purpose of his contact with the Dallas Police Department on November 22, 1963. Special Agent Hosty unequivocally denies ever having made a statement to Lieutenant Revill or anyone else that the FBI knew Oswald was capable of assassinating the President or that Oswald possessed any potential for violence. Special Agent Hosty specifically denies ever having made the statement as quoted in this article "We knew he was capable of assassinating the president, but we didn't dream he would do it." Special Agent Hosty points out that prior to the assassination of President John Fitzgerald Kennedy, he never had any information indicating potential violence on the part of Lee Harvey Oswald.

Sincerely yours,

J. Edgar Hoover

TO DIRECTOR (105-82555)

FROM DALLAS (100-10461) 5P

ALSO KNOWN AS INTERNAL SECURITY - RUSSIA

LEE HARVEY OSWALD, AKA.; IS - R - CUBA.

REMYTEL CALL THIS A.M. TO ASSISTANT DIRECTOR C. D. DELOACH.

THE DALLAS MORNING NEWS OF FRIDAY, APRIL TWENTY-FOUR, CARRIES A STORY BY HUGH AYNESWORTH, REPORTER, WHICH REFLECTS THAT A SOURCE CLOSE TO THE WARREN COMMISSION HAD TOLD THE DALLAS NEWS ON THURSDAY THAT THE COMMISSION HAD TESTIMONY FROM DALLAS POLICE THAT AN FBI AGENT TOLD THEM MOMENTS AFTER THE ARREST AND IDENTIFICATION OF LEE HARVEY OSWALD THAT "WE KNEW HE WAS CAPABLE OF ASSASSINATING THE PRESIDENT BUT WE DIDN'T DREAM HE WOULD DO IT." LIEUTENANT JACK REVILL OF THE DALLAS POLICE CRIMINAL INTELLIGENCE SQUAD SUPPOSEDLY IN A MEMO OF NOVEMBER TWENTY-TWO REPORTED THAT SPECIAL AGENT JAMES (JOE) HOSTY HAD ACKNOWLEDGED AWARENESS OF OSWALD IN THE BASEMENT OF THE CITY HALL AT TWO ZERO FIVE P.M., NOVEMBER TWENTY-TWO, AND HIS REMARK WAS MADE AS FIVE OFFICERS BROUGHT OSWALD IN FROM OAK CLIFF.

END PAGE ONE

MR. BELMONT FOR THE DIRECTOR

62-109090 -

SOVIET SECTION

PERS. REC. UNIT

DL 100-10461

PAGE TWO

IT WAS NOTED REVILL APPEARED BEFORE THE WARREN COMMISSION IN DALLAS SEVERAL WEEKS AGO AND THAT POLICE CHIEF JESSE CURRY TESTIFIED BEFORE THE COMMISSION IN WASHINGTON ON WEDNESDAY, LAST.

CHIEF CURRY WAS REPORTED TO HAVE BEEN QUESTIONED ABOUT THIS MATTER AND WAS SAID TO HAVE GIVEN THE COMMISSION A PHOTOSTAT COPY OF LIEUTENANT REVILL'S FIVE-PARAGRAPH MEMO. HE WAS ALSO SAID TO HAVE GIVEN THE COMMISSION THE NAME OF A SECOND DALLAS POLICE OFFICER WHO SUPPORTED REVILL'S STATEMENT AND FILLED IN OTHER PARTS OF THE CONVERSATION BETWEEN REVILL AND HOSTY. THE SECOND OFFICER WAS SUPPOSEDLY V. J. "JACKIE" BRYAN.

IT WAS NOTED IN THE STORY THAT THE COMMISSION HAD NOT TALKED TO AGENT HOSTY BUT THAT THE NEWS' SOURCE SAID HE ANTICIPATED THE AGENT WOULD BE CALLED TO TESTIFY.

REVILL'S MEMO, IN ADDITION TO THE ABOVE, WAS SUPPOSED TO INCLUDE OTHER FACTS ABOUT THE ONE-TIME RUSSIAN RESIDENT AND ADMITTED MARXIST. CURRY PRIVATELY HAS TOLD FRIENDS, "IF WE HAD KNOWN THAT A DEFECTOR OR A COMMUNIST WAS ANYWHERE IN THIS TOWN, LET ALONE ON THE PARADE ROUTE, WE WOULD HAVE BEEN SITTING ON HIS LAP, YOU CAN BET ON THAT", BUT HE HAS REFUSED PUBLIC COMMENT. REFERENCE IS MADE TO MY TELS OF APRIL ELEVEN AND APRIL

END PAGE TWO

THIRTEEN LAST, WHICH REFER TO THE SAME ALLEGED MEMO FROM LIEUTENANT REVILL. MY REFERENCED TEL OF APRIL THIRTEEN SETS OUT A SUMMARY OF THE MEMO FURNISHED ME BY SA HOSTY. IT IS NOTED THAT SA HOSTY DENIES ANY MENTION WHATSOEVER BEING MADE OF OSWALD'S POSSIBLE POTENTIAL FOR VIOLENCE AND THAT THIS WAS NOT DISCUSSED AND NOTHING ALONG THIS LINE WAS MENTIONED BY SA HOSTY. SA HOSTY DID TELL REVILL THAT OSWALD HAD DEFECTED TO RUSSIA AND HAD RETURNED TO THIS AREA IN NINETEEN SIXTY-TWO AND WAS EMPLOYED BY THE TEXAS SCHOOL BOOK DEPOSITORY AND WAS THE MAIN SUSPECT IN THE ASSASSINATION.

IT IS NOTED THAT THIS STORY REFLECTS THAT THE CONVERSATION OCCURRED ABOUT TWO ZERO FIVE P.M., AND THAT HOSTY'S REMARKS WERE MADE AS OFFICERS BROUGHT OSWALD IN FROM OAK CLIFF. THIS IS ENTIRELY INCORRECT AS HOSTY DID NOT GO TO THE POLICE DEPARTMENT UNTIL AFTER OSWALD HAD BEEN BROUGHT IN, IDENTIFIED, AND WAS IN CAPTAIN FRITZ'S OFFICE, AND THE CONVERSATION ACTUALLY OCCURRED AT APPROXIMATELY THREE P.M., BECAUSE HOSTY SAT IN ON AN INTERVIEW WITH OSWALD, BEGINNING AT THREE FIFTEEN P.M.

SA HOSTY HAS ADVISED ME THAT DURING THE TIME HE WAS PROCEEDING UP THE STAIRWAY FROM THE BASEMENT TO THE THIRD FLOOR AND TALKING

TO LIEUTENANT REVILL, HE DOES NOT RECALL SEEING OFFICER V. J. "JACKIE" BRYAN. IT IS NOTED THAT THE ABOVE CONVERSATION TOOK PLACE WHILE BOTH HOSTY AND REVILL WERE RUNNING UP THE STAIRS AND THAT THERE WERE NUMEROUS PEOPLE GOING UP AND DOWN, THE NOISE LEVEL WAS VERY HIGH AND IT WAS VERY DIFFICULT TO HEAR ANYTHING.

FOR THE INFORMATION OF THE BUREAU, SA HOSTY, AT HIS HOME AT APPROXIMATELY ELEVEN FIFTY P.M., APRIL TWENTY-THREE LAST, RECEIVED A CALL FROM AND INDIVIDUAL WHO IDENTIFIED HIMSELF AS BEING WITH THE UNITED PRESS AND HE QUOTED A PORTION OF THE STORY, WITH PARTICULAR REFERENCE TO THE FACT THAT HOSTY IS SUPPOSED TO HAVE SAID, " WE KNEW HE WAS CAPABLE OF ASSASSINATING THE PRESIDENT BUT WE DIDN'T DREAM HE WOULD DO IT." HOSTY ADVISED ME THAT HE TOLD THE MAN HE DID NOT KNOW WHAT HE WAS TALKING ABOUT AND FOR HIM TO CALL ME. THE SAME INDIVIDUAL APPARENTLY CALLED ME, IDENTIFIED HIMSELF AS MR. GARY OF THE UPI, AND I ADVISED HIM THAT I WOULD MAKE NO COMMENT. HE STATED HE WAS GOING TO HAVE HIS WASHINGTON OFFICE CONTACT BUREAU HEADQUARTERS.

SINCE THAT TIME I HAVE RECEIVED CALLS FROM THE ASSOCIATED PRESS, KRLD RADIO STATION, AND I HAVE MADE NO COMMENT. I EXPECT NUMEROUS ADDITIONAL PRESS, RADIO AND TV INQUIRIES AND, UACB, I

END PAGE FOUR

DL 100-10461

PAGE FIVE

WILL CONTINUE TO GIVE NO COMMENT.

SINCE IT APPEARS DEFINITELY THAT CHIEF CURRY HAS TESTIFIED BEFORE THE COMMISSION REGARDING THIS MATTER AND THE COMMISSION IS SUPPOSED TO HAVE A PHOTOSTAT COPY OF LIEUTENANT REVILL'S MEMO, IT IS RECOMMENDED THAT I SECURE A SWORN AFFIDAVIT FROM SA HOSTY, FURNISH THE SAME FOR THE BUREAU AND THE BUREAU CONSIDER FURNISHING SAME TO THE COMMISSION.

IT IS NOTED THAT CHIEF JESSE CURRY HAS NEVER MENTIONED THIS MEMO TO ME, AND SINCE HE HAS APPARENTLY GIVEN THE SAME TO THE COMMISSION, HE HAD NO INTENTION OF EVER MENTIONING IT.

END

APR 24 1964

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Department of Justice
Washington, D. C.

Dear Mr. Hoover:

The Commission desires to take the testimony of a representative group of the FBI agents who interviewed Lee Harvey Oswald, Marina Oswald, and Mrs. Ruth Paine, prior to the assassination of President Kennedy. It would appear that these interviews could be covered by the testimony of Special Agents James P. Hosty, Jr. and John L. Quigley, and retired Special Agent John W. Fain.

The Commission would greatly appreciate your making arrangements for the appearance of Messrs. Hosty, Quigley and Fain on Tuesday, May 5, 1964, before the Commission. It would be particularly helpful if these individuals could come to the Commission on Monday, May 4th, for a preliminary informal review with members of the Commission staff of the testimony they would give on the following day, so as to expedite the proceedings before the Commission.

If there is any difficulty in making arrangements for Mr. Fain's appearance, because of his retired status, please let us know and we will make arrangements with him directly.

Thank you for your assistance in this matter.

Sincerely,

SAC LETTER NO. 64-23

(B) MRS MARK E. MARTIN, AKA - SHIRLEY MARTIN - BOX 566, HOMINY, OKLAHOMA - INFORMATION CONCERNING -- Mrs Martin is currently engaged in a campaign of disseminating to FBI Offices, Federal agencies, members of Congress and other prominent individuals, communications apparently authored by her These communications relate to the assassination of President John Fitzgerald Kennedy and are critical of the FBI. She reportedly is conducting her own investigation of the assassination which has included telephonic and personal interviews of principals connected with this investigation.

Mrs. Martin has been previously interviewed and exhibited an insulting, argumentative and antagonistic attitude toward the FBI and its personnel. She recently contacted one of our Southwest offices by telephone and although identifying herself, endeavored to elicit information pertinent to the assassination by using the pretext of belonging to a ladies garden club. Two days later this office received a communication which in effect was a transcript of Mrs Martin's telephone conversation with our Agent.

It would appear Mrs. Martin is endeavoring to embarrass the FBI and may possibly telephone your office under pretext. You should be extremely circumspect in any dealings with her and be particularly alert to the possibility she may be recording your conversation Any contacts with Mrs. Martin or pertinent data developed relating to her should be promptly furnished to the Bureau marked for the attention of the Crime Records Division. Letters from Mrs. Martin are not being acknowledged by the Bureau.

Very truly yours,

John Edgar Hoover

Pursuant to the request of Mr. Wesley Liebeler, I contacted him with reference to the Commission's letter of 4-14-64. In this letter the Commission requested that it be furnished the originals of certain items of correspondence between the subject and the Communist Party; the subject and the Socialist Workers Party; and the subject and the Fair Play for Cuba Committee (FPCC). *

Mr. Liebeler requested that we locate in our files and furnish the original of a letter from the FPCC to Oswald dated 5-22-63. He noted that this was furnished as Exhibit 52 of the Bureau's report on the President's assassination. Mr. Liebeler requested a similar letter to Oswald dated 5-29-63 which is exhibit 53 in the Bureau's report on the President's assassination. Mr. Liebeler noted that these items may have already been furnished to the Commission but he did not think so since none of the men could remember them.

Mr. Liebeler further requested that the Commission be furnished the original of a letter from Farrell Dobbs to Oswald dated 11-5-62 which was referred to on page 258 of the report of SA Robert Gemberling dated 1-22-64. Liebeler requested that the Commission be furnished the original of a letter from Bob Chester to Oswald dated 12-9-62 which was referred to on page 260 of SA Gemberling's report.

Liebeler requested any other letters which may have been sent from officials of the Socialist Workers Party or the FPCC to Oswald.

Memorandum

TO : Mr. Belmont

DATE: April 29, 1964

FROM : A. Rosen

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

With reference to the three Agents who will appear before the President's Commission to give testimony relative to the captioned case, Mr. Howard Willens called Malley and advised that he would like to have a rather detailed discussion relative to the testimony to be obtained from the three Agents on May 4 & 5, 1964.

When questioned as to the nature of the conference that was desired, Willens stated that he and Samuel Alan Stern would probably be handling the questioning and that he realized there were some areas which could possibly be "a little ticklish" where the Bureau is concerned. When asked to explain this, he said he was referring to over-all Bureau policies where he did not feel that the Agents that were being called in for testimony would be in a position to answer and, for this reason, he desired a conference to explore these matters so that the Agents would not be placed in a position of being asked questions they were not able to answer. He further stated that he desired to discuss this matter so that if it were necessary to have some representative of the Bureau to officially answer such questions consideration could be given as to the proper person from the Bureau to testify before the Commission.

Inasmuch as it is believed the line of questioning will deal with policies of the Domestic Intelligence Division, it appears desirable that a representative from the Domestic Intelligence Division accompany Malley to the conference to be held sometime during the day of April 30, 1964.

RECOMMENDATION:

6 MAY 1 1964

That Assistant Director Sullivan accompany Malley on the above-mentioned conference, the time of which will be decided in the early a.m. of April 30, 1964.

Memorandum

TO: Mr. Mohr

DATE: April 24, 1964

FROM: C. D. DeLoach

SUBJECT: ASSASSINATION OF THE PRESIDENT

SAC Shanklin of the Dallas Office called me at approximately 3:00 a.m. today relative to an article that was scheduled to come out in the "Dallas Morning News" this morning by Hugh Aynesworth. The article quoted Special Agent Hosty of the Dallas Office as stating to a Dallas police officer in discussion regarding Lee Harvey Oswald "We know he was capable of assassinating the President but we didn't dream he'd do it." The story is attributed to a source close to the Warren Commission. It mentions a memorandum given the Commission by Dallas Police Officer Jesse Curry which contains the alleged remarks by Agent Hosty. I told Shanklin to get in touch with Editor Krueger of the "Dallas Morning News" and remind him that Shanklin had spoken to him two weeks ago and had put the lie to the same story. I further told Shanklin not to make any comment about the story if it was printed but to let us know at FBI Headquarters the results of his contact.

SAC Shanklin advised me telephonically at approximately 11:00 a.m. today that he had contacted Krueger after a number of attempts and that Krueger had claimed that the story had already been printed prior to his having a chance to knock it out. He apologized to Shanklin for not stopping the story, particularly since Shanklin had advised him two weeks ago that the story was false.

Shanklin told me that Felix McKnight, head of McKnight Newspapers, had called and was irritated over the fact that the "Dallas Morning News" had engaged in irresponsible journalism. McKnight stated he would like to put the lie to this story. Shanklin referred him to FBI Headquarters.

I discussed this matter with Messrs. Belmont, Tolson and the Director. After receiving the Director's approval, and in talking with McKnight who called FBI Headquarters, I told McKnight that the above-mentioned statement which had been attributed to SA Hosty was absolutely false and had no basis in fact whatsoever. McKnight stated he certainly appreciated the opportunity to set the record straight and he would see to it that an article was prepared immediately for the afternoon edition of his newspaper. He wanted to know if he could quote the Director as making this statement and I told him the Director was the spokesman for the FBI at all times.

Memorandum to Mohr 4-24-64
Re: Assassination of the President

In talking with SAC Shanklin I asked him specifically if Agent Hosty had been quoted correctly by the United Press International (UPI). (The UPI ticker of 10:23 a.m. today quotes SA Hosty as stating, "I said nothing like that. I completely deny it.") SAC Shanklin stated he had questioned Hosty and that Hosty had denied making this statement to UPI. Hosty admits that a UPI reporter called him at home last evening but that he had referred the reporter to SAC Shanklin rather than making any comment himself. I told SAC Shanklin to make certain that Hosty made no statement whatsoever.

(OSWALD)

DALLAS--A DALLAS FBI AGENT TODAY FLATLY DENIED HE EVER SAID THE FBI BEFORE THE ASSASSINATION OF PRESIDENT KENNEDY THAT LEE HARVEY WAS CAPABLE OF KILLING THE CHIEF EXECUTIVE.

"I SAID NOTHING LIKE THAT," SAID AGENT JAMES HOSTY. "I COMPLETELY DENY IT."

THE DALLAS MORNING NEWS IN A COPYRIGHT STORY BY HUGH AYNESWORTH, SAID TODAY A SOURCE CLOSE TO THE WARREN COMMISSION TOLD OF A MEMO TO THE COMMISSION BY DALLAS POLICE CHIEF JESSE CURRY CONTAINING THE ALLEGED REMARK BY HOSTY.

ACCORDING TO THE MEMO, THE NEWS SAID, HOSTY, ONLY MOMENTS AFTER OSWALD WAS ARRESTED, SAID:

"I KNEW HE WAS CAPABLE OF ASSASSINATING THE PRESIDENT BUT WE DIDN'T THINK HE'D DO IT."

ENCLOSURE

HOSTY SAID HE COULD ONLY DENY THAT HE EVER MADE SUCH A STATEMENT, AND WOULD NOT COMMENT FURTHER. THE HEAD OF THE DALLAS FBI OFFICE, GORDON SHANKLIN, SAID ANY OFFICIAL COMMENT WOULD HAVE TO COME FROM WASHINGTON. THE FBI IN WASHINGTON SAID IT HAD NO COMMENT.

SUBJECT: LEE HARVEY OSWALD
IS - R - Cuba

SAC Shanklin called at 10 a.m. from Dallas, with reference to the teletype sent in by Dallas this morning showing that allegedly the Dallas police testified before the Warren Commission that Agent Hosty had made a statement to the police, on 11/22/63, following the assassination, that "We knew he was capable of assassinating the President, but we didn't dream he would do it."

I told Shanklin that he should go ahead and get the affidavit from Agent Hosty and advise us as to its content, and thereafter get it notarized in the Dallas office.

Shanklin recommended that he not attempt to contact the police on this matter at this time. I told him that we contemplated contacting Mr. Rankin of the President's Commission, advising him of this story, advising him that Hosty denied it flatly; asking what the Dallas police testimony was before the Commission, and asking whether the Commission had leaked this to the press.

For information.

Memorandum

TO : Mr. Conrad

DATE: 4/29/64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63; DALLAS, TEXAS

Reference memorandum dated 2/26/64, from W. D. Griffith to Mr. Conrad concerning a continuing project wherein the Bureau has undertaken to furnish the Commission with photographs of all Commission exhibits.

On 4/27/64, Mr. Melvin Eisenberg, a Commission Staff Member, called SA Roy H. Jevons, Section Chief of the Physics and Chemistry Section of the Laboratory, and requested that a Bureau representative take custody of the exhibits listed on the attached sheets, and maintain them along with the other items presently in the Bureau's custody.

Further, Mr. Eisenberg requested that the Commission be furnished with three photographs of each exhibit not previously photographed.

As a matter of record, SA Robert E. Neill, on 4/27/64, received from Mr. Eisenberg, the listed exhibits which are now in the Bureau's custody.

The photography will be handled by an Agent examiner of the Laboratory's Document Section.

ACTION:

The exhibits will be photographed and three copies of each will be supplied to the Commission as requested. Since all of these were originally supplied to the Commission by the Bureau, they will be maintained in the Laboratory in accordance with Mr. Eisenberg's request.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter of March 31, 1964, which was received by this Bureau April 6, 1964, requesting that further investigation be conducted in New Orleans, Louisiana; Fort Worth, Texas; and Dallas, Texas, concerning the receipts and expenditures of Lee Harvey Oswald during the period June 13, 1962, through November 22, 1963.

Enclosed for the Commission are two copies of a memorandum dated April 15, 1964, at New Orleans, Louisiana, which sets forth results of our inquiries in this particular matter in New Orleans, Louisiana. Our inquiries in Fort Worth, Texas, and Dallas, Texas, are continuing and the results of such investigation will be promptly forwarded to the Commission upon receipt at our Headquarters.

Sincerely yours,

J. Edgar Hoover

MAIL ROOM ☐ TELETYPE UNIT ☐

Honorable J. Lee Rankin

MEMO CONTINUED:

Inquiry is interested in determining the amount of fee charged Oswald for cashing his checks at various businesses and also is interested in determining whether Oswald made purchases from the various merchants. The enclosures are responsive to the Commission's request in New Orleans. The Dallas investigation is being given expeditious handling and by airtel 4/17/64 Dallas indicated the letterhead summarizing its investigation in Fort Worth and Dallas would be submitted at earliest possible time. We are closely correlating this financial investigation of Oswald, but to date have developed no information which would change our initial picture of Oswald, that is that he was living most frugally and had no income outside his unemployment checks and known salary checks.

Mr. Malley

SUBJECT: LEE HARVEY OSWALD
IS - R - Cuba

At 5:10 p.m. today I talked to SAC Shanklin relative to the affidavit prepared by SA Hosty concerning the article which appeared in the Dallas News. I told Shanklin that the affidavit was satisfactory with the exception that it would be strengthened if it contained a sentence to the effect that Hosty had never heard any information indicating potential violence on the part of Oswald. I made it clear to Shanklin that this affidavit is Hosty's affidavit and we do not want to put words in his mouth.

Shanklin said he understood this thoroughly and that the facts are that Hosty did not have any such information and, therefore, it could go in the affidavit. After checking he advised the following sentence would be inserted, "In fact, prior to the assassination of President Kennedy, I never had any information indicating potential violence on the part of Oswald." I told Shanklin to have the affidavit completed and send it to the Bureau this afternoon.

I also advised Shanklin of the results of Mr. Malley's contact with Mr. Rankin of the Commission today, including the fact that Lt. Revill and an Officer by the name of B.J.Bryan had submitted to the Commission affidavits along the line of the article appearing in the Dallas News, and that these affidavits were almost verbatim; that we had told Mr. Rankin that Hosty had not made such statements and was submitting an affidavit to that effect which we would give the Commission.

I told Mr.Shanklin that Mr. Rankin was concerned about what appeared to be the planting of this story and possibly others in Dallas; that Rankin was sure they had not come from the Commission, but possibly from someone like Alexander in the District Attorney's office, and while Rankin did not want any investigation, he would appreciate any information our Dallas office picked up as to the source of this story. Shanklin said that he would be alert for any such information.

I also told Mr. Shanklin that the Dallas office should immediately start dealing with the Dallas PD at arms length, and should not participate in police training or other cooperative functions with them and in fact should stay away from them unless we received inform...

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

During a conversation on 4/13/64 Mr. J. Lee Rankin of the President's Commission asked Inspector Malley whether the FBI had contacted all informants for information concerning any connection Oswald may have had with the Communist Party (CP). The Commission, by letter dated 4/22/64, asked if this Bureau possessed any information not hitherto disclosed to the Commission concerning the association of Lee Harvey Oswald with any communist or subversive organizations or individuals either in the United States or abroad, or with any criminals or criminal groups either in the United States or abroad.

All information contained in Bureau files and information developed subsequent to the assassination of President Kennedy has been furnished to the Commission. Bureau teletype to all offices under the caption "Assassination of President John F. Kennedy," dated 11/22/63, instructed that all informants, security, racial and criminal, as well as other sources, be contacted for information bearing on the assassination of President Kennedy. Bureau airtel 4/15/64 to all offices with copies to Legat, Mexico City, captioned "Lee Harvey Oswald, IS - R - Cuba," instructed that all security informants and potential security informants, this to include Nation of Islam, CP, Socialist Workers Party, espionage, etc., informants be contacted to determine if any possess information regarding Oswald or his activities. To date contacts with live informants have developed no information to indicate Oswald was a member of the CP or any subversive organization, and information developed through sources other than live informants has been disseminated to the Commission. All but 23 offices and Legat, Mexico City, have replied to Bureau airtel dated 4/15/64.

ACTION:

There is attached for approval a cablegram to Legat, Mexico City, and a teletype to all offices that have not replied to Bureau airtel 4/15/64 instructing that the requested information be submitted to reach the Bureau by 4/27/64. Upon receipt of this information an appropriate letter will be furnished to the Commission.

FBI Knew Oswald Capable of Act, Reports Indicate

By HUGH AYNESWORTH

© The Dallas Morning News, 1964

A source close to the Warren Commission told The Dallas News Thursday that the commission has testimony from Dallas police that an FBI agent told them moments after the arrest and identification of Lee Harvey Oswald on Nov. 22, that "we knew he was capable of assassinating the president, but we didn't dream he would do it."

In a memorandum to superiors on Nov. 22, Lt. Jack Revill, head of the Dallas police criminal intelligence squad, reported that FBI special agent James (Joe) Hosty had acknowledged awareness of Oswald in the basement of the City Hall at 2:05 p.m. Nov. 22. His remark was made as five officers brought Oswald in from Oak Cliff, Revill reported.

LT. REVILL appeared before Warren Commission investigators here several weeks ago. Police Chief Jesse Curry testified before the commission in Washington Wednesday. Neither would comment on their appearance or their testimony.

Chief Curry was reported to have been questioned about the incident and was said to have given the commission a photostatic copy of Lt. Revill's 5-paragraph memo. He also was said to have given the commission the name of a second Dallas police officer who supported Revill's statement and filled in other parts of the conversation between Revill and Hosty.

The second officer, V. J. (Jackie) Bryan, a member of the criminal intelligence squad, also declined comment.

CHIEF CURRY had Lt. Revill's report in hand within hours of President Kennedy's death, even before all the facts and circumstances concerning Oswald were known.

Gordon Shanklin, special agent in charge of the Dallas FBI office, would make no comment.

The commission Thursday had not talked to agent Hosty, but The News' source said he anticipated that the agent would be called to testify.

CURRY WILL not show the report to reporters, nor will he comment on it or any other phase of the assassination.

"That's for the Warren Commission to talk about," the chief said.

Revill's memo is still in Chief Curry's possession.

In addition to mentioning that Hosty said the FBI knew Oswald was capable of such an act, the memo said Hosty told Revill other facts about the one-time Russia resident and admitted Marxist.

DALLAS POLICE officers watched several known extremists prior to the Kennedy visit and even sent representatives as far as 75 miles to interview others thought to be planning demonstrations.

Curry privately has told friends, "If we had known that a defector or a Communist was anywhere in this town, let alone on the parade route, we would have been sitting on his lap, you can bet on that." But he has refused public comment.

ENCLOSURE

AFFIDAVIT

I, JAMES P. HOSTY, JR., being duly sworn, depose as follows:

I am a Special Agent of the Federal Bureau of Investigation, U. S. Department of Justice, and have been so employed since January 21, 1952.

My attention has been called to an article appearing on the front page of the "Dallas Morning News," of April 24, 1964, captioned, "FBI KNEW OSWALD CAPABLE OF ACT, REPORTS INDICATE," written by HUGH AYNESWORTH, which reads in part as follows:

> "A source close to the Warren Commission told The Dallas News Thursday that the commission has testimony from Dallas police that an FBI agent told them moments after the arrest and identification of Lee Harvey Oswald on Nov. 22, that 'we knew he was capable of assassinating the president, but we didn't dream he would do it.'
>
> "In a memorandum to superiors on Nov. 22, Lt. Jack Revill, head of the Dallas police criminal intelligence squad, reported that FBI special agent James (Joe) Hosty had acknowledged awareness of Oswald in the basement of the City Hall at 2:05 p.m. Nov. 22. His remark was made as five officers brought Oswald in from Oak Cliff, Revill reported . . ."

The article refers to "Lt. Revill's five-paragraph memo" concerning the above-mentioned incident and also stated

62-109090

that a second officer, V. J. (JACKIE) BRYAN, of the Dallas Police Department had "supported REVILL's statement and filled in other parts of the conversation between REVILL and HOSTY . . ."

The article continues that "in addition to mentioning that HOSTY said the FBI knew OSWALD was capable of such an act, the memo said HOSTY told REVILL other facts about the one-time Russia resident and admitted Marxist . . ."

On November 22, 1963, at approximately 3:00 PM, I arrived at the Dallas Police Department for the purpose of sitting in on an interview of LEE HARVEY OSWALD. When I arrived at the basement of the Dallas Police Department, I met Lieutenant JACK REVILL, whom I know to be the head of the Intelligence Unit of the Dallas Police Department. Lieutenant REVILL advised me that he "had a hot lead" on the assassination of President KENNEDY and that a man whose first name was LEE was the only employee of the Texas School Book Depository who had not been accounted for. I then told Lieutenant REVILL that LEE HARVEY OSWALD had already been arrested about one hour previously by the Dallas Police Department and was at that time in the office of Captain WILL FRITZ, Homicide Bureau, Dallas Police Department, being interrogated.

To my knowledge, this was the first time that Lieutenant REVILL knew of OSWALD's arrest.

I further advised Lieutenant REVILL that OSWALD had defected to Russia and had returned to this area in 1962, and that OSWALD was employed at the Texas School Book Depository. I also advised Lieutenant REVILL that OSWALD was at that time the main suspect in the assassination of President KENNEDY.

The above constitutes the entire contents of my conversation with Lieutenant REVILL which took place on the stairway from the basement to the third floor at the Dallas Police Department, during which time both Lieutenant REVILL and myself were running up the stairs and not facing each other. There were numerous people going up and down the stairs at the time of my conversation with Lieutenant REVILL and the noise level was very high, making it very difficult to hear anything. Although I know Detective V. J. (JACKIE) BRYAN, of the Dallas Police Department, by sight, I do not recall seeing him on this occasion or ever having a conversation with Lieutenant REVILL in BRYAN's presence, or having a conversation with Detective BRYAN.

I unequivocally deny ever having made a statement to Lieutenant REVILL or anyone else that the FBI knew OSWALD was capable of assassinating the President or that OSWALD possessed any potential for violence.

I specifically deny ever having made the statement as quoted in this article, "We knew he was capable of assassinating the President, but we didn't dream he would do it."

In fact, prior to the assassination of President JOHN FITZGERALD KENNEDY, I never had any information indicating potential violence on the part of LEE HARVEY OSWALD.

My conversation with Lieutenant REVILL on November 22, 1963, lasted not more than a minute and a half. Furthermore, I did not reach the Dallas Police Department until approximately 3:00 PM, November 22, which was after OSWALD had been brought to the Dallas Police Department, identified, and was in Captain WILL FRITZ's office. As stated above, my purpose in going to the Dallas Police Department was to sit in on an interview with LEE HARVEY OSWALD and I commenced this assignment at 3:15 PM, according to my wrist watch.

WHEN YOU LIE DOWN WITH PIGS

Norman Redlich is probably not anybody you'll want to meet, but I guess you'd better know who he is.

He resides at 29 Washington Square West, New York City. He is an assistant Professor of Law at NYU.

He has been a speaker for the Emergency Civil Liberties Committee, which has been cited as a Communist front.

THE WORKER, east coast Communist newspaper, in 1962 contained Norman Redlich's name. He was opposing the law which requires the Communist Party to register with the Government.

A New York Council sought to abolish the House Committee which is charged with investigating Un-American activities. Norman Redlich addressed their rally, applauded their objective.

Later, he was listed on their letterhead.

62-109090-
NOT RECORDED
199 MAY 13 1964

You remember those students who traveled to Cuba after our State Department had ordered them not to. They defied our government to applaud Castro's. Norman Redlich supported the students.

Carl Braden and Frank Wilkinson, who publicly consorted with the Communist conspiracy, were imprisoned. In February, 1962, a petition to get them out of prison was signed by Norman Redlich.

Harry Magdoff, when he appeared before a Congressional Committee to take the fifth amendment when asked whether he was a Communist, was accompanied by his attorney. You guessed it -- Norman Redlich.

79 MAY 18 1964

So this is Norman Redlich, consistent supporter of Communist front causes.

And this is the Norman Redlich who has been appointed as a personal assistant to the Counsel of the Warren Commission which is investigating the assassination of President Kennedy.

You probably won't like Mark Lane, either.

His first marriage was annulled after his bride charged "fraud". His second marriage ended in divorce.

In 1962 two young girls in Queens County, New York charged Mark Lane with unspeakable acts of perversion.

Mark Lane is on a speaking tour for the "National Guardian", a publication cited by a Congressional committee as "a virtual official propaganda arm of Soviet Russia."

Mark Lane is on the board of the National Lawyers' Guild, described by a Congressional committee as "the foremost legal bulwark of the Communist Party.

Mark Lane has spoken publicly in support of Cuba for the Emergency Civil Liberties Committee, which organization has also been cited as'h Communist front."

He has addressed other organizations in behalf of purposes which parallel the Moscow Party Line.

He has shared a speaking platform with the National Secretary of the Communist conspiracy in the United States. Communists reportedly contributed money to Lane's unsuccessful bid for a seat in Congress in 1962.

April 2, 1962, he was fined $415 dollars for "wilfully ignoring numberous traffic tickets" in New York City.

This is the same Mark Lane who has been retained by the mother of Lee Harvey Oswald to represent Oswald before the Warren Commission.

No wonder Chief Justice Warren said that some of the findings of his Commission "might not be made public in your lifetime."

And one looks on and wonders.

Commission also desired to know how and when and where the story concerning the Irving Sports Shop first came to the attention of the press as they are making a determination concerning the veracity of Messrs. Ryder and Greener, the latter is the owner of the Irving Sports Shop. Commission also desires to know who prepares the city directories of Dallas and Irving, Texas, and how the names listed are obtained for purposes of locating other individuals by the name of Oswald who may have resided in the Dallas and Fort Worth area in October, 1963. A request for the interview of Jessie J. Oswald to determine whether or not he had any work performed on any weapon which he may have owned. The Commission wishes to be advised whether or not the Bureau has received any indication that Lee Harvey Oswald owned any other rifle other than the weapon identified as "K-1".

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Department of Justice
Washington, D. C.

Dear Mr. Hoover:

On November 25, 1963, Mr. Dial D. Ryder made available for inspection by an agent of your Bureau a repair tag which indicated that certain work, associated by Ryder with the mounting on a rifle and the sighting of a telescopic sight, was performed by the Irving Sports Shop, 221 East Irving Boulevard, Irving, Texas, for a man by the name of Oswald. That fact and others concerning this matter are reported at pages 395-6 of the report of Special Agent Robert P. Gemberling, dated November 30, 1963, at Dallas, Texas.

We note that other reports of your investigation concerning the above repair tag are set forth at pages 65-6 and 654-6 of the report of Special Agent Gemberling dated December 23, 1963, and at page 96 of Agent Gemberling's report of March 10, 1964. We also note my letter to you dated February 21, 1964, your reply dated March 27, 1964, and the memorandum of your Dallas office dated April 2, 1964, in response to the oral inquiry of Mr. Wesley J. Liebeler of our staff.

It also appears that personnel of the Irving Sports Shop have been contacted by the United States Secret Service (Secret Service Control No. 424) and the Dallas Police Department. (See pages 252-4 of that Department's report of its investigation of the assassination of the President.) Mr. Liebeler has examined both Mr. Ryder and Mr. Greener, the owner of the Irving Sports Shop.

A review of the above documents indicates a need for further investigation as suggested below:

1. Agent Gemberling's report of November 30, 1964, (pages 395-6) does not indicate where the interview there reported was conducted or the circumstances under which the work tag was located. In his deposition, Ryder stated that your Agent first came to his

12 APR 30 1964

SOVIET SECTION

home on Monday, November 25, 1963, and that they subsequently went to the shop to get the tag. (Tr., 8-10.)

Please advise us how and why your Agent contacted Ryder in the first instance. In that connection we note that Ryder testified that the Sports Shop was closed on Monday. (Tr., 9.)

We would like to know whether or not your Agent was actually present when the tag was found. If so, we would like to know the circumstances under which the tag was found. If not, we would like to know if your Agent asked Ryder when and under what circumstances he first became aware of the tag's existence.

In this connection, we note that Officer F. M. Turner of the Dallas Police Department reported that on Sunday evening, November 24, 1963, that Department had received a telephone call from one Ray John of Channel 8 news, presumably in Dallas, advising that the news office had received an anonymous phone call in which the caller had stated that he (she) thought Oswald had had the rifle sighted-in on November 21 1963, at a gun shop at 211 or 212 Irving Boulevard. Officer Turner reports that he checked and found the Irving Sports Shop at 221 East Irving Boulevard. The Officer spoke to Mr. Greener (time not indicated) who said that he and Ryder had discussed the matter but that neither could remember having done any work for Lee Oswald or on the assassination weapon. Mr. Greener said he would check his files for names and re-contact the Dallas Police Department.

Mr. John should be interviewed in connection with the anonymous telephone call he received. Consideration should be given to the possibility that Ryder himself may have called Mr. John. Officer Turner might be able to supply additional information. The anonymous call may have come from Mrs. Whitworth (see below).

In that connection, Mr. Greener said that a reporter for the (Dallas) Times Herald had told him that he had spoken to Ryder before the FBI first came to the Sports Shop, i.e., before the story appeared in the newspapers on November 28-29, 1963. Ryder has denied to Greener that he talked to this reporter.

We think that a complete investigation into the question of how, when and where the story concerning the Irving Sports Shop first came to the attention of the press would be very helpful in making a determination of the veracity of Messrs. Ryder and Greener.

2. We would appreciate further investigation into the question of when the work tag was made out. This phase of the investigation should be conducted on the assumption that the tag was prepared prior to the assassination, although consideration should be given to the other possibility in connection with the investigation we have requested in paragraph 1 above.

We note that your reports indicate that Ryder said the work was done sometime during the period November 1-14, 1963. Mr. Ryder indicated the same to Mr. Liebeler.

We also note, however, that Mr. Greener told Officer Turner that it appeared that the rifle in question had probably been brought in between November 4-8, 1963. Greener also told Turner that he would check his cash register receipts to see if he could determine when the rifle was picked up and paid for. Ryder also noted that he had written the repair tag in pencil, but he usually used a pen. He said he remembered picking up some orders in Dallas one day in the past when he did use a pencil in his work. It might also be possible to fix within certain limits the date the tag was prepared by reference to its number, even though Ryder has indicated that they do not use the tags in any exact chronological order.

We would appreciate additional investigation into the above points and along whatever other lines you deem appropriate in order to help fix the date on which the tag was prepared.

3. The significance of Officer Turner's report that Greener had told him that the rifle had been brought in between November 4-8, 1963, is clear when considered in connection with your report on Mrs. Edith Whitworth who said she had, on November 6, 7, or 8, 1963, directed Lee Harvey Oswald to a gun shop one and one-half blocks from her used furniture store. (Page 65 of Gemberling's report of December 23, 1963.)

In connection with Mrs. Whitworth's statements, would you please advise (a) whether she does in fact have a grandchild which was born on or about October 20, 1963, and (b) whether or not in November, 1963, there were any gun shops, other than the Irving Sports Shop, within one and one-half blocks of 145 East Irving Boulevard, the former location of Mrs. Whitworth's Furniture Mart.

4. Please advise whether or not your Bureau has ever received any indication that Lee Harvey Oswald ever owned any rifle other than the weapon identified by your Bureau as "K-1". We would also appreciate your advice as to the nature and extent of any investigation that you may have made concerning that possibility.

5. In your letter to me dated March 27, 1964, you indicated that Mr. Jerry A. Oswald, as well as other persons having the last name of Oswald residing in Dallas and vicinity, were interviewed and all advised they had not taken a rifle to the Irving Sports Shop to have a telescopic sight mounted. You noted that your investigation on this particular matter was reported on pages 654-6 of Agent Gemberling's report dated December 23, 1963.

That report indicates that Jerry A. Oswald was the only Oswald located in Irving, Texas, as a result of examining the City Directory, telephone directory, files of the Retail Merchants Association and files of the Police Department of that city. Other Oswalds were identified by reference to the Dallas City Directory. It thus appears that the only Oswalds located in the above investigation are those who had sufficient contact with Dallas or Irving to have been uncovered by the procedures described above.

Would you please advise who prepares the City Directories of Dallas and Irving, Texas, and how the names of persons listed therein are obtained. We would also appreciate further investigation to locate all other persons by the name of Oswald who may have resided in the Dallas-Ft. Worth area in October or November, 1963.

We also note that while the above report indicates the existence of one Jessie J. Oswald, 2625 Stoval Street, Dallas, Texas, it does not indicate that Jessie J. Oswald was ever interviewed to determine whether or not he had had any work performed at the Irving Sports Shop on any weapon which he may have owned. Would you please interview Mr. Jessie J. Oswald and forward the results of that interview to us.

I enclose a transcript of Mr. Ryder's examination, as well as a copy of the report of the Dallas Police Department, to which I have referred.

Your continued cooperation in the work of this Commission is greatly appreciated.

Sincerely,

J. Lee Rankin

UNITED STATES GOVERNMENT

Memorandum

Mr. Belmont

DATE: April 28, 1964

FROM: A. Rosen

SUBJECT: THE PRESIDENT'S COMMISSION

Reference is made to Rosen to Belmont memorandum dated 4-20-64, wherein information was set forth advising that Mr. Rankin had been told that the Bureau did not desire to participate in any re-enactment of the assassination that might take place in Dallas.

Today, Mr. Norman Redlich of the Commission called Malley and requested that he accompany Messrs. Gauthier of the Exhibits Section and Shaneyfelt of the FBI Laboratory for a meeting to be held at 2:30 p.m., today, for the purpose of discussing any further action that might be taken in Dallas to resolve any remaining problems with regard to the motorcade and the assassination site.

Mr. Redlich was advised that Mr. Shaneyfelt was not available in view of a court commitment, at which time, Redlich requested Gauthier and Malley to attend the conference at 2:30 p.m. The conference lasted from 2:30 p.m., until 5:10 p.m. and was attended by a large number of Commission staff attorneys as well as Mr. J. Lee Rankin.

Mr. Redlich advised those present that with the accumulation of information that has been received by the Commission as a result of testimony taken by the Commission, including the testimony of doctors, witnesses, Secret Service personnel who were at the site of the assassination and detailed testimony from Governor and Mrs. Connally, certain conclusions have been reached which necessitated establishing certain information which would make it possible to show that events had occurred or could not have occurred based on the testimony which had been received.

Mr. Rankin stated that approximations had been furnished by the FBI, by Secret Service and by members of the Commission staff based on their exhaustive review of all material available, and that he felt

it was most important to resolve the matter as closely as possible realizing that no precise point could be stated as the exact point where shots one, two and three occurred. He stated that members of the Commission did not want any precise locations given but the Commission was extremely desirous of making sure by an on-the-site check that the information set forth in the Commission's report could be possible and not subject to questions concerning feasability.

As a result of much discussion as to whether it would be necessary to utilize an automobile on the expressway where the shooting occurred and various other ramifications, Mr. Rankin indicated that he did feel that the matter had to be resolved and there would be a certain degree of publicity no matter how this matter was handled. He asked specifically if the FBI would participate in carrying out the Commission's request. He was advised he had been previously told that the Bureau did not desire to participate in any re-enactment of the assassination and would prefer not to be involved; however, if there was any technical assistance that could be furnished without a re-enactment, the Bureau would certainly consider such a request in order to aid in any way possible.

Secret Service representative, Inspector Tom Kelly, stated that Secret Service had been fully carrying out many requests from the Commission and would do whatever they were asked in this particular matter.

Mr. Rankin advised the Commission members did not want any of the Commission staff members to be present and felt this should be handled by the investigative agencies. It was pointed out to Mr. Rankin that based on the detailed discussion that had taken place, it was apparent that the Commission staff members were not in full agreement as to just what they desired to be handled in Dallas or how it should be accomplished, and that in view of this, it would certainly seem necessary to have staff members of the Commission, who were familiar with what they were trying to accomplish, available to decide if they had achieved their purpose. Mr. Rankin stated that this matter would receive further consideration, and in the event he desired the Bureau to render any technical assistance, an appropriate request would be made in writing for consideration by the Bureau.

Memorandum to Mr. Belmont
RE: THE PRESIDENT'S COMMISSION

It is noted that during the discussion today it was brought out that all living occupants of the car in which the President was riding, with the exception of the President's wife, have been interviewed and testimony taken by the Commission. This point obviously was of considerable contention between members of the Commission staff inasmuch as they were constantly making remarks indicating that they were without benefit of possible additional information and felt that this work in Dallas should not proceed until this additional information was obtained or at least an attempt made to interview Mrs. Kennedy.

In the event a request is received from the Commission requesting the Bureau to participate, full consideration will be given and recommendations made.

Enclosed for recipients is one copy each of a letter dated 4-23-64, from J. Lee Rankin, General Counsel, President's Commission, to this Bureau, and its enclosed transcript of testimony of Carlos Bringuier taken 4-8-64 in New Orleans, both of which are self-explanatory.

New Orleans promptly review testimony of Bringuier and handle any additional investigation not previously conducted which may be warranted in addition to that specifically requested by Commission.

With regard to Commission's request, New Orleans is instructed to immediately initiate necessary investigation in accordance with items 1, 2, 4, and 5.

Miami is instructed to handle item 3 through MM 492-S or other sources capable of furnishing the desired data. It is noted "Bohemia International" magazine referred to in item 3 is possibly "Bohemia Libre," known to the Miami Office.

Herminio Portell-Vila, referred to in item 3 as the writer of the article reporting speech of Fidel Castro, was previously interviewed 2-17-64 by WFO in connection with investigation of subject concerning an article by Portell-Vila in the 12-22-63 issue of "Bohemia Libre" captioned "President Kennedy's Strange Assassination." During this interview, Portell-Vila stated his

article was based on public source data such as American and foreign newspapers and publications, and that many of the statements made therein were merely conjecture based on personal analysis. Portell-Vila also stated he had read in a November 29, 1963 publication that in a speech on November 27, 1963, Castro, whether through a slip of the tongue or as a result of the influence of liquor made a comment which suggested Oswald may have previously made a visit to Cuba. He conjectured this trip could have taken place when Oswald was in Mexico last year or in Russia; however, he had no additional information in this regard.

Miami also attempt to obtain copies of newspaper articles requested on page 2, last paragraph of enclosed letter.

Miami and New Orleans review files and report any pertinent information contained therein as well as any additional investigation warranted concerning Fernando Fernandez. It is noted page 51 of enclosed testimony indicates "Miami Herald" may have conducted interview of Fernandez.

With regard to paragraph 1, page 3 of relet, field comments are not desired as this will be handled by Bureau upon receipt of above investigation.

Handle immediately, sutel any additional leads warranted and surep results by 5-8-65.

BUREAU NOTE:

Commission has furnished transcript of testimony of Carlos Bringuier, anti-Castro Cuban in New Orleans who was involved in picketing of Oswald in New Orleans 8-9-63, resulting in arrest of all concerned. Commission has requested additional investigation resulting from testimony of Bringuier, specifically to resolve certain points of testimony and obtain certain publications referred to. Commission has also requested additional investigation previously discussed with SAC Naynor in New Orleans by Mr. Liebeler of the Commission.

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D.C., 20530

Dear Mr. Hoover:

I enclose two copies of the transcript of the testimony of Mr. Carlos Bringuier which was taken in New Orleans by Mr. Wesley J. Liebeler of our staff on April 8, 1964. Mr. Bringuier's testimony raises several questions which appear to require further investigation. Mr. Liebeler discussed some of those questions on April 9, 1964, with Mr. Maynor, Special Agent in Charge of your New Orleans office, and has also mentioned some of them to Mr. Malley.

We also have several other questions concerning the New Orleans phase of the investigation of the assassination. These questions, along with those raised by Mr. Bringuier's testimony, are set forth below:

1. Beginning at line 16 of page 40 of his transcript, Bringuier testified that Orestes Pena had told him that sometime during the summer of 1963 Pena had seen Lee Harvey Oswald in the Havana Bar in the company of a man who Pena thought was either Mexican or Cuban. That subject is covered on page 43 of the report of Special Agent Reynolds, dated December 6, 1963, at New Orleans.

162-10490
NOT RECORDED
109 MAY 1 1964

Oswald was also allegedly seen in the Havana Bar by Mr. Evaristo Rodriguez, 1239 Chartres Street, New Orleans, as is reflected on page 48 of the report of Special Agent Reynolds, dated December 30, 1963, at New Orleans.

Bringuier testified that the brother of the owner of the Havana Bar (Rodriguez, apparently) had told Bringuier that, apparently sometime prior to August 15, 1963, the FBI had shown an interest in locating the Mexican who was allegedly seen with Oswald. This alleged interest of the FBI does not appear to have been related to Oswald in any way.

ORIGINAL FILED IN

1 ENCLOSURE

cc-Rankin-Liebeler-Ball-Dunne-Belin-Jenner-Specter-Slawson-Hubert-Redlich-Griffin-Stern-Rogge-Goldberg-Weisberg-Lane-Thompson-Epstein-Meagher-Weitzman-Shaw-Wade-Frazier-Odio-Hoffman-Fensterwald-Lifton-Marchetti-Marshall-Phillips-Roberts-Summers-Trask-Wecht-Wilcott-Wise-Wolfe-Wrone-Lubbock-Lubbock-Lubbock

According to Bringuier, an FBI agent had been in the Havana Bar and told Rodriguez (and possibly Pena) that if he saw this Mexican he should call the FBI immediately because the Mexican "was a pro-Communist." Bringuier said that Rodriguez then saw the Mexican in the company of another Mexican for whom the FBI was also supposedly looking, and had come to him and asked him to call the FBI. Bringuier says that he did so sometime between August 15 and 30, 1963.

No mention of those allegations is made in any of the above reports, or in the report of the interview with Bringuier which is set forth at page 696 of Special Agent De Brueys' report dated December 2, 1963, at Dallas, Texas.

Would you please conduct further investigation to check Mr. Bringuier's testimony on the above points and, if possible, to identify the person or persons who were allegedly with Oswald in the Havana Bar.

In connection with that investigation, you might wish to obtain from Mr. Bringuier a copy of the letter to which he refers at the bottom of page 43 and the top of page 44 of his transcript.

2. Bringuier refers on page 9 of his transcript, and again at page 33 et seq., to an anti-Castro military training camp which had been established in the New Orleans area, apparently in the late summer of 1963. Bringuier suggests a connection between Oswald and pro-Castro individuals because Oswald attempted to infiltrate Bringuier's organization to assist in giving military training to anti-Castro Cubans at a time when such training was allegedly being given in the New Orleans area, but at a time when such alleged fact was not publicly known. Bringuier suggests that Oswald could only know of the camp, if he did, as a result of information supplied by pro-Castro agents who had apparently infiltrated the anti-Castro training camp.

We would appreciate your advice on whether or not a training camp such as that described by Bringuier was ever set up in the New Orleans area.

We would like to have copies of the newspaper articles to which Bringuier refers on page 33 of his transcript, together with translations of the same into English and any information which you may have in your files, or can readily obtain, concerning Mr. Fernandez, or the letter he is purported to have written to Mr. La Chuga and the alleged interception thereof.

We would also like to have your assurance that you have conducted a thorough investigation into the question of possible contacts between Lee Harvey Oswald and any representative of or known sympathizer with the Castro government of Cuba, together with an indication of the result of that investigation.

3. At pages 45-47, Bringuier testified about a magazine article which reported Fidel Castro as having committed a lapsus linguae in a speech given at the University of Havana on November 27, 1963. Castro was reported to have said, under the influence of cognac, "The first time Oswald was in Cuba . . . ."

We would appreciate it if you would determine through appropriate sources whether or not Castro made a speech at the University of Havana on November 27, 1963, and whether or not he made the remarks set forth above.

If you could provide us with a copy of Bohemia International magazine for February 2, 1964, together with a translation into English of the article indicated in Bringuier's testimony, it would be very much appreciated.

4. We note that reports of interviews of Dean Andrews, Esq., are set forth at pages 20-36 of Special Agent John J. Reynolds' report dated December 6, 1963, at New Orleans, and at pages 195-196, 198, 230, 234-235, and 305-306 of Special Agent Warren C. De Brueys' report of December 2, 1963, at Dallas. Mr. Andrews has also been interviewed by the Secret Service.

We note also that Mr. Andrews states that Lee Harvey Oswald came to his office on several occasions during the summer of 1963 and was accompanied by several different people, including a person of Mexican extraction. Andrews also states that he received a telephone call from one Clay Bertrand, asking that Andrews represent Oswald in his defense of the charges placed against him in Dallas. The most recent report (page 33 of Reynolds' report of December 6, 1963) indicates that Andrews had concluded that the above call was a figment of his imagination.

Mr. Andrews now states that he met Clay Bertrand in the street subsequent to the date of such report but was unable to detain him long enough to bring him to the FBI office. Mr. Liebeler has previously advised Mr. Maynor of the above.

Consideration should be given to the possibility that the Mexican alleged to have accompanied Oswald to Andrews' office may be the same man with whom Oswald was allegedly seen in the Havana Bar. If you are able to identify the Mexican or Mexicans seen by the owner of the Havana Bar or by his brother (and this should be possible if the statements of the latter as to their previous contact by the FBI in respect to the Mexicans are correct), Andrews should be asked whether he is able to identify either of such Mexicans as the person who was with Oswald when Oswald came into Andrews' office.

We realize that Andrews has indicated that he would not be able to identify the Mexican who was with Oswald, but in that connection we wish to call to your attention the reports of the Secret Service Special Agents Gerretts, Counts, and Rice, dated December 6, 1963 (Secret Service Control No. 467), in which Andrews does not seem to demonstrate this inability.

We will probably wish to examine Mr. Andrews after you have conducted the investigation requested in this letter.

5. Consideration should also be given to the possibility that the Mexican or Mexicans who may have been associated with Oswald, if the stories of Rodriguez and Pena are correct, may have been involved in the distribution of FPCC literature on August 16, 1963. We note that at least one of the individuals who was so engaged has not yet been identified.

Your continued cooperation in the work of this Commission is greatly appreciated.

Sincerely,

J. Lee Rankin

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 4/27/64

FROM : W. D. Griffith

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
REQUEST OF PRESIDENT'S COMMISSION

Today I received a call from Mr. Milton Eisenberg, staff member of The Commission, inquiring concerning availability of SA James C. Cadigan for pretestimony conference followed by testimony before the Commission. He stated he would like to discuss SA Cadigan's testimony at 1:30 p.m., today and have him testify at 11:00 a.m., Thursday, 4/30/64. I told him SA Cadigan is available and will appear at The Commission at both of the times indicated.

SA Cadigan's testimony will relate to the handwriting identifications made in this case by the FBI Laboratory. Included are handwritings appearing on order to purchase the murder weapon, postal money order to make payment for the rifle and the application for the Post Office box to which the rifle was shipped. The writing on these documents has been identified as that of Oswald.

Mr. Eisenberg also made reference to the numerous translations the Laboratory has performed for The Commission and stated that he is now in the process of preparing the foreign language exhibits for filing and retention and he wants to be absolutely certain that the translations are accurately matched up to the foreign language exhibits to which they relate. He asked that we match up the exhibits and the translations (approximately 75 of them) currently in the possession of The Commission. I told him I would have someone familiar with this translation material get in touch with him to work out the arrangements. I have referred this request to the Section Chief of the Cryptanalysis-Translation Section, Mr. C. F. Downing, and he has designated SA Bertil W. Rolander to handle this matter. SA Rolander went to The Commission today to commence fulfillment of this current request from Mr. Eisenberg.

RECOMMENDATION: None. For information.

UNITED STATES GOVERNMENT

Memorandum

TO: Mr. Belmont

DATE: April 24, 1964

FROM: L. Rosen

SUBJECT: JACK L. RUBY, AKA;
LEE HARVEY OSWALD, AKA - VICTIM
CIVIL RIGHTS

On April 24, 1964, while Malley was talking to J. Lee Rankin of the President's Commission relative to the affidavits of Dallas police officers as commented in a news story of the April 24th issue of the Dallas Morning News, Mr. Rankin brought up another situation relating to Dallas.

Mr. Rankin referred to the testimony in the Ruby trial of Detectives D. R. Archer, T. D. McMillon, J. R. Leavelle, Captain Glen D. King and Sergeant Patrick Dean. He mentioned that, without remembering specific details, all or some of these police officers testified concerning malice on the part of Ruby at the time Ruby killed Lee Harvey Oswald. He commented that, when these officers had been previously interviewed by the FBI, as well as furnishing information to the Dallas Police officials, they had not furnished information concerning malice on the part of Ruby. Mr. Rankin stated that this situation appeared most unusual in that the Commission has now learned that Forrest Sorrells, head of Secret Service in Dallas, some time around December 17, 1963, or a few days thereafter, advised the Dallas Police Department that he was present at the police department on one occasion when Ruby was being interviewed and heard Ruby make the statement that he hoped he killed the s— of a b—— or words to that effect.

6 MAY 5 1964

According to Rankin, Sorrells, whom Rankin described as an extremely experienced Secret Service representative, furnished this information to the police department by telephone, and he could not understand this action on the part of Sorrells; that it certainly appeared to him that such information would have been handled on a personal contact basis. He also could not understand why Sorrells would have waited almost a month

58 MAY 6 1964

ORIGINAL FILED IN 44-24015-1A3

before he revealed that he had overheard this information. He also noted that the police officers did not make known information in their possession indicating malice on the part of Ruby until the approximate time the Ruby trial was to commence.

Mr. Rankin advised that, because of all these circumstances, the Commission certainly questioned the activities of members of the DLPD, but that he did not have facts to support the feelings of members of the Commission staff.

The information furnished by Mr. Rankin relative to Forrest Sorrells going along with the information testified to by the police officers is new. The details concerning the testimony of the police officers was covered in full in a memorandum from A. Rosen to Mr. Belmont, dated April 10, 1964, same caption. (attached)

Foregoing submitted for information.

62-109090-

FBI
APR 17 3 46 PM '64
HOOVER

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C. 20002

Dear Mr. Rankin:

In response to your letter of April 3, 1964, as it pertains to Robert Ray McKeown, I am enclosing a letterhead memorandum entitled "Robert Ray McKeown" dated April 17, 1964, which sets forth McKeown's connection with a neutrality and registration act investigation conducted by this Bureau and identifies his co-defendants.

The neutrality and registration act investigation related principally to the activities of Carlos Prio Socarras, who, with a number of others including McKeown, was involved in a conspiracy to ship arms, munitions, and other war materials to Fidel Castro to assist him in his efforts to overthrow the Batista regime in Cuba. There are no references to Jack Ruby appearing in this investigation.

Other than McKeown's connection with the above matter and material previously furnished to you in connection with the case entitled "Jack L. Ruby, Lee Harvey Oswald - Victim, Civil Rights" there is no other material in Bureau files concerning McKeown.

Sincerely yours,

J. Edgar Hoover

NOTE:

The Commission by letter 4/3/64 stated that to shed further light on connections between Jack Ruby and Robert Ray McKeown, the Commission would appreciate our detailing the material available in FBI files concerning McKeown including the names of any suspects or confederates in his armament sales to Cuba. McKeown was allegedly contacted by Ruby in early 1959 after Castro took over leadership in Cuba. Information concerning his contact and McKeown's gunrunning activities were fully set forth in a report of 2/18/64 which was furnished to the Commission. He was also a subject in our investigation involving Carlos Prio Socarras and others who were furnishing material and guns to Castro and aiding him in his efforts to overthrow Batista." McKeown does not appear in our files in connection with any other investigation and there are no references to Ruby whatever in the Socarras file. In reply to the Commission's request, we are furnishing them a letterhead memorandum setting forth McKeown's connection with the Socarras case and the identity of other subjects and also that there is no information or references in the Socarras file concerning Ruby.

The results of the investigation are voluminous, consisting of 57 sections of the main file. There are no references to Jack Ruby in this investigation. McKeown's name is indexed once in the Jack Ruby investigation. The pertinent information in this reference concerning Ruby's connection with McKeown is set forth in a report which has already been disseminated to the Commission. As there are no references to Ruby in this 57-section file, it does not appear that any purpose would be served by reviewing this voluminous material page by page for complete detailed information concerning McKeown's background. The Commission has been given the names of McKeown's confederates in this matter as requested and has previously received the information concerning possible contact between McKeown and Ruby.

April 17, 1964

ROBERT RAY McKEOWN

Information concerning reported contact between Jack L. Ruby and Robert Ray McKeown was furnished the President's Commission on March 2, 1964, by report of Special Agent Manning C. Clements at Dallas, Texas, dated February 18, 1964, entitled "Jack L. Ruby, Lee Harvey Oswald - Victim." FBI files reveal no other contact or association of Ruby and McKeown.

FBI files reveal that McKeown was one of the subjects in an extensive investigation conducted by this Bureau since 1952 concerning the activities of Carlos Prio Socarras. This investigation involved neutrality matters and possible violation of the Registration Act. Prio, a former President of Cuba and supporter of Castro, was engaged with others, including McKeown, in attempting to assist Castro in his revolutionary action against the Batista regime in Cuba. McKeown is reported to know Prio and Castro personally.

A summary of McKeown's admitted participation in efforts to procure guns, ammunition and other war material for Castro's use prior to Castro's overthrow of the Batista regime is set forth in the above-mentioned report of Special Agent Clements and in an interview with McKeown which was conducted on January 24, 1964, and also included in this report.

Inasmuch as the investigation by the FBI did not develop violations within the jurisdiction of this Bureau by individuals involved in the smuggling activities on behalf of Castro, the information developed in our investigation was furnished to the Bureau of Internal Revenue. We subsequently received information that Agents of the

ENCLOSURE

ROBERT RAY McKEOWN

Alcohol and Tobacco Tax Unit, Bureau of Internal Revenue, continued the investigation in this matter and charged various individuals, including McKeown, with conspiracy to smuggle guns and related equipment to Cuba. The defendants in this action were as follows:

Dr. Carlos Prio Socarras, also known as Carlos Prio, age unknown, male, resident of Miami, Florida, citizen of Cuba.

Jorge Enrique Sotus Romero, also known as Jorge Soto, Commander Jorge, S. Romero, age 24, male, resident of Miami, Florida, citizen of Cuba.

Orlando Garcia Vasquez, also known as Orlando Vasquez, F. Valdez, Ramos, age unknown, male, resident of Miami, Florida, citizen of Cuba.

Angel Ramos, age unknown, male, resident of Miami, Florida, citizen of the United States.

Robert R. McKeown, also known as Dick McKeown, Max, J. T. Brown, H. J. McAllister, age 47, male, resident of Galena Park, Texas, citizen of the United States.

Mario Silverio Villamia, also known as Frank Guzman, Frank George, John Jordan, R. Castillo, age 34, male, resident of Miami, Florida, citizen of the United States by naturalization.

Manuel Arques, also known as Manny, age 23, male resident of Miami, Florida, citizen of the United States.

ROBERT RAY McKEOWN

Evelyn Eleanor Archer, also known as Mrs. Manuel Arques, Ruby, age 30, female, resident of Keyport, New Jersey, citizen of the United States.

Pedro Luis Chaviano Reyes, also known as Luis Chaviano, F. Castillo, Gilbert Pautoja, age 44, male, resident of Miami, Florida, citizen of Cuba.

Abelardo Pujol Barrera, also known as Joe Sanco, Jose Sauco, Jose Alonzo, age 42, male, resident of Miami, Florida, citizen of Cuba.

Francisco Gonzales Obregon, also known as T. Gonzales, F. Gonzales, age 33, male, resident of Cerro, Cuba, citizen of Cuba.

Mrs. Ethel Jane McKeown, age unknown, female, resident of Galena Park, Texas, citizen of the United States.

Our investigation in this matter did not reveal any contact by Ruby with the individuals listed above.

One Jane Margaret Britt in 1954 had a close association with Prio on a very intimate basis. She was a National Airlines hostess residing in Florida and reportedly is the daughter by a previous marriage of McKeown's wife.

Radiogram to Dallas
RE: LEE HARVEY OSWALD

NOTE CONTINUED:

Burt Griffin of the Commission telephonically contacted G. H. Scatterday at 1:40 PM, 4-16-64, re this request which will be confirmed in writing by the Commission.

Cheek, a wealthy woman who had prior interests in nightclubs, knew Jack Ruby in view of their mutual interest in the nightclub business. About one week prior to the assassination she was in Ruby's nightclub in Dallas, where Ruby endeavored to interest her in investing in his club. In addition, Cheek's sister, Earlene Roberts, was landlady at Lee Harvey Oswald's Beckley Street residence, at the time of the assassination. Although Roberts was landlady she did not take an active part in the management and when interviewed denied knowing Lee Harvey Oswald or Jack Ruby. This matter has been thoroughly investigated and no connection established between Oswald and Ruby.

The Bureau interviewed an employee of Cheek, who advised that Cheek also owned a property at 5212 Gaston, Dallas, where two Cubans were reported to have been residing in 1958-1959 (when Oswald was in the U. S. Marine Corps). Efforts to identify these Cubans have been unsuccessful to date. The above facts have been furnished to the President's Commission. We have previously reviewed Cheek's rental records and had knowledge the Commission would while in Dallas examined Cheek's records. When the negatives are received and developed appropriate copies will be promptly disseminated to the Commission.

At 1:40 p.m. today, SA G. H. Scatterday took a telephone call from Mr. Burt Griffin of the President's Commission. Mr. Griffin requested that the Bureau make arrangements for the Dallas Office to photograph certain records in the possession of Mrs. Bertha Cheek, 3914 Swiss Avenue, Dallas, Texas. Mr. Griffin stated that he had made arrangements with Mrs. Cheek for the photographing of these records which he indicated he has previously examined. Mr. Griffin stated Mrs. Cheek had requested that she be telephonically contacted and arrangements made for a specific time for the photographing of her records.

The records Mr. Griffin desires photographed concern the rental records of Mrs. Cheek covering the years 1958, 1959, 1960 and 1961, for property formerly owned by her and which she sold in 1961, located at 5212 Gaston, Dallas, Texas. Mr. Griffin also desires photographs of all of Mrs. Cheek's rental records for all of her property, which consists of two or three apartment houses, for the year 1963.

Mr. Griffin stated he would confirm this request by letter.

ACTION:

It is requested that Dallas be instructed to comply with Griffin's request.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 4/21/64

FROM : W. D. Griffith

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
REQUEST OF THE COMMISSION

President's Commission

Attached is a letter received from the Commission requesting SA Lyndal L. Shaneyfelt for testimony as an expert witness on Thursday, 4/23/64 at 9:00 a.m. Mr. Melvin Eisenberg has been telephonically advised that SA Shaneyfelt is available and will appear at the Commission as requested.

The testimony of SA Shaneyfelt concerns the identification of one of the photographs of Oswald holding the rifle as having been taken with the camera recovered from the Payne residence which is reported to be the camera of Marina Oswald. The photograph of Oswald holding the rifle is one that was recovered in the search of Oswald's possessions. This picture is a similar pose to that photograph that was widely publicized, including the front cover of Life magazine. The photograph that appeared on Life magazine was not identified with the camera because the negative for this photograph was not recovered and is an essential basis for the examination.

RECOMMENDATION: None. For information.

NOTE:

The President's Commission by letter dated 4-3-64 pointed out that Immigration and Naturalization Service (INS) records reflect that Ruby flew from Miami to Havana, Cuba, on 9-12-59 and returned via New Orleans on 9-13-59, whereas three Chicagoans, Marcus, Bishov and Braun, reported meeting Ruby in Cuba over Labor Day week end, 1959 (Labor Day, 9-7-59). It was requested that we examine INS records and conduct further investigation to clarify the number of trips which Ruby made to Cuba in 1959 and succeeding years. In investigation conducted and reported to the Commission, we established that Ruby was in Cuba to visit Lewis J. McWillie who operated the Tropicana Night Club in Havana at that time. We have checked out numerous rumors that Ruby was in Cuba on other occasions but none could be substantiated. Ruby claims he only went to Cuba on one occasion in 1959 to visit McWillie. All of this has been reported to the Commission. Marcus, Bishov and Braun were reinterviewed for specific information as to mode and dates of travel and they could only state that their trip to Cuba was over the Labor Day week end. The airline that they used has been taken over by Castro and no record of travel dates could be located. INS has no record of their travel to Cuba. It would appear logical that since Marcus, Bishov and Braun state they spent several days in Miami prior to going to Cuba and that they saw Ruby in Havana on the last night of their trip that their trip could have extended from Labor Day through 9-12-59 which was the following Saturday night when they allegedly saw Ruby.

DECLASSIFIED BY 2040
7-8-77

Dear Mr. Rankin:

Reference is made to our letter dated April 13, 1964, enclosing copies of a memorandum dated April 7, 1964, to which were attached seven photographs designated Exhibit D-201.

With further reference to the travel of L. H. Lee from Mexico City, Mexico, to Laredo, Texas, on October 2 and 3, 1963, there are enclosed two copies each of two photographs depicting the portions of Transportes del Norte bus ticket Number 31[illegible] and a trip envelope for bus number 3[illegible] covering trip on October 2 and 3, 1963, between Monterrey, Mexico, and Laredo, Texas. There are also enclosed two copies each of translations of the documents depicted in the photographs. As the enclosed photographs are extensions of Exhibit D-201, they have been similarly numbered.

Our memorandum dated April 7, 1964, accounted for 20 bus tickets said to have been located in the trip envelope depicted in the photographs enclosed herewith. We have observed that the face of the trip envelope in question accounts for but 13 passengers. Officials of the Transportes del Norte Bus Company at Monterrey are unable to explain this discrepancy. Bus company officials explain that the trip envelope is prepared by the bus driver, who may

have been in error. Despite this discrepancy, we are endeavoring to locate and interview all individuals who may have been aboard Transportes del Norte buses 382 and 378 during the trip from Mexico City, Mexico, to Laredo, Texas, on the questioned dates.

The two portions of bus ticket Number 18033 have been processed for latent finger impressions; however, no impressions of value for identification purposes were developed thereon.

Sincerely yours,

J. Edgar Hoover

Enclosures - 10

NOTE:

[redacted] Latent fingerprint examination results per Latona to Trotter 4/13/64 memorandum. Copies of photographs and results latent print examination are being sent to Dallas by separate communication.

[redacted]

NOTE:

On 12/9/63 Denver advised [Mr. Robert Berris] reported his daughter [Linda] was the schoolmate of [Beth Cox] who had received the information regarding the assassination prediction from Howard C. Cowen. Subsequent investigation by Legat, Paris determined [PFC Eugene B. Dinkin] was the individual involved. Dinkin received a psychiatric examination in France during November, 1963, which was the basis for the recommendation of his discharge from military service and transfer to Walter Reed Hospital for further psychiatric examination. He was diagnosed as a "schizophrenic reaction, paranoid type."

Dear Mr. Rankin:

Reference is made to previous communications dealing with our investigation into the activity of Lee Harvey Oswald in Mexico.

Enclosed are two copies each of memoranda dated March 27 and April 9, 1964, concerning check of records of the United States Public Health Service, Laredo, Texas, and of the Immigration and Naturalization Service, Washington, D. C. We are rechecking the records of the aforementioned agencies in an effort to identify the individuals who arrived at Laredo, Texas, on the morning of October 3, 1963, via the Transportes del Norte bus.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Rankin:

Reference is made to your request for coverage of the appearances of Mark Lane.

There are enclosed two copies of a summary of Lane's remarks at Reed College, Portland, Oregon, on March 28, 1964, as contained in a communication dated March 30, 1964, at our Portland Office. For your information, this Bureau is unable to furnish you with recordings of the above appearance by Lane.

The Attorney General is being furnished copies of the above communication from our Portland Office in view of Lane's reported intention to visit him in the future.

ORIGINAL FILED IN 62-109090 - Original

NOTE TO SACs OKLAHOMA CITY AND DALLAS:

Enclosed copy of Bureau letter to the Commission furnished for your information. Dallas and Oklahoma City will remain alert to the possibility of other pretext approaches by Mrs. Martin. Insure the Bureau is advised of pertinent data relating to this individual.

Note:

Shirely Martin has been characterized as a "bright nut," and is well known to the Bureau due to the fact she has written numerous offensive and insulting communications to the Bureau. Since the assassination, she has engaged in her own investigation of the events.

Full details concerning her background have been furnished in several prior memoranda, the latest two being:

A. Rosen to Mr. Belmont dated 3/19/64, captioned, "Assassinatio of President John F. Kennedy, 11/22/63, Dallas Texas," RDR:map.

M. A. Jones to Mr. DeLoach memorandum 4/2/64, captioned, "Mrs. Mark E. Martin, Hominy, Oklahoma," ELR:eab.

The attached communications from Dallas indicate Martin contacted our Dallas Office telephonically on 4/11/64, from Oklahoma and tried by pretext to "pump " information out of SA Bardwell D. Odum relating to the assassination rifle. Odum handled himself very well and was not taken in by the pretext. It appears Martin recorded or took notes of the conversation with Odum which she incorporated in a communication which she is again sending to various prominent individuals including members of Congress and the President's Commission. A copy of this communication was received by Dallas on 4/13/64. As an indication of a possible mental condition, it is pointed out Martin has also allegedly disseminated copies to " Europe, Anzac countries, Asia". This letter does not require an acknowledgment and it is pointed out the Bureau has not acknowledged several prior communications received here as it was not felt we should dignify her insulting observations and comments.

NOTE:

See memo A. Rosen to Mr. Belmont dated 4-2-64, captioned, "Assassination of President John F. Kennedy, November 22, 1963, Dallas, Texas," KHM/vhm, which pertains to Carthron who alleged a "voice from God" said Hoffa "triggered" the assassination of President Kennedy.

Carthron was interviewed by Agents of WFO, at which time he claimed during a dream "Our Lord Jesus Christ" spoke to him saying Jimmy Hoffa killed President Kennedy. Carthron was arrested on 3-26-64 at Salisbury, Maryland, on an assault warrant obtained by his father, and he was subsequently taken to the Eastern Shore State Hospital, Cambridge, Maryland, but was released even though he was judged mentally incompetent, as he was not a resident of the State of Maryland. He should have been committed in Georgia.

In view of the fact that Carthron believes the responsibility for the assassination of President Kennedy was directly attributed to Hoffa, and further he alleged he had a dream in which he was chosen to eliminate Hoffa, WFO and Detroit are being instructed to furnish background information regarding Carthron to MPD and Detroit PD. Hoffa is not being advised personally of this matter due to previous investigations of him.

In view of subject's propensity for violence, copies of letterhead memorandum and insert being furnished to Secret Service.

NOTE CONTINUED:

5:30 a.m. on the morning of 9/25/63. This has been established through check of procedures of the Post Office in Austin, Houston and New Orleans. The check in question was cashed at a grocery store in New Orleans and was included in the store's bank deposits for the period from 4 p.m. 9/24/63 through 4 p.m. 9/25/63. As Oswald could not have received the check prior to 5:30 a.m. 9/25/63 it is clear that he cashed it on 9/25/63 prior to 4 p.m. The Commission's 3/26/64 letter asked us to determine if Oswald may have picked up the check at the Louisiana Employment Commission during his visit there on 9/24/63. We previously established that the check was mailed to Oswald direct to his Post Office Box in New Orleans and not to the Employment Commission. The 4/1/64 letterhead again verifies this. The 4/7/64 letterhead deals with postal forms (D-22) executed by Oswald in renting and canceling his Post Office Box in New Orleans. Messrs. Belmont and Malley have approved the enclosures.

Dear Mr. Rankin:

In response to your letter of April 3, 1964, as it pertains to Nancy Elaine Perrin, I am enclosing herewith a letterhead memorandum dated April 6, 1964, at San Francisco, California, entitled "Nancy Elaine Perrin" which sets forth the information you requested. Also enclosed is a letterhead memorandum dated April 13, 1964, at Washington, D. C., which sets forth the contact of our Boston Office with Perrin on January 21 and 23, 1964. This latter information was not previously furnished as it is merely a reiteration of her original story which was furnished to you along with results of our investigation to check her story by report of Special Agent Manning C. Clements, Dallas, Texas, dated December 18, 1963.

Mrs. Perrin was afforded a polygraph examination on December 5, 1963, but the results of the examination were inconclusive due to her past medical history, emotional instability, and the use of drugs by Mrs. Perrin prior to the examination. Although the results were inconclusive, details of the examination are also being furnished to you along with the information relating to the subsequent contact of our Boston Office with Perrin as this information may be of additional assistance to you in evaluating the testimony of Perrin.

April 13, 1964

NANCY ELAINE PERRIN

Mrs. Nancy Perrin, Executives Unlimited, 100 Boylston Street, Suite 300, Boston, Massachusetts, on January 21, 1964, telephonically contacted the Boston Office of the FBI. She stated that about two months ago she was in Oakland, California, and went to the FBI Office there because she had worked for Jack Ruby. She said she was given a polygraph test by the FBI, and as far as she knows this test was inconclusive. She stated that she had never previously taken a polygraph test and that she suffers from an ailment known as chorea which she states is commonly known as St. Vitus's dance. She also stated that on occasion she takes a drug to control or stabilize her blood pressure.

Mrs. Perrin said that she previously informed the FBI at Oakland, California, she had attended some meetings with Jack Ruby, and it was not until the second meeting that she learned that Ruby was mixed up in running guns into Cuba and taking refugees out of Cuba. Mrs. Perrin stated that she desired to be contacted by the FBI at her office because she had gone through some of her things and found additional information which would bear out statements she had already made to the FBI in Oakland, which information she did not previously have in her possession. She requested that she be telephonically contacted before an Agent comes to her office and that she did not wish to be contacted at her residence, 196 Newbury Avenue, North Quincy, Massachusetts, where she is now living with a very elderly woman.

On January 23, 1964, Mrs. Nancy Perrin was interviewed at her place of employment, Executives Unlimited, by Special Agents James J. Stratford, Jr., and John F. Sweeney. She advised she had worked as a bartender for a few months in 1961 for Jack Ruby and she has been employed

62-109090-

ENCLOSURE

MAIL ROOM ☐ TELETYPE UNIT ☐ ENCLOSURE

Nancy Elaine Porrin

for the past two weeks as an executive for Executives Unlimited which is an employment agency. She was born on September 9, 1936, at Portsmouth, New Hampshire. Her husband, Robert, died August, 1962, at New Orleans, Louisiana. She recalled that she and her husband, Robert, attended some meetings at Dallas, Texas, which she believed concerned getting refugees out of Cuba. The purpose in her attending these meetings was her belief that she and her husband could make some money by bringing refugees out of Cuba. When she heard that these meetings had the twofold purpose of also bringing guns into Cuba, she and her husband were not interested.

Mrs. Porrin was extremely vague as to how these meetings came about, but she recalled that Edward Brunner of Grand Prairie, a suburb of Dallas, Texas, who was an associate of her husband, first brought up the subject matter of these meetings. When she went to the meeting, she was surprised to see Jack Ruby there because she had worked for him in the past and he had physically assaulted her. They were bitter enemies. She learned that this group was going to run guns from Mexico to Cuba for Fidel Castro. After the third meeting, she and her husband walked out and had nothing further to do with this organization. At one of these meetings, she alleged that Ruby had a bulge in his pocket which she thought was money he passed to some unidentified colonel who was in charge of this organization. She recalled that an individual by the name of Dave C. (last name unknown), who was employed at the University Club, Dallas, Texas, as a bartender, seemed to be one of the heads of this organization.

Mrs. Porrin stated that she had no information regarding Lee Harvey Oswald but she believed that Ruby was told to kill Oswald. She had no information to support her belief in this regard. She stated she now recalls what the contact was in connection with the gun running. According to her, the contact was to be made at the Hotel Nuevo Gallina, Guadalajara, Mexico. She said she did not have this information available when she was interviewed in California.

Nancy Elaine Perrin

Mrs. Perrin advised it seemed logical to her that Oswald belonged to some organization, and it seemed logical to her that someone from Chicago was behind the deal with regard to the guns. She had no information to support her belief in this regard. She then said in a very vague sort of way that Ruby had been contacted by Vito Genovese. She then stated it was not Vito Genovese but one of his sons who dropped in to see Jack Ruby at the Carousel Club, Dallas, Texas. She places the time of her employment for Ruby between June and September, 1961.

Mrs. Perrin said she was arrested by the Brookline, Massachusetts, Police Department for prostitution and was convicted in court and paid a fine of $200.00. Her case is coming up for a pardon, and she has prominent politicians to obtain a pardon for her. At the time she was prostituting, she was engaged in this activity because her husband was sick and she needed the money.

With regard to Jack Ruby, whom she described as a very pugnacious individual, she also stated she had never heard him express any opinions or any views with regard to politics or with regard to President Kennedy.

Transmit the following in _____ (Type in plain text or code)

Via AIRTEL AIR MAIL (Priority or Method of Mailing)

TO: DIRECTOR, FBI (105-82555) ATTN.: INSPECTOR J. R. MALLEY

FROM: SAC, DALLAS (100-10461) (P)

RE: LEE HARVEY OSWALD, aka.
IS - R - CUBA

On April 6, 1964, ORVILLE O. NIX telephonically contacted SA ROBERT P. GEMBERLING inquiring as to when he could expect the return of his camera, which is now in the possession of the President's Commission. Mr. NIX stated that with vacation time approaching he was interested in having some idea when his camera could be returned.

Mr. NIX stated that in the event his camera was still needed, he could get along without it and wanted to cooperate in every way possible.

The Bureau's attention is called to the fact that a similar situation has arisen in connection with the camera of MARIE MUCHMORE and, in accordance with instructions from Inspector MALLEY, on April 6, 1964, Mrs. MARIE MUCHMORE was advised that she should endeavor to rent a camera and send the bill to the President's Commission.

On April 7, 1964, Mrs. MUCHMORE telephonically contacted SA GEMBERLING and stated that she had not been able to find a camera like hers, which she described as an 8 mm Keystone Zoom Camera about one year old using roll-type film, which originally cost approximately $150.00. She stated she was continuing efforts to locate such a camera and stated she would advise SA GEMBERLING of the results of her efforts. Mrs. MUCHMORE made the comment

62-109090

Special Agent in Charge

SOVIET

that she could not understand why the President's Commission needed her camera for the period of time they have had same and that she was considering writing to the President's Commission about it, or might have Congressman ALGER, a close, personal friend, check into the matter. Mrs. MUCHMORE expressed appreciation for the assistance being rendered to her by the Dallas Office in connection with her camera problem.

The above is merely being brought to the Bureau's attention to point out the hardship and inconvenience to which people are being exposed and the position in which it places the FBI, who actually physically obtained the cameras from these people. Thus far these individuals have been pacified, but it is felt that if extensive delays continue that it should be suggested to these people that they correspond directly with the President's Commission.

Subsequent to the above, on April 7, 1964, Mrs. MUCHMORE telephonically contacted SA GEIBERLING and stated she had arranged to rent a camera from W. H. TARR at the Glendale Camera Shop, 4448 South Marsalis, Dallas, Texas, telephone FR 4-6465, at a cost of $5.00 a week with no deposit and that he was delivering her the camera, starting next week, for a period of seven weeks and that the bill was being made out to her and, upon receipt of same, she would forward it to the President's Commission for payment.

200 Maryland Avenue, Northeast
Washington, D. C. 20002

Dear Mr. Rankin:

There is being forwarded herewith for your information a memorandum dated April 2, 1964, at Dallas, Texas, entitled "Jack L. Ruby; Lee Harvey Oswald; Salvador Gumma Navarro." This memorandum encloses a copy of a letter from Mr. Navarro in the Spanish language, addressed to "C. Procurador de Justicia del Estado de Dallas Texas. U. S. Department of Justice, Dallas, Texas" dated March 17, 1964, and an English translation of the letter.

One copy of Mr. Navarro's letter has been furnished to Mr. Henry Wade, District Attorney, Dallas, Texas, as the communication appears to have been intended for him. A copy has also been furnished to the Secret Service, Dallas, Texas. No further action will be taken by the FBI concerning this letter in the absence of a specific request from the President's Commission.

Sincerely yours,

J. Edgar Hoover

ARTICLE "THE ASSASSINATION"
BY GERALD L. K. SMITH
MISCELLANEOUS -
INFORMATION CONCERNING

President's Commission

PURPOSE

To advise Gerald L. K. Smith who has previously been investigated for sedition, wrote the article "The Assassination" which reveals numerous questions regarding the assassination based on prognostications, theories, and interpretations. He criticizes the entire Kennedy family and considered the President's Commission an "investigative monopoly." It is recommended the attached letter enclosing the article be furnished to the President's Commission.

BACKGROUND

Los Angeles Office forwarded copies of a twelve-page article captioned "The Assassination" which appeared in the publication "The Cross and The Flag." It is the official publication of the Christian Nationalist Crusade (CNC) whose director is Gerald L. K. Smith. The CNC is an anti-Negro and anti-Semitic organization which was the subject of a Bureau investigation. Moreover, the Department in 1957 advised the organization's activities were not such as to bring it within the purview of Executive Order 10450. Again in 1958 investigation was conducted to determine if the CNC was involved in bombings of southern communities; however, there was no disclosure of violence. Smith has also been the subject of an investigation for sedition.

Smith indicates in his article President Kennedy was murdered by a communist agent of Castro, claiming the assassin was trained in a special school in Minsk, Russia.

PLEASE INITIAL

22 APR 17 1964

[illegible] this connection [illegible] Oswald, or was [illegible] of the [illegible] establishment, the [illegible] machine, a [illegible] assassination [illegible]" Smith claims the President's [illegible] is an "investigative agency-in-act" following the assassination claims several groups and organizations, including the FBI, would conduct investigations regarding the assassination all of which have been "curbed, or contained, subordinated as far as the assassination is concerned."

Smith criticizes severely the entire Kennedy family [illegible] the Kennedys were hit by the assassin's bullet but still "how could such a family with an [illegible] political and sociological background become identified with 'left-wing' forces,' and execute compromising philosophies." Smith theorized President Kennedy had double-crossed the "left wing elements" and was preparing to demolish the "Goldwater strategy" by making certain "right wing" pronouncements.

Smith asks numerous questions pertaining to the assassination based on his hypotheses and he calls notice of "puzzling circumstances," all of which have been previously published and are not based on facts. He states, "If the political opportunist Lyndon Johnson surrounds himself with left-wing brain trusters, aggressive Jews, and international jet-setters, he will be about as helpless as the late [illegible] Kennedy." Bureau files reveal numerous letters of [illegible] concerning Smith and the [illegible] however, no evaluations or [illegible] have been made.

Observations

Smith's observations, [illegible] prognostications and criticisms concerning the assassination and the related investigation in which we are participating are completely unfounded and without fact. Therefore, with [illegible] publications, it is recommended the article "The [illegible]" be furnished to the President's Commission.

Recommendation

If approved, the attached letter with enclosures be furnished to the President's Commission.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

On April 14, 1964, [illegible] Liebeler of your staff called Mr. William A. Bran[illegible] this Bureau noting that when Lee Harvey Oswald returned [illegible] United States he was contacted by the Traveler's Aid Societ[illegible] Mr. Liebeler specifically made reference to the report of S[illegible] Agent Warren C. De Brueys dated December 2, 1963, at [illegible], wherein is reported an interview with Opas Theodore [illegible] who was in contact with Oswald. Mr. Liebeler requested that [illegible] furnish him the Traveler's Aid Society file on Oswald if it [illegible] in this Bureau's possession.

This Bureau does not have the Traveler's Aid Society file on Oswald and you are referred to the report of Special Agent John James O'Flaherty dated December 1, 1963, at New York, New York, captioned "Lee Harvey Oswald, Internal Security - Russia." On pages 11 and 12 of this report is set forth a review of the Traveler's Aid Society file as made available by Mr. James M. Ahearn, Immigration Directions Director, on November 27, 1963.

Mr. Liebeler also [illegible] Oswald was interviewed by the Immigration and Naturalization Service when he returned to the United States and inquire[illegible] whether this Bureau had obtained that agency's file showing this interview. We do not have the Immigration and Naturalization Service file but the results of the interview are contained in the report of Special Agent John [illegible] Fain under the caption of "Lee Harvey Oswald, Internal Security - Russia," dated July 10, 1963, at Dallas, Texas.

Honorable J. Lee Rankin

Mr. Liebeler noted that as shown in the report of Special Agent John James O'Flaherty dated December 17, 1963, the file of the New York Department of Welfare concerning Oswald had been turned over to the FBI. Mr. Liebeler requested that he be furnished the original documents in this file. This will advise that the FBI had only temporary custody of the New York Department of Welfare file and that this file was returned to that Department and is in the custody of Miss Dorothy Downing, Supervisor, Special Investigations, New York City Department of Welfare, 271 Church Street, New York City.

Other requests made by Mr. Liebeler for original documents will be handled by separate communication.

Sincerely yours,

J. Edgar Hoover

NOTE: Information concerning the NY Department of Welfare was telephonically furnished by PSAC Schait, 4-14-64, to WA Branigan. Inasmuch as the original documents are part of the files of the agencies, the Commission will secure them direct from the agencies themselves.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to our memorandum dated March 16, 1964, in which was recorded the report of Mexican Immigration Inspector Jose Mario Del Valle.

In his written report and during interview on March 12, 1964, Mr. Del Valle referred to the Chief of the Mexican Immigration Office at Nuevo Laredo as one Gilberto Cazares Perez. In several communications submitted by our San Antonio Office in the Lee Harvey Oswald case, the Chief of the Mexican Immigration Office at Nuevo Laredo has been referred to as one Gilberto Cazares Garza.

We have confirmed through Mr. Del Valle that the correct name of the Chief of the Mexican Immigration Office at Nuevo Laredo is Gilberto Cazares Garza. Mr. Del Valle stated that his use of the maternal surname Perez was in error and was caused by a mental lapse.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Rankin:

Enclosed are two copies of an article captioned "The Assassination," written by Gerald L. K. Smith which appeared in the publication, "The Cross and The Flag," March, 1964, issue.

For your information a source furnished the following on August 12, 1959:

"The Christian Nationalist Crusade was organized in St. Louis, Missouri, and moved its headquarters to Glendale, California, in 1953.

"From the Parent Christian Nationalist Crusade, subsidiary organizations, including the Christian Nationalist Party (of America), have developed. These organizations all reveal in their literature the imprint of their chief organizer and director Gerald L. K. Smith. His basic argument has been that this nation traditionally Christian, and racially segregated, is threatened by anti-Christian and racially 'mongrelizing' forces such as communism and internationalism, all dominantly motivated by international Jewry which controls this country financially and politically. These organizations are not membership organizations, but represent followers who contribute to them or subscribe to their literature.

"Gerald L. K. Smith and his associates are not known to have appealed to illegal action, the tenor of

EUGENE B. DINKIN
MISCELLANEOUS -
INFORMATION CONCERNING

Enclosed for your information is one copy of a memorandum dated April 9, 1964, at Chicago, Illinois.

In December, 1963, information was received that Mr. Dinkin, who at that time was in military service, had predicted the assassination of President Kennedy while he was stationed in Europe. An appropriate investigation was initiated and subsequently the Department of the Army informed this Bureau Mr. Dinkin had been the subject of a closed investigation by the Office of the Assistant Chief of Staff, G-2, U. S. Army Communications Zone, Europe. He was reassigned to Walter Reed Hospital in Washington, D. C., on December 3, 1963, as a patient. Following a psychiatric examination at Walter Reed Hospital he was released from military service.

To fully resolve this matter concerning Mr. Dinkin's prediction, he was interviewed by Special Agents of this Bureau. During the course of this interview Mr. Dinkin advised he directed a registered letter to you on October 16, 1963, in which he allegedly warned you of the impending assassination. Therefore, the enclosed memorandum revealing the results of Mr. Dinkin's interview and his medical record is being furnished for the completion of your files.

This information is also being furnished to the President's Commission.

NOTE:

On 12/9/63 Denver advised Mr. Robert Berris reported his daughter Linda was the schoolmate of Beth Cox who had received the information regarding the assassination prediction from Howard C. Cowen. Subsequent investigation by Legat, Paris determined PFC Eugene B. Dinkin was the individual involved. Dinkin received a psychiatric examination in France during November, 1963, which was the basis for the recommendation of his discharge from military service and transfer to Walter Reed Hospital for further psychiatric examination. He was diagnozed as a "schizophrenic reaction, paranoid type."

Dear Mr. Hoover:

The Commission is in receipt of the comprehensive telephone analysis by Special Agent Manning C. Clements of March 28, 1964.

Upon review of that report, the Commission would appreciate your providing the following:

1. A similar telephone analysis for all phones available to Ralph Paul for the period September 26, 1963 to December 1, 1963; Bruce Karlin (Carlin), November 26, 1963 to December 1, 1963, and the "pay" or public telephone at the Carousel from September 26, 1963 to November 25, 1963.

2. Identification from your files of the following:

a. Platellite Engineering Company
P. O. Box 412, Fort Worth, Texas

b. Herbert Eden
928 Clarke Street, Beverly Hills, Calif.

Thank you for your cooperation in this matter.

Washington, D. C.

Dear Mr. Rankin:

Reference is made to our letter dated April 13, 1964, which enclosed two copies of a memorandum in the Lee Harvey Oswald case dated April 7, 1964, and two copies of seven photographs designated Exhibit Number D-232. The enclosures to our letter of reference dealt in part with the travel of one H. O. Lee from Monroe City, Maine, to Dallas, Texas, on October 2 and 3, 1963.

With further reference to the travel of L. C. Lee between Laredo, Texas, and Dallas, Texas, on October 3, 1963, there are enclosed two copies each of photographs of Exhibit Number D-199, Greyhound International Package Express Receipt Number 42400, and Exhibit Number D-200, Greyhound Package Express Receipt Number 0820000. Exhibits D-199 and D-200 have been processed for latent finger impressions; however, no latent impressions of value for identification purposes were developed on them. The exhibits were obtained from the Western Greyhound Lines, 100 Market Street, San Francisco, California, on April 3, 1964.

Sincerely yours,

J. Edgar Hoover

RE: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY,
NOVEMBER 22, 1963, DALLAS, TEXAS
MISCELLANEOUS - INFORMATION CONCERNING

On April 13, 1964, ORVILLE O. NIX personally appeared at the Dallas FBI Office, at which time he inquired of SA ROBERT P. GEMBERLING as to when he could expect the return of his camera which is presently in the hands of the President's Commission.

Mr. NIX stated he had a need for this camera at Easter, but realizes that if the camera is actually needed he will wait in patience for its return. He stated, however, that it appears to him somewhat unreasonable for the President's Commission to retain his camera for such a long period of time and that he certainly desires to have it returned by the first of June 1964 because of his vacation.

62-109090-
NOT RECORDED
APR 17 1964

Mr. NIX was furnished the address of the President's Commission at his request and he stated he might see fit to write direct to the President's Commission concerning the return of his camera.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

We have acquired through a confidential source abroad a block of passenger lists of the Transportes Fronteras Company which was used in connection with the operations of that Company in Mexico City during most of the month of October, 1963. These forms, which are bound together at the top in pad form by a gum-type substance, have been designated Specimen K74. We have also acquired the original of Specimen Q332 which is the passenger list of the Transportes Fronteras Company covering the trip by bus 240 from Mexico City to Nuevo Laredo on October 2 and 3, 1963. The name "Oswld" appears in handwriting on line four of Specimen Q332. On examination of aforementioned specimens, it was determined that the handwriting, format, and appearance of the block of passenger lists, Specimen K74, agree with the handwriting, format, and appearance of Specimen Q332. In addition, indented writings and extraneous marks were noted on Q332 which indicate that this sheet was originally on top of the present top sheet in K74.

No indentations were found on the present top sheet in K74 which correspond to the writing in black ink on the top two lines of Q332, the black ink writing on line 40 and immediately below this line, or the handwritten notation in red at the top of Q332 in the wording "Transportes Fronteras."

With respect to the handwritten entries on Q332, fragmentary portions of these entries were found to be indented on the present top sheet of K74 except no indented

ORIGINAL FILED IN

Honorable J. Lee Rankin

handwriting was found to correspond to the "Oswld" entry on line four of Q332, and the handwritten entries on lines eight and thirteen of Q332 did not produce any corresponding identifiable indented impressions on the top sheet of K74.

For the present, we intend to retain the original documents comprising Q332 and K74. As the indented writings on the present top sheet of K74 are difficult to photograph, you may desire a member of your staff to personally examine the original documents in question.

Sincerely yours,

J. Edgar Hoover

NOTE:

While examination reported herein cannot conclusively establish that the "Oswld" entry was written on the passenger list after the list was torn from the pad and, therefore, probably after the assassination ; nevertheless, such could have been the case. It is odd that the "Oswld" entry does not show on the present top sheet in the form of indented writing for other entries on the passenger list written by the same person, who made the "Oswld" entry show fragmentary indented writings on the under sheet. Dallas has been instructed to report the Laboratory's findings in report form. We are informing the Commission of this examination by separate communication as they probably will want to look at the original documents and we do not know at this time how long we will be able to hold on to them. Heretofore, the Mexican Government has requested us to return the original passenger list which was done.

Dear Mr. Rankin:

Enclosed are two copies each of two communications dated March 16, 1964, at our New York Office and April 2, 1964, at our Detroit Office. These communications relate to a statement allegedly made by Mr. Slobodan M. Drankovich of Chicago, Illinois, that "Oswald should shoot Khrushchev in Kiev."

As you will note, Mr. Drankovich has advised this Bureau that he could not recall making such a statement. He believes that, if he did make such a statement, it would have been based on information from public sources. In view of Mr. Drankovich's comments, no further action is being taken by this Bureau.

For your information, one copy each of the above communications is being furnished to the Central Intelligence Agency and the United States Secret Service.

Memorandum

TO : Mr. Conrad

DATE: 4/9/64

FROM : Mr. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY, 11/22/63, DALLAS, TEXAS

As a matter of record, Mr. Arlen Specter, Staff Counsel, President's Commission, delivered to SA Robert P. Neill the following items of evidence on 4/9/64:

Item No. C311 - Black suit coat worn by Governor John Connally

Item No. C312 - Black suit trousers worn by Governor John Connally

Item No. C313 - White dress shirt worn by Governor John Connally

Item No. C314 - Necktie worn by Governor John Connally

The above items have not been previously examined in the Laboratory. These items were submitted to determine the bullet path angles and to determine the probable number of bullets involved. It is understood a letter is being furnished outlining the examination desired.

Memorandum

TO : Mr. Conrad DATE: 4/6/64

FROM : W. D. Griffith

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
REQUEST OF THE PRESIDENT'S COMMISSION

Mr. Melvin Eisenberg of The Commission called today to inquire whether SA L. L. Shaneyfelt was available. I advised him SA Shaneyfelt was out of town handling a court commitment in Minneapolis and inquired whether someone else could be of assistance. Mr. Eisenberg stated he desired to review certain slides printed from the Abraham Zapruder home movie film depicting the assassination of President Kennedy. The slides to which he made reference were furnished to us by Life Magazine at the request of The Commission and we have been reviewing them for anything of additional significance. I told Mr. Eisenberg we would explore the possibility of obtaining SA Shaneyfelt's immediate release from his Minneapolis court commitment if he so desired. He declined and suggested that SA Shaneyfelt instead be available at 10:00 a. m., Monday, 4/13/64, to handle showing of the slides and, in addition, assisting in analyzing them in an effort to further pinpoint the points and places of impact of the assassination bullets. I assured him SA Shaneyfelt would appear as he requested.

RECOMMENDATION: None. For information.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

In response to your request for coverage of the public appearances of Mrs. Marguerite Oswald, the following items are enclosed concerning her recent appearances in Chicago, Illinois:

(1) One reel of tape recording of the sound portion of an interview with Mrs. Marguerite Oswald on March 21, 1964, Television Station WBBM, Chicago.

(2) Three reels of tape recording of the sound portion of the program "At Random" in which Mrs. Oswald participated on March 21, 1964, Television Station WBBM, Chicago.

(3) Two copies of a communication dated March 27, 1964, at our Chicago Office, concerning the appearances of Mrs. Oswald on Television Stations WBBM and WBBM.

Sincerely yours,

J. Edgar Hoover

NOTE:

President's Commission has requested coverage of appearances of Marguerite Oswald and Chicago airtel 3/27/64 captioned "Lee Harvey Oswald, IS - R - Cuba" enclosed tape recordings and letterhead memorandum on her WBBQ and WBBM television appearances on 3/21/64. Marguerite Oswald continues to state that the inquiry into the assassination of President Kennedy should be conducted by a congressional committee rather than the Warren Commission and that provisions should be made to allow cross-examination of witnesses. She also states her belief that her son was a "Government agent" and had gone to Russia in that capacity and, additionally, that he had been framed because of his background of having been in Russia and having married a Russian girl.

FROM: SAC, DALLAS (100-10461) (P)

RE: ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY,
NOVEMBER 22, 1963, DALLAS, TEXAS
MISCELLANEOUS - INFORMATION CONCERNING

The "Dallas Times Herald" of Friday, April 10, 1964, carried an article captioned "Special Warren Team Quits City". This article stated that the special team of Commission investigators had left Dallas, clearing the way for the taking of a deposition from JACK RUBY and a Dallas visit by the full Commission. The article stated the Commission was planning an interview with RUBY in Dallas and an inspection trip by Chief Justice EARL WARREN and other members of the Commission. It was stated that Chief Justice WARREN and the other seven members of the Commission would likely come to Dallas next week.

This article stated that another sign that the Commission was nearing the end of its probe was that Governor and Mrs. CONNALLY had received invitations to appear in Washington April 21 next. The article stated that Mr. J. LEE RANKIN would personally question RUBY in Dallas.

This article stated there is a possibility that Police Chief JESSE CURRY and Homicide Captain WILL FRITZ may be asked to go to Washington to testify before the full Commission.

This article concluded by stating that in another development, three Commission members had arrived in Mexico

Dear Mr. Rankin:

Reference is made to my previous letters of March 17 and 26, 1964, which forwarded copies and translations of articles by Thomas Gittings Buchanan, Jr., in recent issues of the French newspaper, "L'Express."

There are enclosed a copy of Buchanan's article which appeared in the March 19, 1964, issue of that newspaper and two copies of a translation of the article made by this Bureau.

For your information, a copy of the translation of the article is being furnished to the United States Secret Service inasmuch as certain information in Buchanan's article relates to possible threats against the President of the United States.

You will be furnished copies of future articles authored by Buchanan in "L'Express" as well as translations thereof.

Mrs. Marina Oswald
Post Office Box No. 1407
Grand Prairie, Texas

Dear Mrs. Oswald,

Recently I was in the vicinity of Dallas in order to collect information about your late husband, but was unable to arrange a meeting with you because of the established conditions of security.

I wish to write an interpretative biography of your late husband and, therefore, need certain information which only you can give me. Permit me to say that I wish to attempt to give, to everything more meaning than is shown now in the press and other organs of information (radio and television). More exactly, I wish to show the social and psychological factors which contributed to the formation of your husband's character. In this way I wish to say that people of a given society are responsible for health and welfare of other people with whom they come in contact. I am sure that if a real love and sympathy had been shown your husband at the proper time by people surrounding him, everything would have been different.

Please be so kind as to help me in the fulfillment of this task and answer the following questions as soon as you have time. I left a space for each answer, but if you need more, use some additional paper. I need correct information in order to write this biography in the best possible way.

NOTE:

Commission by letter 3/16/64 advised Rowland testified on 3/10/64 made allegations he observed "an elderly Negro" on the sixth floor of the TSBD where the shots were fired from. Investigation disproved this. Rowland also made comments that he was an "A" student and had an IQ of 147. The Commission wanted appropriate background investigation conducted to verify Rowland's testimony. Investigation determined Rowland did not graduate from high school, he was not an "A" student, his IQ was 109, and was further described as a "conniver and prevaricator" whenever it was to his advantage. Other comments he made before the Commission concerning his exaggerated background have been disproved. The Commission also requested a name check of our records regarding Rowland. Corrections of LHM requested and received 4/13/64.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: April 7, 1964

FROM : C. F. Downing

SUBJECT: LEE HARVEY OSWALD, AKA.
IS - R - CUBA

By letter dated March 26, 1964, J. Lee Rankin of The President's Commission referred a letter for translation from Paul Sites to Marina Oswald. It was noted that the material for translation was not enclosed with Rankin's letter. Mr. Melvin Eisenberg of the Commission was telephonically advised of this on 3/27/64, (confirmed by letter, 3/31/64) and said that he would look into the matter.

On 4/6/64 Eisenberg furnished the material for translation to Supervisor James C. Cadigan of the Laboratory.

The letter was written 4-6-64 in Russian by Paul Sites, Assistant Professor of Sociology, Department of Sociology, Baldwin-Wallace College, Berea, Ohio to Mrs. Marina Oswald, Post Office Box No. 1407, Grand Prairie, Texas. Sites expressed a desire to write an "interpretive biography" of Mrs. Oswald's late husband and requested certain information, which only she could provide. The writer said that he wishes "to show the social and psychological factors which contributed to the formation of your late husband's character." Sites asked that Mrs. Oswald furnish him with the answers to 16 questions which he posed relating to her meeting, marriage and life with Oswald, as well as to his relations with the Russians and his work in the Soviet Union:

ACTION:

Attached for approval is a proposed reply to Rankin dated April 7, 1964 furnishing the required translation.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated March 3, 1964, which requested that certain investigation be conducted by this Bureau based on the Commission's review of the testimony of Marina Oswald before the Commission.

There are enclosed for your information two copies of a memorandum captioned "Lee Harvey Oswald," dated April 1, 1964, at Dallas, Texas, which contains the results of our investigation concerning item number one and item number three in your letter. With reference to item number one you requested that efforts be made to locate "two thick books on the history of the United States" which Marina Oswald stated Lee Harvey Oswald carefully read when they resided on Elsbeth Street, in Dallas, Texas. In connection with item number three you requested that investigation be conducted in the Love Field area in an effort to develop information showing Oswald's practice with his rifle and his purchase of ammunition.

APR 14 1964

The enclosed memorandum identifies the two history books as Volume I and Volume II of "The Outline of History" by H. G. Wells and these books have been assigned Evidence Item Number D-184 and D-185, respectively. Examination of these two books disclosed that no marginal notations, interlineations or any other extraneous markings were found, except a few scribbled markings in red were noted on pages 728 and 729 of D-185. A one-quarter inch (approximately) black mark was also noted in the left margin on page 968 of D-185.

ENCLOSURE

BY COURIER SVC.
78 APR 1
CUMMINGS

APR 17 1964

ORIGINAL FILED IN 62-109090-B1

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED EXCEPT WHERE SHOWN OTHERWISE

Honorable J. Lee Rankin

Enclosed are the two books, together with two sets of three photographs of each book which show the front cover, the back cover and the spine of each book.

With reference to item number three of your letter dated March 3, 1964, the enclosed memorandum reveals that only two sources of 6.5 M/M Mannlicher-Carcano, Western Cartridge Company, ammunition were located in the Dallas - Irving, Texas, area. These sources are Mason's Gun Shop, 7402 Harry Hines Boulevard, Dallas, and The Gun Shop, 11448 Harry Hines Boulevard, Dallas, Texas.

On March 26, 1964, two boxes, 20 rounds each, of 6.5 M/M Mannlicher-Carcano, Western Cartridge Company, ammunition were obtained and furnished to the FBI Laboratory. One of these boxes, which contained cartridges loaded with hunting-type bullets (soft point), was obtained from John Thomas Mason, owner, Mason's Gun Shop. The other box, containing cartridges loaded with military-type bullets, was obtained from John H. Brinegar, owner, The Gun Shop. It has been ascertained that the cartridges in the box obtained from Mason were comprised of Western 6.5 M/M Mannlicher-Carcano cartridge cases which are the same in all observable, physical characteristics as the C6, C7 and C38 cartridge cases found in the Texas School Book Depository. The bullets loaded into these cartridges are "soft point" hunting-type bullets and are not the same as the assassination bullet. The cartridges contained in the box obtained from Brinegar are the same in all observable, physical characteristics as the cartridges represented by the assassination bullet and bullet fragments, C1 through C3, and the C6, C7 and C38 cartridge cases, as well as the C3 cartridge from the C14 rifle. Examination of the cartridges in these two boxes revealed nothing to indicate whether or not the ammunition used in the assassination came from either of the above-mentioned sources.

This concludes our investigation of the six items requested in your letter of March 3, 1964.

Sincerely yours,

J. Edgar Hoover

Enclosures - 16

NOTE:

Items 2, 4, 5 and 6 referred to in the Commission's letter were previously handled by Bureau letters to the

(NOTE CONTINUED PAGE TWO)

Honorable J. Lee Rankin

NOTE CONTINUED:

Commission and this completes our investigation of the 6 requests contained in the Commission's letter of 3/3/64. We obtained the two history books from Robert Oswald, brother of Lee Harvey Oswald. He had previously obtained same from the Ruth Paine residence on 12/8/63. Concerning item number 3, attached 23-page Dallas memorandum shows extensive and thorough additional investigation has been conducted in accordance with the Commission's request and no information was developed to show where Lee Harvey Oswald had practiced with his rifle or purchased ammunition for same. Laboratory Supervisor Cadigan examined the two history books, and Laboratory Supervisor Cunningham examined the two boxes of cartridges. Mr. Belmont and Mr. Malley have reviewed the enclosed Dallas memorandum.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Articles by Thomas Gittings Buchanan, Jr., on his version of the assassination of President Kennedy have been appearing in the French newspaper, "L'Express," in recent weeks. Copies of the past articles have been received from the Legal Attache (Legat), Paris, and have been furnished along with translations prepared at the Bureau to the President's Commission. Buchanan worked for the "Washington Evening Star" as a reporter from 1946 to 1948 when he admitted Communist Party (CP) membership to an official of that paper and was dismissed. He admitted CP membership to Bureau Agents in 1952 and 1953 but claimed in 1956 that he had left the CP. His name is carried on the Reserve Index.

The previous articles by Buchanan have been based on speculation and unfounded material previously published to the effect that Oswald was an Agent of the FBI and/or Central Intelligence Agency (CIA) and that the investigation of the assassination was covering up discrepancies which would tend to establish doubt of Oswald's guilt. Buchanan's article in the 3/19/64 issue of "L'Express" captioned, "Dallas. Now Ruby is in Danger," has been received from Legat, Paris, translated and reviewed.

Buchanan claims that Jack Ruby, convicted slayer of Oswald, will attempt to commit suicide. The attempt will be successful, Buchanan states, so that Ruby can be made to "disappear" just as Oswald did before him, thus eliminating "the principal danger of indiscretions in connection with the assassination" of President Kennedy. Buchanan calls for the President's Commission to have Ruby protected while his appeal is pending since leaving him in the "hands of police ... would not only be inhuman but would compromise again the chances of the investigation."

62-109090-

Buchanan claims that the first shot in the assassination was fired from the railroad bridge in front of the President's motorcade and that four shots in all were fired, the fourth making a small bullet hole in the windshield of the President's car and missing a human target. Buchanan claims to have been assured during a recent trip to the

Enclosure sent 4-10-64
105-82555
JMS:klw

11 APR 14 1964

United States by an official investigator whose name he could not reveal that if there were four shots fired, there had to be two assassins. Information in the article also implies that Ruby could have fired the first shot on the bridge and then run to the newspaper office where he appeared shortly after the assassination.

Other points he discusses which cast doubt on Oswald's guilt include the lack of powder found on Oswald's cheek as shown in the paraffin tests; the fact that Oswald must have been an exceptional marksman to have hit President Kennedy while most "official circles" seemed to believe that Oswald was a mediocre shot; and the fact that Oswald did not eat the food or smoke the cigarettes found on the sixth floor of the Texas School Book Depository.

Buchanan also implies that Ruby must have possessed special knowledge to have arrived at the Dallas jail just two minutes before he shot Oswald at 11:21 a.m. on 11/24/63 when the transfer of Oswald had been publicly announced for 10:00 a.m. on that same date.

Buchanan reports that in his visit to the United States recently he stopped in Dallas, Miami, New York City and Washington, D. C., in his inquiry into the assassination of President Kennedy. While in Washington, D. C., he reports that he talked to Deputy Attorney General Katzenbach and Mr. Howard Willens of the President's Commission. (We have received information regarding these contacts by Buchanan in the past.) Buchanan claims that Willens took notes of his report on the assassination. However, Buchanan stated he was not at liberty to write about certain points he discussed with Willens. Willens also reportedly asked Buchanan for all documentation concerning the assassination which could be supplied by "L'Express." Buchanan states that he believes the President's Commission is now more receptive to "proof elements" which contradict the generally accepted version that Oswald, acting alone, killed President Kennedy.

Buchanan's article claims that Miami is the city in the United States where the President of the United States runs the greatest risk of being killed. He states that this is so because there is considerable racial tension there and because some Cuban exiles living there would like to have the President of the United States assassinated and the blame then placed on Castro forces. According to Buchanan such Cuban exiles believe that the assassination of the President would bring about the military occupation of Cuba in retaliation. Secret Service is being furnished a copy of the translation of this article by Liaison in view of the above information relating to possible danger to the President's life.

Re: ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY,
DALLAS, TEXAS, 11/22/63

J. Edgar Hoover
John Edgar Hoover, Director

FBI File No.
Lab. No. 63-109090
D3-03185 DK EB

Examination requested by: The President's Commission

Reference: Letter 4/8/64

Examination requested: Hipcamp - Spectrographic

Remarks:

The evidence listed in the enclosed report is being returned to the Laboratory.

The evidence has been assigned "Q" numbers. In any correspondence with the President's Commission, the "Q" numbers should be used rather than "Q" numbers.

Photographs of C311, front and back, C312, front and back, C313, front and back and C314, front only, have been made. Two sets of these seven photographs are enclosed. One set is for the completion of your file. The Dallas Office should prepare an investigative report and enclose the second set of photographs to the copy of this report which is prepared by the SAC and delivered to the Bureau. This copy will become the Bureau's file copy.

It will not be necessary for the Dallas Office to prepare the usual two copies of the investigative report for the President's Commission as the information in the enclosed report was furnished to the Commission by letter along with two copies of the photographs.

2 - Bureau (Encls. 9 - Photographs, 2 Lab report)

NOTE: The information contained in the enclosed report was furnished by letter 4/16/64, to the President's Commission.

(continued on next page)

C006 C011 [illegible] coat worn by Governor John Connally

C007 C012 [illegible] trousers worn by Governor John Connally

C008 C013 White dress shirt worn by Governor John Connally

C009 C014 Necktie worn by Governor John Connally

(continued on next page)

Results of examination:

Each hole in Governor John Connally's coat, shirt and trousers has the general appearance of a bullet hole and could have been made by a bullet. No hole was found in the tie.

The hole in the back of the coat is approximately 1/4" by 5/8", being elongated in a horizontal direction. The elongation could be due to one or more of the following: (1) a bullet passed through the cloth at an angle to the surface, (2) the cloth was folded when a bullet struck (3) the hole was made by a mutilated bullet or (4) a bullet struck sideways.

The hole in the front of the coat is approximately 3/8" in diameter and circular in shape.

The hole in the sleeve is approximately 3/8" by 5/8" being elongated in a horizontal direction. The elongation of this hole could be due to one or more of the aforementioned causes.

It is to be noted that holes corresponding to the three holes referred to above were found in the shirt. Due to the excessive tearing of the cloth, none of these holes were well defined.

The hole in the left trouser leg is approximately 1/4" in diameter and roughly circular in shape.

It was determined from the locations of the holes in the coat and shirt that a bullet entering the back, passing undeflected through the body and leaving the front, would have passed through Governor Connally at an angle of approximately 35 degrees downward from the horizontal and approximately 20 degrees from right to left if he was sitting erect and facing forward at the time he was shot. These angles are such that it would have been possible for Governor Connally's right arm and left leg to have been in direct line with the projectile. Any change in Governor Connally's position would affect the angles set out above. The possibility should not be overlooked that garments can shift from their normal position on the body. There is no way of determining, from an examination of the clothing, whether such a bullet may have followed a straight line path or may have been deflected in the body.

Nothing was found to indicate which holes were entrances and which were exits. The coat, shirt and trousers were cleaned prior to their receipt in the Laboratory, which might account for

(continued on next page)

the fact that no foreign deposits of metal or other substances were found on the cloth surrounding the holes. Further, no characteristic position of the fibers of the cloth around the holes, which is one of the factors considered in determining whether a hole is an entrance or an exit hole, was found. The sizes of the holes in the clothing do not necessarily aid in this determination since a hole can be enlarged if a bullet strikes at an angle, sideways or partially sideways, or if it passes through a fold in the cloth. Also, if a bullet is irregularly mutilated, an entrance hole could be larger than an exit hole.

It was not possible from an examination of the clothing to determine whether or not all of the holes were made by the same projectile or projectile fragments.

April 9, 1964

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20535

Dear Mr. Hoover:

This will confirm the telephone request made to have your Bureau examine the clothing worn by Governor Connally on November 22, 1963. The items of clothing to be examined consist of a black suit jacket, black suit trousers, white dress shirt, and tie.

We are interested to know if all of the holes could have been made by one missile. The theory has been advanced that the bullet entered Governor Connally's back, exited from his lower chest, entered the dorsal aspect of his wrist, exited from the volar or underside of his wrist, and then entered his left thigh. As you may know, the hole in the front of the suit coat is very small by comparison to the hole in the wrist area on the suit jacket. Please advise us on what an examination discloses as to:

(a) the path of the missile with respect to determinable entrance or exit holes,

(b) whether the same bullet could have exited from the front of the coat and entered the wrist area of the jacket,

(c) whether the same missile could have then proceeded through the Governor's wrist and made the hole in the left leg area, and

(d) any other findings.

62-109090-

Sincerely yours,

J. Lee Rankin

Washington, D. C.

Dear Mr. Rankin:

Refer to departing from Mexico City, Messrs. W. David Slawson and Howard P. Willens of your staff requested our representatives in Mexico to furnish information in several areas of interest to the Commission. Included among the material sought were an analysis of toll house of the Cuban and Soviet Consulates in Mexico and data concerning the operating procedures involved in obtaining Cuban transit visas.

It appears to us that the aforementioned areas of interest fall properly within the province of the Central Intelligence Agency. Accordingly, you may desire to communicate with that Agency concerning your interest in the Cuban and Soviet Consulates in Mexico. The Central Intelligence Agency is being advised of your interest as aforesaid.

Inquiry is being conducted in other areas of the Commission's interest as defined by Messrs. Slawson and Willens and the results thereof will be promptly furnished to you.

Dear Mr. Rankin:

Reference is made to your letter dated April 17, 1964, inquiring as to the time of day Mrs. Horace Twiford of Houston, Texas, received a telephone call from Lee Harvey Oswald in late September, 1963, and as to schedules of buses departing from Houston, Texas, en route to Laredo, Texas, on the evening of September 25, 1963.

The results of our reinterview of Mrs. Horace Twiford are set forth in our report in the Oswald case dated January 14, 1964, at Houston, Texas. She estimated that she received the telephone call in question between 7 p.m. and 9 p.m. Our report concerning Oswald, dated December 11, 1963, at Houston, Texas, sets forth the bus schedules between Houston, Texas, and Laredo, Texas, of the Greyhound and Continental Trailways lines. Additional material touching on the time schedule of Oswald's trip from New Orleans, Louisiana, to Mexico City, Mexico, appears in our report in the Oswald case dated February 20, 1964, at Houston, Texas, and in our letter dated April 7, 1964, concerning the revelations of Dr. and Mrs. John B. McFarland.

Sincerely yours,

J. Edgar Hoover

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Mohr

DATE: 4-15-64

FROM : W. S. Tavel

SUBJECT: CORRESPONDENCE FROM MRS. J. ANCLIN
TO THE WARREN COMMISSION
FEDERAL BUREAU OF INVESTIGATION
WASHINGTON, D. C.

A letter dated March 28, 1964, from Mrs. J. Anclin was received in the Records Branch of the Files and Communications Division in an envelope addressed to "The Warren Commission, Federal Bureau of Investigation, Washington, D. C." Mr. Tolson has requested an explanation as to why this envelope was opened.

The letter was opened by Mrs. M. Helen Rose, an employee in the Routing Unit of the Records Branch. Mrs. Rose states that she felt the envelope should be opened and did so since it was addressed to the Federal Bureau of Investigation. We, of course, receive hundreds of misaddressed envelopes, many of which have mixed addresses, which include the FBI as part of the address. Each piece must be evaluated individually and handled by the router since no general rule covering all such situations can be established. Since Mrs. Rose was acting within her discretion and since the "Federal Bureau of Investigation" was included as part of the address, I feel that no administrative action should be taken against Mrs. Rose in this instance. In view of Mr. Tolson's comment, I have instructed the employees in the Routing Unit that any envelopes in which the Warren Commission is included in the address should not be opened but should be sent unopened to Inspector James R. Malley who is acting in a liaison capacity with the Warren Commission.

RECOMMENDATION:

Submitted for information.

NOTE CONTINUED:

The material requested by Commission has previously been furnished in indicated communications. We know with exactness the time schedule of his trip between Houston and Mexico City, for we know through eyewitnesses the buses on which he traveled. We have not located a record of his trip from New Orleans to Houston; however, Oswald told the McFarlands, fellow passengers with him on the buses from Houston to Mexico City, that he left New Orleans about 2 p.m. 9/25/63, which is probably accurate.

April 17, 1964

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20535

Dear Mr. Hoover:

On pages 4 and 5 of the Report of Special Agent Dalrymple dated December 4, 1963, Mrs. Horace Twiford states that at some time in October or late September she received a call from a man who identified himself as "Lee Oswald." The caller said that he had "a few hours" before leaving for Mexico and would like to speak with Mr. Twiford. Mrs. Twiford replied that Mr. Twiford was employed as a merchant seaman and was presently out of the country on a voyage, but that Mr. Oswald could communicate with him by letter at any time.

The Bureau and the Secret Service have checked the circumstances surrounding this call and it appears to have been quite innocent. Mr. Twiford apparently previously forwarded some Socialist Workers Party literature to Lee Harvey Oswald, and Oswald, who was previously unknown to the Twifords, merely wanted to stop and converse with Mr. Twiford while he was in town. The Twifords live in Houston, Texas.

In trying to reconstruct the time schedule of Lee Harvey Oswald's trip from New Orleans to Mexico City, the Commission feels that it would be helpful to know the approximate time of day that Mrs. Twiford received this call. We would appreciate the Bureau's efforts to determine this fact.

In addition, it would also be helpful to know what, if any, buses departed Houston for Laredo, Texas on the evening of September 25, 1963 subsequent to the approximate time of this telephone call. The Commission is interested in learning whether the bus which Mr. Oswald actually took was the earliest one he could have taken under the circumstances.

Sincerely,

J. Lee Rankin

NOTE TO
SACs OKLAHOMA CITY AND DALLAS:

Re Dallas airtel 4-15-64 and Bureau letter 4-20-64 to the President's Commission concerning Mrs. Mark E. Martin's telephonic contact with the Dallas Office on 4-11-64. The above is being furnished for your information.

NOTE:

Shirley Martin has been characterized as a "bright nut," and is well known to the Bureau due to the fact she has written numerous offensive and insulting communications to the Bureau. Since the assassination, she has engaged in her own investigation of the events.

Full details concerning her background have been furnished in several prior memoranda, the latest two being:

M. A. Jones to Mr. DeLoach memorandum 4-2-64, captioned, "Mrs. Mark E. Martin, Hominy, Oklahoma," ELR/eab.

A. Rosen to Mr. Belmont memorandum 4-20-64, captioned, "Mrs. Mark E. Martin, aka. Shirley Martin, Box 566, Hominy, Oklahoma, Information Concerning," RDR/vhm.

The attached communication from Dallas discloses the receipt of an additional letter from Hominy, Oklahoma, captioned, "World Press" apparently authored by Martin bearing the date 4-16-64. This was received by Dallas on 4-17-64 and in effect states the rifle used to kill President Kennedy could not have fired all three shots and infers there must be a second rifle. The communication cautions the "Warren" Commission to not cease its inquiry until this matter is thoroughly checked out.

This is another in a series of crank-type letters authored and apparently being disseminated by Mrs. Martin. An SAC Letter has been prepared to alert the field to her activities.

Washington, D. C.

Dear Mr. [illegible]:

There is enclosed a list identifying two reports setting forth the results of our investigation concerning Jacob and Jeanne De Mohrenschildt. Two copies of each of these communications are also enclosed.

The Bureau will continue to furnish you copies of communications in duplicate as additional investigation is completed.

Sincerely yours,

J. Edgar Hoover

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

At the request of the Commission Mr. Herbert C. Orth of Life magazine provided the original of the Zapruder motion picture film of the assassination for review by the Commission representatives. As a result of this review Mr. Orth volunteered to make thirty-five millimeter color slides of the pertinent portions of this film and make copies for the Commission, Secret Service and this Bureau. Three sets of these slides, 169 slides in each set, have been received from Life magazine and one set for the Commission is attached. One set is being furnished to Secret Service in compliance with your request. The remaining set is being retained in the FBI Laboratory.

Sincerely yours,

J. Edgar Hoover

NOTE:

Representatives of the Commission, then in Mexico last week, asked for papers on eight specific areas. They were principally interested in list of Bureau Agents in Mexico, together with the areas of their work in the Oswald case. The Director has instructed that we comply with the Commission's request in this regard. Two of the areas in which Commission was interested, dealing with American coverage of Cuban and Soviet Embassies in Mexico, lie within province of CIA and Legat, Mexico City, recommends Commission be referred to CIA in this regard. Prior to leaving, the representatives withdrew a request that Legat, through Mexican immigration, attempt to locate and control Albert Osborne, the 76-year-old self-proclaimed minister who sat next to Oswald on bus during trip into Mexico 9/23/63. Osborne has been interviewed, has been untruthful and has denied sitting next to Oswald. The other areas in which Commission desired papers are being worked on by the Legat. Legat's 4/10/64 cab states that Rodriguez, the night-watchman at the Del Comercio Hotel, where Oswald stayed in Mexico City, now recalls calling taxi for him on the early morning of his departure from the hotel. The belated receipt of this information may give rise to questions as to why Rodriguez did not come forth before this, hence, necessary to present complete, accurate picture on receipt of this information.

BY SPECIAL MESSENGER

Honorable Gerald R. Ford
House of Representatives
Washington, D. C.

My dear Congressman:

I want to let you know how much I enjoyed talking to Mrs. Ford and you during the party at DeLoach's home last night. Particularly, I was very pleased to discuss in this informal manner some vital issues of interest to you as well as the FBI. Let me say that I found your observations to be both helpful and germane. It is always encouraging to know that we have alert, vigorous Congressmen, such as you, who are aware of the needs and problems confronting our country, and I wish you every success in meeting your grave responsibilities.

Whenever you have an opportunity, I would be happy to have Mrs. Ford and you drop by FBI Headquarters for a special tour of our facilities, and of course, I would like you to feel free to call on me any time our help is needed or when we can be of service.

With kind personal regards,

Sincerely yours,

J. Edgar Hoover

1 - Mr. DeLoach

NOTE: The Director talked at some length with Congressman Ford last evening, 4-16-64, at Mr. DeLoach's home. Congressman Ford is a member of the Presidential Commission investigating the assassination of President Kennedy. Mrs. Ford indicated during the evening that she would be interested in touring FBI Headquarters sometime.

ORIGINAL FILED IN 62-109090-2934

NOTE:

See memo A. Rosen to Mr. Belmont dated 4-2-64, captioned, "Assassination of President John F. Kennedy, November 22, 1963, Dallas, Texas," KMR/vhm, which pertains to Carthron who alleged a "voice from God" said Hoffa "triggered" the assassination of President Kennedy.

Carthron was interviewed by Agents of WFO, at which time he claimed during a dream "Our Lord Jesus Christ" spoke to him saying Jimmy Hoffa killed President Kennedy. Carthron was arrested on 3-26-64 at Salisbury, Maryland, on an assault warrant obtained by his father, and he was subsequently taken to the Eastern Shore State Hospital, Cambridge, Maryland, but was released even though he was judged mentally incompetent, as he was not a resident of the State of Maryland. He should have been committed in Georgia.

In view of the fact that Carthron believes the responsibility for the assassination of President Kennedy was directly attributed to Hoffa, and further he alleged he had a dream in which he was chosen to eliminate Hoffa, WFO and Detroit are being instructed to furnish background information regarding Carthron to MPD and Detroit PD. Hoffa is not being advised personally of this matter due to previous investigations of him.

In view of subject's propensity for violence, copies of letterhead memorandun and insert being furnished to Secret Service.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to my letter dated March 30, 1964, furnishing you with the results of our inquiry into the allegation of Mark Lane before the President's Commission. Lane stated that a week prior to the assassination of President Kennedy a meeting took place at the Carousel Club in Dallas, Texas, which was attended by Mr. Bernard Weissman, Dallas police officer, J. D. Tippit, and Mr. Jack Ruby.

On March 26, 1964, a confidential source of our New York Office, who has furnished reliable information in the past, advised that Vincent Theodore Lee, former Director of the National Office of the Fair Play for Cuba Committee (FPCC), had related similar statements that President Kennedy was actually assassinated by Dallas police officers Tippit, and that one week before the assassination Tippit, the head of the John Birch Society in Dallas, and an unnamed third party, possibly Oswald, were together in Jack Ruby's night club. Lee reportedly obtained his information from other individuals previously active in the FPCC. Lee further stated that while Oswald was an advocate of the FPCC he had also joined a number of anti-Castro movements and was, therefore, in a position to know everything on both sides of the issues involved.

On March 28 Lee was contacted by a Bureau representative at his residence [illegible], at which time he furnished additional information to the Bureau [illegible]

((2))

MAIL ROOM ☐ TELETYPE UNIT ☐

NOTE: Lee reportedly obtained his information from other individuals previously active in the FPCC. Lee further stated that while Oswald was an advocate of the FPCC he had also joined a number of anti-Castro movements and was, therefore, in a position to know everything on both sides of the issues involved.

Honorable J. Lee Rankin

Lee Harvey Oswald. He stated that he knew nothing of an evidentiary nature regarding stories being circulated to the effect that Patrolman Tippit of the Dallas Police Department, Jack Ruby, and the John Birch Society were involved in the assassination of President Kennedy. He stated that in his opinion the John Birch Society could have been involved but that his opinion was based solely on his feelings and not on facts in his possession. Specifically, he stated he had no information concerning any meeting between Mr. Bernard Weissman, Officer Tippit, and Jack Ruby.

Sincerely yours,

J. Edgar Hoover

NOTE:

Lee, following assassination of President Kennedy, made available to FBI through his attorney, certain correspondence between FPCC and Oswald, which data has been furnished to the President's Commission. He subsequently, however, has refused to be interviewed. Following receipt of the above unsupported allegation it was felt Lee should be recontacted and given an opportunity to put up or shut up in view of his past position and influence as head of FPCC. Results incorporated as above in letter to Commission. Previous investigation mentioned above developed no information indicating that such a meeting ever took place or was ever likely.

Memorandum

TO : Mr. Belmont

DATE: 4/15/64

FROM : A. Rosen

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
REQUEST OF THE PRESIDENT'S COMMISSION

In accordance with the request of the President's Commission, Bureau personnel, including Mr. Shaneyfelt of the Laboratory, Mr. Gauthier of the Exhibits Section, and Mr. Malley, were present at which time certain slides printed from the Abraham Zapruder movie film depicting the assassination of President Kennedy, which were obtained by the Bureau from "Life" magazine, were shown. Also present at the Commission office were the following:

Commander James J. Humes, Director of Laboratories, Navy Medical School, U. S. Naval Hospital, Bethesda, Maryland;

Commander J. Thornton Boswell, Chief Pathologist, U. S. Navy Medical School, Bethesda;

Colonel Pierre A. Finck, Chief of Wound Ballistics, Pathology Branch of the Armed Forces Institute of Pathology, Washington, D. C.;

Dr. A. G. Olivier, Chief of Wound Ballistics Branch, Edgewood Arsenal;

Dr. F. W. Light, Jr., Deputy Chief, Biophysics Division and Chief of Wound Assessment Branch, Edgewood Arsenal.

The purpose of the showing of this film, as it developed during the meeting, was to give the doctors present an opportunity to see the actual movie of the shooting of the President as well as the slides which had been made which were much clearer than the actual movies. The Commission desired the doctors present in order to obtain from them their views concerning the actual manner in which the President was shot.

Memo to Mr. Belmont from Rosen
Re: Assassination of President

Malley should know how to spell Gov. Connelly's name

During this session Commander James J. Humes advanced the theory that the first shot entered the President's body in the rear in the neck region a few inches below the head and followed a pattern through the neck and exited in the front without encountering any bone or other objects which slowed the bullet to any degree. Commander Humes was of the opinion the bullet continued and struck Governor Connolley in the back on the right-hand side below the shoulder and exited on the right-hand side of Governor Connolley in the chest area. Commander Humes stated that here again, based on medical reports received from doctors in Texas who examined Governor Connelley, the bullet met with no serious obstruction and passed through the body, merely grazing one of the rib bones. It was Commander Humes' opinion that the bullet from the first shot apparently lodged in some manner in the clothing of Governor Connolley and this bullet is the one which was found on the stretcher on which Governor Connolley was brought to Parkland Hospital in Dallas, Texas. Commander Humes states this bullet was not damaged in any way and it is for this reason he feels that the first shot definitely passed through both the body of the President and Governor Connolley.

In explaining his feelings concerning this theory, Commander Humes stated that another shot is believed to have hit the right wrist of Governor Connolley with such an impact that it caused the bullet to break into many fragments and he noted that many fragments were found in the right wrist area of Governor Connolley as well as in the thigh of the left leg.

Relative to the third shot which was fired, which based on the photographic material available is believed to be the one which hit the President's head, Commander Humes advised that there is no question that this bullet separated into many fragments upon impact and many fragments were found in the skull area of the President. He noted that one fragment had apparently struck the front windshield from the inside inasmuch as the examination of the windshield did detect some lead deposit where an object had struck the inside of the windshield. Commander Humes states that the fragment which struck the windshield could have been from this shot which struck the President's head or could have been a fragment from the shot which hit Governor Connolley's wrist.

The other doctors present did not completely confirm the theory of Commander Humes but felt, based on their review of the pictures, noting the movements of Governor Connolley in the President's automobile and the general location of the occupants in the car, that there was a possibility this theory was correct.

Staff members of the Commission gave no indication what additional action they planned relative to this theory. It is noted that any comments made in the past by the Bureau relative to the shots that struck the President and Governor Connolley were based completely on medical reports furnished the Bureau by Doctors at Parkland Hospital and the results of the autopsy of the U. S. Naval Hospital, Bethesda, Maryland.

Memorandum

TO : Mr. Conrad

DATE: April 15, 1964

FROM : W. D. Griffith

SUBJECT: LEE HARVEY OSWALD
IS - R - CUBA

Mr. Melvin Eisenberg of the President's Commission telephonically advised SA Cadigan today that he tentatively expects handwriting testimony from SA Cadigan on April 30, 1964. He said he believes the testimony will concern the handwriting identifications of various exhibits connected with the purchase of the murder rifle from Kleins store in Chicago and the .38 caliber revolver purchased in Los Angeles, California. He further advised he would probably want a conference with SA Cadigan sometime next week but would confirm this later.

Dear Mr. Hoover:

We would appreciate further investigation by the Federal Bureau of Investigation for the purpose of locating a safe deposit box which Lee Harvey Oswald may have rented in his name, a member of his immediate family or any assumed name in one of the following localities which he was known to have visited since his return from Russia.

Irving, Texas
Fort Worth, Texas
Dallas, Texas
Houston, Texas
Laredo, Texas

According to the Gemberling Report, dated December 23, 1963, subject Lee H. Oswald, pages 662 to 666, the officers of the banks contacted all advised that no checking accounts or any other banking accounts could be located. Page 660 refers to the West Side State Bank, Fort Worth, and pages 667 to 669 refer to the First National Bank of Fort Worth. In this regard it would be appreciated if you would advise us whether this statement was made by [illegible] safe deposit boxes.

The agents making the inquiries at the various banks should carry a picture of Oswald, just in case the safe deposit box was leased in a name not known at the present time.

Thank you for your assistance in this matter.

Sincerely,

J. Lee Rankin

Memorandum

TO : Mr. Belmont DATE: 4/14/64

FROM : A. Rosen

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
11/22/63, DALLAS, TEXAS

Memorandum from Rosen to Belmont dated 4/8/64 set forth information indicating that a book stamped "Top Secret", which was a reprint of the Presidential Fact Finding Committee on the Assassination of President Kennedy, was observed in the front seat of an automobile whose license was issued to Representative Hale Boggs (D. La.), who is a member of the President's Commission.

Congressman Hale Boggs was confidentially advised of this on April 12, 1964, by Mr. DeLoach. He stated the car was his; however, the material was irrelevant and also stated the car was locked.

Secret Service Agent Tom Kelley telephoned concerning this same incident and inquired what action the Bureau was taking concerning this incident inasmuch as the Secret Service had been supplied the same data and they did not wish to duplicate action the Bureau might take.

RECOMMENDATION:

If approved, Tom Kelley of the Secret Service will be advised that this incident was discussed with a member of the President's Commission, without identifying Hale Boggs as the person it was discussed with, and we are taking no further action.

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Washington, D.C.

Dear Mr. Hoover:

This will confirm telephone conversations between Mr. Wesley J. Liebeler of our staff and Mr. Malley and Mr. Branigan of your office, in which Mr. Liebeler requested the following documents:

1. The originals of all correspondence between Lee Harvey Oswald and the Fair Play for Cuba Committee.

2. Photostats of the correspondence between the Socialist Party and Lee Harvey Oswald. Those photostats are referred to in the report of Special Agent Richard L. Kesler (Internal Security-R), dated December 18, 1963, at Charlotte, N.C.

3. The file of the New York City Department of Welfare relating to the assistance rendered by them to Oswald and his family in June 1962. That file is referred to in the report of Special Agent John James O'Flaherty (Internal Security-R), dated December 17, 1963, at New York.

4. The original copies of correspondence sent to Lee Harvey Oswald by the Communist Party USA, the Socialist Workers Party, the Fair Play for Cuba Committee, and any individuals associated with any of those organizations. Those letters would, of course, have been found in Oswald's effects. A partial inventory of them appears at pages 386-389 of the report of Special Agent Gemberling, dated January 7, 1964, at Dallas, Texas.

We would also like to have any materials which you may have obtained from the Travelers Aid Society in New York City relating to Oswald's contacts with them in June 1962 and any material which you may have obtained from the Immigration and Naturalization Service in New York City concerning Oswald's return to the United States at that time.

Sincerely,

J. Lee Rankin
General Counsel

Memorandum

TO : MR. BELMONT

DATE: 4/8/64

FROM : A. ROSEN

SUBJECT: ASSASSINATION OF PRESIDENT JOHN KENNEDY
11/22/63, DALLAS, TEXAS

Reference is made to the airtel from the Baltimore office in the above-captioned matter indicating a book on the front seat of a car believed belonging to a Member of Congress was seen at Friendship Airport. The book was stamped "Top Secret" and it was a reprint on the Presidential Fact Finding Committee on the Assassination of President Kennedy. The door of the car did not seem locked and the individual reporting this to the Baltimore office thought this was a major breach of security.

This matter has been checked by the Washington Field office and we have ascertained that the black Mercury with Washington, D. C. license 7J173 is a leased car by the Lincoln Mercury Division of the Ford Motor Company. The car is supposed to be assigned to the U. S. House of Representatives to the Majority Whip, 261 Constitution Ave. N.W. The Majority Whip of the House of Representatives is Representative Hale Boggs (D-La.) who is a member of the Presidential Commission looking into the Assassination of President Kennedy.

The Washington Field office in checking this today ascertained that the Secret Service was also interested in this same matter.

ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, 11-22-63, DALLAS, TEXAS MISCELLANEOUS INFORMATION CONCERNING

Re Baltimore airtel 4/7/64.

The records of the Department of Motor Vehicles, Washington, D. C., reflect that 1964 D. C. license 7J173 is a cover number, the identity of which is not released to the public. According to Mr. CHARLES HEFLIN, Department of Motor Vehicles, this tag is listed to the Lend-Lease Office of the Lincoln-Mercury Division for a 1964 four-door Mercury for the use only of the U. S. House of Representatives Majority Whip, 261 Constitution Avenue. The Washington Telephone Directory reflects that the District Sales Offices of the Lincoln-Mercury Division of the Ford Motor Company are located at 261 Constitution Avenue, N. W. The House Majority Whip is HALE BOGGS from Louisiana. Mr. HEFLIN advised that the U. S. Secret Service had also made inquiry concerning the listing of this number on 4/8/64. 62-109090

SUBJECT: MARK LANE
SECURITY MATTER - C

Mark Lane is the New York attorney who injected himself into the Oswald case through the "National Guardian" newspaper. He was publicly announced as having been retained by Marguerite Oswald as attorney for her son although on a recent date the newspapers reported that she had disassociated herself from him. He has been traveling throughout the U.S. giving lectures attempting to show that Oswald was not the assassin of President Kennedy. At the request of the President's Commission, we have been obtaining recordings of his public appearances.

On 3-23-64 Lane applied for a passport, indicating he planned to depart the U.S. by air about 4-1-64 to visit England, France, Hungary, Denmark and Czechoslovakia for a stay of approximately 17 days. He indicated the purpose of the travel was to attend the convention of International Association of Democratic Lawyers and to lecture. The Commission was advised by letter 4-1-64 of Lane's proposed European trip.

We have received a copy of a telegram from the American Legation, Budapest, Hungary, addressed to the Secretary of State dated 4-7-64. Therein is reported that on 4-5-64 Lane delivered a speech at the International Lawyers' Congress. Lane was quoted in the press as disparaging the Warren Commission's investigation. Western press men who attended the address described his attacks on the U.S. in general and U.S. foreign policy specifically as "vitriolic" and "vituperative." One Western reporter asserts that he saw photostatic copies of FBI investigative reports which Lane was using in attempts to document his charges that the Kennedy killer is still at large and that the Oswald case was a frame-up.

2 ENCLOSURE

56 APR 23 1964

ORIGINAL FILED IN

MEMORANDUM FOR MR. SULLIVAN
RE: MARK LANE

OBSERVATIONS:

It seems highly unlikely that Lane would have copies of FBI reports. In a speech made by him at Reed College, Portland, Oregon, on 3-23-64, he stated that he had trouble obtaining complete transcript of his testimony from the Warren Commission and when he did he had to sign that he was aware he was in possession of "Top Secret" material. It is possible that the newsmen were referring to this transcript rather than FBI reports.

Lane is an unsavory character who is currently carried on our Reserve Index. It was determined that the District Attorney, Queens County, New York, had conducted an investigation of Lane in 1962 for alleged sodomy. In 1953 he was reportedly elected an ex officio member of the board of directors of the National Lawyers' Guild. In 1962 he was sponsored by "Burning Issues" to be drafted as a candidate for Congress. According to a confidential source this organization followed the principles of the National Communist Party leadership. Lane, in October, 1962, spoke at a meeting of the Emergency Civil Liberties Committee supporting Cuba and condemning the U.S. In 1962 and 1963 he was active with the New York Council to Abolish the House Committee on Un-American Activities.

Lane is hardly the type of person who would cooperate with us during an interview. Nevertheless, because of the serious nature of the allegation that he had photostatic copies of FBI investigative reports, it is incumbent that we contact him and make a demand for the alleged reports. Lane's present whereabouts is unknown since the Department of State advised that he left Budapest 4-6-64 with no given destination.

ACTION:

If you agree, New York will be telephonically instructed to contact Lane as soon as he returns to the U.S. and make a demand of him for the return of any FBI investigative reports. New York will be told to have two very experienced and capable Agents contact Lane.

FROM: Director, FBI (62-109060)

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
DALLAS, TEXAS
NOVEMBER 22, 1963
MISCELLANEOUS - INFORMATION CONCERNING

ReWFOlet 4-3-64, and Baltimore airtel 4-14-64.

In connection with Glenn T. Carthron, Jr, and his allegation that a "Voice from God" said that James Riddle Hoffa "triggered" the assassination of President Kennedy, WFO is instructed to verbally furnish complete background details concerning Carthron, including his arrest and possession of a weapon to the Metropolitan Police Department in view of the fact that Carthron may take some positive action against Hoffa.

Enclosed for Detroit are a letterhead memorandum dated April 10, 1964, and an FD-302 dated April 3, 1964, at Washington, D. C., concerning Carthron.

For your additional information, on March 25, 1964, Mr. Robert Cleary was interviewed at which time he informed Agents of WFO he was acquainted with Mr. Glenn T. Carthron, Jr., At a luncheon Carthron alleged James Riddle Hoffa "triggered" the assassination of President John F. Kennedy by obtaining $1,500,000 from the Teamsters Pension Fund and paid it to Jack Leon Ruby, who inturn obtained the services of Lee Harvey Oswald to carry out the assassination. Carthron has claimed that while he was residing in a hotel room in Philadelphia, Pennsylvania a "voice" spoke to him saying, "Hoffa triggered the assassination."

RE: ASSASSINATION OF PRESIDENT KENNEDY

In Mr. Cleary's interview he commented that Carthron was possibly in the same category as a person like Jack Ruby, who would take the law into his own hands to revenge the President's assassination, contending Hoffa bears the responsibility for it.

Sufficient information is contained in the attached enclosures concerning Carthron and his mental deficiency, which should be verbally furnished to the Detroit Police Department.

The Bureau is not aware whether Carthron has been taken into custody for placement in a mental institution in Georgia; he was last known to be in Washington, D. C.

The dissemination of this information to both the Metropolitan Police Department and the Detroit Police Department should be handled expeditiously and advise the Bureau by airtel when this has been done.

In view of subject's propensity for violence, copies of letterhead memorandum and insert being furnished to Secret Service.

April 20, 1964

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C. 20002

Dear Mr. Rankin:

In reply to your letter of April 3, 1964, requesting information from this Bureau's files concerning the Triangle Manufacturing Company, Oshkosh, Wisconsin, and Mr. A. Hillenbrandt, I am enclosing herewith three letterhead memoranda as follows:

1. A letterhead memorandum dated April 15, 1964, at Milwaukee, Wisconsin, setting forth available information from our files and the results of our inquiry to identify the Triangle Manufacturing Company, Oshkosh, Wisconsin.

2. A letterhead memorandum dated April 13, 1964, at Minneapolis, Minnesota, relating to the former Triangle Manufacturing Company of Minneapolis, Minnesota. As a review of this Bureau's files disclosed the existence of this company, the inquiry as set forth in this letterhead memorandum was conducted to determine whether or not there was any possible connection between the Triangle Manufacturing Company of Oshkosh, Wisconsin, and the company by the same name in Minneapolis, Minnesota.

3. A letterhead memorandum dated April 13, 1964, at Buffalo, New York, setting forth results of inquiry conducted in an effort to identify Mr. A. Hillenbrandt. There is no information in FBI files identifiable with Mr. Hillenbrandt.

The investigation requested in your letter of April 3, 1964, is concluded.

Sincerely yours,

J. Edgar Hoover

Enclosures (3)

NOTE:

The President's Commission by letter 4/3/64 stated that Earl Ruby had made a telephone call to the Triangle Manufacturing Company, Oshkosh, Wisconsin, on 11/1/63 and had been in frequent contact with a Mr. A. Hillenbrandt, East Rochester, New York, and they requested that we furnish available information from our files on the Triangle Manufacturing Company and Hillenbrandt together with any other information indicating a connection between them and subversive activities, illegal armament sales, or organized criminal endeavors. Investigation conducted at Milwaukee indicates that Triangle is a reputable company manufacturing ball bearings and they had no knowledge of contact with Earl Ruby. Bureau files disclosed a Triangle Manufacturing Company in Minneapolis which manufactured punch boards and paper novelties which has been out of business since 1962 and had no connection with the Triangle Manufacturing Company in Oshkosh. Buffalo could not identify Hillenbrandt from their files and from records and public sources determined that an Austin E. Hildebrandt had been employed as manager of the Hooper Holmes Bureau, Rochester, New York, and had inherited a large sum of money from the death of his father-in-law in 1959.

DATE: 4/8/64

FROM : MR. D. J. BRENNAN, JR.

SUBJECT: LEE HARVEY OSWALD
IS - R AND CUBA

On 4/7/64 Allen Dulles advised SA Papich that representatives of the Bureau's Laboratory had recently testified before the President's Commission. Dulles stated that based upon the comments which he personally heard all members of the Commission were greatly impressed with the testimony of all of the Bureau's representatives. Dulles stated that he personally felt each one of the men did an excellent job. Dulles advised that he was particularly impressed by the testimony of James Cadigan* who convinced all present that "he knew his business."

Dear Mr. Rankin:

Reference is made to my letters dated March 20, 1964, and April 3, 1964, as well as discussions held by Mr. J. R. Malley of this Bureau with you and Mr. Howard P. Willens relating to requests by Mrs. Marie Muchmore for the return of her camera.

On April 7, 1964, Mrs. Muchmore telephonically contacted out Dallas Office and stated she was having difficulty in renting a similar type camera. Mrs. Muchmore indicated she was considering writing to you or having her close personal friend, Congressman Bruce Alger of Texas, make inquiries in an effort to have this camera returned to her.

Subsequently, on April 7, 1964, Mrs. Muchmore again telephonically contacted our Dallas Office and advised she had arranged to rent a camera from Mr. W. H. Parr of the Glendale Camera Shop, 4448 South Marsalis, Dallas, Texas, for a seven-week period at a cost of five dollars per week commencing April 13, 1964. Mrs. Muchmore stated when she receives the rental bill, which is being made out to her, she would forward it to the President's Commission for payment. This is in accord with arrangements previously discussed with the President's Commission.

Memorandum

TO : Mr. Belmont

DATE: 4/8/64

FROM : A. Rosen

SUBJECT: PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT

Reference is made to the March 26, 1964, letter from Mr. J. Lee Rankin of the President's Commission and the Bureau's reply dated April 6, which sets forth detailed answers to thirty questions the Commission asked relative to the Lee Harvey Oswald matter.

It was ascertained today that Mr. Rankin is in New York and will not return until April 13, 1964. It was also determined that Mr. Howard Willens, who handles matters for the Commission in Mr. Rankin's absence, was en route to Mexico.

In view of this development, Mr. Rankin was called at his New York Office and advised that the Bureau's reply to his March 26 letter was ready and he was asked whether or not he desired this letter be delivered to the Commission today or whether he would prefer that this letter be held by the Bureau so that it could be delivered to him personally.

Mr. Rankin requested that this letter be retained by the Bureau until his return on April 13. He expressed his appreciation for this matter being handled in this manner inasmuch as he did not feel that he wanted this to be floating around the Commission offices in his absence.

CIVIL RIGHTS

Enclosed herewith are two copies each of two letters from the President's Commission dated 4-3-64 marked letter number 1 and letter number 2 for identification purposes.

Your attention is called to paragraph 4 of letter number 1 and to letter number 2. The items mentioned are set forth in report as named in the case entitled "Lee Harvey Oswald, IS-R." A review of the Ruby file reflects that in the very early stages of the Ruby investigation both of these items mentioned were thoroughly run out, however, the results have not been included in investigative reports in the Ruby case.

With regard to the item in letter number 1, paragraph 4, see AT teletype to Bureau, MM and DL dated 11-30-63; MM teletype to Bureau, AT and DL dated 11-30-63 and MM teletype to Bureau, AT and DL dated 12-1-63, all captioned "Jack L. Ruby, aka; Lee Harvey Oswald, aka. - Victim. CR."

With regard to letter number 2, see IP teletype to Bureau, DL and CG dated 11-27-63; NY teletype to Bureau, DL, CG, CI and IP dated 11-27-63; DL teletype to Bureau, IP, CG, NY, CI and MM dated 11-27-63; CI teletype to Bureau, CG, DL, IP and MM dated 11-27-63; and CG teletype to Bureau, LA and DL

RE: JACK L. RUBY, AKA.

dated 11-23-63; IP teletype to Bureau and DL dated 11-23-63; IP teletype to Bureau and DL dated 11-23-63; CI airtel to Bureau and DL dated 12-5-63 all captioned "Jack L. Ruby, aka; Lee Harvey Oswald, aka - Victim. CR."

Immediately upon receipt thoroughly review your files to determine if all logical investigation necessary to completely resolve the two matters mentioned in the Commission's letters has been conducted. If they have been fully resolved, submit results of the investigation by report suitable for dissemination to the Commission. If results were furnished to your office in a form unsuitable for dissemination in the report, advise the auxiliary offices involved by teletype to submit appropriate FD-302's of interviews conducted by them by return airtel. If the items mentioned were not fully resolved, set out appropriate leads to do so immediately by teletype.

Include all investigation conducted to thoroughly resolve the two items mentioned in the Commission's letters in your next report in this case to be submitted no later than 4-20-64.

With regard to paragraph 1 of letter number 1, Chicago and WFO have been advised by airtel dated 4-9-64, copy to Dallas, to conduct appropriate check of INS records, and CG will conduct such further investigation necessary to clarify the point raised by the Commission.

With respect to paragraph 2 of letter number 1, the Bureau is preparing a letterhead memorandum with respect to McKeown which will be furnished to the Commission. The item mentioned in paragraph 3 of letter number 1 is being handled by San Francisco pursuant to instructions in Buairtel to SF dated 4-7-64 with copy to Dallas.

NOTE:

The Commission by letter dated 4-3-64 pointed out an allegation set forth in one of the Oswald case reports as received from an Atlanta informant to the effect that Ruby was involved with a group of ex-airline pilots in an attempt to smuggle arms to Cuba. File review reflects that in teletypes submitted the persons connected with the enterprise were interviewed and leads were set out to further resolve the matter. In a second letter from the Commission dated 4-3-64, they mention an interview with one George Fehrenbach which is contained in a report in the Oswald case wherein Fehrenbach alleges that he met a person he believed to be Ruby in Muncie, Indiana, in 1947, which person was participating in Communist Party activities. A review of Bufiles reflects that this item was also thoroughly run out in teletypes and participants interviewed. In both instances from information available in Bufiles, it was indicated that the allegations were without factual basis. Dallas is being instructed to immediately include this investigation in a report for dissemination to the Commission.

APR 3

Honorable J. Edgar Hoover
Director
Federal Bureau of Investigation
Pennsylvania Ave. & 9th St. N. W.
Washington, D. C. 20535

Dear Mr. Hoover:

In examining the materials available to the Commission with respect to Cuban ties of Jack Ruby, we have noted some confusion as to whether or not Ruby made one or two trips to Cuba in 1959. Immigration and Naturalization Service records reflect that Ruby flew from Miami to Havana, Cuba on September 12 and returned via New Orleans on September 13. Inasmuch as Ruby himself has admitted to being in Cuba only once, for about one week, in September 1959, and three Chicagoans, Jack Marcus, Jay Bishov and Sherwin Braun, reported meeting Ruby in Havana during Labor Day week-end of 1959, please examine immigration records of Marcus, Bishov and Braun, and conduct such further investigation as is necessary to clarify the number of trips which Ruby made to Cuba in 1959 and succeeding years.

To shed further light on connections between Jack Ruby and Robert Ray McKeown, the Commission would appreciate your detailing the material available in FBI files concerning McKeown, including the names of any suspects or confederates in his armament sales to Cuba.

62-109090

NOT RECORDED
197 APR 7 1964

In evaluating the testimony of Nancy Rose Perrin, it would also be helpful to the Commission if you would provide information as to how Mrs. Perrin came originally to be interviewed by the FBI.

SAC 105-82555

Finally, your informant [redacted]-2 in Atlanta, Georgia (Report of SA Charles G. Harding, December 1, 1963, Atlanta) has stated that Clifton T. Bowes, Leslie Lewis and Joe Marra are persons having information with respect to Ruby's Cuban activities but our files do not reveal any follow-up of those leads. In addition, Eddie Browder, formerly incarcerated on a liquor violation in the U. S. Penitentiary, Atlanta, Georgia, would seem to be identical with Donald

SAC 105-82555

Edward Brewder, alleged by [illegible] to have been associated with Ruby in an arms smuggling operation. Appropriate steps to bring the Commission up to date on those leads would be appreciated.

Sincerely,

J. Lee Rankin

Re New Orleans telephone call to Assistant Director W. C. SULLIVAN, 4/8/64, advising that JAMES LEIBLER of the President's Commission investigating the assassination of President KENNEDY had telephonically contacted the New Orleans Office concerning information previously furnished by Attorney DEAN ANDREWS. LEIBLER advised during this telephonic contact he had not planned to interview ANDREWS but due to some circumstances he did not explain, had decided he would interview ANDREWS. He further advised he did not have with him information previously furnished the FBI by ANDREWS and although he had reviewed such data, desired to have his recollection refreshed in regard to information supplied to the FBI by ANDREWS.

Mr. SULLIVAN advised that if possible, New Orleans should avoid furnishing LEIBLER with additional copies of interviews conducted with ANDREWS but that if it became imperative to do so, such action would be satisfactory.

LEIBLER subsequently appeared at the New Orleans Office and advised he had taken a deposition from CARLOS JOSE BRINGUIERE, who operates the Casa Roca Clothing Store, 107 Decatur Street, New Orleans, who had furnished information concerning OSWALD reportedly having been in the Habana Bar accompanied by a Mexican. LEIBLER stated in view of this he thought there might be some possible connection between the Mexican referred to above and the Mexican who DEAN ANDREWS allegedly had accompanied OSWALD on one occasion that OSWALD called at ANDREWS' office. He stated BRINGUIERE had furnished a rather lengthy deposition which contained some information pertaining to OSWALD distributing Fair Play for Cuba Committee pamphlets and other data and particularly in view of the reference made to a "Mexican", he thought it was advisable to talk to DEAN ANDREWS.

LEIBLER asked to be informed in general of the information supplied by ANDREWS and the information obtained during interviews with ANDREWS set out on page 305 of a report of SA WARREN C. deBRUEYS dated 12/2/63 at Dallas, Texas was furnished him. He was also furnished with the results of a reinterview with ANDREWS on 12/3/63, which is set out in report of SA JOHN T. REYNOLDS dated 12/6/63 at New Orleans.

After considering the above referred to data, LEIBLER stated he felt the best procedure to follow would be to have the deposition taken from BRINGUIERE transcribed and thereafter furnish a copy through regular channels to the FBI with a request for any further inquiries that might be deemed appropriate. He added that he might talk with ANDREWS but does not believe he will take a deposition from ANDREWS at this time until after the deposition obtained from BRINGUIERE has been transcribed.

It is noted that BRINGUIERE has been contacted in connection with the OSWALD case on several occasions.

No further action being taken by New Orleans Office at this time and above submitted for the Bureau's information.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: April 6, 1964

FROM : A. Rosen

SUBJECT: JACK L. RUBY, AKA.
LEE HARVEY OSWALD, AKA. - VICTIM
CIVIL RIGHTS

SYNOPSIS:

The President's Commission by letter dated March 3, 1964, stated that they would like to have copies of all records of interviews with Ruby contained in all FBI records and also copies of all records of interviews of other persons at all places at any time prior to November 23, 1963, wherein Ruby is mentioned. In view of the extremely broad nature of the Commission's request, it was necessary to have all field offices check their indices thoroughly for any references whatever to Ruby and furnish copies of the original source material containing these references for submission to the Commission.

Copies of the original records as submitted by the field have been carefully reviewed at the Bureau. No material was submitted by the field other than that wherein the information pertaining to Ruby had been excerpted therefrom and adequately reported and furnished to the Commission. The only purpose to be served in furnishing copies of the records of the original interviews or other original source material wherein Ruby is mentioned is to satisfy the Commission's request. The material submitted does not contain any information which could logically serve as a basis for further inquiry relating to Ruby or his possible connection with Oswald or the assassination itself. In all investigation conducted to date we have not developed any positive indication that Ruby ever knew Oswald or ever had any connection or association with him prior to the assassination of President Kennedy.

It is noted that Ruby was contacted by an Agent on March 11, 1959, to determine if Ruby was in a position to furnish information regarding criminal matters and if he would be willing to do so. He was advised of the Bureau's criminal jurisdiction and he expressed a willingness to cooperate. Ruby was subsequently

1 - Mr. Sullivan
Enclosure 4-8-64
WWL:ras

79 APR 16 1964

contacted on eight occasions between 3/11/59 and 10/2/59. All of the contacts were completely negative. Ruby did not furnish any information, he was never paid any money, and he was never an informant of this Bureau. The Commission was previously advised of this by letter dated 2/27/64. This Bureau did not at any time, at any place, have any other contacts with Ruby or interview him prior to 11/23/63.

ACTION:

Copies of the original records setting forth interviews of persons who mentioned Ruby and copies of material from our files wherein Ruby is mentioned prior to 11/23/63 are being furnished to the Commission by cover letter attached for approval. This material is set forth verbatim from our files with the exception of instances wherein it is necessary to protect the identity of a confidential source or informant.

DETAILS:

There is set forth as follows a detailed description of each item being furnished to the President's Commission.

1. The material in Item 1 being furnished to the Commission is taken from the report of SA Robert M. Barrett, Dallas, dated 3/1/62 entitled "Crime Conditions in the Dallas Division, Anti-Racketeering" wherein it states that the Carousel Club, operated by Jack Ruby, is one of three burlesque houses in Dallas catering mostly to tourists and featuring "strip-tease" dancers.

2. This item was taken from the report of SA James W. Bookhout at Dallas dated 10/10/50 in the case entitled "Ralph Eugene Young; Joyce Skillman, Atomic Energy Act" and sets forth an interview [redacted] who requested that his name be kept confidential. He furnished information from the records of the hotel regarding Ralph Eugene Young who was registered there. Included in the information was a list of telephone calls from Young's room, one of which was made to the Silver Spur, 17 South Every (billing to Norma Miller and Jack Ruby). The listings for the telephone numbers called were furnished by another confidential source at the telephone company. Ralph Eugene Young, then employed by Chance Vought Aircraft Company doing work for the Government, was allegedly attempting to obtain Government information which was the basis for the Atomic Energy Act investigation.

3. This item was taken from an airtel from Los Angeles to the Bureau and Dallas dated 3/20/56 entitled "James Breen, Miscellaneous - Information Concerning." The airtel sets forth information relating to a contact of the Los Angeles Office on 3/18/56 by Eileen Curry, Breen's common-law wife [redacted] and had moved to Dallas. It states that Curry indicated that she believed James Breen, who was allegedly handling narcotics, had in some fashion gotten the OK to operate through Jack Ruby of Dallas. This item is the basis for information set forth in the report of SA Manning C. Clements at Dallas dated 11/30/63 indicating that Ruby was known to be an associate of Eileen Curry.

4. This item was taken from a memorandum to the SAC, Dallas, from SA Robert M. Barrett dated 7/9/59 entitled "Gambling Activities, Dallas Division." It contains information obtained from Lt. Jack Revill, Criminal Intelligence Section, Dallas Police Department, indicating that the Dallas Police Department had been advised on 4/2/59 that Sidney Siedband, a Dallas gambler, had been arrested in Oklahoma City at which time he had in his possession a large number of telephone numbers of Dallas and Fort Worth contacts. Among the telephone numbers included was the name and number of Jack Ruby, operator of the Vegas Club.

5. This item was taken from Dallas airtel to Detroit dated 9/14/61 entitled [redacted] Criminal Informant." It sets forth a contact of the Dallas Office on 9/7/61 by [redacted] an informant of the Detroit Office, wherein [redacted] a prostitute, advised that she and [redacted] had brought [redacted] to Dallas from Bossier City, Louisiana, and obtained a job for her as a stripper at Jack Ruby's Carousel Club.

6. This item was taken from a memorandum to the SAC, Dallas, from Investigative Clerk Pearce dated 9/28/61 entitled [redacted] Criminal Informant." It relates a contact of the Dallas Office by [redacted] former Carousel Club, wherein she advised [redacted] was residing with her and Harvey Bostick, a bartender at the Carousel Club, and was presently employed by Jack Ruby at the Carousel as a waitress.

7. This item was taken from a memorandum to the SAC, Dallas, from SA W. Harlan Brown entitled "Mrs. Eva Grant, aka. Eva Ruby, Eva Rubenstein, General Intelligence Information File"

b(7)
b(7)(A)

dated 11/16/62. This memorandum sets forth an interview of [redacted] Dallas, Texas, on 11/[illegible]/62, when she advised that she had received information to the effect that Eva Grant, who operates the Vegas Club in Dallas, was formerly connected with the Al Capone Gang in Chicago, Illinois. She related that a brother of Eva Grant's currently owned and operated the Carousel Nightclub in Dallas.

8. This item sets forth the contents of a memorandum to the SAC from SA Ralph J. Miles entitled "General Intelligence Information File, Dallas, Texas" dated 3/11/53 which relates that SA Miles while in the office of Vincent Lee, American Guild of Variety Artists, Dallas, on 3/11/53 observed Jack Ruby, operator of the Silver Spur, make certain demands of Lee in a blustering manner that Lee supply Ruby with some girls to put on entertainment at the Silver Spur Club. After the incident Lee advised SA Miles that Ruby considered himself a very tough character and always carried a gun. He also stated that Ruby hung out with other hoodlum types.

9. This item was taken from a memorandum to the SAC from SA Robert P. Gemberling dated 5-5-61 entitled [redacted] Potential Criminal Informant." It sets forth an interview with [redacted] a potential criminal informant of the Dallas Office, by SAs Gemberling and Kenneth C. Howe on 5/31/61 in which [redacted] furnished information regarding activities of girls known to her in Dallas whom she believed to be active in prostitution. [redacted] stated that Jack Ruby was the owner of the Carousel Club. She termed Ruby as "no good" and stated he would not permit girls to work for him unless they were intimate with him.

10. This item is taken from Dallas file number [redacted] entitled "Jack L. Ruby, Potential Criminal Informant." It sets forth a description of Ruby which was obtained by SA Charles W. Flynn at the time Ruby was initially contacted on March 11, 1959, to determine if he would be willing to furnish information regarding criminal matters to the Bureau. No other information was furnished by Ruby at the time of this contact or at the time of any of the eight subsequent contacts between March 11 and October 2, 1959. This description was set forth in the report of SA Manning C. Clements at Dallas dated 11/30/63 which was furnished to the Commission.

Washington, D. C. 20535

Dear Mr. Hoover:

On November 25, 1963, George William Fehrenbach informed Special Agents James J. Mullaney and J. Eldon Dunn at Ashland, Oregon (Report of SA Brown, December 2, 1963, Portland, Oregon) that he had met a person whom he believes to be Jack Ruby in June 1947 in Muncie, Indiana in connection with Communist Party business. Fehrenbach states that he turned the names of Rubenstein and others present at that meeting over to Mervin Collins, then a member of Muncie Police Department.

This Commission would appreciate being informed of your efforts to verify that story including the determination of whether or not Mr. Fehrenbach did provide such names as he indicated.

Sincerely,

J. Lee Rankin
General Counsel

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - R - CUBA

By letter 3/26/64, Mr. J. Lee Rankin, General Counsel of Warren Commission, requested detailed information available in Bureau files concerning four Cuban organizations, all of which have been subjects of extensive FBI investigations.

Rankin pointed out that Commission's investigation has uncovered references to Fair Play for Cuba Committee (FPCC), a pro-Castro group, as well as three anti-Castro organizations, the DRE (Directorio Revolucionario Estudiantil), the JURE (Junta Revolucionaria Cubana), and the 30th of November Movement. According to Rankin, the Commission is interested in what FBI files show concerning these four groups in the following respects: origin and growth of organizations; activities, both present and over past few years, including inter-relationships, if any; names, identifying data and activities of leaders, both present and over last few years; location of headquarters and any other important or special places of activities; sources and methods of financial and other material support; and known or suspected underworld contacts, if any.

Rankin's letter specifically requested details of foregoing, not only on a national level but also specifically relating to activities in Dallas and State of Texas generally, New Orleans, Chicago, Miami, Detroit, Pittsburgh, Puerto Rico and Mexico City.

62-109090 -

OBSERVATIONS:

As can be seen, Commission's request is a most extensive one and in effect encompasses virtually the entire range of our investigation of the four groups in question. It is, therefore, believed that the only way to fully satisfy the Commission's inquiry is to furnish the Commission with copies of all of our investigative reports (including letterhead memoranda) covering the activities of these groups on a national level and with regard to the local areas specified.

4/8/64

Memorandum for Mr. Sullivan
Re: LEE HARVEY OSWALD

It is pointed out that our investigations of these groups have been most extensive (dating back to 1960 in case of FPCC and to 1961 or 1962 in case of three anti-Castro groups). A total of some 80 reports and memoranda are involved with respect to three anti-Castro groups and approximately 200 reports and memoranda are involved with regard to FPCC. It is recognized that in furnishing Commission with copies of all of these communications we would be providing it with a mass of information, the great majority of which has no direct bearing on the Oswald case.

Nevertheless, it is not believed that we can properly respond to the Commission's request except through this means. In addition, if we sought to be selective and furnish only a portion of the data in our files, it is quite possible the Commission might check files of other agencies (such as Central Intelligence Agency--CIA--and State Department) to whom we have disseminated copies of reports in these cases and Commission might in this way become aware that we have not furnished it complete details. This would be undesirable.

[redacted]

ACTION:

If you approve, letter will be sent to Warren Commission transmitting copies of reports and memoranda concerning the four organizations in question.

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, NOVEMBER 22, 1963
DALLAS, TEXAS

DECLASSIFIED BY 2040
7-7-77 CEP

Reference is made to my letter to you dated February 27, 1964, the same caption, regarding attorney Mark Lane.

Enclosed are two copies of a communication from our Portland, Oregon, Office dated March 30, 1964, relating to an appearance by Mark Lane at Reed College, Portland, on March 23, 1964. For your information Lane was recently dismissed by Mrs. Marguerite Oswald as her legal counsel.

Your attention is directed to information on pages five and nine which reports Lane's statement that he plans to visit you in the future. Lane is currently traveling in Europe for several weeks.

The Honorable J. Lee Rankin, General Counsel of the President's Commission, is being furnished copies of the above document.

Re Dallas airtel to Director 4/8/64 captioned LEE HARVEY OSWALD, aka, IS - R - CUBA.

SA NAT A. PINKSTON appeared before Mr. JOE BALL, Attorney for the President's Commission, at Dallas on 4/9/64. He gave a deposition in which he first gave his name, residence address, occupation, length of service with the FBI, and then testified that on 12/2/63 while he was at the Texas School Book Depository FRANKI KAISER advised him that he, KAISER, had found something on the sixth floor of the building. He testified he then accompanied KAISER to the sixth floor where KAISER pointed out a clip board containing some orders. KAISER said he had made this clip board and had given it to LEE HARVEY OSWALD when OSWALD came to work for the Texas School Book Depository. SA PINKSTON then testified to the details of the orders which were on this board (see report SA ROBERT P. GEMBERLING, 12/10/63, Dallas).

Mr. JOE BALL then asked what was done with this clip board and he was advised it was left with Mr. TRULY and later picked up by an Agent of the FBI and made exhibit No. D-155.

Memorandum

TO : MR. CALLAHAN

DATE: 4-8-64

FROM : L. J. GAUTHIER

SUBJECT: ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY
PRESIDENT'S COMMISSION
VISUAL AIDS

On 3-31-64 Mr. J. Lee Rankin, General Counsel, President's Commission, in a letter to the Director acknowledged receipt of a brochure captioned "Killing of Dallas Patrolman J. D. Tippit" furnished by the FBI on 3-12-64.

Mr. Rankin devoted the closing paragraph to expressing the Commission's special gratitude for the high degree of industry and skill exhibited by the employees of the Bureau's Exhibits Section in preparing visual aids that have been extremely useful in enabling witnesses called before the Commission to testify with greater detail and precision than would otherwise have been the case. He specifically mentioned my name in connection with meeting the deadlines fixed by the Commission.

The untiring skillfulness and enthusiastic efforts of all the employees in the Exhibits Section to insure a "job well done" have without a doubt the basic factors which prompted the Commission to express its appreciation.

Xerox copies of the Commission's letter are attached for the personnel files of those employees whose names are listed at the bottom of each copy.

RECOMMENDATION:

That the attached copy of the Commission's letter of 3-31-64 be made a matter of record in the personnel file of each employee whose name is listed at the bottom of each copy.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 4/2/64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63; DALLAS, TEXAS

On 4/1/64, SA Cortlandt Cunningham, Firearms Unit, FBI Laboratory, testified before the President's Commission on the assassination of President Kennedy, beginning at 9:05 a. m. and ending at 3:10 p. m. Various members of the Commission were present at different times during the day. Chief Justice Earl Warren was present for approximately one hour. Representative Gerald R. Ford (Republican - Michigan) was present during the testimony and Representative Hale Boggs (Democrat - Louisiana) was present for a short time. In the afternoon session of the testimony, Allen W. Dulles, former head of the Central Intelligence Agency, was also present.

The testimony given concerned the firearms aspect of the slaying of Officer J. D. Tippit by Lee Harvey Oswald on 11/22/63, especially the identification of the cartridge cases found in the area of the slaying.

Testimony was also given concerning the revolver which was taken from Oswald at the time of his arrest by the Dallas Police Department, as well as the results of the Laboratory examination of the four bullets removed from Officer Tippit's body. Three of the bullets were caliber .38 Special copper-coated lead bullets of Winchester-Western manufacture which were fired from a barrel rifled with five lands and grooves, right twist. The fourth bullet is a caliber .38 Special lead bullet of Remington-Peters manufacture which was fired from a barrel rifled with five lands and grooves, right twist. One of the copper-coated lead bullets was so mutilated that no microscopic marks of value for identification purposes were remaining on its surface. Although microscopic marks remain on the other three bullets for comparison purposes, no conclusion could be reached as to whether or not these bullets were fired from the same weapon or whether or not they were fired from Oswald's revolver. In addition, it was found that even

PERS. REC. UNIT

consecutive .38 Special bullets test fired from this revolver could not be identified with each other. Smith and Wesson revolvers such as Oswald's revolver, are among the weapons producing general rifling characteristics of the type found on these bullets. Mr. Cunningham also testified in detail as to the probable causes of the inconsistent microscopic characteristics on these bullets.

The results of the paraffin tests conducted by the Firearms Unit, as set forth in my memorandum of 3/31/64, as well as the limitations of these tests, were testified to by Mr. Cunningham. At the specific request of Melvin Eisenberg, Staff Attorney, the testimony given by SA Robert A. Frazier, Firearms Unit, regarding the bullet removed from General Walker's residence was essentially repeated by Mr. Cunningham. Oswald is alleged to have fired this bullet on 4/10/63. While the bullet was extremely mutilated and lacked identifying markings, it was found to bear rifling characteristics of the type produced by the assassination rifle and was similar to the type of ammunition used in the assassination.

During the luncheon break and after the completion of Mr. Cunningham's testimony, Mr. Cunningham received very complimentary remarks from the members of the President's Commission as well as members of Mr. J. Lee Rankin's staff. The comments were in reference to the smoothness and manner of presentation of his testimony.

As a matter of record, Mr. Joseph D. Nicol, Superintendent, Criminal Identification and Investigation, Illinois Department of Public Safety, Springfield, Illinois, intimated, during a break in Mr. Cunningham's testimony, that he had also identified the bullet and bullet fragments from the assassination as well as the cartridge cases from the scene of Officer Tippit's slaying. Mr. Nicol volunteered this information and it was in no way solicited by SA Cunningham. These are the same identifications made by the Bureau.

Details of Mr. Cunningham's testimony are set forth on the attached pages.

REC'D-READING ROOM FBI Apr 15 12 10 PM '64

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

The enclosed letter and its envelope, addressed jointly to the Commission and the Federal Bureau of Investigation, received at this Bureau, are being forwarded to you. The writer of the letter states that she was in contact with Ernesto (Che) Guevara, an official of the Castro regime in Cuba, in New York City during 1959 or early 1960, and that Guevara was accompanied by an individual believed to have been Lee Harvey Oswald.

A review of the public press discloses that Guevara traveled in Europe, Asia and Africa from mid-June, 1959, to September 8, 1959, when he returned to Cuba. Guevara visited the Soviet Union, Czechoslovakia and Communist China in the months of October, November and December, 1960. Our investigation to date indicates that Oswald was stationed at the Marine Corps Air Station at El Toro, California, from December, 1958, until his release from active duty on September 11, 1959. Oswald arrived in the Soviet Union in October, 1959, and returned to the United States in June, 1962.

For your information, a check of the records of the Immigration and Naturalization Service has failed to disclose any record of entry by Guevara into the United States during 1959 or 1960.

REC-53 62-109090-126

In view of the above information, no further action is being taken by this Bureau in this matter.

Sincerely yours,

J. Edgar Hoover

Honorable J. Lee Rankin

NOTE:

Writer of letter to Commission, Mrs. J. Anclin, Les Vignes, Premery (Nievre) France, indicated that she handled ticketing and reservations at Pan-American Airways, New York City, for Guevara sometime in 1959 or early 1960 while he was on his "round-the-world trip." Mr. Carl Kearns, Intelligence Branch, INS, advised SA Robert Haynes, Liaison Agent, on 4-13-64, that INS has no record of entry by Guevara into the United States from 1957 to the present time. No identifiable derogatory information in Bufiles re writer of letter, Mrs. J. Anclin. Commission being furnished original of incoming letter and its envelope since it was addressed to "The Warren Commission" at the FBI.

This incoming letter was received in the Records Section on 3/31/64 and was opened, as it was believed to be addressed jointly to the FBI and the President's Commission, and was actually sent to the FBI. It was sent over to the Domestic Intelligence Division for handling, by Crime Records. Rather than just transmitting it to the Commission, it was felt desirable to check the accuracy of the statements therein. A check was, therefore, made including the records of Immigration and Naturalization Service, and this outgoing which we are sending to the Commission shows that the writer of the letter is inaccurate in her statements, and winds the whole thing up with one letter to the Commission.

SUBJECT: CORRESPONDENCE FROM MRS. J. ANCLIN
TO THE WARREN COMMISSION
FEDERAL BUREAU OF INVESTIGATION
WASHINGTON, D. C.

A letter dated March 28, 1964, from Mrs. J. Anclin was received in the Records Branch of the Files and Communications Division in an envelope addressed to "The Warren Commission, Federal Bureau of Investigation, Washington, D. C." Mr. Tolson has requested an explanation as to why this envelope was opened.

The letter was opened by Mrs. M. Helen Rose, an employee in the Routing Unit of the Records Branch. Mrs. Rose states that she felt the envelope should be opened and did so since it was addressed to the Federal Bureau of Investigation. We, of course, receive hundreds of misaddressed envelopes, many of which have mixed addresses, which include the FBI as part of the address. Each piece must be evaluated individually and handled by the router since no general rule covering all such situations can be established. Since Mrs. Rose was acting within her discretion and since the "Federal Bureau of Investigation" was included as part of the address, I feel that no administrative action should be taken against Mrs. Rose in this instance. In view of Mr. Tolson's comment, I have instructed the employees in the Routing Unit that any envelopes in which the Warren Commission is included in the address should not be opened but should be sent unopened to Inspector James R. Malley who is acting in a liaison capacity with the Warren Commission.

RECOMMENDATION:

Submitted for information.

4-20-64

FBI RECORDS SYSTEM

The Bureau utilizes a case system of maintaining its 5,000,000 investigative, personnel and administrative files by which all information on a given subject matter is channeled into one case file. In order to facilitate control of the file and accommodate multiple subject (s) matters, a numbering system is used to indicate (1) general classification and nature of the violation (2) the individual case file in this category and (3) serialization of each piece of mail in the file. For instance, the number 7-100-1 on a piece of mail indicates it is serial number 1 in the 100th file assigned in the Kidnaping (7) classification.

The key to these numerically maintained files is our General Indices presently consisting of almost 50,000,000 index cards on all manner of subject matters but primarily a name index of individuals. This index must be searched to determine what information, if any, the FBI may have in its investigative case files. (A separate search in the Identification Division is necessary in order to accurately determine what information the Bureau may have in its fingerprint records.)

Uniquely implementing the case files and General Index is a system referred to as "abstracting." This involves the preparation in duplicate of 3X5 abstract summaries of all important mail placed in our files. One set of abstracts is maintained numerically in the same manner as the files and is utilized to cross check the files and insure that all mail is properly accounted for and promptly identified and located. The other set is maintained alphabetically according to source (if incoming mail) and destination (if outgoing mail). This alphabetical record enables the Bureau to check with complete accuracy on all mail to or from a particular individual or agency.

In summary, the FBI's completely centralized records system consists of one numerical sequence of subject matter files, an alphabetical index to the files and a supporting abstract system in duplicate. It is manually serviced by approximately 1100 clerical employees who during the present Fiscal Year 1964 it is estimated will handle 2,358,407 pieces of mail and 1,651,477 name checks as well as perform all other necessary files service functions at the Seat of Government.

UNITED STATES GOVERNMENT

Memorandum

TO : MR. W. C. SULLIVAN

DATE: April 23, 1964

FROM : MR. D. J. BRENNAN, JR.

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY,
NOVEMBER 22, 1963, DALLAS, TEXAS;
MISCELLANEOUS - INFORMATION CONCERNING

Reference is made to Dallas airtel dated April 17, 1964, in the above-captioned matter. This airtel recorded an interview by Dallas Agents on April 17, 1964, with Frank L. Ellsworth, Alcohol and Tobacco Tax Unit. Ellsworth indicated that he had been interviewed at his residence by an investigator from the President's Commission and that he was accompanied by a Secret Service Agent, name unknown. The Director instructed: "Have Liaison ask Rowley about this. H."

On April 23, 1964, Liaison Agent Bartlett discussed instant matter with Mr. James J. Rowley, Chief, U.S. Secret Service. Mr. Rowley advised that during the past two weeks Commission investigators have been in Dallas, Texas, interviewing witnesses. They are using an office which is part of the U.S. Attorney's office for this purpose and have requested the Secret Service to locate and bring in witnesses for the interviews. Mr. Rowley said that his service has been doing this inasmuch as the President asked full cooperation with the Commission. He indicated that this has been a lot of trouble to his men in both Dallas and New York City. However, they have gone along with the request.

After checking with his Dallas office to secure specific details, Mr. Rowley advised that Special Agent Patterson of the Secret Service office in Dallas did accompany Commission Investigator Burt Griffin to the home of Frank Ellsworth. This was done at night because Ellsworth could not be located during the day. According to Secret Service Agent Patterson, Griffin desired to interview Ellsworth especially because he handles the firearms tax phase in Dallas for the Alcohol and Tobacco Tax Unit of Internal Revenue.

Rowley advised that Special Agent Patterson could not immediately recall any part of the conversation he overheard.

April 16, 1964

By Courier Service

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated April 9, 1964, covering transmittal to the FBI Laboratory of Governor John Connally's coat, shirt, trousers and tie and requesting an examination of these items. The results of the examinations are set forth below.

For your information the coat has been designated C311, the trousers C312, the shirt C313 and the tie C314.

Each hole in Governor John Connally's coat, shirt and trousers has the general appearance of a bullet hole and could have been made by a bullet. No hole was found in the tie.

The hole in the back of the coat is approximately 1/4" by 5/8", being elongated in a horizontal direction. The elongation could be due to one or more of the following: (1) a bullet passed through the cloth at an angle to the surface, (2) the cloth was folded when a bullet struck, (3) the hole was made by a mutilated bullet or (4) a bullet struck sideways.

The hole in the front of the coat is approximately 3/8" in diameter and circular in shape.

The hole in the sleeve is approximately 3/8" by 5/8" being elongated in a horizontal direction. The elongation of this hole could be due to one or more of the aforementioned

Honorable J. Lee Rankin

It is to be noted that holes corresponding to the three holes referred to above were found in the shirt. Due to the excessive tearing of the cloth, none of these holes were well defined.

The hole in the left trouser leg is approximately 1/4" in diameter and roughly circular in shape.

It was determined from the locations of the holes in the coat and shirt that a bullet entering the back, passing undeflected through the body and leaving the front, would have passed through Governor Connally at an angle of approximately 35 degrees downward from the horizontal and approximately 20 degrees from right to left if he was sitting erect and facing forward at the time he was shot. These angles are such that it would have been possible for Governor Connally's right arm and left leg to have been in direct line with the projectile. Any change in Governor Connally's position would affect the angles set out above. The possibility should not be overlooked that garments can shift from their normal position on the body. There is no way of determining, from an examination of the clothing, whether such a bullet may have followed a straight line path or may have been deflected in the body.

Nothing was found to indicate which holes were entrances and which were exits. The coat, shirt and trousers were cleaned prior to their receipt in the Laboratory, which might account for the fact that no foreign deposits of metal or other substances were found on the cloth surrounding the holes. Further, no characteristic position of the fibers of the cloth around the holes, which is one of the factors considered in determining whether a hole is an entrance or an exit hole, was found. The sizes of the holes in the clothing do not necessarily aid in this determination since a hole can be enlarged if a bullet strikes at an angle, sideways or partially sideways, or if it passes through a fold in the cloth. Also, if a bullet is irregularly mutilated, an entrance hole could be larger than an exit hole.

It was not possible from an examination of the clothing to determine whether or not all of the holes were made by the same projectile or projectile fragments.

Sincerely yours,

J. Edgar Hoover

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

While complimenting the Bureau for its cooperation, the President's Commission, by letter 3-26-64, forwarded what purports to be 30 questions (by actual count there are 52 as some of the enumerated questions have more than one part) to which they request a reasoned response in reasonable detail and with such substantiating materials as seem appropriate.

The questions are those of a cross-examining attorney and it is evident that this is the cross-examination of the FBI or a part of it in the case of the assassination of President Kennedy. From the questions, the following is also evident:

1. Some of the questions appear to lack substance. For example, question 13 in effect inquires as to why Mrs. Oswald was described as "his wife" in two of our reports and "his wife, Marina Nikolaevna Oswald" in a third. The answer quite simply is that three separate Agents wrote the three separate reports and each had his own way of expressing himself. Our reporting procedures are sound and they accomplish our objective; namely, the recording of fac

2. With all the advantages of reviewing the facts after the event, the Commission's questions seek to determine whether there was something about Lee Harvey Oswald that took his case out of the ordinary and would require the establishment of unusual techniques, including a day-to-day and hour-to-hour check. In our answers and statement to the Commission, we clearly establish that there was nothing in the investigation of Oswald that would require the covera we would establish of a known espionage or sabotage agent.

3. The Commission's questions probe whether there was evidence in our investigation of Oswald, prior to the assassination, of a tendency for violence and hence the FBI should have alerted Secret Service which could have maintained Oswald in custody while the President was in Dallas on 11-22-63. Our investigation did not disclose that Oswald had a tendency for violence. This is clearly set forth in our answers to the Commission's questions.

RE: LEE HARVEY OSWALD

SECRET

But, we believe it important to not only answer the Commission, but to state our case for the benefit of the record and, therefore, in the letter to the Commission we include a succinct recapitulation of the facts that were determined by our investigation of Oswald prior to the assassination.

In our answers to the questions of the Commission, we are forthright, factual, and respond as they requested, with a reasoned reply. It will be noted that in answer 15 we admit that a date in an investigative report was in error. While this was of a typographical nature, we acknowledge the incorrectness and explanations are being requested of the responsible personnel from the New Orleans Office.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Your letter dated March 23, 1964, transmitted specific questions pertaining to the investigation of Lee Harvey Oswald prior to the assassination of President Kennedy and requested a reasoned response to each question.

At the outset, I wish to emphasize that the facts available to the FBI concerning Lee Harvey Oswald prior to the assassination did not indicate in any way that he was, or could be, a threat to President Kennedy; nor were there such as to suggest that the FBI should inform the Secret Service of his presence in Dallas or his employment at the Texas School Book Depository.

The Oswald case was one of many thousands of investigative matters handled by the FBI. During the fiscal year ending June 30, 1963, the FBI handled 633,871 investigative matters in the criminal, civil and security fields. The extent, depth and urgency of each investigation necessarily are dependent on the available facts in the case. A file concerning Oswald was opened at the time newspapers reported his defection to Russia in 1959, for the purpose of correlating information inasmuch as he was considered a possible security risk. In the event he returned to this country

Honorable J. Lee Rankin — Retyped page two of letter to Mr. Rankin, 4/6/64, prepared by REL:ne:hlw.

[redacted] (S)

In short, Oswald had gone to the Soviet Union at the age of nineteen and attempted to renounce his American citizenship. He had recanted; his passport had been returned to him and he had been permitted by the Department of State to return to the United States as an American citizen. After his return, he subscribed to "The Worker," had distributed pamphlets for the Fair Play for Cuba Committee and had admitted publicly that he was a Marxist.

[redacted] (S)

As previously indicated, his activities as known at the time of the assassination did not suggest in any way that he was a dangerous subversive; that he was violating any Federal law; or that he represented a threat to the personal safety of the President. There was no basis for the FBI to keep him under observation. In the absence of any information showing Oswald to be a possible threat to the President, there was no basis to inform the Secret Service concerning Oswald's presence or employment in Dallas, Texas.

The answers to your specific questions are set forth in the attached memorandum.

Sincerely yours,

Enclosure 1

LEE HARVEY OSWALD

1. QUESTION: Was there any FBI interest in Oswald before the April, 1960 FBI interviews of Mrs. Marguerite Oswald and Robert Oswald? If so, what was the nature and extent of the interest? What initiated the April, 1960 questioning of Mrs. Oswald and Robert Oswald?

ANSWER: Yes. The FBI's first interest in Lee Harvey Oswald arose as a result of a "Washington Capital News Service" release datelined October 31, 1959, at Moscow which announced that Oswald, a 20-year-old former United States Marine, advised the United Press International during his press conference in his room at the Metropole Hotel, Moscow, that he had applied to renounce his American citizenship and to become a Soviet citizen for "purely political reasons." He further announced that he would never return to the United States.

We checked our records on October 31, 1959, and determined that our files contained no information identifiable with Oswald other than a service fingerprint card showing his enlistment in the United States Marine Corps (USMC) on October 24, 1956, at Dallas, Texas. On November 2, 1959, we determined through liaison with the United States Navy Department that the files of the Office of Naval Intelligence (ONI) contained no record of Oswald. On the same date, his record at the Headquarters of the USMC disclosed that Oswald had been released to inactive duty on September 11, 1959, with obligated service until December 8, 1962. No derogatory information was contained in the USMC files concerning Oswald, and ONI advised that no action against him was contemplated in this matter. A stop was placed in the files of the Identification Division of the FBI on November 10, 1959, so as to alert us in the event he returned to the United States under a different identity and his fingerprints were received. A file concerning Oswald was prepared and, as communications were received from other United States Government agencies, those communications were placed in his file. Our basic interest was to correlate information concerning him and to evaluate him as a security risk in the event he returned, in view of the possibility of his recruitment by the Soviet intelligence services.

The questioning of Mrs. Marguerite C. Oswald and Robert Oswald in April, 1960, arose as follows: We determined on January 25, 1960, that Mrs. Marguerite C. Oswald had transmitted

62-109090 Rec'd & Ref

SECRET ENCLOSURE

MAIL ROOM ☐ TELETYPE UNIT ☐ ENCLOSURE

the sum of $25 to Lee Harvey Oswald in care of the Hotel Metropole, Moscow. That information prompted our interview with Robert Oswald and Marguerite Oswald on April 27, 1960, and April 28, 1960, respectively.

2. QUESTION: At page 31 of the FBI Report on the Investigation of the Assassination of President Kennedy, it is stated that:

"An FBI investigation of Oswald had been instituted on May 31, 1962, so that the FBI would be notified of his re-entry by Immigration authorities. The purpose of this investigation was to determine if Oswald had been recruited by a Soviet intelligence service."

What was the nature of the FBI's investigation prior to May 31, 1962? Why was the investigation to determine if Oswald had been recruited by Soviet intelligence not instituted earlier, since his plans to return to the United States were known much earlier than May 31, 1962. (According to the report of SA Fain of July 3, 1961, page 10, the files of the State Department Passport Office were reviewed on May 9, 1961, and revealed Oswald's correspondence with the U. S. Embassy in Moscow regarding his desire to return to the United States.)

ANSWER: Prior to May 31, 1962, our investigation involved the development of background information concerning Lee Harvey Oswald and the taking of appropriate steps to insure our being advised of his return to the United States. Such steps included the placing of a stop in our Identification Division records on November 10, 1959, inquiry through liaison channels in October, 19[illegible], at the Albert Schweitzer College in Switzerland, the periodic inquiry of State Department and relatives concerning the status of his efforts to return to the United States. Our inquiries at State Department included inquiries on May 9, 1961, August 22, 1961, January 29, 1962, February 28, 1962, March 27, 1962, and May 5, 1962. On May 17, 1962, the State Department furnished information indicating that Oswald was returning to the United States and based upon that information, on May 31, 1962, a communication was directed by FBI Headquarters to the Dallas Office instructing that Oswald be interviewed upon his return. Other than these steps, until his return to the United States, there was no practical investigation which could have been initiated to determine if Oswald had been recruited.

3. QUESTION: Since the State Department advised the FBI on June 4, 1962 of Oswald's scheduled return, why did the FBI apparently wait until June 22, nine days after arrival, to check on his arrival? Why did the FBI not interview Oswald upon his arrival?

ANSWER: We did not wait until June 22, 1962, to check on Oswald's arrival. A news clipping on June 9, 1962, indicated that Oswald was on his way back to the United States and on June 12, 1962, our New York Office confirmed with the Immigration and Naturalization Service (INS) that Oswald's name was on the Advanced Manifest for the SS. "Maasdam." Our New York Office subsequently verified with INS the arrival of Oswald, his wife and daughter and determined that they were destined for 7313 Davenport Street, Fort Worth, Texas. The New York Office also determined that INS Inspector Frederick J. Wiedersheim interviewed Oswald upon his arrival in the United States. Oswald told Wiedersheim that he had been employed as a mechanic in Russia, had threatened to renounce his United States citizenship but had never carried out the threat, had never voted in Russia and had not held any position in the Soviet Government.

He was not interviewed by the FBI on his arrival in the United States, since the FBI preferred to interview him after he had established residence, and instructions had been issued to our Dallas Office on May 31, 1962, to this effect.

4. QUESTION: Did the FBI learn of Oswald's return to Fort Worth from his sister-in-law, Mrs. Robert Oswald (who advised on June 26, 1962 that he had arrived in Fort Worth on June 14), or was this information developed independently, and if so, in what way? Was Oswald placed under surveillance upon his arrival in New York, or was the first FBI contact the interview with him on June 26, 1962?

ANSWER: INS advised our New York Office on June 22, 1962, of Oswald's destination as 7313 Davenport Street, Fort Worth, Texas. On May 18, 1962, Mrs. Robert Oswald was interviewed and she promised to advise FBI Agents at Fort Worth immediately upon the arrival of Lee Harvey Oswald in Fort Worth. As Mrs. Robert Oswald did not notify the Agents, she was reinterviewed on June 26, 1962, at which time she advised that Lee Harvey Oswald, his wife and child had arrived in Fort Worth on June 14, 1962, and were currently residing at her address. He was not placed under surveillance upon his arrival in New York as such action was considered undesirable and unnecessary. Our first contact with him was on June 26, 1962.

5. QUESTION: What was the FBI evaluation of Oswald as a result of the June 26, 1962, interview?

ANSWER: The report of SA John W. Fain dated July 10, 1962, at Dallas reported the results of the interview of Oswald on June 26, 1962, by SAs Fain and B. Tom Carter. According to that report, Oswald exhibited an impatient and arrogant attitude and when questioned as to why he made the trip to Russia, Oswald stated he did not care to "relive the past." Oswald did agree to promptly contact the FBI should he be contacted in the future under suspicious circumstances by representatives of Soviet intelligence. SA Fain described Oswald as being generally uncooperative, but said this interview developed no indications that Oswald represented any potential for acts of violence.

6. QUESTION: Why was Oswald interviewed so soon thereafter on August 14, 1962? What was the FBI evaluation of Oswald as a result of this interview? Where was this interview held, how long did it take, and was there anything remarkable about Oswald's demeanor during the course of the interview?

ANSWER: The second interview of Oswald was conducted by SAs John W. Fain and Arnold J. Brown on August 16, 1962. The results of this interview are contained in the report of SA Fain dated August 30, 1962, at Dallas. This interview was in the nature of a follow-up interview to determine Oswald's employment, to again alert him to our interest should he be recontacted by the Soviets and to further evaluate whether or not he represented a security risk to the internal security of the United States. No information was developed during that interview to indicate he constituted a potential threat to the personal safety of the President or to anyone else. This interview was conducted in secure surroundings in an FBI automobile in the vicinity of Oswald's residence (at that time 2703 Mercedes, Fort Worth, Texas). This interview lasted from approximately 4:45 p.m. to 6 p.m. and Fain and Brown have advised that they noted nothing unusual about Oswald's demeanor during that interview. Brown's recollection of the interview is that Oswald seemed a little evasive but was not belligerent or antagonistic and he gave no indication of being dangerous. Fain recalled that Oswald, during the interview, continued to play down the possibility that the Soviets were interested in contacting him but agreed to contact the FBI should the Soviets initiate contact with him in the future.

7. QUESTION: The Retail Merchants' Credit Association of Fort Worth has stated that the FBI inquired about Oswald on February 27, 1961, and again on February 7, 1963. If these inquiries took place, why are they not mentioned in the FBI reports for the period involved?

ANSWER: Inquiries were made at the Retail Merchants Credit Association of Fort Worth on February 21, 1961 (not February 27, 1961) and again on February 7, 1963. The purpose of these contacts was to obtain background data for leads concerning Oswald. Since both inquiries determined there was no record, these contacts were not considered pertinent for inclusion in an investigative report.

8. QUESTION: The report of SA Hosty of September 10, 1963, contains the following item:

[redacted]

S

Is this information correct as of the date indicated, and does it describe activities which occurred before Oswald's move to New Orleans?

[redacted]

S

Our informant did not know Oswald personally and could furnish no further information. Our investigation had not disclosed such activity on Oswald's part prior to this type of activity in New Orleans.

9. QUESTION: How and when did the FBI learn of Oswald's move to New Orleans?

[redacted]

10. QUESTION: What prompted the New Orleans FBI Office inquiry into Oswald's activities, which inquiry appears to have begun at least as early as June 26, 1963? (See report of SA Knack, October 31, 1963, page 3.)

[redacted]

11. QUESTION: Why are items about Oswald's residence and employment in New Orleans set forth in almost identical form in the report of SA Hosty of the Dallas FBI Office (September 10, 1963) and the report of SA Knack of the New Orleans FBI Office (October 31, 1963)? Why is there no other mention in the Hosty report of information set forth in the Knack report under dates earlier than the date of the Hosty report, and in several instances under dates earlier than the items about residence and employment that appeared in both reports?

ANSWER: Oswald's residence and employment in New Orleans, Louisiana, were verified by the New Orleans Office of the FBI on August 5, 1963, and this information was furnished to the Dallas Office by letter dated August 13, 1963. This data was included in the report of SA James P. Hosty, Jr., dated September 10, 1963, to record that Oswald had left the Dallas Office territory and had moved to New Orleans. Since this information was originally developed by the New Orleans Office when SA Milton R. Knack submitted his report dated October 31, 1963, at New Orleans, he included that information concerning Oswald's employment and

residence. The additional information reported in SA Kaack's report, developed both prior to and subsequent to SA Hosty's report, was not sent to Dallas inasmuch as the New Orleans Office planned to and did include that information in its report.

12. Question: Did SA Quigley, who interviewed Oswald at the New Orleans jail, or SA Kaack, who prepared a report on Oswald, review earlier FBI reports on Oswald? Were they aware that, contrary to his statement, Oswald had not lived with his mother following discharge from the Marine Corps, but rather had gone to Russia? Were they aware that, contrary to his statement, his wife's maiden name was not "Prossa", and that they had not married in Fort Worth but in Russia?

Answer: SA John L. Quigley's interview with Oswald at the New Orleans Police Department jail on August 10, 1963, was based on a telephone call from the police to the effect that Oswald had been arrested for disturbing the peace on August 9, 1963, in distributing FPCC leaflets and that Oswald had requested to see an FBI Agent. SA Quigley listened to what Oswald had to say and made it a matter of record. Quigley had not had an opportunity to review prior interviews and investigation of Oswald. SA Milton R. Kaack, who prepared a report concerning Oswald dated October 31, 1963, did review the results of prior FBI investigation concerning Oswald and he, of course, was aware of the various contradictions in the information furnished by Oswald. In the event the investigation of Oswald warranted a further interview, these discrepancies would have been discussed with him.

13. Question: The information about Oswald's residence and employment in New Orleans is also substantially duplicated in the report of SA De Brueys of October 25, 1963 on the Fair Play for Cuba Committee -- New Orleans Division. Why, however, is Mrs. Oswald described only as "his wife" in the Hosty and Kaack report entries concerning residence information given by Mrs. Jessie Garner, while the De Brueys report identifies her more specifically as "his wife, Marina Nikolaevna Oswald" in the same reference to Mrs. Garner's statement? Was either SA Quigley or SA Kaack aware of this indication that Mrs. Oswald's maiden name was not "Prossa"?

Answer: The reports of SA James P. Hosty dated September 10, 1963, SA Milton R. Kaack, dated October 31, 1963, at New Orleans, both captioned "Lee Harvey Oswald" and the report of SA Warren C. De Brueys, dated October 25, 1963, at New Orleans

captioned "Fair Play for Cuba Committee - New Orleans Division" accurately set forth the basic information in this instance and in substance all three reports contain the same information with respect to Oswald's employment and residence. At the time SA John L. Quigley interviewed Lee Harvey Oswald on August 10, 1963, and prepared the results of that interview, he set forth the maiden name of Oswald's wife as it was furnished to him by Oswald. SA Haack's report dated October 31, 1963, at New Orleans, pages 6 through 10, incorporated the results of SA Quigley's interview of Oswald. Inasmuch as Oswald had furnished Marina's maiden name to SA Quigley as "Prossa," it was so recorded in SA Haack's report. SA De Brueys set forth the full name of Oswald's wife and the other two Agents did not feel it was necessary to do so in the content of their reports.

14. QUESTION: What was the FBI reaction to the advice obtained on August 20, 1963 from Mr. Bill Stuckey that Oswald had told him he had worked and been married in Russia as contrasted with his inconsistent statements to SA Quigley on August 10?

ANSWER: That Oswald's statements to Mr. Stuckey were inconsistent with Oswald's statements to SA John L. Quigley on August 10, 1963, was recognized. These inconsistencies were considered in subsequent investigation. In the event the investigation of Oswald warranted a further interview, these discrepancies would have been discussed with him.

15. QUESTION: The report of SA Quigley of October 31, 1963 states that on August 22, 1963 Radio Station WDSU made available a transcript of the radio broadcast in which Oswald participated on August 21, 1963. Why does the report of SA De Brueys of October 25, 1963 not include this item, but state instead that on September 12, 1963 a confidential informant made available a transcript of the same radio broadcast?

[redacted]

16. QUESTION: The report of SA Knack of October 31, 1963 states that on October 1, 1963 a confidential informant who was acquainted with some phases of Communist Party activities in New Orleans, advised that Oswald was unknown to him. Why does this item not appear in the report of SA De Brueys, which instead includes a similar reference to a statement by a confidential informant made on October 15, 1963, that the informant did not know of Oswald or his wife? Why does this item not appear in the Knack report?

ANSWER: The informant listed as confidential informant [redacted] in the report of SA Milton R. Knack dated October 31, 1963, at New Orleans entitled "Lee Harvey Oswald; IS - R - Cuba" is the same individual identified as [redacted] in the report of SA Warren C. De Brueys dated October 25, 1963, at New Orleans entitled "Fair Play for Cuba Committee -- New Orleans Division; RA - Cuba; IS - Cuba." Therefore, both of these reports set forth the same information as to Lee Harvey Oswald. SA Knack's report shows this informant was contacted on October 1, 1963, and had no information concerning Lee Harvey Oswald. SA De Brueys' report shows this same informant was contacted on October 15, 1963, and was questioned concerning the FPCC activities in New Orleans and Oswald and his wife. This is in accordance with our custom to check with confidential informants having knowledge of communist and subversive activities to determine if they know of the subject under investigation. There is no inconsistency in the reporting in these two reports.

17. QUESTION: The De Brueys report of October 25, 1963 states that on October 7, 1963 a confidential informant advised that P. O. Box 30016 did not exist in the New Orleans area, and on the same date inquiry at the New Orleans Retailers' Credit Bureau failed to turn up any record of an A. J. Hidell. Why do these items not appear in the report of SA Knack of October 31, 1963?

ANSWER: SA Milton R. Knack did not repeat in his report of October 31, 1963, the negative record checks with the New Orleans Retailers' Credit Bureau or a check of the city directory in New Orleans regarding A. J. Hidell nor did he repeat the negative check to determine the subscriber to P. O. Box 30016, inasmuch as he had already determined the correct P. O. Box, 30061, which was rented by Oswald on June 3, 1963.

18. QUESTION: When did the FBI first obtain from the New Orleans Police Department the list of Russian names and telephone numbers which had been obtained from Oswald's wallet at the time of his arrest? If this information was retained by the New Orleans Police Department but not made available until after the assassination, has the FBI received any explanation for this delay?

ANSWER: The FBI first obtained a copy of the list of Russian names and telephone numbers on November 29, 1963. This list was made available to our New Orleans Office by Lieutenant Francis L. Martello of the New Orleans Police Department, who explained that this data had inadvertently been placed with pamphlets, leaflets and booklets taken from Oswald at the time of his arrest on August 9, 1963. Martello said he had not submitted a report until contacted on November 29, 1963. Martello's report is set forth on pages 364-373 of the report of SA Warren C. De Brueys dated December 2, 1963, at Dallas, captioned "Lee Harvey Oswald."

19. QUESTION: How did the FBI evaluate Oswald's voluntary request to be interviewed by the FBI in New Orleans, particularly in view of the attitude he displayed at earlier interviews?

ANSWER: As is customary with the FBI, when an individual requests an interview, we accommodate him and make a record of the interview. This was done in the case of Oswald when he requested through the New Orleans Police to be interviewed on August 10, 1963. The results were set forth by SA John L. Quigley following the interview. It was apparent from the interview with Oswald on August 10, 1963, that he was making a self-serving statement in an attempt to explain his activities in connection with his distributing leaflets for the FPCC.

20. QUESTION: What was the FBI evaluation of Oswald as a result of the August 10, 1963 interview? What was the FBI evaluation of the Fair Play for Cuba Committee during the summer of 1963, and of Oswald's work for it?

ANSWER: During the interview of Lee Harvey Oswald on August 10, 1963, he appeared to be responsive in furnishing general background information concerning himself and some information concerning the FPCC. However, his attitude changed when he was

wel

pressed for details regarding meetings and identities of other FPCC members in New Orleans and he obviously was evasive and uncooperative as indicated by his statements that although he knew other FPCC members by their first names, he could not recall such names and further by his refusal to disclose how he contacted other alleged FPCC members in New Orleans for purpose of notifying them of meetings held allegedly at Oswald's residence in New Orleans.

At no time during the August 10, 1963, interview with Oswald by SA Quigley did Oswald give any indication he was potentially dangerous or might engage in an act of physical violence.

In regard to the FPCC during the summer of 1963, you are advised that our investigation during that period in New Orleans disclosed no existence of organized FPCC activities in the New Orleans area. The only activities in behalf of the FPCC appeared to be those efforts made by Oswald. Inasmuch as there were no FPCC activities in New Orleans prior to Oswald's activities in behalf of this organization in New Orleans and since there have been no FPCC activities in New Orleans subsequent to Oswald's departure from New Orleans in September, 1963, it appears that the only activities of such organization in New Orleans were those promoted by Oswald.

In regard to over-all activity of the FPCC during the Summer of 1963 throughout the United States, we have noted that your letter of March 26, 1964, to this Bureau requested in detail data we possessed concerning such organization. Therefore, we are responding to your March 26, 1964, letter by separate communication.

21. Inquiry: Why did the FBI Investigation Division furnish an identification record to the New Orleans FBI Office consisting of a description of the two occasions on which the FBI had received Oswald's fingerprints: first, upon his entry into the Marine Corps; second, upon his arrest in New Orleans? Why was this information furnished under FBI number 327 925 B, and not under Oswald's FBI Bureau File Number which is 105-82555?

Answer: It is the policy of this Bureau when the subject of a security investigation of interest to this Bureau is arrested, a complete copy of his identification record as maintained by the FBI Identification Division is furnished to the office concerned for its information.

Under FBI procedures, the FBI Identification Division maintains a separate filing system for handling fingerprint records. In this particular instance, the FBI identification record of Oswald is 327 925 D. The investigative reports on the subject are handled under a different file number. In connection with Oswald, this Bureau utilized file number 105-82555 to handle the investigative reports of Oswald.

22. QUESTION: The FBI Report on the Investigation of the Assassination of President Kennedy, page 39, states that in October, 1963, an investigation was initiated to ascertain the whereabouts of the Oswalds, following advice from a rental agent that they had vacated their apartment and that Mrs. Oswald and their child had departed in a station wagon with Texas registration. What was the reason for this investigation to ascertain Oswald's whereabouts?

ANSWER: In view of Oswald's background and activities the FBI had a continuing interest in him. Therefore, when the rental agent advised on October 1, 1963, that the Oswalds had moved, investigation was initiated to determine their current whereabouts.

[redacted]

24. QUESTION: Was the FBI aware of Oswald's application on June 24, 1963, for a passport, or the issuance of a passport on June 25, 1963? Why did the FBI not request that the Passport Office of the Department of State include Oswald on a list which would have resulted in advice to the FBI of any application for a passport?

ANSWER: The FBI was not aware of Oswald's application on June 24, 1963, for a passport or of the issuance of a passport to Oswald on June 25, 1963.

We did not request the State Department to include Oswald on a list which would have resulted in advising us of any application for a passport inasmuch as the facts relating to Oswald's activities at that time did not warrant such action. Our investigation of Oswald had disclosed no evidence that Oswald was acting under the instructions or on behalf of any foreign government or instrumentality thereof.

25. QUESTION: What prompted the FBI efforts to locate Oswald on October 18 in Fort Worth, or Robert Oswald on October 19 in Fort Worth (before receiving advice on October 25, 1963, that Oswald had given the New Orleans Post Office a forwarding address in Irving, Texas)?

ANSWER: Information from Mrs. Jessie James Garner, 4909 Magazine Street, New Orleans, Louisiana, on October 1, 1963, to the effect that Oswald and his wife had vacated their apartment at 4905 Magazine Street, New Orleans, on September 25, 1963, and that Mrs. Oswald and child had departed in a station wagon bearing Texas license plates prompted our efforts to locate Oswald at Fort Worth, Texas.

26. QUESTION: Why did the FBI make three attempts within eight days (October 29 - November 5, 1963) to locate Oswald? After being advised of his place of employment by Mrs. Paine, did the FBI attempt to locate him through that lead? Were any further efforts made between November 5 and November 22 to locate Oswald, and if not, why not?

[redacted]

S

27. QUESTION: Did SA Hosty interview Marina Oswald and Mrs. Paine alone on November 1, 1963, or was he accompanied by another agent or agents? At what time of day did SA Hosty conduct the interview on November 1, 1963, and did he receive any advice regarding the time when Oswald was expected to visit Mrs. Paine's house that day, or when he might be there on another day?

ANSWER: SA Hosty was alone when he interviewed Mrs. Ruth Paine on November 1, 1963. Marina Oswald entered the room during the course of the interview but was not formally interviewed by SA Hosty at that time or any other time prior to the assassination.

The interview was conducted approximately 2:30 p.m. SA Hosty did not receive or specifically ask for information as to when Oswald was expected to visit Mrs. Paine's house on that day or a later day. The information in which we were primarily interested had been established--Oswald was in Dallas and was employed in nonstrategic work.

[redacted]

[redacted]

29. QUESTION: Did SA Hosty state to anyone on November 22, 1963, that Oswald had contacted two known subversive agents about 15 days before the assassination, but that the entire information was Top Secret? If so, to what did SA Hosty refer?

ANSWER: SA Hosty does not recall making such a statement on November 22, 1963, or at any other time, inasmuch as he was not in possession of any information to the effect that Oswald had been in touch with two subversives within 15 days prior to the President's assassination.

[redacted]

30. QUESTION: When and for what reason were pages 279 through 283 of the report of SA Gemberling of February 11, 1964 prepared (setting forth the entries in Oswald's address book which had not been included in the report of SA Gemberling of December 23, 1963)?

ANSWER: Pages 279 through 283 of the report of SA Gemberling dated February 11, 1964, were prepared at the time such report was being typed by the Dallas Office during the few-day period immediately preceding submission of such report to FBI Headquarters by the Dallas Office. In this connection, your attention is also directed to this Bureau's letter to the Commission dated February 27, 1964, enclosing an affidavit executed by SA Robert P. Gemberling explaining in detail his handling and reporting of data in Lee Harvey Oswald's address book. You will note that in his affidavit, SA Gemberling explains why certain data in Oswald's address book was reported in his December 23, 1963, report, whereas the remaining data in Oswald's address book was reported in SA Gemberling's February 11, 1964, report.

THIS SERIAL HAS BEEN REFERRED TO ANOTHER AGENCY AND IS IN A PENDING STATUS.

DATE: April 14, 1964

FROM : G. H. Scatterday

SUBJECT: ROBERT RAY MC KEOWN

Reference is made to the letter dated 4/3/64 from Mr. J. Lee Rankin, general counsel of the President's Commission on the Assassination of President Kennedy. Paragraph two of this letter requests that in order to shed further light on connections between Jack Ruby and McKeown the Bureau furnish material concerning captioned subject, including the names of any suspects or confederates in his armament sales to Cuba.

McKeown is one of the subjects of a Bureau investigation involving Carlos Prio Socarras and numerous others. This investigation was begun in 1952 and conducted under the characters of Neutrality Matter and Registration Act. During the course of investigation, the Bureau determined that Prio and others were involved in a conspiracy to ship arms, munitions and other war materials to Fidel Castro in his efforts to overthrow the Batista regime in Cuba. The names of these individuals are being furnished the Commission in response to their request. The results of the investigation are voluminous, consisting of 57 sections of the main file. There are no references to Jack Ruby in this investigation. McKeown's name is indexed once in the Jack Ruby investigation. The pertinent information in this reference concerning Ruby's connection with McKeown is set forth in a report which has already been disseminated to the Commission.

As there are no references to Ruby in this 57 section file it does not appear that any purpose would be served by reviewing this voluminous material page by page for complete detailed information concerning McKeown's background. The Commission has been given the names of McKeown's confederates in this matter as requested and has previously received the information concerning possible contact between McKeown and Ruby.

ACTION:

62-109090-
NOT RECORDED
APR 28 1964

The attached memorandum sets forth information concerning McKeown and may be used, if you approve, for insertion in an answer to the over-all letter received from the Commission.

Rec'd Comm.

61 APR 28 1964

UNITED STATES GOVERNMENT

Memorandum

TO: Mr. Belmont

DATE: April 14, 1964

FROM: A. Rosen

SUBJECT: LEE HARVEY OSWALD, AKA
INTERNAL SECURITY - RUSSIA - CUBA

PURPOSE:

To advise you of the current status of efforts of Mrs. Marie Muchmore and Mr. Orville O. Nix to obtain the return of their cameras which are being held by our Laboratory at the request of the President's Commission, and to also recommend the attached communications be sent to the President's Commission and the Dallas Office.

BACKGROUND:

At the Commission's request, our Dallas Office obtained the personally owned motion picture cameras of Mr. Nix and Mrs. Muchmore who took pictures of the Presidential Motorcade on 11/22/63. These cameras were received in the Laboratory on January 29, 1964, and February 17, 1964, respectively, and were subjected to time and other technical studies in an effort to pinpoint where the shots fired at President Kennedy came from.

Both Mr. Nix and Mrs. Muchmore had initially requested their cameras be returned as soon as possible. Mrs. Muchmore has been particularly insistent that her camera be returned prior to April 15, 1964, as she promised to loan it to her brother who is going to Europe. The Bureau directed two letters to the Commission relating to Mrs. Muchmore's request, but neither letter was acknowledged.

Malley personally took this matter up with Rankin and his assistant Willens and obtained approval for Mrs. Muchmore to rent a similar camera and bill the Commission. Our Laboratory has completed all technical examinations requested by the Commission on both cameras.

Rosen to Belmont Memorandum
RE: LEE HARVEY OSWALD, AKA

DETAILS:

Dallas, by airtel 4/7/64, advised Mr. Nix again requested the return of his camera in view of the impending vacation season, Mrs. Muchmore telephonically advised our Dallas Office on 4/7/64 she was having considerable difficulty in locating a similar rental camera and appeared concerned it was taking the Commission so long to check her camera. She stated she was considering writing to the Commission or to have her close personal friend Congressman Bruce Alger (R - Tex) check on this matter.

Mrs. Muchmore is aware the Bureau has this camera because of the Commission's request, and expressed appreciation for assistance being rendered by the Dallas Office in connection with this problem. Mrs. Muchmore since advised she had located a rental camera for a 7 week period at $5 per week. She stated when this bill is received, it will be sent to the Commission for payment.

OBSERVATIONS:

It is felt we should make the Commission aware of the inconvenience being caused these individuals. Further, when property is retained by us at the request of the Commission and inquiries are received for the return of this material, these inquiries should be directed to the Commission and not us.

RECOMMENDATIONS:

1. That the attached letter be sent to the Commission advising them of Nix's requests, the inconvenience caused Mrs. Muchmore, and the subsequent arrangements made by her for the rental and billing of a similar camera.

Sent

2. That the attached airtel be sent to Dallas instructing that any inquiries for the return of property obtained by us at the request of the Commission, be directed to Rankin.

Dear Mr. Rankin:

I am referring to you a copy of a letter file forwarded to our Phoenix, Arizona, Office by Mr. John M. McGowan, Administrative Assistant to Governor Paul Fannin of Arizona.

The letters in this file bear the name Reyes M. Bustamante and also reveal comments concerning President Kennedy and Lee Harvey Oswald. For your additional information, the handwritten notations which appear in several instances were on the letters when received.

Reyes M. Bustamante has in the past addressed a letter to this Bureau which was not acknowledged. A copy of this communication is incorporated in the enclosed letter file. He has not been investigated by the Federal Bureau of Investigation and no further action is being initiated in this matter unless specifically requested by you.

Sincerely yours,

J. Edgar Hoover

ORIGINAL FILED IN

NOTE:

Phoenix received a letter file from the Office of the Arizona Governor written by Bustamante. The letters are addressed to prominent Government officials and Robert Oswald complaining of misuse and unauthorized use of electrical equipment which affected him and the fact he had not received answers to his letters. He claimed if his letters had been answered President Kennedy would be alive today. He wrote to Robert Oswald making the same complaints and also said "If Mr. Oswald killed President Kennedy he did it in self defense." Bustamante appears to be a mental case and a prolific letter writer. His comments concerning President Kennedy and Oswald have no bearing whatsoever on the assassination investigation. These letters are being submitted to the Commission for information.

Bureau files reveal a letter written by Bustamante dated 5/12/63 and no acknowledgement was furnished (63-8448)

NOTE:

During interview with Mrs. Paine on 3/31/64 Mrs. Paine made reference to four personal letters she had received from Marina Oswald while latter was residing in New Orleans and two personal notes she had received from Marina while latter was residing in Dallas. Mrs. Paine stated she had refused to furnish such letters to the FBI because they were personal in nature and added that when she recently testified before the Commission these letters and notes were read into the record of the President's Commission over her protests. Mrs. Paine also indicated that she refused to furnish such letters to the FBI because previous information she had furnished to the FBI, when it reached the President's Commission, had been "leaked" to the press. Obviously the Commission will be interested in specifics regarding this allegation and desirable Dallas Office obtain such data from Mrs. Paine in order that it can be included in our letter to Rankin disseminating the instant report of Gemberling.

NOTE:

The Department by memorandum 4/13/64 forwarded a letter to the AG from Miss Mary Jone wherein she indicated that she had information about an attorney in Phoenix who always sends money to help Jack Ruby. The letter itself was poorly written and indicated that the writer was illiterate to some degree. Phoenix conducted extensive investigation to identify Mary Jone but she could not be identified. They obtained background data on the attorney she referred to which indicates that he is a reputable attorney in Phoenix and was a strong supporter of former President Kennedy. A letterhead memorandum setting forth Phoenix's investigation is being forwarded to the President's Commission and a copy is also being furnished to the Criminal Division of the Department.

Dear Mr. Rankin:

In response to your letter of March 30, 1964, requesting that the FBI interview companions of Marguerite Vea Riegler who were mentioned by her in her interview of November 25, 1963, I am enclosing herewith the following items:

1. A report dated April 3, 1964, setting forth the interview of Robert Louis Sindelar at Dallas, Texas, on April 2, 1964.

2. A report dated April 3, 1964, setting forth the interview of Rita Leslie Silberman at Dallas, Texas, on April 2, 1964.

3. A report dated April 7, 1964, setting forth the interview of William George Nikolis at Tyler, Texas, on April 6, 1964.

4. A memorandum dated April 20, 1964, at San Francisco, California, setting forth the interview of Dennis Patrick Martin at Fort Ord, California, on April 14, 1964.

This concludes the investigation requested in your letter of March 30, 1964.

NOTE:

Miss Riegler on 11/25/63 advised that she was at Phil's Delicatessen, Dallas, Texas, on the night of 11/22/63 in the company of Sindelar, Silberman, Nikolis, and Martin when she observed a man whom she identified as Jack Ruby. The Commission requested that we interview the companions of Riegler. Our investigation, which was reported and furnished to the Commission in the report of SA Clements dated 11/30/63, had already established Ruby's presence in the delicatessen, where he purchased sandwiches which he later furnished to the crew of the Dallas Radio Station, through interviews of the owner, other employees, and several other persons present in the delicatessen on that night. Extensive investigation was required to locate the companions of Riegler, especially Martin who was finally located in the Army at Fort Ord, California. All of the interviews relate the almost identical story as originally furnished by Riegler which is not significant in any respect except to establish that Ruby was at Phil's Delicatessen on the night of 11/22/63.

Dear Mr. Rankin:

The Dallas Office of the FBI recently furnished a number of items allegedly belonging to Lee Harvey Oswald or Marina Oswald which had been in the possession of his brother, Robert L. Oswald.

The following items were obtained from Robert L. Oswald, Denton, Texas, on March 15, 1964:

C254	"Val-pak" type suitcase
C255	Texas flag - small
C256	Master lock (padlock)
C257	Shower spray attachment
C258	Treated cloth in paper container
C259	Marine Corps belt and buckle
C260	Pencil
C261	Sea bag
C262	Carton for "Vigran" chewable vitamins
C263	Set of long underwear
C264	Three ties
C265	Pair of men's black gloves
C266	Brown and gray leather cap
C267	Two mufflers
C268	Summer khaki overseas hat
C269	Chess set (board and 27 pieces) and 15 dominoes
C270	Extension cord
C271	Pair of shoe trees
C272	Can of black shoe polish

C301	Pencil sharpener
C302	Carriage bolt
C303	Clothespin
C304	Sheet of white bond paper located in book
C305	Cardboard box

Honorable J. Lee Rankin

The results of the Laboratory examinations are set forth below.

No microdots or hidden cavities were found in the examination of C254 through C305.

In the book, C294, between pages 300 and 301, there were three blank sheets of paper, one of which contained indented handwriting believed to be that of Lee Harvey Oswald, although no positive determination was made due to the nature of the indented handwriting. The indented handwriting consisted of the following:

"July 9

"Dear Gene

I look forward to meeting you again.
As you pointed out it has been many
years since we have seen each other.
Marina and I have been looking forward
to visiting you ever since several weeks
ago when Aunt Lillian suggested we all
go together when they visit you.
I'll be happy to give a talk on
Russia during our visit with you
at the time suggested
it may even be that the Russian
teachers you mentioned in your first letter
will be able to meet my wife and speak
Russian with her while we are there.
You said you would be studying
French. - Marina can speak some, at least
she studied it in the 3rd through 7th
grade in Leningrad where she lived.
Seeing you soon -

Sincerely

LEE"

The sheet of paper, C304, did not contain any indented handwriting.

Honorable J. Lee Rankin

Item C262 is a carton for Squibb's "Vigran" chewable multivitamin tablets. The carton is empty. Nothing unusual was noted from an examination of the Griffin shoe polish in C272 or the brown pencil, C277.

Nothing of secret writing significance was noted during the examination of C284 through C286 and C304.

In accordance with the telephonic request of Mr. Melvin Eisenberg on April 16, 1964, two sets of photographs of items C254 through C305 were delivered to your office on April 17, 1964.

Sincerely yours,

J. Edgar Hoover

NOTE: This letter based on telephone call from Mr. Melvin Eisenberg to Section Chief Roy H. Jevons on 4/16/64, at which time Eisenberg requested he be advised by letter rather than by report and be furnished photographs of the evidence. The photographs were delivered to the Commission on 4/17/64.

This matter orally coordinated with Domestic Intelligence Division and General Investigative Division.

The three sheets of white paper found in C294 are being considered as parts of this item and have been so marked.

The sheet of paper, C304, was submitted as having been removed from items 8 through 13 as listed in Dallas airtel of 3/16/64, which items consisted of six books (C291 - C296). Dallas did not specify the particular book from which C304 was removed.

FROM : J. R. Malley

SUBJECT: ASSASSINATION OF THE PRESIDENT
11/22/63, DALLAS, TEXAS

SAC Shanklin of Dallas telephonically advised today the U. S. Attorney at Dallas had received a book containing a number of depositions taken by the staff of the President's Commission in Dallas. Included were depositions taken from Special Agents Clements and Bookhout. The U. S. Attorney's office had been instructed by the President's Commission to have various individuals read the depositions and sign same.

Special Agents Bookhout and Clements, on reading their depositions, advised Shanklin there were a substantial number of typographical errors in the depositions and they did not want to sign them in view of the number of errors appearing therein.

This matter was discussed with Howard Willens of the President's Commission staff and he advised that there would be no objection to the necessary corrections being made in ink and then the Agents signing the depositions. SAC Shanklin was so advised.

Warren Attorney Returns

The Warren Commission attorney-investigator who was involved in a rift with a Dallas police officer two weeks ago was back in Dallas Tuesday.

The attorney and another commission man are to put the finishing touches on the Dallas phase of the commission's probe, officials said.

The attorney left following the complaint of a Dallas police officer to Dist. Atty. Henry Wade and other authorities that the commission man had called the officer a liar.

The officer had been a key witness in the Jack Ruby murder trial.

After the incident was reported to J. Lee Rankin, the commission general counsel, the attorney left Dallas.

Inquiry Continued By Warren Probers

Burt Griffin, the Warren Commission attorney who left Dallas amid reports of a rift with Dallas police more than two weeks ago, was back in Dallas Tuesday for more secret investigation.

He and Leon Hubert, another commission agent who aided in taking 200 depositions earlier this month, added six more sworn statements to the list Tuesday.

Griffin interviewed Dallas News photographer Jack Beers, who took the historic photograph of Jack Ruby and Lee Harvey Oswald an instant before Oswald was shot.

Beers said that Griffin showed him two FBI statements by the photographer and questioned him about his part in the Nov. 22-24 news coverage.

Much of the questioning concerned what and whom Beers saw in the City Hall basement when Oswald was brought out for transfer.

Griffin had been absent from Dallas since Dallas police officer P. T. Dean complained to Chief Jesse Curry about Griffin's mode of questioning.

A federal spokesman said at the time that Griffin was scheduled to leave Dallas before the incident with the officer, a chief prosecution witness in Ruby's murder trial.

Griffin, declining any comment on the investigation, said Monday that any statement on the situation would have to come from higher sources.

Dist. Atty. Henry Wade would make no comment on Griffin's return to Dallas. But he said he has not been contacted by Warren Commission agents about taking sworn statements from Jack Ruby.

Ruby's new chief defense counsel, Dr. Hubert Smith, told The News earlier that he had not been contacted either.

Others questioned by the two agents Tuesday were Andrew Armstrong, Patrolman Bobby G. Patterson, Bertha Cheeks and Robert C. Patterson.

Warren Panel Prober's Tactics Trigger Removal

By JIM LEHRER
Staff Writer

A flare-up over the questioning tactics of a Warren Commission attorney resulted last week in the investigator's quiet removal from the Dallas phase of the commission's probe, The Times Herald learned Saturday.

The dispute involved a clash between the investigator-attorney and a witness he was interviewing, a Dallas police officer who was a key witness in the Jack Ruby murder trial.

The officer protested to Dist. Atty. Henry Wade and other officials that the commission man had called him a "liar," among other things.

SOLUTION WORKED OUT

An amicable solution, which included the investigator's leaving Dallas, was worked out through the combined efforts of Mr. Wade, U.S. Atty. Barefoot Sanders and the commission.

None of the officials involved wished to be directly quoted on any aspect of the incident.

All agreed, however, that it was an "isolated" event and emphasized that it was nipped in the bud before it could disrupt the existing cooperative spirit that prevails between the commission men and local authorities.

NO MORE INCIDENTS

"When you consider that the commission men have talked to more than 300 people in the last several days," said one official, "it is remarkable that there haven't been more incidents of this type."

In recounting what happened between the officer and the attorney, sources said there were two subsequent questioning sessions before the officer's deposition was finally completed.

Between the first exchange and the completion some two days later, the officer's complaint on the questioning technique had gone to Mr. Wade. The officer wanted Mr. Wade or one of his assistants to accompany him to the next session.

The district attorney reportedly declined, telling the officer that the city attorney's office would be the place for him to secure legal counsel.

Mr. Wade did, however, mention the incident in a letter he write to J. Lee Rankin, general counsel for the commission in Washington.

A solution quickly followed.

The deposition of the officer was completed that day with an assistant city attorney accompanying him as counsel during the final session. Another commission attorney-investigator took over the questioning.

The attorney who was involved in the original incident left town. Authorities said he was almost through with his particular assignment in Dallas, anyhow.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: 4/20/64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63 DALLAS, TEXAS

On 4/20/64, Mr. Melvin Eisenberg, Staff Counsel, the President's Commission, gave SA Robert E. Neill the following items of evidence for Laboratory examination:

(1) Piece of gummed paper tape

(2) Piece of brown wrapping paper

(3) Selective Service System Notice of Classification bearing name of A. J. Hidell

(4) Armed Forces Certificate of Service bearing name of A. J. Hidell

Mr. Eisenberg requested that items numbered 1 and 2 be compared with the paper bag which Oswald's rifle was allegedly carried in and to ascertain if they are of a common source.

Items numbered 3 and 4 are to be examined to ascertain if forged. Eisenberg requested the results of the forgery examination by Monday, 4/27/64. It was also requested that all items be retained in the Bureau's custody.

Eisenberg further advised that none of these items had been in the Bureau's custody heretofore and stated that the paper and tape were obtained from Ruth Paine, Marina Oswald's landlady and that items 3 and 4 were from the U. S. Secret Service.

62-109090-
NOT RECORDED

Mr. Eisenberg stated specifically that there was no definite time by which he wanted the results of the tape and paper examinations; however, these examinations will be handled expeditiously. Upon completion of the examinations, the Commission and the Dallas Office will be advised of the results.

ACTION: For information.

APR 23 1964

ADDENDUM; WDG:mb

With reference to the requested forgery examination of Items 3 and 4 it should be noted this will involve comparison with approximately twenty-four negatives, Item D44, which previous examinations have indicated were used by Oswald in photographically preparing forged credentials. Item D44 is presently in the possession of The Commission and accordingly SA W. D. Griffith contacted Mr. Eisenberg at The Commission 4/20/64 to ascertain if Item D44 is available. Mr. Eisenberg said he is using this item and cannot release it at this time and accordingly we would have to hold up on the requested comparison until these negatives become available.

Washington, D. C.

Dear Mr. Rankin:

Reference is made to my letter dated April 2, 1964, which transmitted to you one copy each of the joint income tax returns filed by Ruth Hyde Paine and Michael Ralph Paine for the years 1959 through 1932.

On April 22, 1964, the Internal Revenue Service made available a copy of the 1956 and the 1957 income tax returns filed by Michael Ralph Paine, as well as a copy of the joint income tax return filed by Michael Ralph Paine and Ruth Hyde Paine for the year 1953. There is enclosed for your information one copy each of these income tax returns. According to the Internal Revenue Service, the income tax returns for the year 1955 are no longer available.

This material was obtained through liaison arrangements with the Internal Revenue Service and it is suggested that you contact that Service in the event it is desired to publicize this material in the future.

There is also enclosed a list identifying three 1964 reports prepared by this Bureau concerning the Paines. Two copies of each of those reports are also enclosed.

Sincerely yours,

J. Edgar Hoover

President's Commission

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20535

Dear Mr. Hoover:

On April 20, 1964, Mr. W. David Slawson of the Commission staff delivered to Mr. James R. Malley FBI Exhibit C-254, which consists of one large green suitcase and one sea bag. Mr. Slawson discussed with Mr. Malley the nature of the investigations which the Commission would like the Bureau to undertake in connection with the suitcase. At this time the Commission has no particular interest in the sea bag.

Evidence previously furnished the Commission by the Federal Bureau of Investigation indicates that Lee Harvey Oswald, when he left New Orleans for Mexico in September 1963, was probably carrying two suitcases. It has since been established that one of these suitcases was probably the small blue zipper bag found among his effects after the assassination and identified by Marina Oswald as his personal suitcase. The large green suitcase previously mentioned may be the second suitcase. Robert Lee Oswald, Lee Harvey Oswald's brother, has stated that he took the green suitcase from the home of Ruth Paine in Irving, Texas about one week after the assassination, believing that it had belonged to his late brother, and that he never mentioned this fact to the Bureau or anyone else because he did not believe it was a material piece of evidence.

A portion of a Continental Trailways baggage ticket is still attached to the suitcase. It also carries torn-off portions of what appear to be the baggage stickers from other times and other buslines. Perhaps one of these items can be used to establish that the suitcase was carried on a bus out of New Orleans towards

Mexico or, after Lee Harvey Oswald left Mexico, on a bus from Laredo to Dallas, Texas. In addition, Mrs. Ruth Paine may be able to state whether or not she remembers packing this particular suitcase in her station wagon when she and Marina Oswald left New Orleans for Irving, Texas on September 23, 1963, and Mrs. Paine may remember whether or not this particular suitcase was left in the apartment in New Orleans with Lee Harvey Oswald when she and Marina departed. The Commission would appreciate the Bureau carrying on these and whatever other investigations it deems appropriate to establish whether or not this suitcase was used by Lee Harvey Oswald in carrying clothes or other materials from New Orleans to Dallas in September-October 1963.

Sincerely,

J. Lee Rankin

LEE HARVEY OSWALD
IS - R - CUBA

This relates to two traveling bags believed to have been the property of Lee Harvey Oswald which have been designated Commission Exhibits A1 and C254. These articles are described as follows: A-1 is a cloth zipper bag, blue in color, with black plastic edgings and two plastic handles. This bag has a zipper at the top and on one side. It measures approximately 21 inches long, by 11 inches high, by 6½ inches wide. There are no markings on this bag. Exhibit C254 is a cloth bag, green in color, known as a "Bee 4" bag. It measures approximately 24 inches long, by 18 inches high, by 11 inches wide. A bag of this type is depicted in the current general catalog of the Montgomery Ward Company on page 587 and its color is described as Army Green. Of particular interest in connection with C254 are markings in yellow on one side of the bag. These markings are the date "9/23" and an unreadable mark above the numeral "23" which may be an initial.

In this connection it is to be noted that Oswald entered Mexico at Nuevo Laredo on the afternoon of 9/26/63 and it was in the early morning hours of that date that he boarded the Continental Trailways bus at Houston on route to Laredo. On the top portion of C254 are two fragments of what appeared to be bus company stickers and a small decal believed to be the trade mark of the bag. The printing on the fragments of the stickers is red in color and it is to be noted that the fragment located above the decal appears to be a form of the Continental Trailways Company. Attached to the handle of C254 is the top portion of a baggage check of the Continental Trailways, Dallas, Texas.

Airtel to Dallas
Re: - LEE HARVEY OSWALD
105-82555

Enclosed for recipient offices are two color photographs of both sides of C254, one color photograph of one side of A1 and three black and white photographs of portions of the top of C254.

The President's Commission has expressed interest in determining if Oswald, during his trip to Mexico, utilized both bags described herein. Dallas question Marina Oswald and Mrs. Ruth Paine concerning this. Ascertain if Mrs. Paine can recall packing Exhibit C254 in her station wagon when she and Marina left New Orleans for Irving, Texas. Endeavor to ascertain through Mrs. Paine and Marina Oswald whether or not C254 was left in the apartment in New Orleans with Oswald when they departed. Ascertain if they can throw any light on the "9/26" date appearing on one side of C254. Also question Robert Oswald about this. Concerning the fragments of stickers and the baggage check affixed to C254, endeavor to identify the stickers and determine from the form numbers on the baggage check when and, if possible, where such check may have been affixed to the bag.

Houston display to personnel handling baggage at the Continental Trailways station the enclosed photographs to determine if they can throw any light on the significance of the "9/26" marking on the side of C254, and to develop whatever information is available concerning the fragments of the stickers and the portion of the baggage check affixed to C254.

San Antonio endeavor to ascertain through baggage handlers of the Red Arrow Bus Company and through Mexican immigration and customs services if the "9/26" marking on C254 was affixed to the bag at Nuevo Laredo. If so determined, ascertain its significance. Bear in mind the possibility that Oswald may have traveled to Nuevo Laredo with two bags and may have checked one at the bus terminal there, retrieving same on his return. Explore this.

Legat, Mexico City, display photographs of C254 to personnel at the Red Arrow and Transportes del Norte terminals to ascertain if they can shed any light on the "9/26" mark on the bag. Also display photographs of both bags to employees of the Del Comercio Hotel to determine if anyone can recall Oswald having these bags in his possession when at the hotel. The taxi driver who reportedly took Oswald from the hotel

on the morning of 10/2/63 can be located, display the photographs to him. In addition, ascertain if the small triangular paper fragment on the top of C254 may be portion of a form of either the Red Arrow or the Del Norte lines.

Recipient offices handle this investigation immediately and submit letterhead memorandum suitable for dissemination. Houston, San Antonio and Legat, Mexico City, return the enclosed photographs to the Bureau when investigation has been completed. Dallas may retain the enclosed photographs for completion of its file.

NOTE:

Commission expressed interest in Oswald's luggage in 4/22/64 letter.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to my letter dated February 7, 1964, and its enclosure, a memorandum also dated February 7, 1964, captioned "David Fitch; Mrs. Katia Jacobs." There are enclosed two copies of a memorandum captioned "John K. Jacobs; Katia Jacobs," dated April 17, 1964, for your information.

You will observe that in the second paragraph of the enclosed memorandum Mr. Jacobs indicated that Marina Oswald was expected for dinner at his home on February 7, 1964. Your attention is directed to my letter dated February 20, 1964, and its enclosure, a memorandum so dated and captioned "Lee Harvey Oswald." This set out the results of our interrogation of Marina Oswald concerning the incident involving her and James Herbert Martin. Marina Oswald indicated in that interview that she had dinner on February 7, 1964, with Martin and her daughter, June, and spent the evening with Martin.

Mr. Jacobs is being interviewed to determine if Marina Oswald ever did actually have dinner with Mr. and Mrs. Jacobs. You will be furnished the results of this interview upon receipt.

Inasmuch as Mr. and Mrs. Jacobs have visited Russia, you may wish to contact the Central Intelligence Agency for further information concerning them.

Sincerely yours,
J. Edgar Hoover

Enclosures (2)

TNG:hc (9)

NOTE: The enclosure includes additional information on Jacobs. If Marina Oswald was truthful when interviewed, then she did not have dinner with Jacobses 2/7/64.

Dear Mr. Rankin:

Reference is made to your letter dated March 20, 1964, requesting additional information regarding the early schooling of Lee Harvey Oswald, Robert Oswald and John Pic.

There are enclosed a list and two copies each of seven memoranda containing further results of our investigation concerning this matter.

Previous investigation determined Oswald attended the following schools in the area covered by our New Orleans Division on the dates indicated:

(1) Covington Grammar School, Covington, Louisiana, September 19, 1946, to January 23, 1947.

(2) Bonuregard Junior High School, 4621 Canal Street, New Orleans, Louisiana, from January 13, 1954, to June 10, 1955.

(3) Warren Easton High School, 3019 Canal Street, New Orleans, Louisiana, from September 8, 1955, to October 14, 1955.

BY COURIER SVC.

Honorable J. Lee Rankin

April [illegible], 1964

Results of previous interviews with school officials, former neighbors and former schoolmates are set forth in the investigative reports of Special Agent Warren C. De Brueys dated December 2, 1963, and December 8, 1963, at Dallas; reports of Special Agent John T. Reynolds dated December 6, 1963, and January 30, 1964, at New Orleans, all bearing the caption "Lee Harvey Oswald, Internal Security - Russia - Cuba." Copies of these reports have been furnished the Commission.

We will continue to furnish you with communications, in duplicate, containing further results of our investigation.

Sincerely yours,

J. Edgar Hoover

Enclosures (15)

NOTE: The Commission has expressed an additional interest in the early school years of subject, Robert Oswald and John Pic. Buairtel 3-24-64 instructed the Dallas and New Orleans Offices to initiate further investigation. Letterhead memoranda submitting results of this additional investigation have been received from Dallas and New Orleans, Milwaukee and Cleveland. Results of previous investigation along this line have been furnished to the Commission by investigative reports. These seven memoranda, consisting of 47 pages, have been reviewed by supervisor, Mr. Belmont and Mr. Malley.

MRS. MARK E. MARTIN, AKA.
SHIRLEY MARTIN
BOX 566, HOMINY, OKLAHOMA
INFORMATION CONCERNING

PURPOSE:

To recommend the attached SAC letter be prepared and disseminated to the field alerting them to Mrs. Mark E. Martin of Hominy, Oklahoma, with whom we have had unsatisfactory dealings in the past and who recently endeavored to obtain information regarding the assassination through a telephonic pretext.

BACKGROUND:

We have handled numerous communications from Mrs. Martin, the mother of four children, whose husband reportedly is the manager of a grain elevator.

Since the assassination Mrs. Martin has been engaged in her own investigation of the events relating to the assassination and has succeeded in receiving publicity in a local Oklahoma newspaper. On 1/10/64 she was interviewed by an Agent of our Oklahoma City Office in connection with an official matter at which time she made insulting remarks concerning the Director and appeared argumentative and antagonistic. Mrs. Martin has been interviewing principals connected with the assassination investigation and has been characterized by one of these principals as a "bright nut." She apparently has been authoring communications which are afforded wide dissemination to prominent individuals including the President's Commission, members of Congress and other Government agencies. These communications have been critical of the FBI.

Memorandum to Mr. Belmont
RE: MRS. MARK E. MARTIN, AKA

On 4/11/64 Mrs. Martin telephonically contacted our Dallas Office from Oklahoma and endeavored to "pump" information out of one of our Agents concerning the assassination rifle. She claimed she was a member of a ladies garden club in which each of the women in the club were to contribute something to the program by finding out what she could about the assassination. However, our Agent was alert and would not be decieved. On 4/13/64 our Dallas Office received a communication apparently authored and disseminated by Mrs. Martin which in effect was a transcript of her conversation with our Dallas Agent.

Since it is possible she may endeavor to contact other Bureau offices in an effort to elicit information and to embarrass us, it is felt the field should be alerted to her activities.

RECOMMENDATION:

That the attached SAC letter be approved and sent.

(Typed April 20, 1964)

PERSONAL ATTENTION

Letter to All Special Agents in Charge:

RE: MRS. MARK E. MARTIN, AKA.
SHIRLEY MARTIN
BOX 566, HOMINY, OKLAHOMA
INFORMATION CONCERNING

Dear Sir:

Mrs. Martin is currently engaged in a campaign of disseminating to FBI Offices, Federal agencies, members of Congress and other prominent individuals, communications apparently authored by her. These communications relate to the assassination of President John Fitzgerald Kennedy and are critical of the FBI. She reportedly is conducting her own investigation of the assassination which has included telephonic and personal interviews of principals connected with this investigation.

Mrs. Martin has been previously interviewed and exhibited an insulting, argumentative and antagonistic attitude toward the FBI and its personnel. She recently contacted one of our Southwest offices by telephone and although identifying herself, endeavored to elicit information pertinent to the assassination by using the pretext of belonging to a ladies garden club. Two days later this office received a communication which in effect was a transcript of Mrs. Martin's telephone conversation with our Agent.

It would appear Mrs. Martin is endeavoring to embarrass the FBI and may possibly telephone your office under pretext. You should be extremely circumspect in any dealings with her and be particularly alert to the possibility she may be recording your conversation. Any contacts with Mrs. Martin or pertinent data developed relating to her should be promptly furnished to the Bureau. Letters from Mrs. Martin are not being acknowledged by the Bureau.

October 19, 1963

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D.C. 20535

Dear Mr. Hoover:

We would appreciate further investigation by the Federal Bureau of Investigation for the purpose of obtaining additional information concerning the following items so that the Commission can prepare a more complete record of Oswald's expenditures during this period.

According to the FBI Supplemental Report dated November 22, page 10, Lee Harvey Oswald's known residences were:

2703 Mercedes Street
Fort Worth, Texas
July 1962 - October 1962

604 Elsbeth
Dallas, Texas
November 1962 - March 1963

214 W. Neeley
Dallas, Texas
March 1963 - May 1, 1963

YMCA
Dallas, Texas
October 15, 1962 --October 19, 1962
and October 3, 1963

Chester Allen Riggs, Jr., 836 Edgefield Street, owner of duplex 2703 Mercedes Street, Fort Worth, Texas, was interviewed (Report of FBI Agent De Brueys, dated 12-2-63 Lee H. Oswald, Internal Security Russia Page 135) and stated there was no way of pinpointing the exact dates that Oswald resided at 2703 Mercedes Street, Fort Worth. He should be reinterviewed to determine the monthly rental of this apartment and whether rental included utilities.

President's Commission

SOVIET SECTION

ORIGINAL FILED IN 105-82555-39

Wash DL (61)
2-NO (Enc)
2-NY (Enc)
TNB:klw
4-7-64

Owners or rental agents of 604 Elsbeth and 214 W. Neeley, Dallas, Texas, should be interviewed to determine whether monthly rentals included utilities.

If the monthly rentals of any of these premises did not include utilities, the companies providing these services should be contacted and a record of the date and amount of each payment made by Oswald obtained.

Inquiries should be made to obtain the date and amount of rental payments made by Oswald for renting rooms at the Young Men's Christian Association, Dallas, Texas, October 15, 1962 through October 19, 1962 and October 3, 1963.

Inquiries should be made of the Post Office to obtain date and amount of rental of Post Office Box 2915, Dallas, Texas, for period October 9, 1962 through May 14, 1963 and Post Office Box 30061, New Orleans, from May 1963 to September 1963; also copies of applications for post office box rentals.

According to report of agent John James O'Flaherty, subject Lee Harvey Oswald, dated December 13, 1963, Lee H. Oswald and family arrived in New York City 6-13-62 with $63 and he now has $58-left. (Page 18). He spent $10 - for a room at Times Square Hotel, New York City and $18 - to ship luggage to Port Worth, Texas. (Page 19). Lee H. Oswald was escorted to the Western Union Office, 428 Broadway, New York where he was given the $200 - forwarded by his brother Robert L. Oswald. Lee H. Oswald purchased two tickets on flight 821, Delta Airlines which would land in Dallas, Texas. (Page 23) Lee H. Oswald was then taken to the Times Square Hotel where he paid his bill. Oswald and family were taken by taxi to the ESAL, checked luggage and then escorted to Delta Airlines Building at Idlewild until they boarded plane at 4:15 P.M. (Page 24). This information was obtained from the files of the New York City Department of Welfare.

Further inquiries should be made to determine the amount and who paid for the following expenditures of Lee H. Oswald and his family.

1. Cost of transporting them from the pier in Hoboken, New Jersey to Time Square Hotel in New York City.

2. Cost of meals while in New York City.

3. Cost of Transporting Lee H. Oswald and family from Times Square Hotel to ESAL and then to Delta Airlines Building, Idlewild.

4. Cost of airplane fare on Flight 821, Delta Airlines 6-14-62 from New York City to Dallas Texas of Lee H. Oswald and his family.

Thank you for your assistance.

Sincerely,

J. Lee Rankin

Dear Mr. Rankin:

Reference is made to your letter of April 7, 1964, requesting this Bureau to investigate the source of the fund used to pay for the advertisement which appeared in the "Dallas Morning News" of November 22, 1963.

Enclosed are two copies of a memorandum dated April 24, 1964, at Dallas, Texas, which sets forth results of our inquiries in this matter. You will note on page three of our memorandum that Mr. Grinnan identifies the contributors to the fund which was used in payment of the advertisement in question as: Mr. H. R. Bright, Mr. Edgar Crissey and Mr. Nelson Bunker Hunt.

In the absence of a specific request from the Commission, we do not contemplate interviews with Mr. Bright, Mr. Crissey or Mr. Hunt in this matter.

This concludes our investigation in this particular inquiry.

form FM-11 as compared to the FM-5 and FM-8 travel documents, from which the form is made. Its purpose is to show that the error in the FM-11 showing Oswald left Mexico by "auto" was not unique to Oswald's travel as the FM-11 is replete with errors. The 4-23-64 letterhead deals with investigation to determine if Oswald purchased a silver bracelet in Mexico and if he may have attended Jai Alai game. The translations are wild, highly inaccurate articles in Mexican magazine. Legat has established that the account of Oswald's dealings with bus company employees was not as reported in the magazine.

Dear Mr. Rankin:

On April 20, 1964, Mr. Melvin Eisenberg of your staff delivered to a representative of the FBI Laboratory a sample of gummed paper tape and a sample of brown wrapping paper which were reportedly obtained from Mrs. Ruth Paine, Marina Oswald's landlady, for comparison with the paper bag found on the sixth floor of the Texas School Book Depository Building (Commission Exhibit 142).

The sample of gummed paper tape and the sample of brown wrapping paper obtained from Mrs. Paine have been designated as Exhibit D-208 in this case. As a result of a comparison of the paper and tape in Exhibit D-208 with the paper and tape used to make the paper bag, Commission Exhibit 142, it was concluded that the paper and tape in Exhibit D-203 were different from the paper and tape in Commission Exhibit 142 and could not have come from the same original source.

NOTE:

By letter 3/24/64 the Commission requested the laundry mark "30 030" appearing in the gray jacket owned by Oswald be checked with Dallas laundries for purposes of obtaining a more exact identification. 453 establishments were checked, also Marina Oswald, Buell Wesley Frazier and others were reinterviewed in an attempt to locate the laundry. However, identification was not established. To fully resolve this matter, even though the Commission requested only Dallas laundries be checked, investigation has been extended into the New Orleans area which is still pending. There are numerous establishments to be checked in New Orleans and Commission was advised by letter 4/8/64 the investigation is extensive.

Honorable J. Lee Rankin

These two items were reportedly obtained from the United States Secret Service. The FBI Laboratory examination of D-206 and D-207 requested by Mr. Eisenberg is being held in abeyance pending the return of the negatives contained in Exhibit D-44 presently in the possession of The President's Commission, since the examination will involve comparison of the negatives in Exhibit D-44 with Exhibits D-206 and D-207.

Dear Mr. Rankin:

Enclosed herewith for your assistance are two copies of the report of Special Agent Manning C. Clements at Dallas dated April 20, 1964, relating to the case entitled "Jack L. Ruby; Lee Harvey Oswald - Victim, Civil Rights."

You will note that the investigation requested in your letter of March 16, 1964, concerning the Kolby Printing Company of Chicago, Illinois, is set forth in the enclosed report on pages 78 through 82.

The information requested in your letter of April 3, 1964, concerning statements made by George William Fehrenbach on November 25, 1963, is set forth in the enclosed report on pages 83 through 115.

The information requested in your letter of April 3, 1964, concerning information in the possession of Clifton T. Bowes, Leslie Lewis and Joe Harris regarding Ruby's alleged Cuban activities, is set forth in the enclosed report on pages 126 through 135.

For your information, a copy of the enclosed report has also been furnished to the Criminal Division of the Department of Justice.

Sincerely yours,

J. Edgar Hoover

NOTE:

The information referred to above as requested by the Commission pertains to some certain allegations received in early stages of investigation (1) that Ruby participated in Communist Party meetings in Muncie, Indiana, in 1947, (2) that he was engaged in Cuban gun-running activities, and (3) that he was in the printing business in Chicago in 1942. The allegations were for the most part fully run out within a week or two after Ruby shot Oswald but as the results were completely negative and did not pertain to the civil rights aspects of the investigation they were not reported. The enclosed report has been reviewed by Mr. Belmont, Mr. Malley and the appropriate supervisor in the Civil Rights Section. A copy is being furnished to the Criminal Division of the Department. The Department has previously advised that inasmuch as the Ruby trial is completed they do not desire that we furnish further reports in this matter to USA Sanders in Dallas.

NOTE: The Commission is making detailed analysis of Oswald's expenditures since his return from Russia in June, 1962. The instant request concerns Oswald's expenditures for renting a post office box in New Orleans; room rental of a YMCA room in Dallas; household expenses involving rental and utilities while residing in Dallas; and expenditures of Oswald for transportation, meals and hotel in NYC June 13 & 14, 1962, immediately following his arrival in the US from Russia. The enclosed memoranda have been read by Mr. Belmont & Mr. Malley and are completely responsive to this particular Commission inquiry.

Memorandum

TO : Mr. Belmont

DATE: April 14, 1964

FROM : A. Rosen

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Memorandum Rosen to Belmont dated April 4, 1964, set forth information concerning the contact with Mr. Rankin, stating that Mr. Rankin would personally see to it that no exhibits were made available to the Bureau for safekeeping unless there was a very special reason.

The Director stated that the agency preparing the exhibits should act as custodian.

Malley again discussed this matter with Mr. Rankin on April 13, 1964, the first occasion he was available for interview. Rankin advised that henceforth the Bureau would not be requested to maintain any exhibits unless the exhibits were items that had previously been in the possession of the Bureau.

ACTION:

The matter of the Commission requesting the Bureau to maintain custody of exhibits will be very closely followed and you will be advised of any request that is received which is not in accordance with the foregoing.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Representatives of the President's Commission have advised the Legal Attache, Mexico City, of their intention to take depositions from our Agents in Mexico on certain phases of investigation handled there by them and they have requested that they be furnished with the identities of Bureau Agents who conducted investigation in this case in Mexico with an outline of the investigation conducted by each Agent. This memorandum points out the highly undesirable aspects of introducing into the public realm any information concerning our activities in this case in Mexico and recommends that Inspector Malley discuss this with Mr. Rankin, the General Counsel of the Commission.

BACKGROUND:

On 4/3/64 Messrs. William T. Coleman and David Slawson of the Commission and Mr. Howard P. Willens of the Department of Justice arrived in Mexico City to conduct inquiry concerning the extent of investigation in this case in Mexico by American agencies and the Mexican Government. On 4/11/64 the Commission representatives raised the question with our Legal Attache of taking depositions in Mexico from our Agents on certain phases of investigation handled by them. Mr. Slawson indicated that he would probably be in New Orleans in the next few weeks and he may request that our Agents from Mexico City appear there for the taking of depositions and, if this was not feasible, depositions would be taken later in Washington, D. C. On 4/13/64 prior to departing from Mexico City the Commission's representatives asked that the identities of the Bureau's Agents who conducted investigation herein in Mexico together with an outline of the investigation by each be furnished to the Commission in Washington.

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20535

Dear Mr. Hoover:

While Messrs. William T. Coleman, Jr., Howard P. Willens and W. David Slawson of the Commission staff were in Mexico recently they discussed with your representatives additional investigation in Mexico which would be of assistance to the Commission. This letter is in confirmation of those discussions.

We requested further investigation along the following lines:

1. Contact is to be maintained with the Mexican authorities to ascertain whether Albert Alexander Osborne, also known as John Howard Bowen, will be available on reasonably short notice should the Commission decide to request his voluntary or involuntary appearance for the taking of testimony. We would like to be advised whether Mr. Osborne has been placed on a "two-week reporting schedule" by the responsible Mexican authorities.

2. If possible, the actual time of arrival of the Flecha Roja bus in Mexico City on September 27 upon which Lee Harvey Oswald was riding, rather than its scheduled time of arrival, should be ascertained.

3. The Commission would like an itemized estimate of Lee Harvey Oswald's probable expenses in traveling to Mexico City from New Orleans, Louisiana, in staying in Mexico City, and in traveling back from Mexico City to Dallas, Texas. This estimate would include at least the following items:

62-109090 18 APR 28 1964
NOT RECORDED
199 MAY 4 1964

APR 28 1964

SOVIET SECTION

a. Bus fare, both southbound and northbound, in Mexico and in the United States.

b. The additional fee paid to the travel agency, if any, for the northbound bus travel.

c. The cost of Oswald's room at the Hotel del Comercio.

d. The approximate cost of food, including food he ate while traveling by bus in Mexico.

e. The cost of a ticket to the bull fight for the section in which Oswald probably sat.

f. The cost, if any, of any visits to museums.

g. Various transportation costs by bus and/or taxicab incurred on the trips he probably made in Mexico City. (Our information is that he probably went from his hotel to the neighborhood of the Cuban and Soviet Embassies on two days, Friday and Saturday, September 27 and 28. In addition, he may have gone to the bull fight on Sunday, and we know that he was engaged in making travel arrangements at various bus stations and a travel agency on Monday, September 30.)

h. The cost of a local telephone call.

i. The cost of purchasing six picture postcards of the kind found in his possession after the assassination.

4. The Commission would like a large, clear map of Mexico City with the places visited by Oswald clearly identified thereon. In addition, if it is still convenient to do so, the Commission would like the location of the Hotel Cuba indicated on this map.

5. We would like a copy of the "dossier" on Lee Harvey Oswald furnished by the Bureau to Ambassador Thomas Mann shortly after the assassination.

6. Certain telephone numbers and addresses pertaining to Mexico City which were listed on the 47th page of Lee Harvey Oswald's address book were shown to a representative of the Bureau in Mexico City by representatives of the Commission. The Bureau representatives were requested to check whether the telephone numbers and addresses are in fact those of the Cuban and Soviet Consulates and/or Embassies and, if they are not, ascertain whose telephone numbers or addresses they are.

7. After discussing the matter with the Commission representatives while they were in Mexico City, the agents of the Bureau determined that there were two or three museums in Mexico City which Lee Harvey Oswald may have visited. They are to inquire at these places and attempt to obtain evidence of his visits there and all available information about any such visits.

On behalf of the Commission I would like to thank you for the cooperation extended to Messrs. Coleman, Slawson, and Willens during their visit to Mexico City. Based on the reports of these representatives, I am confident that this phase of the Commission's work will be satisfactorily completed in the near future.

Sincerely,

J. Lee Rankin

Grand Prairie, Grand Prairie, Texas, entitled "The Oswald Trust Fund." This account was opened on December 5, 1963, by James H. Martin and Marina N. Oswald.

For your information, we are conducting additional investigation concerning this $25,000 charge against the account in question. We are attempting to determine whether this sum of money was deposited by Marina Oswald and/or James H. Martin in another account or in another bank. Results of such investigation will be furnished to the Commission upon receipt.

Sincerely yours,

J. Edgar Hoover

Enclosures (6)

NOTE: At the request of the President's Commission we have made an exhaustive survey of banks in each of the cities mentioned herein in an attempt to locate a safe-deposit box Oswald may have rented. Our investigation failed to disclose that Oswald rented such a deposit box; however, his mother rented a safe-deposit box in Fort Worth, Texas, 12-26-63, and such data is reported in the 4-21-64 Dallas memorandum which is being furnished to the Commission herewith. There was a large withdrawal of $25,000 from one account opened by Marina Oswald and Martin which is currently unexplained. Dallas, has been instructed to run this lead out and furnish results in order that such data can be disseminated to the President's Commission. The enclosures herewith have been read by Mr. Belmont and Mr. Malley.

President's Commission

Mr. Wesley J. Liebeler called Inspector Malley 4-13-64 and inquired concerning the location of the original documents and material turned over to the Bureau by representatives of the Communist Party (CP), the Socialist Workers Party (SWP) and the Fair Play for Cuba Committee (FPCC).

On 4-14-64 I called Mr. Liebeler and referred him to the Bureau's letter to Mr. Rankin of 1-30-64. I pointed out that the original material furnished to the Bureau by Mr. Vincent T. Lee, National Director of the FPCC, was in the Bureau's possession. Mr. Liebeler requested that the Bureau furnish the President's Commission to his attention, the original of this material, stating that he expected to subpoena Lee and would want Lee to initial the material sent by Oswald to the FPCC as a permanent exhibit of the Commission's inquiry.

With respect to the material in possession of the SWP, I advised Mr. Liebeler that as described in our letter of 1-30-64, representatives of this Party refused to deliver any material to the FBI and indicated that it would be made available to the President's Commission upon forwarding a letter to the proper SWP representative.

62-109090
NOT RECORDED

As to material furnished by the CP, Mr. Liebeler was advised that the original of this material had been furnished to the Commission by Bureau letter 2-6-64 and this had been acknowledged by the Commission's letter to the Bureau of 2-11-64. Mr. Liebeler stated he would look in his files for this material.

In addition, Mr. Liebeler made reference to the report of SA Richard Kessler at Charlotte, North Carolina, 12-18-63, in the Oswald investigation. Therein was set forth a description of certain material which had been turned over by the SWP to the Duke University. Mr. Liebeler noted that the original of this material is

WAB:hrt
(10)

6 MAY 4 1964

ENCLOSURE

MEMORANDUM FOR MR. SULLIVAN
RE: LEE HARVEY OSWALD

still in the possession of Duke University and it was indicated in the report that the Bureau had Photostats of this material. The report itself merely contains a typed copy of the material. Liebeler requested that the Bureau furnish him with the Photostats that we are supposed to presently have.

Liebeler also made reference to the report of SA John James O'Flaherty 12-17-63, New York City. According to Liebeler the Bureau was furnished the original of the New York Department of Welfare file on Oswald. Liebeler requested that he be furnished the original documents.

Liebeler also made reference to the report of SA Robert P. Gemberling 1-7-64, pages 386 to 389 in which we inventory the original effects of Lee Harvey Oswald, particularly pertaining to the correspondence sent to him by the CP, FPCC and SWP. Mr. Liebeler requested that the Commission be furnished the originals of such documents inventoried in the report of SA Gemberling. It was suggested to Mr. Liebeler that since he was requesting original documents of the Bureau that he should make his request in a written communication and this he agreed to do. However, he stated that he would like the material before 4-15-64.

ACTION:

This is an extremely short deadline to assemble the material in question but we will do the best that we can and an appropriate communication will be prepared for the Commission forwarding the requested material.

The Commission is not giving us enough time. They take our time, they are unreasonable presumptions.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. W. C. Sullivan

DATE: 4-15-64

CONFIDENTIAL

FROM : Mr. W. A. Branigan

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

(CLASSIFICATION STAMP P.2)

On 4-15-64 Inspector Malley received a call from J. Lee Rankin in New York City. It will be noted that on 4-17-64 the Commission contemplates interrogating functionaries of the Communist Party (CP) in New York concerning their knowledge of Oswald.

Mr. Rankin made reference to the report of Special Agent Thomas P. Estep dated 12-18-63 at Cincinnati, Ohio. Mr. Rankin noted that the report referred to a meeting which occurred at Wheeling, West Virginia, on 12-8-63. Mr. Rankin noted that the report was marked "Confidential" and he wanted to know if, in talking to CP people, it would be satisfactory for him to ask questions concerning the details of the meeting without interfering with any of our operations.

The report in question contains information furnished by Confidential Informant [redacted] who advised that Arnold Johnson of New York City, public relations man for the CP, gave a talk dealing with the assassination of President Kennedy. The information, while helpful, does not add anything of particular significance to the Oswald investigation and is generally self-serving to the CP.

[redacted]

62-109090-E

NOT RECORDED
199 MAY 4 1964

Memorandum to Mr. Sullivan
Re: Lee Harvey Oswald

OBSERVATIONS:

It would be highly undesirable for the Commission to question CP functionaries concerning the particular meeting. Questioning would not add to the investigation of the President's assassination and could only lead to uncovering valuable informants who are enabling us to stay abreast of CP activities in their particular locality.

RECOMMENDATION:

It is, therefore, recommended that Inspector Malley tactfully advise Mr. Rankin that any reference to this particular meeting or the contents of our classified report would tend to uncover valuable informants of the Bureau.

~~CONFIDENTIAL~~

Honorable J. Lee Rankin

Lane was advised that it had been alleged that he was in possession of FBI reports. Lane was asked if he had such documents in his possession. Lane asked who had made the allegation and when it had been made, noting that he had been out of the country for several days. He was advised that the information had been received from a confidential source.

Lane stated that any information concerning his testimony before the President's Commission could be obtained from that Commission. Lane was advised that our inquiry in no way concerned his testimony before the Commission and that the only interest the FBI had at the present was his alleged possession of FBI reports. Lane stated that any information he possessed had been discussed publicly by him under oath with the Commission and that he presumed the Commission and the FBI, as Government agencies, are working together.

Lane protested this interview by Special Agents Bolmer and Di Marchi declaring that such an approach could be expected in a totalitarian state. Lane advised he thought that the information should have been sought by letter and that if I wanted the information I should write him a letter.

A demand was then made of Lane that he produce any FBI reports which he had in his possession. After this demand was made, Lane repeated that any information concerning the allegation should be requested by letter. The interview was terminated at approximately 10:15 a.m. when Lane departed in a taxicab.

The Special Agents were en route to Lane's residence to attempt to interview him there, when he was encountered as he emerged from that residence. An interview was conducted with him at that time, since it was known that Lane would be departing New York City later in the day on an extended speaking trip. At the outset of the interview, Lane appeared nervous; however, he quickly regained his composure and, thereafter, did not appear ill at ease.

~~CONFIDENTIAL~~

CONFIDENTIAL

Honorable J. Lee Rankin

The New York Office of this Bureau was advised at approximately 1 p.m. on April 23, 1964, that Lane had contacted "The New York Times" and stated that he was writing a letter to the President's Commission complaining of and objecting to being accosted by FBI Agents on the street in front of his home in the rain at approximately 10 a.m. that date. Lane had advised "The New York Times" of the names of the two Agents who interviewed him.

Lane stated to "The New York Times" that such an interview was the action of a police state and that the Agents had demanded to know whether or not Lane had in his possession FBI reports. Lane indicated that he had informed the FBI Agents that if they were interested they should contact the President's Commission for such information. The Agents were reported by Lane as advising that they were not interested in the Commission, but merely wanted to determine if he had reports which were obtained illegally. Lane stated to "The New York Times" that he again referred the Agents to the Commission. He advised that he felt that in a democratic society such inquiries should be made by letter to an attorney and not by accosting an individual on the street. Lane advised "The New York Times" that the Agents demanded that he produce any FBI reports he had in his possession and that at this point he walked away from the Agents and entered a taxicab.

Inasmuch as Lane stated to our Special Agents that he had discussed with the Commission any information he possessed, it is requested that you make a review of testimony given by Lane before the Commission to determine whether or not Lane gave any indication that he had access to or possession of FBI reports. This Bureau desires to be advised of the results of such a review in order to complete our inquiry into the allegation.

Sincerely yours,

J. Edgar Hoover

NOTE:

A confrontation of Lane regarding the allegation he possessed photostatic copies of FBI reports was approved by memorandum from Mr. Branigan to Mr. Sullivan dated 4/1[illegible]/64, captioned "Mark Lane, Security Matter - C," although it was

Memorandum

TO: Mr. Belmont

DATE: April 24, 1964

FROM: A. Rosen

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

While at the President's Commission Offices today, Mr. J. Lee Rankin advised Malley that the Commission intended to call on four or five Agents of the Bureau who conducted investigation concerning Lee Harvey Oswald prior to the assassination of the President. He named James P. Hosty of the Dallas Office as one of the Agents and indicated there was possibly one or two more from the Dallas Office and one or two from the New Orleans Office. He did not indicate the dates when the Agents would be called upon for their testimony.

In this connection, investigation of Oswald has been conducted in the Dallas Office by John R. Fain (now retired), James P. Hosty, B. Tom Carter and Arnold J. Brown. In the New Orleans Office, investigation was conducted by John Lester Quigley and Milton R. Kaack (recently requested retirement).

Relative to the foregoing, Mr. Rankin indicated that the Commission had the detailed reports covering the Agents' investigation but the Commission desired to obtain testimony from these Agents.

Foregoing submitted for information.

"A SOURCE CLOSE TO THE WARREN COMMISSION TOLD THE DALLAS NEWS THURSDAY THAT THE COMMISSION HAS TESTIMONY FROM DALLAS POLICE THAT AN FBI AGENT TOLD THEM MOMENTS AFTER THE ARREST AND IDENTIFICATION OF LEE HARVEY OSWALD ON NOV. TWENTY-TWO, THAT 'WE KNEW HE WAS CAPABLE OF ASSASSINATING THE PRESIDENT, BUT WE DIDN'T DREAM HE WOULD DO IT.' [illegible]

"IN A MEMORANDUM TO SUPERIORS ON NOV. TWENTY-TWO, LT. JACK REVILL, HEAD OF THE DALLAS POLICE CRIMINAL INTELLIGENCE SQUAD, REPORTED THAT FBI SPECIAL AGENT JAMES (JOE) HOSTY HAD ACKNOWLEDGED AWARENESS OF OSWALD IN THE BASEMENT OF THE CITY HALL AT TWO ZERO FIVE P.M. NOV. TWENTY-TWO. HIS REMARK WAS MADE AS FIVE OFFICERS BROUGHT OSWALD IN FROM OAK CLIFF, REVILL REPORTED. . . .

"THE ARTICLE REFERS TO "LT. REVILL'S FIVE-PARAGRAPH MEMO" CONCERNING THE ABOVE-MENTIONED INCIDENT AND ALSO STATED THAT A SECOND OFFICER, V. J. (JACKIE) BRYAN OF THE DALLAS POLICE DEPARTMENT HAD "SUPPORTED REVILL'S STATEMENT AND FILLED IN OTHER PARTS OF THE CONVERSATION BETWEEN REVILL AND HOSTY. . . .

"THE ARTICLE CONTINUES THAT "IN ADDITION TO MENTIONING THAT HOSTY SAID THE FBI KNEW OSWALD WAS CAPABLE OF SUCH AN ACT, THE [illegible]

DL 100-10461

PAGE THREE

MEMO SAID HOSTY TOLD REVILL OTHER FACTS ABOUT THE ONE-TIME RUSSIA

RESIDENT AND ADMITTED MARXIST. . . .

I

ON NOVEMBER TWENTY-TWO, NINETEEN SIXTY-THREE, AT APPROXIMATELY THREE P.M., I ARRIVED AT THE DALLAS POLICE DEPARTMENT FOR THE PURPOSE OF SITTING IN ON AN INTERVIEW OF LEE HARVEY OSWALD. WHEN I ARRIVED AT THE BASEMENT OF THE DALLAS POLICE DEPARTMENT I MET LIEUTENANT JACK REVILL, WHOM I KNOW TO BE THE HEAD OF THE INTELLIGENCE UNIT OF THE DALLAS POLICE DEPARTMENT. LIEUTENANT REVILL ADVISED ME THAT HE "HAD A HOT LEAD" ON THE ASSASSINATION OF PRESIDENT KENNEDY AND THAT A MAN WHOSE FIRST NAME WAS LEE WAS THE ONLY EMPLOYEE OF THE TEXAS SCHOOL BOOK DEPOSITORY WHO HAD NOT BEEN ACCOUNTED FOR. I THEN TOLD LIEUTENANT REVILL THAT LEE HARVEY OSWALD HAD ALREADY BEEN ARRESTED ABOUT ONE HOUR PREVIOUSLY BY THE DALLAS POLICE DEPARTMENT AND WAS AT THAT TIME IN THE OFFICE OF CAPTAIN WILL FRITZ, HOMICIDE BUREAU, DALLAS POLICE DEPARTMENT, BEING INTERROGATED.

TO MY KNOWLEDGE THIS WAS THE FIRST TIME THAT LIEUTENANT REVILL KNEW OF OSWALD'S ARREST.

I FURTHER ADVISED LIEUTENANT REVILL THAT OSWALD HAD DEFECTED TO RUSSIA AND HAD RETURNED TO THIS AREA IN NINETEEN SIXTY-TWO,

AND THAT OSWALD WAS EMPLOYED AT THE TEXAS SCHOOL BOOK DEPOSITORY. I ALSO ADVISED LIEUTENANT REVILL THAT OSWALD WAS AT THAT TIME THE MAIN SUSPECT IN THE ASSASSINATION OF PRESIDENT KENNEDY.

THE ABOVE CONSTITUTES THE ENTIRE CONTENTS OF MY CONVERSATION WITH LIEUTENANT REVILL WHICH TOOK PLACE ON THE STAIRWAY FROM THE BASEMENT TO THE THIRD FLOOR AT THE DALLAS POLICE DEPARTMENT, DURING WHICH TIME BOTH LIEUTENANT REVILL AND MYSELF WERE RUNNING UP THE STAIRS AND NOT FACING EACH OTHER. THERE WERE NUMEROUS PEOPLE GOING UP AND DOWN THE STAIRS AT THE TIME OF MY CONVERSATION WITH LIEUTENANT REVILL AND THE NOISE LEVEL WAS VERY HIGH, MAKING IT VERY DIFFICULT TO HEAR ANYTHING. ALTHOUGH I KNOW DETECTIVE W. J. (JACKIE) BRYAN OF THE DALLAS POLICE DEPARTMENT BY SIGHT, I DO NOT RECALL SEEING HIM ON THIS OCCASION OR EVER HAVING A CONVERSATION WITH LIEUTENANT REVILL IN BRYAN'S PRESENCE, OR HAVING A CONVERSATION WITH DETECTIVE BRYAN.

I UNEQUIVOCALLY DENY EVER HAVING MADE A STATEMENT TO LIEUTENANT REVILL OR ANYONE ELSE THAT THE FBI KNEW OSWALD WAS CAPABLE OF ASSASSINATING THE PRESIDENT OR THAT OSWALD POSSESSED ANY POTENTIAL FOR VIOLENCE.

I SPECIFICALLY DENY EVER HAVING MADE THE STATEMENT AS QUOTED

PAGE FIVE

IN THIS ARTICLE, "WE KNEW HE WAS CAPABLE OF ASSASSINATING THE PRESIDENT, BUT WE DIDN'T DREAM HE WOULD DO IT."

MY CONVERSATION WITH LIEUTENANT REVILL ON NOVEMBER TWENTY-TWO, NINETEEN SIXTY-THREE, LASTED NOT MORE THAN A MINUTE AND A-HALF. FURTHERMORE, I DID NOT REACH THE DALLAS POLICE DEPARTMENT UNTIL APPROXIMATELY THREE P.M., NOVEMBER TWENTY-TWO, WHICH WAS AFTER OSWALD HAD BEEN BROUGHT TO THE DALLAS POLICE DEPARTMENT, IDENTIFIED, AND WAS IN CAPTAIN WILL FRITZ'S OFFICE. AS STATED ABOVE, MY PURPOSE IN GOING TO THE DALLAS POLICE DEPARTMENT WAS TO SIT IN ON AN INTERVIEW WITH LEE HARVEY OSWALD AND I COMMENCED THIS ASSIGNMENT AT THREE FIFTEEN P.M., ACCORDING TO MY WRIST WATCH.

ABOVE AFFIDAVIT WILL BE SUBMITTED TODAY, UACB. UNLESS ADVISED TO CONTRARY BY BUREAU

END

Memorandum

TO : Mr. Conrad

DATE: April 24, 1964

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY;
REQUEST OF PRESIDENT'S COMMISSION

Reference memorandum dated February 26, 1964, captioned as above from W. D. Griffith to Mr. Conrad. This memorandum advised of a continuing project wherein the Bureau has undertaken to furnish the Commission with photographs of all Commission exhibits.

On April 23, 1964, Miss Mary Norton, a Commission employee, called SA Robert A. Frazier and requested that a Bureau representative pick up exhibits as listed on the attached enclosure.

She further requested that the Commission be supplied with three photographs of each exhibit.

As a matter of record, SA Robert E. Neill on 4/24/64, received from Miss Norton the listed items which are now in the Bureau's custody for photographing.

The photography will be handled by an Agent Examiner of the Laboratory's Document Section.

It is noted that none of these items are original evidence items which have been previously furnished the Commission by the Bureau.

ACTION: These items will be photographed as requested and will be returned to the Commission along with the photographs.

INTERNAL SECURITY - RUSSIA
PRESIDENT'S COMMISSION

Memorandum from Mr. Jevons to Mr. Conrad dated 3-19-64, set forth information concerning the President's Commission asking the Bureau to maintain certain Commission exhibits which had never before been in the custody of the Bureau. It was recommended that this matter be discussed with Mr. Rankin to see if it could not be arranged so that the Commission would maintain their exhibits which had not been previously in the custody of the Bureau.

This matter was discussed with Mr. J. Lee Rankin on 4-3-64, and Mr. Rankin stated that there would be very little material that the Commission would ask us to maintain for them. He stated he was fully aware of the tremendous burden that had already been placed on the Bureau with the numerous exhibits the Commission was interested in and that he would personally see to it that no items were made available to the Bureau except where there was a very special reason.

62-109090
NOT RECORDED
189 APR 30 1964

RECOMMENDATION:

In the event any members of the Commission staff make any further requests for the Bureau to maintain custody of Commission exhibits which we have not previously had in our possession, it is recommended the individual request be taken up with Mr. Rankin in order to determine whether or not the request needs to be complied with.

31 MAY 5 1964

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: April 23, 1964

FROM : W. D. Griffith

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
REQUEST OF PRESIDENT'S COMMISSION

At the request of The President's Commission, Special Agent Lyndal L. Shaneyfelt testified before members of the Commission on the morning of April 23, 1964, regarding Laboratory examinations made in this case. He testified from approximately 9:15 A.M. until 10:30 A.M.

SA Shaneyfelt testified on the identification of a negative of one of the photographs of Oswald holding the rifle with a duo lens Imperial Reflex camera recovered during the investigation and reported to be the property of Oswald. He testified that the negative was exposed in Oswald's camera. It should be noted that Marina Oswald has previously testified that she took these two photographs with this camera. SA Shaneyfelt also testified that he had examined the photographs to determine whether or not they were "fake" or composite photographs and stated that he found no evidence that they were composites. It is reported that Oswald, before his death, stated that they were fake photographs and the face was his and had been put on a photograph of the body of some other individual.

Testimony was also given regarding the comparison of the rifle in the photograph of Oswald with the actual rifle and SA Shaneyfelt testified that he compared the rifle with the rifle in the photograph and found them to be the same in all visible characteristics. He found no differences, but found no specific individual characteristics on which to base a positive identification to the exclusion of all other rifles of the same general configuration as to contour of weapon and telescopic sight.

NOT RECORDED
19 APR 30 1964

SA Shaneyfelt then testified regarding the reproduction of the photograph of Oswald holding the rifle that appeared on the cover of Life Magazine. He stated that in his opinion this photograph on the cover was the same as the photograph recovered from one of Oswald's residences. However, some retouching had been added to the photograph before making the half tone engraving for the printed picture. He further testified that this is a normal procedure in reproduction of photographs in publications.

UNITED STATES GOVERNMENT

Memorandum

TO: Mr. Belmont

DATE: April 24, 1964

FROM: C. A. Rosen

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

With reference to the story appearing in the Dallas Morning News on Friday, April 24, 1964, the following is submitted.

Mr. J. Lee Rankin was advised by Malley on April 24, 1964, that the story appearing in the Dallas Morning News was false; an affidavit has been obtained from SA James P. Hosty setting forth in detail what conversation did take place on November 22, 1963, with members of the Dallas Police Department (DLPD) and that this affidavit will be made available to the Commission.

Mr. Rankin advised that he was in New York on the evening of April 23, 1964, and had received a telephone call between 9:30 and 10:00 p. m., from an individual who identified himself as Mike Quinn of the Dallas Morning News. Quinn stated to Mr. Rankin he had information concerning the existence of two affidavits from members of the DLPD containing the information which was furnished by the Dallas Office as set forth in the Dallas Morning News. He inquired of Mr. Rankin as to whether the Commission actually had such affidavits. Rankin states he told Quinn he would neither deny nor affirm the existence of such affidavits and had no comment to make. Rankin was not concerned too much concerning this news story inasmuch as he, Rankin, felt certain SA Hosty would not have made the statements attributed to him.

Mr. Rankin was told that because of the type of information that was appearing in the press, the Bureau was desirous of obtaining a copy of the testimony that had been given to the Commission by officers of the DLPD. Mr. Rankin stated that because of rules of the President's Commission, he was not at liberty to comply with this request, but that he would make the Bureau's request known to the members of the Commission. Rankin stated that he would, however, state that Lieutenant Jack Revill did furnish an affidavit containing approximately the same information that appeared in the news story. He also advised that a second affidavit prepared

Memorandum to Mr. Belmont
RE: LEE HARVEY OSWALD

April 24, 1964

by Officer V. J. "Jackie" Bryan had been made available to the Commission. He stated these two affidavits were almost verbatim, and that because of the similar wording of these affidavits, the members of the Commission had doubts concerning their veracity.

Mr. Rankin advised that it was the opinion of the Commission that Chief of Police Curry and Lieutenant Day, when they appeared before the Commission, were forthright and truthful in their comments, and they had no reason to question the statements of these two officers. Mr. Rankin did not at this time furnish any information concerning their testimony.

Mr. Rankin was advised that the story appearing in the Dallas Morning News stated a source close to the Warren Commission had furnished this information, and he was told the Bureau would like to know if anyone connected with the Commission staff had made such information available to the newspaper. Mr. Rankin was not surprised at this statement. He commented that he did not feel that any member of the staff had disclosed any information. He advised that recently, while members of the Commission staff were in Dallas, rumors were prevalent to the effect that these members had told witnesses that they were not under any conditions to reveal to the press questions they were asked or the nature of their testimony. Rankin stated that the Commission has had a flat rule that no member of the staff should at any time tell a witness that he could not reveal to the press or anyone else what information he had furnished to the Commission. He advised that witnesses had been told that, if they did reveal such information, they would probably be besieged by news media for further details.

Mr. Rankin advised that members of the staff while in Dallas were firmly convinced that stories were being planted concerning the activities of the Commission staff members and that, in his opinion, the story appearing in the April 24th issue of the Dallas Morning News had probably been a planted story. He advised he had no facts to back up the feelings of the Commission but they strongly suspected the stories might be emanating from William Alexander of the Dallas District Attorney's Office. Mr. Rankin stated that he did not desire the Bureau to conduct any investigation relative to this matter but would certainly appreciate being advised in the event any information concerning the source of these stories was developed. Mr. Belmont has discussed this situation with SAC Shanklin and requested Shanklin to be on the alert to pick up any information that can be obtained relative to this.

Foregoing submitted for information.

Dear Mr. Hoover:

The Commission has completed its study and use of the following exhibits furnished to your Dallas Office by Mrs. Ruth Hyde Paine:

1) Date book and calendar entitled "Hallmark Date Book 1963" and marked with your number D-78, picture copies of which you furnished the Commission.

2) Rough draft of a letter in the handwriting of Lee Harvey Oswald which Mrs. Paine testified she found in her residence sometime during the middle part of November, 1963, the salutation and first paragraph of which read: "Dear Sirs: This is to inform you of events since my interview with comrade Kosteine in the Embassy of the Soviet Union, Mexico City, Mexico." Picture copies of this exhibit were furnished to the Commission by your office. The picture copy bears the identification mark D-72. The exhibit is set forth in full in Agents Odum and deBrueys' report of January 23, 1964, your file number DL 100-10461.

Mrs. Paine has requested the return to her of each of the foregoing exhibits and the Commission has approved that request and authorized their return.

Sincerely,

J. Lee Rankin

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad

DATE: April 22, 1964

FROM : W. D. Griffith

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
REQUEST OF THE PRESIDENT'S COMMISSION

At the request of the President's Commission, Inspector J. R. Malley of the General Investigative Division, Inspector L. J. Gauthier of the Administrative Division and Special Agent Lyndal L. Shaneyfelt of the Laboratory on 4/21/64 were at the Commission for a review of the Zapruder film of the assassination. Purpose of this review was to determine from Governor and Mrs. John Connally, who were present, whether or not it could be established at what point in the film the Governor was shot. The following individuals were also present:

Dr. Gregory and Dr. Shaw who examined Governor Connally at Parkland Hospital in Dallas

Dr. F. W. Light, Jr., and Dr. A. G. Olivier from the Wound Assessment and Wound Ballistics Department of Edgewood Arsenal

Dr. Joseph Dolce, consultant to the Biophysics Division of Edgewood Arsenal

It is noted that representatives of the Secret Service who have attended past reviews were not present.

The principal fact brought out by the Governor and Mrs. Connally was their selection of a portion of the film where "he has been hit"; however, they could not pin point the exact frame of the motion picture film where the bullet struck. The portion of the sequence they selected is only one-fourth to one-half second after the approximate point where the President

Memo to Mr. Conrad
ASSASSINATION OF PRESIDENT KENNEDY
62-109060

was believed to have been shot at the base of the neck. Allowing for variations in reaction times, this lends support to the theory that one bullet passed through the President's neck, the Governor's chest, hit in the Governor's leg and lodged in his clothing.

Both the Governor and Mrs. Connally stated that they heard the first shot and the second shot was the one that hit the Governor, however, neither of them saw the President between the first and third shots or can state that the President was actually hit by the first shot.

RECOMMENDATION: None. For information only.

Dear Mr. Rankin:

In reference to your request for coverage of the public appearances of Mark Lane, the following items are enclosed:

(1) Two copies of a communication dated April 22, 1964, at our San Francisco Office concerning appearances by Lane in the San Francisco area in March, 1964.

(2) Two reels of tape recording of Lane's comments at the University of Cincinnati, Cincinnati, Ohio, on April 21, 1964.

(3) Two copies of a communication dated April 24, 1964, at our Cincinnati Office relating to Lane's appearance at the University of Cincinnati on April 21, 1964.

(4) One reel of tape recording of Lane's comments in the auditorium of the Ohio Museum of Natural History, Columbus, Ohio, on April 22, 1964.

(5) Two copies of a communication dated April 24, 1964, at our Cincinnati Office regarding Lane's appearance at the Ohio Museum of Natural History on April 22, 1964.

(6) One reel of tape recording of a news conference held by Lane on the campus of Ohio State University, Columbus, Ohio, on April 22, 1964.

[redacted]

Sincerely yours,

J. Edgar Hoover

Enclosures - 10

NOTE: Covered in full.

We cover Lane's public appearances at request of the President's Commission. Items being furnished by airtels from San Francisco, 4/22/64, captioned "Mark Lane, EI-C" and Cincinnati airtels 4/24/64 and 4/25/64 captioned "Lee Harvey Oswald, IS - R - Cuba; Mark Lane, EI-C." Lane repeats numerous unfounded claims he has made in his past appearances. He continues to be critical of the public press handling the Oswald case and claims that Oswald would not have received a fair trial because of the press' finding him guilty; Lane claims the photograph of Oswald holding a rifle which appeared on "Life" magazine cover 2/21/64 has been altered (our inquiry shows no indication the photograph was altered); Lane complains that the entire investigation is shrouded in secrecy and even though he requested his testimony before the President's Commission be made public, it was classified "Top Secret"; Lane claims he has interviewed witnesses who insist the shots came from the direction of an overpass in front of the President's motorcade and not from the Texas School Book Depository Building (while [redacted] several individuals have stated similar views to us, the preponderance of evidence refutes this view).

Dear Mr. Rankin:

Reference is made to your request for coverage of the public appearances of Mrs. Marguerite Oswald.

There are enclosed a copy of an article by Mrs. Oswald in the weekly French newspaper, "Le Nouveau Candide," issue of April 2-9, 1964, and two copies of a translation thereof. "Le Nouveau Candide" has been characterized by the American Embassy, Paris, France, as a weekly newspaper which is sensational in nature and strongly pro-de Gaulle in its political leanings.

Further articles by Mrs. Oswald appearing in the above newspaper will be obtained and forwarded to you along with copies of translations thereof.

Sincerely yours,

J. Edgar Hoover

MAY 1964

ORIGINAL FILED IN 105-82555-3179

UNITED STATES GOVERNMENT

Memorandum

TO: Mr. Belmont

FROM: A. Rosen

DATE: 4/20/64

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
EXAMINATION OF VISUAL AIDS BY
PRESIDENT'S COMMISSION

Memorandum from Gauthier to Callahan dated 4/15/64 discussed the possibility of the President's Commission having a re-enactment at the scene of the assassination and recommended that this matter be taken up with Mr. Rankin in order to advise him of the Bureau's views relative to any such re-enactment.

Malley discussed this matter with Mr. Rankin today, at which time Mr. Rankin was advised that the FBI had rendered every assistance possible by providing models of the area, technical data, and technical advice in assisting the Commission to interpret events which occurred in Dallas. He was told that in view of this, plus the fact that a complete re-enactment had been previously made by the Secret Service, there did not appear to be a great deal that could be done by having a re-enactment. He was also told that if a decision was made to have the re-enactment, the FBI would prefer not to be involved in any such plan.

Mr. Rankin advised he had not been fully briefed concerning this matter. He said there had been some minor discussions concerning it and he would not favor any re-enactment which would cause a tremendous amount of publicity. He stated there were some technical problems and the Commission's only desire was to try and establish the approximate places where the three shots hit the target so that the distances involved would not be out of line with the number of seconds in which it is believed the three shots were actually fired.

Mr. Rankin stated that there would be considerable study on this matter before any actual requests of any kind would be made and he doubted at this time that there would be any re-enactment in Dallas.

Submitted for information.

Dear Mr. Rankin:

Reference is made to various communications, the most recent being my letter dated April 24, 1964, concerning Mrs. Shirley Martin also known as Mrs. Mark E. Martin of Hominy, Oklahoma.

Enclosed for your information are two copies of a self-explanatory communication from our Dallas Office dated April 24, 1964, relating to information furnished by Mrs. Jean Lollis Hill. This communication concerns a telephone call Mrs. Hill reportedly received from an unidentified woman in Oklahoma on April 22, 1964.

From the information contained in the enclosed communication and from prior experience with Mrs. Martin, it is possible she is the unidentified caller.

For your information, Mrs. Hill was interviewed by this Bureau on November 22, 1963, the results of which were submitted to you and appear on page 35 of the report of Special Agent Robert P. Gemberling at Dallas, Texas, dated November 30, 1963. Mrs. Hill was reinterviewed on March 13, 1964, and the results were furnished to you with my letter dated April 2, 1964.

DECLASSIFIED BY 60324 UC BAW/LTP/CG 9-18-96

UNITED STATES GOVERNMENT

Memorandum

NOTE TO SAC OKLAHOMA CITY AND DALLAS:

RE: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11/22/63, DALLAS, TEXAS
MISC. - INFORMATION CONCERNING
ASSASSINATION OF PRESIDENT KENNEDY

Re DL airtel 4/24/64 relating to a possible contact by Mrs. Mark E. Martin of Hominy, Oklahoma, with Mrs. Jean Lollis Hill of Dallas, Texas.

You should continue to furnish the Bureau with pertinent data relating to Mrs. Martin and be extremely circumspect in any dealings with her, being constantly alert to the possibility any conversation with her may be recorded. The Bureau's views relative to any such re-

NOTE:

This is the eighth letter to the Commission concerning Mrs. Martin.

We have had unsatisfactory dealings with her in the past and she recently recorded or took verbatim notes of a telephonic conversation with an Agent of our Dallas Office. In view of the possibility of embarrassment to the Bureau and to alert the field, SAC letter 64-23 dated 4/28/64 was immediately prepared for dissemination.

Martin has been described as a "bright nut" and since the assassination has been conducting her own investigation. The enclosed communication from Dallas relates to a telephonic complaint from Hill indicating she was contacted on 4/22/64 by an unidentified woman in Oklahoma who was very persistent in questioning Hill concerning the assassination. Hill states she was likewise persistent and refused to furnish any information. Hill stated the caller made some reference to either furnishing information to Mark Lane or that Lane was interested in information she was obtaining. As you are aware, Lane is the [redacted] and espouser of communist causes who formerly represented Lee Harvey Oswald's mother.

Hill was alongside the Presidential motorcase on 11/22/63 when President Kennedy was assassinated. When she was initially interviewed she reported hearing one shot and seeing the President fall forward. She later became somewhat controversial when Mark Lane publicly used a taped interview with her as evidence that more than three shots were fired. Hill on reinterview reported hearing four to six shots.

UNITED STATES GOVERNMENT

Memorandum

TO: Mr. Callahan

DATE: 4-15-64

FROM: L. J. Gauthier

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
EXAMINATION OF VISUAL AIDS BY
PRESIDENT'S COMMISSION

Reference memo Gauthier to Callahan 4-7-64.

Staff members of the President's Commission and specialists of the armed services, Drs. Humes, Heany, Fink, Light and Olivia (ph.) attended a conference on 4-14-64 for the purpose of reviewing motion pictures and slides of the assassination site. Representatives of the Secret Service and the FBI were present to assist in projecting the film and the use of the scale model.

Dr. Humes, U. S. Navy Commander, who performed the autopsy on the President, appeared to lead the discussion throughout the 4-hour session. All of his associates were generally in agreement with previous findings of the Commission as to where Shots 1, 2 and 3 approximately occurred.

The most revealing information brought out by the doctors is as follows:

1. That Shot 1 struck the President high in the right shoulder area, penetrating the torso near the base of the neck damaging the flesh of the throat but not tearing the throat wall. This bullet, according to the doctors, continued and entered Governor Connally's right shoulder, emerging below the right nipple. The velocity of the missile, according to the doctors apparently was snagged in the coat and shirt, eventually falling out on Connally's stretcher.

2. That Shot 2 struck the wrist of the Governor, continuing on into his thigh.

3. That Shot 3 struck the right side of the President's head, carrying much bone and brain tissue away, leaving a large cavity. There is nothing controversial about where Shot 3 occurred inasmuch as the Zapruder movie indicates with much clarity where this happened.

Heretofore it was the opinion of the Commission that Shot 1 had only hit the President, that Shot 2 had entered the Governor's right shoulder area penetrating his torso through the chest area emerging and again entering the wrist and on into his leg.

ORIGINAL FILED IN

Memo, L. J. Gauthier to Mr. Callahan
ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
EXAMINATION OF VISUAL AIDS BY PRESIDENT'S COMMISSION

Staff attorneys of the Commission extensively questioned the doctors concerning their conclusions and their views were made a matter of record by Attorney Melvin Eisenberg.

ADDENDUM: 4-15-64

Mr. Eisenberg advised that Governor Connally would be in Washington on Tuesday, April 21, 1964, to assist the Commission in describing as to where the three shots occurred and that he, Eisenberg, would request that Shaneyfelt and Gauthier be available to assist them in handling visual aids while the Governor's views are obtained.

Mr. Eisenberg also inquired whether Special Agent Shaneyfelt of the FBI Laboratory, Special Agent John Howlett of Secret Service and Gauthier would be able to arrange for a re-enactment of the shooting scene in Dallas using the data collected by the Commission, to make movies of the areas where each shot occurred using Zapruder's camera to have people simulate the positions of the occupants of the President's car in a car similar to the one used by the President which would be furnished by Secret Service, to take ground measurements between the Texas Schoolbook Depository from each point where shots occurred to determine the distances between gun muzzle and target, etc.

Mr. Eisenberg inquired as to whether I had any suggestions concerning his request. He was advised that of course the FBI would do whatever possible to assist in this matter; however, it was felt that inasmuch as he, Eisenberg, had a good working knowledge of what the Commission desired it would appear to me to be to the advantage of the Commission if he, Eisenberg, would be present in Dallas to insure the development of the desired technical data. He and his immediate superior, Attorney Norman Redlich, agreed to this suggestion. Without saying as much, it was felt that considerable publicity will definitely stem from this type of operation in Dallas and a representative of the Commission should be present to handle the inquiries of the press concerning the fact that this was a Commission field operation and not an operation of the FBI or Secret Service.

Mr. Eisenberg stated he would make his proposal for this field trip known to the members of the Commission recommending that the FBI and Secret Service assist the Commission's legal staff in gathering on-site data relating to the assassination of President John F. Kennedy.

RECOMMENDATION: None - for information only.

SEE ADDENDUM PAGE THREE...

Memo, L. J. Gauthier to Mr. Callahan
ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
EXAMINATION OF VISUAL AIDS BY PRESIDENT'S COMMISSION

ADDENDUM: AHB:hw 4-15-64

It is questionable what the Commission expects to gain by an additional re-enactment of the scene of the assassination, bearing in mind that Secret Service has already gone through this exercise at least once, and Inspector Gauthier made actual models of the assassination area. It is inevitable that there will be considerable publicity attendant to the proposed re-enactment of the scene.

It is our opinion that it would be undesirable for the FBI to become involved as the speed of the car, protection measures, etc., were the basic responsibilities of Secret Service at the time. We would prefer not to become identified with the actual scene and happenings at the assassination in the minds of the public.

It is recommended that Inspector Malley advise Mr. Rankin that this proposal appears to be without merit; that the FBI has done its utmost to be of assistance by providing models of the area, technical data and technical advice in assisting the Commission to interpret events as they occurred. Mr. Malley should advise Rankin that we suggest that if such a re-enactment of the scene is considered desirable by the Commission, it should be carried out by Secret Service which has already gone through this exercise at least once.

By Courier Service

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

On April 20, 1954, Mr. Melvin Eisenberg, of your staff, delivered to a representative of the FBI Laboratory a Marine Corps Certificate of Service in the name Alek James Hidell, which has been designated as FBI Exhibit D-206, and a photograph of a Selective Service System Notice of Classification in the name Alek James Hidell, which has been designated as FBI Exhibit D-207. Mr. Eisenberg requested that these two exhibits be examined to determine if they were forgeries.

On April 28, 1954, Mr. Eisenberg delivered to the FBI Laboratory a group of negatives, designated as FBI Exhibit D-44, and Oswald's wallet and contents, designated as Item B-1, for use in connection with the examination of Exhibits D-206 and D-207.

Based upon an examination of the photographs, D-206 and D-207, it was concluded that both of these exhibits are fraudulent and counterfeit reproductions made from photographic negatives contained in Exhibit D-44 which, in turn, were made from genuine cards issued to Lee Harvey Oswald and contained in his wallet, Item B-1.

Also, on April 28, 1954, Mr. Eisenberg delivered to the Laboratory a photograph of a "Fair Play for Cuba Committee" membership card dated June 15, 1963, bearing the signature "A. J. Hidell." This photograph was compared with the original card contained in Oswald's wallet, Item B-1. The original card

In connection with other research and inquiries being conducted at the National Archives, [redacted] located the above-described magazine, which, on pages eight and nine, includes an article in Spanish entitled "Los Pasos de OSWALD en Mexico" ("The Footsteps of OSWALD in Mexico"), and photographs of the Hotel Del Comercio, the Transportes Frontera bus terminal, and the owner of the restaurant where OSWALD is reported to have taken some meals. Commission Representative DAVID W. SLAWSON expressed an interest in carrying a copy of the magazine with him, and it was furnished to him for that purpose.

As is typical of much of the news and magazine reporting in Mexico, the information appearing in the article is in considerable variance with the information which has resulted from Bureau investigation in this matter.

CORRECT NAME OF MEXICAN IMMIGRATION CHIEF AT NUEVO LAREDO, MEXICO

As the Bureau was advised in reference cable, Inspector JOSE MARIO DEL VALLE was contacted by SA JOSEPH B. GARCIA and advised that the correct name of the Chief of the Mexican Immigration station at Nuevo Laredo, Tamaulipas, Mexico, is GILBERTO CAZARES GARZA. He acknowledged that his use of the name "GILBERTO CAZARES PEREZ" in his report of investigation concerning OSWALD (a translation of which was submitted to the Bureau by letterhead memorandum dated 3/16/64) had been a mental lapse on his part.

UNITED STATES GOVERNMENT

Memorandum

ROUTE IN ENVELOPE

TO: Mr. Belmont

FROM: A. Rosen

SUBJECT: PRESIDENT'S COMMISSION

DATE: April 15, 1964

On April 15, 1964, while Malley was discussing other matters with J. Lee Rankin, he casually mentioned the information furnished by Mr. Rankin to the effect that a representative of Secret Service had told the President's Commission Lee Harvey Oswald would have been under surveillance had information available been made known to Secret Service. Mr. Rankin was asked if he would care to reveal the identity of the Secret Service representative who had made this comment. Mr. Rankin became somewhat disturbed and stated that he was not at liberty to reveal this information at the present time. He was not pushed further for the identity of this individual.

Foregoing submitted for information.

ADDENDUM, 4/16/64 (AHB:csh) -

In his liaison capacity, Inspector Malley has constantly been attempting to get close to Rankin, who has maintained a strictly official attitude. In advising Malley of the statement by a Secret Service representative, this is the first time that Rankin has unbent a bit, and he showed some concern to Malley that he had departed from his strict, official role in so advising Malley.

Malley says that when he talked to Rankin last night, Rankin expressed concern at the follow-up, and indicated that, before the Bureau took any action on this information, he would like to be further consulted. Nevertheless, if you agree, we will have Bartlett go to Jim Rowley and, without revealing the source, tell Rowley we have learned that a representative of Secret Service has stated to the Commission that, if information on Oswald had been furnished to Secret Service, they would have had him under observation; that this definitely has the appearance of Secret Service

Federal Bureau of Investigation Clerical

UNITED STATES GOVERNMENT

Memorandum

TO: Mr. Belmont

FROM: A. Rosen

DATE: 4/17/64

SUBJECT: PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT

Mr. Howard Willens of the President's Commission staff telephonically advised Malley today that Mr. Samuel Stern of the staff had been making inquiries of several Government agencies concerning the records system utilized by each agency. He specifically mentioned that Mr. Stern had been to CIA on several occasions and more recently, as a result of his contacts with CIA, Chief Justice Warren had gone to CIA headquarters and had been thoroughly briefed in connection with the system being used by CIA.

Mr. Willens indicated that the President's Commission would like for Mr. Stern to get in touch with a Bureau official concerning the records system utilized by the Bureau and to be briefed relative to the collection of information, the organization of same, and the general manner of handling information, in order to see that it is properly correlated.

Mr. Willens was asked if he could be more specific in explaining the request. Mr. Willens advised that the Commission was interested in knowing to what extent the Bureau was using data-processing machines and to what degree it had been successful in utilizing machines in our work. He indicated that he would be glad to put the request in writing but he was not in a position at the time of the call to furnish additional information concerning the request.

The purpose of this request is not known. During the past week Mr. Rankin on one occasion asked the question as to whether or not the Bureau made use of data-processing machines in connection with the Bureau's work. On that occasion he was advised that Bureau officials had kept up to date concerning the latest machines being developed and that in any instance where it was practical, the most modern equipment was being utilized.

RECOMMENDATION:

If approved, it is recommended Mr. Willens be advised that Assistant Director Tavel of the Records Division would be the proper person for Mr. Stern to contact concerning the Bureau's records system. He would also be requested to furnish the Bureau a letter outlining the general nature of the information desired concerning the Bureau's records.

Memo **Memorandum** Rosen

Re: President's Assa...

TO: Mr. Belmont

DATE: 4/22/64

FROM: ...ul A. Rosen

SUBJECT: THE PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT

Mr. Rowley of James J. Rowley, U.S. Secret Service

Memorandum 4/17/64 Sullivan to Belmont set forth results of interview with Secret Service Chief Rowley on 4/17/64 relative to the statement made by Mr. Rowley to the effect that Secret Service had made the statement that Lee Harvey Oswald would have been under surveillance on November 22, 1963, if the Secret Service had been furnished information concerning Oswald.

President's Commission - D.C.

Mr. J. Lee Rankin was advised today by Malley that the Bureau had received information from several sources indicating that Secret Service has made comments that Oswald would have been under surveillance if they had been advised of Oswald's background. He was told that this matter was discussed with Secret Service Chief Rowley and Rowley had stated there was no information indicating the possibility of physical violence on the part of Oswald and that he would not, therefore, have been placed under surveillance. Rowley also stated that had the Secret Service checked the building (Texas School Book Depository Building) they would have taken no action concerning Oswald inasmuch as he was employed in the building.

D.C.

Mr. Rankin was told that we understood Special Agent in Charge Robert I. Bouck of the Protective Research Section, Secret Service, was scheduled to appear before the Commission on 4/23/64 for testimony. Mr. Rankin verified that Bouck would appear. It was suggested that in view of Mr. Rowley's statements it might be well for the Commission to officially inquire of Mr. Bouck the position Secret Service would have taken concerning this matter.

Mr. Rankin was most appreciative of being advised of the comments made by Secret Service Chief Rowley on this matter and stated that the Commission would handle the matter in full on an official basis.

ACTION: Liaison Supervisor Orrin H. Bartlett has been advised of this discussion with Mr. Rankin and he, in turn, is again discussing the matter with Mr. Rowley.

ADDENDUM: OHB:mpd: At 9:25 a.m. today Liaison Agent Bartlett spoke with Secret Service Chief James J. Rowley and advised him of our conversation with

with Mr. Rankin earlier today. Mr. Rowley advised that he appreciated being brought up to date on the matter and that he will brief Mr. Bouck fully on the official position of the Secret Service prior to his testifying before the Commission tomorrow, 4/23/64.

Mr. Rowley reiterated his official position as: Secret Service would not have placed Oswald under surveillance even if they had the information that Oswald was in Dallas in view of no history of physical violence; that had Secret Service checked the Dallas School Book Depository they would have taken no action concerning Oswald in view of the fact that he was employed in the building.

[illegible]

RECOMMENDATION:

If approved, it is recommended that [illegible] Director Tavel of the Records Division would be the person to contact concerning the Bureau's records system and [illegible] to furnish the Bureau a letter outlining the general nature of [illegible] concerning the Bureau's records.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: April 17, 1964

FROM : Mr. W. C. Sullivan

SUBJECT: PRESIDENT'S COMMISSION

Mr. Rosen's memorandum, 4/14/64, reported information furnished by Lee Rankin indicating that representatives of the Secret Service had said that Secret Service would have had Oswald under surveillance on 11/22/63 if they had been furnished information concerning him. As approved by the Director in Mr. Rosen's memorandum 4/15/64, Liaison supervisor Bartlett discussed this with Secret Service Chief Rowley today, 4/17/64, and Rowley was shocked and indignant. He said that only four Secret Service employees have appeared before the Commission to date, these all being men who were in the Presidential motorcade in Dallas and whose testimony was limited to description of the events surrounding the assassination. Rowley said that at no time was any question raised by the Commission concerning a possible surveillance nor was there any comment ever concerning this made by his men. He said that the only persons who could speak for Secret Service in this regard were himself and Special Agent in Charge Robert I. Bouck of the Protective Research Section. Bouck is to appear before the Commission on 4/23/64 for the first time and Rowley said he will thoroughly brief him in advance. Rowley stated flatly, in addition, that there would be no such statement made by Secret Service because there was no information indicating the possibility of physical violence on the part of Oswald and he would not, therefore, have been placed under surveillance. He further stated that had the Secret Service checked the building they would have taken no action concerning Oswald inasmuch as he was employed in the building.

Rankin also indicated to Malley that Secret Service had been asked what requests had been made of the FBI in writing for the type of information Secret Service desired to assist in protection of the President. Mr. Rowley said he had received no such request from the Commission. He added that to the best of his knowledge Secret Service has made no request of this type of FBI or any other agency because they have been interested in specific information relating to threats against the President and FBI and other agencies have been furnishing this type of data for many years. Nevertheless, to satisfy ourselves we have conducted an exhaustive search of our

Dear Mr. Rankin:

There is enclosed a list identifying one memorandum and two closing reports setting forth the results of our investigation concerning Jeanne De Mohrenschildt and George De Mohrenschildt. Two copies of each of these communications are also enclosed.

For your information, during our current investigation of the De Mohrenschildts interviews were not conducted with the following individuals who have previously been associated with Jeanne or George De Mohrenschildt for the reasons indicated:

Dimitri De Mohrenschildt, brother of George De Mohrenschildt, is a professor of Russian history and literature at Dartmouth College, Hanover, New Hampshire. He is presently on a leave of absence, reportedly located in care of Siri Aurobindo, Center of International Studies, Pondicherry, India. (See report of Special Agent Samuel T. Roedell dated March 2, 1964, at Boston, Massachusetts.)

It is noted our investigation of the De Mohrenschildts has failed to disclose any recent association between George and Dimitri De Mohrenschildt.

Robert Le Gon is the former husband of Jeanne De Mohrenschildt.

[redacted] He is currently a patient at that hospital.

DECLASSIFIED BY 2040
7-9-77

Dear Mr. Rankin:

There are enclosed two copies of the report of Special Agent Robert P. Gemberling dated April 15, 1964, concerning Lee Harvey Oswald. There are eight enclosures to each copy of this report.

Your attention is called to the results of our interview with Mrs. Ruth Hyde Paine on March 31, 1964, as contained on page 207 of this report, wherein Mrs. Paine alleged that certain information previously furnished by her to the FBI had been "leaked" to the press when it reached the President's Commission.

BY COURIER SVC. 10 MAY - 4 PM

Mrs. Paine was reinterviewed concerning this matter on April 27, 1964. She advised that on about February 23 or February 24, 1964, she received a long-distance telephone call from a member of the press inquiring if she knew "about the rifle on October 23." She told the inquirer that she did not. Mrs. Paine could not recall who made this telephone call to her but she believed it was either Jack Langguth of the Los Angeles Bureau of "The New York Times" or Isaac Don Levine, a writer who resides at Waldorf, Maryland. Mrs. Paine stated that this telephone call apparently was based upon information previously furnished by her to the FBI concerning the significance of the notation "OCT 23" appearing in the left upper corner of her 1963 calendar on the March page. She said that previous to furnishing that information to the FBI she had not discussed that date with anyone and it was obvious to her that the person who asked her this question had heard something about the date but did not appear to know the full significance. As a result of this contact of her by a member of the press, Mrs. Paine was of the opinion that information was being

to the press by the President's Commission or by someone having access to their files. She also stated that she has given consideration to the possibility that the person asking her this question may have received his information from interviewing Marina Oswald since she believed that Marina Oswald may have been shown the Paine calendar and may have been asked specifically whether Mrs. Paine knew about the rifle on October 23, 1963.

We previously interviewed Ruth Hyde Paine on February 5, 1964, and February 10, 1964, concerning the significance of certain notations appearing on her calendar for the month of March, 1963. The results of those interviews are contained on page 54 of the report of Special Agent Gemberling dated February 11, 1964, and on pages 89-90 of the report of Special Agent Gemberling dated March 10, 1964. Copies of those reports have been furnished to you. The only other dissemination of these two reports by this Bureau was to the Central Intelligence Agency.

The above is furnished for your information.

Dear Mr. Rankin:

Enclosed for your information are two copies of a self-explanatory communication dated May 1, 1964, relating to a letter received by this Bureau from Mrs. Lucille Labonte of Sudbury, Ontario, Canada.

In view of Mrs. Labonte's allegation, investigation has been initiated by this Bureau and when the results are received, you will be promptly notified.

Sincerely yours,

NOTE FOR LEGAT, OTTAWA AND SAC, DALLAS:

ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11/22/63
DALLAS, TEXAS
MISCELLANEOUS - INFORMATION CONCERNING

Enclosed for Ottawa and Dallas are copies of the aforementioned letterhead memorandum relating to an allegation made by Mrs. Labonte.

Legat, Ottawa, through its sources, should have Mrs. Labonte interviewed for full details concerning the allegation that on the morning of 11/22/63 she was told President Kennedy was to be shot. Her letter to the Director should be acknowledged. Insure all necessary investigation to resolve this matter is appropriately initiated, and the results promptly furnished to the Bureau in a letterhead memorandum for dissemination by the Bureau to the President's Commission and Dallas.

No information identifiable with Mrs. Labonte and variations of her last name could be located in Bureau files.

NOTE:

The letter and envelope bearing the date of 4/23/64, postmarked, Sudbury, Ontario, was received in the Bureau on 4-29-64. When investigation has been completed, the Commission will be promptly advised of the results.

UNITED STATES GOVERNMENT

Memorandum

DATE: May 1, 1964

TO: Mr. Conrad

FROM: W. D. Griffith

SUBJECT: Lee Harvey Oswald
IS - R - CUBA

On April 30, 1964, SA James C. Cadigan testified before the President's Commission concerning the results of various laboratory examinations in this case. The testimony lasted for three hours. Only Staff Counsel Melvin Eisenberg and the court reporter were present.

Mr. Eisenberg had requested SA Cadigan to be in his office shortly before 9 A.M. and said SA Cadigan would testify at 11 A.M. However, at 2:50 P.M. Eisenberg returned and said that due to the large number of exhibits put into the record and the length of the testimony of Alwyn Cole, a Treasury Department document expert, he had been unable to get to SA Cadigan until 2:50 P.M. He further said, "We will have you testify, but no Commission members will be present to ask questions."

SA Cadigan testified for the record at length and a number of photographic enlargements were also entered in the court records.

In essence, the testimony involved handwriting examinations concerning the order for the rifle from Klein's Sporting Goods, Chicago, Illinois, the postal money order used to pay for the rifle, the order for the .38 caliber revolver used in the killing of Officer Tippet, applications for Post Office Box 30061 and Post Office Box 2915, the change of address for Post Office Box 2915 and for Post Office Box 30061, the letter written in Russian by Oswald concerning the attempted assassination of General Walker, the inoculation certificate of vaccination for A. J. Hidell(an alias used by Oswald) and the Fair Play for Cuba Committee (FPCC) membership card in Oswald's wallet. Testimony was further offered concerning the obliterated signature on the FPCC card and on the preparation of the forged Marine Corps Certificate of Service and the forged Selective Service Notice of Classification both in the name Alek James Hidell.

Memorandum to Mr. Conrad
Re: Lee Harvey Oswald
105-82555

The nature of the testimony of the Treasury Department document expert, Alwyn Cole, was not disclosed directly. However, it is believed likely his testimony concerned the handwriting on the order for the rifle, the postal money order, the order for the .38 caliber revolver and the applications and change of address cards for Post Office Boxes 2915 and 30061.

Cole is known to us and has a good reputation insofar as his ability as a document expert is concerned.

Recommendation: None, for your information.

Notice

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

FROM : A. Rosen

DATE: April 24, 1964

SUBJECT: THE PRESIDENT'S COMMISSION

My memorandum of 4-22-64, set forth details concerning the discussion by Malley with J. Lee Rankin wherein Mr. Rankin was advised of the official position of Secret Service Chief Rowley indicating that Oswald would not have been placed under surveillance based on the information that was known concerning Oswald.

On April 24, 1964, while Malley was talking to Mr. Rankin, he inquired whether SAC Robert I. Bouck of the Protective Research Section, Secret Service, had testified before the Commission. Mr. Rankin stated he had testified on April 23, 1964. Rankin did not volunteer any information and was asked whether or not he had stated the position of Secret Service as had been given to the Bureau by Mr. Rowley.

Mr. Rankin stated he would classify Bouck's testimony before the Commission as a "push." He stated that Bouck's testimony before the Commission was heard by Commissioners McCloy, Dulles and Congressman Ford and that he, Rankin, was not present during all of the testimony. Bouck stated that Secret Service had never requested the FBI or any Government agency in writing to furnish any particular type of information to Secret Service. Bouck stated it was sort of an unwritten understanding that all Government agencies would furnish to Secret Service that information which they felt would be beneficial to Secret Service and that it was sort of an unwritten understanding that this type of information would deal with any information where violence was indicated. Bouck, when questioned as to whether Oswald would have been under surveillance on November 22, 1963, in Dallas if information then available had been known to Secret Service, indicated that some action probably would have been taken. Rankin stated the three Commission members present did not "buy" the testimony of Bouck on this point and

definitely felt that Bouck was being evasive and was attempting to look after his own position in Secret Service. Rankin stated the three Commission members gave Bouck a very hard time concerning his testimony. He stated Bouck attempted to say that under certain conditions certain action would have been taken, but when pinned down by the Commission, he became extremely evasive.

Mr. Rankin stated that he does not feel that Bouck furnished to the Commission the official position of Secret Service as indicated by Mr. Rowley and that the Commission definitely feels Bouck's testimony was evasive.

Mr. Rankin advised that at this time he did not know whether further testimony would be taken concerning this matter.

Submitted for information.

SUBJECT: THE PRESIDENT'S COMMISSION

Inspector Malley and I met with Mr. Rankin of the President's Commission and two assistants, Samuel Stern and Howard Willens, at 11 am. today, as they said they wanted to check with us relative to the questions that would be addressed to the three FBI agents who are to appear before the Commission on 5/4 and 5/64.

They were advised that the agents could testify as to any knowledge they had of the Oswald case and any investigation they conducted, but would not be in a position to give opinions because our agents are charged with investigating and gathering facts, and not with rendering opinions.

They stated they desired to enter the Bureau investigative reports, prior to the assassination, on the record, through the testimony of these agents, and this raised the question as to whether information contained in these reports could be made public; for example, statements in one report that a Mrs. Taylor advised our agents that Oswald had beaten up Marina Oswald; and statements regarding Mrs. Marguerite Oswald being a loudmouth. They wondered if Mrs. Taylor would resent having her statements made public. I told them that these reports, of course, had not been prepared for public consumption; that, nevertheless, the Bureau was taking the position that, in view of the importance of this matter, we would leave it up to the Commission as to what should go on the public record.

[redacted]

RECORDED COPY FILED IN

AHB:CSH (6)

REC-25 62-109060-1355

4 XEROX

6 MAY 5 1964

SECRET

MAY 5 1964

8 MAY 8 1964

As to all these items, I reiterated that the Director desired to cooperate to the fullest extent and in response to the Commission's request we had furnished these reports, and we would not take the position that something should be held back from the record if the Commission felt it was necessary to use it.

They said that these reports, prior to the assassination, served the best purpose in showing that the Bureau had no information prior to the assassination of the President that would indicate any potential for violence on Oswald's part, and it was for that reason they thought the reports should go on the record. I told them that we had given them our basic position, and that we would look over these reports to see whether there was any specific item that might cause a problem. We are looking these reports over, and in the absence of something which will cause a very real problem we will again advise Rankin that our position is as I stated to him today. If there is a real problem we will prepare a memorandum pointing it out to the Director.

FBI

Mr. Rankin then advised that their method of operation at the hearings is to introduce documents, et cetera, through a witness. He referred to the Bureau's letter of 4/6/64, wherein the Bureau answered some thirty questions posed by the Commission; also, he referred to the Bureau's letter of 3/31/64, referring to the Bureau's dissemination procedures both prior to and subsequent to the assassination. He also referred to the Director's affidavit, stating Oswald was never an informant of the Bureau. He was of the opinion that these documents could not be introduced through a field agent and would require an official of the Bureau to introduce them and answer questions concerning them. He wanted to know if I was available, and I told him I was, with the Director's permission.

Relative to our letter of 3/31/64 concerning dissemination criteria, Mr. Stern asked whether it would be all right to place on the record the change in our dissemination after the assassination. I told him most certainly; that we had given this information to the Commission and we stood behind it.

of information furnished.

At this point we launched into a discussion of the broadened criteria following the assassination, and I again discussed, as I had previously done with Willens and Stern when they visited the Bureau's Files Division, the problem of security versus individual rights, and our concern over whether the information we were furnishing the Secret Service would be handled properly, bearing in mind the recent action taken by the police in Chicago and the reverberations that could come from such actions. Mr. Rankin showed considerable interest in this discussion.

Mr. Tolson

FBI

I also discussed rather fully the Bureau's approach to security work and the requirement for good judgment, both in investigative procedures and the handling of security information. I pointed out that in every security investigation we have a reason for the investigation, and the type of investigation is based on this reason; that in the Oswald case we took it upon ourselves to interview him when he returned from the Soviet Union, for the purpose of seeing if he was under the control of the Soviets; that this was our interest and the reason for the investigation; that, although he pretended to head a New Orleans chapter of the Fair Play for Cuba Committee, actually there was no such chapter; that when he left New Orleans and we heard he had been in touch with the Soviet Embassy in Mexico, we located him again, in Dallas, and found he was doing menial work, of nonclassified nature, which again satisfied our interest, and nowhere had we learned of any potential for violence.

Mr. Rankin said that it would be of real value to the Commission to have the Bureau's position spelled out to the Commission on these points, as they made it clear just where Oswald fitted into the picture and as to the nature and scope of our investigation. He also thought it highly desirable that the Commission be advised of the delicacy of security investigations in a free society such as ours.

HENRY District Attorney - Dallas, Texas

Mr. Willens then took up the matter of the Director's affidavit regarding Oswald not being an informant. The first two pages flatly deny that Oswald was an informant. The remainder deals with the allegations of Wade regarding the handling of Bureau informants, and Willens wondered whether this latter part should go on the record, as it went into the matter of Wade serving as an agent in South America; payments to informants; and into the fact that Wade was turned down when he sought reinstatement in the Bureau, and why. DC Equal

Mr. Rankin said the affidavit should stand as written; that the Commission asked for the information, based on a question raised by Wade, and if Wade did not like the answer that was Wade's problem.

I told Mr. Rankin that this affidavit had been prepared at the Commission's request, and the Bureau stands behind it. I reiterated that Mr. Hoover has taken the position that the Bureau will provide the information requested by the Commission, and does not desire to request any changes or deletions in the material the Commission feels necessary to use for the record. Mr. Rankin said that there will be material, of a classified nature, which will be filed in archives under appropriate restrictions as to access, but this is a matter the Commission is going to have to decide and be responsible for.

During one point in the conversation the Commission members brought up the memoranda of the Dallas police officers regarding the alleged statement by Hosty that Oswald had a potential for violence. Rankin indicated rather clearly that he thought the police memoranda were "rigged." I told him I did not know; that the only thing I did know was that Hosty could not have properly made this statement as neither he nor the Bureau had any information indicating potential violence on the part of Oswald. I pointed out that our Dallas Office had been in constant touch with the Dallas police and we had never heard of these memoranda before. Mr. Rankin advised that it was peculiar to him that such memoranda should appear at this late date. He tied this in with the damning police testimony against Ruby, which had not appeared in interviews with FBI agents or in reports by the police officers to their superiors after the assassination.

Mr. Rankin advised that, in the event the Director approves Belmont testifying before the Commission as to the Bureau's position in these matters, it would not be necessary for the Director to appear, unless of course the Director felt it desirable to do so. He advised that prior to my testimony, the staff would like to get together with me again to go over the format of the testimony and the types of questions that would be asked, although of course the Commission members would be free to ask whatever questions they desired.

Should the Director desire me to handle this before the Commission, I will so advise Rankin.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Tavel

DATE: 4-20-64

SUBJECT: PRESIDENTIAL COMMISSION - CENTRAL INTELLIGENCE AGENCY'S BRIEFING ON THEIR FILES SYSTEM

The attached memorandum from Brennan to Sullivan dated 4-17-64 outlines a briefing furnished members of the Presidential Commission on the Assassination of President Kennedy of the Central Intelligence Agency's (CIA) procedures relating to the collection, indexing and dissemination of information during which reference was made to the FBI having "the most effective manually-operated indexing system in the world. The Director has inquired "What is this?"

CIA is referring to the Bureau's method of classifying, indexing and filing mail through the use of clerical employees as distinguished from so-called automated systems that search and store information automatically through the use of punched cards, tape, film or discs. The Bureau's system is manually operated in the sense that clerical employees physically handle such principal functions as searching our general indices to see what information the Bureau has on any given subject matter. By use of this simple and direct technique, the Bureau handles a tremendous volume of work and to our knowledge there is no mechanized equipment now on the market or even presently contemplated that could begin to handle the existing volume as rapidly and as accurately as is presently accomplished.

Since the mid-50's, CIA has, on a limited basis, been experimenting with the use of International Business Machines (IBM) punch cards in correlating certain types of information in their records. It is estimated that the conversion to automatic data processing equipment in this regard will cost in excess of $6,000,000.00 and yet will only encompass a small part of CIA's records. We have been closely following

SENT DIRECTOR 4-20-64

this operation and on occasion have observed the system. Many practical problems have developed and the day-to-day utilization of the system has necessarily been postponed until, as indicated in referenced memorandum, they now foresee that it will still take at least a year and a half to finish the job.

Through the Bureau's membership on the Committee on Documentation, U.S. Intelligence Board, and through personal contact with commercial firms such as International Business Machines and Radio Corporation of America, we are also keeping in touch with developments in the field of automatic data processing. We are, of course, particularly interested in the intelligence agencies in the Government where millions of dollars are being spent on experimentation. No "breakthroughs" have occurred that will accommodate a records system as large as ours or that will adequately handle the volume of requests we do on a daily basis up to this time.

ACTION:

The Director will be promptly informed of pertinent and interesting developments as they occur in this field.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. W. C. Sullivan DATE: April 17, 1964

FROM : D. J. Brennan, Jr.

SUBJECT: PRESIDENTIAL COMMISSION

The following information, which was volunteered to Agent Papich on 4/16/64 by James Angleton, Central Intelligence Agency (CIA), on a strictly confidential basis, may be of interest to you in that it describes CIA's tactics in dealing with the Commission and the information also may shed some light on the thinking of Chief Justice Warren.

Several days ago, Mr. Stern of Rankin's staff advised CIA that the Commission was interested in obtaining a detailed picture of CIA's procedures relating to collection, indexing, and dissemination of information. As a result of this request, John McCone issued instructions that interested members of the Commission be invited to CIA for a thorough briefing. This took place on 4/16/64. Present were Chief Justice Warren, Senator Cooper, J. Lee Rankin, and Mr. Stern of Rankin's staff. The briefing lasted approximately four hours and McCone remained throughout.

CIA officials described CIA's current efforts to mechanize the processing of all its information. This was done in considerable detail and the visitors were taken on a tour where the equipment was demonstrated. Throughout CIA was endeavoring to leave the impression that all information is carefully and accurately recorded and filed. During the briefing Warren asked the question, "How can your system and facilities help the Secret Service?" He explained that the voluminous information was not going to be of any use to the Secret Service unless there was some satisfactory arrangement effected between Secret Service and CIA. The CIA officials responded that CIA only could help if Secret Service clearly spelled out exactly what they wanted. CIA took the position that it would be necessary for Secret Service to outline criteria of information of interest to Secret Service. Warren inquired if such criteria had ever been spelled out by Secret Service. CIA replied in the negative and explained that historically the Agency has been following a general policy of disseminating information relating to possible threats against the life of the President.

ENCLOSURE

Warren then took off on a fairly lengthy dissertation on the Secret Service. He stated that the Secret Service was a small organization with very limited resources and that unless changes

MAY 5 1964

were made, it would be incapable of properly evaluating and handling information disseminated by other agencies. He pointed out that each year Secret Service fought a losing battle to obtain necessary funds; that its main responsibility was handling counterfeiting matters and that, at the same time, it had the highly important job of protecting the President. He commented that the Secret Service was not getting the support it needed, nor did it have the stature required when even the President could ignore the Service on matters dealing with security. He stated that President Kennedy on numerous occasions had ignored Secret Service warnings, and that President Johnson is already doing the same.

Warren then stated that if the President was to comply with strict security practices, it would be necessary to establish some authority which would be respected by a President. He stated that he was giving some thought to establishment of a "Policy Guidance Committee" consisting of the Secretaries of Treasury, State and Defense and including the Attorney General. As explained by him, this group would establish rules and policies dealing with the security of the President. His thought was that once this was established, the President would be obliged to comply because of the stature of the men on the Committee.

Warren repeatedly emphasized that there has been "too high a percentage of assassinations of Presidents" and that constructive action must be taken for the future. He said that his Commission must make recommendations but, at the same time, must be realistic. He commented that it would do no good to make recommendations which could not be implemented in a practical manner. In this same vein he repeated that unless the Secret Service could handle information furnished to that agency, nothing worthwhile could be accomplished.

Angleton advised that all CIA officials received the following impressions: (1) Warren is not concentrating on fixing blame on any individual or agency in connection with the assassination. (2) He is very much concerned about the inadequacies of the present Secret Service structure. (3) He definitely will be making recommendations to reorganize the Secret Service.

Angleton stated that during the CIA briefing of the Agency's indexing procedures by use of machines, Warren asked several questions concerning accuracy. It was explained to him that it would take CIA at least another year and a half to properly mechanize its system. At this point [redacted], CIA briefer, pointed out that the Agency is still using a manually-operated indexing system and he then stated the FBI had "the most effective manually-operated indexing system in the world." [redacted] was trying to establish that a manually-operated system can be very effective if properly handled.

TMG:klp
(9)

NOTE:

Thornley is a former Marine who knew Oswald during his Marine service. Thornley has furnished data in his possession concerning Oswald and has also furnished data regarding himself. He indicated he, Thornley, at one time had liberal tendencies and had made a trip to Mexico in July, 1963. He stated he had not met Oswald in Mexico. Commission now desires to personally take testimony from Thornley.

Dear Mr. Rankin:

Reference is made to my letter dated January 21, 1964, which enclosed two copies of the report of Special Agent Robert P. Gemberling dated December 18, 1963, at Dallas, Texas, captioned, "Assassination of President John Fitzgerald Kennedy, November 22, 1963, Dallas, Texas." This report contained the results of investigation conducted by this Bureau relative to allegations against persons other than Lee Harvey Oswald since the assassination of President Kennedy. This report also set forth the remarks allegedly made by various persons relative to their feelings concerning President Kennedy, other officials and the policies of the administration.

Enclosed for your assistance are two copies of another report prepared by Special Agent Gemberling dated March 30, 1964, and captioned, "Assassination of President John Fitzgerald Kennedy, November 22, 1963, Dallas, Texas, Miscellaneous - Information Concerning," which sets forth similar investigation conducted by this Bureau.

As you were previously advised, reports will continue to be submitted by this Bureau relating to such additional instances wherein this Bureau has conducted investigation arising from the assassination of President Kennedy.

DUPLICATE YELLOW

Re Dallas airtel 5/4/64. Copy of Bureau's letter to the President's Commission being furnished for your information.

79 MAY 13 1964

ORIGINAL FILED IN 62-109090-30

NOTE:

This is the tenth letter to the Commission on Martin. SAC letter 64-23B dated 4/28/64 on Martin alerted the field to her continuing campaign of vilification of the Director and the FBI. Martin has been described as a "bright nut" and since the assassination has been conducting her own investigation.

Dallas by airtel 5/4/64 furnished the Bureau with two communications received, apparently authored and disseminated by Martin. One of the communications has previously been furnished to the Commission by Bureau letter 55/64. The communication which is now enclosed indicates Martin has spoken with Mrs. Ruth Paine (Oswald and his wife resided with Paine at Irving Texas, prior to the assassination. She has been thoroughly interrogated by the Bureau and the Commission is fully aware of her background) and others and feels that Mrs. Paine has furnished conflicting stories which makes Martin question her testimony before the President's Commission.

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to my letter dated April 2, 1964, which enclosed copies of a memorandum revealing the results of a reinterview with Mrs. Jean Hollis Hill. Mrs. Hill commented she observed a white man wearing a brown raincoat and a hat running west away from the Texas School Book Depository Building following the shooting. Mrs. Hill did not closely observe this individual; did not know who he was; and never saw him again. Mrs. Hill described this man as "average height and heavy build."

Additional investigation has been conducted by this Bureau endeavoring to identify this individual. This investigation included a review of all available film taken near the Texas School Book Depository Building following the shooting; a re-examination of the results of all interviews with individuals who were in the vicinity of the shooting; a review of an additional film taken by Mr. Thomas P. Alyea, WFAA-TV newsman; and interviews with Dallas Police Department and Dallas County Sheriff's Office personnel, none of which revealed the identity of the man described by Mrs. Hill.

Investigative results appear on pages 43 through 49 in the report of Special Agent Robert P. Gemberling dated April 15, 1964. This report was furnished to you by letter dated May 4, 1964, and no further action is being taken in this matter.

Sincerely yours,

NOTE:

On 2/18/64 a meeting was held at the Town Hall, New York City, sponsored by the "National Guardian." Mark Lane criticized the investigation conducted by the FBI and Secret Service. He played a tape recording of a telephone conversation with Mrs. Hill who claims she heard four to six shots. In a reinterview with Mrs. Hill she described a man she observed running from the TSBDB. Dallas conducted investigation which did not reveal the identity of the man described by Mrs. Hill. The Laboratory advised the Commission by letter 4/21/64, the film taken by Alyea is available if desired. This film reveals scenes outside the TSBDB immediately after the assassination, as well as photographs inside the building during the search for the assassin; the finding of the rifle in its original position; and the dusting of the rifle for fingerprints by the Dallas Police Department.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to my letters dated April 28, 1964, and February 20, 1964, and to the enclosures to each.

There are enclosed two copies of a memorandum dated April 27, 1964, concerning John K. Jacobs and his wife, Katia Jacobs.

As you can see from the enclosed memorandum, Mr. Jacobs has advised that on February 7, 1964, he met Mrs. Marina Oswald, her young daughter, her business manager and her attorney at about 6 p.m. in front of the Willard Hotel, Washington, D. C. He drove them to his home in Alexandria, Virginia, where they dined. Later in the evening he drove them back to Washington, D. C. He left them at the Willard Hotel at about 11:30 p.m. that night.

This conflicts with the information furnished by Marina Oswald as reported in the enclosure to my letter of February 20, 1964. According to Mrs. Oswald, on February 7, 1964, she, James Herbert Martin and her daughter ate together and, thereafter, took a walk in Washington, D. C. They returned to their hotel about 7 or 8 p.m. and that evening [redacted]

Marina Oswald will not be reinterviewed about her activities on February 7, 1964, unless you specifically desire it. This is for your information.

Sincerely yours,

J. Edgar Hoover

BUREAU NOTE:

The Commission originally requested that we thoroughly explore the incident involving Marina Oswald and James Herbert Martin on February 7, 1964, and in this connection, Marina Oswald was interviewed and detailed her activities on that evening. A discrepancy definitely exists between what she told us and what Mr. Jacobs told us. However, it is not believed we need go into this with Mrs. Oswald again at this time unless specifically asked by the Commission.

NOTE CONTINUED:

to expound his version of the assassination of President Kennedy which has been shown to be unfounded, distorted and speculative by our inquiries in the same matter. Lane persists in claiming the innocence of Oswald of the murders of President Kennedy and Dallas Police Officer Tippit. Lane also claimed that President Kennedy was shot from a railway overpass in front of the President's motorcade rather than from the Texas School Book Depository Building. He also claims that the Parkland Hospital doctors who first stated that the wound in front of President Kennedy's throat came from a bullet's entry, were later forced to change their story at the insistence of the Secret Service. Lane criticized Dallas District Attorney Henry M. Wade for his activities and statements following the assassination which, Lane claims, prejudiced Oswald's rights under law.

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

On April 28, 1964, Lieutenant Herbert F. Hopkins, Special Intelligence Section, Fort Worth, Texas, Police Department, volunteered the following information to an Agent of our Dallas, Texas, Office.

Lieutenant Hopkins advised he had just returned from a conference at Sacramento, California, which was also attended by Lieutenant Jack Revill of the Dallas, Texas, Police Department. According to Lieutenant Hopkins he was with Lieutenant Revill at the time the news was released concerning a story in the "Dallas Morning News" attributing certain statements to Special Agent James Hosty of our Dallas Office to the effect that this Bureau had knowledge Lee Harvey Oswald was a potential assassin; however, we did not feel he would shoot the President.

According to Lieutenant Hopkins, Lieutenant Revill stated he did not release any of this information and the story as released was not correct and was not the same information he had written in his memorandum to Chief of Police Jesse Curry of the Dallas, Texas, Police Department, and part was completely false.

Lieutenant Hopkins continued that Lieutenant Revill was of the opinion Chief of Police Curry had released this information and he was very upset. Lieutenant Revill reportedly told Lieutenant Hopkins he had heard this information had first been "leaked" about one week before it appeared in the "Dallas Morning News."

TO : Mr. Conrad

DATE: May 6, 1964

FROM : Mr. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63; DALLAS, TEXAS

Reference memorandum dated 2/26/64, from W. D. Griffith concerning a continuing project wherein the Bureau has undertaken to furnish the Commission with photographs of all Commission exhibits.

On May 5, 1964, Mr. Melvin Eisenberg, a Commission Staff Member, called Section Chief Roy H. Jevons of the Laboratory Physics and Chemistry Section, and requested that a Bureau representative take custody of the listed exhibits. Mr. Eisenberg further requested that the Commission be furnished with three photographs of each exhibit not previously photographed.

As a matter of record, SA Robert E. Neill received from Mr. Eisenberg on 4/5/64, the listed exhibits which are now in Bureau custody.

The photographs will be handled by an Agent Examiner of the FBI Laboratory Document Section.

ACTION: Exhibits will be photographed and three copies will be supplied to the Commission as requested. Those items originally supplied to the Commission by the Bureau will be kept in Bureau custody. Items not originating from the Bureau (designated by *) will be returned along with the photographs.

REC'D-READING ROOM

Dear Mr. Rankin:

Reference is made to your letter dated April 24, 1964, in which you requested, in part, that we maintain contact with appropriate Mexican authorities to ascertain whether Albert Alexander Osborne will be available on reasonably short notice should the Commission desire to request his appearance for the taking of testimony. You asked specifically to be advised whether Mr. Osborne has been placed on a "two-week reporting schedule" by the responsible Mexican authorities.

Mexican immigration officials have advised that Albert Alexander Osborne has not been located in Mexico. Consequently, he has not been placed by them on a "two-week reporting schedule." Mexican immigration officials are checking records in an effort to locate information concerning his possible departure from Mexico. We have inquired at his residence at San Martin de Texmelucan and have determined that Osborne has not been seen in that area since March, 1964. A stop has been placed at Osborne's former residence in Mexico.

We intend to conduct further inquiry at the Saint Anthony Hotel, Laredo, Texas, where Osborne, in the past, has received mail.

MAIL ROOM ☐ TELETYPE UNIT ☐

Honorable J. Lee Rankin

Beyond the foregoing, we are not conducting active investigation in an effort to locate Osborne in the absence of a specific request from you.

Sincerely yours,

[redacted] Edgar Hoover

NOTE:

[redacted]

Osborne is 76-year-old self-professed clergyman who has for years lived in Mexico and has been soliciting contributions from [redacted] sources in US. He is British citizen who holds Canadian passport and has traveled extensively in US and in Fall of 1963 in Europe. He is probably a con man. He sat next to Oswald on Red Arrow bus from Laredo to Mexico City 9-26 and 9-27-63. During 4 interviews, he has denied this to us. Commission representatives when in Mexico evidenced interest in Osborne. However, they said they could not make firm request that he be located or detained as full Commission's desires were not known in this regard. Commission's 4-24 let shows that body is still indecisive as to whether or not to call Osborne. As this man is in almost constant travel status and has violated no law, we cannot exercise any control over him if he is in US and, therefore, inadvisable to conduct fugitive investigation and thereafter probably chase after him in his travels unless Commission definitely wants to subpoena him and issue subpoena.

Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated April 20, 1964, and conversations between Mr. Burt Griffin of your staff and representatives of this Bureau concerning a request to obtain photographic copies of certain records belonging to Mrs. Bertha Cheek of Dallas, Texas.

As Mr. Griffin was previously advised, Mrs. Cheek's records have been photographed and there are available eight 25-foot rolls of exposed 35 millimeter film comprising some 1600 frames in the Federal Bureau of Investigation Photographic Unit for review by your staff whenever desired.

Those frames selected by your staff for photographic enlargement will be appropriately processed and copies furnished for your assistance.

Sincerely yours,

105-82555

ORIGINAL FILED IN

NOTE:

On 4/16/64 Griffin telephonically requested Scatterday to handle this request. This request was confirmed by Commission letter dated 4/20/64.

Mrs. Cheek, a wealthy woman, knew Jack Ruby in view of their mutual interest in night clubs. Cheek's sister, Earlene Roberts, was landlady at Lee Harvey Oswald's Beckley Street residence at the time of the assassination. Roberts did not take an active part in the management and has denied knowing Oswald or Ruby. This matter has been thoroughly investigated and no connection established between Oswald and Ruby.

We interviewed an employee of Cheek who advised she owned a property at 5212 Gaston, Dallas, where two Cubans were reported to have been residing in 1958 and 1959 (when Oswald was in USMC). Efforts to identify these Cubans have been unsuccessful. The above facts have been furnished previously to the Commission.

The Commission's staff requested photographic copies of Cheek's records on the Gaston Street residence for 1958 through 1961 as well as copies of all records for all of her properties (7) for 1963.

This project involves some 1600 frames and would require 3200 photographic enlargements. Malley discussed this matter with Griffin on 4/28/64 and it was agreed he or a member of the staff would review the film at the Bureau at his first opportunity. Griffin so advised Mr. Conrad on 4/28/64. Since Griffin nor any member of the staff has recontacted the Bureau to review the film, it is felt we should go on record with the Commission that the material is available so that no delay can be attributed to the FBI in handling this request.

Memorandum

1 - Belmont
Sullivan
Malley
Branigan
Lenihan

SECRET

TO : MR. TOLSON

DATE: May 5, 1964

FROM : A. H. BELMONT

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Reference is made to the memo Branigan to Sullivan, 5/1/64 relative to the FBI investigative reports which had been furnished to the Commission detailing our investigation of Oswald prior to the assassination. These reports and communications were discussed with Commission staff members Howard Willens and Samuel Stern on May 4. I reiterated our position that we have no desire to restrict the activities of the Commission in any way and the decision as to whether these documents are introduced into the record is a decision for the Commission to make.

I pointed out that Mr. Stern, at a previous meeting, had raised questions on certain items which might reflect on innocent persons if the reports are made public in their entirety. I noted that in the report of Special Agent Hosty dated December 11, 1963 at Dallas captioned Ruth Hyde Paine, there were a number of interviews relating to Mrs. Paine's marital difficulties, etc. Stern and Willens looked this over and concluded that if the Commission publishes this report in its entirety, the Commission will be criticized for making public information concerning innocent persons. Therefore, they decided they would introduce only those pages pertaining to the interviews of Mrs. Paine by Agent Hosty on November 1st and November 5th, 1963.

[redacted]

The other reports and documents will go in in their entirety.

NOTE:

The three Marines are Peter Cassisi, Allen Felde and Donald Goodwin. New York has been instructed to interview Cassisi. St Louis has been instructed to determine the last known addresses of Felde and Goodwin and to set forth leads to the appropriate field offices to have them interviewed. We have already interviewed 33 former Marine Corps associates of Oswald. However, these three men were interviewed by representatives of "Life" magazine and in view of this we should interview them. It is noted they furnished no information to "Life" magazine, as reported by it, not already known to us.

NOTE TO SACS OKLAHOMA CITY & DALLAS:

Reference is made to SAC letter 64-23 B dated 4/28/64.

Enclosed for your information is a copy of another communication apparently authored and disseminated by Martin.

NOTE:

This is the ninth letter to the Commission on Martin.

Above SAC letter alerted the field to Martin's campaign of vilification of the Director and the FBI. Martin has been described as a "bright nut" and since the assassination has been conducting her own investigation.

This scurrilous communication taken together with this woman's continuing attack on the Director suggests the possibility of libel. It is pointed out however, that malice must be shown as a fact to make a case of libel against a person critizing a public official.

Enclosed communication critizes the Director for denying the alleged statements made by Lt. Jack Revill of the Dallas PD that Agent James Hosty of our Dallas Office had told Revill on 11/22/63 as Oswald was being brought in that "we knew he was capable of assassinating the President but we didn't dream he would do it." She also alleges the FBI, prior to the assassination, had knowledge Oswald had a rifle, knew of his trip to Mexico and knew of his employment on the Presidential motorcade route. She further suggests that the assassination was not an error in judgment but possibly by "design."

Washington, D. C.

Dear Mr. Rankin:

Reference is made to the discussion between staff members of the Commission and Mr. A. H. Belmont of this Bureau, May 4, 1964.

In accordance with this discussion, there are listed below the contents of the FBI headquarters file concerning Lee Harvey Oswald up to the time of the assassination of the late President John F. Kennedy on November 22, 1963:

1. A newspaper clipping from the "Corpus Christi Times," dated October 23, 1959, indicating another American citizen had defected to the Soviet Union.

2. A United Press Release dated October 31, 1959, at Moscow advising that Lee Harvey Oswald had gone to Russia and had applied to renounce his American citizenship and become a Soviet citizen for "purely political reasons."

REC 30 105 [illegible] 3561

3. A memorandum dated October 31, 1959 from E. B. Reddy to A. H. Belmont reporting that a check of this Bureau's files disclosed no information identifiable with Lee Harvey Oswald. It was noted a military service fingerprint card was located in the files of the Identification Division which appeared to relate to Oswald.

4. A State Department Telegram classified "Confidential" dated October 31, 1959, from Moscow to the Secretary of State reporting that Oswald appeared at the American Embassy, Moscow, to renounce his American citizenship.

REL:cgw
(10)

MAY 7 1964

MAY 6 1964

BY COURIER SVC.
1 MAY - 5
COMM-FBI

SEE NOTE PAGE 10

5. A copy of an Office of Naval Intelligence memorandum dated November 2, 1959, containing the results of a check of the U.S. Marine Corps file regarding Oswald.

6. A Navy Department communication classified "Confidential" from Moscow to the Chief of Naval Operations dated November 3, 1959, advising of Oswald's request for Soviet citizenship.

7. A Navy Department communication classified "Confidential" from the Chief of Naval Operations to the Naval Attache in Moscow dated November 4, 1959, furnishing background information regarding Oswald.

8. A memorandum from W. A. Branigan to A. H. Belmont dated November 4, 1959, summarizing agency checks regarding Oswald and recommending that no further action was warranted by this Bureau concerning Oswald at that time. It was also recommended that a stop be placed against the fingerprints of Oswald in the files of the Identification Division should Oswald re-enter the U.S. under any other name.

9. A copy of a State Department Despatch from the American Embassy, Moscow, to the Department of State, Washington, D. C., dated November 2, 1959, classified "Confidential," which set forth results of Oswald's contacts with the American Embassy in Moscow.

10. A copy of a telegram classified "Confidential" from the American Embassy, Moscow, to the Secretary of State dated November 9, 1959, advising of efforts to relay a personal message from John Pic, half brother of Lee Harvey Oswald, to Oswald.

11. A copy of a telegram classified "Confidential" from the American Embassy, Tokyo, Japan, to the Secretary of State dated November 9, 1959, setting forth results of an interview with John E. Pic regarding Lee Harvey Oswald.

12. A copy of the Identification Record Number 327 925D regarding Lee Harvey Oswald. This record disclosed Oswald was fingerprinted by the U.S. Marine Corps on October 24, 1956.

Honorable J. Lee Rankin

13. A copy of an airtel from the New York office to this Bureau dated May 23, 1960, captioned "Funds Transmitted to Residents of Russia, Internal Security - R," which sets forth results of an interview with Marguerite C. Oswald regarding Oswald's plans to attend the Albert Schweitzer College in Switzerland.

14. A letter from this Bureau to the Department of State dated June 3, 1960, furnishing the State Department data in the possession of the FBI concerning Lee Harvey Oswald and requesting the State Department to furnish this Bureau any information it may have concerning Oswald.

15. A letter to this Bureau from the Legal Attache in Paris dated July 27, 1960, setting forth results of his inquiries through his sources to locate Lee Harvey Oswald.

16. A letter to this Bureau from the Legal Attache in Paris dated September 27, 1960, setting forth results of his efforts to determine if Oswald was enrolled in the Albert Schweitzer College in Switzerland.

17. A letter to this Bureau from the Legal Attache in Paris dated October 12, 1960, advising that information from his sources indicated Oswald was not in attendance at the Albert Schweitzer College in Churwalden, Switzerland.

18. A letter to this Bureau from the Legal Attache in Paris dated November 3, 1960, which set forth additional data developed from officials of the Albert Schweitzer College regarding Lee Harvey Oswald.

19. A letter to this Bureau from the Office of Naval Intelligence dated November 15, 1960, advising that Lee Harvey Oswald was given an undesirable discharge from the U.S. Marine Corps Reserve on August 17, 1960.

20. A letter from this Bureau to the State Department dated February 27, 1961, advising the State Department that Oswald had not shown up at the Albert Schweitzer College in Switzerland and also advising that Oswald had been given an undesirable discharge from the U.S. Marine Corps Reserve.

21. A letter from the Washington Field Office to this Bureau dated May 23, 1961, setting forth results of a review of the files of the Passport Office, Department of State, concerning Oswald.

22. A letter from the Department of State to this Bureau dated May 25, 1961, advising that the State Department possessed no information which indicated that Oswald had renounced his nationality of the U.S. and that if he had not expatriated himself in any way, the American Embassy was prepared to furnish Oswald a passport for travel to the U.S.

23. The report of Special Agent (SA) John W. Fain dated July 3, 1961, Dallas Texas, which set forth results of investigation of Oswald.

24. A routing slip from the Legal Attache, Paris, to this Bureau dated July 28, 1961, advising that the Legal Attache had informed one of his sources as to the present status of Lee Harvey Oswald.

25. A letter from the Washington Field Office to this Bureau dated September 1, 1961, which set forth results of a review of the records of the Passport Office regarding Oswald.

26. A copy of a State Department name check regarding Oswald's wife, Marina Nicholaevna Oswald, dated September 12, 1961. This Bureau responded to such name check "no investigation conducted by FBI pertinent to your inquiry." We also referred State Department to d ta previously disseminated to the State Department on July 13, 1961, regarding Lee Harvey Oswald. (Report of SA John W. Fain dated July 3, 1961, at Dallas.)

27. A letter from the Dallas office to this Bureau dated September 29, 1961, setting forth results of inquiries in Dallas made in an effort to obtain data regarding the status of Lee Harvey Oswald in Russia.

28. A letter from the Dallas office to this Bureau dated November 20, 1961, setting forth results of an interview with Marguerite C. Oswald, subject's mother, regarding plans of Oswald to return to the U.S.

Honorable J. Lee Rankin

29. A copy of Identification Division Record Number 327 925D regarding Oswald.

30. A letter from the Washington Field Office to this Bureau dated February 19, 1962, which set forth results of a review of the records of the Passport Office regarding Oswald.

31. A copy of a communication classified "Confidential" from the Director of Naval Intelligence to the Naval Attache in Moscow dated March 3, 1962, which set forth information in Office of Naval Intelligence files regarding Oswald.

32. A copy of a communication from the Office of Naval Intelligence to the Department of State dated March 3, 1962, which enclosed results of an interview of John Edward Pic by the Department of the Air Force on February 12 and 16, 1962.

33. A letter from the Office of Naval Intelligence to this Bureau dated April 26, 1962, enclosing a copy of a letter Oswald sent to Brigadier General R. McC. Tompkins, U.S. Marine Corps, dated March 22, 1962. In this letter, Oswald indicated that General Tompkins should consider his letter a request by Oswald for a full review of his case.

34. A letter from the Washington Field Office to this Bureau dated May 11, 1962, which set forth results of a check of State Department files regarding Oswald.

35. A letter from this Bureau to the Dallas office dated May 31, 1962, advising that Oswald planned to return to the U.S. and instructing the Dallas office to be alert for his arrival in this country and thereafter to interview him to determine whether Oswald was recruited by Soviet intelligence or made any deals with the Soviets in order to obtain permission to return to the U.S.

36. A letter to this Bureau from the State Department classified "Confidential" dated May 17, 1962, entitled "American Defectors: Status of in the USSR." Included in the list of defectors named was Lee Oswald.

37. An airtel to this Bureau from the Washington Field Office dated June 6, 1962, which set forth results of a check of State Department records regarding Oswald.

38. An airtel from the New York office to this Bureau dated June 12, 1962, which set forth results of a check of the records of the Immigration and Naturalization Service (INS), regarding Oswald and which enclosed two newspaper clippings regarding Oswald.

39. An airtel to the New York office from this Bureau dated June 14, 1962, advising the New York office as well as the Washington Field, Dallas and Newark offices to be alert for Oswald's arrival and destination in the U.S.

40. A letter from the New York office to this Bureau dated June 26, 1962, which set forth results of a check with INS concerning Oswald and a check of the records of the Holland America Line regarding Oswald and his family.

41. A report of SA John W. Fain dated July 10, 1962, at Dallas, which set forth results of investigation regarding Oswald and his wife, Marina. This report also set forth results of the interview of Oswald on June 26, 1962, by SAs John W. Fain and B. Tom Carter.

42. A letter from the Dallas office to this Bureau dated July 25, 1962, entitled "Marina Nikolaevna Oswald," which placed the FBI investigation of Marina Oswald in a pending inactive status. It was pointed out that it was felt her activities could be sufficiently followed at that time in connection with the case on her husband, Lee Harvey Oswald.

43. A report of SA John W. Fain dated August 30, 1962, at Dallas, Texas, set forth results of additional investigation of Oswald. This report also set forth the results of the interview of Oswald on August 16, 1962, by SAs John W. Fain and Arnold J. Brown.

44. A letter from the Dallas office to this Bureau dated March 25, 1963, advising that information had been received from a confidential source on September 28, 1962, that Oswald's name was contained on a list of names and addresses of subscribers maintained by "The Worker," an east coast communist newspaper.

45. A copy of the Identification Division Record Number 327 925D regarding Oswald which set forth the fact he had been arrested in New Orleans, Louisiana, on August 9, 1963.

46. A newspaper clipping of the "Times Picayune," of New Orleans, Louisiana, dated August 13, 1963, which reported that Oswald had been arrested in New Orleans for passing out Fair Play for Cuba Committee (FPCC) literature.

47. A letter from this Bureau to the New Orleans office dated August 21, 1963, instructing the New Orleans and Dallas offices to conduct additional investigation of Lee Harvey Oswald as a result of his distribution of literature in New Orleans on August 9, 1963.

48. An airtel from the Dallas office to this Bureau dated August 23, 1963, which set forth results of its investigation to establish the residence and employment of Oswald in New Orleans.

49. A letter from the Dallas office to this Bureau dated September 10, 1963, which changed the office of origin of our investigation concerning Lee Harvey Oswald from Dallas to New Orleans.

50. A letter from the Dallas office to this Bureau dated September 10, 1963, which changed the office of origin in our investigation entitled "Marina Nikolaevna Oswald" from Dallas to New Orleans.

51. A copy of the Identification Record Number 327 925D regarding Lee Harvey Oswald.

52. The report of SA James P. Hosty dated September 10, 1963, at Dallas which set forth results of investigation of Oswald. This report indicated that Oswald was then residing and working in New Orleans, Louisiana.

53. A letter from this Bureau to the Dallas office dated September 25, 1963, furnishing an Appendix page regarding the FPCC.

54. An airtel from the New Orleans office to this Bureau dated September 12, 1963, requesting that the New York office furnish an appropriate characterization of Corliss Lamont. It was noted that Oswald, in addition to disseminating material from the FPCC in New Orleans, also passed out booklets entitled "The Crime Against Cuba" by Corliss Lamont.

55. An airtel from the New Orleans office to this Bureau dated September 24, 1963, which enclosed copies of a memorandum dated September 24, 1963, concerning Oswald which set forth data surrounding Oswald's arrest in New Orleans on August 9, 1963. Such data was obtained from the New Orleans Police Department.

56. A copy of the Identification Division Record Number 327 925D concerning Oswald.

57. An airtel from Dallas to this Bureau dated October 22, 1963, reporting that INS in Dallas had received a communication classified "Secret" from the Central Intelligence Agency (CIA), Mexico City, which indicated that an individual, possibly identical with Lee Harvey Oswald, was in contact with the Soviet Embassy in Mexico City.

58. A CIA Release dated October 10, 1963, which was sent to the FBI, Department of State and Department of the Navy classified "Secret" which reported that an American male who identified himself as Lee Oswald had contacted the Soviet Embassy, Mexico City, on October 1, 1963. The CIA Release indicated Oswald may be identical to Lee Henry Oswald, born October 18, 1939, in New Orleans, Louisiana.

59. An airtel from the New Orleans office to this Bureau dated October 25, 1963, advising that Oswald left a forwarding address in New Orleans on September 26, 1963, showing his new address to be 2515 West Fifth Street, Irving, Texas.

60. An airtel from the New Orleans office to this Bureau dated October 24, 1963, requesting the Dallas office to locate subject and his wife.

61. A cablegram to this Bureau from our Legal Attache in Mexico dated October 18, 1963, which furnished information from CIA classified "Secret - Not To Be Further Disseminated," reporting that Lee Oswald had contacted Soviet Vice Consul Valeriy V. Kostikov of the Soviet Embassy, Mexico City, Mexico, on September 28, 1963. Our Legal Attache indicated he was following this matter with CIA and was attempting to establish Oswald's entry into Mexico and his current whereabouts.

62. A cablegram to the Legal Attache, Mexico, from this Bureau dated October 22, 1963, furnishing a brief summary of data in the files of this Bureau concerning Oswald.

63. The report of SA Milton R. Kaack dated October 31, 1963, at New Orleans, Louisiana, which set forth results of additional investigation regarding Oswald.

64. An airtel from the Dallas office to this Bureau dated October 30, 1963, wherein SA James P. Hosty, Jr., reported a pretext interview in the vicinity of 2515 West Fifth Street, Irving, Texas. Such interview revealed Marina Oswald was residing with Mrs. Michael R. Paine and that Lee Harvey Oswald visited Marina at this address but was not living there.

65. An airtel from the Little Rock office to this Bureau dated November 5, 1963, which furnished a change of address regarding Robert Oswald, brother of Lee Harvey Oswald.

66. A letter from the New Orleans office to this Bureau dated November 15, 1963, entitled "Marina Nikolaevna Oswald" which changed the office of origin from New Orleans to Dallas.

67. An airtel from the Dallas office to this Bureau dated November 4, 1963, reporting results of the contact with Mrs. Michael R. Paine on November 1, 1963.

68. A letter from the New Orleans office to this Bureau dated November 19, 1963, changing the office of origin of the Lee Harvey Oswald investigation from New Orleans to Dallas.

Honorable J. Lee Rankin

69. An airtel from the Washington Field Office to this Bureau dated November 19, 1963, reporting that an informant advised on November 18, 1963, that Lee Harvey Oswald had been in contact with the Soviet Embassy, Mexico City, Mexico.

Sincerely yours,

J. Edgar Hoover

NOTE: This letter prepared in accordance with instruction of Al Belmont who has meet with the President's Commission on the evening of 5-4-64 re data listed herein.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter of March 31, 1964, requesting that further investigation be conducted in New Orleans, Louisiana; Fort Worth, Texas; and Dallas, Texas, concerning the receipts and expenditures of Lee Harvey Oswald during the period June 13, 1962, through November 22, 1963.

Our letter of April 23, 1964, transmitted to the Commission results of our inquiries in this particular matter in New Orleans, Louisiana. Enclosed are two copies of a memorandum dated April 24, 1964, at Dallas, Texas, which sets forth results of our inquiries in Fort Worth and Dallas, Texas. Also enclosed are two copies of the record of Marina Oswald which is maintained by the Parkland Memorial Hospital, Dallas, Texas.

This concludes our investigation in this particular inquiry.

Sincerely yours,

J. Edgar Hoover

Honorable J. Lee Rankin

NOTE:

The Commission is making a very thorough inquiry into Oswald's finances. The Commission in this particular inquiry expressed interest in the amount of fee charged Oswald for cashing his checks at various businesses and in determining whether Oswald made purchases from various merchants. Commission also requested Bureau obtain complete data concerning hospitalization of Marina Oswald in October, 1963, at the Parkland Memorial Hospital in Dallas at which time Marina gave birth to her second child. The enclosures are completely responsive to the Commission's request in Fort Worth and Dallas. We previously fully responded to the Commission's request for New Orleans. We are closely correlating this financial investigation of Oswald, but to date have developed no information which would change our initial picture of Oswald--that is, that he was living most frugally and had no income outside his unemployment checks and known salary checks. The enclosures have been read by Mr. Belmont and Mr. Malley.

(1) Leslie Welding Co., Inc., Payroll Checks
(2) Jaggars-Chiles-Stovall, Inc., Payroll Checks

The manager or a qualified employee should be interviewed and the following information incorporated in a statement.

1. Identify these checks as being cashed.
2. What was the amount of the fee charged for cashing these checks?
3. Did Lee Oswald cash any other checks?
4. Did Lee Oswald attempt to cash any other checks?
5. Did Oswald make any purchases from these merchants, if so what is the date and amount?
6. How often did he visit the store?
7. What other information they may have of value in tracing Oswald's expenditures should be obtained.

According to report of Agent Warren C. DeBrueys, Subject: Lee H. Oswald, dated December 8, 1963, page 187, Oswald purchased a TV set from Montgomery Ward on September 22, 1962. This information was obtained from Mr. E. L. Carter, Credit Manager. How much was the down payment on the set? What payments were made on the set? Was the set ever delivered to Lee H. Oswald, or was the TV set repossessed?

The Parkland Hospital, Dallas, Texas, should be contacted and the following information relative to Mrs. Marina Oswald's hospitalization in October, 1963 obtained:

1. Copy of all hospital records, including application for admission.

2. Name and address of the physicians attending Marina Oswald and her baby.

3. Record showing date and amount of payments paid to the hospital and physicians for pre-natal care, delivery, post-natal care and care of new born infant.

The following organizations should be contacted and the day of the week when payroll checks were issued to Lee H. Oswald be obtained:

Leslie Welding Company, Inc.,
200 E. N. Vacek Street
Fort Worth, Texas

Jaggars-Chiles-Stovall, Inc.,
522 Browder Street
Dallas, Texas

William B. Reily Company, Inc.
640 Magazine Street
New Orleans, Louisiana

Thank you for your assistance in this matter.

Sincerely,

J. Lee Rankin

MAY 20 1964

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Department of Justice
Washington, D.C. 20535

Dear Mr. Hoover:

Marina Oswald has stated that shortly after April 10, 1963 Lee Harvey Oswald expressed an interest in attacking Richard Nixon. The credibility of Marina Oswald's story is subject to some question since Nixon was neither in nor reported to have been in Dallas at the appropriate time. Since Lee Harvey Oswald moved to New Orleans on April 24, 1963 we think that investigation should be conducted into the possibility that Nixon may have been in or reported to have been in that city sometime during the period from April 24, 1963 to the end of September of that year.

Pages 281-2 of Special Agent Gemberling's report of March 10, 1964 indicated that a review of Dallas newspapers for the period March 16 to May 15, 1963, did not reveal any mention of any proposed visit of or invitation to Mr. Nixon. To take account of the possibility of confusion on Marina Oswald's part we would appreciate advice concerning the possibility that such newspapers may have reflected the visit or proposed visit of some other political leader of the approximate stature of Mr. Nixon.

Your continued cooperation is appreciated.

Sincerely,

ORIGINAL FILED IN 62-109090-52

It is pointed out that the Commission desires the above summaries only for the year 1963. Each office will include in initial paragraph a thumbnail or characterization of local group if different from national group. Offices preparing general over-all summaries will characterize national group in initial paragraph unless Bureau approved characterization exists, in which case it should be appended to letterhead memorandum.

Bear in mind summary should be succinct, well written, and suitable for dissemination to President's Commission to be included as part of permanent record concerning captioned matter. Identify all sources utilized in cover pages of transmittal airtel with any additional administrative data deemed appropriate.

This matter must be given the immediate attention of each office and data responsive to the Commission's request should reach the Bureau no later than 6/1/64 and earlier if possible.

NOTE:

Commission by letter 5/20/64 requested it be furnished summaries of data of above-mentioned groups outside of Texas during the year 1963 with particular reference to activities in respective offices receiving this communication. Commission also requested it be furnished reports and summaries of data in possession of the four Texas offices concerning the above groups, as well as data re members active in the Communist Party and Socialist Workers Party, John Birch Society or Minute Men in the State of Texas. This request is being handled separately.

FROM: C. A. EVANS

SUBJECT: WILLIAM MANCHESTER
AUTHOR OF BOOK REGARDING
ASSASSINATION OF PRESIDENT KENNEDY

On the afternoon of May 19, 1964, Mr. William Manchester, who described himself as having been chosen by Mrs. Jacqueline Kennedy to write the account of the late President's death, called. Mr. Manchester stated his office is in the National Archives and that in connection with his work in preparing the material on the late President's death, it will ultimately be necessary for him to review documents in the possession of the Warren Commission. In this connection, he stated he would need a "clearance" since many of the documents would undoubtedly be classified including those from such agencies as CIA and FBI, as well as other agencies. Mr. Manchester stated it was his understanding the FBI would have to "initiate his clearance" which might take several weeks, and in order to save time, he would appreciate the Bureau initiating appropriate action for his clearance.

It was specifically pointed out to Mr. Manchester that the Bureau does not grant "clearances" of the nature described by him. Mr. Manchester indicated surprise since he understood this function would be handled by the FBI. He referred to what he termed as a "Government-wide security clearance procedure"; however, the Bureau's position in connection with such procedures was carefully explained to Mr. Manchester and he advised there was apparently a misunderstanding on his part and that he would be in touch with the Warren Commission.

A subsequent check of Bureau files reveals Mr. Manchester has previously been in contact with the Bureau regarding possible assistance in connection with the preparation of his contemplated book on the assassination of President Kennedy, which assistance by the Bureau, is, of course, unable to give Mr. Manchester.

62-109090
NOT RECORDED
199 MAY 25 1964

ACTION:

As noted above, the fact that the Bureau does not render "clearances" has been fully explained to Mr. Manchester and he has indicated he now understands this and would be in contact with the Warren Commission.

Memorandum

TO : Mr. Belmont

DATE: May 12, 1964

FROM : A. Rosen

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY

Memorandum Rosen to Belmont dated 5/11/64 made certain recommendations concerning personnel to be sent to Dallas over the coming weekend to obtain additional technical data needed by the President's Commission. One of the items recommended was that Inspector Tom Kelley of Secret Service be requested to make arrangements to have an appropriate seven-passenger open automobile available in Dallas.

This matter was discussed with Inspector Kelley of Secret Service today and he advised that arrangements were being worked on today and he would see to it that one of the Secret Service automobiles, seven-passenger open car, would be available in Dallas no later than Saturday for the work to be performed in Dallas.

Kelley also advised Malley that J. Lee Rankin of the President's Commission had requested that he, Kelley, be available in Dallas for the work to be done there and also desired Secret Service Agent John Hollett, who has participated in a great deal of photography and measurements for Secret Service, be available.

This morning Malley received a call from Mr. Arlen Specter of the Commission staff who stated that Mr. Rankin was agreeable to handling a large portion of this project on Sunday morning, May 17. He requested that the Dallas Police Department be advised that it would probably require the greater part of the day on Sunday to complete the project. He was desirous of knowing if this was agreeable with the Dallas Police Department.

After appropriate contact with the Dallas Police Department, the Dallas Office advised that the Police Department was in full agreement with handling this project on Sunday and stated it would be perfectly agreeable to utilize the entire day if necessary to complete the project and they would make appropriate arrangements for handling the traffic problem.

Memo to Mr. Belmont from Rosen
Re: Assassination of President.

The Dallas Office also advised that they had been in touch with County Surveyor Robert H. West and he advised he would be available Sunday for whatever services were needed. West indicated he would appreciate being advised in advance of as much detail as possible as to the work he would be required to perform in order that he could be appropriately prepared to carry out his duties.

In addition to the above items, Mr. Specter desired that a dummy of a size similar to that of President Kennedy be available in order that certain photographs and other examinations could be made, making use of this dummy. Such a dummy is available and will be available in Dallas in order to handle this project.

Mr. Specter indicated that numerous questions were being raised by various Commission staff members and that he was working out more details relative to the entire project and would like to have a conference with personnel who would be going to Dallas prior to any departures from Washington. He advised that he would notify Malley as soon as possible what date this conference could be held and the time for such a conference.

ACTION: None - submitted for information.

Memorandum

TO : Mr. Conrad

FROM : W. D. Griffith

DATE: 5/18/64

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
PHOTOGRAPHING OF EXHIBITS FOR
THE PRESIDENT'S COMMISSION

Friday, 5/15/64, Mr. Melvin Eisenberg of The Commission's staff telephonically contacted me concerning our continuing problem of photographing exhibits for The Commission. He said that staff members are now preparing Commission Exhibits for submission to the Government Printing Office (GPO) looking toward the formal printing and recording of The Commission's findings. The Commission has accumulated a large number of exhibits many of which did not originate with the FBI. Some of these exhibits are multipage documents and reproducing them photographically could involve substantial effort and expense. The purpose of Mr. Eisenberg's call Friday was to tell me of certain revised requirements which should facilitate our photographing (reproduction) problem.

Previously The Commission had required three 8" x 10" photographs of each exhibit and particularly where the exhibits were made up of a number of pages the preparation of this number of photographic enlargements presented a substantial problem. I have previously been in touch with Mr. Eisenberg concerning the problem of reproducing a large number of exhibits in a short period of time and he told me he would go over the problem in detail with the GPO and furnish revised requirements. Based on Mr. Eisenberg's advice the following photographing (reproduction) procedures will henceforth be followed in handling Commission requests:

The Commission will require one photograph (8" x 10") of each nondocumentary exhibit along with two Xerox copies of such exhibit. No photographs of documentary-type exhibits will be required but instead three Xerox copies of each document will suffice.

Memorandum to Mr. Conrad
Re: Assassination of President Kennedy
Photographing of Exhibits for
The President's Commission

The above requirement substantially reduces our reproduction problem. In any instance where we furnish a photograph of a nondocumentary exhibit (i.e., object shot) we will have one additional photograph prepared as the Bureau's file copy along with three Xerox copies, one each for Laboratory, Domestic Intelligence Division and Dallas, over and above the reproductions furnished to The Commission. In instances where we furnish only Xerox copies of reproductions to The Commission we will, in addition, prepare four such Xerox copies for the file and for other administrative purposes.

Personnel of the Administrative Division's Photographic Unit have advised that these revised reproduction procedures will substantially ease the photographing and reproduction problem with respect to these Commission exhibits.

RECOMMENDATION: None. For information.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: May 11, 1964

FROM : A. Rosen

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY

My memorandum of May 8, 1964, referred to the letter from the President's Commission dated May 7, 1964, advising that Mr. J. Lee Rankin would be personally available in Dallas to supervise additional work the Commission desired with reference to the taking of films, measurements and other items which would deal with the placing of an automobile on the Elm Street thoroughfare which would simulate the location of the President's car at the time the shots were fired.

As a result of the visit of Commission members on May 8 and 9, 1964, they were satisfied from their personal observation that events could have taken place as had been described but they still desired additional photographs and measurements to be taken in order to pinpoint as nearly as possible the locations where the shots were actually fired.

Messrs. Gauthier and Shaneyfelt have studied the letter of May 7 from Mr. Rankin and estimate that the work desired will require a maximum of two to three working days. This would include preliminary work being done prior to Mr. Rankin's arrival in order that the actual checks requested by the Commission could be made in the shortest possible time and with the least amount of inconvenience from the standpoint of traffic control. It is noted that the letter from the Commission refers to plotting trajectories from the railroad overpass. This work should be handled by a firearms expert and Assistant Director Conrad has indicated that SA Robert Frazier would be available for this purpose.

With regard to the actual request of Mr. Rankin, it is noted that Mr. Rankin was previously advised that the Bureau did not desire to participate in a re-enactment of the President's assassination. Instant request is not for a re-enactment as such, but does request additional technical data for the Commission's use in their final report. Mr. Rankin feels the steps requested are necessary to properly complete this project. Mr. Rankin, in his letter,

has requested the FBI to make all the necessary arrangements for this project and has directed a copy to Chief Rowley of the Secret Service in order that they will be aware of the request as well as to furnish any assistance that the Bureau might desire. If the Bureau refuses to carry out this request it places the Bureau in a position where considerable criticism may result.

In handling this request it will be necessary to utilize an automobile similar to the car that the President was traveling in, namely, a seven-passenger open car and Inspector Kelly of Secret Service has indicated that Secret Service will make arrangements to have such a car available in Dallas if desired.

It will also be necessary to have available a qualified surveyor and in previous work done in Dallas, a county surveyor, Robert H. West, was utilized and arrangements for this were made by Secret Service.

RECOMMENDATIONS: (3)

1. That Mr. Rankin be advised the Bureau will make arrangements to handle the request set forth in his letter of May 7, 1964. If approved, the Dallas Office will be issued necessary instructions for arrangements that will have to be made in Dallas, including the arrangements for handling traffic while photographs are being taken and other work is being performed. Because of traffic conditions on this busy thoroughfare, efforts will be made to perform this work in the early morning hours of Sunday, May 17, 1964, providing it can be worked out with Mr. Rankin.

2. That Messrs. Gauthier, Shaneyfelt, and Frazier, along with whatever technical assistants Messrs. Gauthier and Shaneyfelt need, be utilized to proceed to Dallas to handle this project.

3. Inspector Kelly of Secret Service will be requested to make necessary arrangements to have an appropriate seven-passenger open automobile available in Dallas.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Enclosed for your information are two copies of a self-explanatory, anonymous, typewritten letter which was received at FBI Headquarters on May 18, 1964.

Since this letter in part relates to an implied threat against the Chief Justice of the United States, a copy of the letter was furnished to his office on May 20, 1964. The anonymous letter and the envelope in which it was sent are being examined by the FBI Laboratory.

Efforts are being made to determine the significance of the Arizona license number and any pertinent information developed as a result of our inquiries will be made available to you.

Sincerely yours,

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY

Reference is made to Rosen to Belmont memorandum dated 5-11-64, setting forth request of Mr. J. Lee Rankin of the President's Commission for a number of Bureau personnel to proceed to Dallas to assist in the gathering of certain additional technical data desired by the Commission.

A conference was called by Mr. Rankin today at approximately 5:30 p.m. which was attended by Messrs. Gauthier, Shaneyfelt and Malley. This conference lasted until 8:15 p.m. A detailed discussion took place concerning the cumulative information available relative to the possible locations where the shots were fired and the evidence to substantiate what actually took place. The Commission staff members are of the opinion that while they are in a position to present a rather factual story there are a few items which they have no possible explanation for. One of these items that was discussed in great detail was whether two or three shots actually hit the occupants of the President's car and the possibility of one shot having missing the car entirely. The Commission staff members felt that without making some additional checks the President's Commission could be severely criticized for not having made an on-the-spot effort to fill in the few gaps that remain. A decision was finally reached that Mr. Rankin, accompanied by Messrs. Norman Redlich and Arlen Specter of the Commission staff, will proceed to Dallas, Texas, Saturday afternoon, May 23, 1964.

As previously indicated, Messrs. Gauthier, Shaneyfelt, along with whatever technical assistants they need, firearms expert Frazier and Malley will proceed to Dallas on Saturday. Inspector Tom Kelley of Secret Service will also proceed to Dallas.

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
VISUAL AIDS

As set forth in memorandum Mr. Rosen to Mr. Belmont 5-21-64, a conference was held in Mr. Rankin's office at which time it was decided that a field trip be made to Dallas where certain technical information could be further developed at the assassination site. Mr. Rankin requested that the manikin which was prepared by the Bureau's Exhibits Section at the request of the Commission be made available in Dallas (see attached photograph). The manikin is contained in one wooden crate and will be transported to Dallas along with the Secret Service follow-up car. Mr. Rankin feels that all of the props necessary to carry on a re-enactment of the shooting sequence should be available at the site; however, these props will only be utilized where absolutely necessary.

It is the desire of the Commission to complete this field assignment with the least amount of publicity. It is estimated that it will require at least Sunday, Monday and possibly Tuesday to complete all of the work which the Commission desires done at the site.

Exhibits Specialist Roy A. Rose is accompanying Special Agent L. L. Shaneyfelt of the Laboratory to Dallas today, 5-22-64 for the purpose of handling preliminary details which will insure a smooth operation on Sunday morning when the work will begin at approximately 6:00 A. M. I am arranging to fly to Dallas on Saturday evening, 5-23-64 along with Inspector Malley to be available to Mr. Rankin and the Commission in Dallas while this work is being performed.

DATE: May 25, 1964

FROM : A. H. BELMONT

SUBJECT: THE PRESIDENT'S COMMISSION

Mr. Malley called from Dallas this morning to advise that the check of the assassination scene arranged by the President's Commission had gone off as scheduled. The street was tied-up from 6 a.m. to 1 p.m. and there were some traffic problems after 11 a.m. He said except for a few odds and ends, the matter has been completed and he will be returning to Washington this evening.

He said that there is a possibility that Commission members Warren, Boggs, Ford and Russell will come down to Dallas next weekend to actually see for themselves the scene of the assassination, inasmuch as a visit to the actual scene appears to clarify in the minds of Commission members questions which have arisen during the study of the event.

Robert F. Kennedy
Attorney General
Washington, D. C.

20 May 1964

Warren Commission

Sir:

In todays Houston Post THERE IS published an (AP) dispatch, byline Washington, D. C. - "ALL JFK PROBE STAFF CLEAR ON SECRET DATA". This staff includes one Norman Redlich, who, U. S. Rep. Ralph F Beerman, R-Neb. says; "Professor Norman Redlich is on the National Council of the Emergency Civil Liberties Committee - cited by House and Senate as an organization 'to defend the cases of Communist lawbreakers.'" This man is retained as a "$100.00 per day consultant" - And being a communist sympathizer it is not difficult to figure out what his consultations are about - to cover the tracks of the international communist conspiracy that was behind President Kennedy's murder. It is a well known fact that most members of the "Warren Commission" lean toward socialist and communist teachings, so this is but one more bit of evidence that the top echelon of our government is protecting communist inside the government. How can the American people have respect for the government, the courts and national administration with these sort of things taking place?

What is even more difficult to understand is why you, the Attorney General of the United States and a brother to the murdered President, can be a party to the coverup of such a heinous crime. Are you so indoctrinated so brainwashed, to the acception of these alien ideals that you can overlook the murder of your brother to the protection of these alien radicals? I find it almost too incredible to believe.

As the U. S. Attorney General and brother to the late President, you should be working day and night to uncover the true facts of this assassination instead of lending your offices to help cover up this terrible crime.

There are many questions that remain unanswered in the minds of the American people concerning this dasterdly crime. There is ample room for doubt and fear that the government is hiding the facts from the public or that the high command in the government is absolutely under the control of foreign elements and cannot tell the American people the truth.

If I were you, and it had been my brother that had been murdered by alien communists I would waste no time in telling the American people of this foul conspiracy - and I certainly would not sit still for a hand picked commie sympathizing "Blue Ribbon Commission" to cover the tracks of this international conspiracy. What manner of man are you?

You previously have been advised that the book "Who Killed Kennedy?" written by Thomas G. Buchanan, has created considerable attention in Europe. You may be interested in the following information which was volunteered to Agent Papich on 5/19/64 by John McCone, Director, CIA:

McCone advised that about three weeks ago he was talking to Fleur Meier, the former wife of Gardner Cowles, the owner of Cowles Publications. She has been spending considerable time in Europe and she emphasized to McCone that Buchanan's book is something which should not be disregarded by U. S. authorities because many Europeans are accepting Buchanan's story as being factual. She stated that Buchanan has not only impressed people with his book but has also been impressive in the press and T. V. interviews.

McCone advised that he then conferred with Chief Justice Warren and suggested that the Commission would want to examine the book very carefully and make certain that all of Buchanan's allegations had been adequately covered. His point was that if the Commission did not review the book, it would always be subject to some criticism and second guessing. Warren commented that it might be to the Commission's advantage to call Buchanan for testimony. McCone told Warren that before such action were taken, the Commission should seriously consider all the possible consequences. He pointed out to Warren that an invitation to testify before the Commission would give Buchanan the ideal opportunity to hold more press interviews solely for the purpose of propagandizing his book.

RESULTS OF SUCH INTERVIEWS SHOULD BE IMMEDIATELY FURNISHED TO BUREAU IN LETTERHEAD MEMORANDUM FORM SUITABLE FOR DISSEMINATION TO THE PRESIDENT'S COMMISSION.

NOTE:

"Dallas Morning News" on the morning of 11/22/63 carried advertisement entitled "Welcome, Mr. Kennedy to Dallas," which was signed by the "American Fact Finding Committee, Bernard Weissman, Chairman, Post Office Box 1792, Dallas 21, Texas." We learned the money for this add was solicited by Joseph P. Grinnan, Dallas independent oil man. At request of the President's Commission we interviewed Mr. Grinnan 4/20/64 to determine the names of the contributors to this add. On 4/24/64 Mr. Grinnan stated the money, approximately $1500 was contributed by H. R. Bright, [illegible] independent oil operator in Dallas; Edgar Crissey, insurance man in Dallas; and Nelson Bunker Hunt, an independent oil man in Dallas who is the son of H. L. Hunt, a well-known oil man in Dallas. Mr. Grinnan stated he did not know the amounts each of the contributors gave to the fund and felt each may have solicited funds from others for the payment for the add. Grinnan stated he himself did not contribute to the fund. We disseminated results of our interview with Grinnan to the President's Commission by letter 4/29/64. Commission has now requested we interview Bright, Crissey and Hunt in this matter and any others who may have contributed to the add through these three men.

Dear Mr. Hoover:

Reference is made to your letter dated April 29, 1964 enclosing two copies of a memorandum dated April 24, 1964, Dallas, Texas, relating to the advertisement which appeared in the Dallas Morning News of November 22, 1963.

The Commission would like you to interview the three persons identified in the memorandum as contributors to the fund which was used in payment of the advertisement in question, Mr. R. L. Bright, Mr. Edgar Crissey and Mr. Nelson Bunker Hunt. We would like to know in fact whether these men did contribute to the fund and whether the money so contributed represented their own funds or was supplied by other persons. We would like these three men to be interrogated generally regarding their knowledge relating to the placing of this advertisement. In addition, we would like each to be asked as to any contacts which he may have had with either Lee Harvey Oswald or Jack L. Ruby. If other contributors are identified, we would like these interviewed along the same lines as the above.

Thank you for your cooperation.

Sincerely,

Dear Mr. Rankin:

Reference is made to Central Intelligence Agency (CIA) letter to this Bureau dated May 13, 1964, CIA file [redacted] one copy of which was designated for you by CIA.

There are enclosed two copies of a memorandum dated March 10, 1964, classified "Confidential," concerning Eugene J. Hobbs. This memorandum was received by this Bureau from Mr. C. R. Wilson, Office of Naval Intelligence, Washington, D. C.

For your information referenced CIA letter was prompted by the data in the enclosed memorandum. CIA had been requested to review the data in the memorandum and analyze it. This is for your information.

Upon removal of the classified enclosures this transmittal letter may be declassified.

DECLASSIFIED BY 2040
7-8-77 CEK

Dear Mr. Rankin:

There are enclosed two copies of a memorandum dated May 6, 1964, concerning records of the Mexican Immigration Department pertaining to individuals who, traveling on other than Mexican FM-3 or FM-8 Tourist Permits, entered Mexico at Nuevo Laredo on September 26, 1963, and departed therefrom on October 3, 1963.

We are endeavoring to obtain copies of the FM-11 forms referred to in the enclosed memorandum and same will be furnished to you when received. In light of our findings concerning the travel of Lee Harvey Oswald from Nuevo Laredo, Mexico, to Mexico, D. F., on September 26 and 27, 1963, via the Flecha Roja bus line and his return to Nuevo Laredo on October 3, 1963, via the Transportes del Norte bus line, we do not intend to extend our inquiry to include efforts to locate and interview all individuals who entered Mexico and departed therefrom at Nuevo Laredo on the indicated dates. We are continuing inquiry in an effort to interview those individuals who traveled on the buses on which Oswald was a passenger.

Sincerely yours,

J. Edgar Hoover

NOTE:

Mrs. Mary Wise, a telephone operator, Collingswood, New Jersey, Exchange, alleged that while on duty 11/23/63 she handled a long-distance call to a person she recalled as Jack Rubenstein from Dallas, Texas. She said she heard no part of the conversation. The allegation was checked out and the telephone company advised that their records reflected no toll calls to Dallas from that exchange on 11/22 or 23/63. Mr. Burt Griffin of the President's Commission telephonically requested of Mr. Malley 5/15/64 that we attempt to specifically identify the extent and scope of records checked and suggested that it might be desirable to reinterview Wise to see how certain she is in her recollection after knowing that records do not bear her out. Enclosed letterhead memorandum sets forth the requested information.

ATTENTION: CRIMINAL SECTION

Enclosed for your assistance is a copy of a letter from the President's Commission dated 5-20-64 and an airtel from the Director to Dallas dated 5-22-64. You will note that items 31, 35 and 36 were personally delivered to the FBI Laboratory by SA Edward C. Palmer of your office on 11-23-63.

Item 32 was personally delivered to the FBI Laboratory by SA Eugene C. Gies of your office on 11-23-63.

Item 33 was personally delivered by SAs Ralph E. Willis, Jr., and Gies to the FBI Laboratory on 11-23-63.

In accordance with the instructions set out for Dallas in the enclosed airtel, WFO at an early date should make arrangements with the FBI Laboratory to obtain appropriate photographs of the exhibits obtained by Agents of your office and display them to the individuals from whom they were obtained for identification as requested in the enclosed Commission letter.

You should then comply with Bureau instructions to prepare an appropriate letterhead memorandum for transmittal to Dallas for inclusion in Dallas's over-all memorandum for dissemination to the Commission.

NOTE:

Commission letter 5-20-64, is very extensive in nature and requires considerable work on part of the Bureau. They have listed some 37 items of evidence which they feel needs to be displayed to the individual who first found the particular item and who can identify it by inspection. In discussion with Mr. Eisenberg of the Commission staff with SA Jevons on 5-22-64, it was ascertained that the Commission will permit photographic identification in place of transmitting all of the evidence now being retained in the laboratory to Dallas.

Dallas is in possession of photographs of all items of evidence referred to above. It is pointed out some of the evidence was obtained here in Washington through liaison and other sources, while some of the evidence was obtained by other field offices. In the instances where the material was obtained here at Washington, the Bureau will furnish the necessary information so it can be incorporated in a letterhead memorandum for dissemination to the Commission. This matter will be followed closely and when the results are obtained, the Commission will be notified.

Item 3 was obtained by Orrin Bartlett of liaison and item 34 was obtained by Assistant Director C. A. Evans. They have been advised separately concerning our responsibility in this matter. All other items will be handled by Dallas in accordance with Bureau airtel 5-22-64.

At his request, I contacted Mr. H. Bartlett Wells, State Department, 5-21-64. At that time Mr. Wells advised that the President's Commission had requested the Department of State to request the Swiss Government to contact the Cuban Government in order that that Government would make available information concerning Lee Harvey Oswald's contacts with the Cuban Embassy in Mexico. Mr. Wells read the following:

"In this connection, the Commission has information that Oswald visited the Cuban Consulate several times during his stay in Mexico City. It is the understanding of the Commission that the purpose of Oswald's visits was to secure an in transit visa for travel through Cuba on the way to the Soviet Union, that he applied for such a visa, that the Cuban Government authorized such a visa on the condition that he first obtain a visa to travel to the Soviet Union, and that he never appeared at the Cuban Consulate with a Soviet visa to obtain the Cuban in transit visa.

In order that its records on Lee Harvey Oswald may be as complete as possible, the Commission would appreciate the Department of State requesting the Cuban Government, through the channels and in the manner it considers appropriate, to supply any information it has on this subject. In particular, it would be helpful if the Cuban Government would furnish copies of any documents in its files which relate to Lee Harvey Oswald's visits to the Cuban Consulate in Mexico City, including, if possible, his application for an in transit visa and the conditional authorization to issue it."

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20535

Dear Mr. Hoover:

The Commission would like the Bureau to conduct a limited background investigation of Officer J. D. Tippit of the Dallas Police Department, who was killed by Lee Harvey Oswald on November 22, 1963.

In the course of this investigation we would like the Bureau to do the following:

(1) Obtain a copy of the personnel file of Officer Tippit maintained by the Dallas Police Department for the use of the Commission.

(2) Interview Sgt. C. B. Owens, Oak Cliff Station, and other officers with personal knowledge regarding Officer Tippit's assignments, reputation and associates. In this respect we would like to know whether the absence of any promotions since October 28, 1953 (see Report of Manning C. Clements, dated December 14, 1963, at pp. 43-44) reveals that he was an above average, average, or below average patrolman in the Dallas Police Department.

62-109090

(3) Interview Mrs. Tippit regarding the interests and associations of her late husband.

(4) Interview those persons identified as Officer Tippit's closest associates outside the Police Department regarding his interests, attitudes, leisure activities, and general background.

MAY 19 1964

MAY 18

53 MAY 19 1964

5-13-64
RDR:lw

In the course of each of these interviews, as well as any others which you believe are appropriate, we would like the Bureau to inquire whether Officer Tippit had any associations with Lee Harvey Oswald or Jack L. Ruby. As I am sure you are aware, this request is designed to obtain certain basic information which can be relied upon to refute unfounded allegations which have developed in the course of this investigation.

Thank you for your assistance.

Sincerely,

J. Lee Rankin

SUBJECT: MARK LANE
SM- C

Residence Burglary

The "National Guardian" issue 5-9-64 contains an article captioned "Oswald Case: A New Angle" which reports a statement made by Mark Lane to that paper on May 4. Lane is a New York attorney who has injected himself into the assassination matter and has been making irresponsible statements in this country and abroad. He is on the Reserve Index.

Lane's statement to the "National Guardian" alleges that the Secret Service deliberately planted a false story in the press to cast further guilt on Lee Harvey Oswald and that a second rifle, not the one attributed to Oswald, was found on the roof of the Texas School Book Depository building the day the President was assassinated.

Lane alleges that Thayer Waldo, reporter for the Fort Worth "Star-Telegram," was asked by him (Lane) to accompany Mrs. Marguerite Oswald from Fort Worth to Dallas airport on her trip to Washington, D.C., to testify before the President's Commission in February, 1964. Lane states that Mrs. Oswald and Waldo were accompanied on the trip to the airport by Secret Service agent Mike Howard. We have learned that Secret Service agent Michael Howard, formerly assigned to the Fort Worth area earlier this year, has been transferred to the White House detail of Secret Service in Washington, D. C., subsequent to the alleged incident.

MAY 18 1964

Lane alleges that Pat Howard, Deputy Sheriff of Tarrant County, Texas, who is the brother of Secret Service agent Mike Howard, advised Waldo that same day at the Dallas airport lunch room that when the Ruby trial was completed he would give Waldo a piece of news to "blow the top off everyone's head, if it hasn't come out from the Warren commission yet." Pat Howard allegedly told Waldo that he could only say that the news had to do with a witness who had actually seen the assassination of President Kennedy and could identify Oswald as the assassin. Lane also alleges that on the return trip to Fort Worth with Pat Howard and Waldo, Mike Howard indicated to Waldo that the witness in question was a Negro who had been looking out a window on the same floor of the Texas School Book Depository building as Oswald and that after the first

JMS:mhw (10) Enc. Sent 5-14-64

62-109090

53 MAY 19 1964

RECORDED
19 MAY 18 1964

ORIG

shot the Negro looked and saw Oswald and then ran and hid behind boxes to avoid being shot by Oswald. Lane alleges that Mike Howard claimed the Negro janitor had been arrested in the past for gambling and that Mike Howard had seen him in a cell under control of the Dallas Police Special Services Division (Gambling).

A check of Dufiles shows that Waldo wrote a story which appeared in the 2-10-64 issue of the Fort Worth "Star-Telegram." This article alleged that an informed source advised that a witness, described as a Negro janitor employed by the Texas School Book Depository building, could identify Oswald as the assassin of President Kennedy and was being held in "protective custody." A thorough check of this story at the time failed to indicate the identity of the witness and when we interviewed Waldo, he refused to reveal the source of his story. The President's Commission was advised of the results of our investigation.

Lane alleges that both Pat and Mike Howard called Waldo after the story appeared and urged that Mike Howard's name never be divulged as the source of information for the story. Lane claims that the story was quickly denied by every agency with an interest in the Oswald case except the Secret Service. Lane claims that this story was the "invention of the Secret Service" and had been released to prevent press coverage of any witness who would raise doubts about Oswald's guilt.

Lane also alleges that Mike Howard during his contact with Waldo had advised Waldo that "We found a rifle on the roof, but it was dropped by a Dallas police officer earlier in the day and he forgot to pick it up."

In the "National Guardian" article, Lane is said to have refused to reveal the source of the above stories, but stated that he had written to the President's Commission informing it of his "evidence" and offering to testify again.

OBSERVATIONS:

The Bureau could on its own initiate an immediate inquiry to pin down the allegations of Mark Lane. Based on previous encounters with Lane, his story is probably a combination of lies, distortions and half truths. The investigation would necessarily delve deeply into the Secret Service and its personnel since the crux of Lane's allegations reflect on the integrity of the Secret Service.

At the same time, Lane had indicated a willingness to testify and it may be that the President's Commission would want to put him under oath. In view of this and since Lane's allegations do not affect the basic issues of the investigation to determine the assassin of President Kennedy, it is not believed we should institute an independent inquiry concerning these allegations.

ACTION:

If you agree, there is attached a letter to the President's Commission calling their attention to the article, noting the fact that Lane had indicated a willingness to testify and pointing out that the Bureau is not initiating any inquiry in the absence of a request from them.

ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11-22-63, DALLAS, TEXAS
MISC. - INFO CONCERNING

Re Bureau phone call 5-10-64 concerning Harry Harold Knable, Harrisburger Hotel, Harrisburg, Pennsylvania.

For your additional information Harry Harold Knable, 902 Pine Street, Philadelphia, Pennsylvania, telephonically contacted the Bureau on 5-9-64 on two occasions. In substance, Knable stated he was preparing an "Open Letter to America" relative to the assassination of the late President Kennedy. According to Knable, in this letter he will allege the late President was assassinated by Jack Ruby, a communist and twin brother of "Bobby Baker" who operated a vending machine business. Ruby, according to Knable, was acquainted with Lee Oswald and supplied Oswald with money to buy the assassination weapon. Knable further related Ruby actually fired the shots which killed the late President and later attempted to kill Oswald before the latter was apprehended by the Dallas Police Department.

Bureau files disclose Knable has contacted the Bureau on a number of occasions furnishing nonspecific information. In 1947 he claimed he alone broke up a Nazi Ring during the war and that he was the only man that ever "beat up" Al Capone.

Bureau files also contain the following information pertaining to individuals who may be identical with Knable. See your file 56-43 re "Election Irregularities in Philadelphia, Pennsylvania." Page 1, your report 10-22-42, indicates Harry Knable was a complainant in that matter. "The Sunday Bulletin" newspaper, Philadelphia, Pennsylvania, issue of 11-2-47, contained item

entitled, "Hecklers Shout At Speakers 'Go Back to Russia.'" This article contained a reference to Harry Knable, Commander of the Purple Heart for the Philadelphia area. The "Daily Worker," issue of 11-3-47, contained an item on page 2 entitled, "Fascists Led Attack on PCA Rally in Philly" and datelined Philadelphia, Pennsylvania. In this article Harry Knable is described as a "notorious Republican ward heeler and pay-off man in the Twentieth Ward, the city's red-light district."

Also see your file 55-0 re "Harry Knable, 3313 Germantown Avenue, Philadelphia, Pennsylvania, Secret Service Matter." Your letter 4-24-58 indicates information received by your office disclosed Harry Knable desired to mail a gift to President Eisenhower. Your letter also disclosed Knable was known to the Philadelphia Office of the U. S. Secret Service.

(58-2017, 44-593-4x, 100-338892-258, 62-0-58142)

Unless already accomplished, thoroughly interview Knable concerning the allegations made in his call to the Bureau and make an effort to obtain a copy of the alleged "Open Letter to America." Submit results of investigation to Dallas in appropriate insert form, 25 copies for Dallas and 1 copy for Bureau. Also, you should check your indices and furnish any readily available information relating to Knable's mental competency so that this matter can be appropriately evaluated by any outside agency.

NOTE: For full details, see memorandum Cleveland to Evans dated 5-11-64, JFC:bgj:jad, captioned Harry Harold Knable, 902 Pine Street, Philadelphia, Pennsylvania, Information Concerning. After calling the Bureau on 5-9-64, Knable again called on 5-10-64 from Harrisburg, Pennsylvania, stating he had a letter, the contents of which he felt the Bureau should have. In re telephone call to Philadelphia of 5-10-64, the Philadelphia Office was instructed to have the Resident Agent in Harrisburg handle the matter and submit the results to the Bureau.

The information furnished by Knable on 5-9-64 has been furnished separately to Secret Service who advised Knable is well known to them and they regard him as a confidence man who appears to be a mental case who has tried, without success, to see all Presidents since Truman.

Although it appears he is suffering from some mental instability, in view of his allegations, it is felt we must make reasonable efforts to check this matter out. When results are furnished, they will be appropriately reported by Dallas and disseminated to the President's Commission in line with other similar complaints.

SUBJECT: LEE HARVEY OSWALD
IS - R - CUBA

Bureau has received a request from the President's Commission to interview Mr. H. R. Bright, Mr. Edgar Crissey and Mr. Nelson Bunker Hunt, the three individuals who contributed to the fund which was used in payment for the advertisement which appeared in the "Dallas Morning News" on 11-22-63.

Instructions covering these interviews were forwarded to the Dallas Office by teletype on 5-14-64.

SAC Shanklin of the Dallas Office called on 5-15-64 and noted that he anticipated that when the afore-mentioned individuals were contacted for interview they would request to have their attorneys present. SAC Shanklin was seeking Bureau approval to have the interviews conducted in the presence of the attorneys.

ACTION:

Since the interviews are being conducted at the specific request of the President's Commission and the area of interest has been outlined by the Commission, there would be no objection to having the interviews conducted in the presence of the attorneys. SAC Shanklin was so advised.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

There are enclosed two copies of a memorandum dated May 7, 1964, captioned "Marilyn Dorothea Murret."

Miss Murret is a cousin of Lee Harvey Oswald, her mother being a sister of Oswald's mother. She was interviewed on November 29, 1963, and advised she took a trip around the world beginning in July, 1959, and ending in January, 1963. (See Dallas report of SA Warren C. De Brueys, dated December 2, 1963, concerning Lee Harvey Oswald, page 162.)

The Harold Isaacs mentioned in paragraph four of page one of the enclosed memorandum may be identical with Harold Robert Isaacs who, in 1953, was employed at the Center for International Studies, Massachusetts Institute of Technology, Cambridge, Massachusetts.

A memorandum containing current information about him has been requested and will be furnished you when it is received.

case of Lee Harvey Oswald" but said this was not confirmed. Scott apparently did not know she was Oswald's cousin. We have requested Boston to furnish us current identifying information and background data about Harold Robert Isaacs. Boston is origin in this case.

Isaacs traveled to China in 1927 as a journalist and after employment by several publications in China edited a pro-communist publication. We initiated investigation of him in May, 1951, and in subsequent interview he admitted being a supporter of the China Communist Party from 1931 to 1933 and a member of the Socialist Workers Party from 1934 to 1940. After 1940 he was active in support of suppressed people of Viet Nam and Indochina; however, there was no evidence of subversive activities.

Memorandum

TO : Mr. Conrad

DATE: 5/14/64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63; DALLAS, TEXAS

On 5/13/64, SA Robert A. Frazier, Firearms Unit, FBI Laboratory, testified before the President's Commission concerning the holes in President Kennedy's clothes and Governor Connally's clothes and the examination made of the Presidential limousine. Mr. Arlen Specter, Staff Counsel, elicited the testimony which began at 11:30 a.m., and terminated without recess at 1:40 p.m. Chief Justice Earl Warren was present until approximately 12 noon. Mr. Allen W. Dulles, former head of the Central Intelligence Agency, was present for the entire session.

SA Frazier testified that the holes in the back of the President's coat and shirt were typical of bullet entrance holes and bore copper residues. (Copper-jacketed bullets were used in the assassination.) He also testified that the hole in the front of the President's shirt, in the collar area, was characteristic of an exit hole of a projectile but no copper was present around this hole. A small elongated nick, present in the left side of the knot of the President's tie was described by SA Frazier. This nick may have been caused by the projectile which exited from the front of the President's shirt. SA Frazier testified that Governor Connally's clothes had been cleaned and pressed before receipt in the Laboratory and the only determination of value from the examination of the holes in his coat, shirt and pants was that they could have been caused by one or more bullets. The direction of passage could not be determined.

In connection with his testimony concerning the Presidential limousine, SA Frazier described the impact area on the inside surface of the windshield and the impact area on the inside surface of the chrome strip above the windshield and testified that they may have been caused by impact of the two bullet fragments found in the front seat area of the limousine. SA Frazier described the three lead

particles found by the Laboratory examiners in the rear seat area. In this connection, Mr. Specter inquired as to the results of the spectrographic comparisons of the assassination bullets with the lead fragments from the car, the two lead fragments from Pres dent Kennedy's head, the lead fragment from Governor Connally's arm and the lead scraping from the inside of the windshield. Frazier stated that the spectrographic examinations had been made by other examiners but that the Laboratory report described these exhibits as being similar in metallic composition. SA Frazier advised the Commission that detailed testimony concerning these exhibits would have to come from SA John F. Gallagher, Spectrography Unit, FBI Laboratory.

Mr. Specter asked SA Frazier to produce the President's bandages and belt but did not ask any specific questions concerning them.

The exhibits used to illustrate SA Frazier's testimony are listed on the attached sheet. These exhibits have all previously been made a matter of record and are now in the possession of the Commission, with the exception of the windshield which is in the possession of the Secret Service.

TO : DIRECTOR, FBI (105-82555) DATE: 5/19/64

FROM : LEGAT, MEXICO (105-3702) (P)

SUBJECT: LEE HARVEY OSWALD, AKA
IS - R - CUBA

Reference is made to previous communications concerning the visit to Mexico City, 4/8-13/64, of three representatives of the President's Commission, these being W. DAVID SLAWSON, HOWARD P. WILLENS, and WILLIAM T. COLEMAN, JR.

As the Bureau was advised, the Legal Attache, at the Ambassador's request and in the interests of maintaining our excellent liaison contacts, accompanied the three Commission representatives on 4/10/64 when they called on Lic. LUIS ECHEVERRIA, Acting Minister of Gobernacion. Also present at the meeting with ECHEVERRIA was [redacted]

Prior to the meeting with ECHEVERRIA, the three representatives discussed with Ambassador FULTON FREEMAN the possibility of taking depositions from Mexican nationals, such as the owner of the hotel where OSWALD stayed, bus company employees, and others. The Ambassador gave his approval of such a procedure so long as the depositions were taken within the confines of the Embassy and so long as the appearance of the Mexican witnesses was completely voluntary. He insisted, however, that this procedure be cleared with Lic. ECHEVERRIA.

During the meeting with ECHEVERRIA on 4/10/64 the matter of the taking of the depositions was presented to him. He immediately opposed the taking of such depositions, pointing out that it would appear from this action that the U. S. Government was conducting official investigation in Mexico. He said this would raise a hue and cry of criticism of the Mexican Government in the local press, something which the Mexican Government could not afford at the present time with Presidential elections scheduled for early July. As a result

NOTE: Commission by relet advised that Mrs. Earlene Roberts, the housekeeper at 1026 North Beckley, Dallas, Texas, where Oswald resided at the time of the assassination, had reported that at about 1:00 p.m., on 11-22-63, Dallas police car Number 207 drove slowly by the front of her premises and honked the horn several times. The Dallas PD indicated that car 207 was not in the vicinity at this time. The Commission requests appropriate investigation to determine if any Dallas police cars were in the vicinity of the premises between the hours of 12:00 noon and 2:00 p.m., on 11-22-63. As you will recall, the President was killed at approximately 12:30 p.m. It was completely feasible for the police to learn Oswald's identity at approximately 12:47 p.m., and to learn he was missing from the Texas School Book Depository Building. The reason for any police car honking the horn in front of this address is unknown, however, it is entirely possible this was a car in plant to determine if Oswald returned to his home.

When this matter is resolved, the Commission will be immediately notified.

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Department of Justice
Washington, D.C. 20535

Dear Mr. Hoover:

Mrs. Earlene Roberts, the housekeeper at 1026 North Beckley during the period that Oswald resided there in October-November, 1963, has stated that at about 1:00 P.M. on November 22, 1963 a Dallas police car drove slowly by the front of the premises of 1026 North Beckley and honked the horn several times. Mrs. Roberts stated that the occupants of the car were not known to her even though she did have some acquaintances on the Dallas police force who called upon her at the above premises. She has previously stated that the car was number 207. We understand that the Dallas Police Department has indicated that such car was not in the vicinity of the above premises at the time it was allegedly observed by Mrs. Roberts.

Would you please conduct such investigation as may be necessary to determine whether or not any cars of the Dallas Police Department were in the vicinity of 1026 North Beckley between the hours of 12:00 noon and 2:00 PM on November 22, 1963.

Your continued cooperation is appreciated.

Sincerely,

MAIL ROOM ☐ TELETYPE UNIT ☐

Honorable J. Lee Rankin

Castro did fully indicated Oswald had been in Cuba. Enclosed are two copies of a translation of this speech, pertinent portions of which have been included in the enclosed Miami report. A review of this speech fails to indicate any slip of the tongue as alleged. It is noted, however, that page 33, last paragraph, of the enclosed Miami report relating to Castro's speech contains a statement wherein Castro refers to Oswald's visit to the "Soviet Embassy" in Mexico following which he corrected himself immediately by means the "Cuban Consulate." This could possibly be the basis for the slip of the tongue referred to by Hermine Portell-Vila.

Two copies of a memorandum dated May 15, 1964, setting forth the results of an interview with Herminio Portell-Vila, writer of the article containing the above-mentioned allegation, are also enclosed. You were previously furnished a memorandum dated February 10, 1964, containing additional data obtained from Portell-Vila concerning this matter.

It is noted that Portell-Vila has stated his articles are primarily interpretive analysis, speculation and conjecture based on a review of public source data.

The enclosed memorandum of May 15, 1964, states that according to Portell-Vila, he gave the original of a message received from an unknown source in Cuba pertaining to Lee Harvey Oswald's alleged relations in Moscow, Russia, with two Cuban Ambassadors to Mrs. Mariela Arensberg, Secretary of the Cuban Liberation Committee in Washington, D. C. Portell-Vila believed she passed the message on to an unknown Government agency.

On May 22, 1964, a representative of the Central Intelligence Agency (CIA) advised he recalls receiving such a communication; however, at the time it was received the name Oswald was believed to relate to Oswaldo Dorticos, President of Cuba, rather than Lee Harvey Oswald. Further inquiries are being conducted in this regard.

Honorable J. Lee Rankin

[illegible] with Orestes Pena and Carlos Bringuier have not yet been conducted due to their unavailability. Pena reportedly is traveling in Europe as indicated in the memorandum dated May 1, 1964, at New Orleans concerning Orestes Pena, two copies of which are enclosed. Carlos Bringuier has been away from New Orleans on an extended speaking tour. Both Pena and Bringuier, however, are due to return to the New Orleans area by May 30, 1964, at which time they will be promptly interviewed and you will be furnished the results.

With regard to your inquiry as to whether this Bureau has conducted a thorough investigation into the question of possible contacts between Lee Harvey Oswald and any representative of or known sympathizer with the Castro government of Cuba, you may be assured that this Bureau has thoroughly explored this question. To date, however, no information has been developed indicating Oswald was controlled, directed or employed by any individual so identified.

We will continue to furnish you with communications in duplicate containing the results of our investigations.

Sincerely yours,

Enclosures (13)

Honorable J. Lee Rankin

BUREAU NOTE:

Commission furnished transcript of testimony of Carlos Bringuier, anti-Castro Cuban in New Orleans who was involved in picketing of Oswald in New Orleans 8/9/63, resulting in arrest of all concerned. Commission requested additional investigation specifically to resolve certain points of testimony and to obtain specific publications referred to. The enclosed communications contain all information developed to date and are fully responsive in this regard with the exceptions noted. Information from CIA furnished through Liaison channels to SA Papich by Jane Roman.

The enclosed reports and memoranda have been reviewed by the supervisor, Mr. Belmont and Mr. Malley.

Dear Mr. Rankin:

Reference is made to your letter of May 7, 1964, requesting that this Bureau verify the testimony of Mr. Max Clark of Fort Worth, Texas, by interviews with appropriate personnel of the Texas Employment Commission office in Fort Worth. You also indicated the Commission desired to know the identity of the person or persons who provided Oswald with the names of Mr. Peter Gregory and Mr. Max Clark and the reasons they did so.

Enclosed are two copies of a memorandum dated May 19, 1964, at Dallas, Texas, which sets forth results of our inquiries in this matter.

Sincerely yours,

Dear Mr. Rankin:

Reference is made to your letter of April 30, 1964, requesting that this Bureau interview Miss Yacko Okui. You also requested that if we discovered the name of Miss Okui's initial employer in Dallas, we interview such individual to determine the circumstances under which she came to Dallas as well as additional background information concerning her.

Our letter of May 12, 1964, forwarded to the Commission two copies of a memorandum dated May 6, 1964, at Dallas, Texas, which contained results of our interview with Miss Okui.

Enclosed are two copies each of a memorandum dated May 14, 1964, at New York, New York, and a memorandum dated May 21, 1964, at Dallas, Texas, which contain additional background information concerning Miss Okui and added details concerning her employment in the United States.

This concludes our inquiries in this particular matter.

Sincerely yours,

J. Edgar Hoover

ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11-22-63, DALLAS, TEXAS
MISC. - INFO CONCERNING

Enclosed for receiving offices is a copy of a self-explanatory, anonymous letter received at the Bureau on 5-18-64 The envelope enclosing this letter had a postmark which was illegible.

No information identifiable with Arizona license EZY 958 could be located in Bureau files.

Phoenix is instructed to endeavor to identify the unidentified individual referred to by the anonymous writer who was driving the 1954 or 1955 Packard, with the aforementioned Arizona license number. When an identification is made your indices should be checked and the Bureau advised with recommendations as to whether the individual should be interviewed.

Receiving offices should also alert appropriate local authorities to the implied threat against the Chief Justice. It is essential these agencies be cautioned we do not know the significance of the Arizona license number nor the authenticity of the implied threat.

ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11-22-63, DALLAS, TEXAS
MISC. - INFO CONCERNING

PURPOSE

To recommend the attached letter to the President's Commission and airtel to the field be sent concerning receipt of anonymous letter at the Bureau relating to a threat against Chief Justice Warren by unidentified third parties, and the assassination.

DETAILS

Anonymous undated typewritten letter was received at the Bureau on 5-18-64, in an envelope with illegible postmark.

The anonymous letter relates that the writer, while in a restaurant near the Mexican border, overheard a conversation between two individuals in the Spanish language. According to the writer, the conversation concerned politics and turned to the assassination of President Kennedy. One of the unidentified individuals is reported to have implied in his conversation that other identified third parties were responsible for the assassination of President Kennedy, and that Chief Justice Earl Warren was the next logical one to be "eliminated."

According to the anonymous writer the individual who is alleged to have made these statements is described as possibly part Mexican, 50 - 55 years of age and driving a 1954 or 1955 Packard bearing Arizona license EZY 938. It is also reported that he may possibly live in Tucson, Arizona. The anonymous writer was of the opinion that if any action was to be taken against the Chief Justice, it would probably be in San Diego based on the conversation he overheard.

Memorandum to Mr. Belmont
RE: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY

ACTION

1. No information identifiable with Arizona license EZY 958 could be located in files at Seat of Government.

2. In view of the implied threat against Chief Justice Warren, a copy of this letter was furnished to the Chief Justice's office through Bureau Liaison on 5-20-64.

3. The anonymous letter has been furnished to the FBI Laboratory for examination.

RECOMMENDATIONS

1. That the attached letter be sent to the President's Commission advising them of the receipt of this letter, the allegation concerning the assassination and the implied threat against Chief Justice Warren. This letter also advises the Chief Justice's office was furnished a copy of this letter and that when investigation is completed the Commission will be appropriately notified.

2. That the attached airtel be sent to Phoenix, San Diego and Washington Field Office instructing that investigation be promptly undertaken to determine the significance of the Arizona license number. Further, that local authorities be alerted to this implied threat insuring they are cautioned we do not know the significance of the license number or the authenticity of the threat.

3. This matter will be closely followed at the Bureau and when the results of investigation are received it will be disseminated to the Commission.

ORIGINAL FILED IN

NOTE:

This is the 12th letter to the Commission on Martin. SAC Letter 64-23B dated 4-28-64 alerted the field to her campaign of vilification of the Director and the FBI. Martin has been described as a "bright nut," and since the assassination has been conducting her own investigation.

Re airtel from Dallas enclosed a letterhead memorandum in which Martin alleges the "Zapruder" film of the assassination offers evidence that the President and Governor Connally were shot from a grassy knoll to the right of the Presidential motorcade by an automatic rifle. She also states she cannot understand why this film has not been examined.

Of course this is utter nonsense. The Zapruder film, if anything, verifies the fact that the President was shot from the rear and has definitely been examined in minute detail by the FBI and the President's Commission. In fact, each frame of this film has been enlarged, made into individual slides, and is the basis for the Commission's time study of the sequence of shots.

Memorandum

TO : Mr. Mohr

DATE: April 24, 1964

FROM : W. S. Tavel

SUBJECT: PRESIDENT'S COMMISSION ON THE ASSASSINATION OF PRESIDENT KENNEDY - REQUEST FOR INFORMATION ON FBI'S RECORDS SYSTEM

By letter 4-22-64 Mr. J. Lee Rankin, General Counsel of the President's Commission on the Assassination of President Kennedy, stated that the Commission has been examining the operations of the Protective Research Section of Secret Service to determine whether it might recommend possible improvements in this preventive intelligence function; that the processing, storage, and retrieval techniques employed by the Protective Research Section had been carefully examined; and that Commission representatives had been briefed by the Central Intelligence Agency (CIA) on the techniques used by it in handling intelligence data. The letter stated that the Commission was interested in CIA's records since that agency is an important source of intelligence information for the Protective Research Section of the Secret Service, and that the Commission was also interested in determining whether useful information in the possession of CIA could efficiently be made available to Secret Service upon appropriate request. Also, the Commission wanted to be informed on data handling techniques to determine whether more advanced systems or practices are available which might be recommended to Secret Service. The letter stated that the same two purposes underlie the Commission's interest in being briefed on the FBI's data handling systems and pointed out that Mr. Howard Willens of the Commission's staff would contact me to arrange a briefing for himself and Mr. Samuel A. Stern of the Commission staff.

Mr. Willens called this afternoon and stated he would like to arrange for a briefing by the Bureau early next week. We agreed upon 2:30 Monday afternoon, April 27, as a mutually convenient time for the briefing. I took the occasion to attempt to determine more specifically what Willens is interested in finding out regarding the Bureau's records system. I asked him if he were primarily interested in the mechanics of processing our records, and he stated that their interest was somewhat broader than this and would encompass such questions as how to extract certain categories of relevant information concerning different individuals or subject matters. He again stated that

they had had a useful discussion with CIA and felt that data of value to Secret Service probably exists in the files of other agencies and they were concerned about how best to insure that Secret Service received all such data.

The functions of the Files and Communications Division are limited, of course, to the actual processing of reports, letters, files, and other records material and do not extend to the dissemination of such information outside the Bureau. Since it appears that one of the questions to be discussed will revolve about the flow of information from the FBI to Secret Service, I feel that it would be well to have representatives of the General Investigative and Domestic Intelligence Divisions present to handle any questions which may be outside the scope of the Files and Communications Division. Inspector Malley has indicated that he will be present at the conference.

RECOMMENDATIONS:

(1) That we hold a briefing session for Mr. Howard Willens and Mr. Samuel A. Stern of the President's Commission on Monday, April 27, at 2:30 P.M, in compliance with their request.

Yes. DL.

(2) That a representative of the Domestic Intelligence Division attend the briefing in addition to Inspector Malley.

Yes. JBA

also, Mr Belmont should be present -2- 4-27

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Mohr

DATE: April 28, 1964

FROM : W. S. Tavel

SUBJECT: PRESIDENT'S COMMISSION ON THE ASSASSINATION OF PRESIDENT KENNEDY - BRIEFING ON FBI'S RECORDS SYSTEM

Pursuant to the request of Mr. J. Lee Rankin, General Counsel of the President's Commission on the Assassination of President Kennedy, and with the Director's approval, Commission staff members Howard Willens and Samuel A. Stern were afforded a briefing on the FBI's records system on 4-27-64. Mr. Belmont, Inspector Malley, Mr. Branigan of the Domestic Intelligence Division, and Mr. Waikart, my Number One Man, were present.

Mr. Stern stated that they were principally interested in three aspects of records work: (1) how we handle name checks where Secret Service already has the name of an individual and wants background information on him; (2) information that may lead to the names of individuals who may be dangerous; and (3) information-handling techniques of intelligence agencies which might enable them to recommend improvements in Secret Service's records system.

I outlined briefly the processing steps in our records system and Mr. Belmont, at their request, explained the type of work handled by each division in the FBI. They inquired, and were informed, as to how cases are supervised at the field and Seat of Government level by the Bureau and were taken on a tour of our processing units in the Files and Communications Division. The manner of handling name check requests was explained to them in detail by Mr. Belmont.

Apparently with a view to exploring the possibility of having various intelligence agencies submit to Secret Service listings of individuals meeting specific criteria, Mr. Willens inquired whether it would be possible for the Bureau to furnish Secret Service a list of all individuals possessing a certain type or make of revolver if Secret Service were to request such a list from us. It was pointed out to Willens that our files are set up for maximum efficiency in handling the work of the FBI, which is essentially composed of the investigation of individual cases, and that, therefore, it would be extremely difficult to compile any such listing as he had referred to, particularly in view of the tremendous size of our index, comprising some 49 million

UNRECORDED COPY FILED

cards, and our total file holdings of almost 5 million files. Mr. Belmont suggested to him that a more sensible approach might be to establish desired criteria in advance and once information meeting such criteria had been furnished on a day-to-day basis to Secret Service, that agency would then be in a position to extract from its own files listings of individuals meeting such criteria. It was pointed out to him that in the absence of any criteria having been set up so far by Secret Service, the FBI has furnished information to Secret Service on criteria of potential danger which, after a thorough study, we considered reasonable. It was also pointed out that no system employing automatic data-handling equipment could supply such listings either unless the necessary information as to criteria were fed into such system in advance.

Mr. Willens and Mr. Stern, who seemed to feel that they will be required to make some type of recommendations to the Commission regarding the use of records as a preventive measure, expressed appreciation for the briefing, and Mr. Stern indicated that after digesting the information on our records system which was furnished him, he might desire to come back at a later date with more questions.

RECOMMENDATION:

Submitted for information.

J. Edgar Hoover, Director
Federal Bureau of Investigation
United States Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

As you may know, Mr. Malley and Mr. Howard Willens of the staff of the Commission have discussed informally the possibility of a briefing for members of the Commission staff on the data processing, storage, and retrieval techniques used by the FBI. I would like now formally to request such a briefing, and to describe our interest.

The Commission has been examining the operations of the Protective Research Section of the Secret Service, to determine whether it might recommend possible improvements in this vital preventative intelligence function. In this connection, we have carefully examined the data processing, storage, and retrieval techniques employed by the Protective Research Section of the Secret Service.

We have also been briefed by the Central Intelligence Agency on the techniques used by it in handling intelligence data, for two purposes. First, CIA is an important source of intelligence information for the Secret Service's Protective Research Section, and we are interested in determining whether useful information in the possession of that Agency could efficiently be made available to the Protective Research Section if appropriate requests were made by the Secret Service. Second, we want to be further informed on data handling techniques, to determine whether more advanced systems or practices are available, which might be recommended to the Secret Service.

The same two purposes underly our interest in being briefed on the FBI's data handling systems. Mr. Willens will telephone Assistant

Memorandum

TO : Mr. W. C. Sullivan

DATE: May 26, 1964

FROM : Mr. J. A. Sizoo

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - R

Inspector Malley called from Dallas yesterday morning in the captioned case and made specific reference to the airtel to Dallas dated 5/22/64 which forwarded to Dallas a copy of Mr. Rankin's letter of 5/20/64. Malley noted that Rankin's letter requested copies of all 1963 reports concerning persons involved in Communist Party activity, Socialist Workers Party activity, and reports arising out of the activities of the John Birch Society, the Minutemen, etc. He suggested that we might desire to have this matter discussed with Mr. Rankin to determine the purpose of this inquiry and possibly to have the request withdrawn. Malley said he would be back in Washington last night and would be able to discuss the matter with Rankin this morning.

After reviewing the background on this and noting that the instant request is a follow-up request of a previous and even broader one by Rankin, which Malley had already discussed with him, and which was reduced to some extent to the present request, it was concluded that no good purpose would be served in going to Rankin at this time. It is also noted that in connection with the first request, the Director indicated that if he had had an opportunity of seeing the memorandum prior to its discussion at that time with Mr. Rankin, he would have approved the obtaining and transmitting of reports and memoranda as originally requested.

ACTION:

Accordingly, SAC Shanklin of Dallas was telephonically instructed to comply with the instructions appearing in the Bureau's airtel of reference.

Enclosed is copy of self-explanatory letter dated 5/7/64 from the President's Commission.

Dallas should immediately initiate investigation to develop the information requested by the President's Commission and submit letterhead memorandum suitable for dissemination.

In conducting this investigation your attention is called to the fact that Max Clark's testimony appears to be at variance with information previously furnished by him to your office. Page 202 of Dallas report 11/30/63 contains information from Clark to the effect that when Oswald telephonically contacted Clark's wife, Oswald stated he had obtained Mrs. Clark's name through some contacts at the Fort Worth Public Library. Page 200 of that report contains information that Oswald claimed he obtained Peter (Paul) Gregory's name from some person at the Fort Worth Public Library.

If your inquiry at the Fort Worth office of the Texas Employment Commission fails to develop the information desired by the Commission, you should reinterview Max Clark and, thereafter, conduct inquiry at the Fort Worth Public Library in an effort to determine identity of person or persons who provided Oswald with the names of Gregory and Clark and the reasons therefor. Handle immediately.

Washington, D.C. 20535

Dear Mr. Hoover:

It appears that Lee Harvey Oswald first became acquainted with members of the so-called "Russian Community" in the Dallas-Ft. Worth area through his contacts with Mr. Peter Gregory and Mr. Max Clark of Ft. Worth. Mr. Clark testified that he thought that Oswald had obtained his name, as well as Mr. Gregory's, through the Ft. Worth office of the Texas Employment Commission.

Would you please verify Mr. Clark's testimony by interviews with the appropriate personnel of the Texas Employment Commission office in Ft. Worth. We would like to know the identity of the person or persons who provided Oswald with the names of Gregory and Clark and the reasons that they did so.

We are most appreciative of your continued cooperation with the Commission.

Sincerely,

J. Lee Rankin

ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11/22/63, DALLAS, TEXAS
MISC. - INFO CONCERNING

There is enclosed herewith a letter from the President's Commission signed by J. Lee Rankin dated 5/7/64. You will note that this letter outlines a project to obtain certain technical data that the President's Commission needs for its final report. It is also noted the letter contains the statement that Mr. Rankin will be in Dallas to personally supervise this project on 5/18-19/64.

This project is still the subject of considerable discussion between the Bureau and the President's Commission. At the present time it is contemplated the majority of this project will be handled in Dallas on Sunday, 5/17/64, in accordance with the telephone call made to Dallas today.

To assist in this project Messrs. Lee Gauthier and Roy H. [illegible] of the Exhibits Section, Firearms expert SA R. A. Frazier and S/A Lyndal L. Shaneyfelt will be available in Dallas. In addition, President's Commission has requested Inspector Tom Kelley assigned to Washington Headquarters of U. S. Secret Service and SA John Howlett of the Dallas Secret Service to be available for assistance.

In accordance with the telephone call received by your office today, you should make necessary arrangements with Mr. Roy S. Truly, Warehouse Superintendent at the Texas School Book Depository Building, to be available early Sunday morning to assist in this project. A specific time will be furnished to you as soon as this

Dear Mr. Rankin:

Reference is made to your letter of April 30, 1964, requesting that this Bureau interview Miss Yuko Chui.

Enclosed are the Commission are two copies of a memorandum dated May 6, 1964, at Dallas, Texas, which sets forth results of the interview of May 6, 1964, with Miss Yuko Chui. Your attention is directed to page two of the enclosed memorandum which reports that Miss Chui advised she was employed by Nippon Service, Incorporated, New York, New York, under the direct supervision of Mr. Michio Kuchi, President of that company, until her return to Dallas in August, 1963. Miss Chui stated that she returned to Dallas, Texas, at the request of Mr. Kuchi to act as the Southwestern representative for Nippon Service, Incorporated.

For your information, we are contacting Mr. Michio Kuchi to determine the circumstances under which Miss Chui came to Dallas and to obtain additional information Mr. Kuchi may possess as to the background of Miss Chui. Results of our interview with Mr. Kuchi will be promptly furnished to the Commission upon receipt.

Sincerely yours,

J. Edgar Hoover

Honorable J. Lee Rankin

NOTE:

Lee Harvey Oswald attended a Christmas-New Year's party December 20-30, 1962, at the residence of Mr. and Mrs. Declan Ford in Dallas. We learned through our investigation a Japanese woman was at such party and conversed with Oswald. Such Japanese woman has been identified as Yacko Chui. At request of the President's Commission we interviewed Miss Chui and determined that she did attend the party in question and did have a conversation with Oswald concerning Japanese culture and art. Miss Chui indicated this was her only contact with Oswald and the only reason she recalls such conversation is because of the notoriety involved in Oswald's assassination of President Kennedy. Commission in its letter of 4/30/64 requested we identify Miss Chui's employer who sent her to Dallas and determine circumstances surrounding such assignment. This has been done and it appears her residence in Dallas was strictly in a business capacity. We have developed no information indicating Chui involved in any way with Oswald.

NOTE CONTINUED:

Police Officer Tippit. Lane claims there is no credible case against Oswald today, which is counter to our inquiry in the assassination matter. Lane claims the hearings by the President's Commission are secret and deny the accused (Oswald) the right to counsel or to an attorney to cross-examine witnesses, to examine evidence and to present witnesses of his own. Lane also states that the doctors at Parkland Memorial Hospital, Dallas, first indicated the wound in President Kennedy's throat was an entrance wound, but at a later date, after contact by Secret Service agents, changed their statement and indicated the throat wound was an exit wound. Lane also claims that several witnesses state that the shots came from the opposite direction from the Texas School Book Depository Building, although our inquiry shows preponderance of evidence that the shots did come from the above building.

UNITED STATES GOVERNMENT

Memorandum

TO : MR. TOLSON

DATE: 5/6/64

FROM : A. H. Belmont

cc Mr. Belmont
Mr. Rosen
Mr. Malley
Mr. Sullivan
Mr. DeLoach

SUBJECT: THE PRESIDENT'S COMMISSION

I appeared before the Presidential Commission at approximately 9:15 a.m., 5/6/64, and testified until about 12:35 p.m. Inspector Malley of the Bureau was present. The members of the Commission were Chief Justice Warren; McCloy; Dulles; and Ford (although Ford was present only part of the time); General Counsel Rankin; and members of the staff Samuel Stern (who conducted the questioning) and Norman Redlich; also present was Charles Murray, former Assistant AG of the Criminal Division of the Department.

The questioning followed the format of my memorandum of 5/5/64, although members of the commission tended to insert questions which interrupted the continuity of the questioning, as devised by Mr. Stern.

There were introduced, through me, the Director's letters to the Commission of 4/6/64 (answers to 30 questions); 5/4/64 (brief listing of serials in Oswald file); 2/6 and 12/64 (transmitting the Director's affidavit and affidavits of agents denying that Oswald was an informant); a letter from the commission to the Bureau pointing out that Henry Wade had not formally testified before the commission and was only reporting a rumor he had heard that Oswald was an informant; and letter to the commission of 3/31/64 (outlining our liaison with Secret Service and our criteria for dissemination, before and after the assassination).

Mr. Stern questioned me orally as to certain portions of these letters, and the commission members asked questions to expand in some instances on our replies.

Following the introduction of the 3/31/64 letter, on dissemination and liaison with Secret Service, Mr. Stern asked if this change in dissemination had posed any problem for us or for Secret Service. I told him that I could not speak for Secret Service; however, as far as we were concerned, it did raise a question which caused us to be somewhat uneasy. I then discussed rather fully the Bureau's approach

Mr. Tolson

to security work, and the need to handle security information very carefully; and the efforts of the FBI to carry out its responsibilities in the security field within the law, in order to protect our internal security, yet strengthen, rather than weaken our free society. I mentioned the incident of the police restraining certain individuals when the President visited a city, and the protests that we could see forthcoming. I pointed out that when information is furnished to Secret Service denoting a possible threat to the President, Secret Service or the police can take action without fear of a legitimate complaint; however, when you take action on information other than a threat to the President you run into the probability of complaints that unjustified action is being taken against the individual. I pointed out that it is a simple matter to increase security, but in so doing inevitably the rights of the individual are affected and diminished.

I had the strong impression that this provided the commission with food for thought, and as a matter of fact there seemed to be a feeling that perhaps our revised criteria were too broad, although this was not specifically expressed. I made it clear that we did voluntarily, without request, broaden our criteria, in an effort to be helpful, and that it is of course necessary to use good judgment in taking action relative to such material.

Toward the close of the session, McCloy asked whether, in the face of Oswald being a defector, engaged in Fair Play for Cuba activities, and lying to Agent Quigley during the interview in the jail at New Orleans, should Agent Hosty have furnished this information to Secret Service in Dallas? I told him that I had reviewed this matter quite carefully, and my answer was no. I pointed out that in July, 1961, when Oswald was interviewed in the Embassy at Moscow, a State Department official had observed that he had learned his lesson the hard way, through 20 months of life in the Soviet Union; that Oswald had no love for the Soviet Union, and that Oswald saw the advantages of the American way of life; that we had interviewed Oswald twice after his return, and he had told us he had no love for the Soviet Union, and we had closed the case as we had accomplished the purpose of our investigation. He reopened the case on the basis that he had been in contact with The Worker, and the Fair Play for Cuba Committee, although these were insignificant items by themselves, and subsequently he had been active in New Orleans (although he was creating the Fair Play for Cuba activity himself, rather than as part of an organization); that our informants in New Orleans who were

acquainted with Cuban activities did not know him; that the fact that he had lied to Agent Quigley had no bearing whatsoever on whether he was violent or had a potential for violence; that his contacts with the Soviet embassies were indicated for the purpose of getting his visa, and he had told us that he was going to take his wife back to Russia on some occasion; that he had come back to Dallas, and Agent Hosty had learned that he was working and was going to take his wife and baby into an apartment as soon as he had the money and the baby was old enough.

I repeated that, on this basis, there was no reason for Hosty to have advised Secret Service; that Hosty and the Dallas office were alert to furnish information to Secret Service, and Hosty himself had done so in another matter.

Mr. Dulles referred to a book by Buchanan on the assassination, which book is just coming out from England. He wanted to know if we would review it and give our comments to the commission. I pointed out that this apparently was a composite of Buchanan's articles in the French press, which we had already sent to the commission, and which contained allegations that the commission had already looked into; that Buchanan's allegations were false, were based on misinformation, incorrect conclusions; that we would, however, review it and make a brief observation to the commission if that would be helpful.

The commission members indicated they were aware of Buchanan's background and that we had furnished them information. I then mentioned to Chief Justice Warren that I understood Buchanan had been over to see the commission, and he said this was so; that they had talked to him informally, as someone coming in off the street.

Chief Justice Warren then referred to a copy of the National Inquirer, which he had before him, portions of which he desired to read and then ask me questions. The article was by Henshaw and painted a picture of a plot whereby the Justice Department had sent a letter to the Dallas PD, following the General Walker incident, requesting the Dallas police not to arrest Ruby and Oswald, who were part of the conspiracy to kill Walker; and that the FBI and CIA were involved in this closely held secret. Mr. Rankin spoke up and said that this article had been sent over to the FBI by letter, with a request for investigation and comment. The Chief Justice said, nevertheless, he would like to ask me a question, and he asked me if I had any knowledge of this. I told him I considered it utterly fantastic nonsense, but we would examine it and appropriately answer the Commission's request.

Mr. Tolson

It is noted that during the introduction of the Director's letter of 5/4/64, briefly setting forth the items in Oswald's file, I was asked whether I had the file with me, and I said I did. A discussion then ensued by Rankin, McCloy and the Chief Justice, as to the need for the record to show that the commission had seen the actual file, so that it would not appear that the FBI had held out anything from the commission.

The Chief Justice wanted to know whether there was anything classified in the file and I told him there was, namely the identities of some of our informants and information on some of the techniques we used to gather information which we have turned over to the commission. The Chief Justice took a strong stand that he did not want the file in the possession of the commission, but any members of the commission who wanted to look at it could do so. I told him the file was available and the commission could look at it. It was decided, inasmuch as the commission already has a great deal of the actual information in the file, including the reports, that the commission staff would determine what information they already had and then a decision could be made as to examining the other material. I told him this was agreeable with us; that the file was available to the commission.

At the conclusion of the testimony the Chief Justice and other members of the commission expressed their appreciation. I told them that if there were any further developments I was completely available to the commission.

I asked Mr. Stern if a copy of the transcript of the testimony would be available to me so that we could follow up any requests the commission had made, and he said the transcript would probably be available tomorrow.

Honorable Louis C. Harris
Executive Editor
The Augusta Chronicle
and Augusta Herald
News Building
Augusta, Georgia

Dear Mr. Harris:

I have read the editorial, "We'll Stick with the FBI," which appeared in the April 27th issue of The Augusta Chronicle and want to thank you for your kind remarks concerning the FBI. Your expression of support is encouraging and I want you to know my associates join me in thanking you for your generous comments.

Sincerely yours,

J. Edgar Hoover

We'll stick with the FBI

Only those who are attuned to their mental wavelengths and are alert to their goals can appreciate the persistence and the subtlety of those persons who find it expedient to undercut the Federal Bureau of Investigation.

Their attacks are clever and cunning. They run the gamut from direct frontal assaults to shrewdly promoted hit-and-run whispering campaigns. They manufacture rumors and they raise bogeymen.

The goal: To cast doubt on the integrity of the FBI and to reduce its effectiveness as a vital force in the relentless war it wages against Communist contamination of freedom and its subversive influence on human dignity.

This undermining technique manifests itself in the newspaper story out of Dallas where an FBI agent is reported to have admitted that the Bureau had labelled Lee Harvey Oswald as a possible assassin before President Kennedy was slain.

That FBI Director J. Edgar Hoover immediately termed the report as being "absolutely false" will serve to reassure most Americans who are capable of thinking for themselves and who have confidence in Hoover's integrity and loyalty and appreciate his long record of devoted service to this nation. But there still will be some persons who accept as gospel this new attack on the Federal Bureau of Investigation and, in so doing, diminish—even if ever so little—the beneficent effectiveness of the agency.

And the enemies of the FBI will have been served.

* * *

One of the ostensibly significant aspects of the Dallas story to which some may point is that the Dallas Morning News said it quoted "a source close to the Warren Commission. . ."

But—and fortunately in this case for the FBI—there are many Americans, we suspect, who, like us, have no great confidence in the Warren Commission. This attitude is predicated upon several factors, one of which is a lack of faith in the Chief Justice himself.

Still another that causes some concern is the composition of the Commission.

* * *

The day after President Kennedy was assassinated, Chief Justice Warren had already formulated his opinion as to the motive for the slaying. It was a result, he was quoted as saying, "of hatred and bitterness that has been injected into the life of our nation by bigots. . ."

Yet three months later, Mr. Warren who had done incalculable damage by his rash indictment of everyone who happened not to have agreed with the late President's philosophy, gave evidence of having dropped the "bigotry" theory. He intimated quite broadly that Red intrigue was behind the assassination, for he said, mysteriously, that some information gathered by his Commission might "not be released in your lifetime" because some points might jeopardize the nation's security if made public.

* * *

And how may one have complete confidence in a Commission that hires as personal assistant to the Counsel of the Commission a man like Norman Redlich?

1 let to Harris 5-5-64 RL.

New York University Law School was a speaker on April 16, 1955, during a forum held by the Emergency Civil Liberties Committee (ECLC) in New York City. Title of the forum was "Labor and Livelihood Under Tyranny," and Redlich spoke on the Fifth Amendment to the U.S. Constitution.

A hand bill advertising a meeting to be held Feb 24, 1961, at Judson Hall in New York, and sponsored by ECLC, listed Professor Redlich as one of the speakers. He is said to have spoken on the history of the House Committee on Un-American Activities (HCUA) and the legal rights of witnesses when appearing before such bodies.

The ECLC has been cited by the House Committee as a Communist front!

★ ★ ★

In December, 1961, Redlich was among speakers appearing at a rally in New York sponsored by the New York Council to Abolish the House Un-American Activities Committee. Six months later that organization circulated a letter appealing for manpower and funds to help elect congressmen pledged to vote for abolition of the HCUA. Redlich was listed on the letterhead as a member of the advisory committee of the New York Council.

On June 24, 1962, an issue of the East Coast Communist newspaper, "The Worker," published an article entitled "Twenty-five Law Professors Endorse Black's Dissent in McCarran Decision." Justice Hugo L. Black was one of the four dissenting justices in the 5 to 4 Supreme Court decision on June 5, 1961, requiring the Communist Party to register with the federal government. The announcement was made by ECLC and Redlich was among the 25 who signed the statement.

In November, 1963, Redlich was listed in support of a statement contained in a leaflet distributed by the Permanent Student Committee for Travel in Cuba which defended the defiance of 59 young Americans who traveled to Cuba in the summer of 1963 against the wishes of the State Department.

★ ★ ★

Redlich also, purportedly signed a petition urging clemency in the cases of Carl Braden and Frank Wilkinson, who at the time the petition was being circulated in February, 1962, were imprisoned as "First Amendment victims." Wilkinson and Braden are known publicly for their association with the Communist movement.

Records of the HCUA show that Harry Magdoff appeared before that Committee on May 31, 1961, in connection with the Fund for Social Analysis, of which Magdoff was president. Magdoff, whose counsel was Redlich, stated he had no documents called for in his subpoena, and took the Fifth Amendment to several questions asked him, including whether he had been a member of the Communist Party and the source of his Fund's income.

Elizabeth Bentley, a confessed former espionage agent, in July, 1948, testified before the HCUA that Harry Magdoff was a member of the Soviet Espionage group which had been active in Washington in the early 1940s.

Confidence in the Warren Commission?

Hardly.

We'll stick with the FBI.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: May 5, 1964

FROM : A. Rosen

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

On May 5, 1964, SA James P. Hosty, Jr., Dallas Office, appeared before the President's Commission to give testimony concerning Agent Hosty's knowledge of Lee Harvey Oswald.

Present were the following Commission members: Chief Justice Earl Warren, Senator John Sherman Cooper, Congressman Gerald R. Ford, Mr. John J. McCloy and Mr. Allen Dulles. Also present were Mr. J. Lee Rankin, General Counsel, together with his staff members: Mr. Samuel Stern, Mr. Norman Redlich and Mr. Howard P. Willens. In addition to these, there was also present Mr. Leon Jaworski, representative of the Attorney General's Office of the State of Texas.

The questioning of Agent Hosty was directed primarily by Mr. Stern, however, various members of the Commission, from time to time, interjected questions to Agent Hosty to clarify various phases of the interrogation. Mr. Stern questioned Agent Hosty in chronological order as to his handling of the case of Lee Harvey Oswald. Agent Hosty testified as to his conversation with Lieutenant Jack Revill in the Dallas Police Department on 11-22-63, at which time, Agent Hosty unequivocally denied ever having made a statement to Lieutenant Revill or to anyone else that the FBI knew that Oswald was capable of assassinating the President of the United States or possessed any potential for violence. Agent Hosty introduced into evidence his affidavit to this effect.

Off the record, J. Lee Rankin and Chief Justice Warren had a conversation as to Revill's deposition concerning his conversation with Agent Hosty. Rankin compared this affidavit of Lieutenant Revill to the testimony of Dallas Police Sergeant Dean, stating that, in both cases, pertinent information was withheld until long after it

had been developed before making it known. Rankin noted that Lieutenant Revill's affidavit was dated 11-22-63, but was not sworn to until 4-7-64, and not furnished to the President's Commission until 4-22-64, by Chief Curry of the Dallas Police Department. Rankin noted that Lieutenant Revill had furnished a deposition to members of the staff of the President's Commission in Dallas on 3-31-64, and had not mentioned this information concerning his conversation with Agent Hosty in this deposition. Chief Justice Warren then ordered all of the above information concerning Lieutenant Revill be placed on the record by Rankin which was then done by Rankin.

Agent Hosty also placed into evidence his deposition which stated that at no time prior to the assassination of President Kennedy did he ever see or talk to Lee Harvey Oswald, made no payments to him and made no attempt to develop him as an informant.

No problems or unusual questions arose during the testimony and it appeared apparent to Agent Hosty that all members of the Commission were completely satisfied with the presentation.

PURPOSE:

To recommend the attached letter be sent to the President's Commission complying with the Director's instructions and furnishing the President's Commission further substantiation that the statement issued by Dallas Police Department (DPD) Chief Curry relating to alleged statements made by SA Hosty of our Dallas Office on 11/22/63 are false.

BACKGROUND:

Chief of Police Curry, DPD, issued a press release allegedly based on a memorandum prepared by Lt. Jack Revill of the DPD. This statement alleges that Dallas Agent James Hosty told Revill on 11/22/63 as Oswald was being led into Dallas Police Headquarters that we knew Oswald was a potential assassin but never felt he would shoot the President.

We have already categorically refuted this allegation inasmuch as we were not in possession of such information at the time and Agent Hosty has submitted an affidavit denying the allegations.

DETAILS:

Dallas by airtel 4/30/64 advised that Resident Agent Earle Haley of the Ft. Worth Resident Agency had been in contact with Lt. Herbert F. Hopkins (NA) of the Ft. Worth Police Department, at which time Hopkins volunteered the following information.

Memorandum to Mr. Belmont
RE: LEE HARVEY OSWALD, AKA

Lt. Hopkins stated he had just returned from Sacramento, California, where he attended a conference at which Lt. Jack Revill was present. Hopkins stated when the "Dallas Morning News" came out with the story attributing certain statements to SA Hosty he was with Revill. Revill told Hopkins he did not release any of this information and thatthe story as printed in the paper was not the same information he had furnished in his memorandum to Chief Curry. Revill informed Hopkins part of the story was completely false.

Revill was of the opinion Chief Curry had released the information and he, Revill, appeared very upset because he could not understand why the information had been released since it certainly could not help Chief Curry or anyone else.

According to Hopkins Revill indicated he had good relations with SA Hosty and other Agents and shortly thereafter disappeared from the conference.

The Director instructed this information be furnished to the President's Commission.

RECOMMENDATION:

That the attached letter be disseminated to the President's Commission complying with the Director's instructions.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: May 5, 1964

FROM : A. Rosen

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

In regard to a request of the President's Commission of May 5, 1964, regarding the date of dictation of pages ten and eleven taken from the report of SA James P. Hosty, Jr., dated Dallas 12-11-63, captioned "Ruth Hyde Paine, aka; IS-R," which pages were introduced into evidence before the President's Commission by SA Hosty on 5-5-64.

Soviet Section Chief William A. Branigan advised that pages ten and eleven are nearly identical with the second half of page 137 and the entire page of 138 of the report of SA Warren De Brueys dated Dallas 12-2-63, captioned "Lee Harvey Oswald; IS-R-Cuba." Mr. Branigan advised one paragraph concerning a negative check of the Dallas County Sheriff's Office records contained in the report of 12-2-63, is not set forth in the report of 12-11-63, and in one place the word stated is substituted for the word advised. Otherwise, pages ten and eleven of the report of 12-11-63, are identical with the second half of page 137 and the entire page of 138 of the report of 12-2-63.

Mr. Branigan further advised that he determined from the Dallas Office that the stenographic records for the pertinent period had been destroyed and there is no way of determining the date of dictation of any of the pertinent paragraphs with the exception of paragraph two of page eleven of the report of 12-11-63. This paragraph was originally set forth in an airtel to the Bureau and New Orleans dated 11-4-63.

SA Hosty has advised that the other paragraphs were first reduced to writing from his original notes sometime between 11-22-63, and 12-2-63, exact date unrecalled.

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY, DALLAS, TEXAS;
11/22/63

Reference memorandum dated February 26, 1964, from W. D. Griffith concerning a continuing project wherein the Bureau has undertaken to furnish the Commission with photographs of all Commission exhibits.

On May 23, 1964, the Bureau received by mail from the Commission, the exhibits which are described in the attached list with the request that three photographs be furnished of each exhibit.

It is noted that most of these exhibits are photographs, however, those documentary exhibits which are not photographs will be nonphotographically reproduced as has been done in the past.

This work will be handled by an Agent Examiner from the Document Section of the Laboratory.

ACTION: Exhibits will be photographed or otherwise reproduced and three copies will be supplied to the Commission as requested. Those items originally supplied to the Commission by the Bureau will be kept in Bureau custody. Items not originating from the Bureau (designated by the *) will be returned along with the photographs.

NOTE:

This is the 13th letter to the Commission on Martin. The above SAC letter alerted the field to her continuing campaign of vilification of the Director and the FBI. Since the assassination Martin has been conducting her own investigation and she has been described as a "bright nut."

The letter dated 5-20-64 relates to the photograph of Oswald carrying a rifle and wearing a revolver which appeared in "Life" Magazine. Martin relates allegedly all evidence was turned over to the FBI and implies that "certain branches of the United States Government" have "mishandled and concealed evidence." She is off base again as it has been previously determined, copies of this photograph were produced in large quantities by the Dallas Police Department and no effective controls were enforced. An official of Life has advised us that the copy obtained by them was obtained from an "enterprising young police officer," from the Dallas Police Department.

The 5-21-64 letter sets out an alleged newspaper release made by David Belin of the Commission wherein it is reported an individual had seen a man with a rifle on the sixth floor of the Texas School Book Depository Building (TSBDB) fifteen minutes before the assassination, and at this time the man was standing about fifteen feet back of the window. This individual was believed by the witness to be a Secret Service man. Martin alleges undue credence has been given to this witness's statement and also she is critical of the statement made by Allen Dulles of the Commission wherein he is reported to have stated after his inspection trip to Dallas that nothing new was discovered. Martin is apparently referring to Arnold Louis Rowland, a 19 year old high school student, who was interviewed by our Dallas Office on 11-22-63. The facts as reported by Martin are substantially correct as far as his statements are concerned, of course, there were other witnesses who observed an individual in the window. All interviews of witnesses have been furnished to the Commission, and there is no information available to us which would indicate the Commission is lending any undue credence to this one statement by Rowland.

The 5-22-64 letter is short and is set out in a question-answer format allegedly after a conversation by Martin with Roy S. Truly, warehouse superintendent of the TSBDB, and concerns the photograph taken by an Associated Press photographer of the Presidential Motorcade just as President Kennedy was shot, at which time an individual was observed in the doorway of the TSBDB who resembled Oswald. This individual has been positively identified as Billy Nolan Lovelady, employee of the TSBDB. Martin endeavors in her letter to show that Lovelady and Oswald according to Truly, do not really look alike, and the implication is that somebody is coverin up.

Honorable J. Lee Rankin

NOTE: The Commission has received considerable testimony bearing on the attempted assassination of General Walker and has received the Dallas PD investigation concerning the incident, as well as results of investigation conducted by the FBI and Secret Service concerning such incident. Some of the data furnished the Commission is at variance and Commission requested we conduct additional investigation to resolve the discrepancies. For example, Marina Oswald apparently has furnished a somewhat different account of Oswald's alleged activity in connection with the attempted assassination of General Walker to Secret Service and to FBI. The enclosures consist of photographs which Marina Oswald felt may have some connection to the Walker incident. Mr. Liebeler requested he be furnished such copies of these photographs.

Memorandum

TO : Mr. Belmont

DATE: May 11, 1964

FROM : A. Rosen

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY

On May 8 and 9, 1964, members of the President's Commission, Senator John Sherman Cooper; John McCloy; Allen Dulles; President's staff member David Belen; accompanied by Inspector Tom Kelley of Secret Service and Mailey, visited a number of locations in Dallas relating to the assassination of President Kennedy. No difficulties arose of any nature which would affect the Bureau.

DETAILS:

The above-mentioned group visited Parkland Memorial Hospital and observed in detail the room where President Kennedy was given emergency treatment and also asked the head nurse who was on duty on 11/22/63 several questions concerning the type of stretcher used, where the bullet was found, and other miscellaneous questions.

The group next visited the area at the Texas School Book Depository (TSBD) building and observed in considerable detail the park area adjoining the Elm Street thoroughfare which runs in front of the TSBD. The group was interested particularly in the site from which the Abraham Zapruder film was taken and also went out into the middle lane of traffic in order to observe what could be seen from the sixth floor window from which it is believed Oswald shot the President. In addition, the group inspected the TSBD from all sides and looked at the various exits by which an individual might have left the building. A more detailed inspection of the TSBD interior of the building was made on Saturday morning, May 9, 1964.

Observations were made from the railroad overpass and numerous comments were made about the distances involved and the fact that it would be almost impossible for a shot to be fired from the overpass without hitting the windshield of a car.

Mrs. Marina Oswald was residing with Mrs. Paine at Irving, Texas. On the occasion of this visit neither the Frazers nor the Paines were at their residences.

A stop was made at the residence of Mrs. Johnson, who operates the rooming house at 1026 Beckley Street, where Oswald had been living in Dallas at the time of the assassination.

A detailed inspection was made of the location on tenth street near Patton Street where Police Officer Tippit was shot by Oswald. A check was also made of the Texas Theater where Oswald was located by Dallas police officers following the shooting of Officer Tippit.

Personal calls were made on Erik Jonsson, present Mayor of Dallas, and president of the Dallas Citizens Council which was the principal sponsor of President Kennedy's visit to Dallas. Mayor Jonsson described in considerable detail the various considerations which were gone into concerning President Kennedy's visit and the fact that there was some speculation on the part of Governor Connally as to whether the President should or should not visit Dallas.

The members of the Commission insisted on visiting for a short time with members of the U. S. Attorney's office staff and also called on William Alexander, First Assistant in the Dallas County District Attorney's office, and James Bowie of the District Attorney's staff. Henry Wade, the District Attorney, was out of the city at the time this call was made. During this visit Mr. Alexander mentioned that one of the psychiatrists had recently visited with Jack Ruby in his cell for a period of several hours and advised that Ruby is completely disenchanted with the defense attorneys who handled his case and is alleged to have stated that he wanted to take the stand in his own behalf during his trial but was not permitted to. Ruby is alleged to have remarked that had he been permitted to testify he would have told the court that he had no connection of any kind with Lee Harvey Oswald, had never seen the man before, and that he shot Oswald only because he wanted to be a hero.

A personal visit was also made to Chief of Police Curry and Captain Will Fritz of the Dallas Police Department. Detailed observations were made at the police department of where Oswald was detained in the police department jail and the route which was taken by Oswald from the jail to the police department garage where he was shot by Ruby.

On Saturday morning, May 9, 1964, State Attorney General Waggoner Carr appeared at the hotel and greeted Commission members. He stated he would like to render any assistance possible to them while they were in Dallas on Saturday and he stayed with members of the Commission until they completed their observations.

A detailed observation was made of the interior of the TSBD Building. The Commission members were particularly interested in seeing the ease with which shots could be fired from the window at a car passing on Elm Street down below; also, the fact that when standing on the fifth floor exactly beneath the window which Oswald utilized, it was possible to hear empty shell cases hit the floor when dropped. It was also observed that with the windows open on both the fifth and sixth floor, it was possible to hear the bolt action of a similar type rifle when the firing of the gun was simulated. In this connection, two colored boys furnished information to the effect that they had heard what appeared to be rifle shells hit the floor and the bolt action of the gun on November 22, 1963, at the time the shots were fired at President Kennedy.

The Commission members commented that they felt the firsthand inspection had been of considerable value in that it firmly resolved in their minds any questions they had previously had. They stated that while they had seen photographs and read results of interviews, the firsthand inspection definitely eliminated any questions they had in their minds.

During a conversation with Staff member David Belen, Belen indicated that Lt. Revill of the Dallas Police Department would be called before the Commission in Washington for testimony in view of the information which was set forth in a memorandum indicating that Agent Hosty had made remarks to the effect that the FBI had knowledge of possible violence on the part of Oswald. Belen stated the Commission definitely felt Agent Hosty's testimony was completely satisfactory regarding his actions but that the affidavit of Revill was on record with the Commission and this matter needed to be clarified by having him testify before the Commission.

Submitted for information.

ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11-22-63, DALLAS, TEXAS
MISCELLANEOUS - INFORMATION CONCERNING

Enclosed for your assistance are two copies of a self-explanatory letter from the President's Commission dated 5-12-64, requesting a limited background investigation of Officer J. D. Tippit of the Dallas Police Department who was killed by Lee Harvey Oswald. In conducting this investigation, you should insure that the following basic investigative steps are included; such as, date of birth, education, marital status, military service and prior employment. You should limit the scope of this investigation to that period Tippit was actually a member of the Dallas Police Department. It is suggested that the Dallas Police Department personnel file on Tippit may include much of the information desired by the Commission, and you should be guided by the availability of this information in conducting your investigation.

Every effort should be made to expedite this investigation, insuring that the Commission's specific requests are appropriately complied with in each instance.

Results of investigation should be incorporated in a suitable LHM for immediate dissemination to the Commission without need for revision and/or correction.

SEE NOTE PAGE 2.

79 MAY 15 1964

NOTE: Commission in relet indicates this investigation of Tippit requested to "refute unfounded allegations" (presumably linking Tippit with Oswald and Ruby) which have developed since assassination. Some of the more pertinent aspects of the Commission's requests are as follows: 1. A copy of Tippit's police file should be obtained. 2. Tippit's associates inside and outside the police department, as well as his wife, should be interviewed concerning his reputation, interests, assignments and associates. 3. Each person interviewed should be queried as to whether Tippit had any association with Oswald or Ruby.

While Commission has requested limited background investigation, it is felt any such investigation should include the above indicated investigation and encompass the period while Tippit was on the Dallas Police Department.

This matter will be closely followed at the Bureau, and when the results are obtained, the Commission will be notified.

Dear Mr. Rankin:

Reference is made to your letter dated April 30, 1964, requesting information concerning an individual described as a large man with a black beard observed at the Sports Drome Gun Range, Dallas, Texas, during November, 1963.

Enclosed are two copies of a memorandum captioned "Lee Harvey Oswald" dated May 4, 1964, at Dallas, Texas. This memorandum identifies the described individual as Mr. Michael Bentley Murph and reveals the results of an interview pertaining to his presence at the Sports Drome Gun Range during November, 1963. In addition, your attention is directed to the report of Special Agent Robert P. Gemberling dated April 15, 1964, at Dallas, Texas, pages 115 through 117, which also pertains to this matter. This report was furnished to you by letter dated May 4, 1964.

With the submission of the enclosed memorandum your request of April 30, 1964, is completed.

Sincerely yours,

62-109090 -

Dear Mr. Rankin:

This will confirm a telephonic conversation between you and Mr. J. R. Malley of this Bureau on the evening of April 29, 1964, concerning information received by you from Attorney General Waggoner Carr of Texas. This information alleged that Paul V. Carroll of El Paso, Texas, had information and material of pertinence to the investigation of President Kennedy's assassination.

You were advised Mr. Carroll had appeared at our El Paso Office on November 22, 1963, and furnished information concerning an alleged conspiracy on the part of the John Birch Society and the American Nazi Party in 1961 and 1962 to gain control of the United States. At this time Mr. Carroll was very erratic in his actions and admitted undergoing psychiatric treatment in Dallas, Texas, as well as being under the care of Doctor Edmund P. Jones, an El Paso, Texas, psychiatrist.

Mr. Malley also advised you Mr. Carroll had recontacted our El Paso Office several times on April 29, 1964, in connection with a subpoena he received from a justice of the peace in Austin, Texas. During these contacts he was erratic, incoherent, and appeared emotionally upset.

ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11/22/63
DALLAS, TEXAS
MISCELLANEOUS - INFORMATION CONCERNING

PURPOSE:

To recommend the attached letter be sent to the President's Commission confirming a telephonic conversation between Malley and Rankin on 4-29-64 and to expedite field investigation in accordance with the Director's instructions.

BACKGROUND:

In my memorandum dated 4-30-64, I advised you Rankin called Malley on the evening of 4-29-64 from New York and stated Attorney General Waggoner Carr of Texas had called him from Baltimore, Maryland. Carr reportedly stated one Paul V. Carroll of El Paso, Texas, allegedly had a tape recording telling of a conspiracy of the John Birch Society to assassinate President Kennedy. According to Rankin, Carr learned a justice of the peace in Austin, Texas, was to hold a hearing on 4-30-64 at which Carroll had been subpoenaed to testify.

This matter was immediately brought to the attention of the field, and we learned Carroll, an apparent "mental case," had already contacted our El Paso Office. Carroll in a very incoherent and rambling manner sought FBI advice on the hearing at Austin, Texas. Carroll recontacted our El Paso Office in a highly nervous state, rambled incoherently requesting a statement from FBI to the effect he, Carroll, knew nothing about the assassination. This of course was refused.

Mr. J. Edgar Hoover
Director, Federal Bureau
of Investigation
Department of Justice
Washington, D. C.

Dear Mr. Hoover:

This is in reply to your letter of April 30, 1964, with reference to a report that Mr. Mark Lane has in his possession photostatic copies of certain FBI investigative reports. The last paragraph of your letter requests that we review Mr. Lane's testimony before the Commission to determine whether Lane gave any indication that he had access to or possession of FBI reports.

We have reviewed Mr. Lane's testimony and find that he did not indicate in any way that he had access to or possession of FBI reports. For your convenience, we are enclosing herewith a copy of the transcript of Mr. Lane's public testimony. The only information which Mr. Lane provided in the private portion of his testimony was provided to you in our letter of March 18, 1964, dealing with the meeting which Mr. Lane claims occurred in the Carousel Club, allegedly involving Officer Tippit, Bernard Weissman and Jack Ruby.

We would appreciate the return of the enclosed transcript after you have completed your examination.

Sincerely,

UNITED STATES GOVERNMENT

Memorandum

TO: Mr. Mohr

DATE: 5-5-64

FROM: C. D. DeLoach

SUBJECT: CORRESPONDENCE FROM SENATOR A. WILLIS ROBERTSON
4-16-34

By routing slip dated 4-16-64 Senator Robertson referred an editorial captioned "Who Hired Redlich?" which appeared in the Richmond News Leader on Wednesday, 4-15-64. The Senator's routing slip said merely "For your information." This transmittal slip was not acknowledged and Mr. Tolson has inquired "Aren't we going to acknowledge Senator Robertson's referral? Why wasn't it done?"

The editorial sets forth the major personnel make-up of the Warren Commission mentioning that Senators Russell and Cooper are tied up in the civil rights bill fight; Representatives Gerald Ford and Hale Boggs cannot afford to spend 50 hours a week in Commission work; Chief Justice Warren must preside over the Court; John McCloy has heavy commitments elsewhere and only Allen Dulles is around most of the time. There follows information to the effect that Norman Redlich, a New York University law professor, is assistant to chief Rankin and then lists considerable background of Redlich reflecting associations and affiliations with subversive people and organizations. This editorial is patently critical of the Commission in having a man like Redlich on this staff.

62-109090
NOT RECORDED

When this transmittal slip and editorial were received in this Division, it was routed to Correspondence and Tours Section and on the file sheet to which the routing slip was stapled appeared this notation: "File in Redlich file." This notation had actually been placed on the top serial by Sterling Donahoe in Mr. Belmont's Office. However Section Chief Morrell felt that this was an instruction from me, and coupled with the type of information in the editorial, these instructions, as well as the admonition of Senator Robertson, "For your information," initialed the communication for the Division.

We can, of course, orally thank Senator Robertson for sending over the clipping, and I, or one of my staff, will be glad to mention it on the next visit to the Hill. However, I would like to suggest that a written acknowledgment could possibly prove embarrassing to the Director because it would be necessary to identify the editorial and should anyone else see the letter he might infer the Director approves the comments and is openly critical of the Warren Commission.

RECOMMENDATION: For information.

It seems to me that a very telling point in our position with the President's Commission will be to point out that there is a continuing need to balance security measures against the rights of the individual. This is a country of government by law, and not men; therefore, such measures as are taken against individuals and organizations, even in such an important area as the protection of the President, must be done according to law, and not at the whim of the government. To do otherwise would set a most dangerous precedent, which could be applied by unscrupulous or power-hungry authorities in the future, and which would strike at the very heart of our free society.

It is a relatively simple thing to increase security, but such increase in security requires controls and loss of individual liberty. For example, in some countries where a free society does not exist it is a simple matter to arrest or detain all those who may be considered dangerous, but inevitably the process extends itself to arrest of those who disagree with authority or who incur the personal displeasure of those in authority. Even in our neighboring South American countries there has been a procedure, when there are visiting dignitaries, of rounding up several thousand persons, without warrants, and holding them until the dignitary leaves. This poses no particular problem in those countries because there is not the free society we have and, therefore, the persons detained have no redress.

The FBI regards its awesome responsibility in the field of security as a sacred trust--to effect and preserve the internal security of our country and its people to the maximum degree possible, but within the law and in such a manner as to strengthen, not weaken, our free society. A classic example of this is our attack on the Communist Party-USA, which we regard as a menace to the country. This attack has been carried forward in the courts, and by education of the people, not by persecution of individual communists.

MAY 18 1964

Mr. Tolson

Up to the time of the assassination of President Kennedy, we faithfully called to the attention of Secret Service those persons who, by word or action, appeared to have a potential for violence against the President. The files of Secret Service are loaded with such references from the FBI. Secret Service was able to put these persons under observation, or have the police take action, because of the record of the individual as a threat against the President.

Since the assassination, we have voluntarily increased dissemination to include persons affiliated closely with subversive or radical groups which adhere to the principle of violent revolution or unlawful seizure of authority. We have done this rather fearfully because this approaches the area of controls applied against a man's thoughts, rather than his actions. Secret Service solicits local police assistance to control the activities of such persons when the President visits the particular locality. Already we have been advised that protests concerning such controls are imminent as a violation of the rights of the individual. In Chicago the police notified several persons to stay indoors or that they would be accompanied by police as long as the President was in town.

No one deplores the shocking assassination of the President more than the FBI, and no one desires more to avoid such a catastrophe in the future. However, Secret Service and the police must understand that the handling of security information requires judgment, and in their eagerness to apply safeguards they must not lose sight of the fact that the cure may be worse than the ailment.

During the visit of Messrs. Willens and Stern of the President's Commission, on 4/27/64, to our Files Section, at which time they were given a full briefing on our filing and name check procedures (Mr. Tavel is writing a separate memorandum on this), the question of our broadened dissemination since the assassination came up, and Mr. Stern made the observation that this was a better procedure than previously in effect. I considered it advisable to immediately point out that we have never

had a list of criteria from Secret Service as to what they are interested in; that we have tried to furnish that information which would be helpful, and that we are frankly apprehensive as to whether the information we furnish under these broadened criteria will be handled properly. I went into a discussion of the points set out above, and made it clear to these gentlemen that there is no formula which is a panacea for the problem involved here in protecting the President; that we are concerned about the indicated repercussions from actions such as the police took in Chicago, and which will be repeated elsewhere, and that there has to be a balancing between the needs of security and the rights of the individual.

I pointed out that a member of the President's party in Dallas, after the assassination, had stated simply that security and politics do not mix, and that President Kennedy chose politics. I pointed out that if the President's car had been moving, say, at 25 miles an hour, instead of 10 or 12 miles an hour, and if two Secret Service men had been standing on the back of the President's car, the security would have been far greater. I pointed out that, even today, President Johnson mixes with crowds and on his travels insists on mingling with the people, and these are factors that must be considered.

My purpose in going into this was to slow these men down so that they realized that the question of furnishing information to Secret Service is only a small part of the security picture.

For information.

TO : Mr. Belmont DATE: May 4, 1964

FROM : A. Rosen

SUBJECT: THE PRESIDENT'S COMMISSION

Mr. J. Lee Rankin called at 5:50 p.m., May 4, 1964, at which time he advised the following:

He (Rankin), John McCloy, Allen Dulles and Senator John Sherman Cooper are proceeding to Dallas on Thursday evening and would remain in Dallas probably until Saturday morning and return on Saturday. He advised the purpose of this trip was to get a firsthand inspection of the various items of interest in Dallas relating to President Kennedy's assassination. He stated Inspector Tom Kelly of Secret Service, who had been making most of the arrangements for all witnesses before the Commission, had lined up airplane travel as well as hotel reservations in Dallas and was going to accompany the members to Dallas. Mr. Rankin desired to invite Malley to go to Dallas with the Commission. In response to a question, Rankin stated he had no particular problems of any kind that he could think of with regard to Bureau activities but did not want to be in the position where the Commission was favoring one Government agency in preference to another, and therefore, desired to invite Malley to make the trip to Dallas with members of the Commission.

ACTION:

In view of the fact that three Commissioners are accompanying Mr. Rankin, along with Inspector Kelly of Secret Service, to Dallas, it appears desirable that Malley accompany these individuals to Dallas in order that any questions that might arise can be answered immediately. If approved, Malley will plan to go to Dallas Thursday evening and probably return on Saturday.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter of April 7, 1964, requesting this Bureau to conduct further investigation for the purpose of locating a safe-deposit box which Lee Harvey Oswald may have rented in his name, in the name of a member of his immediate family or in any assumed name in Irving, Fort Worth, Dallas, Houston or Laredo, Texas.

Our letter of April 30, 1964, transmitted to the Commission results of our investigation in this particular inquiry. We also indicated that we were conducting further investigation concerning a $25,000 charge which was made on January 7, 1964, against the account at the First National Bank of Grand Prairie, Grand Prairie, Texas, entitled "The Oswald Trust Fund." This account was opened on December 5, 1963, by James H. Martin and Marina N. Oswald.

Enclosed are two copies of a memorandum dated May 4, 1964, at Dallas, Texas, which sets out results of our additional inquiries regarding the aforementioned $25,000 charge against the account entitled "The Oswald Trust Fund."

This concludes our investigation in this particular matter.

62-109090

Sincerely yours,

J. Edgar Hoover

NOTE:

At the request of the President's Commission, we made an exhaustive survey of banks in each of the cities mentioned herein in an attempt to locate a safe-deposit box Oswald may have rented. In the course of our inquiries, we obtained considerable information concerning bank accounts of Marina Oswald and her former business manager, James H. Martin. There was a large withdrawal of $25,000 from one account opened by Marina and Martin which was not explained. The enclosure sets forth added data developed concerning this $25,000 charge. The money was deposited in the First National Bank of Fort Worth on 1/20/64 in the name of James H. Martin and John M. Thorne (Marina's former attorney) as Co-trustees for Marina Oswald and children. There currently is a cash balance in the trust of $2040 and the remaining portion of the $25,000 has been invested in various stocks and bonds at the discretion of the bank's Trust Committee. An additional deposit of $1940 on 3/25/64 was made in the account, such sum was forwarded by a school principal in York, Pennsylvania.

Dear Mr. Rankin:

On May 6, 1964, Mr. Wesley J. Liebeler of your staff requested that he be furnished the originals of the following items of evidence maintained by this Bureau in connection with our investigation of the assassination of President John F. Kennedy:

(1) Letter to Lee H. Oswald from Louis Weinstock, General Manager, "The Worker," dated December 19, 1962 (Evidence number 404).

(2) Letter to Mr. Lee H. Oswald from James J. Tormey, Executive Secretary, Gus Hall-Benjamin J. Davis Defense Committee, dated December 13, 1962 (Evidence number 405).

(3) Letter to Lee H. Oswald from Joseph Task, Socialist Workers Party, dated March 27, 1963 (Evidence number 445).

Items number one and two, mentioned above, are enclosed herewith. Contents of these letters were set forth in the report of Special Agent Robert P. Gemberling, dated January 22, 1964, at Dallas, Texas, captioned "Lee Harvey Oswald, Internal Security - Russia - Cuba," on pages 257 and 261, respectively.

On 5/12/64, the President's Commission submitted Commission Exhibits 709 and 711 to the Laboratory for examination. Commission Exhibit 709 is an affidavit of Lieutenant Jack Revill of the Dallas Police Department concerning statements allegedly made by SA Hosty of the Dallas Office on 11/23/63. Commission Exhibit 711 is an affidavit of Detective V. J. Brian of the Dallas Police Department concerning the same incident.

The two Commission Exhibits are Xerox copies and do not lend themselves to a satisfactory examination for alteration as would the originals; however, from such examination as could be made, no evidence of any typewritten additions, substitutions, or alterations was found in the documents submitted.

Commission Exhibits 709 and 711 were returned to the Commission on 5/13/64.

Mr. Malley has orally advised Honorable J. Lee Rankin of The President's Commission of the above results.

ACTION: None. For your information.

2 ENCLOSURES

6 MAY 27 1964

58 JUN 3 1964

November 22, 1963

Captain W.P. Gannaway
Special Service Bureau

SUBJECT: Lee Harvey Oswald
605 Elsbeth Street

Sir:

On November 22, 1963, at approximately 2:50PM, the undersigned officer met Special Agent James Hosty of the Federal Bureau of Investigation in the basement of the City Hall.

At that time Special Agent Hosty related to this officer that the Subject was a member of the Communist Party, and that he was residing in Dallas.

The Subject was arrested for the murder of Officer J.D. Tippit and is a prime suspect in the assassination of President Kennedy.

The information regarding the Subject's affiliation with the Communist Party is the first information this officer has received from the Federal Bureau of Investigation regarding same.

Agent Hosty further stated that the Federal Bureau of Investigation was aware of the Subject and that they had information that this Subject was capable of committing the assassination of President Kennedy.

Respectfully submitted,

Jack Revill

Thru:
Lieutenant Jack Revill
Criminal Intelligence Section
Special Service Bureau
Dallas Police Department

Sir:

On November 22, 1963 I was present and accompaning Lieutenant Jack Revill in the basement of the City of Dallas, City Hall located at 2000 Main Street. Lieutenant Revill and myself along with several other Officers had just completed searching the Texas School Book Depository from which Lee Harvey Oswald assasinated the President of the United States, Lieutenant Revill and myself were enroute to the Special Service Bureau Office.

Upon entering the basement of the City Hall Lieutenant Revill and myself met Federal Bureau of Investigation Agent Hosty who had already parked his car and was walking very fast toward the entrance of the City Hall from the parking area. At this time Agent Hosty made the statement that Lee Oswald had killed the President and that Oswald was a Communist. Hosty also said that he know that Oswald was a Communist and that he knew Oswald was working at the School Book Depository.

While we were in the basement Hosty also said several things to Lieutenant Revill that I could not hear as there was a lot of excitment and commotion there.

Lieutenant Revill and myself then accompanied Hosty to Captain Fritz's office and Lieutenant Revill introduced Hosty to Lieutenant Ted Wells. We, Lieutenant Revill and myself then went to the Special Service Bureau Office where Lieutenant Revill made a Report of the incident and turned the report into Captain W. P. Gannaway who is in Charge.

To recommend the attached airtel be sent to all SACs alerting them to the possibility the President's Commission may wind-up its inquiry of the assassination at an early date and to expedite investigation.

Information available to the Bureau would indicate the President's Commission will endeavor to wind-up its inquiry into the assassination of President Kennedy sometime during June, 1964. While the field has been continually reminded to expedite investigation in this matter, it is felt this additional reminder should be sent to insure all pertinent investigation is available at the Bureau at the earliest possible time for dissemination to the Commission.

It is pointed out even though the Commission terminates its inquiry this matter will be maintained in a pending status and the field is being so advised. All allegations received will be appropriately run out and reported.

RE: LEE HARVEY OSWALD, aka.
IS - R - CUBA

The "Dallas Times Herald" of May 12, 1964, on page 17, contained an article captioned "Probers to Hear Officers", wherein it was stated that Lieutenant JACK REVILL and Detective V. J. BRIAN of the Criminal Intelligence Section of the Dallas Police Department flew to Washington on May 12, 1964, to testify before the President's Commission. The article stated that it was presumed their testimony would concern the controversial memorandum Lieutenant REVILL wrote approximately one hour after the arrest of OSWALD. The article continued that the memorandum was a report to Detective Captain PAT GANNAWAY concerning a conversation Lieutenant REVILL had with SA JAMES P. HOSTY, JR. and that according to the memo SA HOSTY allegedly said that the FBI knew OSWALD was a member of the Communist Party and was "capable" of killing the President.

The article stated that Detective BRIAN had said he overhead Agent HOSTY make the statement to Lieutenant REVILL in the basement of the City Hall. The article states that FBI Director J. EDGAR HOOVER had denied the FBI knew OSWALD was capable of the assassination and that Agent HOSTY had reportedly already testified before the President's Commission in Washington.

62-109090

The article concludes by stating that Police Chief JESSE CURRY had told reporters two weeks ago that Lieutenant

Approved: _____ Sent _____ M Per _____
Special Agent in Charge

6 4 JUN 3 1964

REVILL and Detective BRIAN would submit to lie detector tests if requested to do so by the President's Commission.

The "Dallas Morning News" on May 13, 1964, on page 13, contains an article captioned "Lt. REVILL to Testify Before Warren Probers". This article also refers to the alleged statement by SA HOSTY. The article indicates that Lieutenant REVILL was accompanied by Detective V. J. BRIAN, and that the Police Department officials were "mum" about the nature of Lieutenant REVILL's trip, but that sources agreed that Lieutenant REVILL was summoned by the Commission for the purpose of giving them first-hand testimony on the controversial memorandum of Lieutenant REVILL. The article stated that sources had said Lieutenant REVILL and Detective BRIAN would be interviewed by the President's Commission on Wednesday (May 13).

The same article stated that the President's Commission had announced on Tuesday, May 12, 1964, that FBI Director J. EDGAR HOOVER would appear before the Commission on Thursday, May 14, 1964, and that he would be followed by JOHN A. MC CONE, Director of the Central Intelligence Agency.

The above is for the Bureau's information.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

On 5/8/64 the President's Commission furnished the Bureau with the transcript of testimony covering former SA John W. Fain, SA Robert L. Quigley and SA James P. Hosty, Jr. By and large, the testimony was accurate and to the point and effectively presented the nature of the Bureau's investigation and findings of Lee Harvey Oswald prior to the assassination of the President. There is attached a reproduction of the testimony on which minor corrections have been noted in red pencil. There follows a listing of these corrections and other points which are noted concerning the testimony given.

Page 5931, line 2, 4th word should be "help" instead of "have."

Page 5932, line 4, the Bureau Form FD-302 is incorrectly referred to as an FB-302.

Page 5949, lines 9, 10, 11, the initials for the Soviet Security Service should be MVD, not NVD.

Page 5971, line 13, Ed Dalyrimple should be Ed Dalrymple.
line 16 - It would appear that a phrase has been deleted by the stenographer following the statement "...he had had an inquiry concerning whether or not..." The phrase deleted probably should be to the effect whether or not Oswald was an informant of the Bureau.

Page 5930, line 18, the word "your" should be "you."

Page 5993, paragraph 3, line 5, the word "he" should be "I."

Memo Branigan to Sullivan
re: LEE HARVEY OSWALD
IS - R - CUBA

Page 6030, line 1, the word "School" is misspelled "schoole."

Page 6060, line 14, the word "Kaack," who is a former Special Agent, should be "Oswald."

Page 6063, lines 5 and 13, the name of SAC Shanklin is incorrectly spelled in three places as Schanklin.

Page 6069, line 11, the word "working" should be "waiting."

Page 6071, line 5, the word "car" is misspelled as "carr."

Pages 6071, 6072, 6073, 6074, 6075, 6076 and 6078 Lieutenant Revill is misspelled Ravill.

Page 6076, line 2, the word "reviewed" is misspelled "revieeed."

Page 6076, midway through the page begins a conversation between the Chairman and Mr. Rankin concerning testimony of Lieutenant Ravill. On Page 6077, first line, it is noted that Mr. Hosty stated "He was talked to in Dallas." Since Hosty was not competent to make this statement, it is probably a continuation of Rankin's statement and incorrectly attributed to Hosty.

Page 6083, line 3, the word "call" should be "calm."

Page 6090, penultimate line, the word "informed" should be "informant."

Page 6096-A, lines 16 and 23, Shanklin is misspelled Schanklin."

ACTION:

If you approve, the above will be discussed with a representative of the Commission so that these minor errors might be corrected if the Commission so desires.

ADDENDUM: I have looked this testimony over and it appears to me that Agents Hosty and Quigley did a good job, testifying clearly and concisely, and using good language. Former Agent Fain's testimony is acceptable, but his language leaves something to be desired, and he is not as direct and decisive in his testimony.

DATE: May 26, 1964

FROM : C. L. McGowan CLM

SUBJECT: JACK L. RUBY
LEE HARVEY OSWALD - VICTIM
CIVIL RIGHTS

On 5/25/64, SAC Shanklin of the Dallas Office telephonically advised that a representative of the President's Commission on the Assassination of President Kennedy would be in Dallas, Texas, for the purpose of obtaining a deposition from SA C. Ray Hall on 5/28 or 29/64. The deposition is to be taken in the office of the United States Attorney at Dallas. The representative will contact SAC Shanklin to advise him of the precise time and date for the taking of the deposition.

This matter was discussed with Shanklin and Shanklin was of the opinion that the deposition would probably concern the two interviews which Agent Hall conducted with subject Ruby. Shanklin stated that although there was little doubt in his mind as to the purpose of the deposition, he could not state with absolute certainty that such was to be the subject matter, inasmuch as SA Hall had participated in many interviews, particularly since he is the polygraph operator and was used in connection with the Oswald and Ruby cases.

ACTION:

Inspector Malley was advised on 5/26/64 of the request received from Mr. Rankin of the President's Commission and the information received from SAC Shanklin. Mr. Malley stated that he would endeavor to ascertain the nature of the deposition desired from SA Hall.

NOTE:

Request from the Commission dated May 22, 1964, received today at the Bureau, indicated Colpix Records, a division of the Columbia Pictures Corporation produced in association with the United Press International a record entitled, "Four Days that Shocked the World." This record deals with a purported on-the-spot broadcast, from a mobile unit, of the assassination. The Commission heard a record and they believed it may be possible the timing of the gunshots may be detectable. They subsequently requested the original tape recording of broadcast at the assassination scene be obtained. Also they desired the identity and address of the announcer and the determination of his location at the time of the broadcast.

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20535

Dear Mr. Hoover:

Capitol Records, a division of Columbia Pictures Corporation, has produced in association with United Press International, a record entitled "Four Days that Shocked the World".

A portion of that record deals with a purported on-the-spot broadcast, from a mobile unit, of the assassination. We have listened to the original record, and it is possible that the timing of the gunshots may be detectable. In connection with this matter, would you please:

(1) Obtain the original tape recording of the broadcast at the assassination scene,

(2) Obtain the identity and address of the announcer, and

(3) Determine where the announcer was standing at the time he made his broadcast.

Sincerely,

J. Lee Rankin
General Counsel

May 25, 1964

PRESIDENT'S COMMISSION ON THE ASSASSINATION OF PRESIDENT KENNEDY - INTERVIEW WITH ABRAHAM BOLDEN

On May 22, 1964, Mr. Howard Willens of the President's Commission on the Assassination of President Kennedy requested the Federal Bureau of Investigation to interview Abraham Bolden. Mr. Willens advised that the President's Commission desires that a complete detailed statement be obtained from Mr. Bolden setting forth all the specific information in his possession concerning misfeasance and malfeasance on the part of Secret Service Agents assigned to the protection of the President. Mr. Willens further asked that the interview include any knowledge on Bolden's part concerning any derelictions in protecting the President at any place, at any time.

At 3:15 p.m., May 22, 1964, Mr. George Howard, attorney for Abraham Bolden, advised the Federal Bureau of Investigation that he would cooperate in making Mr. Bolden available for interview by Agents of the Federal Bureau of Investigation. Mr. Howard advised that it would be impossible, due to other commitments, for him to arrange this interview until 1:30 p.m., May 25, 1964. Mr. Howard stated that certain statements had been made by Abraham Bolden reflecting on the protection of President Kennedy by the Secret Service, particularly at Hyannis Port, Massachusetts. He stated that these statements had been made outside of his presence and before he entered the case as attorney for Mr. Bolden. He said that he felt it would have been better if these statements had not been made in connection with the

case pending against his client, Bolden. He said that he did not want to do anything to damage the reputation of the Secret Service as both he and his client, Bolden, have great respect for that agency.

Abraham Bolden, accompanied by his attorney, George Howard, came to the Office of the Federal Bureau of Investigation at Chicago, Illinois, at 1:30 p.m., May 25, 1964.

Mr. Bolden and Mr. Howard were advised that the President's Commission on the Assassination of President Kennedy had requested the Federal Bureau of Investigation to obtain from Mr. Bolden any information in his possession pertaining to the protection of the President.

Mr. Howard stated he had given this matter careful thought since Friday, May 22, 1964. He said that certain statements had been made by Mr. Bolden which had appeared in newspapers. He said that he had not been aware of these statements at the time they were made. He said his primary object is to take care of his client in connection with the criminal matter with which Mr. Bolden is charged. Howard said that Mr. Bolden is still an agent of the Secret Service and he did not care to have Mr. Bolden say anything further at this time.

Mr. Howard advised that Mr. Bolden is scheduled for arraignment in Federal Court on May 28, 1964, in connection with the matter with which he is charged. He said that any statement made by Mr. Bolden at this time might have some affect in connection with this pending case.

Mr. Howard advised that the position of his client might change in the future and that if such change does occur, he and Mr. Bolden will contact the Chicago Office of the Federal Bureau of Investigation in order to furnish all information in Mr. Bolden's possession concerning the protection of the President.

PRESIDENT'S COMMISSION ON THE
ASSASSINATION OF PRESIDENT KENNEDY -
INTERVIEW WITH ABRAHAM BOLDEN

Mr. Howard advised that his client, Mr. Bolden, had no specific information whatsoever concerning the actual assassination of President Kennedy. Mr. Bolden expressed agreement with his attorney's statement on this point.

This morning, J. Lee Rankin of the President's Commission called advising that he had certain material in the possession of the Commission consisting principally of testimony before the Commission which it was desired be reviewed by Dr. Dale Cameron of St. Elizabeth's Hospital. Mr. Rankin indicated this testimony dealt with possible motive in the slaying of the President and similar information.

Mr. Rankin stated that Dr. Cameron is presently in Los Angeles en route to Mexico City and requested any assistance the Bureau might be able to give in getting this material to Dr. Cameron in Mexico City as soon as possible.

Mr. Malley advised Mr. Rankin that if the material was furnished to the Bureau we could make arrangements for it to be delivered to Dr. Cameron at the Maria Isabella Hotel in Mexico City through our Legal Attache in Mexico City.

Mr. Rankin indicated the material would be forwarded to the Bureau and it will be immediately sent to the Legal Attache in Mexico City with instructions to deliver it immediately upon receipt to Dr. Cameron at the above hotel in Mexico City.

OPTIONAL FORM NO. 10

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: May 7, 1964

FROM : A. Rosen

SUBJECT: PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT

Mr. J. Lee Rankin called Malley from New York today and advised that the members of the Commission sincerely appreciated the testimony of Assistant to the Director Belmont. He stated the members of the Commission were very favorably impressed with the testimony and they were very pleased to have the Bureau's position concerning this matter.

Lee Harvey Oswald
Internal Security - R - Cuba

Mr. Rankin stated that some day next week he intended to get in touch with the Director and will come to the Bureau to talk to the Director relative to having the Director appear before the President's Commission for a brief period of time. He stated that he would furnish Mr. Hoover full details concerning this when he talked with him.

Submitted for information.

1 - Miss Holmes

JRM:mpd (4)

ADDENDUM (5/7/64), AHB:csh -
In view of the fact that the Commission staff had previously advised me that my appearance before the Commission would suffice, and the Director would not be called upon to appear, I called Mr. Rankin back and reminded him of this.
He said that the Commission, prior to my appearance, had held a further discussion and had decided it was desirable to call both the Director and Mr. McCone of CIA before the Commission. Rankin said that, after my testimony yesterday, the Commission members had held a discussion and had

MAY 18 1964

72 MAY 20 1964

Memorandum from Mr. Rosen to Mr. Belmont
RE: PRESIDENT'S COMMISSION ON ASSASSINATION

Addendum (continued):

indicated they were impressed by the Bureau's approach and position in the field under discussion.

I told Mr. Rankin that, as he knew, the Director does not take his apprearances before a board or hearing lightly, and takes time to thoroughly prepare himself; therefore, I asked what the Commission would be covering with the Director. Rankin said it would be very limited and pertaining to the question whether Oswald was an informant and perhaps whether the Director thought there was any conspiracy involved in the assassination. Rankin said that there was no intention of covering the full scope of this matter, as this had been covered with me.

Mr. Rankin said that he would endeavor to contact the Director this Monday, 5/11/64, in order to personally advise the Director as to what is desired and to arrange for the Director to appear at his convenience, if possible sometime next week.

With reference to the question whether Oswald was an informant, it is noted that the Director's affidavits and affidavits of the Agents in the field were introduced into the record yesterday. The brief on the FBI investigation of the assassination of President Kennedy, (which the Director has) on page 95-1, deals with the subject of the allegations that Oswald was an informant and again pages 95-y and z cover our interviews with Lonnie Hudkins and others re these allegations.

Concerning the question of a conspiracy involved in the assassination, this question is answered on page 37 of the brief and also on page 22 of the brief.

In addition, both of these items are covered in my testimony before the Commission.

Memorandum

TO : The Director

DATE: 5-6-64

FROM : N. P. Callahan

SUBJECT: The Congressional Record

Pages 9715-9716. Congressman Beermann, (R) Nebraska, spoke concerning the responsibilities of the Warren Commission in connection with the investigation of the assassination of President Kennedy. Mr. Beermann commented on the employment of Norman Redlich as a consultant by the Commission. Mr. Beermann stated "Prof. Norman Redlich, on the national council of the Emergency Civil Liberties Committee—cited by House and Senate Committees as an organization 'to defend the cases of Communist lawbreakers'—is currently employed, at $100 a day, for the Warren Commission. - - - Further, the cited Emergency Civil Liberties Committee, upon which the Warren Commission's 'consultant' serves as a national councilman, has unexplained connections and associations with the very Fair Play for Cuba Committee to which the accused assassin Lee Oswald belonged. - - - The hiring of Redlich was a tragic mistake. His retention with the Commission compounds this mistake, and if only by undermining confidence in the Commission, serves the purposes of the world Communist propaganda apparatus." Mr. Beermann included two articles written by Gene Wortsman captioned "JFK Probe Aid in Doubtful Group" and "Used by Warren Group: Consultant Admits ECLC Membership." The first article stated "J. Lee Rankin, Director of the Warren Commission and Solicitor General of the United States under President Eisenhower, said Redlich applied for the job. - - - Rankin said that every staff member is subject to a full field investigation. He said, however, that the results of the investigation must be determined by the members of the Warren Commission, headed by Chief Justice Earl Warren." The article, in setting forth information regarding the Emergency Civil Liberties Committee, stated "The House Un-American Activities Committee said in 1957 that the committee was formed to hamper the FBI and the House committee and to create opinion against exposure and punishment of subversives."

SUBJECT: THE PRESIDENT'S COMMISSION

Re memo DeLoach to Mr. Mohr 5-14-64, setting forth that Drew Pearson told DeLoach he received a tip that Joe Ball, Warren Commission, had asked for the loan of an FBI car from the Dallas Office and the FBI delayed 24 hours in answering request and then flatly told Ball he could not have the car.

The Dallas Office advises that a record of every request made by the members and the staff of the Warren Commission has been maintained by the Dallas Office, with every request cleared with the Bureau prior to committing the FBI. Neither Joe Ball nor any other member of the Warren Commission has ever made a request for the use of a Bureau automobile.

All requests made by the Warren Commission to the Dallas Office have been granted with the exception of one made through U. S. Attorney H. Barefoot Sanders, Dallas, Texas, on 3-19-64. Sanders stated that Joe Ball and Dave Bellin, attorneys of the President's Commission, intended to interview between 50 and 100 witnesses in Dallas over a period of two or three weeks. He requested the FBI locate six individuals and request they appear at his office for interview. This request was received at 2:35 p.m., 3-19-64. The request was immediately relayed to the Bureau and declined on basis that these individuals had previously been interviewed by the FBI and their addresses had already been furnished to the Warren Commission. It was pointed out that the FBI would accept a request to locate witnesses if such location became a matter of a fugitive-type investigation. This declination was furnished at 3:25 p.m., 3-19-64, to Sanders by the Dallas Office. A copy of memo concerning this declination by FBI is attached for reference.

Based on the above, the statement by Pearson is absolutely false and unfounded.

SUBJECT: DIRECTOR'S APPEARANCE BEFORE THE WARREN COMMISSION

Last night I attended a testimonial banquet at the Mayflower Hotel for William C. Mott, Judge Advocate General of the U. S. Navy, who recently retired. Allen Dulles sat at the head table and during the course of the evening he spoke to me about Mr. Hoover's appearance before the Commission. Dulles said that the Director had given a "brilliant presentation" and that every member of the Commission had discussed it favorably and were greatly impressed by the Director's wide range of knowledge. Dulles appeared to be quite enthusiastic about what the Director said and obviously went out of his way to make it clear to me how pleased he was in what the Director had told him.

MAY 1962 EDITION
GSA GEN. REG. NO. 27

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. W. C. Sullivan DATE: May 22, 1964

FROM : D. J. Brennan, Jr.

SUBJECT: PRESIDENT'S COMMISSION ON THE ASSASSINATION OF PRESIDENT KENNEDY

Mr. Rosen's memorandum earlier today discussed the Commission's request that we interview Secret Service Agent Abraham Bolden, who has made several allegations against the Secret Service and their operations in Dallas prior to the assassination. At 1:45 p.m., 5/22/64, Liaison talked with Secret Service Inspector Burrill Peterson in the office of Chief Rowley and told him of the request, and the fact that we would be conducting the interview, following clearance with Bolden's attorney, and that the Commission would determine whether it should call Bolden to appear before it. Peterson was told that the Director wanted Chief Rowley to have this information promptly, and Peterson said he would inform him the minute he returned to his office from lunch.

Peterson said there were 2 matters in connection with Bolden that we should know of. He referred to an article appearing in the "Chicago Tribune" on 5/22/64 in which Bolden is quoted as stating that Chief Rowley had telephoned him from Washington. The article states Bolden refused to discuss the call, but clearly implies that Rowley was asking him to refrain from making any other statements. Peterson said no call whatever had been made to Bolden by Rowley or any other Secret Service official.

The second item concerns an earlier newspaper article which contained Bolden's allegations of misconduct on the part of Secret Service personnel. Bolden is quoted as stating he had reported these matters previously to his superiors. Peterson says that the truth is that Bolden has never at any time made any such allegations previously either orally or in writing. He expressed appreciation on behalf of Mr. Rowley for our call.

SUBJECT: THE PRESIDENT'S COMMISSION ON THE ASSASSINATION OF PRESIDENT KENNEDY

SAC, Johnson, Chicago, advised Saturday that Abraham Bolden's attorney (Bolden is the Chicago Secret Service Agent whom we are interviewing at the request of the President's Commission concerning his allegations of derelictions on the part of Secret Service Agents in connection with the protection of the President) announced to the press 5-23-64, that Bolden was to be interviewed by the FBI on Monday, 5-25-64.

Johnson advised that the press was asking him to confirm or deny this statement. Mr. DeLoach's Office, after checking, advised SAC Johnson that he could confirm that such interview would be conducted by the FBI at the request of the President's Commission.

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20535

Dear Mr. Hoover:

Rabbi Hillel Silverman, who resides at 6146 Lupton Drive, Dallas, Texas and is the Rabbi of Temple Shearith Israel, stated to the FBI that Ruby was present at two religious services held at the Temple on November 22nd and 23rd. (See Report of Special Agent Clements, November 30, 1963, pp. 338-40)

The Commission requests that Rabbi Silverman be reinterviewed in order to ascertain at what times he saw Ruby at the Temple on each occasion, and the duration of Ruby's stay there. In addition, he should be asked to furnish the names of persons who might have seen Ruby and who could help to establish the time Ruby was in the Temple and the length of his stay there. The persons named by Rabbi Silverman should be interviewed for the same purpose, and they should be interrogated also as to what Ruby said or did and his general appearance and demeanor.

In general, our purpose is to account for Ruby's whereabouts during the several hours which the services lasted, and we would like you to conduct whatever further investigation you believe is appropriate to determine this information.

Sincerely,

J. Lee Rankin

CIVIL RIGHTS

Enclosed herewith are two copies of a self-explanatory letter from the President's Commission dated 5/27/64 requesting reinterview of Rabbi Hillel Silverman for specific details re Ruby's attendance at the synagogue and certain additional interviews to further establish the time of Ruby's attendance.

Handle the requested investigation advising persons interviewed that the investigation is being conducted at the request of the President's Commission on the Assassination of President Kennedy.

Include results of your inquiry in your next report in this matter to be submitted no later than 6/5/64.

Enclosures (2)

(4)

NOTE: In the interview of Rabbi Hillel Silverman on 11/27/63, Silverman stated that Ruby attended services at the Temple Shearith Israel which were held from 8:30 to 10:00 p.m. on the night of 11/22/63 and again from 9:00 a.m. to 12:00 noon on 11/23/63. Ruby stated that he only attended the one service on the night of 11/22/63 arriving there when the service was practically over at about 10:00 p.m. On the morning of 11/23/63 he says he slept from about 6:00 a.m. till about 11:00 a.m. and does not mention attending the Saturday service. Investigation requested by the Commission is apparently for the purpose of resolving these conflicting statements.

Memorandum

TO : Mr. Belmont

DATE: May 7, 1964

FROM : A. Rosen

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - R - CUBA

Malley was in touch with President's Commission Staff Attorney Samuel Stern today and mentioned in reviewing Mr. Belmont's testimony before the Commission a number of typographical errors were being found as well as some instances where the sentence structure was incorrectly recorded thereby changing the meaning of the sentence.

Mr. Stern stated that he would very much appreciate it if all of these items could be jotted down and called to his attention so that the necessary corrections could be made.

During this discussion, Mr. Stern mentioned that he now had the testimony available of Agents Quigley and Hosty, as well as former Special Agent Fain, and that he would be glad to make the testimony of these three gentlemen available to the Bureau so the testimony could be reviewed and any necessary corrections called to the attention of the Commission.

ACTION:

If approved, this testimony will be obtained from the Commission and will be immediately reviewed for necessary corrections.

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Pennsylvania Ave. N. W. & 9th St. N. W.
Washington 25, D. C. 20535

Dear Mr. Hoover:

The Commission would appreciate your agency's re-interviewing Mr. Barney Ross to obtain information concerning alleged underworld connections of Jack Ruby.

Ross stated in his original FBI interview (Clements Report, December 14, 1963 p.97) that Ruby attended nearly all of his fights during the late 20s and early 30s. Ross has stated in his autobiography that he (Ross) worked at one time for Al Capone and that some of the "Capone people" were his early fistic supporters and close followers. Eva Grant, sister of Jack Ruby, also allegedly worked for Al Capone (Clements Report, November 30, 1963 p.350).

The Commission suggests that you ask Ross to specify the names of the "Capone people" who were his close followers and the names of Ruby's friends who also followed and supported Ross. In addition, Ross might be asked about his acquaintance with Eva Grant or other members of the Rubenstein family, to what extent Ruby was associated with Al Capone, and any information Ross may have concerning criminal activities of Jack Ruby. In particular, Ross might be asked if he has any information about Ruby's involvement in the illegal sale or possession of narcotics.

Sincerely,

J. Lee Rankin
General Counsel

OO: DALLAS

Enclosed for the New York and Dallas Offices is one copy for each of a letter to the Bureau from the President's Commission dated June 1, 1964, requesting that we reinterview Mr. Barney Ross to obtain information concerning alleged underworld connections of Jack Ruby.

It is noted that Barney Ross was previously interviewed by SA William G. Barry, Jr., and James J. Rogers at the New York Office on 11/25/63.

New York conduct the requested reinterview of Ross pursuant to and along the lines requested by the Commission. Make certain that each point set forth in the Commission's letter is fully covered. Advise him that the interview is being conducted at the specific request of the President's Commission on the Assassination of President Kennedy.

Submit results of interview by letterhead memorandum suitable for dissemination to the President's Commission within three days of receipt of this communication. The letterhead memorandum must be carefully reviewed for substance and accuracy of grammar and punctuation in order that it may be disseminated to the Commission promptly upon receipt without delay. The letterhead memorandum must not contain a Bureau property stamp. Furnish appropriate FD-302's (25 copies) to Dallas for inclusion in a subsequent report.

NOTE:

Commission by letter requested that we reinterview Barney Ross. The request apparently is based on Commission's review of Ross' biography wherein he stated that he worked at one time for Al Capone. We previously interviewed Elsie Johnson who claims to be a close friend of Eva Grant. She alleged that Eva told her that she had formerly worked for Al Capone in Chicago. Our investigation has not indicated or established any connection between Jack Ruby and Eva Grant with Al Capone. In previous interview with Barney Ross he did not discuss his association with Al Capone and gave no indication that Ruby was an associate of Capone.

Memorandum

TO : Mr. Belmont

DATE: May 26, 1964

FROM : A. Rosen

SUBJECT: JACK L. RUBY, aka
LEE HARVEY OSWALD, aka. - Victim
CIVIL RIGHTS

A letter dated May 22, 1964, from J. Lee Rankin requested that Special Agent C. Ray Hall of the Dallas Office be available on May 28 or 29, 1964, in order that a deposition could be taken from Agent Hall by Mr. Leon D. Hubert, Jr., of the President's Commission staff. Mr. Hubert was contacted by Malley on 5/26/64 and asked the specific purpose of this deposition. Mr. Hubert advised that a tentative time for this interview had been set for 2:00 p.m. on May 28. He stated that Forrest Sorrells, Special Agent in Charge of the Secret Service in Dallas, along with Captain Will Fritz of the Dallas Police Department, had both testified at the bond hearing for Ruby and that depositions had also been taken from them. He stated inasmuch as Agent Hall had testified at the bond hearing, the Commission desired to have a deposition from Agent Hall covering his testimony which he previously gave at the bond hearing.

Mr. Hubert advised that in addition to the material covered at the bond hearing, he had a few additional questions he desired to ask Agent Hall relative to his interviews with Ruby. He advised the deposition would not take in any phase of the over-all investigation other than the interviews with Ruby.

The foregoing has been made available to SAC Shanklin of the Dallas Office.

TO : Mr. Mohr

DATE: May 26, 1964

FROM : C. D. DeLoach

SUBJECT: FAMILY OF HENRY WADE
DISTRICT ATTORNEY
DALLAS COUNTY, TEXAS
REQUEST FOR BUREAU TOUR

SAC Shanklin advised this morning that Mr. Wade has told him that he is going to be coming up to Washington to testify again before the Warren Commission on June 9th. Wade asked Shanklin if arrangements could be made for his wife and his 4 children to tour the Bureau while the family was in the city. They would very much appreciate having a tour at 9:30 a.m., Tuesday, June 9th. The 4 Wade children range in age between 6 and 13, according to SAC Shanklin.

Shanklin advised that, while we have had considerable trouble with Wade, he felt it would be difficult to refuse to afford a tour for his family. The Dallas Office is, of course, most circumspect with their dealings with Wade and his office.

A regular tour will be afforded Mrs. Wade and her 4 children on the 9th. It is to be noted that no request has been made to meet the Director.

MAY 26

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Pennsylvania Ave. N. W. & 9th St. N. W.
Washington, D. C. 20535

Dear Mr. Hoover:

The Commission requests that an investigation be made to determine the following information relative to telephone calls:

a. Records of long distance telephone calls made by or received by Breck Wall and Joe Patterson who were both living at the Adolphus Hotel (See Clements, Dec. 14, 1963, p 342) during period September 26, 1963 to Jan. 1, 1964.

b. Long distance telephone calls made by or received by Thomas J. McKeown who resided at 1527 Broadway, Galveston, Texas, Telephone 503-8022, during period September 26, 1963 - January 1, 1964. (See Clements Jan. 8, 1963, p.82).

c. Record of long distance telephone calls made from telephone number CY5-1623 (See Clements, No .30, 1963, p.771) New York City to Dallas, Texas during period September 26, 1963 - January 1, 1964. This telephone was listed to one Lee Berry (See Clements, April 30, 1964 pp. 20-33). There may be omitted from this list those calls made from this number to Ralph Paul as reflected by Clements, April 30, 1964, pp. 20-33.

d. Ruby's "Jot it down" pad (See Clements Nov. 30, 1963, p.771) shows that immediately under the name Ralph Paul there appears the telephone number CY5-1623 (See par. c above) and the telephone number TE8-7475. We do not find that there has been a check out of this number. The Clements report of Jan. 17, 1964 at pp. 150-153 reflects a check out of a telephone number "8-7475" which is therein described as a "portion of a number". (i.e. lacking 2 prefix digits or letters). The latter investigation indicates inferentially that in the Dallas area there is no "TE" prefix; but the number in the "jot it down" book referred to above unmistakably shows that the prefix is "TE". It is possible that

62-109040

Airtel to OL, HO, & NY 5-25-64

NOT RECORDED
199 JUN 3 1964

MAY 26 1964

a portion of a number such as "E-7475" appears in another Ruby note book but we have been unable to find that it does. The Commission desires to ascertain who is listed to the number TE8-7475 outside the Dallas area, if it is possible to do so. That it is not a Dallas area number is established by the investigation referred to above, i.e. Clements, Jan. 17, 1964 pp. 150-153.)

Sincerely,

J. Lee Rankin

CIVIL RIGHTS

Enclosed herewith for offices receiving copies of this communication is a copy of a letter from the President's Commission dated 5/23/64 requesting that we obtain toll call records as specified in the letter.

Dallas will obtain available toll call information regarding Breck Wall and Joe Peterson. It is noted the Commission refers to Joe Patterson who was referred to in prior reports as Peterson. Make certain that in conducting the investigation the correct spelling of the name is verified and utilized in reporting the information.

Dallas will also obtain the requested information concerning the telephone number TE 8-7475.

Houston will obtain the desired long-distance telephone call information concerning Thomas J. McKenna, telephone SOuth 3-8022. Note that the Commission refers to Thomas J. McKeown, telephone 503-8022. Make certain that your inquiry verifies the correct spelling and telephone number and that it is reported correctly showing this verification.

"New York will obtain the records of long-distance telephone calls from the telephone of Lee Berry, CI 5-1623. You should obtain and report the complete record of all toll

Enclosure

JUN 2 1964

Airtel to Dallas, Houston and New York
RE: JACK L. RUBY, AKA;

telephone calls for the pertinent period as furnished by the telephone company. Do not omit the calls from this number to Ralph Paul (telephone CR 5-4891, Bull Pin Drive-in, operated by Paul; CR 5-5352, Ralph Paul, Copeland Road, Arlington, Texas) as suggested by the Commission.

In connection with obtaining the requested toll call data, bear in mind that the Commission desires to know where possible the date, time, duration, telephone number called, and person or identity to whom the number called is listed. In addition any other pertinent information which may appear on the "mark sense card" indicating the person who was called and the person calling is desired. Also determine how long the records checked will be maintained by the telephone company before they are destroyed.

New York and Houston will submit results to Dallas by appropriate FD-302's (25 copies). Dallas will incorporate these FD-302's along with their own setting forth results of Dallas telephone checks and surep setting forth complete results of investigation requested by the Commission. The investigation must be handled on a preferred expedite basis and any leads necessary to other officers to identify subscribers must be handled by teletype.

NOTE: At the request of the Commission we have previously obtained similar toll call information and prepared a telephone analysis on all phones available to Ruby, his immediate relatives, and about twenty persons known to have been contacted by him for the period September 26, 1963, through January 1, 1964. The telephone checks now requested arise from persons shown by the analysis to have been called by some of the persons who contacted Ruby. Wall and Peterson produce and perform in a show at the Adolphus Hotel in Dallas and are friends of Ruby. McKenna from Galveston, who is a friend of Wall, was visited by Wall on 11/23/63 where Wall received a call from Ruby concerning Wall having closed his show at the Adolphus because of the President's death. Lee Berry of New York was called by Ralph Paul a number of times between September and January, one call being on 11/24/63. It would appear that the Commission is attempting to associate McKenna, Wall, and Peterson with Robert Ray McKeown who sold guns and material to Castro and who Ruby once contacted regarding selling jeeps to Cuba.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Conrad DATE: 5/19/64

On 5-7-64, we received a request from the President's Commission that this Bureau make all necessary arrangements for a partial re-enactment of the assassination in Dallas, Texas, on May 18 and 19, 1964. This project specifically deals with the shots fired at President Kennedy and technical data, measurements and photographs relating thereto as developed through investigation. This will involve placing cars in the highway at various points at scene of assassination.

The Commission by reference to various motion pictures taken of the actual assassination itself along with other technical data previously furnished, is endeavoring to pinpoint the exact time when and location where the shots were fired and the exact location where President Kennedy and Governor Connally were when they were hit. This study will include mathematical calculations and probable trajectory of projectiles fired.

BACKGROUND:

The advisability of this Bureau participating in a re-enactment has been discussed in my previous memoranda, and Mr. Belmont pointed out the undesirability of such action, principally due to the resultant publicity which will undoubtedly accompany any such venture, and our views were brought to the attention of Mr. Rankin.

As you are aware, J. R. Malley is currently in Dallas with members of the Commission and Inspector Tom Kelly of Secret Service for an on-the-spot inspection. He is scheduled to return sometime Saturday, May 9.

ACTION:

Mr. Malley is aware of the Commission's request, and when he returns to Washington, appropriate recommendations for handling this request will be made.

REC'D-READING ROOM
MAY 29 2 15 PM '64
FBI

Dear Mr. Rankin:

On May 25, 1964, Mr. Wesley James Liebeler of your staff requested that this Bureau obtain a copy of a recording tape made by Radio Station WDSU, New Orleans, Louisiana, on August 21, 1963, and a copy of a recording tape made by William K. Stuckey on August 17, 1963.

REC'D-READING ROOM
MAY 28 5 21 PM '64
FBI

Mr. Liebeler requested that in obtaining the tapes the Bureau maintain the appropriate chain of evidence to establish their authenticity.

On May 27, 1964, arrangements were made through John Corporon, News Director of Radio Station WDSU, to obtain a copy of a tape of the radio program "Conversation Carte Blanche," which was broadcast over WDSU on August 21, 1963. Upon receipt, the tape will be forwarded to you.

It will be noted that William K. Stuckey was previously contacted by representatives of this Bureau on March 4, 1964, relative to obtaining the original recording tape of his interview with Lee Harvey Oswald on August 17, 1963. At that time Mr. Stuckey advised he was negotiating for the sale of his recording and preferred to maintain custody of the original tape until the sale was final. Stuckey expressed a preference not to have a copy made of the original tape until the sale was completed.

BY COURIER SVC.
46 MAY 29
COMM-FBI

79 JUN 5 1964

AS JEFF TIMMONS

Honorable J. Lee Rankin

On May 27, 1964, Mr. Stuckey advised that he was contacted in April, 1964, by Mr. Albert Jenner of your staff who was in New Orleans at that time. Mr. Jenner inquired relative to obtaining a tape of Stuckey's interview with Oswald. According to Mr. Stuckey, he told Mr. Jenner that he was reluctant to make the tape available because of its possible commercial value to him. He told Mr. Jenner that he would come to Washington, D. C., to play the tape before the President's Commission if this was desired.

Mr. Stuckey, on May 27, 1964, advised representatives of this Bureau that he is still negotiating for the sale of his tape and that if he could be given a guarantee by the President's Commission that the information contained on the tape would not be released and placed in commercial channels to be played publicly, he would make a copy of the tape available. Mr. Stuckey advised that he believed that the monetary value to him would be lost if the information on the tape was released publicly.

In view of Mr. Stuckey's request, no further contact is contemplated with him in the absence of specific advice from you.

Sincerely yours,

J. Edgar Hoover

FEDERAL BUREAU OF INVESTIGATION

In Reply, Please Refer to File No.

Dallas, Texas
May 28, 1964

ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY,
NOVEMBER 22, 1963, DALLAS, TEXAS

On May 18, 1964, the Federal Bureau of Investigation at Washington, D. C., received the following quoted anonymous letter in an envelope on which the postmark was illegible:

"Federal Bureau of Investigation

"Washington, D. C.

"Gentlemen:

"A while back I overheard the most unusual conversation in a restaurant near the Mexican Border. It has bothered me ever since, so am going to give it to you as best as can be remembered.

"These two men were sitting in a booth next to myself, and they were talking Spanish. As so many bi-lingual people seem to take for granted that as you are a blue-eyed gringo you can't understand the language, and they talk as if you did not exist. Now I do not believe that the one man who was doing the talking of which I speak, was a Mexican--he may have been part Mexican_ tho, as he did speak with an accent to the cashier in English. Would say he is about 5'6" tall, rather small, tho with a little paunch, and would weigh about 145 to 150 lb. Brown eyes, grey curley hair, or wavey, a dark complexion, small hands for a man. He was the driver of a 1954 or 1955 Packard, 4 door sedan, Arizona license number EZY 958. Oh yes, a rather long, grey mustache. About 50 to 55 yrs. old.

Re: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY,
NOVEMBER 22, 1963, DALLAS, TEXAS

"From the conversation would gather that he resides in either Tucson, or some place not very far from the Mexican border below Tijuana or Mexicali, and also must have many friends in San Diego.

"Now for the conversation. They were talking politics and the Kennedy assination came up. This man stated that he and a companion were on the outskirts of Dallas when they heard the news on the car radio. The companion wanted to go on into Dallas and see what was going on, but this man said he told him no that he didn't dare, as he knew that 'they had finally done it', and he didn't want to take a chance of seeing anyone who might connect him with the affair. He said that he knew months before that Kennedy 'had to die', that there was no other way for 'it' to be handled, and he knew that 'they' (whoever the heck they may be) was on the verge of taking action in Dallas, as it would be an ideal place.

"If he knows who 'they' may be, then I think you should know also. He was so damnebly smug about the whole thing when he was talking. He also stated that during WWII he had top security clearance, so now he goes most places and when he shows his identification, then he isn't questioned. He stated that he keeps Mexican citizenship so that he can go back and forth without question. (This sounds slightly crazy to me, as I don't know anything about such, but didn't know that you could maintain Mexican citizenship and American at the same time.) Perhaps he was born American, and took out Mexican citizenship.

Re: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY,
NOVEMBER 22, 1963, DALLAS, TEXAS

"To top this off, he asks the other man who he thinks will be the next on the list. He stated that there were many of course, whom 'they' would like to eliminate, but Earl Warren was given top priority. Ye Gads! What a character! Even if he is just a 'nut' of some sort, such talk isn't exactly calming dinner conversation.

"I haven't the faintest idea if Earl Warren has plans of visiting San Diego, or if he had residence there at one time, but would gather that he may have from the conversation. Whoever 'they' are, must have ideas that somewhere in California would be a likely place to set up something for Mr. Warren which would be as unhealthy as what Mr. Kennedy experienced.

"Now you must have hundreds of clues to run down on the Kennedy assination, and I wouldn't want to be a pest, or a nut, but that conversation has bothered me, and you can take it as you see fit. If the man is just a blabber-mouth, then he may know nothing. If he is just egotistical enough to 'have to talk to someone about how much he knows' in order to impress someone, then he just may know something. You are the judge of that.

"Anyhow it's off my mind now, and I would like to forget it, although as you know better than anyone, these things must keep cropping up. The intricate network of politics, different groups, communistic and otherwise, must keep you people tareing your hair to protect people in public office.

"Sincerely,

"A Citizen"

"Life" magazine for 2-21-64 sets forth an article entitled "The Evolution of an Assassin." Page 69 of the "Life" magazine article sets forth results of an interview with Mrs. Clyde Livingston, a former teacher of Oswald's at the Ridglea West Elementary School. On the same page there is also set out an interview with Richard Garrett, a former classmate of Oswald's in elementary school.

The President's Commission has requested that Mrs. Livingston and Richard Garrett be interviewed by the FBI for all information they possess concerning Oswald.

Handle immediately and submit results of your inquiries in a letterhead memorandum suitable for dissemination to the President's Commission.

NOTE: On 6-1-64 Mr. Wesley J. Leibelier, a member of the staff of the President's Commission, noted that "Life" magazine interviewed Mrs. Livingston and Garrett, both of whom furnished data bearing on Oswald's personality in his elementary school years. Mrs. Livingston informed "Life" reporters that Oswald appeared friendly during her association with him and was not hostile or stubborn. Garrett indicated he associated closely with Oswald during grade school and indicated Oswald was a dominant boy but not particularly eager to fight all the time. Commission desires both of these individuals be interviewed re their knowledge of Oswald.

Dear Mr. Rankin:

Reference is made to your letter of May 26, 1964, which transmits certain Commission Exhibits to this Bureau for reproduction.

Receipt is acknowledged of Exhibits numbered 477, 478, 480 through 517, 519, 520, 702 through 704, 709, and 711 through 745.

It is noted that of the aforementioned Exhibits, those numbered 712, 713, and 714 have been previously photographed and were delivered to the Commission by courier on May 6, 1964. Accordingly, those Exhibits are being returned herewith.

With respect to your inquiry as to whether we have received Commission Exhibits numbered 701, 705, and 710, our records show that Exhibit number 701 has been received, photographed and returned to the Commission also on May 6, 1964. Further, our records show no receipt of Exhibits numbered 705 and 710.

BY COURIER SVC.

Your request for reproduction of these Exhibits, excepting those noted herein, will be handled promptly and you will be advised by a separate letter of transmittal when this work is completed.

Sincerely yours,

J. Edgar Hoover

FROM : A. Rosen

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11-22-63, DALLAS, TEXAS
MISC. - INFO CONCERNING

PURPOSE

That attached letter with enclosures concerning Robert Adrian Taylor, who allegedly purchased a U. S. rifle, caliber .30-06, from Lee Harvey Oswald, be forwarded to the President's Commission.

BACKGROUND

Robert Adrian Taylor was originally interviewed on 12-13-64, 63 regarding the rifle he purchased from one of two men during March or April, 1963. These men appeared at the Shell service station in Irving, Texas, where Taylor was employed, for automobile repair. The men had insufficient funds for the car repair and sold Taylor the rifle for $12 and he subsequently charged these men $11.50 for the repair bill. At this time Taylor stated he did not have the rifle in his possession as he had loaned it to his "son" for deer hunting. He described the rifle as a "Springfield bolt action .30-06, Model 1906, Serial No. 66091." On 11-23-63, Taylor observed a photograph of Lee Harvey Oswald on TV and he believed Oswald was the individual from whom he purchased the rifle. However, he stated "naturally, he could not be positively sure that the man who sold him the rifle was Oswald. He feels that it was Oswald as that upon viewing Oswald on television, he immediately thought of this rifle, and at that instant thought that Oswald was the man who sold the weapon to him."

62-109040

NOT RECORDED
199 JUN 4 1964

By letter dated 4-30-64, the Commission requested additional information concerning this rifle. It was desired Taylor be reinterviewed at which time various specifications of his rifle in its present condition, including photographs were to be obtained. The Commission also wanted the same information concerning a similar rifle in its original condition. Upon reinterview on 5-13-64, Taylor reiterated similar information as set out above and stated "he cannot be positively sure the man who sold him the rifle was Oswald." He further stated he could not recall the exact date he purchased the rifle other than it was during March or

Memorandum to Mr. Belmont
RE: ASSASSINATION OF PRESIDENT KENNEDY

April of 1964. He said he had never seen either of the two men before he purchased the rifle and there was a possibility the man he believed to be Oswald had returned to the service station approximately a month later after he purchased the rifle from him. However, he again commented he was very doubtful that actually Lee Harvey Oswald came to his station, as the individual from whom he purchased the rifle had promised him ammunition and he was sure he would have remembered this individual because of this promise. Taylor said the weapon was in possession of his "son-in-law" Benjamin Moku on November 22, 1963, as the rifle had been registered at the Provost Marshal's office, Fort Hood, Texas, for use in deer hunting on the military reservation. He obtained the rifle on December 31, 1963. Previous investigation has established Oswald as employed in Dallas in March, 1963, until April 6, 1963, and he left Dallas for New Orleans in the latter part of April, 1963. Lee Harvey Oswald's brother Robert, has also indicated the only rifle known to have been in possession of Oswald was a small .22 caliber rifle they had when they were boys and he had bought the gun for Lee for $10. During an interview with Marina Oswald she also indicated she has never known of any other rifle ever being in possession of her husband.

The Laboratory has determined from an examination of Taylor's rifle that it is a U. S. Rifle, caliber .30-06, Model 1903, Serial No. 66091, manufactured at Rock Island Arsenal, Rock Island, Illinois. The upper and lower bands have been removed, the front portion of the stock has been cut off, the wooden hand guard originally covering the top of the barrel has been removed, the rear sight has been removed and replaced with telescopic sight mount blocks and the bolt handle has been ground down and bent so that it would not strike the telescopic sight tube when operating the bolt. All other parts appear to be original, unaltered parts. The rifle has the standard length of 43 1/4". The barrel has not been shortened. The length of the longest portion (barrel and receiver) is 31 7/8". The stock portion is 28 3/4" long which is less than the standard length of 40 1/8" for a "non-sporterized" stock. Two photographs of Taylors's rifle assembled and two photographs disassembled are being furnished the Commission, as well as similar photographs of a U. S. Rifle caliber .30-06, Model 1903 (Rock Island), from our Reference Firearms Collection.

ACTION

If approved, the attached letter with enclosures be forwarded.

OPTIONAL FORM NO. 10
MAY 1962 EDITION
GSA GEN. REG. NO. 27

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: May 26, 1964

FROM : A. Rosen

SUBJECT: JACK L. RUBY, aka.
LEE HARVEY OSWALD, aka. - Victim
CIVIL RIGHTS

Mr. Burt Griffin, President's Commission staff, called today and advised that the Commission was desirous of having photographs of all material which was in Ruby's possession when he was arrested in Dallas. He advised that in view of the fact that Ruby's case was pending on appeal he had communicated with District Attorney Henry Wade of Dallas County and Wade had now replied he was agreeable to any material relating to Ruby being photographed by the FBI; however, he had returned some of this material to the local authorities (apparently referring to the Dallas County police). Mr. Griffin was requested to confirm this request in writing which he said he would do immediately.

This matter was discussed with SAC Shanklin who advised District Attorney Wade had called him today and advised Shanklin that he had written a letter to the President's Commission advising he would make this material available for photographing. Wade told Shanklin that he didn't know exactly where the material was, that it had been kept in the District Attorney's office in a box and he thought a large majority of it had been returned to the city police.

SAC Shanklin was told that in carrying out this request he should contact Wade and tell him that the President's Commission desired to photograph all material relating to Ruby and that if the material had been returned to the city police department he should make the same request to the city police based on the request of the President's Commission.

ACTION:

NOT RECORDED
199 JUN 4 1964

In the event the written request covering the foregoing desired investigation is not received within the next two days, the President's Commission will be followed in order to have this request on record.

MISC. - INFORMATION CONCERNING

RE DL report of SA Robert P. Gemberling dated 3/30/64, Bu airtel 4/16/64 & your airtel 4/27/64.

For your information, two copies of rerep have been furnished to the President's Commission and one copy has been furnished to the U. S. Secret Service in Washington, D. C. Dallas is hereby authorized to disseminate one copy of rerep to Secret Service locally.

You are reminded the President's Commission may draw to a close at an early date and in anticipation of an early wind-up, Dallas must expedite the submission of reports in this particular matter.

It is essential you use extreme care in the coordination and assemblying of material for forth-coming reports so they can be disseminated promptly upon receipt.

NOTE:

Bureau by letter 5/8/64 to J. Lee Rankin furnished the Commission the second report in this particular category. These reports include data relating primarily to miscellaneous-type investigation conducted as a result of complaints received from cranks, mental incompetents, and individuals believing they are doing a service to the United States by reporting suspicious activities, statements, etc. It is felt the submission of these reports must be expedited so the Commission can be furnished the results of our investigation promptly. A copy of Gemberling's report of 3/30/64 was disseminated to the U. S. Secret Service by 0-14 I on 5/8/64.

Dear Mr. Rankin:

Reference is made to a telephonic request on May 5, 1964, by Mr. Melvin Eisenberg, of your staff, asking that certain Commission Exhibits be obtained and photographed in any instance where photographs were not previously prepared and provided to the Commission.

Enclosed herewith are three photocopies each of Commission Exhibits numbered 325 through 333, 518 and 573 through 607, which exhibits were obtained from the Commission by a representative of this Bureau. No photographs are enclosed for Commission Exhibits numbered 143 and 145, also obtained, inasmuch as photographs of these exhibits were previously furnished to the Commission. Commission Exhibits numbered 325 through 333 and 579 through 586 are also enclosed. The other Commission Exhibits received will be retained.

ADDENDUM FOR DALLAS:

Photocopies of the above-mentioned Commission Exhibits, except as noted, will be furnished Dallas separately. A listing of these exhibits is enclosed.

NOTE: The telephonic request was received by SA Roy H. Jevons of the Laboratory on May 5, 1964, and the exhibits were received by SA Robert E. Neill on that same date. Exhibits not originally in Bureau custody are being returned to the Commission.

It should be noted exhibits being returned are those which did not originate with the Bureau and are totally Commission exhibits. These items are designated with an asterisk on the attached listing.

Dear Mr. Rankin:

Reference is made to my letter dated May 1, 1964, concerning Paul V. Carroll of El Paso, Texas.

Enclosed for your assistance are two copies each of three communications, one dated May 1, 1964, from our El Paso Office, another dated May 1, 1964, from our Dallas Office and one dated May 5, 1964, from our San Antonio Office. These communications relate to investigation conducted by this Bureau concerning Mr. Carroll.

Your attention is directed to the communication from our El Paso Office dated May 1, 1964, which contains information furnished by [redacted] on a confidential basis. [redacted] furnished the information with the specific understanding it was not to be disseminated to anyone other than the President's Commission for use in its inquiry into the assassination of President Kennedy.

This concludes our inquiries into this particular matter.

ORIGINAL FILED IN 62-109090 - 3064

NOTE:

For full details see A. Rosen to Mr. Belmont memorandum dated 5/1/64 captioned, "Assassination of President John Fitzgerald Kennedy, 11/22/63, Dallas, Texas," RDR:map.

Rankin of the Commission called Malley on 4/29/64 and advised he had received information from Attorney General Waggoner Carr of Texas, that Carroll allegedly had a tape recording telling of a conspiracy of the John Birch Society to assassinate Pres. Kennedy. Rankin also indicated an Austin, Texas, Justice of the Peace, was to hold a hearing on 4/30/64 at which Carroll had been subpoenaed to testify. Rankin requested we look into the matter.

Bulet 5/1/64 to Rankin confirmed his telephone call and also advised him of investigation developed at that time by us. He was advised when investigation was completed he would be furnished the results. Rankin at this time stated in view of information already developed it would not appear necessary for this Bureau to interview Carroll.

The enclosed communications set out the results of our complete investigation of the allegation which indicate it is completely false. Carroll has been undergoing psychiatric treatment for an extended period of time and is subject to "flights of fantasy and imagination" and is described as an "emotionally disturbed person" with a "paranoid flavor or trend although he is not psychotic."

Dear Mr. Rankin:

Attached is a copy of the May 9, 1964, issue of the "National Guardian" which contains an article on pages one and twelve captioned "Oswald case: A new angle."

According to the article, Mark Lane claims that the United States Secret Service deliberately planted a false story in the press to cast further guilt on Lee Harvey Oswald. The article also reports that Lane has stated that he has written to the President's Commission about this allegation and has offered to testify.

This Bureau is taking no action on Lane's allegation in the absence of a specific request from you.

W. J. Brennan

Reference is made to my memorandum to you dated 4/23/64 in the above-captioned matter. This memorandum answered the Director's inquiry concerning assistance rendered by Secret Service to representatives of the Warren Commission. It was reported that the Secret Service were assisting the Commission in locating witnesses and in some instances, driving the Commission investigator to conduct interviews.

One particular instance of cooperation by Secret Service took place at Dallas, Texas, when Secret Service Agent Patterson drove Commission investigator Bert Griffin to the residence of Frank L. Ellsworth, Alcohol and Tobacco Tax Unit (ATTU), for an interview. Secret Service Chief Rowley requested his Agent to submit a memorandum concerning this matter.

Rowley has furnished a copy of SA Patterson's memorandum to the Bureau. It revealed that Secret Service Agent William H. Patterson, Dallas, Texas, did drive Bert Griffin of the Warren Commission on April 17, 1964, to the residence of Ellsworth inasmuch as Ellsworth could not be located during the work day. According to Patterson, Griffin questioned Ellsworth along the lines of Cuban activity in the Dallas area. Ellsworth furnished no specific information but did talk at length about firearms matters which he handles exclusively. Ellsworth discussed the arrest of an arms dealer in Dallas and indicated that the dealer is a member of the "Minutemen" and may be associated with the "John Birch Society." He indicated that he furnished this information to the Bureau. 62-109060

RECORDED

The gun dealer mentioned by Ellsworth appears to be identical to John Thomas Masen, who operates Masen's Sporting Goods, Dallas, Texas.

ENCLOSURE

On 11/22/63 Frank Ellsworth, ATTU, advised the Dallas Office that John Thomas Masen was arrested 11/20/63 for violation of the Federal Firearms Act, in that he was selling parts which converted M-1 semi-automatic carbines into M-2 automatic carbines. Ellsworth advised he had determined Masen is apparently a member of "Minutemen" or strongly sympathetic to this group, and is possibly selling firearms to the group or a similar organization.

MAY 14 1964

MAY 8 1964

Memorandum Brennan to Sullivan
Re: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY

On 2/11/64 Ellsworth advised Dallas Office he had interviewed Masen subsequent to this arrest and determined Masen had strong "right-wing" beliefs. Masen stated there was an "elite group" of patriots in the Dallas area, which he indicated was local in nature, but did not name the group. Subsequent to the above interview, Masen's attorney has not allowed him to be interviewed. Masen's trial is set for early May, 1964.

Patrolman Preston Snoga, Irving, Texas, Police Department, advised the Dallas Office in February, 1964, he had in the past furnished information regarding Masen's activities to ATTU, Dallas. He described Masen as being in the gun business for the money he can make. Masen advised Snoga that "Minutemen and John Birchers" had contacted him to buy ammunition. Masen did not identify any of these individuals nor has he ever mentioned to Snoga he is a member of "Minutemen" or the "John Birch Society."

Dallas is conducting an investigation to determine if there are any units of "Minutemen" in its territory. To date, Dallas has not developed any evidence that there are any organized units in its territory.

Dallas has conducted an investigation of Masen because of allegations he was a gun dealer and had been contacted by anti-Castro groups. No evidence of a neutrality matters violation was developed but information regarding a possible Firearms Act violation was furnished to ATTU. At the present, Dallas is following Masen's case to determine the outcome of his trial.

The first two paragraphs of Secret Service Agent Patterson's memorandum mention Sylvia Odio, a Cuban refugee living in Dallas. The Bureau furnished the Warren Commission information concerning this individual who advised Bureau Agents that in late September or early October, 1963, she was contacted in Dallas by two Cubans requesting her to write letters to businessmen in Dallas seeking funds for the organization known as Junta Revolucionaria or JURE. Miss Odio indicated that these Cubans were accompanied by a person introduced as Leon Oswald and that based on photographs she believes this is Lee Harvey Oswald. The Bureau also interviewed Mrs. C. L. Connell, a friend of Miss Odio and also Miss Odio's psychiatrist, Dr. B. C. Einspruch, who indicated that Miss Odio was probably telling the truth. Our investigations have shown that there is very little Cuban activity in the Dallas area.

The Secret Service Agent's memorandum, a copy of which is enclosed, ends by saying that he does not recall any specific conversation between Griffin and Ellsworth concerning lack of FBI cooperation. He indicated that the interview left this impression, even though it was not stated.

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to the report of Special Agent Robert P. Gemberling dated March 30, 1964, at Dallas, Texas, which was furnished to you by letter dated April 8, 1964.

Your attention is directed to pages 69 through 72 which reveal information concerning Morton Brown, also known as Mordecai Brienborg, author of the article "The Riddle of Dallas." This article appeared in the March 6, 1964, issue of the "Spectator" published by "The Spectator Ltd., 99 Gower Street, London, W. C. 1, England."

Enclosed are two copies of the article which were reproduced from a copy of the "Spectator" obtained from the Library of Congress.

Mr. Morton Brown has never been investigated by the Federal Bureau of Investigation. Our files contain an article published in the "Daily Californian," Berkley, California, on March 11, 1963, captioned "End the Speaker Ban." The article revealed that on Monday, February 8, 1963, the Administration of the University of California denied the Department of History use of the University facilities to hold one lecture of its regular colloquial series. The justification for the Administration's refusal was based upon an interpretation of Rule Five of the Kerr Directive, which in substance states that speakers cannot use a University Forum

for propagandistic purposes. The scheduled speaker was Dr. Herbert Aptheker, editor of the communist monthly "Political Affairs." Included under the article was the following statement: "We, the undersigned faculty and graduate students of the University of California, protest the existence of the speaker ban and the unwarranted interference by the Administration in the affairs of an academic department of the University." Under this statement were numerous printed names among which appeared the name "Morton Brown," who may be identical with the author of the article "The Riddle of Dallas."

"Political Affairs" was cited by the Subversive Activities Control Board on April 20, 1953. It was described as being among publications which "are or were during their existence official and controlled organs" of the Communist Party of the United States of America.

Sincerely yours,

Enclosures (2)

NOTE: [redacted] University of California, Berkley, identity protected, received information from John Gold, New York correspondent for the "London Times," the article "The Riddle of Dallas" written by "Mordecai Brienberg" appeared in the 3/6/64 issue of the "Spectator," a "Highly respectable newspaper." The article attempted to discredit the American system of Justice, the FBI, the Secret Service and others connected with the Oswald and Ruby cases. The article attempted to show Oswald was not guilty of the assassination. Gold conducted an inquiry and determined Brienberg was identical with Brown, a graduate student at University of California. Brown admitted to Gold he was the author. The "Spectator" is

published by "The Spectator Ltd., 99 Gover Street, London, W. C. 1, England," printed in England by "Gale & Polden Ltd., 28 Craven Street, London, W. C. 2, at their Wellington Press., Aldershot."

BUREAU NOTE:

See memorandum Mr. Branigan to Mr. Sullivan dated 5-8-64, captioned same, WAB:hrt.

Memorandum Mr. Branigan to Mr. Sullivan dated 5-4-64 set forth concise analysis of instant article in the "National Enquirer." This is a wild story alleging that the Dallas Police knew in April, 1963, that Oswald and Ruby were linked in the assassination attempt against General Walker; they were about to arrest Oswald and Ruby but were dissuaded from this action by a "top secret" letter sent to Chief Curry by the Department of Justice at the behest of the CIA. It was alleged that a high Bureau official at the Department's request interceded with Chief Curry, asking that Oswald and Ruby not be arrested but that the Dallas Police desired this request in writing which resulted in the Departmental letter "signed by a high official of the Justice Department." Our files contain nothing to support this wild allegation.

ATTENTION: CRIMINAL SECTION

Enclosed for your assistance are five copies of a letter from the President's Commission dated 5-20-64. The letter is self-explanatory and involves considerable work. In order to facilitate your handling of this matter the following instructions and observations are being furnished:

1. Each one of the items from 1 to 37 should be handled on a separate sheet of paper with an appropriate subheading to identify it with the item in the Commission's letter.

2. You will note the Commission has instructed that the original piece of evidence be shown to the person who found it. Based on discussions with a member of the Commission staff, it has been ascertained that photographs of a particular piece of evidence can be used in place of the original item wherever possible. For example, the photograph of the cartridge cases identified as exhibits C6, C7 and C38, may of necessity have to be shown in the original form. In this instance it will then be necessary for you to arrange to have the original evidence transmitted to your office for appropriate display.

3. Additional copies of this airtel and the Commission letter have been furnished in the event it is necessary for you to set out leads for other offices.

4. All of the material, when completed, should be incorporated in an appropriate letterhead memorandum for

transmittal to the Bureau and dissemination to the Commission.

The following items were obtained at Washington, D. C., or knowledge of the original source lies with the Bureau. You will be furnished appropriate data on each of these items for incorporation in your letterhead memorandum: 3, 31 through 36.

For further clarification, the Bureau is furnishing you additional identification of the items set out in the Commission letter as follows:

Number in Commission Letter	Further Clarification
18 and 19	These are from wallet B-1 18 has identification B-1 (2) and 19 is B-1 (4)
20	is identical to D-207
21	is identical to D-206
22	is from wallet B-1 and is identical to B-1 (8)
23	is identical to D-47
30	is identical to D-43
37	Commission exhibit 55, identical to item 156 Commission exhibit 56, identical to item 157 Commission exhibit 66, identical to item 159

With regard to items 31-36, it is pointed out five of the items were obtained by Washington Field Office and it will be requested separately to handle this matter and furnish appropriate inserts to you for inclusion in your over-all letterhead memorandum.

If any particular problem or difficulty is encountered in this request, you are instructed to advise the Bureau so that the Commission can be aware of the status of our efforts to comply with this request. You are reminded the Commission may wind up its inquiry at an early date and every effort should be made to expedite this request.

NOTE:

Commission letter 5-20-64, is very extensive in nature and requires considerable work on part of the Bureau. They have listed some 37 items of evidence which they feel needs to be displayed to the individual who first found the particular item and who can identify it by inspection. In discussion with Mr. Eisenberg ofthe Commission staff with SA Jevons on 5-22-64, it was ascertained that the Commission will permit photographic identification in place of transmitting all of the evidence now being retained in the laboratory to Dallas.

Dallas is in possession of photographs of all items of evidence referred to above. It is pointed out some of the evidence was obtained here in Washington through liaison and other sources, while some of the evidence was obtained by other field offices. In the instances where the material was obtained here at Washington, the Bureau will furnish the necessary information so it can be incorporated in a letterhead memorandum for dissemination to the Commission. This matter will be followed closely and when the results are obtained, the Commission will be notified.

Dear Mr. Rankin:

Reference is made to your letter dated April 24, 1964, requesting, in part, investigation concerning telephone numbers found on the forty-seventh page of the address book of Lee Harvey Oswald.

In response to your request, there are enclosed two copies of a memorandum dated May 6, 1964. Upon detachment from the classified enclosures, this letter may be regarded as unclassified.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Rankin:

On May 1, 1964, Mr. Melvin Eisenberg, of your staff, gave a Special Agent of this Bureau a number of exhibits and requested that they be photographed.

In accordance with this request, there are enclosed three sets of photographs of Cadigan Exhibits numbered 1 through 30, De Mohrenschildt Exhibits numbered 1 through 15 and Commission Exhibits numbered 361, 362, 387, 391, 392, 566 through 570, 572, 773 through 799, 801, 802, 806 through 810, 813 through 819 and 821.

Also enclosed are De Mohrenschildt Exhibits numbered 1 through 15 and Commission Exhibits numbered 387, 391, 392, 773, 784 through 787, 789, 790, 792, 794, 796 through 799, 807 through 810, 816 and 818.

This letter will also confirm the delivery of three photocopies each of Commission Exhibits numbered 18, together with English translations, and 110 to Mr. Melvin Eisenberg, of the Commission staff, by a Special Agent of this Bureau on May 5, 1964.

Mr. Tolson

In discussing this with Stern, we pointed out that Hosty had already submitted a sworn affidavit denying that he had said or that he possessed information that Oswald was capable of assassinating the President. Agent Hosty will be questioned, during his testimony, concerning his alleged statements to Lt. Revill and Detective Brian, and Hosty was therefore shown these copies of the affidavits, for his assistance.

On the way out from the Commission offices I ran into Congressman Ford, who had been present, and we chatted briefly about the weather. Congressman Ford mentioned to me that he thought the hearing was going along well.

For information.

President's Commission

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Pennsylvania Ave. & 9th St. N. W.
Washington, D. C. 20535

Dear Mr. Hoover:

Thank you for your letter of April 20, 1964 in which your Bureau has forwarded certain information in connection with the Triangle Mfg. Company, Oshkosh, Wisconsin and Mr. A. Hillenbrandt.

Other information available to the Commission indicates that Mr. A. Hillenbrandt is identical to Abraham Hollebrandt, who resided at 1825 Clark Road, East Rochester, New York prior to July 23, 1963. Mr. Hollebrandt had telephone service at number LO-2-4390, which service was disconnected in East Rochester on July 23, 1963. We would appreciate your pursuing your investigation as requested in our letter of April 3, 1964 with respect to Mr. Hollebrandt based on the above information.

From the information provided by your agency with respect to the Triangle Mfg. Company, it would appear that Triangle may have supplied some of the parts used in the "Twist Board" being promoted by Jack Ruby in the fall of 1963. From the information given by the Triangle Mfg. Company in Oshkosh, it would seem that an examination of one of Mr. Ruby's Twist Boards would reveal whether or not Triangle was a supplier of parts for that apparatus. We would appreciate your conducting an appropriate investigation in that respect and supplying photographs where feasible.

62-109090

Sincerely,

ORIGINAL FILED IN 62-109090

MAY 19 1964

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: May 13, 1964

FROM : A. Rosen

SUBJECT: JACK L. RUBY, AKA.
LEE HARVEY OSWALD, AKA. - VICTIM
CIVIL RIGHTS

The President's Commission by letter April 3, 1964, requested that we furnish them with any information from our files concerning the Triangle Manufacturing Company, Oshkosh, Wisconsin, and any information available to this Bureau concerning a Mr. A. Hillenbrandt of East Rochester, New York. From information available in our files and a check of records, public sources and officials of the Triangle Manufacturing Company, the company was fully identified as a manufacturer of sleeve bearings and a "Lazy Susan" bearing which is used in heating air-conditioning and ventilating units. Mr. A. Hillendrandt could not be identified from our files or local directories and sources in East Rochester, New York. We did identify one Austin Hildebrandt who resided in the Rochester area who was known to have been employed as manager of the Hooper Holmes Bureau in 1951 and by the Davenport Machine Tool Company in 1959. Information developed regarding the Triangle Manufacturing Company and Austin Hildebrandt was furnished to the Commission by letter dated April 20, 1964.

The President's Commission by letter May 11, 1964, stated that it would appear that Triangle Manufacturing Company may have supplied some parts for the "twist board" promoted by Jack Ruby in the fall of 1963 and requested that we conduct investigation to determine if they did supply such parts and to obtain photographs. They also pointed out that on the basis of further information available to the Commission A. Hillenbrandt is identical to Abraham Hollebrandt, East Rochester, New York, and requested that we conduct similar investigation on Hollebrandt as that previously requested on Hillenbrandt.

It is noted that previous investigation has developed that the "twist board" promoted by Ruby was manufactured by the Plastelite Engineering Company of Fort Worth, Texas. That company is engaged

in the manufacture of fabricated veneer products, plastic table and counter tops and oil field specialty items such as plastic compressor valves and pipe fittings.

ACTION

(1) The Dallas Office will be instructed to contact the Plastelite Company to determine if Triangle Manufacturing Company furnished any parts for the "twist board," obtain a sample of a "twist board" if possible, and if not, to obtain photographs of the item with a full description.

(2) The Buffalo Office will be instructed to identify Abraham Hollebrandt and submit for the Commission any information available from their files, public records or reliable sources of their office concerning him.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: May 12, 1964

FROM : A. Rosen

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - R - CUBA

Memo from Branigan to Sullivan dated 5/8/64 referred to the Soviet Government documents which allegedly had been turned over to the President's Commission concerning Lee Harvey Oswald. It was recommended that this matter be discussed with the President's Commission and indicate the Bureau's interest in obtaining copies of these documents.

This matter was discussed with J. Lee Rankin on May 12, 1964. Mr. Rankin advised that he certainly understood the Bureau's interest in these documents. He stated Chief Justice Warren had advised he wanted to see the documents as soon as they were translated and before the documents were made available to anyone other than the President's Commission. Mr. Rankin stated he would make known the Bureau's request to the Commission and he felt certain that the Soviet documents would be made available to the Bureau.

ACTION: In the event this information is not received from the Commission within a reasonable time, it will be followed with Mr. Rankin.

Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated May 12, 1964, requesting that the Commission be furnished the samples of literature which Mr. Arnold Johnson of the Communist Party, USA, thought had probably been sent to Lee Harvey Oswald as enclosures to Mr. Johnson's letter to Oswald dated July 31, 1963.

For your information, the material in question was made available to this Bureau by Mr. John Abt, Mr. Johnson's attorney, on December 3, 1963, and consisted of the following:

1. A pamphlet entitled "Ben Davis on the McCarran Act at the Harvard Law Forum"
2. A pamphlet entitled "3 Brave Men Tell How Freedom Comes to an Old South City Nashville, Tenn.," by James E. Jackson
3. A pamphlet entitled "Free Americans from the McCarran Act Danger!," by Gus Hall
4. A pamphlet entitled "The Only Choice Peaceful Coexistence," by Gus Hall
5. A pamphlet entitled "End the Cold War!," by Gus Hall
6. A pamphlet entitled "Catalogue 1961"
7. A pamphlet entitled "Horizons of the Future for a Socialist America," by Elizabeth Gurley Flynn

MISC. - INFO CONCERNING

Re CV airtel 5/12/64 concerning James M. O'Brien, aka. J. Mike O'Brien, James Michael O'Brien.

In view of the possibility the President's Commission may wind-up its investigation of the assassination of President Kennedy at an early date, every effort should be made to expedite the investigation and reporting of this matter.

NOTE: Owner of Chester, South Cardina, hotel reported on 11/28/63 that on 11/22/63 an individual identified as one James Michael O'Brien had stated concerning the assassination that "it was planned but the assassination was supposed to happen in December." Efforts since this time to identify, locate and interview O'Brien have been negative. Continuing efforts are being made and it is felt this matter should be pressed.

Memorandum

TO : Mr. Conrad

DATE: 5/15/64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY, 11/22/63, DALLAS, TEXAS

Reference memorandum dated 2/26/64, from W. D. Griffith to Mr. Conrad concerning a continuing project wherein the Bureau has undertaken to furnish the Commission with photographs of all Commission exhibits.

On 5/13/64, Mr. Melvin Eisenberg, a Commission staff member, called Section Chief, Roy H. Jevons, Physics and Chemistry Section, and requested that a Bureau representative take custody of the listed exhibits (attached hereto).

Mr. Eisenberg further requested that the Commission be furnished with three photographs of each exhibit not previously photographed.

As a matter of record, SA Robert E. Neill received from Mr. Eisenberg on 5/13/64, these exhibits which are now in Bureau custody.

The photography will be handled by an Agent Examiner of the Laboratory's Document Section. It is to be noted that all exhibits marked (*) did not originate from the Bureau and, therefore, they will be returned to the Commission along with the photographs.

ACTION:

Exhibits will be photographed and three copies will be supplied the Commission as requested. Those items originally supplied to the Commission by the Bureau will be kept in Bureau custody. Exhibits not originating from the Bureau will be returned along with the photographs.

Department of Justice
Washington, D. C.

Dear Mr. Hoover:

Enclosed is an article appearing in the May 17, 1964, issue of the "National Enquirer."

You will note that the article claims that in April 1963 a letter "signed by a high official of the Justice Department" was sent to Dallas Police Chief Jesse E. Curry requesting the Dallas Police not to arrest Oswald and Ruby in connection with the General Walker shooting. The article also alleges that "a high FBI official" had been asked to request the Dallas Police not to arrest Oswald or Ruby.

When Chief Curry testified before the Commission on April 22, 1964, he stated that the Dallas Police force had no record whatsoever of Lee Harvey Oswald prior to the assassination. Inasmuch as Chief Curry was not specifically asked about the allegations contained in the enclosed article, we request that your Bureau interview Chief Curry concerning his knowledge of the alleged letter. We also request that you advise the Commission as to any knowledge possessed by the Justice Department or your Bureau concerning the allegations contained in this article.

LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

The "National Enquirer" for May 17, 1964, contained an article alleging that there was a link between Jack Ruby and Lee Harvey Oswald. The article, which is enclosed, also claimed that in April, 1963, a letter "signed by a high official of the Justice Department" was sent to Dallas Police Chief Jesse E. Curry requesting the Dallas Police not to arrest Oswald and Ruby in connection with the General Walker shooting. The article also alleged that "a high FBI official" had been asked to request the Dallas Police not to arrest Oswald or Ruby.

For your information, by letter dated May 5, 1964, the President's Commission on the Assassination of John F. Kennedy advised that when Chief Curry testified before the Commission on April 22, 1964, he stated that the Dallas Police Force had no record whatsoever of Lee Harvey Oswald prior to the assassination. The Commission also stated that inasmuch as Chief Curry was not specifically asked about the allegations contained in the enclosed article, it desired that this Bureau interview Chief Curry concerning his knowledge of the alleged letter. The Commission also requested that we advise the Commission as to any knowledge possessed by the Justice Department or this Bureau concerning the allegations contained in this article.

For your information, a check of our files disclosed no reference to such an alleged letter from a high official of the Justice Department to Dallas Police Chief Jesse E. Curry, nor any reference that an FBI official was asked to request the Dallas Police not to arrest Oswald or Ruby.

On May 7, 1964, Dallas Police Chief Jesse E. Curry was contacted concerning the allegations contained in this article. Chief Curry advised that he had never received or heard of a letter to his department from the Justice Department and stated that he had never been requested by any official of the FBI not to arrest Oswald or Ruby.

We would appreciate being advised whether Department of Justice files contain any information concerning the allegations in the enclosed "National Enquirer" article. Upon receipt of your reply to this request, we will immediately furnish the results to the President's Commission.

BUREAU NOTE:

To cover Lane's public appearances at request of President's Commission. Lane, in his appearances on Station WBAI and at Harvard University on 4-30-64, continued to attempt to cast doubt on the guilt of Oswald for the assassination of President Kennedy and the slaying of Dallas Police Officer Tippit. Lane continues to state that Oswald would not have received a fair trial had he lived and that the President's Commission is a "highly political" group which in Lane's opinion should be "nonpolitical" in nature. Lane claims, as in the past, that numerous facts in the investigation of the assassination have been shrouded in secrecy. He also claimed that a story had been planted in the press by means of Michael Howard, a Secret Service Agent, to the effect that a Negro janitor in the Texas School Book Depository Building had seen Oswald "pull the trigger" to kill President Kennedy (Lane's allegation above appeared in the 5-8-64 issue of the "National Guardian." Previous inquiry has failed to identify any such witness, and the President's Commission has been advised of this as well as of Lane's claim in the "National Guardian"). Lane continues to claim that doctors at Parkland Memorial Hospital, Dallas, originally stated that the throat wound of President Kennedy was an entrance wound, but that later, on insistence by Secret Service Agents, these doctors changed their statement and referred to the throat wound as an exit wound. Items being furnished President's Commission furnished by Boston airtels 5-8-64 captioned "Mark Lane, EM-C" and 5/11/64 captioned "Lee Harvey Oswald, IS - R - Cuba."

Mr. Arlen Specter, Staff Counsel, The President's Commission, called Special Agent Robert A. Frazier on May 8, 1964, to request that he appear before the Commission on May 13, 1964, to testify concerning his examination of President Kennedy's clothes, Governor Connally's clothes and the Presidential limousine. Mr. Specter stated he would call to advise the specific time at which SA Frazier should appear.

SA Frazier will testify concerning the holes in President Kennedy's clothes and Governor Connally's clothes as to whether they were characteristic of bullet holes and as to whether they were entrance or exit holes. All examinations have shown the holes in the back of the President's coat and shirt were typical of bullet entrance holes and the hole in the front of the President's shirt in the collar area was characteristic of an exit hole of a projectile. A small elongated nick, present in the left side of the knot of the President's tie may have been caused by the projectile which exited from the front of the President's shirt but due to the characteristics of the nick, no additional observations relative to it could be made. Although Governor Connally's clothes were cleaned and pressed before we received them, we found holes similar to bullet holes in his coat, shirt and trousers. The direction of passage of the bullet was not indicated by the clothing.

SEVEN,

56 MAY 19 1964

Memorandum to Mr. Conrad
ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY,
11/22/63, DALLAS, TEXAS
62-109060

The Presidential limousine was examined for bullet fragments and bullet impact areas during the early morning hours of November 23, 1963. It is expected that SA Frazier will testify to the characteristics of the impact area on the inside surface of the windshield and on the inside surface of the chrome strip above the windshield. These two impact areas may have been caused by the two bullet fragments found in the front seat area of the limousine by the Secret Service shortly after the limousine arrived by air from Dallas on November 23, 1963. Mr. Specter stated that he would also like testimony concerning the nature and location of recovery of the three lead fragments found on the floor in the rear seat area of the limousine by our Laboratory examiners.

Mr. Specter requested that SA Frazier bring to the Commission at the time he appears for testimony all of the evidence exhibits listed on the attached page.

ACTION: For information.

C1 Bullet from stretcher

C2 Bullet fragment from front seat cushion

C3 Bullet fragment from beside front seat on right side

C4 Metal fragment from the President's head

C5 Metal fragment from the President's head

C9 Metal fragment from arm of Governor John Connally

Dallas Police Department

Thru:
Lieutenant Jack Revill
Criminal Intelligence Section
Special Service Bureau
Dallas Police Department

Sir:

On November 22, 1963 I was present and accompaning Lieutenant Jack Revill in the banement of the City of Dallas, City Hall located at 2000 Main Street. Lieutenant Revill and myself along with several other Officers had just completed searching the Texas School Book Depository from which Lee Harvey Oswald assasinated the President of the United States, Lieutenant Revill and myself were enroute to the Special Service Bureau Office.

Upon entering the basement of the City Hall Lieutenant Revill and myself met Federal Bureau of Investigation Agent Hosty who had already parked his car and was walking very fast toward the entrance of the City Hall from the parking area. At this time Agent Hosty made the statement that Lee Oswald had killed the President and that Oswald was a Communist. Hosty also said that he knew that Oswald was a Communist and that he knew Oswald was working at the School Book Depository.

While we were in the basement Hosty also said several things to Lieutenant Revill that I could not hear as there was a lot of excitment and commotion there.

Lieutenant Revill and myself then accompanied Hosty to Captain Fritz's office and Lieutenant Revill introduced Hosty to Lieutenant Ted Wells. We, Lieutenant Revill and myself then went to the Special Service Bureau Office where Lieutenant Revill made a Report of the incident and turned the report into Captain W. P. Gannaway who is in Charge.

Respectfully submitted

Commission Exhibit No. 709

November 22, 1963

Captain W.P. Gannaway
Special Service Bureau

SUBJECT: Lee Harvey Oswald
605 Elsbeth Street

Sir:

On November 22, 1963, at approximately 2:50PM, the undersigned officer met Special Agent James Hosty of the Federal Bureau of Investigation in the basement of the City Hall.

At that time Special Agent Hosty related to this officer that the Subject was a member of the Communist Party, and that he was residing in Dallas.

The Subject was arrested for the murder of Officer J.D. Tippit and is a prime suspect in the assassination of President Kennedy.

The information regarding the Subject's affiliation with the Communist Party is the first information this officer has received from the Federal Bureau of Investigation regarding same.

Agent Hosty further stated that the Federal Bureau of Investigation was aware of the Subject and that they had information that this Subject was capable of committing the assassination of President Kennedy.

Respectfully submitted,

Jack Revill

SUBJECT:

THE PRESIDENT'S COMMISSION

Yesterday, former SA John Fain, and SAs John Quigley and James Hosty reported to the offices of the Commission on the President's Assassination, for the purpose of going over their proposed testimony with the Commission staff members. Inspector Malley and I sat in, particularly as the Commission has asked me to testify on Wednesday morning, 5/6/64.

Mr. Stern of the staff conducted the questioning, which consisted of going over the investigation conducted by these agents relative to Oswald, with considerable stress on the interviews of Oswald by Fain and Quigley, and their impressions of Oswald. Both of them stated there was no indication that Oswald possessed a potential for violence.

In connection with SA Hosty, Mr. Stern went into his handling of the case in Dallas, including his reopening of the case in March, 1963, and subsequent interviews with Mrs. Paine, and the location of Oswald. Mr. Stern also talked to Hosty regarding his conversations with members of the Dallas PD and Sorrels of Secret Service, subsequent to the assassination.

Hosty identified his affidavit denying that he had made the statements attributed to him, and reiterated that he had not made such statements. All three agents flatly stated that they had no information regarding potential violence on the part of Oswald, and if they had possessed such information, in accordance with Bureau instructions they would have seen that it was sent to Secret Service immediately upon receipt. As a matter of fact, Hosty told Stern that about a week or ten days prior to the assassination, the Dallas SAC, at a conference of agents, instructed that any information of possible threats to the President or Vice President be furnished immediately to Secret Service. Again on the morning of 11/22/63, the SAC reiterated to all agents that any such information must go immediately to Secret Service. Hosty said that, while there was no basis to furnish any information about Oswald, he did participate in the preparation of one memorandum which was sent to Secret Service, and he actually delivered leaflets to Secret Service which had been distributed on the streets of Dallas.

ORIGINAL FILED IN

Mr. Tolson

Last night, following the Director's approval, Volume I of the Oswald file was shown to Mr. Stern of the Commission and was compared, serial by serial, with the list briefly describing the contents of the file which we prepared in letter form to Rankin yesterday afternoon. Stern appeared well satisfied and, in accordance with his request, I will take the file with me to the Commission hearing to answer any further questions they may have and to make it clear that we are not hiding anything.

Last night, Mr. Stern advised he had talked to Mr. Rankin and they suggested that Walley and I attend the hearing on 5/5/64 when the agents testified, so that I would be in a position to explain any policy questions that might arise which the agents could not answer. Stern said that Rankin and he proposed that I be put under oath, along with the agents, and thus be in a position to participate where necessary. I told him I would be glad to do this.

This morning, however, when we reported to the Commission offices, Mr. Rankin came out of the hearing room and advised that the Chief Justice did not consider it advisable for Walley and me to be in the hearing, as this would indicate that we were supervising the agents while they testified. I told Mr. Rankin this was the prerogative of the Chief Justice, and that I would stand by in case any questions arose.

Former SA Fain testified this morning, and he advised me that it was along the same lines as the rehearsal with Mr. Stern yesterday. During his testimony Mr. Rankin came out and apologized for the fact that I was kept waiting. I told him that I was completely at the disposal of the Commission. Following Fain's testimony, Mr. Stern came out and said the Commission wished to excuse me for the remainder of the day, to report back in the morning, and if any questions arose as a result of the testimony of Quigley and Hosty, he would let me know.

Last night, Mr. Stern brought over copies of the affidavits of Lt. Revill and Detective Brian, of the Dallas PD, which we had requested several days ago and which we again asked for yesterday. They are attached. It is noted that they differ considerably from the newspaper account in the Dallas News. However, Revill's affidavit, in the last paragraph, quotes Hosty as stating that the FBI had information that Oswald was capable of committing the assassination of President Kennedy. Brian's affidavit does not go this far, although Brian says, as does Revill, that Hosty related that Oswald was a communist.

Dear Mr. Rankin:

Reference is made to your letter of May 6, 1964, requesting a handwriting examination of a letter marked "A. Johnson Exhibit #7." This exhibit has been designated as FBI Exhibit D-213.

It was concluded that FBI Exhibit D-213 was written by Lee Harvey Oswald, whose known handwriting specimens are designated as FBI Exhibits D-3 and D-4.

The submitted evidence is returned herewith.

Sincerely yours,

J. Edgar Hoover

APR 30 1964

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Department of Justice
Washington, D.C. 20535

Dear Mr. Hoover:

Would you please have your Dallas office interview Miss Yoico Okui. We do not have her address. However, we do have her telephone number which is Fleetwood 7-0367.

We obtained her telephone number from Mr. Henry Rogatz who resides at 407 Corcoran Chapel Road in Dallas. His telephone number is Fleetwood 2-6615. He is a self employed geologist. His business telephone number is the same as his residence number, above given.

Our interest in Miss Okui arises out of the fact that witnessess, whose depositions we have taken, have testified to her presence at a year-end combination Christmas-New Year's party December 28 - 30, 1962, at the residence of Mr. and Mrs. DeClan T. Ford at 14057 Brookcrest Drive, Dallas, Texas. Among other guests were Marina and Lee Harvey Oswald. (See Special Agent Gemberling's Report #100-10461, pages 153-163.)

Witnessess have emphasized that Miss Okui arrived at the party with a male escort (whom we have not as yet been able to identify, and that Lee Harvey Oswald immediately took an interest in her and engaged her in conversation off in a corner for a considerable period of time during the evening; that the private attention given Miss Okui by Oswald was so extended that it caused

NOT RECORDED
189 MAY 18 1964

15 MAY 15 1964

comment on the part of other guests; that Marina Oswald became incensed and evidenced her displeasure by remarks to Oswald; that Miss Okui's escort (as indicated above, presently unknown to us) likewise, evidenced pique; and that Marina in the days and perhaps weeks that followed this party, accused Oswald of having seen Miss Okui from time to time.

Witnessess have testified that Miss Okui came to Dallas and served as a domestic in the home of a Dallas couple whom none of the witnessess could identify for us. All of the witnessess report that their impression is that Miss Okui came of a fine family in Japan; that she appeared to be well educated and genteel; and that they were under the impression that she was serving as a domestic, understandably in their minds, in order to establish herself in the United States before seeking employment or interests more suited to her apparent education and gentility.

However, the witnessess expressed wonderment about the fact that Oswald struck up an immediate acquaintance with Miss Okui and continued that acquaintance that evening.

In a telephone conversation, April 28th, 1964, between Albert E. Jenner, Jr. of our staff and the above mentioned Mr. Rogatz, the latter reported to Mr. Jenner that Miss Okui was in Dallas, that she was an accomplished musician, that she was earning a living teaching flower making and other Japanese handiwork, that he was aware that Miss Okui had attended the party in question and that, in his opinion, the tete-a-tete between Oswald and Miss Okui was a pure coincidence.

We are advised that Mr. Lev Aronson, who lives at 8418 Swananoah Road, Dallas, and whose telephone number is Fleetwood 7-5150, is acquainted with Miss Okui. Mr. Aronson is the chief cellist of the Dallas Symphony Orchestra. He can be reached at the McFarland Building at Southern Methodist University or at Atkins Hall at SMU where he is employed as a music teacher. We believe his telephone number at the University is Emerson 3-5611.

We are also advised that Mr. Igor Voshinin, who lives at 3504 Mockingbird Lane, Dallas, Texas and whose telephone number is Lakeside 1-2504, may be an acquaintance of Miss Okui's, though slight, if any. He is a civil engineer with Mulland and Powell, Room 604,

505 North Ervay (Reliance Building), Dallas, Texas. His business telephone number is Riverside 1-4451.

If in your interview of Miss Okui you should discover the names of her initial employers in Dallas who presumably were her employers at the time of the DeClan Ford party in December 1962, we would be pleased to have you interview those employers so that we may be advised as to the circumstances under which Miss Okui came to Dallas and be afforded whatever information they have as to her background.

For the moment we are not interested in extending the interview and investigation respecting Miss Okui beyond the limits indicated in this letter. We do not have any information at the moment which would lead us to suspect Miss Okui, that is, information beyond the incident which is described above.

We greatly appreciate your continued cooperation and the immeasurable assistance which you have afforded the Commission.

Sincerely,

J. Lee Rankin

Airtel 62-109090

To: SAC, Dallas (100-10461)

From: Director, FBI (105-82555)

LEE HARVEY OSWALD
IS - R - CUBA

There are enclosed two copies of letter from the Commission dated 4/30/64. The party referred to in incoming is undoubtedly the affair at the Doolan Fords between December 28-30, 1962, which is treated on pages 153 through 163 of your 1/7/64 report in this case. Miss Okui (Bureau indices negative) may be the Chinese woman who was in attendance at party in company of Russian man who was referred to on page 160 of aforementioned report.

Interview Miss Okui, developing full background data and all information in her possession concerning Oswald and the party in question. Identify her male escort. Ascertain nature of her conversation at party with Oswald and determine whether or not she met with Oswald or Marina subsequent to the party. Identify Miss Okui's employer at time of party and conduct interview of employer as requested by Commission. For present, limit inquiry to foregoing. Should you encounter difficulty in locating Miss Okui, it will be permissable to contact the other individuals identified in incoming who reportedly are her acquaintances.

Should revelations of Miss Okui suggest advisability of interviewing her male escort, furnish summary of facts to Bureau and await instructions. Handle immediately. Submit LHM.

Enclosures - 2

The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated April 22, 1964, concerning two pieces of luggage believed to have been the property of Lee Harvey Oswald which have been designated Exhibits A-1 and C-254. In connection with requested investigation concerning the aforementioned Exhibits, there are enclosed the following items:

(1) Two copies each of memoranda dated April 30, 1964, and May 7, 1964, and two samples of adhesive address labels issued by the Continental Trailways bus line which are described in enclosed memoranda.

(2) Two copies each of color photographs of Exhibit A-1; of four color photographs depicting both sides of Exhibit C-254 and three black and white photographic enlargements depicting a portion of a baggage check and two fragments of address labels which were affixed to the top of Exhibit C-254.

We have been advised that the yellow marking on one side of Exhibit C-254 was made by Mexican Customs officials at Nuevo Laredo, Mexico, and that the mark indicates the bag was checked by Mexican Customs at Nuevo Laredo on September 26, presumably 1963, the date Oswald entered Mexico at Nuevo Laredo. For your information, there are no discernible markings on Exhibit A-1.

J. Edgar Hoover

Enclosures (18)

NOTE:

Letterheads were prepared by Houston and Dallas and describe the fragments of address stickers on C-254 and establish that these were Continental Trailways forms. Commission in its 4/22/64 letter suggested the fragments may have been forms of other bus lines. Dallas 5/7/64 letterhead shows that Marina Oswald, Oswald's brother and Mrs. Ruth Paine could not furnish positive information concerning bags taken by Oswald to Mexico. Information re the yellow marking "9/267 on C-254 is from San Antonio teletype 5/11/64. This will be reported by Dallas later. Letterheads have been approved for dissemination by Messrs Belmont and Malley.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to my letter of May 8, 1964, which advised that Dallas Police Chief Jesse E. Curry denied that he ever received a letter from the Justice Department and that he had been requested by any official of the FBI not to arrest Oswald or Ruby, as alleged in an article from the May 17, 1964, issue of the "National Enquirer."

By letter dated May 13, 1964, from the Deputy Attorney General we were advised that a check of the files of the Department of Justice discloses no reference to an alleged letter from a high official of the Justice Department to Dallas Police Chief Jesse E. Curry nor any reference that an FBI official was asked to request the Dallas Police not to arrest Oswald or Ruby.

This completes our inquiry in this matter.

Sincerely yours,

J. Edgar Hoover

Memorandum

TO : Mr. Conrad

DATE: May 6, 1964

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY, 11/22/63, DALLAS, TEXAS

Reference memorandum dated February 26, 1964, from W. D. Griffith to Mr. Conrad concerning a continuing project wherein the Bureau has undertaken to furnish the Commission with photographs of all Commission exhibits.

On May 1, 1964, Mr. Melvin Eisenberg, a Commission staff member, called SA Marion E. Williams of the Laboratory's Physics and Chemistry Section and requested that a Bureau representative take custody of the listed exhibits.

Eisenberg further requested that the Commission be furnished with three photographs of each exhibit not previously photographed.

As a matter of record, SA Cortlandt Cunningham received from Mr. Eisenberg on May 1, 1964, the listed exhibits which are presently in Bureau custody.

The photography will be handled by an Agent Examiner of the Laboratory's Document Section.

It is noted that De Mohrenschildt Exhibits 1 through 15 and Commission Exhibits number 387, 391 and 392 did not originate from the Bureau, therefore, they will be returned to the Commission along with the photographs.

ACTION: Exhibits will be photographed and three copies will be supplied to the Commission as requested. Those items originally supplied to the Commission by the Bureau will be kept in Bureau custody. Exhibits not originating from the Bureau will be returned along with the photographs.

Honorable J. Lee Rankin

NOTE: Commission representatives who visited Mexico asked for large wall map of Mexico, D. F., and pictures of areas in Mexico frequented by Oswald. Legat has dispatched enclosed photos, several of which are composite type. On 5-13 Inspector Malley discussed these photos with Mr. Willens of Commission staff who requested that one copy only rather than the usual 2 of the photographs in question be sent to the Commission for their perusal, after which Commission will advise as to exact pictures they desire.

NOTE FOR EXHIBIT SECTION:

By extra copy of this letter there are being furnished to Exhibits Section a work order, a set of the photos in question and Legat Mexico City's letters (2) dated 5-7-64 together with enclosures thereto. It is suggested that preparation of the exhibit be held in abeyance pending Commission reply to this letter.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter of May 12, 1964, requesting this Bureau to interview Mr. H. L. Bright, Mr. Edgar Crisety and Mr. Nelson Bunker Hunt in connection with the advertisement which appeared in the "Dallas Morning News" on November 22, 1963, entitled "Welcome, Mr. Kennedy to Dallas." This advertisement was signed by the "American Fact-Finding Committee, Bernard Weissman, Chairman, Post Office Box 1792, Dallas 21, Texas."

Enclosed are two copies of a memorandum entitled "Lee Harvey Oswald" dated May 19, 1964, at Dallas, Texas, which sets forth results of our interviews with Mr. Bright, Mr. Crisosy and Mr. Hunt concerning this matter. In the absence of a specific request of the Commission, we do not contemplate any additional investigation in this particular matter.

Sincerely yours,

SECRET

John Edgar Hoover

Honorable J. Lee Rankin

NOTE: The ad which appeared in the "Dallas Morning News" 11-22-63 was a highly critical ad of policies of President Kennedy. We learned the money for this ad was solicited by Joseph P. Grinnan, Dallas independent oil man. At request of the President's Commission, we interviewed Grinnan 4-20-64 to determine names of the contributors to this ad. Grinnan identified Bright, Crissey and Hunt as main contributors. We disseminated results of our interview with Grinnan to the Commission and the Commission by letter 5-12-64 requested we interview Bright, Crissey and Hunt re their knowledge of the ad and identities of anyone else who so contributed. Each of these 3 men admitted contributing to the ad. Bright & Crissey indicated others also contributed to the ad, but they declined to furnish the identities of such individuals.

Dear Mr. Rankin:

Reference is made to a telephonic request from Mr. Melvin Eisenberg of your staff on May 15, 1964, in regarding the preparation of photocopies of certain Commission exhibits, and in order to avoid confusion the

Pursuant to this request, a representative of this Bureau obtained the exhibits in question and enclosed herewith are three sets of photocopies of Commission exhibits numbered 133, 565, 608 through 649, 642 through 647, 649 through 652, 655 through 673 and 746 through 755.

Also enclosed herewith are Commission exhibits numbered 608 through 625 and 662.

This letter will also confirm the delivery of three photocopies of Commission exhibit number 111 which were furnished to the Commission by a representative of this Bureau on May 21, 1964. These photocopies were prepared in accordance with an informal request by Mr. Eisenberg on May 18, 1964.

Sincerely yours,

Edgar Hoover

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Pennsylvania Ave. & 9th St. N. W.
Washington, D. C. 20535

Dear Mr. Hoover:

The Commission has information that Earlene Roberts, who was the manager of the house on Beckley Street in which Lee H. Oswald lived at the time of the assassination of President Kennedy, may have been in San Antonio, Texas on November 21, 1963 at the time President Kennedy visited that city.

It is requested that Earlene Roberts be reinterviewed to determine where she was during the day of November 21, 1963. If she claims that she was in Dallas or elsewhere on that day, then she should be requested to account for her activities so that a check out can be made to corroborate her statements. If she states that she was in San Antonio on that date, then in addition she should be requested to state why she did go to San Antonio.

When Earlene was interviewed by FBI agents as late as December 23, 1963 (See Clements Jan. 8, 1964 p.400) she resided at 1026 Beckley Street, Dallas, Texas. Her sister is Bertha Chceks and as late as April 14, 1964 she was living at 5901 Hillcrest, Dallas, Texas.

Sincerely,

J. Lee Rankin

NOTE:

Letter received from the Commission 5-28-64, requesting a reinterview of Earlene Roberts who is the sister of Mrs. Bertha Cardelia (Vogle) Cheek, a wealthy woman who knew Jack Ruby in view of their mutual interest in night clubs. Earlene Roberts was the landlady at Lee Harvey Oswald's Beckley Street residence at the time of the assassination. Roberts has previously indicated she did not take an active part in the management of this address and has declined knowing Oswald or Ruby. The matter concerning whether there has been A CONFESSION between Oswald and Ruby has previously been thoroughly investigated.

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20535

Dear Mr. Hoover:

Kenneth L. Dowe, 1008 Beechwood, Apt. 1001, Dallas, Texas, a radio announcer for Station KLIF Dallas, Texas, advised the FBI that he recalled that during the period November 22-24, 1963, Ruby visited the premises occupied by KLIF on at least two occasions and telephoned three other times. (See Clements, December 19, 1963, p.80)

The Commission requests that Mr. Dowe be reinterviewed so as to develop further details concerning the following:

1. When did Dowe first meet Ruby, where and under what circumstances? What was the relationship of Ruby to Dowe and KLIF before November 22?

2. When did Dowe first call or talk to Ruby after the President was shot? What occurred during the occasions when Ruby visited KLIF, including the length of the visits, the names of all persons present, and Ruby's actions and statements.

3. How did Ruby obtain the "hot line" telephone number R17-9319 of KLIF? What is the significance of the "hot line" telephone, i.e. is it a secret number or is it a direct connection with a phone located elsewhere, and if so where?

4. Is he sure all telephone calls occurred on November 23? How does he fix the date as Saturday rather than Friday?

NOTE: We previously interviewed Dowe, an announcer for Radio Station KLIF, Dallas, on 12/14/63 at which time he stated that he had received three telephone calls from Ruby on Saturday 11/23/63 between 2 and 5 p.m. on KLIF "hot line." Ruby in first call asked if he knew when Oswald was to be transferred. On the second call he inquired as to whether KLIF newsmen were at City Hall. On the third call he identified himself as Ruby and said he was going to City Hall and, if he learned anything newsworthy, he would advise KLIF. He indicated he had only known Ruby a very short time and said he knew nothing of his background, personal life, or political convictions. Commission requests reinterview of Dowe for more specific details re his relationship with Ruby.

Articles by Thomas Gittings Buchanan, Jr., on his version of the assassination of President Kennedy have been appearing in recent months in the French newspaper "L'Express." Copies of past articles received from the Legal Attache, Paris, with translations thereof, have been furnished to the President's Commission. Buchanan was a reporter for the "Washington Evening Star" from 1948 to 1960 when he was dismissed after admitting Communist Party (CP) membership to an official of that paper. In 1952 and 1953 he admitted CP membership, but in 1956 advised that he had left the CP. His name is carried on the Reserve Index.

Previous articles by Buchanan have set forth his theory, based on speculation and unfounded material, that President Kennedy was the victim of a right-wing conspiracy, that Lee Harvey Oswald was an agent of the FBI and/or the Central Intelligence Agency and that the investigation of the assassination was covering up discrepancies which cast doubt on Oswald's guilt.

In his latest article in the 4-9-64 issue of "L'Express" entitled "I Accuse," Buchanan blames a "Mr. H." for the conspiracy to assassinate President Kennedy because the latter's policies were counter to the thinking of "Mr. H." and other extremists. According to Buchanan, "Mr. H." and his sympathizers stated that it was impossible to negotiate with the communists and that co-existence with communists was impossible. Buchanan infers that "Mr. H." is H. L. Hunt, the wealthy Dallas oilman who Buchanan identifies as the head of an oil business worth two billion dollars.

Buchanan states that "Mr. H." in the past had three principal enemies. The first was the Italian industrialist and Head of the Italian Government Oil and Gas Agency, Enrico Mattei. Buchanan speculates that "Mr. H." had something to do with Mattei's death in an airplane crash in Italy in October, 1962. Mattei was reported by "Time" magazine 11-2-62 to have been the "most powerful man in Italy," with extensive financial holdings and operations in Italy and other countries. Mattei, prior to his death, had signed

9 MAY 19 1964

ORIGINAL FILED IN 105-42555-

an agreement with the Soviet Union to receive Russian oil in Italy at a price below the American oil prices. Buchanan infers that Mattei's business deals upset and disturbed "Mr. H."

According to Buchanan, the second enemy of "Mr. H." was President Kennedy because he held opposing beliefs on political, financial and international matters. The third enemy of "Mr. H." was Khrushchev, Head of the communist Russian nation. Buchanan states that "Mr. H." thought that he would be able to accomplish a "double stroke" in the assassination of President Kennedy. One would be to get rid of President Kennedy and the other would be to discredit Khrushchev and negate his efforts to release world tensions.

Buchanan lists a number of "conspirators" whom he accuses of having aided "Mr. H." in executing his plan. They are: (1) The policeman who issued the warrant of arrest against Oswald when there was no reason whatever to suspect him in the assassination; (2) The "murderer" who fired at least one shot from the top of the railroad bridge in front of the President's motorcade; (3) Another "murderer" who fired at least two shots from the Texas School Book Depository Building; (4) An "accomplice" who was ordered to kill Oswald in cold blood (apparently Dallas Police officer J. D. Tippit who was killed by Oswald); (5) Lee Harvey Oswald, whom Buchanan claims was a former informant of the FBI; (6) An "accomplice" who permitted Oswald to leave the Texas School Book Depository Building despite the orders of Police Chief Curry; (7) A policeman in civilian clothes who followed Oswald for an hour but who did not arrest him; (8) A number of "municipal police and Federal investigators."

Buchanan claims at the end of his article that dozens or perhaps even hundreds of witnesses were instructed by authorities on the manner in which they should testify.

The claims in this article by Buchanan are unfounded, exaggerated and/or speculative without basis in fact. It is noted his position has been advanced in the communist and left-wing press here and abroad.

The President's Commission is being furnished a copy of Buchanan's article in "L'Express" of 4-9-64 along with two copies of a translation thereof.

RECOMMENDATION: That the attached letter be sent to the President's Commission.

ORIGINAL FILED IN 105-82555-3695

NOTE CONTINUED:

and translations thereof have been furnished to the Commission. Last article being sent to Commission discusses two photos of Oswald holding a rifle which appeared in (1) "Life" magazine 2/21/64 and (2) "Detroit Free Press, 2/17/64 and "Newsweek" 3/2/64. These are apparently copies of photos admittedly taken by Marina Oswald in Spring of 1963 and seized by Dallas PD after assassination which were obtained, retouched and published by press. Buchanan notes that "Life" photo shows telescopic lens on rifle, while "Detroit Free Press" photo does not appear to have a telescopic lens on the rifle held by Oswald. At the request of the Commission we conducted inquiry as the source of photos in the press and found they apparently emanated from an unidentified source in the Dallas PD. Bureau representative has already testified before Commission re the original photo and the retouching of the photo for publication purposes. The Commission being furnished copy of Buchanan article and translation thereof for its information.

Warren Commission

James Angleton just called me to advise that Mr. McCone, Director of CIA, will testify before the Commission tomorrow. Angleton said it occurred to him that it would be well for both McCone and Mr. Hoover to be aware that the Commission might ask the same questions wondering whether they would get different replies from the heads of the two agencies. Angleton wanted us to know some of the things which he believes McCone will be asked and the replies which will be given.

One question will be "Was Lee Harvey Oswald ever an agent of CIA?" The answer will be no. A second question will be "Does CIA have any evidence showing that a conspiracy existed to assassinate President Kennedy?" The answer to this question will also be no. The third question will be "What suggestions does CIA have to offer for safeguarding the life of the President of the United States?" Angleton didn't have the complete answer to this worked out but because of the nature of the question, it wouldn't conflict with what the Bureau has already suggested. A fourth question will be "Does CIA believe the Soviet documents on Oswald submitted to the Warren Commission accurately reflect the Soviet relations with Oswald?" Angleton said their answer cannot be either a flat yes or no because they do not have the knowledge to so state. He said he believes McCone's answer will be to the effect that CIA is aware that Soviet Russia does have a directorate charged with the responsibility for carrying out assassinations and, therefore, these documents in question would not normally reflect accurately relations with such a person as Oswald. However, on the other hand, CIA has no evidence that Oswald was under the instructions of this directorate charged with assassinations.

Angleton said if anything further developed today which would be helpful to us, he would call.

RECOMMENDATION:

For the information of the Director.

1 - Branigan

TO : W. C. Sullivan

DATE: 5-13-64

FROM : W. A. Branigan

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

The President's Commission has forwarded an article appearing in the "National Enquirer" issue of 5-17-64. In essence, the sensational article alleges that a high official of the Justice Department sent a letter to Dallas Police Chief Jesse E. Curry requesting the Dallas Police not to arrest Oswald and Ruby in connection with the General Walker shooting.

By memorandum of 5-8-64 you were advised that Chief Curry in an interview on 5-7-64 emphatically denied that he had ever been requested by the Justice Department or any official of the FBI not to arrest Oswald or Ruby. A letter incorporating the results of the interview of Chief Curry was forwarded to the President's Commission on 5-8-64.

At the same time, since the Commission had specifically requested that they be advised as to any knowledge possessed by the Justice Department, a letter was sent to the Deputy Attorney General advising of the request from the President's Commission. The Director noted, "Follow up and get prompt action."

Assistant Director Evans was in contact with Mr. Katzenbach's office on May 12 and May 13. We have now received a letter dated May 13, attached, which was hand delivered from the Deputy Attorney General. In this letter he advises that a check of the files discloses no reference to an alleged letter from a high official of the Justice Department to Chief Curry nor any reference that an FBI official was asked to request the Dallas Police not to arrest Oswald or Ruby.

The story that appeared in the "National Enquirer" is, therefore, a complete fabrication.

62-109090-

RECORDED

ACTION:

There is attached a letter to the President's Commission advising of the information furnished by the Deputy Attorney General and pointing out that our inquiry in this matter is now complete.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

The President's Commission has forwarded an article appea in the "National Enquirer," issue of 5/17/64. In essence, the sensational article alleges that a high official of the Justice Department sent a letter to Dallas Police Chief Jesse E. Curry reques the Dallas Police not to arrest Oswald and Ruby in connection with th General Walker shooting.

The Commission requested that the Bureau interview Chief Curry concerning his knowledge of the alleged letter and also requeste that the Commission be advised as to any knowledge possessed by the Justice Department or the Bureau concerning the allegations in the article.

ACTION:

1. SAC, Shanklin, Dallas, interviewed Chief Curry on 5/7/64. Curry emphatically stated he had never received or heard of a letter to his department from the Justice Department and that he had never been requested by any official of the FBI not to arrest Oswald or Ruby. He described the allegations as absolutely false and added that prior to the assassination neither he nor his department had ever heard of Oswald. Attached for approval is letter to Rankin advising of the interview with Curry. This letter points out that the Bureau has no information in its files concerning the alleged letter from a high official of the Justice Department, nor any reference that an FBI official was asked to request the Dallas Police not to arrest Oswald or Ruby. Rankin is also advised that we are making inquiry of the Justice Department and upon receipt of the results of that inquiry the Commission will be advised.

CIVIL RIGHTS
CO: DALLAS

Enclosed herewith are [illegible] copies for each office of a self-explanatory letter from the President's Commission dated 6/1/64 requesting that we reinterview Mr. Ira Colitz concerning his knowledge of Jack Ruby during the period 1930 to 1946. It is noted that Colitz was previously interviewed by SA James W. Dewhirst at Chicago, Illinois, on 11/25/63.

Chicago handle the requested reinterview of Colitz making certain that each point set forth in the Commission's letter is thoroughly covered.

Submit results by letterhead memorandum suitable for dissemination within three days of receipt of this communication. Furnish copies of appropriate FD-302 to Dallas for inclusion in a subsequent report.

JWH/cac
(6)

NOTE: Colitz was previously interviewed on 11/25/63 for his immediate knowledge of Ruby and his activities in connection with Ruby's shooting of Oswald. Colitz stated that he was from the same general area as Ruby, had become acquainted with Ruby through Barney Ross and had known him from 1930 until he moved to Dallas in 1946 or 1957. He also had a general acquaintance with Ruby's family. The Commission desires reinterview of Colitz for more detailed information concerning Ruby's associations and activities during this period, 1930 to 1946.

TO DIRECTOR FBI (62-109060)
Attention: Inspector JAMES R. MALLEY

FROM SAC DALLAS (100-10461)

SUBJECT ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11/22/63, DALLAS, TEXAS
MISCELLANEOUS - INFORMATION CONCERNING

On 5/23 and 24/64 certain technical data requested by the President's Commission in their letter dated 5/7/64 was obtained by representatives from Seat of Government.

On 5/25/64 SA LYNDAL A. SHANEYFELT personally took the movie camera of ABRAHAM ZAPRUDER, described as a Bell and Howell Model 414 PD 8 mm Zoomatic, Serial No. AS13486, and the case for such camera for return to the FBI Laboratory which camera is to be returned to the Bell and Howell Company at Chicago, Illinois, when it has served its purposes.

On 5/25/64 SA SHANEYFELT personally delivered to the Dallas FBI Office for safekeeping the camera of MARIE MUCHMORE, described as a Keystone 8 mm Zoom camera, Serial No. 20648, and the camera of ORVILLE NIX, described as a Keystone Auto Zoom Model K-810 8 mm movie camera with leather carrying case, Keystone No. 702.

It is suggested the Bureau may desire to ascertain from the President's Commission if the MUCHMORE and NIX cameras may now be returned to their owners. It is pointed out that NIX has previously indicated he must have his camera on or before 6/5/64 or it will be necessary for him to rent a similar camera which rental it is understood by NIX will be paid by the President's Commission.

Dear Mr. Rankin:

Reference is made to the conversation had with you on June 1, 1964, by Mr. James R. Malley concerning the retention of the cameras of Orville Nix and Marie Muchmore, as well as the Bell and Howell camera owned by Abraham Zapruder and subsequently turned over to the Bell and Howell Company in Chicago, Illinois.

In accordance with this conversation, inasmuch as the President's Commission has no further need for these cameras, arrangements are being made for these cameras to be returned to their owners as soon as possible.

Sincerely yours,

J. Edgar Hoo

Dear Mr. Rankin:

Pursuant to the request of the members of your staff who visited Mexico, D. F., there are enclosed twelve photographs of various areas of Mexico, D. F., and Monterrey, Mexico, which bear some relationship to the activities of Lee Harvey Oswald in Mexico. There are also enclosed twelve photographs of material briefly describing the scenes depicted.

It is requested that you advise as to which of the enclosed photographs you desire be enlarged for inclusion in the Commission's records.

As requested in your letter dated April 24, 1964, we have acquired a wall map of Mexico, D. F., and will mark same and prepare from it a formal exhibit. In this connection, it would be appreciated if you would advise as to whether or not you desire to utilize any of the enclosed photographs in connection with the production of the exhibit. You may desire to have members of your staff contact Inspector Leo J. Gauthier of this Bureau in connection with the format and other factors relating to the production of the exhibit.

Sincerely yours,

J. Edgar Hoover

NOTE: On May 18, 1964, Miss Mary Norton, Secretary to Mr. Arlen Specter, Commission Staff, made the above request of SA Robert E. Neill.

Commission Exhibits numbered 844 through 862 are being returned to the Commission inasmuch as these Exhibits did not originate from the Bureau.

840	Three small lead particles found on rug underneath left jump seat of President's car.
841	Lead residue found on inside surface of glass of windshield.
842	Small fragment of metal from wrist of Governor Connally.
843	Two metal fragments removed from the President's head at time of autopsy.
844	Photograph of permanent tract produced in gelatin tissue model by 6.5 mm Mannlicher-Carcano ball fired at 90-yard range.
845	Photograph of permanent tract produced in gelatin tissue model by 7.62 mm ball, M30, fired from M14 rifle fired at 100 m range.
846	Photograph of permanent tract produced in gelatin tissue model by cal. .257 Roberts soft point hunting bullet fired at 100 m range.
847	Photograph of setup for measuring exit velocities from animal tissues.
848	Photograph of setup for measuring exit velocities from clothing-covered gelatin tissue model.
849	Photograph of typical permanent cavity produced in 20% gelatin by bullet at 60-yard range.
850	Photograph of holes in goatskin produced by bullets before passing through 13.5 to 14.5 cm of animal tissue (left) and upon leaving the tissue (right).
851	X-ray of comminuted fracture of 8th left rib of goat.
852	Photograph of comminuted fracture of goat rib at 70-yard range.
853	Bullet which was fired through goat.
854	X-ray of comminuted fracture of human radius.
855	Photograph of comminuted fracture of human radius at 70-yard range.
856	Bullet that caused damage shown in Commission Exhibits Nos. 854 and 855.

62-109090

NOTE: General Walker made a speech at Dartmouth, Mass., on 5-10-64 wherein he stated that the Warren Commission investigating the assassination of President Kennedy was attempting to suppress an alleged relationship between Lee Harvey Oswald and Jack Ruby. The newspaper also reported that General Walker got into a pushing scuffle with a free-lance television photographer who was attempting to photograph Walker during his speech. Our investigation has disclosed no relationship between Oswald and Ruby and we are conducting no investigation concerning the instant incident involving General Walker.

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Pennsylvania Ave. N. W. & 9th St. N. W.
Washington, D. C. 20535

Dear Mr. Hoover:

The Commission would appreciate your conducting further investigation into the activities of Jack Ruby aka Jack Rubenstein while in military service. The Commission already has in its possession the official Defense Department records pertaining to Ruby and your agency has already interviewed Clifford R. Collins (Clements Report December 14, 1963, p.136) and Hershey Colvin (Clements Report, November 30, 1963 p.238), both acquaintances of Ruby while in military service; however, the Commission lacks sufficient information to form a judgment as to Ruby's close friends, behavior, and interests during that period.

The Commission suggests that, for the period June 9, 1944 to February 21, 1946, those non-commissioned officers who directly supervised Ruby might be interviewed concerning Ruby's close friends and behavior. In addition, Mr. Colvin may also be able to identify Ruby's close friends and may be able to give specific examples of Ruby's "quick temper" and "sensitive nature" during that period.

Our records reveal that Ruby was inducted into military service on May 21, 1943, began active duty at Camp Grant, Illinois on May 28, 1943, and served thereafter in the following units beginning on the dates indicated:

June 10, 1943, Recruit Training Center, Keesler Field, Miss.
Sept. 5, 1943, Seymour Johnson Field, North Carolina
Feb. 15, 1944, Eighteenth AAF Technical Training Detachment, Republic Aviation Corporation, Farmingdale, N.Y.
(March 24, 1944 to April 2[illegible], 1944. Place of service not listed; on leave until April 11, 1944)
April 26, 1944, Static Gunnery Section, Bluethenthal Field, North Carolina.
June 9, 1944, 114th Air Force Base Unit, Chatham Field, Georgia.
November 27, 1945, 301st Air Force Base, Drew Field, Florida.
December 8, 1945, 300th Air Force Base, Tampa, Florida

Ruby was honorably discharged on February 21, 1945. Specific inquiry should be made of military friends and supervisors as to Ruby's sexual behavior and interests, criminal associations, and his political and other interests during that period.

Finally, the Commission would appreciate your investigating the allegation that Ruby feigned a hearing disability and actually wore a hearing aid to avoid military service. The Selective Service record of Ruby, a copy of which is enclosed, indicates that Ruby appealed his 1A classification on February 23, 1942 and, in fact, was reclassified 1A(H) or 3A. The Commission suggests that you directly contact the appropriate selective service officials to ascertain if further clarification can be obtained with respect to Ruby's appeal and reclassification in light of the allegation that he feigned hearing difficulties.

Sincerely,

J. Lee Rankin

CIVIL RIGHTS
CO: DALLAS

Enclosed for each of the above offices are two copies of a self-explanatory letter to the Bureau from the President's Commission dated 6/1/64 requesting additional investigation into the activities of Jack Ruby while he was in military service.

St. Louis contact Mr. Robert Wyrsch or Mr. Lester Spall, Reference Service Division, U. S. Army Records Center, St. Louis, for their assistance in obtaining appropriate records (morning reports) which would identify Ruby's noncommissioned officers and/or supervisors in the specific units to which Ruby was assigned while in service. St. Louis should then review appropriate records at the Military Personnel Records Center to determine whether or not these noncommissioned officers and/or supervisors are still in service and thereafter set out appropriate leads for interview of these persons along the lines requested by the President's Commission. A lead should be set out for Washington Field to determine the present location in service of those who have not been discharged.

Also enclosed for Chicago is the copy of Ruby's Selective Service record as furnished by the Commission. Chicago will conduct investigation requested concerning Ruby's Selective Service status. Chicago will also reinterview Dorothy Colvin, Vortigo Key Club, Lawrence and Broadway, Chicago, Illinois, along the lines requested by the President's Commission.

Airtel to SACS, DL, CG and SL
RE: JACK L. RUBY, AKA.

This investigation must be conducted on an expedite basis, and any leads necessary must be set out by teletype. Each office submit results of their respective investigation by letterhead memorandum suitable for dissemination to the President's Commission. Furnish appropriate copies of inserts or FD-302's to the office of origin, Dallas, for inclusion in a subsequent report. Letterhead memoranda submitted must be carefully reviewed prior to submission for substance and accuracy of spelling, grammar and punctuation in order that they may be furnished directly to the Commission upon receipt at the Bureau without delay.

NOTE: The Commission by letter 6/1/64 has requested that we identify and interview the noncommissioned officers who directly supervised Ruby while he was in service from June 9, 1944, to February 21, 1946. Discussion of this request by Liaison with the Department of the Army indicates that it will require an extensive and minute search of old army records which may or may not be in existence to identify these persons and then leads must be set out to locate and interview them. Ruby was at 8 different bases in various sections of the country and in 8 different units while he was in service. We previously interviewed Colvin who was a childhood friend of Ruby's who also knew him in service. He was not at that time specifically interviewed regarding his service connections with Ruby.

Hines

Dear Mr. Hoover:

The Commission has taken the deposition of Curtis Laverne Crafard and would appreciate your undertaking certain investigations to verify his statements.

Crafard stated that he left Dallas shortly before noon on Saturday, November 23, 1963 by obtaining a hitch-hike ride north to Carrolton, Texas. He claims that the ride was with a man whom he met while working at the Texas State Fair in Dallas from October 1, 1963 to about October 21, 1963. Crafard believes that the man worked as a photographer at a booth maintained by another photographer no more than two hundred yards from the location rented by Crafard's employers at the Fair. Crafard, himself, was employed by a Robert Craven, Marvin Gardner and "Deke" Mills who produced a show called "How Hollywood Makes Movies" at the State Fair. Crafard further stated that the man providing him the ride out of Dallas turned off highway U.S. 77 onto a dirt road 20 to 30 miles north of Dallas, perhaps near Carrolton, in order to go to a cottage which the man owned near a lake. The man was accompanied by a nine or ten year old boy and was driving what Crafard remembers as a 1954 or 1955 Chevrolet.

The Commission would appreciate your locating and interviewing this man if possible. In particular, we would like to develop from him an account of the trip with Crafard including any statements Crafard may have made concerning why he was leaving Dallas and where he was going, a description of Crafard's demeanor and emotional state, and any statements Crafard may have made about the activities of himself and Ruby on November 21, 22 and 23. Also, the man might be asked about his acquaintanceship with Ruby, if any; and a brief personal description of the man might be obtained. If the

33

man's recollection is good, we would appreciate your ascertaining when he first had occasion to think about the Crafard trip and what was significant about the trip at the time it occurred. If his recollection is uncertain, please so indicate.

Please also interview Miss Gail Eaton, Harrison, Michigan as to any letters or statements from Crafard, both before and after Crafard left Dallas on November 23, 1963, which would indicate why Crafard left Dallas. Also please obtain from Miss Eaton any information she may have secured from Crafard concerning the emotions and activities of himself and Jack Ruby on November 22 and 23, 1963. In particular, Crafard has stated in his deposition that he remained alone at the Carousel Club Friday night November 22, and engaged in a three hour telephone conversation with an unknown person from approximately midnight until 3:00 A.M. Saturday morning. Jack Ruby's sister, Eva Grant, has stated, on the other hand, that Ruby and Larry "bummed around together" all Friday night. If Miss Eaton states that Ruby was allegedly emotionally disturbed, she should be asked to state what evidence of Ruby's emotions Crafard described to her and whether or not Crafard indicated that Ruby was more disturbed than he was.

The interview should also attempt to provide some evidence of the education, command of language, manner of speaking, demeanor, and cooperativeness of Miss Eaton.

Thank you for your assistance.

Sincerely,

J. Lee Rankin

Washington, D.C. 20535

Dear Mr. Hoover:

The Commission would appreciate your re-interviewing Mr. Ira Colitz (Clements Report, December 6, 1963, p. 33-34) concerning his knowledge of Jack Ruby during the period 1930 to 1946 so that the Commission can more fully evaluate the associations and activities of Mr. Ruby during this period.

As you know, Mr. Colitz not only was purportedly a close personal friend of Ruby but also owned the Clover Bar which was allegedly the primary gathering spot for Ruby and his friends from about 1940 to approximately 1947. Mr. Colitz should be able to provide specific information concerning Ruby's ties to particular people so that the Commission may more adequately evaluate the statements already given by those persons. We suggest any interview of Mr. Colitz be along these lines:

1. Background information on Mr. Colitz as to his age, family, education, occupations since 1930, and arrest record.

2. Detailed inquiry as to who first introduced Colitz to Ruby, when, where, the frequency and nature of contacts with Ruby from 1930 to 1946. If there were periods when he saw Ruby more often than others, when did those occur? What specific social and business activities did he participate in with Ruby and what were the details?

3. Examination into the period when Ruby, his friends, and presumably Colitz made the Lawndale Pool Room in Chicago

Rec. Ltr to CG + DL

ORIGINAL FILED IN

their principal meeting place. It should be noted that Ruby was absent from Chicago from 1933 to 1937. Did Colitz frequent the Lawndale with Ruby? When? How often did he see Ruby? Who were Ruby's principal friends at that time? Could Ruby fairly be described as a "loner"? What were Ruby's occupations during that period?

4. Amplification of Colitz's previous statement that Ruby and his associates "gained a livelihood from somewhat 'shady'" promotions. Colitz should specify the basis for his knowledge, the various promotions, the manner in which they were shady, and who else participated with Ruby.

5. Does Colitz have any familiarity with Ruby's activities on behalf of the Junk and Waste Material Handlers Union? If so he should provide details including his knowledge of Leon Cook and other friends of Ruby active in the union.

6. Does Colitz have knowledge of a group including Ruby which interferred with meetings of the German-American Bund in the late 1930's? Did Colitz participate in it? How often did these anti-bund attacks occur and over what period of time? How many people participated and who were they? What other activities did the group engage in? Were any Communists involved in the promotion of the anti-bundist activities? What was Ruby's connection with the anti-bundist group? Describe specifically any anti-German activities including fights which Ruby engaged in independently of the group? Describe the extent to which the group was in fact organized. Was this anti-bundist group known as the Dave Miller gang or was the Dave Miller gang separate? Who was Dave Miller and where is he now? If the Dave Miller gang was separate from the anti-bundist group, what was the Miller gang and what was Ruby's connection with it?

7. Description of Colitz's acquaintance with Ruby while Colitz operated the Clover Bar. How often did he see Ruby? Who were Ruby's friends during that period?

8. What was nature of Ruby's friendship with each of the following persons, if he knows: Joe Kellman, Morrie Kellman, John McDonald, Sally Schulman, Frenchie Medlevine, Don Medlevine, Art Wayne, Buzzie Rifkin, Frank Howard, Jack Howard, Irwin Berke,

Mr. Tolson

They will then introduce the Director's letters of 2/6, 10 and 12/64, and affidavit, refuting the allegation that Oswald was an informant. They will then introduce the Director's letter of 3/31/64, dealing with our liaison with Secret Service and criteria for dissemination to Secret Service, prior to and subsequent to the assassination, and the fact that we have provided agents to assist Secret Service in protecting the President.

At this point I will, as I have previously done with Messrs. Rankin and Stern, discuss the continuing need to balance security measures against the rights of the individual; that the increase in security controls inevitably diminishes the area of individual liberty, and the FBI handles its responsibilities in the field of security as a trust--to effect and preserve the internal security of our country and its people to the maximum degree possible, but within the law and in such a manner as to strengthen, not weaken, our free society. It is noted that both Rankin and Stern have advised me that a discussion along these lines, of the FBI's approach to security work, will be a most telling point with the Commission.

For information.

V.

This is a very strong point

Dear Mr. Rankin:

Reference is made to your letter dated April 23, 1964, in which you requested additional investigation to resolve certain information previously furnished by Mr. Dial D. Ryder, employee Irving Sport Shop, concerning the repair tag bearing the name "Oswald."

Enclosed are two copies of a memorandum dated May 18, 1964, Dallas, Texas, which contains this information.

For your additional information relating to this matter, your attention is directed to the report of Special Agent Robert P. Gemberling dated December 23, 1963, Dallas, Texas. Page 743 reveals an interview with Marina Oswald in which she stated she had never visited a furniture store with Lee Harvey Oswald at Irving, Texas.

Additional investigation is being conducted relating to this matter and upon receipt, the results will be promptly furnished to you.

Ryder became aware of the tags existence. The Commission desired to know how, when and where the story concerning the repair tag first came to the attention of the press as the Commission is attempting to make a determination concerning the veracity of Mr. Dial D. Ryder, employee, and Mr. Charles Woodrow Greener, owner of the Irving Sport Shop. Inquiry was also to include whether all individuals with a surname of Oswald have been contacted to determine if any of these persons had repair work done at the Irving Sport Shop. One individual has yet to be interviewed and Little Rock has been requested to expedite this investigation.

Mrs. Edith Whitworth claimed Oswald and his wife had visited her store allegedly looking for a gun part, subsequently she directed Oswald to the gun shop located east of her store. However, Marina Oswald does not recall ever visiting this store in early November.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated March 24, 1964, and my letters dated April 8, 1964, and April 29, 1964, concerning the laundry mark "30 030" which appears in the gray jacket identified by certain witnesses as the jacket of Lee Harvey Oswald.

Enclosed are two copies of a memorandum dated May 22, 1964, New Orleans, Louisiana. This memorandum reveals the laundry and/or dry cleaning tag was not identified as originating from the Greater New Orleans area. The identities of specific individuals associated with laundries and cleaners who were contacted will be included in a subsequent report.

For your information over seven hundred cleaning and laundry establishments were contacted in the combined Dallas, Texas, and New Orleans, Louisiana, areas without identifying the mark "30 030." Unless specifically requested by you, no further investigation will be conducted endeavoring to identify this mark.

Sincerely yours,

105-82555

NOTE:

Letter from the Commission 3-24-64, requested investigation in Dallas to identify laundry mark "30 030" which appeared in the jacket identified by certain witnesses as that being owned by Lee Harvey Oswald. Investigation was extended into the New Orleans area. Dallas completed their investigation and results furnished to the Commission by letter April 29, 1964. New Orleans has now completed their phase and the identification was not established. Commission being advised that no further actions being taken in this matter.

President's Commission

The "Washington Post" on May 7, 1964, reported that the Soviet Union had given the U.S. additional documents concerning Lee Harvey Oswald, the accused assassin of President Kennedy.

Through liaison we determined that CIA has not had an opportunity to see the documents furnished by the Soviet Government. CIA has been advised by Commission representatives that a large quantity of documents have been received, but they are in the Russian language and they are being translated. It was CIA's impression that when the translations have been made both their Agency and the FBI will be given an opportunity to review these documents.

[redacted]

ACTION:

It is therefore recommended, in order to insure an opportunity to review the Soviet Government documents on Oswald, that our interest in this regard be mentioned to Mr. Rankin by Inspector Malley at an opportune time.

U.S. Given More Data On Oswald by Russians

United Press International

The Soviet Union has given the United States additional documents concerning Lee Harvey Oswald, the accused assassin of President Kennedy, officials said yesterday.

The presidential commission headed by Chief Justice Earl Warren, which has been investigating the assassination, recently requested additional information from the Russians on Oswald's stay in the Soviet Union from 1959 to 1962. Shortly after Mr. Kennedy was killed, the Russians turned over their official file on Oswald to the United States.

The additional information was delivered to Secretary of State Dean Rusk Tuesday by Soviet Ambassador Anatoly F. Dobrynin.

The nature of the new information was not disclosed. It will be turned over to the Warren commission.

MAY 7

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20535

President's Commission

Dear Mr. Hoover:

This Commission has been making a careful study of the various motion picture films taken at the scene of the assassination. In this project we have had the valuable assistance of members of your Bureau, particularly Inspector James R. Malley, Inspector Leo Gauthier and Special Agent Lyndal A. Shaneyfelt. As a result of the information obtained from these films the Commission would like the cooperation of your Bureau in the performance of certain additional investigation at the scene of the assassination.

I will personally be available to supervise this work and will have such other staff members present as may be deemed necessary. We would hope to be able to perform this work in Dallas on May 18 and May 19. The purpose of this letter is to set forth the steps which we feel are necessary to properly complete this project.

62-109090-

I. PROBABLE RANGE WITHIN WHICH THE FIRST TWO SHOTS OCCURRED

NOT RECORDED
199 MAY 25 1964

Our examination of the Zapruder films indicates that Governor Connally was hit at some point prior to frame 240. (All references to frames in the Zapruder films are on the basis of a numbering system worked out with FBI personnel who have been working on this project.) Doctors familiar with the Governor's wounds concluded that after frame 236 his body was not in a position to have received the wound from a projectile fired from the sixth floor southeast corner window of the Texas School Book Depository Building. The Governor feels he was hit at approximately frame 230; some members of our staff feel that it could have been as late as 240. There is general consensus, however, that it could not have been later than 240. Governor and Mrs. Connally also testified that the Governor was hit by the second shot.

MAY 27 1964

MAY 22 1964

ORIGINAL FILED IN 62-109090-

The FBI laboratory examination of the Zapruder camera establishes that it operates at a speed of 18-1/3 frames per second. Weapons experts have testified that the minimum time required to operate the assassination weapon is 2-1/4 seconds. It would appear, therefore, that a minimum of 41 frames would have to elapse between the first and second shots (18-1/3 X 2-1/4).

The Commission is aware that it is impossible to determine the exact point at which the first two shots were fired. We request the following on-site investigatory steps, however, in order to determine whether it was possible for a person located in the sixth floor southeast corner window of the TSBD building to fire two shots at the Presidential car, the second of which occurred no later than frame 240:

(1) A point should be marked on the road corresponding to frame 199 on the Zapruder film, which is the last point at which the assassin could have fired from the window and still have been able to fire again by frame 240. A car should be photographed on this spot from the point where Zapruder was standing so that this photograph can be compared with frame 199 to make certain that the location is accurate. This should be done with the Zapruder camera, which has been retained for this purpose. A Polaroid should also be used for immediate comparison.

(2) After a car has been placed at this point on the road it should be photographed from the assassination window to determine whether the assassin had a clear shot at the occupants of the rear seat, with particular reference to the tree which at some point blocks the view from this window.

(3) If the car had not passed the tree at frame 199, when viewed from the window, the car should be moved forward to the point at which there is a first clear view from the window and photographed at this point from both the window and from the place where Zapruder was standing so that we may determine what frame in the Zapruder film corresponds with this location.

(4) If the car has in fact passed beyond the tree at frame 199, it should be moved back to the point where it first cleared the tree and photographed from the window and the Zapruder location to establish the corresponding frame reference.

(5) The car should also be placed at the point where there is the last clear shot before it goes behind the tree and photographed from the window and the Zapruder location to determine the frame reference at this point.

(6) All the above points should be mapped on a survey. Lineal distances should be measured on the ground between these various points. Trigonometric readings should be taken to determine the distances from these various points to the assassination window and the surveyor should also determine the angle with the horizonal which is made when a line is plotted from each of these points to the assassination window.

II. PROBABLE LOCATION OF THE THIRD SHOT

Unlike shots one and two, the third shot has been fixed at a particular frame in the Zapruder films (frame 313), as well as a particular frame in two other films (frame 24 of the Nix film and frame 42 of the Muchmore film). A car should be placed at the point which we believe to be the approximate location corresponding to these frames and then photographed from the point where the three cameramen were standing to establish the accuracy of this location. Distances should be measured from this point to the various points described in part I and angles and distances established between this point and the assassination window. The car should also be photographed at this point from the assassination window to establish the view which the assassin had when he fired the third shot.

III. PLOTTING TRAJECTORIES FROM THE RAILROAD OVERPASS

From each of the ground points established in parts I and II trigonometric readings should be taken from a point on either end of the overpass to chart the path which a bullet would travel if fired from those points on the overpass to the rear seat of the car. It should be determined whether a bullet could reach the rear seat without hitting the windshield, and the angle with the horizontal which would be made by a bullet fired from these points to a car located at each of the points on the ground as determined in parts I and II.

A copy of this letter has been sent to Chief Rowley of the Secret Service with a request that the Secret Service provide such assistance in this work as the Commission and your Bureau may require. The Secret Service has furnished the Commission with photographs, surveys and measurements which we have used in our examination of the films and which will no doubt be useful to your Bureau in completing this project.

We would like your Bureau to make all necessary arrangements for this project. Members of the Bureau assigned to this project should contact either Mr. Norman Redlich or Mr. Melvin Eisenberg of the Commission staff if additional information is required.

Sincerely,

J. Lee Rankin

Mr. Sullivan

FROM : A. H. Belmont

SUBJECT: THE PRESIDENT'S COMMISSION

This morning, the staff members of the President's Commission raised a question as to what information was contained in the Bureau's headquarters file on Oswald prior to the assassination, the purpose being to establish the extent of the Bureau's knowledge of Oswald prior to 11/22/63.

I checked the Bureau file over the weekend and it contains the investigative reports, together with newspaper clippings, communications to and from the field, et cetera, all of which pertinent information has already been furnished to the Commission. However, the file does reflect the identity of some of our confidential informants and makes mention of the Security Index program and the communist index and such matters that should not go on record outside of the Bureau.

In the discussion of this matter with Mr. Willens and Mr. Stern of the Commission staff, I pointed out that we, of course, have no reservations concerning furnishing the contents of the file to the Commission for the purpose stated, but I doubted that the Commission would want on record items of the confidential nature mentioned above. They stated that this same problem had been encountered with CIA and had been overcome by having the information paraphrased in such a form that it would not reveal these confidential items. It was suggested that we prepare a letter to the Commission, setting forth the individual items in the file up to the assassination, with a brief description as to each, and thereafter, in my presence, Mr. Stern and I go through the file, checking the items against the list, so that the Commission will be assured that the list we prepare will represent the contents of the file.

I have instructed that such a list be prepared, in the form of a letter to the Commission, and if the Director agrees we will go ahead and follow this procedure with the Commission, as it was suggested by them and appears perfectly satisfactory to them.

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

On April 28, 1964, Lieutenant Herbert F. Hopkins, Special Intelligence Section, Fort Worth, Texas, Police Department, volunteered the following information to an Agent of our Dallas, Texas, Office.

Lieutenant Hopkins advised he had just returned from a conference at Sacramento, California, which was also attended by Lieutenant Jack Revill of the Dallas, Texas, Police Department. According to Lieutenant Hopkins he was with Lieutenant Revill at the time the news was released concerning a story in the "Dallas Morning News" attributing certain statements to Special Agent James Hosty of our Dallas Office to the effect that this Bureau had knowledge Lee Harvey Oswald was a potential assassin, however, we did not feel he would shoot the President.

According to Lieutenant Hopkins, Lieutenant Revill stated he did not release any of this information and the story as released was not correct and was not the same information he had written in his memorandum to Chief of Police Jesse Curry of the Dallas, Texas, Police Department, and part was completely false.

Lieutenant Hopkins continued that Lieutenant Revill was of the opinion Chief of Police Curry had released this information and he was very upset. Lieutenant Revill reportedly told Lieutenant Hopkins he had heard this information had first been "leaked" about one week before it appeared in the "Dallas Morning News."

SEE NOTE PAGE TWO.

Honorable J. Lee Rankin

Lieutenant Revill is reported to have been very upset over this incident because of his good relations with Special Agent Hosty and other Agents of the Federal Bureau of Investigation.

You were previously advised by Mr. J. R. Malley of this Bureau on April 24, 1964, that the story appearing in the "Dallas Morning News" relating to Special Agent Hosty was false. The above is being furnished for your information.

Sincerely yours,

NOTE: See memorandum A. Rosen to Mr. Belmont captioned, "Lee Harvey Oswald, aka., Internal Security - R - Cuba," dated 5/4/64, RDR:vhm. Also see memorandum A. Rosen to Mr. Belmont dated 4/24/64 captioned, "Lee Harvey Oswald, aka., IS - R -Cuba," concerning J. R. Malley advising Rankin above story in "Dallas Morning News" false.

FROM DALLAS 042315

ATTENTION: INSPECTOR MALLEY.

LEE HARVEY OSWALD, AKA, IS - R - CUBA.

ON MAY 4, 1964, FORMER SAC WILLIAM A. MURPHY ADVISED ME THAT HE HAD LUNCH WITH CHIEF OF POLICE JESSE CURRY THIS DATE AND THAT HE BROACHED THE SUBJECT OF THE PUBLICITY THAT APPEARED IN THE DALLAS MORNING NEWS CONCERNING THE FACT THAT AGENT HOSTY OF THE FBI HAD SUPPOSEDLY TOLD DALLAS POLICE OFFICER JACK REVILL ON NOVEMBER 22 THAT "WE KNEW HE WAS CAPABLE OF ASSASSINATING THE PRESIDENT BUT WE DIDN'T DREAM HE WOULD DO IT."

CURRY TOLD MURPHY THAT HE DID NOT TESTIFY REGARDING THIS BEFORE THE COMMISSION. IN FACT THAT HE WAS GOING OVER TODAY TO SIGN HIS TESTIMONY HERE IN DALLAS AND THAT THERE WAS ABSOLUTELY NOTHING ABOUT THIS IN HIS TESTIMONY. CURRY WAS NOT DEFINITE AT ALL, BUT INDICATED THAT POSSIBLY JACK REVILL WAS TESTIFYING HERE IN DALLAS SOME WEEKS PRIOR TO CURRY GOING TO WASHINGTON, THAT SOMEONE LEAKED TO A REPRESENTATIVE OF THE COMMISSION INFO RE THIS PROPOSED MEMORANDUM. MURPHY ASKED CURRY IF HE THOUGHT MAYBE ASSISTANT DISTRICT ATTORNEY WILLIAM ALEXANDER MAY HAVE BEEN THE SOURCE, AND CURRY STATED HE DID NOT KNOW WHO WAS THE SOURCE. CURRY ALSO STATED THAT APPARENTLY THE DALLAS MORNING NEWS HAD A PIPELINE INTO THE COMMISSION IN WASHINGTON. CURRY WAS VERY NERVOUS AND EVASIVE AND DID NOT APPEAR TO WANT TO DISCUSS THE MATTER ANY FURTHER.

ORIGINAL FILED IN

MURPHY THEN POINTED OUT TO HIM THAT THE MEMO WHICH CURRY HAD EXHIBITED TO HIM IN JANUARY FROM LT. REVILL WAS A FACTUAL TYPE OF MEMO AND CERTAINLY HAD NO OBSERVATIONS CONCERNING THE FBI STATING THAT THEY KNEW THAT OSWALD WAS CAPABLE OF ASSASSINATING THE PRESIDENT. CURRY STATED THAT THAT WAS TRUE, THAT IT WAS NOT IN THIS MEMORANDUM. HE DID NOT STATE, HOWEVER, THAT THIS WAS ANOTHER MEMO OR WHETHER ADDITIONAL INFORMATION HAD BEEN ADDED TO THE ORIGINAL MEMO.

MURPHY SAID THAT CURRY WAS EXTREMELY NERVOUS, JUMPY, AND HE DID NOT FEEL THAT HE COULD PURSUE THE MATTER ANY FURTHER. MURPHY AGAIN STATED THAT HE WOULD BE WILLING TO TESTIFY TO THE FACT THAT THERE WAS NOTHING IN THE ORIGINAL MEMO WHICH CURRY SHOWED HIM INDICATING THAT THE FBI KNEW THAT OSWALD WAS CAPABLE OF ASSASSINATING THE PRESIDENT, BUT SINCE CURRY HAS ADMITTED THIS, HE DOES NOT SEE WHERE HIS TESTIMONY WOULD BE OF ANY PARTICULAR VALUE. HE PREFERS NOT TO GET ANY FURTHER INVOLVED IN IT IF HE CAN AVOID IT, SINCE HE HAS TO CONTACT THE POLICE REGULARLY IN CONNECTION WITH HIS WORK.

RECEIVED: 4:18 AM ML

Jevons Sullivan, Mr. Rosen & Mr. Mohr

If the intelligence contained in the above message is to be disseminated outside the Bureau, it is suggested that it be suitably paraphrased in order to protect the Bureau's cryptographic systems.

UNITED STATES GOVERNMENT

Memorandum

TO : MR. I. W. CONRAD

DATE: 5/5/64

FROM : MR. R. H. JEVONS

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
11/22/64; DALLAS, TEXAS

In accordance with the telephonic request of Mr. Richard Mosk, Commission Staff Attorney, evidence items numbered 201, 202, 303, 305 and 324 were delivered to the Commission on 5/4/64. These items consist of pamphlets entitled "The Crime Against Cuba," a booklet entitled "The Socialist Worker's Party," a Russian book and several pages from another foreign language book.

It is understood that these items were to be made available to the National Security Agency by the Commission for examination as to whether they contain any codes or ciphers for use by Oswald. These items have previously been examined in the Laboratory and no code of cipher material was found. As previously reported, certain pages do have small "cut-out" portions, and while it is theoretically possible for such pages to serve as the basis for a type of cipher, nothing was found to indicate that such was the intended purpose of the cut-out pages. On the contrary, it is considered more likely that the cut-out portions were merely for the purpose of securing printed letters or words.

The delivery of these items to the Commission has been confirmed by letter 5/5/64.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - CUBA - R

John Wythe Fain (retired Special Agent of the FBI) appeared today before the President's Commission on the Assassination of President Kennedy for the purpose of furnishing testimony relative to Fain's investigation while a Special Agent of the FBI concerning Lee Harvey Oswald.

Present were Earl Warren, Chairman, and members of the Commission Senator John Sherman Cooper, Congressman Gerald R. Ford, John J. McCloy, and Allen W. Dulles. Present also was J. Lee Rankin, General Counsel. Mr. Samuel Stern, staff member, led in the questions directed to Fain. Also present were two or three other unidentified individuals who were presumably staff members of the Commission.

It is noted that Chairman Warren excused himself after about one hour of the testimony for the purpose of keeping an appointment. He returned during the latter part of the testimony. It is also noted that Mr. Dulles was present only during about the last 45 minutes of the testimony.

The Commission reviewed with Mr. Fain the following reports:

Report of SA John W. Fain, dated May 12, 1960, at Dallas, Texas, captioned Funds Transmitted to Residents of Russia, Internal Security - R.

Report of SA John W. Fain, dated July 3, 1961, at Dallas, Texas, captioned Lee Harvey Oswald, Internal Security - R.

Questions were directed both by Mr. Stern and members of the Commission in detail concerning the interviews of Lee Harvey Oswald on June 26, 1962, and August 16, 1962.

The Commission was particularly interested in whether or not Fain could recall anything in addition to what was contained in the above-described reports concerning Lee Harvey Oswald. Fain was unable to give any additional information other than was contained in the above-described reports.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: May 5, 1964

FROM : A. Rosen

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - CUBA - RUSSIA

On May 5, 1964, SA John L. Quigley, New Orleans Office, appeared before the President's Commission to give testimony concerning Agent Quigley's interview of Oswald at New Orleans, Louisiana, on 8-10-63.

Present were the following Commission members: Chief Justice Earl Warren, Senator John Sherman Cooper, Congressman Gerald R. Ford, Mr. John J. McCloy, and Mr. Allen Dulles. Also present were Mr. J. Lee Rankin, General Counsel, together with his staff members: Mr. Samuel Stern, Mr. Norman Redlich and Howard P. Willens. In addition to these, there was present a Mr. Leon Jaworski, representative of the Attorney General's Office of the State of Texas.

The questioning of Agent Quigley was directed primarily by Mr. Stern, however, the various members of the Commission, from time to time, interjected questions of Agent Quigley to clarify various phases of the interrogation. Mr. Stern during the questioning specifically queried Agent Quigley as to whether or not consideration was ever given by Agent Quigley's securing the services of Oswald as an informant or whether it was suggested to Oswald that he subsequently contact the FBI. Agent Quigley testified unequivocally that no attempt or consideration had been given to securing the services of Oswald as an informant nor had Oswald been told to contact the FBI for any reason.

Mr. Stern during questioning inquired if during interview of Oswald, Agent Quigley noted anything which would indicate that Oswald was dangerous or could be considered as potentially dangerous. Agent Quigley made it completely clear that nothing along this line was noted.

No problems or unusual questions arose during the testimony and it appeared apparent to Agent Quigley that all members of the Commission were completely satisfied with the presentation.

UNITED STATES GOVERNMENT

Memorandum

TO : MR. CALLAHAN DATE: 5-1-64

FROM : L. J. GAUTHIER

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
REQUEST OF THE PRESIDENT'S COMMISSION

Mr. Howard Willens of the President's Commission requested that arrangements be made to have the three-dimensional scale model of the Dallas Police Department garage, which was shipped to the United States Attorney's office in Dallas on 3-20-64, returned to Washington. Mr. Willens stated that the scale model and copies of plan drawings were used to considerable advantage in taking depositions from many eyewitnesses concerning the events which transpired at the time Oswald was shot in the Dallas Police Department garage. The Bureau handled the shipment to Dallas where our personnel removed the scale model from the crate. Willens asked that we get in touch with him when this scale model has been returned to Washington, at which time a decision will be made as to whether the model should again be set up in the Commission building or whether it should be kept in its shipping crate.

We have space in our supply room at the GAO Building where this crate can be stored in the event the Commission desires this to be done. Mr. Willens understands that all visual aids are the property of the President's Commission.

ACTION:

SAC Gordon Shanklin, Dallas Division, was instructed to ship the above-mentioned exhibit to the Bureau. The Bureau will be advised concerning the Commission's disposition of the exhibit.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Belmont

DATE: MAY 1, 1964

FROM : A. Rosen

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11/22/63
DALLAS, TEXAS
MISCELLANEOUS - INFORMATION CONCERNING

PURPOSE:

To recommend the attached letter be sent to the President's Commission confirming a telephonic conversation between Malley and Rankin on 4-29-64 and to expedite field investigation in accordance with the Director's instructions.

BACKGROUND:

In my memorandum dated 4-30-64, I advised you Rankin called Malley on the evening of 4-29-64 from New York and stated Attorney General Waggoner Carr of Texas had called him from Baltimore, Maryland. Carr reportedly stated one Paul V. Carroll of El Paso, Texas, allegedly had a tape recording telling of a conspiracy of the John Birch Society to assassinate President Kennedy. According to Rankin, Carr learned a justice of the peace in Austin, Texas, was to hold a hearing on 4-30-64 at which Carroll had been subpoenaed to testify.

This matter was immediately brought to the attention of the field, and we learned Carroll, an apparent "mental case," had already contacted our El Paso Office. Carroll in a very incoherent and rambling manner sought FBI advice on the hearing at Austin, Texas. Carroll recontacted our El Paso Office in a highly nervous state, rambled incoherently requesting a statement from FBI to the effect he, Carroll, knew nothing about the assassination. This of course was refused.

Memorandum to Mr. Belmont
RE: ASSASSINATION OF PRESIDENT KENNEDY

ACTION:

Malley advised Rankin that full details concerning our contacts with Carroll were being obtained as well as the results of interviews with doctors who Carroll admittedly had received psychiatric treatment from. Rankin was advised the results of our investigation would be made available as soon as possible. The Director instructed "expedite and confirm by letter to Rankin.H"

RECOMMENDATION:

1. That the attached letter to Rankin be sent confirming his conversation with Malley on 4-29-64. Copies are being sent to interested field offices reiterating prior Bureau instructions to expedite this matter and furnish the results for dissemination to Rankin.

2. That this matter continue to receive close attention at theBureau so that the President's Commission can be promptly furnished results of our investigation.

CONFIDENTIAL

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

all unclassified report to date

The President's Commission has indicated the necessity for making public the FBI investigative reports which have been furnished to the Commission and which detailed our investigation of Oswald prior to the assassination. The Commission pointed out that these reports made a powerful case for the FBI in that they reveal nothing was uncovered during that investigation to indicate the capability of Oswald to assassinate the President.

These reports and letters are as follows:

(1) Report of Special Agent John W. Fain dated 5-12-60 at Dallas captioned "Funds Transmitted to Residents of Russia, IS - R." This report was classified "Confidential" as it disclosed the FBI's investigative interest in persons in the U. S. who transmitted funds to residents of Russia. Declassification of this report at this time would not seriously jeopardize the Bureau's interest and this report contains no information which would result in embarrassment to the Bureau if it is made public.

(2) Bureau letter to Office of Security, State Department, dated 6-3-60. This letter referred to a State Department Foreign Service Dispatch concerning Oswald's renunciation of his American citizenship at the U. S. Embassy, Moscow, and requested the State Department to furnish any current information State possessed concerning Oswald. There are no objections to publicizing information contained in this letter.

(3) Bureau letter to Office of Security, State Department, dated 8-27-62, captioned "Lee Harvey Oswald, IS - R." This letter advised State that information had been received from the Office of Naval Intelligence that Oswald had been given an undesirable discharge from the U. S. Marine Corps Reserve and requested any additional information contained in the files of State Department be furnished to the Bureau. There are no objections to publicizing information contained in this letter.

ORIGINAL FILED IN

(4) Report of Special Agent John W. Fain dated 7-3-61 at Dallas captioned "Lee Harvey Oswald, IS - R." This report was classified "Confidential" in order to protect our Legat operations as it contains information obtained from the Swiss Federal Police (concealed by T symbol) by Legat, Paris, and because it referred to information obtained from two Dallas confidential informants. This report was declassified at the time it was previously furnished to the Commission as disclosure of information in this report would not jeopardize Bureau operations or adversely affect Bureau's informant coverage. Page nine of this report contains information from Mrs. James E. Taylor, 4936 Collingwood Street, Fort Worth, Texas, a former neighbor of subject, to the effect that Mrs. Marguerite Oswald, subject's mother, was in poor health and extremely nervous and that she often quarreled very loudly with both subject and his brother, Robert. Although Mrs. Taylor at the time she furnished this information on 6-28-61 did not request her identity be concealed, she might object to this information being made public. This report contains no other information to prevent its being made public.

(5) Report of Special Agent John W. Fain dated 7-10-62 at Dallas captioned "Lee Harvey Oswald, IS - R." This report was classified "Confidential" as it contains information from Navy which is so classified. That information concerned Oswald's having been given an undesirable discharge. Since this information is now public knowledge, this report was declassified at the time it was previously made available to the Commission. This report contains results of our several reviews of State Department records as well as information obtained from other U. S. Government agencies' records and results of our first interview with Oswald. There would not appear to be any objections to this report being made public.

(6) Report of Special Agent John W. Fain dated 8-30-62 at Dallas captioned "Lee Harvey Oswald, IS - R." This report was classified "Confidential" as it contained results of our contact with two confidential informants familiar with Communist Party activities at Fort Worth concerning subject. This report was declassified at the time it was previously furnished to the Commission as disclosure of its contents would not adversely affect Bureau's informant coverage. This report contains results of our reinterview with subject and background data concerning Marina Oswald as obtained from Immigration and Naturalization Service records. There would be no objections to this report being made public.

(7) Report of Special Agent James P. Hosty, Jr., dated 9-10-63 at Dallas captioned "Lee Harvey Oswald, IS - R." This report revealed information that subject was a subscriber to "The Worker," an East Coast communist newspaper, and that on 4-21-63 subject was in contact with the Fair Play for Cuba Committee (FPCC) in New York.

Although this latter information was obtained from an anonymous source, the information is paraphrased in such a manner that this source is protected. Attached to this report is a current Bureau approved documentation of the FPCC, the accuracy of which has been verified by the New York Office. There would be no objections to this report being made public.

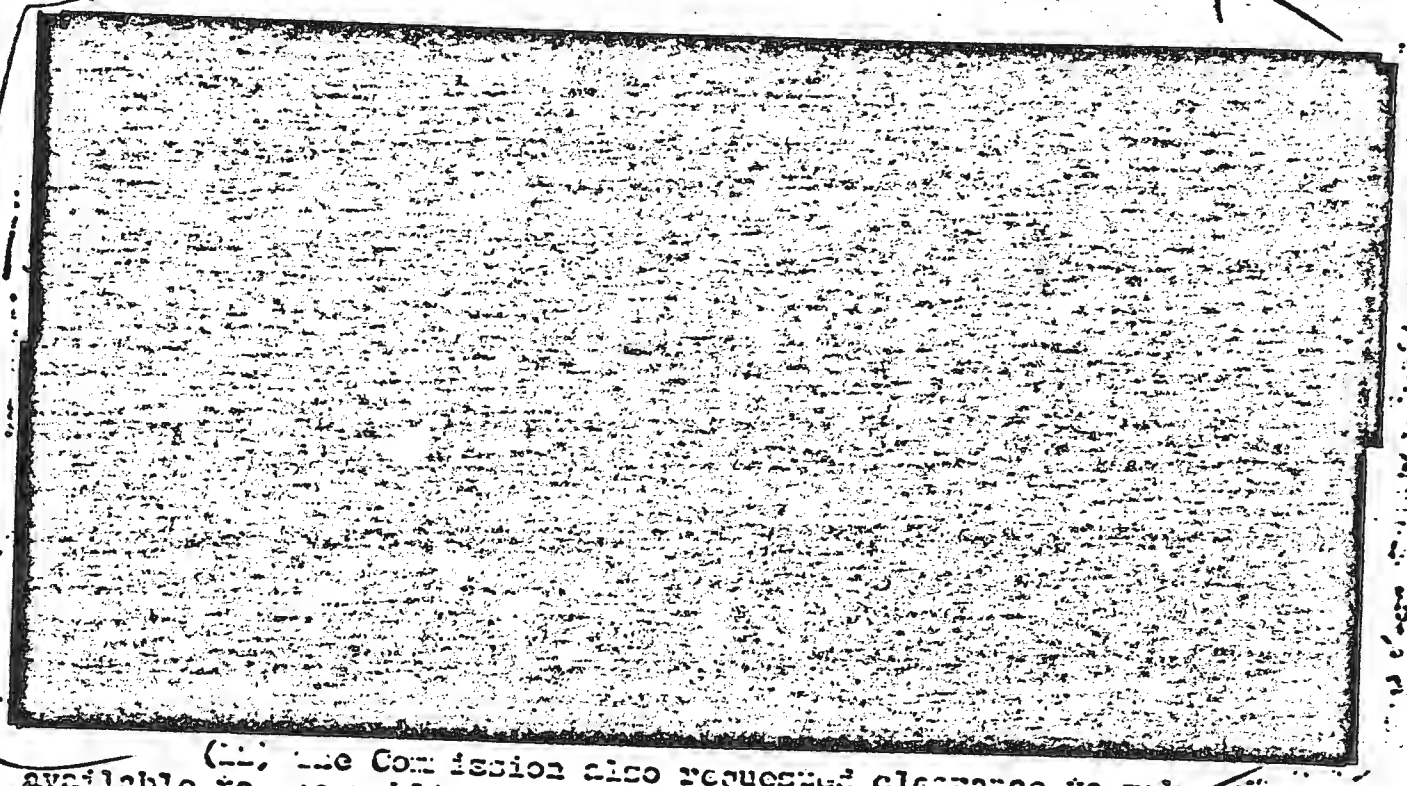
(8) Report of SA Warren C. De Brueys dated 10-25-63 at New Orleans captioned "Fair Play for Cuba Committee - New Orleans Division, IS - Cuba; RA - Cuba." This report contains a current documentation for the FPCC, Emergency Civil Liberties Committee, and for Corliss Lamont. New York has verified the accuracy of these documentations. No objections to making public.

(9) Report of SA Milton R. Wacks dated 10-31-63 at New Orleans captioned "Lee Harvey Oswald, IS - R." This report was classified "Confidential" as it contained security information from current informants. This report was declassified at the time it was previously furnished to the Commission, as disclosure of its contents would not adversely affect the Bureau's informant coverage. Page three of this report contained information from an anonymous source, however, public disclosure of this information would not jeopardize that source since this information could have come from a live informant. This report also contained current documentations for the FPCC, the Emergency Civil Liberties Committee, and for Corliss Lamont, all three of which New York has verified as to their accuracy.

(10) The Commission referred to the report of SA James P. Hosty, Jr., dated 12-11-63 at Dallas captioned "Ruth Hyde Paine" as containing additional investigation conducted by the Bureau concerning Oswald immediately prior to the assassination, consisting of interviews with Mrs. Paine. The Commission noted that this information is duplicated in the report of SA Warren C. De Brueys dated 12-2-63, Dallas. The Commission expressed the desire to make public Hosty's report of 12-11-63 rather than De Brueys' report of 12-2-63, in view of the tremendous volume of the latter report (737 pages) most of which consists of information developed subsequent to the assassination. Public disclosure of Hosty's report dated 12-11-63 could create some real problems for the Bureau. For example, page three contains information from Mrs. Paine's brother, Dr. Carl D. Hyde, to the effect that Ruth Paine was experiencing [illegible] difficulties. Page four contains information from Dr. Hyde that all members of his family, including himself, were "tolerant of others' point of view" and explained by this he meant that, should a person make it known

that he is a communist and not engaged in subversion, they would not feel duty-bound to advise authorities of this person's views. Included in this report and covered by a T symbol was information furnished by the Columbus Regional Office, 109th Counterintelligence Corps, in December, 1952, that Mrs. Carol Hyde, Mrs. Paine's mother, had admitted to neighbors that she was a communist. No further clarification of that statement is contained in this report, however, during an SGE investigation of Sylvia Hoke, sister of Ruth Paine, in 1956 - 1957, no information was developed to verify that Mrs. Carol Hyde was a communist. Some persons interviewed reported that Mrs. Carol Hyde was suffering from a mental ailment. Reports concerning Sylvia Hoke have been furnished to the Commission. SA Hosty's report of 12-11-63 also includes a statement from a Mrs. Joan Barker, a neighbor of Mrs. Carol Hyde, that in 1960 Carol Hyde had been committed to a sanitarium as a mental patient by her ex-husband. We have not verified that Mrs. Hyde was, in fact, committed. Page nine of this report reveals that in 1953 we conducted a Conscientious Objector investigation concerning Carl D. Hyde. This report shows that he based his objections to military service on religious convictions and beliefs. Although this report does not reveal results of that Conscientious Objector investigation, the Bureau's file in that matter disclosed that persons interviewed expressed the belief that Carl D. Hyde's objections to military service were legitimate. The reports prepared during that investigation have been furnished to the Commission. This report also contains a documentation of the Women's International League for Peace and Freedom. That documentation disclosed that on 3-3-40 information was received that this organization was suspected of being a communist front organization. The most recent information contained in that documentation is dated 5-16-57 from another informant to the effect that, while the Communist Party in Cincinnati had expressed an interest in this organization, that interest did not exist at that time and that the Communist Party was making no attempts to infiltrate or control that organization.

[redacted]



(2) The Commission also requested clearance to make available to the public the following reports and Bureau communications:

(a) Reports of SA John R. Wineberg dated 12-10-63 and 1-13-64 at Philadelphia, Pennsylvania. These reports set forth results of our interviews with Joseph Goulden, reporter "Philadelphia Inquirer" newspaper concerning a story Goulden reported in his newspaper inferring that FBI had approached Oswald to be informant. Goulden refused to disclose his source for such scurrilous allegation and denied that he had furnished any information along such line to Lonnie Hudkins, reporter for the Houston "Post" who also reported in his newspaper a story indicating FBI had contacted Oswald to become informant. There is no objection making either of these reports public.

(b) This is a letter to the Commission from the Bureau dated 2-11-64 setting forth results of interview with Lonnie Hudkins concerning an article Hudkins reported in the Houston "Post" 1-1-64 entitled "Oswald Rumored as Informant for U. S." Hudkins indicated his story was based on information he received from Assistant District Attorney,

William Alexander in Dallas. He refused to name another source who allegedly indicated Oswald was on payroll of either FBI or Central Intelligence Agency. Hudkins stated that even if he were called to appear before the President's Commission, he would decline to furnish source of his information. Hudkins also claimed to have received information from Joe Golden, a reporter for the "Philadelphia Inquirer," to the effect that Golden indicated Oswald was a symbol number informant. There is no objection to having results of our interview with Hudkins put in the public record.

(c) This is a letter to the Commission from the Bureau dated 2-13-64 reporting that we had interviewed Joseph Goulden of the "Philadelphia Inquirer" and that Goulden denied furnishing any information to Hudkins to the effect that Oswald was an FBI informant. There is no objection to making this letter public.

RECOMMENDATIONS:

We are now approaching the very delicate and crucial stage in the Commission's analysis of the Oswald case. It goes without saying that we must weigh with extreme care every request now made of us by this Commission. This memorandum has been prepared because the Commission has indicated the necessity of making public the FBI investigative reports which have been furnished the Commission and which detailed our investigation of Oswald prior to the assassination.

It is definitely not in the Bureau's interest to have these investigative reports made public as they are raw material and not prepared for public examination. We will remember the flood of comment, speculation, etc., following the publication in the court records of some of our reports in the Judith Coplon case which likewise were not prepared for public consumption. These reports do tend to reveal some of our investigative techniques and will reveal information furnished to our Agents which, although not stated to be furnished in confidence, would probably not have been furnished if the person interviewed thought the information would be made public. Examples of this are statements regarding Mrs. Marguerite Oswald, the marital difficulties of Ruth Paine, Mrs. Paine's mother admitting she was a communist, Mrs. Carol Hyde suffering from a mental ailment, etc. The publication of the WFO airtel of 11-19-63, in light of the current Congressional interest in mail covers, could well result in criticism of the Post Office Department and the loss of Post Office Department cooperation in highly delicate investigative techniques.

CONFIDENTIAL

Despite the above, it is recommended that Mr. Belmont and Mr. Malley advise Mr. Rankin that as previously stated we have no desire to restrict the activities of the Commission in any way and the decision as to whether these documents are introduced in the record is the decision for the Commission to make. At the same time we will point out, as indicated above, the criticism that can arise some of which, of course, will be directed to the Commission and the Commission should be prepared to stand up to this. With reference to the WFO airtel of 11-19-63 we should frankly point out that this will cause real investigative problems and explore whether this cannot be handled in another way such as the introduction of the letter itself as furnished by the Soviet Embassy following the assassination.

LEE HARVEY OSWALD, AKA
INTERNAL SECURITY - R - CUBA

PURPOSE:

To recommend the attached letter be sent to the President's Commission complying with the Director's instructions and furnishing the President's Commission further substantiation that the statement issued by Dallas Police Department (DPD) Chief Curry relating to alleged statements made by SA Hosty of our Dallas Office on 11/22/63 are false.

BACKGROUND:

Chief of Police Curry, DPD, issued a press release allegedly based on a memorandum prepared by Lt. Jack Revill of the DPD. This statement alleges that Dallas Agent James Hosty told Revill on 11/22/63 as Oswald was being led into Dallas Police Headquarters that we knew Oswald was a potential assassin but never felt he would shoot the President.

We have already categorically refuted this allegation inasmuch as we were not in possession of such information at the time and Agent Hosty has submitted an affidavit denying the allegations.

DETAILS:

Dallas by airtel 4/30/64 advised that Resident Agent Earle Haley of the Ft. Worth Resident Agency had been in contact with [redacted] of the Ft. Worth Police Department, at which time Hopkins volunteered the following information.

Memorandum to Mr. Belmont
RE: LEE HARVEY OSWALD, AKA

[redacted] stated he had just returned from Sacramento, California, where he attended a conference at which Lt. Jack Revill was present. Hopkins stated when the "Dallas Morning News" came out with the story attributing certain statements to SA Hosty he was with Revill. Revill told [redacted] he did not release any of this information and thatthe story as printed in the paper was not the same information he had furnished in his memorandum to Chief Curry. Revill informed Hopkins part of the story was completely false.

Revill was of the opinion Chief Curry had released the information and he, Revill, appeared very upset because he could not understand why the information had been released since it certainly could not help Chief Curry or anyone else.

According to [redacted] Revill indicated he had good relations with SA Hosty and other Agents and shortly thereafter disappeared from the conference.

The Director instructed this information be furnished to the President's Commission.

RECOMMENDATION:

That the attached letter be disseminated to the President's Commission complying with the Director's instructions.

SUBJECT: THE PRESIDENT'S COMMISSION

Regarding the letter from the President's Commission, dated 5/1/64, requesting me to testify on 5/6/64, it is noted that Mr. Stern of the Commission staff was to make arrangements to give me further details as to what the Commission would cover.

On 5/4/64 Mr. Stern advised that, after establishing my connection with the Bureau, I would be asked to discuss the organization of the Bureau into divisions, field offices, et cetera; the opening of an investigative case; the supervision of the investigative agent in the field and at the seat of government; an explanation of the office of origin versus auxiliary offices; how information flows between field offices and between the seat of government and the field; a brief discussion of our filing system; and the volume of our work.

Thereafter they will come to the Oswald case and establish my qualifications. I will point out that I am responsible for investigations and, therefore, responsible for this case. They will then introduce the Director's letter of 4/6/64, which sets forth answers to the thirty questions posed by the Commission relative to our investigation of Oswald. Stern said we will discuss particularly questions 1, 2, 3 and 4, dealing with our interest in Oswald prior to his return to this country and our location and interview of Oswald after his return.
